Subject: Corrective Actions

Dear Ms. Tingelhoff,

The following photos were taken last Friday at your facility. Section 5.6.2 states that an unauthorized release or discharge (e.g. spill, leak or discharge of non-storm water not authorized by the Industrial Storm Water General Permit (ISW-GP). Please submit separate corrective action reports for these spills. Investigate the cause of these releases and steps you are taking to eliminate these types of releases in the future.

Let me know if you have any questions.

Thank you
