Hello Sample Custodian and KAN-LAB Supervisors,

We are hand delivering four samples. The samples are to be tested for Glyphosate and Acid herbicides. Samples are:

- 924129 contains 2lbs of whole dried soybeans- split sample (one sample shipped to SRL)
- 924130 contains approximately 1.1lbs of yellow popcorn-split sample (one sample shipped to SRL). Copy of label enclosed in FDA 525.
- 919119 contains 2lbs of Organic White Popcorn – split sample (one sample shipped to SRL).
- 919120 contains approximately 1.1lbs corn- split sample(one sample shipped to SRL). Copy of label enclosed in FDA 525.

**Samples were collected per Domestic and Imported Foods for Herbicides Analysis. Collected per CP7304.004, Pesticides and Industrial Chemicals in Domestic and Imported foods.**

**Analyze for Acid Herbicides per CFSAN/DFPG assignment #16-08. Assignment #11618100.**

**Analysis desired Glyphosate and Acid herbicides.**

If you have any questions let me know.

Thank you,

Rita K. Kabaso, MS
