**Subject:** Re: Meeting on Glyphosate, 05/16/16 at 10am

Natasha,

Thanks for the questions.

Attached is my c.v. for your information. You may share with you colleagues if you wish.

Aaron

Hi Aaron,

Though our conversation will most focus on glyphosate and health, I have attached our OIG team's notification memo that explains a bit more of our overall research objectives.

We are looking forward to learning from you on Monday!

Natasha

**Subject:** Follow-up to today's call.

Dr. Blair,

Please forgive my abrupt ending of our call and us running out of time. Once again, we appreciate your time and were happy to learn from you.

I had two additional questions:

1. As a follow-up to your final thoughts—do you think an interdisciplinary approach is useful for EPA pesticide review process?
2. Based on our conversation, are there any people or organizations that you would recommend we contact?

Thanks so much!  
Natasha
