Subject: EMBARGOED Study: The Relationship of Sugar to Population-Level Diabetes
Attachments: 022713_Basu-Lustig_PLOSONE.pdf; Lustig sugar appendix revision 010213 PLoS.doc; Stanford News Release.docx

Good afternoon:

We wanted to bring to your attention a paper co-authored by Dr. Robert Lustig. The study, “The Relationship of Sugar to Population-Level Diabetes Prevalence: An Econometric Analysis of Repeated Cross-Sectional Data,” is **embargoed until today, Feb. 27 at 5pm ET**. The study, supplement and news release are attached.

We would be delighted to have the benefit of your analysis and given the likelihood of our receiving media inquiries once the paper is released, knowing your level of willingness to be contacted for expert perspective on this issue.

Please let us know if you have any questions.

Regards,

Kris Sollid, RD
