I request the following documents:

2. All documents produced in response to any public records request from USRTK, except for communications with staff or employees of the following entities or organizations:
 - a. Monsanto;

USRTK, I request that those documents that are responsive to this request be provided to me when they are produced to USRTK.

This request includes copies of every document related to the matter, regardless of the format in which the information is stored. This request specifically includes information stored electronically and in hard copy.

If you refuse to provide this information, the California Public Records Act requires you notify me and indicate the reason for withholding the records. If the exemption you are claiming only applies to a portion of the records, please redact that portion and provide the remainder of the records, as required by Government Code § 6253(a).

I request that all documents be produced in electronic format. If necessary, however, I agree to pay 20 cents per page for copying expenses, with the caveat that I request prior notice and an opportunity to object, or to reformulate my request, in the event that the actual cost is anticipated to exceed \$5000.

I request these records be provided as soon as possible. If you have any questions or need more information in order to expedite this request, please call me at 503-295-3085, or email me at shannonarmstrong@mhgm.com

Sincerely,
