**Attachments:** Paraquat FAO SL specification revision post Hanks commemts.doc; Paraquat FAO SG specification revision post Hanks comments\_.doc; PARAQUAT FAO SPECIFICATIONS AND MINIMUM DATA PACKAGE.doc

Dear All,

Initial comments from Alan Hanks do not appear too demanding, and having spoken to Simon this morning, we agreed that we should be able to agree a response quickly, by e-mail.

I have therefore put together responses on the specifications, and added revised specs. for the SL and SG I leave you to add comments on the data package, and suggest you return to me to send off to Alan, by the end of this week. I am not available, from March 17 till the beginning of April.

I hope this is OK, and look forward to hearing from you.

Regards,

Roger
