Shan-LU

I am still in Spain, going home on Saturday.

Yes please add my name as a co-author. This is important!!

Is the new virus now names SARS-2; maybe not a good name – should be different from SARS

I hope I am not too late

Dear Susan,

Hope your trip back to Philly was safe and pleasant.

Dr. Lishan Su at UNC and I have just wrapped up a commentary, at invitation by the editor in chief of "Emerging Microbes and Infections", Dr. Shan Lu (don't get confused, it's not me). We are wondering if you would be interested in joining us as a coauthor. We feel that this is an important issue, and as scientist, we should clear this thing up if we can.

Please let us know as soon as possible, as we will try to submit it today. If you feel someone else (other coronavirus experts), whom might be interested in becoming a coauthor, kindly let us know as well.

Best wishes.

Shan-Lu
