Thanks Ralph,

Unfortunately there are plenty of articles that use the "V" word and that has EPA very concerned.

Jeff

FYI. At least they didn't use the word "volatile", only "drift".

Regards,

Ralph

Hi Ralph,

Hope You are well!

Please find attached a paper on drift for Dicamba - guess that's not new to you.

Best wishes

Petra

Only drift is mentioned in the article but volatilization is also an issue for dicamba.

In any case, it is drawing attention on the possible dissemination of herbicides via air...

PS: Have a look at the recipients; the article was broadly circulated in AP, up to Markus Heldt.
