Dear Sir or Madam,

In the original submission to Genbank, I requested that the sequences with the accession number MN312240-MN312869 be kept confidential until Dec 31 2020, but following the requirement of the journal to which the research article involving these sequences was submitted, I kindly request that they are released on 15th April 2020, as the manuscript can only be accepted after the sequences are available in the public database.

Thank you very much!

Best regards

Ben Hu PhD

Wuhan Institute of Virology, CAS
