Donna,

I know you and Elizabeth are working on EDSP for Tox. See Mary's note below. Mary is the person Dan Jenkins recommended looking into for IARC consultation if needed.

Hi Kimberly,

Please let me know if I can help in reviewing the EDSP weight of evidence assessments or help in thinking about some options for responding.

Thanks!

Subject: SOT Meeting

Kimberly,

It was great to meet you at SOT and I really appreciated our discussion with Christian Strupp (ADAMA) on Weds. concerning IARC cancer classifications. As mentioned, I have recently joined Exponent's Center for Chemical Regulation and Food Safety from the USEPA. While in the Office of Pesticide Programs, I have had the opportunity to serve as lead toxicologist on a global pesticide review, co-chair the CARC with Jess Rowland and serve on multiple internal review committees. In addition, I had served as the Director of the EDSP and led the program across four Scientific Advisory Panel reviews in 2012. If I can offer any assistance to support Monsanto product registrations and registration reviews, please do not hesitate in contacting me.

Looking forward to working with you.

Mary
