Subject: Investment RFP meetings next week

All,

The Investment RFP meetings are set for next week. I am attaching an agenda for both days. I narrowed down the presenters to four;

A. December 14th

1. 8:30 Northern Trust
2. 9:30 Ameriprise

B. December 15th

1. 8:30 Dimeo Schneider
2. 9:30 Segall, Bryant and Hamill

My hope was to narrow it down to three. However, many of the investment RFP responses provided a similar proposal. In most cases, the respondents proposed investing in mutual funds, ETFs, and sprinkled in a few hedge funds for good measure. This is not a bad strategy. However, it is different than what is provided by Segall, Bryant and Hamill. Segall, Bryant and Hamill has invested directly in equities and bonds. Occasionally, they would venture into a mutual fund or ETF. So, I decided we should have two respondents that reflect our current strategy (SBH and Ameriprise) and two that do not (Northern Trust and Dimeo Schneider). Keep in mind that one of the key components of the RFP responses was *"....the strategy is just an example, once chosen as the management team, we will work with you to develop the right strategy for the organization*

". The only one who didn't have to respond in this fashion is Segall, Bryant and Hamill since they work with us already.

Each of the RFP responses have been posted to the portal. Maria will send to you a verification email this morning. There is a great deal of information in the RPFs. I will provide to you some "high-level" data points to help frame the decision. In addition, each of the finalists have been asked to provide to us a "high-level" presentation/summary of the RFP. I am anticipating no more than 35-40 minutes with the opportunity for questions for each one. If we don't have any questions, we may be done before 10:30 each morning.

I am also finishing up a scoring matrix for you to use during the webinars. This should be completed later today. I will provide a further explanation on the matrix when it is sent.

If you cannot make the meetings, and have not already informed us, please let me know. Also, if you haven't received the two webinar invitations from the Academy IT team, again, please let me know. They went out to all of you over a week ago.

Finally, please be patient with all of us on staff this week. This is our move week and the offices are a mess!!! J

Have a great day.

Paul

2902. UPDATE/Attention/Action Requested: LPPC 2016 Monthly Meeting - December

From: crhone@eatright.org
To: DMartin@Burke.k12.ga.us
Sent Date: Dec 14, 2016 17:48:56
Subject: UPDATE/Attention/Action Requested: LPPC 2016 Monthly Meeting - December
Attachment:

December 14, 2016

Dear LPPC Leaders:

We have made changes to the documents previously posted on the COI for our monthly meeting on Friday, December 16. If you have already printed your documents, please now refer to and print the current documents listed for this Friday's agenda. We apologize for the delay and the inconvenience.

*****Important Note:** The attachment for the GMO discussion (item 9.0) is over 100 pages in total. We recommend that you do not print this document at this time, but download it for reference and review on your computer. We will be hearing from our colleagues in the Research International & Scientific Affairs Unit about the project and results. You do not need to read the entire document prior to the call this month.

We have also added a complete packet of all documents for easy download and printing (it does contain the large document noted above should you choose to print). Agenda items can be accessed here. As a reminder, the information needed to access the meeting is detailed below:

Step 1: Log into the webinar via the personalized link provided here.

The meeting password is: LPPC16

Step 2: Follow the audio prompts to use the "CALL ME" feature to have the Web-Ex system dial you in the audio portion of the meeting. This will sync your computer and the audio together accordingly. Do not dial into the meeting directly when connecting to Web-Ex unless you do not have a direct dial phone number (If you do not have a direct dial phone number, please select the option to dial-in from the drop-down menu – the number will be provided). By using the Call Me feature, the system will sync your web and audio connections together under your attendee name in Web-Ex.

Note: For those individuals unable to participate in the web portion of the meeting and/or do not have a direct dial phone number, you can dial in to the meeting as follows:

Dial In: 866-477-4564

Conference Code: 271-642-5619

As always, if you have any questions I am happy to assist!

Regards,

Christine A. Rhone

Office Administrator

As a School Nutrition Program Director, I could not be more excited about this initiative. I have never had an intern rotate with me that they do not get hooked on School Nutrition. Another example of how we are leading the way to increase the number of Registered Dietitian Nutritionists working in Public Health. Hats off to the DC office, and Jenn Folliard in particular, for leading this effort!

As shared a few months ago, the Academy has been working with leadership at USDA to provide more internship opportunities for our students at federal, state and local levels. Sylvia Escott-Stump has been the Academy's point person on this project, which has now been launched. More materials and resources being released soon. Kevin Concannon, key note speaker at the Nutrition Impact Summit and Undersecretary for USDA, has commended the Academy for its leadership in helping to provide future qualified staff in public health nutrition.

Good morning all-

Due to the cost being over \$1500 (room rental and minimum F&B) for a meeting in the O'Hare area, please note that we will be hosting the January 16th meeting at the new HQ office (Suite 2190). We are in the process of reserving the Training room for the day and the Second Century staff will arrange for Lunch and Snacks to be brought in for the meeting.

Marty: Mary is working on securing you a room near the office for Sunday night per your travel needs to make the Monday morning meeting.

Donna: We are extending your CLL hotel stay to a Monday night arrival at Hyatt Place. We will arrange for you to have space to work from HQ on Tuesday if desired (or you can work from the hotel which is a few blocks from the office).

Katie and Alison: If you have any hotel needs, please let Mary know so she can assist!

Thanks everyone!

Diane

ON THE PULSE OF PUBLIC POLICY

Child Nutrition Reauthorization Negotiations Stall, Programs Remain Vulnerable

Despite intense and dedicated work by Academy members and staff to ensure continuation of funding for many critical food security and nutrition programs that employ Academy members and improve the health of American children, Senate Agriculture Chairman Pat Roberts (Kan.) announced that "bipartisan, bicameral Child Nutrition Reauthorization negotiations have come to an end for the 114th Congress." The Academy shares his disappointment, especially since many members wrote to members of Congress in support of the bill. Thanks to the Academy's Child Nutrition Reauthorization work group that developed the Academy's recommendations, many of which were included in the legislation. In the coming year, the Academy will advocate for these recommendations in the new Congress and with the Trump Administration.

Recommended: Childhood and Adolescent Obesity Screening

The Academy has joined with its coalition partners at the Obesity Care Continuum to comment on the United States Preventive Services Task Force's Draft Research Plan for Screening for Obesity and Interventions for Weight Management in Children and Adolescents. In addition to questioning the use of waist circumference as a definitive indicator measure for children, the OCC offered suggestions for improving the recommendation related to eating disorders and the specified primary and intermediate outcomes.

[Learn More](#)

Academy Support: Assessing, Improving Prevention and Treatment of HIV/AIDS

The Academy has made recommendations to the Substance Abuse and Mental Health Services Administration to help improve its survey of program directors "to assess the impact of SAMHSA funded programs and improve outcomes through judicious use of various program types and models appropriate for various individuals based upon their particular circumstances and demographics." Member experts, including the Infectious Diseases Nutrition Sub-Unit of the Medical Nutrition dietetic practice group, were instrumental in helping develop the Academy's comments.

Congress Passes Measure to Continue Government Operations

Congress has passed legislation that will ensure health, safety and security programs in the government will be able to continue at least through April 28, 2017. The bill includes \$170 million for water infrastructure and health monitoring to address concerns about lead, including \$20 million for an advisory committee created in the Water Infrastructure Improvements for the Nation Act. The bill also provides \$352 million to support biomedical research at the National Institutes of Health and provides funding for the Summer Electronic Benefit Transfer.

January 18 Webinar: Primary Care Plus

As health care delivery shifts to prevention and disease management, opportunities for referrals to registered dietitian nutritionists have increased. A January 18 webinar will discuss how an RDN adds value to a primary care practice; payment for nutrition services and strategies for successful referrals. Registration is now open.

March 1 Deadline: Apply for Diversity Leaders Program

In accordance with the Academy's strategic mission and vision, the Diversity Leaders Program supports Active members from underrepresented groups within the nutrition and dietetics

profession. Four members are selected to participate in a two-year leadership program that provides mentorship, leadership training and networking. The application deadline is March 1, 2017.

Updated Electronic Nutrition Care Process Terminology

The eNCPT, available exclusively on a website platform, was updated in September to include new terminology. The eNCPT offers all the peer-reviewed content of previous versions, with new features to improve the user's experience. New versions have just been released in Norwegian, Danish and most recently Swedish.

One-Stop Guide: Lipid Disorders, Diabetes and More

The Pocket Guide to Lipid Disorders, Hypertension, Diabetes and Weight Management (2nd ed.) is an indispensable resource to help you prioritize nutrition interventions that will be most effective in reducing the risk of disease complications. Available in print and ebook formats.

Updated: Most Comprehensive Guide to Eating Disorders

The newly revised *Pocket Guide to Eating Disorders* (2nd ed.) includes everything the registered dietitian nutritionist needs for nutrition assessment and intervention with an individual experiencing dysfunctional eating behaviors. Available in print and ebook formats.

Inspire Positive Change in Your Patients

Inspiring and Supporting Behavior Change: A Food, Nutrition and Health Professional's Counseling Guide (2nd ed.) presents a step-by-step approach for guiding patients through the change and goal-setting process. Empower and inspire patients and clients to change their behavior and get on the road to improved health. Available in print and eBook formats.

New RDN Exam Study Resource: eatrightPREP

Put yourself in the best position to pass the RDN Exam with eatrightPREP. The Academy's comprehensive and convenient new resource goes above and beyond what any book can do, with an exam study plan including more than 900 questions, unlimited access to three full-length practice exams and performance statistics to identify your strengths and target weaknesses before exam day. Free trials are available for educators and program directors.

ACADEMY MEMBER UPDATES

On Sale Now: *Journal's* 2017 Eat Right Calendar

Celebrate the New Year all year with 12 months of food-related photos taken by your colleagues. The 2017 Eat Right calendar, published by the *Journal of the Academy of Nutrition and Dietetics*, features photos with a vintage feel as well as photos with a nod to the past to celebrate the Academy's centennial. All photos were taken by finalists in the annual *Journal* photo contest. The calendar includes dozens of important dates for nutrition and dietetics practitioners. The cost is \$8.99 (shipping included). A 10 percent discount is available for purchases of 10 to 100 calendars. Supplies are limited. Call the Academy's Member Service Center at 800/877-1600 ext. 5000. This offer ends December 29.

On Elections Website: Candidates' Biographies

Biographical information for the 2017 candidates on the Academy's national ballot is now available on the Academy's website. Voting will take place February 1 to 22. The recorded National Campaign and Social Media Guidelines webinar is now available for viewing. The webinar shows members how to be engaged in the election process by providing details and clarification regarding the guidelines.

[Learn More](#)

February 6 Application Deadline: Academy's Spokesperson Program

The Academy is seeking outgoing, knowledgeable registered dietitian nutritionists with experience working with the news media to apply to join the Academy's Spokesperson Program. Members who have been RDNs for more than five years and have at least two years of media experience are encouraged to apply. Numerous topic areas and geographical markets are available. The application deadline is February 6, 2017.

Hi! I am home and just moved into my new office! Diane and I had a really nice visit with Audrey Wright on Monday and then I flew home Monday evening. I attended the services for Pat's dad yesterday. They were really beautiful and Pat seemed at peace. I cannot thank you enough for making the trip to Diane's house and giving your awesome presentation, especially with everything

going on with your mom! I am so happy to hear she is doing well and I am looking forward to hearing about more Christmas Miracles from you! You are such a great person and a really great leader and such wonderful to work with!!

I am more than happy to take care of this for you. If it is ok with you, tribute gifts typically benefit the annual fund. Let me know if that is ok and we will get this taken care of for you ASAP.

Thanks again, so much!

Dear Pat,

On behalf of all of us in SCAN, thank you so much for making time in your busy schedule to meet with Tom, our incoming Executive Director, tomorrow.

I have seen the list Diane sent of the people slated to meet with Tom, and I know all will be helpful. I am not clear, however, how many of these meetings will be one-on-one with Tom versus group discussion. Given that I'm sure your time will be limited, I hope it is not out of line for me to suggest that perhaps your time with Tom could be most productive if it involved some private discussion in which you can each share your perspectives on the issues SCAN has previously experienced with the Academy, and your efforts to smooth that path for us.

Please know that I am grateful for whatever time you arrange to have with him. However your discussions with Tom occur, I am confident that they will be beneficial.

With many thanks for your consideration,

Karen

Dear Pat,

It's been quite a ride since we met in Chicago while I was preparing to become SCAN Chair! I very much appreciate the time you took then, and prior to that on phone calls and emails, to address with SCAN leaders how we can move forward in positive ways.

I'm writing now to keep you informed regarding a transition in the Executive Director of SCAN. This does not involve any change in the contract, since this is all within Capitol Hill Management Services. The SCAN EC has been in discussions with Capitol Hill leadership for several months regarding improvements needed, and this change is one of the steps that is meant to achieve those improvements.

Thomas J. Coté, MBA, CAE, is currently wrapping up his role as Executive Director of the New York State Psychological Association, and has begun his on-boarding with SCAN.

Sara-Becca Smith, whom you met in Chicago last January, will continue to serve as ED for now and assist with Tom's transition. Tom will begin serving full-time in the SCAN office on Tuesday, January 17. We have already let Diane Enos, Diane Juskelis and Mya Wilson know about this change, and will keep them in the loop as we move forward.

In December, Tom will be in Chicago for a few days unrelated to SCAN. We had hoped that it might provide a chance for him to come meet key leaders at the Academy on a trip that would not entail any financial cost to SCAN. However, we have been informed that Tom's travel is when Academy staff is unavailable due to the upcoming office suite move.

Just in case that move does not have you tied up, I want to let you know about the timing of Tom's open time in Chicago: Wednesday, December 14, from 1:00 to 4:00 pm.

If by chance you have availability during that time, I know that Tom would find it valuable to be able to meet you briefly.

We certainly understand that your always-full schedule may be especially limited during this time, but I did want to at least let you know of the possibility.

With many thanks for your continued support of SCAN,
And all best for a joyous Thanksgiving,

Karen

Reply-To: "Margo Wootan, CSPI" <actionalert@cspinet.org>

Because of your support more than 30 million school children are getting healthier school lunches and less junk food from vending machines.

Dear Pat,

Because of your support more than 30 million school children are getting healthier school lunches and less junk food from vending machines.

But school nutrition will be under attack when Donald J. Trump and Congress take power in January.

Will you give today to help us save healthy school food?

The 2010 Healthy, Hunger Free Kids Act has led to school breakfasts and lunches that are lower in salt, sugar, and refined grains—and soda in schools is a thing of the past. Best of all, there are more fresh fruits and vegetables on kids' trays than ever before!

Contribute Now. **Don't let Donald Trump and radical Republicans return junk food to schools**

.

We're organizing parents from coast to coast to preserve the progress we've made on school meals—and we're working with our coalition partners and allies in Congress to make sure our kids will continue to have access to healthier food.

Your gift will be matched dollar for dollar by a small group of CSPI donors who have stepped up to help us meet this historic challenge.

For instance, your gift of \$50 will be worth \$100 to our campaign! Please give today.

Sincerely,

Margo G. Wootan
Director of Nutrition Policy
Center for Science in the Public Interest

P.S. I'm confident we can beat back the assault on school foods if we have your matching gift support. **If you give a tax-deductible gift today we will immediately email you a receipt for your records.**

Connect with the Academy:

You are receiving this message on behalf of our Marketing Partners at the American Society for Parenteral and Enteral Nutrition.

Keeping informed on advances in clinical nutrition can be a challenge; that's why we encourage you to attend the American Society for Parenteral and Enteral Nutrition (ASPEN) Clinical Nutrition Week (CNW17), February 18-21 in Orlando, Florida. At CNW17, you'll learn how to enhance patient safety and better implement best practices.

Join over 2,000 clinicians and researchers for four days of educational and research programs aimed to respond to your most pressing needs. Hit the ground running with our pre-conference courses, meet with content experts in clinical nutrition, and learn about cutting-edge research in sessions such as:

- Challenges in Providing Nutrition Support to the Critically Ill Patient with End Stage Organ Failure
- Nutrition at the Extremes: When and What Should I Feed the Patient
- The Future of Nutrition Education: Multidisciplinary Approaches and Innovative Techniques
- Research Workshop: Gastric Bypass: Role of the Gut
- Nutrition in the Age of Personalized Medicine

Visit the official CNW17 site for additional program information.

There are hundreds of new ideas to gain and many connections to make at CNW17. Register **by February 8 to save \$100 over the onsite rate!**

Subject: RE: Investment RFP meetings next week

All,

As you can imagine, it has been a little hectic around the office the past 72 hours. We are officially in our new offices and just about everything is working. I have to tip my hat to the IT and HR/Office Services teams. They did a great job to make the move work. The only “hiccup” we had is with the printers. Must less than we expected.

Do to all of the work, I still have not been able to put together a summary for each of the presenters. I am sorry about that. However, I have asked for each group to provide a presentation for the committee. All, except for Ameriprise, have been posted on the portal. I am including them in this email as well. I haven't looked at them yet. However, they should provide a good summary of the RFP responses. I will see when we can expect the one from Ameriprise.

If you have any questions, please let me know.

Paul

Subject: RE: Investment RFP meetings next week

All,

Maria has posted the information on portal for the RFPs. In addition, I have asked Maria to post three new documents on the portal;

1. Original RFP document.

2. Investment Management Questions
3. RFP Rating Matrix

I am attaching items two and three to this email. You will have to go to the portal for the Original RFP. It may be too large to send via email, even when compressed. Once you do, you can see how the original RFP was submitted and compare it to the responses we received.

The other two documents were created using information from American Society of Association Executives (and a few other places). This information is similar to what we have used in the past. The questions are pretty straight forward. So, I will not go into any detail on those. You can use these questions or use your own. However, the matrix may need a little more explanation.

The matrix has 12 categories with a weighting for each. The weightings are different for each category. However, the differences are not too dramatic. I used the weightings we used the last time we performed this review. You can provide a score from 1 (low) to 10 (high) for each category. If you use the Excel sheet I provided, it will calculate an answer for you. I would like you to complete one for each presenter and forward to me when completed. I will then use this matrix to come with a composite score for each organization. It will make the final decision a little more objective. I would expect the presentations to hit on most of these categories. There is also a place for notes or comments. If you like to provide those, it would be great. It may help if the scores are close or the same.

I am still working a short summary for some of the key variables of each presenter. Again, please be patient. The move is causing a little havoc. If you have any questions, please let me know.

Paul

Subject: Investment RFP meetings next week

All,

The Investment RFP meetings are set for next week. I am attaching an agenda for both days. I narrowed down the presenters to four;

A. December 14th

1. 8:30 Northern Trust
2. 9:30 Ameriprise

B. December 15th

1. 8:30 Dimeo Schneider
2. 9:30 Segall, Bryant and Hamill

My hope was to narrow it down to three. However, many of the investment RFP responses provided a similar proposal. In most cases, the respondents proposed investing in mutual funds, ETFs, and sprinkled in a few hedge funds for good measure. This is not a bad strategy. However, it is different than what is provided by Segall, Bryant and Hamill. Segall, Bryant and Hamill has invested directly in equities and bonds. Occasionally, they would venture into a mutual fund or ETF. So, I decided we should have two respondents that reflect our current strategy (SBH and Ameriprise) and two that do not (Northern Trust and Dimeo Schneider). Keep in mind that one of the key components of the RFP responses was “....*the strategy is just an example, once chosen as the management team, we will work with you to develop the right strategy for the organization*”. The only one who didn’t have to respond in this fashion is Segall, Bryant and Hamill since they work with us already.

Each of the RFP responses have been posted to the portal. Maria will send to you a verification email this morning. There is a great deal of information in the RPFs. I will provide to you some “high-level” data points to help frame the decision. In addition, each of the finalists have been asked to provide to us a “high-level” presentation/summary of the RFP. I am anticipating no more than 35-40 minutes with the opportunity for questions for each one. If we don’t have any questions, we may be done before 10:30 each morning.

I am also finishing up a scoring matrix for you to use during the webinars. This should be completed later today. I will provide a further explanation on the matrix when it is sent.

If you cannot make the meetings, and have not already informed us, please let me know. Also, if you haven’t received the two webinar invitations from the Academy IT team, again, please let me know. They went out to all of you over a week ago.

Finally, please be patient with all of us on staff this week. This is our move week and the offices are a mess!!! J

Have a great day.

Paul

Public Policy Strategic Measures Results Webinars for Affiliates, DPGs and MIGs

Reminders:

DPG and MIG Leaders: Tuesday, December 13, 2016 at 2 – 3 p.m. (Eastern Time)

Click here to register for the DPG and MIG Strategic Measures Webinar.

Affiliate Leaders including public policy panel members: Wednesday, December 14, 2016 at 2 – 3 p.m. (Eastern Time)

Click here to register for the Affiliate Strategic Measures Webinar.

All DPG, MIG and affiliate policy leaders should attend the webinar for their specific group (*please make sure at least one person from your DPG or affiliate participates*). The webinars will be recorded and posted to the Public Policy Panel COI for future viewing.

Action Alerts Set to Close

The 114th Congress has ended session in the early morning hours of Saturday, December 10.

The National Clinical Care Commission Act and Treat and Reduce Obesity Act action alerts will close tomorrow, December 14. We anticipate both bills will be introduced in the 115th Congress. Final action alert reports will be available early next week.

Academy Members Bring Awareness to Critical Water Infrastructure Legislation

On December 10, Congress passed the Water Infrastructure Improvements for the Nation Act (the WIIN Act), which provides critical investment in the country's aging drinking water system. The WIIN Act establishes an Advisory Committee on Lead Exposure, which specifically includes dietitians. Our members and Academy staff have been very involved in this discussion with members of Congress, highlighting the nutrition implications. This Advisory Committee will review research and best practices on lead prevention with the aim of mitigating the risks of lead exposure for communities nationwide. The Academy will continue to work on implementation of this important piece of legislation in 2017.

21st Century Cures Act Signed into Law

On December 12, President Obama signed the 21st Century Cures Act into law. The legislation includes funding for combating the opioid epidemic, investing in the Vice President's Cancer Moonshot Initiative, advancing research on brain disorders such as Alzheimer's, understanding mental health issues, and ensuring that the FDA incorporates patients' voices into the decisions they make as they develop drugs. The bill also includes provisions of the Anna Westin Act, which aim to update resources related to eating disorders, increase public awareness, and identify effective strategies in identifying and providing treatment for individuals with eating disorders. The Academy looks forward to working on these efforts moving forward.

Congress Passes Spending Measure to Continue Government Operations

On December 9, Congress passed a spending bill to keep government operations running. The new short-term spending bill, known as a Continuing Resolution or CR, will fund annually-appropriated programs through April 28, 2017. The bill includes \$170 million for water infrastructure and health monitoring relating to lead in water, including \$20 million for an Advisory Committee, which will include a registered dietitian nutritionist, and Lead Exposure Registry. The bill also provides \$352 million to support biomedical research at the National Institutes of Health, and provides funding for the Summer Electronic Benefit Transfer.

Update on National Clinical Care Commission Act

Thank you to all Academy members for your support of efforts to pass the National Clinical Care Commission Act (H.R. 1192) before the end of the year. Senate offices heard about the importance of passing this bill, but due to time constraints, it could not be brought to the Senate floor for a final vote. Although the bill did not pass the Senate this year, we expect that the Senate and the House committees of jurisdiction will work out a quick passage of the bill when Congress returns in early January 2017. Stay tuned for an update on next steps, and thank you for all of the support for this legislation.

USDA and Academy Project Provide more Opportunities for Dietetic Interns

Over the last year, the Academy's Nutrition and Dietetics Educators and Preceptors (NDEP) and USDA has worked to compile resources for dietetic internship experiences in child nutrition programs. The Academy recognizes that these experiences are extremely valuable and can lead to more dietitians employed in child nutrition programs. These resources are available on USDA website and will soon be available on NDEP's website as well.

Child Nutrition Reauthorization Negotiations Stall and Programs Remain Vulnerable

In a statement by Senate Agriculture Chairman, Pat Roberts (Kansas), he notes that "I'm very disappointed that the bipartisan, bicameral Child Nutrition Reauthorization negotiations have come to an end for the 114th Congress." The Academy shares his disappointment, as so many of you wrote your members of Congress in support of the Senate's bipartisan bill (S. 3136) to reauthorization child nutrition programs. A special thank you to the Academy's Child Nutrition Reauthorization work group, who created the Academy's recommendations, many of which were included in S. 3136. The Academy will continue to utilize these recommendations in the new Congress and with the new Administration to advocate for our members leading these programs who are ensuring we are feeding the future of our country healthy foods.

Public Policy Forum: Building Connections with State Legislators during a State Legislative Day

Hear from policy leaders who have worked effectively to build working relationships with state legislators. The speakers for the forum are Nebraska Academy public policy coordinator, Heidi Wietjes MS, RD, LMNT, LD and Utah Academy state policy representative Wendy Phillips MS, RD, CNSC, CLE, FAND. Please join us for the Public Policy Open Forum scheduled for **Tuesday, 20, 2016 from 2 – 3 p.m. (Eastern Time)**.

Register today for the Public Policy Open Forum . All DPG, MIG and Public Policy Panel leaders should attend (*please make sure at least one person from your DPG or affiliate participates*).

February 2017 Quarterly Advocacy Day – Save the Date!

The Academy will host its second quarterly advocacy day on February 27th in Washington, D.C. in collaboration with the Obesity Care and Advocacy Network (OCAN). We will be hosting a Congressional briefing and conducting meeting with members of Congress to discuss stigma and obesity treatment. Hill visit teams will consist of patient advocates, health care professionals, researchers and representatives from interested organizations. While members local to the D.C. area are encouraged to attend, the event is open to **all** Academy members and there is no charge to participate. Watch for more information in the coming weeks.

Public Policy Workshop 2017 - Save the Date!

We know you have been waiting for information about the **2017 Public Policy Workshop** – please save **June 25 - 26, 2017** for this exclusive event! The Academy is pleased to continue to offer scholarships for the Public Policy Coordinator (PPC) in each affiliate and the Policy and

Advocacy Leader (PAL) for each DPG/MIG. More information will be provided regarding the PPC and PAL scholarship in the near future. We look forward to seeing you in Washington, D.C. in June!

2926. Nominate an Outstanding Dietetic Educator Today!

From: ndep@eatright.org
To: DMartin@Burke.k12.ga.us
Sent Date: Dec 13, 2016 09:45:52
Subject: Nominate an Outstanding Dietetic Educator Today!
Attachment: [unknown_name_2rpjb](#)
[unknown_name_hijpb](#)
[unknown_name_dxgcy](#)

Dear NDEP Members –

As a reminder, NDEP is now accepting nominations for the Outstanding Dietetic Educator Awards! The purpose of the Outstanding Dietetics Educator Award (ODEA) is to recognize the teaching, mentoring, and leadership activities of faculty in ACEND-accredited dietetics education programs. One educator can be selected from each of the four program types in each geographic area (a maximum of four awardees from each of the seven geographic areas for a total of 28).

In addition to publishing the list of outstanding educators in the Journal of the Academy of Nutrition and Dietetics and NDEP-line, each awardee will receive a certificate and congratulatory letter from the Academy President. Awards will be presented at the 2017 NDEP regional meetings.

Eligibility

- Nominees must be a current member of the Academy of Nutrition and Dietetics, but are not required to be an NDEP member for consideration for this award.
- Preceptors are not eligible for this award as there is a separate award given to Outstanding Preceptors.
- Active NDEP Council members are not eligible for this award. For a listing of the current NDEP Council members go to www.ndepnet.org.
- Previous ODEA winners cannot be nominated for the same program award again; however, they could be nominated for an award for a different program type, if applicable.

Criteria for Selection of Outstanding Educators

1. Member of the Academy of Nutrition and Dietetics
2. Faculty with academic appointments in ACEND-accredited dietetics education programs:
 1. Coordinated Program in Dietetics (CP)
 2. Dietetic Internship (DI)
 3. Didactic Program in Dietetics (DPD)

4. Dietetic Technician Program (DT)
3. Demonstrated innovative teaching skills and techniques.
4. Demonstrated mentoring of students.
5. Demonstrated leadership; e.g., national, state, or district dietetic association activities, community service, honors received, scientific and professional presentations, publications, etc.

Selection Procedure and Submission Dates

1. Nominations from peers and/or students will be sent to the Nutrition and Dietetic Educators and Preceptors (NDEP) Regional Director in the corresponding geographic area **by January 13, 2017**. Each Regional Director will select no more than one educator for each type of dietetics education program (CP, DI, DPD, DT) in the area (maximum four).
2. Each nomination application will be a single PDF that includes the ODEA Data Sheet, curriculum vitae (or resume), and three reference letters. Nominations must be sent electronically. Jpeg documents or individual documents will not be accepted. Additional materials beyond the requested materials (data sheet, CV, letters) will not be reviewed.
3. Award Winners will be announced in March 2017!

For more information, please visit the NDEP website at www.ndepnet.org and refer to the attached documents for criteria and data sheets!

All,

As you can imagine, it has been a little hectic around the office the past 72 hours. We are officially in our new offices and just about everything is working. I have to tip my hat to the IT and HR/Office Services teams. They did a great job to make the move work. The only “hiccup” we had is with the printers. Must less than we expected.

Do to all of the work, I still have not been able to put together a summary for each of the presenters. I am sorry about that. However, I have asked for each group to provide a presentation for the committee. All, except for Ameriprise, have been posted on the portal. I am including them in this email as well. I haven't looked at them yet. However, they should provide a good summary of the RFP responses. I will see when we can expect the one from Ameriprise.

If you have any questions, please let me know.

Paul

Subject: RE: Investment RFP meetings next week

All,

Maria has posted the information on portal for the RFPs. In addition, I have asked Maria to post three new documents on the portal;

1. Original RFP document.
2. Investment Management Questions
3. RFP Rating Matrix

I am attaching items two and three to this email. You will have to go to the portal for the Original RFP. It may be too large to send via email, even when compressed. Once you do, you can see how the original RFP was submitted and compare it to the responses we received.

The other two documents were created using information from American Society of Association Executives (and a few other places). This information is similar to what we have used in the past. The questions are pretty straight forward. So, I will not go into any detail on those. You can use these questions or use your own. However, the matrix may need a little more explanation.

The matrix has 12 categories with a weighting for each. The weightings are different for each category. However, the differences are not too dramatic. I used the weightings we used the last time we performed this review. You can provide a score from 1 (low) to 10 (high) for each

category. If you use the Excel sheet I provided, it will calculate an answer for you. I would like you to complete one for each presenter and forward to me when completed. I will then use this matrix to come with a composite score for each organization. It will make the final decision a little more objective. I would expect the presentations to hit on most of these categories. There is also a place for notes or comments. If you like to provide those, it would be great. It may help if the scores are close or the same.

I am still working a short summary for some of the key variables of each presenter. Again, please be patient. The move is causing a little havoc. If you have any questions, please let me know.

Subject: Investment RFP meetings next week

All,

The Investment RFP meetings are set for next week. I am attaching an agenda for both days. I narrowed down the presenters to four;

A. December 14th

1. 8:30 Northern Trust
2. 9:30 Ameriprise

B. December 15th

1. 8:30 Dimeo Schneider
2. 9:30 Segall, Bryant and Hamill

My hope was to narrow it down to three. However, many of the investment RFP responses provided a similar proposal. In most cases, the respondents proposed investing in mutual funds, ETFs, and sprinkled in a few hedge funds for good measure. This is not a bad strategy. However, it is different than what is provided by Segall, Bryant and Hamill. Segall, Bryant and Hamill has invested directly in equities and bonds. Occasionally, they would venture into a mutual fund or ETF. So, I decided we should have two respondents that reflect our current strategy (SBH and Ameriprise) and two that do not (Northern Trust and Dimeo Schneider). Keep in mind that one of the key components of the RFP responses was *"....the strategy is just an example, once chosen as the management team, we will work with you to develop the right strategy for the organization"*. The only one who didn't have to respond in this fashion is Segall, Bryant and Hamill since they work with us already.

Each of the RFP responses have been posted to the portal. Maria will send to you a verification email this morning. There is a great deal of information in the RPFs. I will provide to you some "high-level" data points to help frame the decision. In addition, each of the finalists have been

asked to provide to us a “high-level” presentation/summary of the RFP. I am anticipating no more than 35-40 minutes with the opportunity for questions for each one. If we don’t have any questions, we may be done before 10:30 each morning.

I am also finishing up a scoring matrix for you to use during the webinars. This should be completed later today. I will provide a further explanation on the matrix when it is sent.

If you cannot make the meetings, and have not already informed us, please let me know. Also, if you haven’t received the two webinar invitations from the Academy IT team, again, please let me know. They went out to all of you over a week ago.

Finally, please be patient with all of us on staff this week. This is our move week and the offices are a mess!!! J

Have a great day.

Paul

Mary Pat and Jenn, All I can say is that this makes me very sad. I cannot thank the two of you enough for all your hard work you put in to try and salvage this bill for all the children of this country. My hope is that we have "all" learned a lot in this process and will be able to put together a bill that everyone can support in this next congressional session if they decide to take it up again anytime soon. I will be ready when the time is right to help out! Much gratitude and respect to the two of you. You carried a heavy load for us.

A side not on my Mom is that she is not progressing like we hoped she would. She has the use of her right hand, some speech, cognition and can drink fluids. We are grateful for those gifts. What we are struggling with is her agitation, not sleeping and pain. Until we get those areas under control we will not see any other improvement. She is a fighter, but right now she has a lot of obstacles in her way. We are trying our best to get them cleared so we can see how much more progression we can get from her stoke. Please keep her in your prayers!!!

Child Nutrition Reauthorization Negotiations Update

Senator Roberts, Chairman of the Senate Agriculture Committee, released this statement indicating that child nutrition reauthorization negotiations have come to an end for the 114th Congress. The Academy and its members worked tirelessly to reauthorize these programs in the 114th Congress. The fate of the programs will be up to the new Congress and new Administration. For now the programs will continue on as is.

We are unbelievably grateful for your tireless advocacy for these programs. You all have been leaders activating your networks within the Academy, writing opinion editorials, speaking directly with your members of Congress on the merits of these programs during PPW. Thank you! A special thank you to the Academy's Child Nutrition Reauthorization Work Group, and the dietetic practice groups that supported them in developing the Academy's recommendations for child nutrition reauthorization. We will continue to need your voice and advocacy as we look to protect the investments in the health of our children in the coming years.

If you have any questions, please email Jennifer Folliard jfolliard@eatright.org

Chairman Roberts' Statement on Child Nutrition Reauthorization Negotiations

Dec 06 2016

WASHINGTON, D.C. – U.S. Senator Pat Roberts, R-Kan., Chairman of the Senate Committee on Agriculture, Nutrition and Forestry, today released the following statement on the status of efforts to complete reauthorization of child nutrition programs.

“Today is a day I hoped would not come,” Roberts said. **“I’m very disappointed that the bipartisan, bicameral Child Nutrition Reauthorization negotiations have come to an end for**

the 114th Congress.

“I’m proud of the commonsense reforms and the bipartisan strides we have made in the majority of the programs. However, we are nearing the end of this legislative calendar, and we have not been able to overcome minority objections and additionally those in the House.

“Though our Committee passed a good, bipartisan bill – something no one said we could do – it wasn’t enough for some. I’m proud to say the Agriculture Committee conducted this reauthorization process in an open and transparent manner that listened to all stakeholders, including schoolchildren. We wrote a well-balanced bill that increased program integrity, flexibility, efficiency, and effectiveness.

“Since that bill was passed by our Committee, we have been working to find an agreement with our colleagues in the House and the minority members of the Senate who halted the bill’s progress. In the end, we were not able to reach a bipartisan, bicameral compromise. It is unfortunate that certain parochial interests and the desire for issues rather than solutions were put ahead of the wellbeing of vulnerable and at-risk populations and the need for reform.

“When first considering this bill, I made it a priority to eat lunch with schoolchildren and to listen to school food service directors all across Kansas. They needed this bill.

“This is a lost opportunity to help hungry children and struggling schools. In addition, these programs will be vulnerable to attack without a reduction in the current error rates.

“As chairman of the Committee, I remain committed to continuing to look for ways to increase integrity within the program and to provide flexibility to local school and summer meal program operators.”

The Senate Committee on Agriculture, Nutrition, and Forestry held a hearing in May 2015 and unanimously approved the Improving Child Nutrition Integrity and Access Act of 2016 in January.

Hi Anne

We are sorry to hear that your involvement in the process will be ending, but we completely understand but only so much time can be given at a volunteer level. We will be sure to work directly with the weight management leadership to keep the process moving forward accordingly.

Eileen- please let Joe and I know if you would like to schedule a call to discuss next steps so we can plan accordingly for this project.

Hi Diane and Joe,

Thanks with your patience and expertise as the Weight Management DPG has looked into developing this review course. As time has moved on, I have found myself ambivalent about leading this effort simply because of the time issue. Having my own business means that every choice I make with respect to my volunteer activities has a direct impact on my work. The development of this review course would take a tremendous amount of time and I am not sure I can commit to this large effort. Therefore, I have decided to step down as the volunteer leader of this review course. Eileen Myers, Chair of the WM DPG, who is cc'd on this email, will be working with you to identify someone else from our practice group who can lead this effort.

Many thanks for your support.

Sincerely,

Anne

Hi Anne-

Thank you for your patience in the review and feedback of the proposal and budget. I went ahead and did a review of the parameters you sent and provided everything in track changes. I am copying Joe LasCola on this email as he would be the lead staff in Lifelong Learning for this program area. In order to expedite sending this back to you, I have not included any of his comments as I will have him take the lead with that input on the next round.

Let me know if you want to set up a call with Joe, myself, and anyone else necessary with WM DPG to keep this ball rolling.

Thanks,

Diane

Hi Diane,

Last week, I believe you offered working with me on the business plan for this review course. I was busy moderating/facilitating the CDR Level 2 Adult WM Course and put my replay on hold. I would really appreciate yours or someone from your team to work on this.

This is what I have so far and I am including the excel spreadsheet I used originally to estimate costs and revenues.

Thanks, as always, for your guidance,

Anne

To: Foundation Board Members

From: Jean Ragalie-Carr, Foundation Chair

Good morning Foundation Board. I know December is a very busy month for everyone. Unfortunately we have several conflicts in scheduling the December 22nd call and want everyone available to participate in the audit discussion. Therefore, we are moving the discussion and acceptance of this agenda item to the February 22 – 23, 2017 Board Meeting.

In the interim, I have attached the completed audit for those of you who would like to review. If you have questions or need additional information, please do not hesitate to contact Paul Mifsud at pmifsud@eatright.org. ***We are still planning to hold the December 22nd call for those of you who have it on your calendar.*** There are some important Second Century updates we want to share in preparation for the February strategic planning session, along with some proposed criteria revisions needing approval. A draft agenda will be sent in the next few days and materials will be available on the portal at the end of the week. Thanks.

2937. ATTENTION/ACTION REQUESTED: LPPC Monthly WebEx/Teleconference - December

From: crhone@eatright.org

Sent Date: Dec 11, 2016 11:45:13
Subject: ATTENTION/ACTION REQUESTED: LPPC Monthly WebEx/Teleconference - December
Attachment:

December 12th, 2016

Dear LPPC Leaders:

Agenda items for the next monthly meeting on Friday, December 16th have been uploaded to the LPPC Community of Interest which can be accessed here. The following items are still outstanding and will be available no later than COB Monday, December 12th:

- 4.0(c) YTD Sign On Letter Summary
- 4.0(e) YTD Regulatory Comments Submission
- 4.0(g) November CPLS Minutes

As a reminder, the information needed to access the meeting is detailed below:

Step 1: Log into the webinar via the personalized link provided here.

The meeting password is: LPPC16

Step 2: Follow the audio prompts to use the "CALL ME" feature to have the Web-Ex system dial you in the audio portion of the meeting. This will sync your computer and the audio together accordingly. Do not dial into the meeting directly when connecting to Web-Ex unless you do not have a direct dial phone number (If you do not have a direct dial phone number, please select the option to dial-in from the drop-down menu – the number will be provided). By using the Call Me feature, the system will sync your web and audio connections together under your attendee name in Web-Ex.

Note: For those individuals unable to participate in the web portion of the meeting and/or do not have a direct dial phone number, you can dial in to the meeting as follows:

Dial In: 866-477-4564

Conference Code: 271-642-5619

As always, if you have any questions I am happy to assist!

Regards,
Christine A. Rhone

Attachment: [image001.jpg](#)
[image003.png](#)
[image004.png](#)

Hi Donna,

Thanks for letting me know. I think it shows up on our calendars as going to 6:00 pm for the purposes of reserving the room at our offices. Last year the meeting ran 8:30 am – 4:45 pm with 1 hour for lunch and 1 hour “break” to accommodate the regular call with the 3 Presidents. So we have several options, based on the wishes of the group:

Option A: Shift the time of the meeting to start earlier and end earlier (e.g., 7:30 am – 3:45 pm or 7:00 am – 3:30 pm).

Option B: Start the same time on Monday morning and end at 3:30 or 3:45 knowing you won't have that extra call to accommodate. And depending on how things go, you could take a shorter lunch break

Option C: Start Sunday (we'll have to pay for heat in the office but if that's what we need to do, it's not a problem)

So I welcome input from everyone so you can make your plans. Has anyone already booked their travel?

Thanks,

Marsha

Subject: 2017-2018 Academy Committee Appointment Process

Good morning,

I hope you are all doing well as the countdown to FNCE begins. While FNCE, the HOD meeting and ballot preparations are uppermost in your mind, I'm beginning to think ahead to the Committee Appointment process for 2017-2018. A major responsibility for Donna and Dianne, as President-elect and Speaker-elect, is to appoint members to serve on all of the Academy committees for the 2017-2018 program year. Penny, as Chair of the Nominating Committee, is invited to participate in the meeting to provide input on potential candidates for appointments. In the past we have hosted a 1 – 1 ½ day meeting in Chicago in March in conjunction with Committee Vice Chair Orientation, to work on the committee appointments. This year we need to come up with a new plan as the Committee Vice Chair Orientation will be shifting to a virtual event. I had originally hoped we might be able to hold the committee appointment meeting along with the March Board of Directors meeting to minimize your travel. However, now that the BOD meeting has been moved to February, we are unable to combine these events as the Academy elections will not yet be completed. So we need to come up with an alternate plan. Recognizing that your calendars will quickly fill up, I thought it would be wise to get something on our calendars sooner rather than later.

With those thoughts in mind, I'd like to propose that we convene one day the week of March 13. You could fly in to Chicago the evening before, meet all day and then head home early evening. Alternatively, you could fly in one morning, work all day, stay overnight, finish up the next morning and leave in the afternoon. Last year Lucille, Linda and Deanne came to the meeting prepared, worked efficiently and were able to complete the initial task (identifying members to ask to serve on all of the committees) in 1 day. So please let me know your availability the week of March 13 and your preferences on how to plan the trip. If a weekday meeting works for you, I'd recommend we do so as it will be more cost-effective for the Academy. However, I recognize you are all working women and may need to minimize your days away from work.

If possible, please let me know by **Tuesday, October 4** your scheduling preferences so we can all hold the time on our calendars. And if you have any questions, please let me know. I look forward to working with you on this important project.

Warm regards,

Marsha

Good morning all-

Due to the cost being over \$1500 (room rental and minimum F&B) for a meeting in the O'Hare area, please note that we will be hosting the January 16th meeting at the new HQ office (Suite 2190). We are in the process of reserving the Training room for the day and the Second Century staff will arrange for Lunch and Snacks to be brought in for the meeting.

Marty: Mary is working on securing you a room near the office for Sunday night per your travel needs to make the Monday morning meeting.

Donna: We are extending your CLL hotel stay to a Monday night arrival at Hyatt Place. We will arrange for you to have space to work from HQ on Tuesday if desired (or you can work from the hotel which is a few blocks from the office).

Katie and Alison: If you have any hotel needs, please let Mary know so she can assist!

Thanks everyone!

Diane

Attachment: [image001.png](#)

Hi everyone –

Sorry for the multiple emails and confusion – this call is for 11:00 am – 12:00 pm CT // 12:00 – 1:00 pm ET. The below email has the invite with the correct time.

Please let me know if you have any questions!

Thanks,

Nicci

Joan, Thanks for asking about my Mom. She is not where we would like her to be, but we are trying to be grateful for what we have gotten. Speech, swallowing, cognition and use of her right hand. I think she is just now figuring out what has happened and is crying all the time, very agitated and not sleeping at all. Very hard on us care givers. We are keeping the faith and hoping to get more back as we try and get her into PT, but with her so agitated and not sleeping, she has been unable to do any PT. 24/7 care is very hard, but the three daughters are hanging tough and trying to do it. I have a week more of work and then will be off for 2 weeks, so I will be able to do more of my fair share then. Please continue to pray for her.

Nutrition Focused Physical Exam (NFPE) Workshop

Date: January 6, 2017

Workshop Site: San Joaquin General Hospital

Location: French Camp, Calif.

Research shows that nutrition intervention of a patient with, or at risk for, malnutrition can decrease length of hospital stay, falls, pressure ulcers, infections, complications, re-admissions, and overall health care costs. As a registered dietitian nutritionist, you can perform a nutrition focused physical exam (NFPE) to more accurately provide individuals with a nutrition diagnosis of malnutrition.

Attend the Academys hands-on training workshop to learn the skills needed to perform an NFPE; and empower you to accurately identify and diagnose patients with malnutrition.

Subject: RE: Investment RFP meetings next week
Attachment: [RFP Rating Matrix.xlsx](#)
[Investment Management Questions.docx](#)

All,

Maria has posted the information on portal for the RFPs. In addition, I have asked Maria to post three new documents on the portal;

1. Original RFP document.
2. Investment Management Questions
3. RFP Rating Matrix

I am attaching items two and three to this email. You will have to go to the portal for the Original RFP. It may be too large to send via email, even when compressed. Once you do, you can see how the original RFP was submitted and compare it to the responses we received.

The other two documents were created using information from American Society of Association Executives (and a few other places). This information is similar to what we have used in the past. The questions are pretty straight forward. So, I will not go into any detail on those. You can use these questions or use your own. However, the matrix may need a little more explanation.

The matrix has 12 categories with a weighting for each. The weightings are different for each category. However, the differences are not too dramatic. I used the weightings we used the last time we performed this review. You can provide a score from 1 (low) to 10 (high) for each category. If you use the Excel sheet I provided, it will calculate an answer for you. I would like you to complete one for each presenter and forward to me when completed. I will then use this matrix to come with a composite score for each organization. It will make the final decision a little more objective. I would expect the presentations to hit on most of these categories. There is also a place for notes or comments. If you like to provide those, it would be great. It may help if the scores are close or the same.

I am still working a short summary for some of the key variables of each presenter. Again, please be patient. The move is causing a little havoc. If you have any questions, please let me know.

Paul

Subject: Investment RFP meetings next week

All,

The Investment RFP meetings are set for next week. I am attaching an agenda for both days. I narrowed down the presenters to four;

A. December 14th

1. 8:30 Northern Trust
2. 9:30 Ameriprise

B. December 15th

1. 8:30 Dimeo Schneider
2. 9:30 Segall, Bryant and Hamill

My hope was to narrow it down to three. However, many of the investment RFP responses provided a similar proposal. In most cases, the respondents proposed investing in mutual funds, ETFs, and sprinkled in a few hedge funds for good measure. This is not a bad strategy. However, it is different than what is provided by Segall, Bryant and Hamill. Segall, Bryant and Hamill has invested directly in equities and bonds. Occasionally, they would venture into a mutual fund or ETF. So, I decided we should have two respondents that reflect our current strategy (SBH and

Ameriprise) and two that do not (Northern Trust and Dimeo Schneider). Keep in mind that one of the key components of the RFP responses was “...*the strategy is just an example, once chosen as the management team, we will work with you to develop the right strategy for the organization*”. The only one who didn’t have to respond in this fashion is Segall, Bryant and Hamill since they work with us already.

Each of the RFP responses have been posted to the portal. Maria will send to you a verification email this morning. There is a great deal of information in the RPFs. I will provide to you some “high-level” data points to help frame the decision. In addition, each of the finalists have been asked to provide to us a “high-level” presentation/summary of the RFP. I am anticipating no more than 35-40 minutes with the opportunity for questions for each one. If we don’t have any questions, we may be done before 10:30 each morning.

I am also finishing up a scoring matrix for you to use during the webinars. This should be completed later today. I will provide a further explanation on the matrix when it is sent.

If you cannot make the meetings, and have not already informed us, please let me know. Also, if you haven’t received the two webinar invitations from the Academy IT team, again, please let me know. They went out to all of you over a week ago.

Finally, please be patient with all of us on staff this week. This is our move week and the offices are a mess!!! J

Have a great day.

Paul

2961. FW: CAND Orange District 50th Anniversary Invite.

Attachment:

Hello Lucille and Donna,

We received an invitation below from the California Academy of Nutrition and Dietetics Orange District for you to attend its 50th Anniversary celebration on February 11, 2017. They have also provided an option to write a message regarding the 50th Anniversary to include in a memory book, in the event you are not able to attend. As you know, according to policy, BOD representation at affiliate meetings is funded by the host affiliate; however before reminding the CAND Orange District about the policy, I wanted to get your thoughts, being sensitive that district associations often have limited funds.

Since this conflicts with the NAFEM awards event Lucille is attending on February 9-11, and given the financial costs to the district for Donna to attend, what are your feelings on instead providing a memory book message, which we would be pleased to draft for you?

Best regards,
Joan

Dear Lucille and Donna,

CAND Orange District is Celebration its 50th Anniversary on February 11, 2017.

We are inviting and honoring all past presidents for their dedicated services. We are also honoring one of our founder and other 50 years board member with lifetime honorary membership with district.

You are cordially invited!

If you are not able to make Orange District request you all to write a message on 50th Anniversary which we plan to include in memory book.

Please confirm this email and provide needed.

Amy and Ruth I am hoping you can join us for sure.

Sincerely,

Sangeeta Shrivastava (PhD, RDN)

Subject: Update: Living Well Community Innovation Project

Hi Living Well team,

I hope this email finds you well! On behalf of Marcie Garza and Tracey Bates, I wanted to share an update on the Living Well Community Concept innovation project. Donna Martin was able to connect with the folks at Let's Move!, and at this time they are unable to commit to a partnership because of the uncertainty surrounding the future of Let's Move! given the election results. There may be opportunities for future collaboration down the road, but for now we will have to wait and see.

Because of this, the Second Century team has proposed a merger between the Living Well Community Concept and RDN in Every School project teams. Marcie and Tracey would like to invite the members of the Living Well Campus team to join forces with the team working on the RDN in Every School initiative. That team, led by Tracey, has a defined project outline but would appreciate a larger group to provide insights and thought leadership to further develop the concept note.

Please reply to this email as soon as possible to let me know one way or the other if you are interested in staying on the team as it merges with RDN in Every School.

In the meantime, I will be forwarding an email from Tracey that includes some background information on the project. Immediate next steps are as follows:

- Respond to the Doodle poll to indicate your availability for a team call.

- Take a moment to review the draft logic model and initiative template for the RDN in Every School concept and provide edits or comments using track changes by Monday, 12/5 at 12:00 pm ET if possible.

- o By end of day on 12/5, Tracey will be sending the updated template to the Second Century team for input and review.

Please let me know if you have any questions!

Thanks,

Nicci

ON THE PULSE OF PUBLIC POLICY

Last Chance: Senators Need to Support the Diabetes Commission Today

Congress is back from its Thanksgiving recess and the Senate has a very limited opportunity to pass H.R. 1192, the National Clinical Care Commission Act. This bill ensures registered dietitian nutritionists have a seat at the table in guaranteeing that federal programs provide the most efficient and effective care for people with diabetes and related diseases. Your senators must hear from you about the importance of passing this bill before the end of the year.

[Learn More](#)

Reduce Impact of Lead Exposure: Congress Set to Require RDNs' Expertise

Academy members have been leading efforts to address the water crisis in Flint, Mich., and our leadership has been recognized in Congress. The Water Infrastructure Improvements for the Nation (WIN) Act provides critical investment in the country's aging potable water systems, in part by establishing an advisory committee that specifically includes registered dietitian nutritionists. The bill is expected to pass, and the advisory committee will review research and best practices to mitigate risks of lead exposure for communities nationwide.

Members Host Congressional Staff to Highlight Nutrition Education

Academy members Erin Braunscheidel Duru, MHS, RDN, from the Food Supplement Nutrition Education division at the University of Maryland Extension; and Marla Caplon, RDN, director of nutrition services at Montgomery County, Md., schools, recently hosted three staff members from the House Committee on Agriculture at a Montgomery County elementary school. The Academy members immersed the committee's staff in the effective nutrition education and promotion initiatives delivered through SNAP-Ed, Team Nutrition and Farm to School; these federally funded mechanisms provide jobs for thousands of Academy members.

ACADEMY MEMBER UPDATES

Academy in the News

The Academy works with the news media to raise public awareness of the Academy, the important contributions of Academy members, scientific research published in the *Journal of the Academy of Nutrition and Dietetics* and the importance of healthful nutrition for everyone. View a selection of recent media coverage of the Academy from some of the country's top media outlets.

[Learn More](#)

On Sale Now: *Journal's* 2017 Eat Right Calendar

Celebrate the New Year all year with 12 months of food-related photos taken by your colleagues. The 2017 Eat Right calendar, published by the *Journal of the Academy of Nutrition and Dietetics*, features photos with a vintage feel as well as photos with a nod to the past to celebrate the Academy's centennial. All photos were taken by finalists in the annual *Journal* photo contest. The calendar includes dozens of important dates for nutrition and dietetics practitioners. The cost is \$8.99 (shipping included). A 10 percent discount is available for purchases of 10 to 100 calendars.

Supplies are limited. Call the Academy's Member Service Center at 800/877-1600 ext. 5000. This offer ends December 29.

View Webinar: National Campaign and Social Media Guidelines

The recorded National Campaign and Social Media Guidelines webinar is now available for viewing. The webinar shows members how to be engaged in the Academy's election process by providing details and clarification regarding the guidelines.

[Learn More](#)

Submit National Honors and Awards Nominations

Do you know an outstanding role model who has advanced the nutrition and dietetics profession, exhibited leadership and shown devotion to serving others in both dietetics and allied fields? Recognize their contributions by nominating them for an Academy National Award. Submit an intent to nominate by January 15, 2017. Award recipients will be announced in May and recognized at the Food & Nutrition Conference & Expo.

[Learn More](#)

Simplify Your Membership Renewal

Enroll in the Academy's auto-renew program to automatically charge your credit card annually (on or around March 15) and renew your membership, including DPGs, MIGs or other Academy groups. Select "Billing Preferences" from the My Account tab on the My Academy toolbar of eatrightPRO.

[Learn More](#)

Apply to Join Academy's Spokesperson Program

The Academy is seeking outgoing, knowledgeable registered dietitian nutritionists with experience working with the news media to apply to join the Academy's Spokesperson Program. Members who have been RDNs for more than five years and have at least two years of media experience are encouraged to apply. Numerous topic areas and geographical markets are available. The application deadline is February 6, 2017.

[Learn More](#)

ACADEMY FOUNDATION NEWS

We Care, We Give, We Make a Difference

The Foundation is the only charitable organization exclusively devoted to nutrition and dietetics and does not receive a portion of any member's dues. The success and impact of its programs and services are attributed to the generous support of donors who have helped the Foundation become a catalyst for members and the profession to come together and improve the nutritional health of the public.

All,

Maria has pointed out to me that the webinar information is different on each of the two days. Therefore, I am resending the agenda. You will see before each day the correct webinar information.

Paul

From: Paul Mifsud

To: Paul Mifsud; 'Garner, Margaret'; 'Jojo Dantone'; 'kay_wolf@columbus.rr.com'; 'Jean Ragalie-Carr'; DMartin@Burke.k12.ga.us; 'Dianne Polly'; 'Manju Karkare'; 'Amanda Jones'; 'Ksauer@ksu.edu'; 'Marty Yadrick'
Cc: Christian Krapp; Maria Juarez; 'carole.clemente@rosedmi.com'; Dante Turner; Joan Schwaba; Mary Beth Whalen; Patricia Babjak; Singerman, Carol
Subject: Investment RFP meetings next week

All,

The Investment RFP meetings are set for next week. I am attaching an agenda for both days. I narrowed down the presenters to four;

A. December 14th

1. 8:30 Northern Trust
2. 9:30 Ameriprise

B. December 15th

1. 8:30 Dimeo Schneider
2. 9:30 Segall, Bryant and Hamill

My hope was to narrow it down to three. However, many of the investment RFP responses provided a similar proposal. In most cases, the respondents proposed investing in mutual funds, ETFs, and sprinkled in a few hedge funds for good measure. This is not a bad strategy. However, it is different than what is provided by Segall, Bryant and Hamill. Segall, Bryant and Hamill has invested directly in equities and bonds. Occasionally, they would venture into a mutual fund or ETF. So, I decided we should have two respondents that reflect our current strategy (SBH and Ameriprise) and two that do not (Northern Trust and Dimeo Schneider). Keep in mind that one of the key components of the RFP responses was *"....the strategy is just an example, once chosen as the management team, we will work with you to develop the right strategy for the organization"*. The only one who didn't have to respond in this fashion is Segall, Bryant and Hamill since they work with us already.

Each of the RFP responses have been posted to the portal. Maria will send to you a verification email this morning. There is a great deal of information in the RPFs. I will provide to you some "high-level" data points to help frame the decision. In addition, each of the finalists have been asked to provide to us a "high-level" presentation/summary of the RFP. I am anticipating no more than 35-40 minutes with the opportunity for questions for each one. If we don't have any questions, we may be done before 10:30 each morning.

I am also finishing up a scoring matrix for you to use during the webinars. This should be completed later today. I will provide a further explanation on the matrix when it is sent.

If you cannot make the meetings, and have not already informed us, please let me know. Also, if you haven't received the two webinar invitations from the Academy IT team, again, please let me know. They went out to all of you over a week ago.

Finally, please be patient with all of us on staff this week. This is our move week and the offices are a mess!!! J

Have a great day.

Paul

[Agenda December 14-15, 2016.doc](#)

All,

The Investment RFP documents are loaded in the portal for the meetings scheduled for December 14 – 15, 2016. I am attaching a revised agenda for both days.

The Meeting number and Conference code for December 14, 2016 – changed.

- **The meeting Number: 747512982**
- **The new Conference code 6787833144# - the Call in number is the same.**

A. December 14th

1. 8:30 Northern Trust
2. 9:30 Ameriprise

B. December 15th

1. 8:30 Dimeo Schneider
2. 9:30 Segall, Bryant and Hamill

Please let us know if you have any difficulties accessing the portal documents.

Hi Linda, Mary Pat, and Donna,

Please see a sample attached letter by President Tammy Beasley, AL Dietetic Association, with the same message sent to offices of our 2 US Senators and 7 US Reps.

Within one day we have heard from the following offices (I have included their names and emails if you all need this information).

Please keep Tammy in the loop as to what the next steps are and how we of the AL Dietetic Association can assist.

Warm regards,

Susan

Subject: Question

Good Morning Donna,

The Alabama School Nutrition Association is seeking support to nominate June B. Barrett for USDA Deputy Undersecretary for Food and Nutrition Service. If there is a possibility that The Academy would lend support to this nomination, that would be wonderful.

I understand that the SNA Legislative committee is having a conference call this afternoon to discuss nominees.

I am attaching a very brief summary of June's accomplishments. She is completing her updated Resume today.

Any suggestions you may have would be greatly appreciated!

Thanks,

Linda

Good morning all-

Due to the cost being over \$1500 (room rental and minimum F&B) for a meeting in the O'Hare area, please note that we will be hosting the January 16th meeting at the new HQ office (Suite 2190). We are in the process of reserving the Training room for the day and the Second Century staff will arrange for Lunch and Snacks to be brought in for the meeting.

Marty: Mary is working on securing you a room near the office for Sunday night per your travel needs to make the Monday morning meeting.

Donna: We are extending your CLL hotel stay to a Monday night arrival at Hyatt Place. We will arrange for you to have space to work from HQ on Tuesday if desired (or you can work from the hotel which is a few blocks from the office).

Katie and Alison: If you have any hotel needs, please let Mary know so she can assist!

Thanks everyone!

Diane

Public Policy Workshop 2017 - Save the Date!

We know you have been waiting for information about the **2017 Public Policy Workshop** – please save **June 25 - 26, 2017** for this exclusive event!

The Academy is pleased to continue to offer scholarships for the Public Policy Coordinator (PPC) in each affiliate and the Policy and Advocacy Leader (PAL) for each DPG/MIG. More information will be provided regarding the PPC and PAL scholarship in the near future. We look forward to seeing you in Washington, D.C. in June!

Public Policy Strategic Measures Results Webinars for Affiliates, DPGs and MIGs

We have started communicating the advocacy engagement score results to specific groups. Meetings have been scheduled with 34 affiliates, 18 DPGs and 1 MIG during the December. Email requests were sent to the affiliate (president, president-elect and public policy coordinator) and the DPG/MIG (chair, chair-elect and policy and advocacy leader) last week with scheduling information.

Specific webinars for the affiliates and the DPG/MIGs have been scheduled. During the webinar we will:

Review the measures and goals

Review the final engagement scores for affiliates for the time period June 1, 2015 through May 31, 2016

Review how to interpret the base line data

Share steps for increasing scores for the time period June 1, 2016 through May 31, 2017

Share successes and best practices

Registration is open for each webinar.

DPG and MIG Leaders: Tuesday, December 13, 2016 at 2 – 3 p.m. (Eastern Time)

Click here to register for the DPG and MIG Strategic Measures Webinar.

Affiliate Leaders including public policy panel members: Wednesday, December 14, 2016 at 2 – 3 p.m. (Eastern Time)

Click here to register for the Affiliate Strategic Measures Webinar.

All DPG, MIG and affiliate policy leaders should attend (*please make sure at least one person from your DPG or affiliate participates*). The webinars will be recorded and posted to the Public Policy Panel COI for future viewing.

Child Nutrition Reauthorization Negotiations Update

Senator Roberts (Kan.), Chairman of the Senate Agriculture Committee, released this statement indicating that child nutrition reauthorization negotiations have come to an end for the 114th Congress. The Academy and its members worked tirelessly to reauthorize these programs in the 114th Congress. We are unbelievably grateful for your tireless advocacy for these programs. You all have been leaders activating your networks within the Academy, writing opinion editorials, speaking directly with your members of Congress on the merits of these programs during PPW. Thank you!

A special thank you to the Academy's Child Nutrition Reauthorization Work Group, and the dietetic practice groups that supported them in developing the Academy's recommendations for child nutrition reauthorization. We will continue to need your voice and advocacy as we look to protect the investments in the health of our children in the coming years. If you have any questions, please email Jennifer Folliard

Congress Set to Pass Law Requiring Dietitians Expertise to Reduce Impact of Lead Exposure

Academy leaders have been leading state and national efforts to address the Flint water crisis. Their leadership has been recognized by many, but this week it was recognized in the halls of

Congress. The Water Infrastructure Improvements for the Nation Act (the WIIN Act), which is set to pass in Congress, provides critical investment in the country's aging drinking water system establishes an Advisory Committee, which specifically includes dietitians. This Advisory Committee will review research and best practices on lead prevention with the aim of mitigating the risks of lead exposure for communities nationwide.

Senate Set to Vote on 21st Century Cures Act

This week, the Senate is set to vote on passage of the 21st Century Cures package, after passing a procedural vote on Monday evening. The legislation includes funding for combating the opioid epidemic, investing in the Vice President's Cancer Moonshot Initiative, advancing research on brain disorders such as Alzheimer's, understanding mental health issues, and ensuring that the FDA incorporates patients' voices into the decisions they make as they develop drugs. The Academy will update the website with more detailed information on the legislation in coming days.

Congress to Begin Debate on Spending Measure

With the Republicans set to control both chambers of Congress and the White House come January, Republican leaders in Congress are poised to pass another short-term spending bill to keep the government funded when the current bill runs out on December 9. The new short-term spending bill, known as a Continuing Resolution or CR, will fund annually-appropriated programs likely through April 28, 2017. Passing another CR will allow the Republicans to avoid having to negotiate with Democrats in Congress and President Obama in the lame duck session and allow President-elect Trump to have input in FY17 spending plans. The Academy will update the website when the bill text is introduced.

Action Alerts Remain Open – We need a United Voice!

The National Clinical Care Commission Act and Treat and Reduce Obesity Act action alerts will remain open until December 16. We continue to need your voice on Capitol Hill! Please send the following message to your membership this week.

Dear Colleague,

Please send your members of Congress letters urging them to support the Academy's legislative priorities important to our profession. Please ask your members of Congress to:

- 1. Support passage of the National Clinical Care Commission Act which would give registered dietitian nutritionists a seat at the table to ensure that federal programs provide the most efficient and effective care for individuals with diabetes and related diseases.*
- 2. Support passage of the Treat and Reduce Obesity Act which would effectively treat and reduce obesity in older Americans by increasing Medicare beneficiaries' access to qualified practitioners, such as Registered Dietitian Nutritionists.*

Please use one of the preferred web browsers to take action: Google Chrome, Firefox or Safari.

We are counting on you, please take action today!

Your RDN friend,

Insert your name and title

Insert your affiliate or DPG name

Alert Reports

The reports of the number of Academy members by state who have responded to the two action alerts will be posted in the Public Policy Panel COI tomorrow. The detailed reports for the affiliate public policy coordinators will also be posted to the public policy coordinator community of interest.

Public Policy Forum: Building Connections with State Legislators during a State Legislative Day

Hear from policy leaders who have worked effectively to build working relationships with state legislators. The speakers for the forum are Nebraska Academy public policy coordinator, Heidi Wietjes MS, RD, LMNT, LD and Utah Academy state policy representative Wendy Phillips MS, RD, CNSC, CLE, FAND. Please join us for the Public Policy Open Forum scheduled for **Tuesday, 20, 2016 from 2 – 3 p.m. (Eastern Time)**.

Register today for the Public Policy Open Forum . All DPG, MIG and Public Policy Panel leaders should attend (*please make sure at least one person from your DPG or affiliate participates*).

February 2017 Quarterly Advocacy Day – Save the Date!

The Academy will host its second quarterly advocacy day on February 27th in Washington, D.C. in collaboration with the Obesity Care and Advocacy Network (OCAN). We will be hosting a Congressional briefing and conducting meeting with members of Congress to discuss stigma and obesity treatment. Hill visit teams will consist of patient advocates, health care professionals, researchers and representatives from interested organizations. While members local to the D.C. area are encouraged to attend, the event is open to **all** Academy members and there is no charge to participate. Watch for more information in the coming weeks.

Child Nutrition Reauthorization Negotiations Update

Senator Roberts, Chairman of the Senate Agriculture Committee, released this statement indicating that child nutrition reauthorization negotiations have come to an end for the 114th Congress. The Academy and its members worked tirelessly to reauthorize these programs in the 114th Congress. The fate of the programs will be up to the new Congress and new Administration. For now the programs will continue on as is.

We are unbelievable grateful for your tireless advocacy for these programs. You all have been leaders activating your networks within the Academy, writing opinion editorials, speaking directly with your members of Congress on the merits of these programs during PPW. Thank you! A special thank you to the Academy's Child Nutrition Reauthorization Work Group, and the dietetic

practice groups that supported them in developing the Academy's recommendations for child nutrition reauthorization. We will continue to need your voice and advocacy as we look to protect the investments in the health of our children in the coming years.

Chairman Roberts' Statement on Child Nutrition Reauthorization Negotiations

Dec 06 2016

WASHINGTON, D.C. – U.S. Senator Pat Roberts, R-Kan., Chairman of the Senate Committee on Agriculture, Nutrition and Forestry, today released the following statement on the status of efforts to complete reauthorization of child nutrition programs.

"Today is a day I hoped would not come," Roberts said. "I'm very disappointed that the bipartisan, bicameral Child Nutrition Reauthorization negotiations have come to an end for the 114th Congress.

"I'm proud of the commonsense reforms and the bipartisan strides we have made in the majority of the programs. However, we are nearing the end of this legislative calendar, and we have not been able to overcome minority objections and additionally those in the House.

"Though our Committee passed a good, bipartisan bill – something no one said we could do – it wasn't enough for some. I'm proud to say the Agriculture Committee conducted this reauthorization process in an open and transparent manner that listened to all stakeholders, including schoolchildren. We wrote a well-balanced bill that increased program integrity, flexibility, efficiency, and effectiveness.

"Since that bill was passed by our Committee, we have been working to find an agreement with our colleagues in the House and the minority members of the Senate who halted the bill's progress. In the end, we were not able to reach a bipartisan, bicameral compromise. It is unfortunate that certain parochial interests and the desire for issues rather than solutions were put ahead of the wellbeing of vulnerable and at-risk populations and the

need for reform.

“When first considering this bill, I made it a priority to eat lunch with schoolchildren and to listen to school food service directors all across Kansas. They needed this bill.

“This is a lost opportunity to help hungry children and struggling schools. In addition, these programs will be vulnerable to attack without a reduction in the current error rates.

“As chairman of the Committee, I remain committed to continuing to look for ways to increase integrity within the program and to provide flexibility to local school and summer meal program operators.”

The Senate Committee on Agriculture, Nutrition, and Forestry held a hearing in May 2015 and unanimously approved the Improving Child Nutrition Integrity and Access Act of 2016 in January.

Credential Opportunity for your Employees Nutrition and Dietetic Technician Registered (NDTR)

Are you interested in helping your employees advance themselves professionally? Individuals who have successfully completed both a bachelors degree and an Accreditation Council for Education in Nutrition and Dietetics (ACEND) accredited Didactic Program in Dietetics (DPD) are eligible to take the Registration Examination for Dietetic Technicians without meeting additional academic or supervised practice requirements. Once credentialed, these individuals would be required to comply with CDR professional development/recertification requirements and the Code of Ethics for the Profession of Dietetics and the Standards of Practice.

HOW TO TAKE THE REGISTRATION EXAMINATION FOR DIETETIC TECHNICIANS

If you have an employee who has met eligibility requirements, but is not yet eligible with CDR, they should contact the current program director from their ACEND accredited DPD to pursue the application process for submission to CDR. Candidates who are already eligible for the examination for dietetic technicians would have received an Authorization to Test email from CDRs testing vendor Pearson VUE. This email contains information on scheduling their examination.

Candidates approved for registration eligibility are authorized to test for one year at a time. The one-year authorization period is indicated in the Authorization to Test email. If the candidates one-year authorization period has expired, they should contact CDR for reauthorization. If the candidate has misplaced their Authorization to Test email or would like to schedule their examination by phone, they can contact Pearson VUE at 888-874-7651.

NDTR Credential Option

In July 2014, the Academy of Nutrition and Dietetics Board of Directors approved the optional use of the credential Nutrition and Dietetics Technician, Registered (NDTR) by DPD graduates who have successfully completed DT Pathway III requirements. This new credential option builds upon the existing DT Pathway and differentiates between degree levels to obtain the credential Nutrition

and Dietetics Technician, Registered (PhD-, MS-, BS- or AS-NDTR). Please access the New NDTR Credential Title Option Information page on CDRs website for additional information.

A communication from Mary Gregoire, PhD, RD, Executive Director of the Accreditation Council for Education in Nutrition and Dietetics follows below.

Best regards,
Joan

Joan Schwaba, MS, RDN, LDN

Director, Strategic Management
Academy of Nutrition and Dietetics

+++++

Greetings from ACEND,

The Accreditation Council for Education in Nutrition and Dietetics (ACEND[®]) is writing to keep you informed of our standards development work. ACEND has **extended the deadline for public comments** on the proposed *Future Education Model Accreditation Standards* in September until **December 30, 2016**. Comments can be made at:
<https://www.surveymonkey.com/r/FEMComments>.

A copy of the **December Standards Update** is posted on the ACEND Standards webpage www.eatrightacend.org/ACEND/Standards. The December **Update** includes a summary of the issues raised during the Educator's Round Table discussions at FNCE.

Please share this information with your constituents/colleagues. If you or they have questions, please send them to acend@eatright.org or call 312-899-4872, so we can respond to them. Future editions of the monthly update will include these questions and an ACEND response.

Thank you.

Mary Gregoire, PhD, RD

ACEND Executive Director

2984. Follow up for FNCE Keynotes

From: Diane Enos <denos@eatright.org>

Hi Donna-

Thank you for the conversation a week or so ago about the FNCE 2017 keynote speakers. Since we are about 11 months out from the meeting, I wanted to circle back and see what I can do to start helping to secure the desired direction of the speakers at the meeting. If there is anything I can do to move anything forward or do some outreach, framing of an email draft if you wanted to reach out to any of your contacts, etc please just let me know.

Diane

Commission on Dietetic Registration - Weight Management Programs

Having trouble viewing this e-mail? View it in your browser.

Credential Opportunity NDTR

Did you know that students who have completed either an ACEND accredited Coordinated Program (CP) or Dietetic Internship (DI) are also eligible to take the registration examination for dietetic technicians? If you have not been successful in completing the registration examination for dietitians, the nutrition and dietetics technician, registered (NDTR) or dietetic technician, registered (DTR) credentials may be the right fit for you. Earning the NDTR or DTR credential allows you to take the next step in advancing yourself professionally and demonstrates that you have:

- successfully completed a credentialing examination,
- agreed to abide by a professions Code of Ethics, and
- are committed to life-long-learning by completing specific recertification requirements.

HOW TO TAKE THE REGISTRATION EXAMINATION FOR DIETETIC TECHNICIANS

Individuals who have completed accredited CP and DI programs (and are eligible to take the examination for dietitians) should contact CDR directly to request authorization to take the examination for dietetic technicians. Candidates do not need to submit additional eligibility documentation. After contacting CDR to request eligibility, candidates will receive an Authorization to Test email from CDRs testing vendor, Pearson VUE, allowing them to schedule their examination.

A communication from Mary Beth Whalen follows below.

Best regards,

Joan

Joan Schwaba, MS, RDN, LDN

Director, Strategic Management

Academy of Nutrition and Dietetics

+++++

To the Academy's and Foundation's Boards of Directors:

As you know, the Academy will begin our Second Century in a (slightly) new home. I am pleased to tell you that our Headquarters Team will complete our move at the end of this week to the 21st floor of our building at 120 South Riverside Plaza.

Effective Monday, December 12, our new offices will be in Suite 2190 – one floor up from our current location. To accomplish the final stages of the move, including the relocation of computers, phones and other equipment, the Academy's Chicago offices will be closed on Friday, December 9, and will reopen for business on Monday.

During the weekend switchover, the Academy's email servers as well as our websites eatright.org, eatrightPRO.org and eatrightSTORE.org will operate normally. The telephone system and the websites of ACEND and CDR will be unavailable during this time but will be accessible by Monday morning.

The move will result in direct cost savings to the Academy in office space and furniture. We will also receive tax benefits from the donation of much of our office furniture, supplies and other materials to organizations and agencies including the Chicago Public Schools, Kids in Need, Chicago Food Depository, Open Books, American Red Cross, a nursing home, a child care center and other entities.

Please join me in thanking our Headquarters Team for a smooth transition as we have packed up our entire operation during the past several weeks while still conducting the Academy's business and member service without interruption. We can't wait for you to visit our new home – on the 21st floor for the 21st Century! Please contact me with any questions.

Best regards,

Mary Beth

Hello everyone:

Please note that there has been a change to the login information for Wednesday's Associate Membership Category webinar.

New information:

Join WebEx meeting

Meeting number: 740 551 037

Meeting password: MSAC

You will listen to the webinar via your computer speakers/headset (no phone line).

During the webinar, questions may be typed into the WebEx chat box. Questions will be answered at the end of the webinar. As noted previously, we will be recording the webinar for those who

cannot attend the live event.

For your convenience, I have attached a troubleshooting WebEx document for common issues.

Please reach out to Anna Shlachter ashlachter@eatright.org for questions prior to the webinar.

Subject: HOD Associate Membership Category Webinar Invitation- Wednesday, December 7 at 11:00 am CT

Date:

December 1, 2016

To:

Academy Board of Directors

From:

Linda Farr, Speaker of the House

Subject:

HOD Associate Category Webinar

The Member Services Advisory Committee (MSAC) has recommended to the House of Delegates that the qualifications for membership in the Academy's Associate category be updated. A webinar is being offered so delegates can learn more about the MSAC proposal, which includes aligning the Associate category's dues structure and educational qualifications with the Academy's other membership categories as well as including additional professionals in the category. We wanted to extend the invitation for the webinar to the Board of Directors; and we hope you will consider joining us on Wednesday, December 7 at 11:00 am CT.

Below is information for the event:

You will use both WebEx and a conference call line for this event.

Click the link below on December 7 at 11:00 am CT

We are deeply saddened to inform you of the death of Pat's father, Ivan Kralik, who passed away today at the age of 96. Our heart goes out to Pat and her family during this very difficult time. There will be a private funeral service and mass for family at St. Mary's church in Riverside, IL. Condolences may be forwarded to the Academy headquarters office, 120 S. Riverside Plaza, Suite 2000, Chicago, Illinois 60606-6995.

Regards,

Joan

2991. 2017 NDEP Regional Meetings Save the Date!

From: ndep@eatright.org
To: DMartin@Burke.k12.ga.us
Sent Date: Dec 05, 2016 15:12:56
Subject: 2017 NDEP Regional Meetings Save the Date!
Attachment: [unknown_name_eywpl](#)

Dear NDEP Members,

We are proud to announce the upcoming 2017 Spring Regional Meeting locations and dates! Online registration will be available in January 2017 so stay tuned for more information. Our goal is to present the same NDEP and Academy organizational unit information at each meeting. Members are always welcome to attend the regional meeting of their choice.

Request for "Best Practices" -

Do you have an innovative teaching approach, or teach an unusual topic in dietetics? Does your program have a unique design? Have you found a solution to problems other directors or preceptors struggle with? We have 4-5 opportunities for members to give a short presentation (20-30 minutes each) about their best practices at each regional meeting. To submit a "Best Practice," please fill out the attached 1-page form and send it to the appropriate regional coordinator **by January 9, 2017**. You will be notified if accepted by **Feb. 10, 2017**.

Western

Asilomar, CA, March 12-14, 2017

We are looking forward to seeing everyone at the 2017 Western Region Nutrition and Dietetic Educator and Preceptor (NDEP) meeting at Asilomar, CA. Mark your calendars for Sunday, March 12th - Tuesday, March 14th, 2017! The beautiful rustic cabins along the Pacific Ocean provides a wonderful setting to reconnect with fellow professionals and friends. To submit a "Best Practice," for the western region, please fill out the Best Practices form and send it to buchan@csus.edu.

Central

Louisville, KY, March 30-31st, 2017

We are looking forward to seeing everyone at the 2017 Central Region Nutrition and Dietetic Educator and Preceptor (NDEP) meeting in Louisville, KY. The meeting will be held at the Hyatt Regency, located in downtown Louisville. Mark your calendars for Thursday, March 30th – Friday, March 31st, 2017! To submit a "Best Practice," for the central region, please fill out the Best Practices form and send it to peggy-turner@ouhsc.edu.

Eastern

Baltimore, MD, April 20-21st, 2017

We are looking forward to seeing everyone at the 2017 Eastern Nutrition and Dietetic Educator and Preceptor (NDEP) meeting in Baltimore, MD. The meeting will be held at the Embassy Suites by Hilton Baltimore Inner Harbor, which is conveniently located to many of Baltimore's great attractions. Mark your calendars for Thursday, April 20th – Friday, April 21st, 2017! To submit a "Best Practice," for the eastern region, please fill out the Best Practices form and send it to amburda@mail.wvu.edu

To: Martha Ontiveros; jean.ragalie-carr@dairy.org; carole.clemente@dairy.org; DMartin@Burke.k12.ga.us; Susan Burns
Subject: Personal Service Plan - Donna Martin
When: Monday, December 05, 2016 10:30 AM-11:00 AM (UTC-06:00) Central Time (US & Canada).
Where: Call-in #: 1-866-477-4564 (US) - Conference Code #: 824 097 8145

To: Donna Martin

Moving the call to 10:30 am on December 5, 2016 to discuss your plan and anticipate no more than 30 minutes of your time.

Thank you for your support of the Academy of Nutrition and Dietetics Foundation through your service on the Foundation's Board of Directors. Each year, the Foundation develops personal service plans as a starting point for how we can make your time on the Board meaningful while fulfilling the mission and vision of the Foundation. A draft of this plan, which serves as a starting point of discussion, is attached. I have also asked Susie Burns to join us for the call.

Hi everyone,

Please see below and attached from Tracey. The email and attachments include some background information on the RDN in Every School project. As a reminder, immediate next steps are as follows:

- Respond to the below Doodle poll to indicate your availability for a team call.
- Take a moment to review the draft **logic model** and **initiative template for the RDN in Every School** concept and provide edits or comments using track changes by Monday, 12/5 at 12:00 pm ET if possible.
- o By end of day on 12/5 (today), Tracey will be sending the updated template to the Second Century team for input and review. We will have an opportunity to update this again after receiving input from the Second Century team.

Please let me know if you have any questions!

Thanks,

Nicci

Subject: Review concept paper, Schedule call: RDN in Every School

Hi everyone,

I hope you are all doing well and had a wonderful Thanksgiving. I wanted to follow up to see if we could schedule some additional calls soon to follow up on action items, work on the concept proposal and identify next steps.

•Please use the link below to respond to a Doodle poll regarding your availability.

<http://doodle.com/poll/ndqsrbc5qh4yqucm>

We also have some new team members (listed in the attached document) and the potential for more. The Living Well on Campus team will not be able to move their concept forward at this time. Individuals from that team may have valuable insight and expertise to offer to our team. We would like to extend an invitation to them to join our RDN in Every School team if they are interested and available. If you have any questions or concerns regarding this, please let me know. Also if you have suggestions of others who would be fantastic for our team, please pass along their names and contact info.

A Second Century update email was recently sent to everyone.

•Please put the following dates on your calendar:

Concept paper draft due - December 5

Concept paper 2nd draft due - January 9

Webinar for Second Century participants - January 12, 11 am CT

We received a new form from the Second Century team to input information about the RDN in Every School project: description, objectives, anticipated outcomes, impact measures, collaborators, funders, success factors, etc. I have been working to add content to the form based on our discussions and research done by team members. Please note that currently the concept and logic model focuses on the work of the RDNs in schools. Additional research is being done regarding the aspect of a certificate of training, specialist certification, teaching license, etc. We can add to this piece once we have this information. Questions for the team: should we include RDNs assisting with students who require dietary modifications while at school? Should we include RDNs providing medical nutrition therapy to students or school employees? Once we have some answers to these questions and the additional information on professional development we can complete the sections of the form on key actions (major tasks, milestones) and resources (staff, budget, etc.) needed.

•Please review the attached draft concept paper and logic model. Provide edits or comments using track changes by **12 pm ET, December 5**. If you have time to review and edit sooner, please feel free to do so. Any and all suggestions are welcome. If you do not have any edits or comments at this time, please simply reply letting me know.

In addition to the concept proposal and logic model, the previous version of the project summary is attached along with notes from our calls. The concept paper and logic model drafts have been saved to the Google folder. I will resend the link in a separate email. Additional resources have been added to the folder that may be of assistance: minutes from last call; EB4K with Play logic model; CDC School Health Guidelines; Whole School, Whole Community, Whole Child Model info; Every Students Succeed in School Act info; joint letter from U.S. Department of Education and U.S. Department of Health and Human Services; DINE for LIFE SNAP-Ed in schools fact sheet,

environmental and policy change component, curriculum outline, impact report; Academy Certificate of Training in Public Health Nutrition outline; etc.

- Please look for the Google invitation email(s) and review the resources available.

I look forward to hearing from you and talking with you soon. Please let me know if you have questions or need further information. Thanks for your assistance and involvement!

Healthy regards,

Tracey Bates, MPH, RDN, LDN, FAND

Sent Date: Dec 05, 2016 09:30:37
Subject: Update: Living Well Community Innovation Project
Attachment: [image001.png](#)

Hi Living Well team,

I hope this email finds you well! On behalf of Marcie Garza and Tracey Bates, I wanted to share an update on the Living Well Community Concept innovation project. Donna Martin was able to connect with the folks at Let's Move!, and at this time they are unable to commit to a partnership because of the uncertainty surrounding the future of Let's Move! given the election results. There may be opportunities for future collaboration down the road, but for now we will have to wait and see.

Because of this, the Second Century team has proposed a merger between the Living Well Community Concept and RDN in Every School project teams. Marcie and Tracey would like to invite the members of the Living Well Campus team to join forces with the team working on the RDN in Every School initiative. That team, led by Tracey, has a defined project outline but would appreciate a larger group to provide insights and thought leadership to further develop the concept note.

Please reply to this email as soon as possible to let me know one way or the other if you are interested in staying on the team as it merges with RDN in Every School.

In the meantime, I will be forwarding an email from Tracey that includes some background information on the project. Immediate next steps are as follows:

- Respond to the Doodle poll to indicate your availability for a team call.

- Take a moment to review the draft logic model and initiative template for the RDN in Every School concept and provide edits or comments using track changes by Monday, 12/5 at 12:00 pm ET if possible.
- o By end of day on 12/5, Tracey will be sending the updated template to the Second Century team for input and review.

Please let me know if you have any questions!

Thanks,

Nicci

Subject: FW: WCPD9: Workshop Presentation and Draft Summit Statement

Dear Dr. Ibrahim,

On behalf of Lucille Beseler, thank you for the opportunity to review the draft summit statement *Global Status of Diabetes Prevention and Prospects for Action*. Although Lucille will be in attendance at the summit on Saturday, the Academy of Nutrition and Dietetics offers the following general comments for your consideration in advance of the meeting. We have also attached the Academy's Prevention of Type 2 Diabetes Evidence-based Nutrition Practice Guideline executive

summary, which can be found on our Evidence Analysis Library

<https://www.andeal.org/topic.cfm?menu=5344>. This document may provide additional insight for nutrition intervention.

We are aware there will be a second draft developed for review and we will be pleased to share more detailed comments at that time.

- Is the focus of the paper global or domestic?
- If it is a global statement perhaps it should address diabetes prevention in general, i.e., including other diabetes prevention strategies.
- Intervention is mentioned at the beginning of the paper, is this going to be addressed throughout?
- Who is the target audience, the general population, or those at increased risk for Type 2 Diabetes?
- Under the *Community design, built environment and food insecurity section*, perhaps policy issues can be addressed here.
- Has the initiative by the World Health Organization been considered? “The mission of the WHO Diabetes Programme is to prevent type 2 diabetes and to minimize complications and maximize quality of life for all people with diabetes. Our core functions are to set norms and standards, promote surveillance, encourage prevention, raise awareness and strengthen prevention and control.” <http://www.who.int/diabetes/en/>

Thank you again for including the Academy in the development of this important statement paper. We will be pleased to submit the paper for consideration for co-publication in our *Journal*, along with others including *Endocrine Practice*, *Diabetes Care* and *Diabetes and Metabolism*. We look forward to continued collaboration.

Best regards,
Joan

Subject: Summit , Global Status of Diabetes Prevention and Prospects for Action

Dear All ,

You are already invited to join the two hours summit to be held parallel to the 9th World Congress on Prevention of Diabetes and its Complications, Georgia World Congress Center , Room A406 , it should be on Saturday Dec 3rd 17.00 – 19.00 .

please find attached the first draft of the proposed statement to be discussed in our summit , kindly consider the following :

- this document is just a first draft subjected to changes and/or modifications , so please feel free to comment and suggest
- the statement should serve as an action plan , so we need to focus on the key factors , the specific actions and programs to prevent diabetes in a novel approach.
- you are more than welcome to send your comments in advance
- also those whom won't be able to attend , can still send their comments by e-mail , hopefully in advance

Best ,

Mahmoud Ibrahim , MD

Date:
December 1, 2016

To:
Academy Board of Directors
From:

Linda Farr, Speaker of the House

Subject:
HOD Associate Category Webinar
The Member Services Advisory Committee (MSAC) has recommended to the House of Delegates that the qualifications for membership in the Academy's Associate category be updated. A webinar

is being offered so delegates can learn more about the MSAC proposal, which includes aligning the Associate category's dues structure and educational qualifications with the Academy's other membership categories as well as including additional professionals in the category. We wanted to extend the invitation for the webinar to the Board of Directors; and we hope you will consider joining us on Wednesday, December 7 at 11:00 am CT.

Below is information for the event:

You will use both WebEx and a conference call line for this event.

Click the link below on December 7 at 11:00 am CT

Join WebEx meeting

Meeting number: 740 551 037

Meeting password: MSAC

Dial in using this number:

Call-in number: 1-866-477-4564

Conference Code: 255 641 4563

The webinar will also be recorded for those who cannot attend.

If you should have any questions, please contact Farr (linda.farr@me.com) or Anna Shlachter (ashlachter@eatright.org) 800/877-1600 ext. 4819.

FROM: Jean Ragalie-Carr

TO: Foundation BOD

Neva Cochran hosted a reception in her home on Thursday, December 1, 2016 to create some grassroots awareness and raise funds for the Academy and Foundation's Second Century Initiative. Thirty-eight Academy members and students from around the area attended. Neva expressed her appreciation for the Foundation and showed her commitment to the future by announcing that she and her husband, Don, were making a \$100,000 pledge toward the Second Century efforts. Thank you Neva and Don for this generous support!

Hi Donna,

A select group of staff finished a meeting with John Whalen yesterday regarding Second Century strategies to be recommended to the Board of Directors at the February meeting. I am reaching out to you to see if you would be available to come to Chicago for a follow-up meeting on Monday, January 16. Other participants will include Mary Beth, Diane, Paul, Katie, Alison, me, John Whalen and Ellie Moss. We are also inviting Marty as chair-elect of the Foundation. We want to walk through and discuss the presentation for the upcoming joint Foundation/Academy BOD retreat. We are hoping to meet at the O'Hare Hilton so that folks can fly in and out that day. Please let me know if January 16 works for you. Thank you!

Joan

Lisa has some really important questions outlined below and excellent comments threaded throughout the document. I hope both the comments and the questions are helpful to Lucille, Donna, Jo Jo and Marcy. If they would like additional support in preparing for the meeting definitely reach out to either Lisa or I.

If you would like me to put these comments more formally let me know but I wanted to be sure her concerns were in your hands ASAP.

Warm regards

Alison

Subject: RE: INPUT REQUESTED: Summit, Global Status of Diabetes Prevention and Prospects for Action

To: Alison Steiber <asteiber@eatright.org>

Hi Alison,

I inserted my comments throughout the paper (perhaps too many :/). I felt like it was all over the place. Is this going to be a multidisciplinary conversation, or are they attempting to represent the nutrition component? If it is supposed to be multidisciplinary view, ignore my comments on smoking and physical activity.

I was also confused if this is supposed to be global or national?? Seems primarily national.

They mentioned key components for intervention in the beginning – but then those components are forgotten about.

Also, who are they trying to target?? The general population or those at high risk?? Both are frequently mentioned.

Maybe these are all questions that will be addressed at the summit?? Yet, I think it would be more of a construction conversation if a few decisions were made prior??

Last but not least – what about the huge Diabetes Initiative that the WHO has started. Are they attempting to align with WHO? Complement WHO??<http://www.who.int/diabetes/en/>

Entirely possible I'm missing the big picture as I'm not sure how this originated.

Hope this helps, please let me know if there is anything else I can do.

Thank you,

Lisa

Subject: WCPD9: Workshop Presentation and Draft Summit Statement

I know you are coordinating your own presentations for the *Nutrition Impact on Diabetes Prevention: A view from schools, communities, and public policy* workshop on Friday. Tom and I are here to help you with your slides, if needed. Please let us know how we can assist.

As you know, on Saturday evening you are invited to participate in a summit on diabetes prevention from 5-7pm. The attached statement will be discussed at the summit and we have the opportunity to provide input in advance (please see email below from Dr. Ibrahim). I have sent the

statement to staff to provide comments and will share their input with you on Thursday. The statement will be considered for co-publication in our *Journal* and others including, *Endocrine Practice* (AACE), *Diabetes Care* (ADA) and *Diabetes and Metabolism*.

Also, I want let you know Dr. Ibrahim has invited you to attend dinner on Friday, December 2 at 8:15 PM and Saturday, December 3 at 7:30 PM at Sear restaurant located in the Atlanta Marriott Marquis hotel.

Best regards,
Joan

Subject: Summit , Global Status of Diabetes Prevention and Prospects for Action

Dear All ,

You are already invited to join the two hours summit to be held parallel to the 9th World Congress on Prevention of Diabetes and its Complications, Georgia World Congress Center , Room A406 , it should be on Saturday Dec 3rd 17.00 – 19.00 .

please find attached the first draft of the proposed statement to be discussed in our summit , kindly consider the following :

- this document is just a first draft subjected to changes and/or modifications , so please feel free to comment and suggest

- the statement should serve as an action plan , so we need to focus on the key factors , the specific actions and programs to prevent diabetes in a novel approach.
- you are more than welcome to send your comments in advance
- also those whom won't be able to attend , can still send their comments by e-mail , hopefully in advance

Best ,

Mahmoud Ibrahim , MD

3011. Reminder: Strategic Measures Report Review and Discussion Today

From: tnece@eatright.org
To: DMartin@Burke.k12.ga.us
Hidden recipients: dmartin@burke.k12.ga.us
Sent Date: Dec 01, 2016 10:31:31
Subject: Reminder: Strategic Measures Report Review and Discussion Today
Attachment: [unknown_name_tb8m8](#)
[unknown_name_l6hez](#)

Dear LPPC, ANDPAC and CPLS leaders,

Just a reminder that we are hosting a joint webinar for the LPPC, ANDPAC and CPLS today at 1:00 – 2:30 p.m. (Eastern Time). We will review the strategic measures data. The webinar will be recorded if you are not available to attend the live meeting.

Attached find two handouts, the slide presentation for the session today and the presentation with the strategic measures background information.

If you registered for the webinar, you received a link for the meeting. Here are the alternate directions for connecting to the webinar today.

Alternative Connection Option:

Since we realize that some email servers may block, or spam, the messages from WebEx, as a registered user for the event, you can connect 15 minutes prior to the event via an alternative pathway:

1. Go to **<https://eatright.webex.com/eatright>**
2. Under Meeting Center tab (upper left), browse meetings to find the **Strategic Measures Report Review and Discussion** meeting listed.
3. Select Join on the far right
4. It will have you enter your name, email and the event password. This password is case sensitive so you would enter the word ***policy (all letters are lowercase)***
5. Agree to allow it to connect to the audio conference and it will pull you into the event.

NEW! - Mobile Device Users:

You are welcome to connect via the free iTunes App Store or Google Play Store Cisco WebEx App. Be sure to download and install the free app. To connect, simply open the app and join the

event via Meeting Number by entering the following:

- Meeting Number: 810 023 377
- Meeting Password: ***policy (all letters are lowercase)***

If you have any questions, please let us know.

Best,

Teresa Nece, MS, RDN, LD, SNS

Director, Grassroots Advocacy

ON THE PULSE OF PUBLIC POLICY

Final Countdown: Tell Your Senators to Support Clinical Care Commission Bill

Now that Congress is back from Thanksgiving recess, the Senate has the opportunity to pass H.R. 1192, the National Clinical Care Commission Act. This bill gives registered dietitian nutritionists a seat at the table to ensure federal programs provide the most efficient and effective care for people with diabetes and related diseases. It is critical that your senators hear from you now about the importance of passing this bill before the end of the year.

Academy Promotes RDNs as Part of Team-Based Primary Care

To continue highlighting the value of registered dietitian nutritionists in primary care, the Academy

recently submitted comments to the Health Care Payment Learning and Action Network on the network's Primary Care Payment Models white paper draft. The Academy's comments provided evidence that cost-effective nutrition services provided by credentialed food and nutrition professionals are supported by future payment models. The Academy recently became a Committed Partner in the network, emphasizing the need to accelerate adoption of Alternative Payment Models that integrate food and nutrition professionals in the evolving health care system.

Good Morning Donna,

The Alabama School Nutrition Association is seeking support to nominate June B. Barrett for USDA Deputy Undersecretary for Food and Nutrition Service. If there is a possibility that The Academy would lend support to this nomination, that would be wonderful.

I understand that the SNA Legislative committee is having a conference call this afternoon to discuss nominees.

I am attaching a very brief summary of June's accomplishments. She is completing her updated Resume today.

Any suggestions you may have would be greatly appreciated!

Thanks,

Linda

Certificate of Training in Adult Weight Management Program

March 2-4, 2017 ~ Baltimore, Maryland

June 22-24, 2017 ~ Cincinnati, Ohio

September 29-October 1, 2017 ~ Phoenix, Arizona

Registration to Open March 2017

October 19-21, 2017 ~ Chicago, Illinois

November 15-17, 2017 ~ Orlando, Florida

Registration Fee: \$370.00

CPE Hours Awarded: 35

For registration information and to view the certificate requirements, timeline, registration deadlines and agenda:

<http://cdrnet.org/weight-management-adult-program>

Certificate of Training in Childhood and Adolescent Weight Management Program

March 23-25, 2017 ~ Hartford, Connecticut

September 7-9, 2017 ~ Memphis, Tennessee

Registration Fee: \$370.00

CPE Hours Awarded: 35

For registration information and to view the certificate requirements, timeline, registration deadlines and agenda:

<http://cdrnet.org/weight-management-childhood-adolescent-program>

Level 2 Certificate of Training in Adult Weight Management Program

Registration to Open March 2017

October 19-21, 2017 ~ Chicago, Illinois

Registration Fee: \$445.00

CPE Hours Awarded: 50

For registration information and to view the certificate requirements, timeline, registration deadlines and agenda:

<http://cdrnet.org/weight-management/level2>

Steps to earn certificate:

1. Register for a certificate program.
2. Read pre-work materials which include research articles, resources and activities.
3. Pass multiple choice pre-test with a minimum score of 80%. The questions are based on the pre-work readings.
4. Attend a 2 1/2 day on-site workshop where you can learn and network with peers.
5. Pass a take-home multiple choice post-test with a minimum score of 80%. The questions are based on the on-site presentations and pre-work readings.

[Click here](#) to view what previous participants have to say about the programs.

If you are unable to attend an on-site program, you may wish to consider one of our self-study modules. The modules are now available in paper and on-line versions. [Learn more.](#)

Public Policy Strategic Measures Results Webinars for Affiliates, DPGs and MIGs

The public policy strategic measures engagement scores for the time period of June 1, 2015 through May 31, 2016. are ready for release. The scores are baseline data for this time period. As a reminder, the Academy of Nutrition and Dietetics (Academy) has a portfolio of strategic measures that are used to evaluate progress towards the goals of the organization. Measuring engagement in our policy efforts serves as a useful way to demonstrate success and areas of opportunity based on the goals or activities that affiliates, DPGs and MIGs are asked to complete (e.g., taking action alerts, contributing to the Academy of Nutrition and Dietetics Political Action Committee (ANDPAC), and engaging in other advocacy activities at the state and federal level.)

We have started the process of communicating the advocacy engagement score results to specific groups. Currently, meetings are being scheduled with the affiliate, DPG and MIG leadership teams to share specific engagement score information with each group. Email requests were sent yesterday to the affiliate (president, president-elect and public policy coordinator) and the DPG/MIG (chair, chair-elect and policy and advocacy leader). Each leadership team has been asked to schedule a time to meet to review the engagement score for their specific group.

In addition, specific webinars for the affiliates and the DPG/MIGs have been scheduled. During the webinar we will:

Review the measures and goals

Review the final engagement scores for affiliates for the time period June 1, 2015 through May 31, 2016

Review how to interpret the base line data

Share steps for increasing scores for the time period June 1, 2016 through May 31, 2017

Share successes and best practices

Registration is now open for each webinar.

DPG and MIG Leaders: Tuesday, December 13, 2016 at 2 – 3 p.m. (Eastern Time)

Click here to register for the DPG and MIG Strategic Measures Webinar.

Affiliate Leaders including public policy panel members: Wednesday, December 14, 2016 at 2 – 3 p.m. (Eastern Time)

Click here to register for the Strategic Measures Webinar.

All DPG, MIG and affiliate Public Policy Panel leaders should attend (*please make sure at least one person from your DPG or affiliate participates*). The webinars will be recorded and posted to the Public Policy Panel COI for future viewing.

The attached Strategic Measures fiscal year 2017 handout provides an overview for affiliate, DPG and MIG leaders. If you need additional information about the strategic measures, the January 2016 webinar recording and handouts are posted in the **public policy panel community of interest (COI)**, library topic titled “Academy’s Strategic Measures for Public Policy”.

Public Policy Forum: Building Connections with State Legislators during a State Legislative Day

Hear from policy leaders who have worked effectively to build working relationships with state legislators. The speakers for the forum are Nebraska Academy public policy coordinator, Heidi Wietjes MS, RD, LMNT, LD and Utah Academy state policy representative Wendy Phillips MS, RD, CNSC, CLE, FAND. Please join us for the Public Policy Open Forum scheduled for **Tuesday, 20, 2016 from 2 – 3 p.m. (Eastern Time)**.

Register today for the Public Policy Open Forum. All DPG, MIG and Public Policy Panel leaders should attend (*please make sure at least one person from your DPG or affiliate participates*).

November 2016 Public Policy Open Forum Recording Available

The Public Policy Open Forum for November, “*Federal Public Policy and Legislative Update: Looking Forward to the 115th Congress*” was recorded. The recording is available in the library

topic Public Policy Forum and 2016 subtopic on the public policy communities of interest. All affiliate, DPG and MIG policy leaders should listen to the webinar.

Action Alerts Remain Open – We need a United Voice!

The National Clinical Care Commission Act and Treat and Reduce Obesity Act action alerts will remain open until December 16. We continue to need your voice on Capitol Hill!

Please send the following message to your membership this week.

Dear Colleague,

Please send your members of Congress letters urging them to support the Academy's legislative priorities important to our profession. Please ask your members of Congress to:

- 1. Support passage of the National Clinical Care Commission Act which would give registered dietitian nutritionists a seat at the table to ensure that federal programs provide the most efficient and effective care for individuals with diabetes and related diseases.*
- 2. Support passage of the Treat and Reduce Obesity Act which would effectively treat and reduce obesity in older Americans by increasing Medicare beneficiaries' access to qualified practitioners, such as Registered Dietitian Nutritionists.*

Please use one of the preferred web browsers to take action: Google Chrome, Firefox or Safari.

We are counting on you, please take action today!

Your RDN friend,

Insert your affiliate or DPG name

Action Alert Reports

The next reports will be posted by Friday, December 2. An email notice will be sent to the Public Policy Coordinators once reports are posted.

How to Hug a Porcupine: Relationship Building with Lawmakers & Why It's Important

Building relationships with elected officials can sometimes be difficult and uncomfortable. It forces you and your key stakeholders to get close to politicians in ways that may feel “prickly” – like hugging a porcupine. This program will help participants overcome that discomfort, revealing the methods and benefits for building relationships with elected officials. During this program, participants will learn:

- Who legislators listen to;
- Communication tactics that congressional staffers find most effective at informing decisions; and
- How to effectively engage lawmakers face to face in DC or in the district.

This program is based on exclusive and private surveys of congressional staff conducted by Congressional Management Foundation (CMF), available only to CMF's Partnership for a More Perfect Union. The Academy is a CMF partner. **The public policy leaders in affiliates, DPGs and MIGs are encouraged to participate in this webinar.** Join us for this webinar on **Wednesday, November 30, 2016** at 1:00 p.m. Eastern Time.

Register here! After registering, you will receive a confirmation email containing information about joining the webinar.

Attachment: [image001.jpg](#)
[image002.png](#)

The questions provided by Board members during open discussion following the Board dinner follow. I see only a couple for consideration and only if rephrased.

Open Discussion Question:

What are your suggestions for questions to be included in the future as we involve members in the Member Engagement Zone?

- If there is one thing we could change in your day job what would it be?
- Improve one thing in your job.
- What technology do you want to get information in timely manner? (Apps, learning opportunities, etc.)
- What credentials do you see as important for the future RD?
- What traditional issues are facing our profession?
- If you were on the Academy Board, what would be your issue to bring up?
- What do we do best as a profession?
- What do we want to do in the future?
- What was your best professional development experience and why?
- Tell us about an experience you were more influential than you thought you were.
- What would incentivize you to do an action alert?

Best regards,

Pat

3025. CDR Approves CPEUs for Preceptors!

From: ndep@eatright.org
To: DMartin@Burke.k12.ga.us
Sent Date: Nov 29, 2016 15:38:04
Subject: CDR Approves CPEUs for Preceptors!
Attachment:

Dear NDEP Members, Educators, and Preceptors,

I am pleased to announce that CDR has informed me that they have approved NDEP's proposal to award continuing education credit for preceptors! Precepting will be included under the current *Leadership Activity Type* with a three (3) CPEU/year, fifteen (15) CPEUS per five year recertification period maximum for Leadership and/or Precepting activities. This change will be effective with the *Professional Development Portfolio Guide* published on June 2, 2017.

The CDR Competency Assurance Panel is currently in the process of establishing the implementation procedures for this activity. It is anticipated that CDR will act on the Competency Assurance Panel recommendations at its February 2017 meeting.

Watch for more details from CDR in the coming months. I will, also, forward any additional information that CDR shares with me.

Congratulations and thanks to Stephanie Stockslager, NDEP Council Preceptor Director, and the NDEP Preceptor Committee for all of their hard work on developing the proposal.

Thanks, Donna. That is exactly how I feel. It's too exhausting to answer others ' kind inquiries. My situation has been going on for about four weeks- a fall at home, then going to the hospital and then a nursing home for rehab. Frankly the nursing home and lack of care worsened his condition. He fell four times and now this. I would go see him every night and would feed others who were too

drugged to help themselves. It's a new home and looks beautiful. For those that can help themselves it's great but there's no interest in those who need assistance or have dementia. As of this weekend he's in a hospital where my daughter works as a pharmacist in the emergency room and he's getting very good care. I obtained 24/7 care as of last week

To be provided at his home with a very pleasant Polish woman who loves to cook. And then he had this setback. I keep telling him he's going home soon and he keeps asking about her. My only wish for Christmas is that he pass at home. He always greets me as his wife (my mom) and then realizes it's me. That being said, someone (not a patient) at the nursing home addressed me as his wife- he's 96.

Will keep you, your mom and family in my prayers too.

I had not heard about your Dad. I am so sorry to hear that. My heart breaks for you. Do not try and second guess what you should have done. Go forward with what is happening now. Spend as much time with him as you can. I pray the doctors are able to help him.

I just don't want to mention about my Mom to the board because no one can do anything for us. I also don't want to be answering inquiries from everyone who feels like they need to check on what is going on. Praying for the best and bracing for the worst. Please keep me up to date on your Dad.

Hi Donna,

Happy (almost) Thanksgiving! I am circling back to see if you had an opportunity to talk to Kelly Miterko or Deb Eschmeyer about a possible collaboration with the Living Will innovation project and Let's Move!. If not, I would be happy to support you with that conversation however I can next week.

We had a Living Well team call on Friday and generated some additional ideas for the team, so if you haven't had the conversation yet, I think it would be helpful for you and I to connect beforehand so I can give you a recap.

Thank you! I hope you have a wonderful Thanksgiving!

Subject: Thank our donors
Attachment: [QA 2016 revised.doc](#)
[Foundation infographic 2016.pdf](#)

Academy of Nutrition and Dietetics Foundation BOD thanks its donors! Your efforts will go a long way in making our donors feel valued and strengthening our long-term fundraising initiatives.

Things to remember:

- Calls can be made whenever it is convenient for you.
- Feel free to leave a thank-you message if you get the donor's voicemail system, and consider that call completed.
- If you call an office number and the donor is unavailable, ask if the donor has personal voicemail so you can record a thank-you message. If not, leave a message that you're calling on the Foundation's behalf simply to thank them for their support, and a call back is not necessary. You're welcome to leave your number if you so choose.

This script is just a suggestion to get you started. The main point is to thank the donor for his/her support, but DO NOT ASK for either current or future gifts.

Sample Script: Hello, may I please speak to _____? This is (name) calling on behalf of the Academy of Nutrition and Dietetics Foundation. As a Board Member, I wanted to sincerely thank you for your recent gift and your generous support of the Foundation. We know that you have many choices when it comes to your philanthropic dollars, and we wanted you to know how much we appreciate your decision to support the Foundation. Your support will help ensure the strength of our specialty for years to come. Thanks again.

Sample Email: Dear _____.

I hope this note finds you well. I wanted to reach out to you and sincerely thank you for your recent gift and your generous support of the Foundation. We know that you have many choices when it comes to your philanthropic dollars, and we wanted you to know how much we appreciate your decision to support the Foundation. Your support will help ensure the strength of our specialty

for years to come. Best regards,

DO NOT ASK FOR SUPPORT. This is a THANK-YOU only.

Questions you may be asked:

Are you calling to ask me for money?

No – we understand that there are many charities out there who ask for your support. We just wanted to say thank you for valuing the Foundation's work enough to support it.

How much have I given?

I don't have that information, but you can certainly call Martha Ontiveros at 800-877-1600, extension 4773, and she'll be able to tell you.

3030. Nominate an Outstanding Dietetic Educator Today!

From: ndep@eatright.org
To: DMartin@Burke.k12.ga.us
Hidden recipients: dmartin@burke.k12.ga.us
Sent Date: Nov 29, 2016 12:30:42
Subject: Nominate an Outstanding Dietetic Educator Today!
Attachment: [unknown_name_fgvt](#)
[unknown_name_9yhr8](#)
[unknown_name_4skvd](#)

Dear NDEP Members –

NDEP is pleased to announce the Outstanding Dietetic Educator Award nominations are now being accepted! The purpose of the Outstanding Dietetics Educator Award (ODEA) is to recognize the teaching, mentoring, and leadership activities of faculty in ACEND-accredited dietetics education programs. One educator can be selected from each of the four program types in each geographic area (a maximum of four awardees from each of the seven geographic areas for a total of 28).

In addition to publishing the list of outstanding educators in the Journal of the Academy of Nutrition and Dietetics and NDEP-line, each awardee will receive a certificate and congratulatory letter from the Academy President. Awards will be presented at the 2017 NDEP regional meetings.

Eligibility

- Nominees must be a current member of the Academy of Nutrition and Dietetics, but are not required to be an NDEP member for consideration for this award.
- Preceptors are not eligible for this award as there is a separate award given to Outstanding Preceptors.
- Active NDEP Council members are not eligible for this award. For a listing of the current NDEP Council members go to www.ndepnet.org.
- Previous ODEA winners cannot be nominated for the same program award again; however, they could be nominated for an award for a different program type, if applicable.

Criteria for Selection of Outstanding Educators

1. Member of the Academy of Nutrition and Dietetics
2. Faculty with academic appointments in ACEND-accredited dietetics education programs:

1. Coordinated Program in Dietetics (CP)
2. Dietetic Internship (DI)
3. Didactic Program in Dietetics (DPD)
4. Dietetic Technician Program (DT)
3. Demonstrated innovative teaching skills and techniques.
4. Demonstrated mentoring of students.
5. Demonstrated leadership; e.g., national, state, or district dietetic association activities, community service, honors received, scientific and professional presentations, publications, etc.

Selection Procedure and Submission Dates

1. Nominations from peers and/or students will be sent to the Nutrition and Dietetic Educators and Preceptors (NDEP) Regional Director in the corresponding geographic area **by January 13, 2017**. Each Regional Director will select no more than one educator for each type of dietetics education program (CP, DI, DPD, DT) in the area (maximum four).
2. Each nomination application will be a single PDF that includes the ODEA Data Sheet, curriculum vitae (or resume), and three reference letters. Nominations must be sent electronically. Jpeg documents or individual documents will not be accepted. Additional materials beyond the requested materials (data sheet, CV, letters) will not be reviewed.
3. Award Winners will be announced in March 2017!

For more information, please visit the NDEP website at www.ndepnet.org and refer to the attached documents for criteria and data sheets!

Attachment: [narrative for October 2016 electronic.xlsx](#)

All,

I went through the financial categories for the Academy this morning and identified the “high level” drivers of the variances for October. We are still processing many of the bills, so, some of the information may change. Accounting is “accruing” expenses and revenues wherever necessary. However, when actual bills or revenue is being provided, some of the accruals have to be reversed. We received additional bills yesterday. Therefore, we had to reverse some of the accruals. This is what delayed the posting of October’s results until yesterday. I know we may not have accounted for everything. So, I would expect some changes when the October numbers go final. I am aware of one bill that was double booked that will reduce the Academy’s expenses by another \$3,511. This isn’t reflected in the information you have or the summary I am providing.

Overall, you will see the Academy missed revenue by \$368,406. Most of this is due to FNCE. Expenses, currently, are \$271,123 below budget. A great deal of the under-run is also due to FNCE. This left us with \$2,077,353 in Operating Income for the month. This is \$97,283 short of the budget for October. That is the bad news. However, if you look at the year to date results, the Academy has an Operating Deficit of \$50,687 which is \$87,704 smaller than the budget. So, in short, even though the Academy did not meet the revenue goals for FNCE, year to date, the Academy is still ahead of the overall budget target, after revenue and expenses, by nearly \$88,000.

I will address this on our call this afternoon.

Paul

Subject: RE: Finance and Audit Committee meeting on Tuesday, November 29th at 1 p.m. CST

All,

As you are aware, we have a Finance and Audit Committee call on Tuesday, November 29th, at 1 p.m. CST. The meeting will focus on the September final financials, October preliminary financials and the FY2018 budget parameters and schedule. It is hard to believe we are beginning the budget process again!! We did hope to finish the October financials today. Unfortunately, we are still waiting on a few more bills. Our intention was to record expenses without the bills (make an accrual). However, even under this situation, I don't feel comfortable releasing the information without reviewing each of the entries. With all of the bills and accruals being processed, it is easy to double count expenses or revenues. So, given this concern, we won't have October financials completed until Monday.

In any event, you should have received the Webinar invitation from the Academy IT team. If you have not, please let me know. In addition, Maria will begin to put documents onto the portal today. The information we expect to have on the portal is as follow today is as follows;

1. Meeting agenda
2. October 25th minutes
3. September final results
4. FY18 Budget parameters and timeline

The narrative provided by Christian for the September results will be completed and posted by Monday at the same time we are posting the October financials. Maria will send you and email when she has the documents posted to the portal.

I hope everyone has a great Thanksgiving and travels safely.

Paul

Thanks, Donna. That is exactly how I feel. It's too exhausting to answer others ' kind inquiries. My situation has been going on for about four weeks- a fall at home, then going to the hospital and then a nursing home for rehab. Frankly the nursing home and lack of care worsened his condition. He fell four times and now this. I would go see him every night and would feed others who were too

drugged to help themselves. It's a new home and looks beautiful. For those that can help themselves it's great but there's no interest in those who need assistance or have dementia. As of this weekend he's in a hospital where my daughter works as a pharmacist in the emergency room and he's getting very good care. I obtained 24/7 care as of last week

To be provided at his home with a very pleasant Polish woman who loves to cook. And then he had this setback. I keep telling him he's going home soon and he keeps asking about her. My only wish for Christmas is that he pass at home. He always greets me as his wife (my mom) and then realizes it's me. That being said, someone (not ta patient) at the nursing home addressed me as his wife- he's 96.

Will keep you, your mom and family in my prayers too.

I had not heard about your Dad. I am so sorry to hear that. My heart breaks for you. Do not try and second guess what you should have done. Go forward with what is happening now. Spend as much time with him as you can. I pray the doctors are able to help him.

I just don't want to mention about my Mom to the board because no one can do anything for us. I also don't want to be answering inquiries from everyone who feels like they need to check on what is going on. Praying for the best and bracing for the worst. Please keep me up to date on your Dad.

I think they really dodged a bullet on this one. Kay Wolf is also on campus and we are glad she is safe. I had not heard an option of sanctuary colleges, but that scares me to death. I follow Mary Beth on social media so I know Sheridan.

I was at the hospital talking to the neurologist who is seeing my Mom. She was telling me they think my mother had a massive bilateral stroke after her open heart surgery. They are doing an MRI to really figure out the extent of the damage. I still don't want it to go out to anyone other than you all and Joan, but things don't look good at all right now. Praying for the best, but preparing for the worst. Will keep you posted.

Good afternoon CLL Leaders-

The Nominating Committee will be presenting a webinar this Thursday on Campaign Guidelines. Please see below if you would like to join.

National Campaign and Social Media Guidelines Webinar

Please join us for a webinar on Thursday, December 1 at 1pm-2pm CT to learn about the Academy's National Campaign and Social Media Guidelines. Whether you are a candidate or an engaged Academy member, you can take an active role in the election process. This interactive webinar will provide details and clarification regarding the campaign guidelines to help teach you how. Click here to register.

Presenters: Nominating Committee Members Judy Rodriguez, PhD, RD, FADA, FAND and Bethany Thayer, MS, RDN, FAND

The webinar will be recorded and uploaded to the elections website www.eatrightPRO.org/elections for future playback.

Dear Educators and Preceptors of NDEP ~

Good day! My name is Kevin Haubrick and I am currently conducting research to complete my PhD at the University of Southern Mississippi. For the last segment of my research project, I am attempting to validate construct definitions of deliberate practice as they relate to supervised dietetics education. The instrument has been developed from semi-structured interviews and an extensive card sorting activity. I value your time in completing this process, which should take no longer than 10 – 15 minutes. Research attempting to define deliberate practice in supervised dietetics education has never been done before.

If you choose to participate, your name will go into a drawing to win either one (1) \$100.00 gift card to Amazon.com or one of two (2) \$50.00 gift cards to Amazon.com.

If you wish to participate, please click on the link below which will take you to the informational and consent letter as well as the short questionnaire.

https://usmuw.co1.qualtrics.com/SE/?SID=SV_cGB2uXCHaMSjAK9

Thank you in advance for your time. Happy Holidays to you and yours!!

Please feel free to forward this email to other actively involved educators and/or preceptors who may wish to participate and provide their perspective on this subject matter.

Sincerely,

Kevin D. Haubrick MS, RD, LD, FAND

PhD Candidate

University of Southern Mississippi

I know you are coordinating your own presentations for the *Nutrition Impact on Diabetes Prevention: A view from schools, communities, and public policy* workshop on Friday. Tom and I are here to help you with your slides, if needed. Please let us know how we can assist.

As you know, on Saturday evening you are invited to participate in a summit on diabetes prevention from 5-7pm. The attached statement will be discussed at the summit and we have the opportunity to provide input in advance (please see email below from Dr. Ibrahim). I have sent the statement to staff to provide comments and will share their input with you on Thursday. The statement will be considered for co-publication in our *Journal* and others including, *Endocrine Practice* (AACE), *Diabetes Care* (ADA) and *Diabetes and Metabolism*.

Also, I want let you know Dr. Ibrahim has invited you to attend dinner on Friday, December 2 at 8:15 PM and Saturday, December 3 at 7:30 PM at Sear restaurant located in the Atlanta Marriott Marquis hotel.

Best regards,
Joan

Subject: Summit , Global Status of Diabetes Prevention and Prospects for Action

Dear All ,

You are already invited to join the two hours summit to be held parallel to the 9th World Congress on Prevention of Diabetes and its Complications, Georgia World Congress Center , Room A406 , it should be on Saturday Dec 3rd 17.00 – 19.00 .

please find attached the first draft of the proposed statement to be discussed in our summit , kindly consider the following :

- this document is just a first draft subjected to changes and/or modifications , so please feel free to comment and suggest
- the statement should serve as an action plan , so we need to focus on the key factors , the specific actions and programs to prevent diabetes in a novel approach.
- you are more than welcome to send your comments in advance
- also those whom won't be able to attend , can still send their comments by e-mail , hopefully in advance

Best ,

Mahmoud Ibrahim , MD

Subject: Giving Thanks

Hello colleagues!

I found this lovely poem titled 'Giving Thanks' that I wanted to share with you. Thank you for all of your contributions that have enabled me to fulfill my role as chair of the LPPC this year. May you have a wonderful Thanksgiving holiday.

With appreciation,
Nadine

Giving Thanks

For the earth, air, fire and water;

For the seasons, and the directions of the compass;

For the phases of our lives, and those that came before us;

For those who did not pave the way, but instead, cultivated it;

For those that saved the seeds of a better future,

And acted as stewards of our resources and inheritance,

A legacy of waterways, woodlands, fields and farms.

An inheritance of seasonal observations, life skills, holiday customs, recipes for nourishing foods, deep connections and life passages that anchor us in a sense of place, stewardship and community.

A celebration in what we have learned thus far, and where we are going.

So I offer this humble prayer to the Native and the immigrant.

For the seacoast and the soil, the seeds and roots,

and the farmers who renew tradition with each passing season.

For the farmers market and the holiday table, our family and friends,

and the kinship that comes from celebrating renewal for our changing landscape and nature!

By John Forti, Slow Food state governor for Massachusetts and the Horticulture Director for the Massachusetts Horticultural Society. You can find him at www.jforti.com or posting as The Heirloom Gardener - John Forti on Facebook.

All,

As you are aware, we have a Finance and Audit Committee call on Tuesday, November 29th, at 1 p.m. CST. The meeting will focus on the September final financials, October preliminary financials and the FY2018 budget parameters and schedule. It is hard to believe we are beginning the budget process again!! We did hope to finish the October financials today. Unfortunately, we are still waiting on a few more bills. Our intention was to record expenses without the bills (make an accrual). However, even under this situation, I don't feel comfortable releasing the information without reviewing each of the entries. With all of the bills and accruals being processed, it is easy to double count expenses or revenues. So, given this concern, we won't have October financials completed until Monday.

In any event, you should have received the Webinar invitation from the Academy IT team. If you have not, please let me know. In addition, Maria will begin to put documents onto the portal today. The information we expect to have on the portal is as follow today is as follows;

1. Meeting agenda
2. October 25th minutes
3. September final results

4. FY18 Budget parameters and timeline

The narrative provided by Christian for the September results will be completed and posted by Monday at the same time we are posting the October financials. Maria will send you an email when she has the documents posted to the portal.

I hope everyone has a great Thanksgiving and travels safely.

Paul

ON THE PULSE OF PUBLIC POLICY

CMS Announces Big Step Forward for Academy's Malnutrition Measures

All four malnutrition measures supported by the Academy have been accepted onto the Centers for Medicare and Medicaid Services' Measures under Consideration list. The MUC list includes approximately 100 measures that will be reviewed for consideration for inclusion in 18 federal health programs, including the Hospital Inpatient Quality Reporting where the Academy is anticipating approval for the measures. This initiative continues to advance registered dietitian nutritionists and nutrition and dietetics technicians, registered as leaders in health care. Promotion of the measures in hospital settings is the first step toward implementation in post-acute care, business private practices and community populations.

Thank You to Members Who Aided in Malnutrition Initiative

Numerous Academy members participated in the Malnutrition Quality Improvement Initiative at demonstration, learning collaborative and eCQM test sites. Thank you to: Giedre Astrauskas, RD, LD, and Tracey Heck, RD, LD, Spring Valley Hospital; Beverly Hernandez, PhD, RD, Tampa General Hospital; Cayleih Mackay, MS, RD, and Byron Richard, MS, RD, CDE, University of California San Diego Health System; Bridget Drapeaux, MA, RD, LD, and Doug Robertson, RDN, LD, University of Iowa Hospitals and Clinics; Jill Johnston, MS, RD, LD, West Virginia University Hospital; Heidi J. Silver, PhD, RDN, Vanderbilt Diet, Body Composition and Human Metabolism

Core; and Gretchen VanDerBosch, RD, LD, Advocate/ Russell Institute for Research &Innovation.

Food Loss and Waste 2030 Champions

The U.S. Department of Agriculture recently announced the inaugural class of the U.S. Food Loss and Waste 2030 Champions: businesses and organizations pledging concrete steps to reduce food loss and waste in their operations by 50 percent by 2030. More information on food loss and waste is available in the Environmental Protection Agency's "Advancing Sustainable Materials Management: Facts and Figures"; USDA's Center for Nutrition Policy and Promotion's "Let's Talk Trash"; and the Academy Foundation's comprehensive report and infographic on reducing food waste.

Improvement in Obesity: Young Children Enrolled in WIC

According to a study from the Centers for Disease Control and Prevention and the U.S. Department of Agriculture, obesity among low-income children ages 2 to 4 years who are enrolled in the Special Supplemental Nutrition Program for Women, Infants and Children (WIC) decreased from 15.9 percent in 2010 to 14.5 percent in 2014. In addition, 34 of 56 WIC state agencies reported modest decreases in obesity among young children.

Hi Donna,

Happy (almost) Thanksgiving! I am circling back to see if you had an opportunity to talk to Kelly Miterko or Deb Eschmeyer about a possible collaboration with the Living Will innovation project and Let's Move!. If not, I would be happy to support you with that conversation however I can next week.

We had a Living Well team call on Friday and generated some additional ideas for the team, so if you haven't had the conversation yet, I think it would be helpful for you and I to connect beforehand so I can give you a recap.

Thank you! I hope you have a wonderful Thanksgiving!

Attachment: [image002.jpg](#)

Good afternoon Academy Board of Directors,

Today we received wonderful news! As discussed at the November 6th Board meeting, the Academy was anxiously awaiting notification of acceptance of the malnutrition measures onto the Centers for Medicare & Medicaid Services (CMS) Measures Under Consideration (MUC) list. **We are pleased to announce that all 4 of the malnutrition measures made the list!**

The MUC list includes approximately 100 measures that will be reviewed for consideration for inclusion in 18 federal health programs, including the Hospital Inpatient Quality Reporting (HIQR) where the Academy is anticipating approval for the malnutrition measures.

As background, this is the sixth consecutive year in which National Quality Forum (NQF) will review standardized performance measures and provide recommendations to the U.S.

Department of Health and Human Services (HHS). These measures are foundational to national pay-for-performance and public reporting programs, which aim to improve healthcare quality for the 55 million Americans enrolled in Medicare.

Next steps for Academy staff include:

- Providing comments (through December 2 at 6:00pm ET) to the NQF's Measure Applications Partnership (MAP) on the MUC list. Click here for more information - <http://www.qualityforum.org/map/>. Also see below NQF message.
- Attending the Fed Biz Lean meeting at CMS on Thursday December 1, 2016. Sharon McCauley has been invited to represent the Academy as the Measure Steward. The purpose of this meeting is for the Academy to better understand the communication needs between CMS and the Academy.
- Observing the measures endorsement process at the NQF Health and Well-Being Committee meeting held on December 6, 2016.
- Participating in the MAP meeting on Friday December 9, 2016 which includes deliberations on the measures from the MUC list.

This Quality initiative continues to advance RDNs and NDTRs as leaders within the health care arena. The promotion of the measures in hospital settings is the first step in the malnutrition continuum of care to ultimately excel implementation in post-acute care, business private practices and community populations.

Thank you again, for all your support. Wishing you a Happy Thanksgiving!

Sharon

Sent: Tuesday, November 22, 2016 6:53 AM
To: Sharon McCauley
Subject: December 2: Deadline to Comment on MAP MUC List

The list of Measures Under Consideration (MUC) (PDF) for NQF's Measure Applications Partnership (MAP) is now available and open for comment through **December 2 at 6:00pm ET**.

The MUC list marks the beginning of an intensive two-month review of approximately 100 measures. These measures will help inform 18 federal health programs, including the Merit-Based Incentive Payment System (MIPS), a Centers for Medicare & Medicaid Services (CMS) program legislated by the Medicare Access and CHIP Reauthorization Act of 2015 (MACRA).

This is the sixth consecutive year in which NQF will review standardized performance measures and provide recommendations to the U.S. Department of Health and Human Services (HHS). These measures are foundational to national pay-for-performance and public reporting programs, which aim to improve healthcare quality for the 55 million Americans enrolled in Medicare.

Formed in 2011, MAP comprises more than 150 healthcare leaders and experts from nearly 90 private- and public-sector organizations, including consumers, purchasers, employers, health plans, clinicians and providers, communities and states, suppliers, and federal agency liaisons. A coordinating committee oversees MAP and hospital, clinician, and post-acute and long-term care (PAC/LTC) workgroups identify gaps in measurement across settings, prioritize measures, and recommend areas for alignment during the pre-rulemaking process. The dual eligible beneficiaries workgroup will also review the MUC list to ensure that recommendations reflect the concerns of individuals who are eligible for both Medicare and Medicaid. Finally, MAP provides input to HHS about core measures to assess the quality of care for children and adults covered by Medicaid.

Save the date for the following: hospital workgroup in-person meeting (December 8-9); clinician workgroup in-person meeting (December 12-13); PAC/LTC workgroup in-person meeting (December 14-15); dual eligible beneficiary workgroup web meeting (January 10); and coordinating committee in-person meeting (January 24-25).

Good morning Larry,

Thank you for this very thoughtful gift. I will be sure to download the book.

I know you as a man of many talents and I'm adding ESP to the list! I was speaking only yesterday to the Academy's COO, Mary Beth Whalen, that I plan to contact you after Thanksgiving week for counsel related to our diabetes efforts. I also mentioned contacting you to our current president, Lucille Beseler, current treasurer-elect, JoJo Dantone - DeBarbieris (who knows you), and our president-elect, Donna Martin. All three are attending the Congress on Diabetes in Atlanta beginning December 2. By any chance will you be there as a presenter or attendee? Are you available to speak with me sometime next week ?

Larry, I'm very thankful to have met you, and I wish you and your family a wonderful Thanksgiving!

Best regards,
Pat

On Nov 22, 2016, at 9:09 AM, Larry Ellingson <larryellingson@gmail.com> wrote:

Evelyn's letter to you:

I am pleased to share with you a most recent publication that is focused on our family. The book "A life beautifully built in Harmony" was written by me with the help from some friends and hopefully provides an insight to our life together lived full of music, art and medicine. I founded an orchestral legacy for children and their families, while Arthur made significant contributions to the field of diabetes medicine. All the while, we built a beautiful art collection created by some of the most important artists and craftsmen of the twentieth century. Through all of this, we raised two children who have grown into wonderful people busy contributing their own talent to the world.

Arthur & I were just beginning to build what we called our "second life" together in retirement, but his health did not allow us to follow through with our plans. Arthur died in 2012, and I felt very much like we lost a treasure of our family. It has been difficult for me to adjust to life without him, but I am so grateful for the time we spent together. It is my hope that these pages reflect some of the beauty we created and shared, and it is my wish that our family and friends are touched by our life and these remembrances.

You may download the book from the following website:

<https://www.dropbox.com/s/03z8yv8jy5m7w13/DRAFT%20No%2013%20spreads.pdf?dl=0>

Thank you for your friendship.

We need extra prayers this morning. Mom had a stroke last night and will not wake up. She is still on the respirator because she is non-responsive. They are doing another cat scan at 2. Right now we are with her trying to get her to wake up. The sad part is that her heart, lungs, kidneys, everything are great so as far as the surgery and her organs are all fantastic. We just need her to wake up so we can access the damage from the stroke and hope she will be able to be rehabbed. Will keep you posted. They are letting us stay in the room with her to stimulate her. Just wanted to let you know our excitement from yesterday is now gone. Prayers please!

The same to you. Just so you know, (but I do not need for it to be broadcast out), my mother is having quadruple by pass surgery on Monday morning. They could not fix her blockages with stints, so at 85 she is having open heart surgery. She is very calm about it and we are hoping for the best. They give her a 90% chance of no complications from the surgery. We will be spending Thanksgiving in the hospital with her, but my family will be at my side, so that is all I need! She is a very healthy, young 85, so this is something she needs to do.

Joan, Mom is out of surgery and did great. Just got to see her, and while she is not awake, it is great to see her alive! The doctor said it could not have gone better. The next 24 hours are the critical time, but we are extremely optimistic! Thanks for your prayers!

You are so sweet. We have been here since 6 am. They just opened her up at 10:10 so we will not here anything until 1 pm about how the surgery is going. Surgery will be 4-5 hours. Will keep you posted.

The same to you. Just so you know, (but I do not need for it to be broadcast out), my mother is having quadruple by pass surgery on Monday morning. They could not fix her blockages with stints, so at 85 she is having open heart surgery. She is very calm about it and we are hoping for the best. They give her a 90% chance of no complications from the surgery. We will be spending Thanksgiving in the hospital with her, but my family will be at my side, so that is all I need! She is a very healthy, young 85, so this is something she needs to do.

Thanks, just so you know my mother will be having open heart surgery Monday morning. She is 85 years young and having quadruple by pass surgery. They had hoped to put in stints, but that is not going to work so we are going to do surgery. Not letting a lot of people know about this, but wanted you to know. I will be reachable by phone and plan to be at the hospital all week next week. I will have my laptop with me so will be keeping up with email and you are welcome to call me too. Plan to work on some talks I need to get together. Not worried because they give her a 90% chance of doing great. I like those odds. I will keep you posted! Keep me posted about the Senate please!

Cc: Mary Pat Raimondi <mraimondi@eatright.org>

Subject: Position on Senate CNR

Good morning,

We hope you all are doing well! Mary Pat and Stefanie loved the PHA gala last night! We are so proud of the amazing work you all are doing that was evident through the stories shared last night.

We are not giving up hope that CNR will move forward. Having it stalled only offers a clear slate to the next Congress, not a bright picture.

We noted Senator Roberts, who has strong relationships with both Senate and House leadership, quote yesterday saying he wants to get this done. And we think if anyone can he can.

We want you know our position and the importance of this legislation to our members.

We will continue to support the Senate's version of child nutrition reauthorization as compromise that is our best shot at inoculating child nutrition programs in the next Congress. We see wins in this bill that expands child nutrition programs, secures nutrition standards and provides stability for our members on the ground implementing these programs. We are very concerned that if this bill is not passed that this will be top of mind for the new Congress and a fight in the media will make it more meaningful for the new Administration to make a point of these programs.

As Mary Pat and I look ahead to the new Congress and new Administration, we have to note that the advocacy community has not been successful persuading a meaningful body of Republicans in Congress to support the changes made under HHKFA. We don't see that changing in the near future.

We know these programs mean so much to so many. We are trying to move this forward and ask your support to help communicate this to Congress.

Donna mentioned in her remarks at the garden ceremony that this is about kids not politics. We are in the weeds on politics but we really believe that this is the best way forward for kids.

Very best,

Mary Pat and Jenn

Subject: Position on Senate CNR

Good morning,

We hope you all are doing well! Mary Pat and Stefanie loved the PHA gala last night! We are so proud of the amazing work you all are doing that was evident through the stories shared last night.

We are not giving up hope that CNR will move forward. Having it stalled only offers a clear slate to the next Congress, not a bright picture.

We noted Senator Roberts, who has strong relationships with both Senate and House leadership, quote yesterday saying he wants to get this done. And we think if anyone can he can.

We want you know our position and the importance of this legislation to our members.

We will continue to support the Senate's version of child nutrition reauthorization as compromise that is our best shot at inoculating child nutrition programs in the next Congress. We see wins in this bill that expands child nutrition programs, secures nutrition standards and provides stability for our members on the ground implementing these programs. We are very concerned that if this bill is not passed that this will be top of mind for the new Congress and a fight in the media will make it more meaningful for the new Administration to make a point of these programs.

As Mary Pat and I look ahead to the new Congress and new Administration, we have to note that the advocacy community has not been successful persuading a meaningful body of Republicans in Congress to support the changes made under HHKFA. We don't see that changing in the near future.

We know these programs mean so much to so many. We are trying to move this forward and ask your support to help communicate this to Congress.

Donna mentioned in her remarks at the garden ceremony that this is about kids not politics. We are in the weeds on politics but we really believe that this is the best way forward for kids.

Very best,

Mary Pat and Jenn

November 18, 2016

Reminder: Strategic Measures Report Review and Discussion for LPPC, ANDPAC and CPLS

Dear LPPC, ANDPAC and CPLS leaders,

The preliminary strategic measures report and advocacy engagement scores will be ready for release to the affiliates, DPGs, MIGs and Academy committees in early December.

We have planned a joint webinar for the LPPC, ANDPAC and CPLS on Thursday, December 1 to review the data and provide committee members with the information prior to releasing the reports to specific groups.

During the webinar, we will report out the baseline advocacy engagement scores for fiscal year 2016, plans for release of the information and recommended changes for the fiscal year 2017. The webinar is set to provide committee members an opportunity to discuss the information. We will plan discussions following the webinar on each of the committee calls.

The scheduled webinar will require registration to attend the session. The webinar will be recorded if you are not available to attend the live meeting.

The webinar is scheduled for:

Thursday, December 1

1:00 – 2:30 p.m. (Eastern Time)

Please register for the webinar, [click here](#).

Committee members registered as of today:

LPPC – Carol, Clare, Patty, Krista and Sarah

ANDPAC – Nancy, Denise, Heidi, Katy and Trisha

CPLS – Lisa, Mike and Wendy

We will provide each committee member with a packet of information to review prior to the session

on December 1.

If you have any questions, please let us know.

Have a great weekend!

Best,

Teresa Nece, MS, RDN, LD, SNS

Director, Grassroots Advocacy

Yes of course, I just don't want it shared out with the board etc., because I don't want a big fuss made out of it. This is a busy time for everyone and they don't need to be worrying about my Mom's surgery. If the outcome is different, then we will deal with that when we know more Monday. Thanks!

Oh Donna, I wish her a safe, successful surgery. Years ago my mom had a similar procedure and she lived a very active life for 20 more! With the love and support of you and your family she will be sure to have a speedy recovery!

You are in my prayers.

The same to you. Just so you know, (but I do not need for it to be broadcast out), my mother is having quadruple by pass surgery on Monday morning. They could not fix her blockages with stints, so at 85 she is having open heart surgery. She is very calm about it and we are hoping for the best. They give her a 90% chance of no complications from the surgery. We will be spending Thanksgiving in the hospital with her, but my family will be at my side, so that is all I need! She is

a very healthy, young 85, so this is something she needs to do.

Exciting International Nutrition Announcement

Having trouble viewing this e-mail? [View it in your browser.](#)

Connect with the Academy:

The Academy Foundation Launches International Nutrition Education Pilot Project

An international nutrition education pilot project supporting health professionals' humanitarian assistance efforts in developing areas of Central America is now available. Funded through the Academy's Foundation, this open-access collection includes background information on key issues, educational illustrations and nutrient comparison charts unique to the local food supply of Central America.

Learn more about these exciting new resources.

The Academy will continue to expand its resources for international nutrition education. You can help enhance it by sharing your feedback in a brief survey about the international nutrition education resources.

Attachment:

Hi Lucille and Donna-

Thank you for participating in the myriad of meetings you were assigned to during FNCE®. As a follow up for your files (if you want), here is the synopsis from the Wellness topic/meeting that you both attended. These notes were provided to Denice for use during her Nutrition Impact team call this week and I felt it best that you all also have a copy.

No action needed. This is information only.

Diane

Cc: Joan Schwaba <JSchwaba@eatright.org>; Diane Enos <denos@eatright.org>
Subject: RE: Nutrition Impact call on Friday (Wellness meeting at FNCE Notes)

Hi Denice-

Thank you for your patience with the Wellness meeting/conversation follow up. Here is my summary of notes from the meeting for your conversation tomorrow.

1. Reframing the conversation

- What is a wellness approach vs. Well Being
 - o Well being is a newer term and approach being used in the market place
- Need to better define the direction and scope within the Academy because we simply can't/don't "own" wellness due to the myriad of individuals and professions in the space
- Certifications tied to Wellness
 - o Does the Academy need to collaborate with an existing, CDR create their own, or does it matter

§ Differing schools of thoughts and potential impact to licensure

§ If wellness touches all areas of practice, it is really a specialty certification that CDR would invest in?

- Need to focus on leadership roles in wellness to expand outreach/impact of the RDN and NDTR

2. Impact on Education

- Future standards with ACEND
 - o Qualifications/standards
 - o Competencies
 - o Future practitioners in wellness (4 yr grad, NDTR, RDN, etc)
 - o Impact on Dietetic Interns at that level of entry point vs. a 4 year entry (DPD only)

3. Professional Alliance(s)

- Need to determine potential collaborations with the Academy proactively reaching out

- Options include Health Coaches

- o Discussion surrounding Academy members pushing too far into the coaching spectrum and losing impact in dietetics was discussed
- o ACSM health coaches must have both health and fitness components for example
- o Need to determine how RDNs and NDTRs are distinguishable within the coaching spectrum

- § Areas of focus

- § Role clarification

- § Level of education and practice

4. Gaps & Opportunities

- Internal to Academy groups

- o ACEND: Future Education Model
- o CDR: Certification analysis
- o HOD: Backgrounder and Fall 2016 Saturday focus/meeting
- o CFP: Recommendations
- o RISA: Position or Practice Paper – Focused on Health Promotion and Disease Prevention
- o QM: SOP
- o Alliances: Noted in #3 above

5. Final Questions for Consideration from Group

- What does this practice area look like 25 years from now? Is this even “wellness” at that point?
- Who are the change leaders in this area now and in the future?

- Is there research opportunity for RDNs to become the expert in wellness in the future?

Subject: Nutrition Impact call on Friday

Hi Diane,

I have a group call with the Summit group on the Center for nutrition in population health

We had discussed that my role is to check with the Academy on resources - I know Katie Brown provided some of the position papers but I also mentioned the meeting in Boston.

Did you have an opportunity to summarize any of those details?

What are next steps?

Is there anything that I share - a short summary of what is being done collecting data?

Also, I noticed when I completed a FNCE evaluation - in practice area - there is nothing for worksite or community wellness - really to gather that data checking wellness/population health and then have a subgroups as - worksite - community - college/university

Something we discussed as Summit group was for the Academy to proactively seek opportunities to present in this space - see attached conference - not one RDN on the list and Marion Nestle as a keynote.

Lots of work in this space - thanks in advance for anything that I can share on Friday AM.

3076. 2017 NDEP Council Ballot Petition Announcement

From: ndep@eatright.org
To: DMartin@Burke.k12.ga.us
Sent Date: Nov 17, 2016 11:15:28
Subject: 2017 NDEP Council Ballot Petition Announcement
Attachment:

Dear NDEP Membership:

NDEP is pleased to present the slate of candidates for office for the 2017-2018 year:

Vice Chair: Kathy Border, Ed.D, RDN, CDN, FAND and Claudia Scott, MS, RD, LD, CDE

Preceptor Director: Christine Haar, MS, RD, LD and Debbie Memmer, MS, RD, LD

Northeastern Regional Director: Michelle Sagristano, MS, RDN

Northcentral Regional Director: Leanne Schaffer, MA, RD, LD and Christin Seher, MS, RDN, LD

According to Academy policy, a slate of candidates must be presented to the NDEP membership at least 30 days prior to the start of voting. Should you wish to petition that additional candidates be included on the slate, you must submit a petition to the NDEP Nominating Committee by contacting Sylvia Escott-Stump, Past Chair-NDEP at **ndep@eatright.org** within the next 30 days or by **December 20, 2016**. You must also have the support with signatures of 5% or 66 NDEP members.

Petitions must include biographical information on the candidate and qualifications for the NDEP leadership position. If deemed eligible for the NDEP position by the Academy NDEP Nominating Committee, the additional candidates will be added to a contested ballot prior to the start of online voting, beginning February 1, 2017.

Subject: Presidential Administration Transition
Attachment: [Public Policy Recommendations for 2017 and Beyond.pdf](#)

I'm sharing a response to a member provided by Jeanne Blankenship and the Chair of ANDPAC Nancy Farrell to assist you in the event you receive similar questions regarding the Presidential Administration transition. Please read the thread below from bottom to top.

I am also attaching the Public Policy recommendations drafted by the LPPC leadership and staff which will be sent to the Administration and members of Congress. The Academy establishes its policy platform every three years through the efforts of the LPPC. This platform does not change with changes in the Administration. What does change is our strategy and messaging for how we hope to achieve the policy goals. Jeanne and Mary Pat are scheduled to be on the January 13 Board webinar to provide more information.

Best regards,

Pat

+++++

Email message from Jeanne to Joey -

Hi Joey,

I saw your post to the NE list serve regarding the change in the Administration and impact on coverage. I think it is natural for all of us to be curious as to how the changes will impact us as dietitians and the services we provide.

First, ANDPAC is a separate segregated fund of the Academy that is used to support candidates and elected officials. These funds allow us to have access to events where we develop relationships with members of Congress or to give directly to those who are supportive of our policy issues. ANDPAC does not set or execute the policy of the Academy. I just wanted to clarify that aspect since you asked specifically if ANDPAC is going to develop a strategy for advocacy.

The Academy establishes its policy platform every three years through the efforts of the Legislative and Public Policy Committee. This platform does not change with changes in the Administration. What does change is our strategy and perhaps our messaging for how we hope to achieve our policy goals. As you can imagine, things are in a state of transition. We anticipate that there will be significant effort to pass legislation and promulgate rules during the last two months of this Congress as the Obama Administration concludes its term.

There remain a significant number of appointments that have been yet to be made by President-elect Trump. We do know that positions that are important for us with which to have relationships, but we are at a stand-still until the appointments are made and these individuals take office.

Health care reimbursement has been an area of advocacy for the Academy and will continue to be an area of focus during the next Administration. However, we do anticipate that there will be significant changes to the delivery system, though the exact nature is unclear. As we identify those key stakeholders and begin to hold conversations, we will then rely on the support of ANDPAC to gain access.

If you have questions, please feel free to reach out. The LPPC and ANDPAC board of directors will update members once more is known about the direction the Administration takes.

Best Regards,

Jeanne

+++++

Nancy reply on the NE list serve –

Joey,

As 2016 ANDPAC Chair I want to thank you for your outreach, and interest in Public Policy. You have brought up the exact point that I mentioned at the FNCE Member Showcase this year; decisions made at the federal level impact the livelihood of all Dietitians! It's so important for us to be engaged in public policy decisions.

The Academy Legislative and Public Policy Committee develops our legislative message. Through member donations, ANDPAC is necessary in helping to deliver that message to Congressional members.

I want to assure you that Academy goals do not change when an Administration changes in Washington DC. Rather our Academy strategy or messaging may need to adapt. We will need time to watch and learn about appointments within this new Administration. Yes, we can be in a transition phase after any election, but know that health care reimbursement will remain a priority

issue for the Academy Public Policy teams.

When dietitians regularly donate to ANDPAC, it allows for our Academy Public Policy team to be in the room, at the table, at the podium and at the forefront when important decisions regarding food, nutrition, and health such as this, are being discussed and made at the federal level. We're here to help the 75,000+ Academy members. Please... make donations to support ANDPAC – giving a little helps a lot; as a dietitian, it's the only PAC that truly has your back!

<http://www.eatrightpro.org/resources/advocacy/political-action-committee/donate-to-andpac>

+++++

NE List Serve Message -

With the election results, I am concerned, as an RD who accepts insurance and sees 90% insurance clients, that nutrition counseling will lose coverage for preventative/self-referred care. Does anyone know if ANDPAC is putting together anything we can alert our representatives about, or is this not a legitimate concern anyone else is thinking about?

November Chair Monthly Message

Monthly message from Academy Foundation Chair

Jean Ragalie-Carr, RDN, LDN, FAND

Giving Thanks

November is a time for giving thanks. I am thankful for the dedicated volunteer board and committee members I work with at the Academy of Nutrition and Dietetics Foundation who have a passion for our profession and work tirelessly to help change lives and make a difference. November also kicks off the holiday and end-of-year giving season, this is the time to remember the causes you feel most passionately about and give thanks by showing your support. Please join me in supporting our Academy Foundation, the one charitable organization devoted to our profession, nutrition and dietetics.

Hundreds of members each year receive scholarships, awards, fellowships and research grants through the Foundation. Members of all ages, backgrounds and skill sets. Thousands more participate in our public education programs like Kids Eat Right and Future of Food, utilizing Foundation resources to take these programs into their communities. Academy Foundation volunteers give our time, talent and treasure because we love what we do and want to give back to a profession that has been so rewarding. See how we make an impact on fellow Academy members' lives and careers.

Foundation Scholarship and Fellowship Recipient: Lauren Au

These personal stories are truly inspiring and Foundation recipients are always so grateful and appreciative of the Foundation. Please help us continue our great work by considering making a donation and helping us celebrate #GivingTuesday by sharing our message throughout the month

of November. Tuesday, November 29, 2016, is now known as #GivingTuesday. It is celebrated on the Tuesday following Thanksgiving and the widely recognized shopping events Black Friday and Cyber Monday. #GivingTuesday is fueled by the power of social media and is all about giving to the causes that are near and dear to your heart. Let's come together as a community to support the largest charitable organization devoted to nutrition and dietetics and help us raise awareness and funds for the Academy Foundation. Please help us inspire and educate your followers by sharing this message throughout November on your social media:

Support our Academy Foundation with a gift at www.eatrightfoundation.org on Giving Tuesday (Nov.29). Foundation Vision: We All Eat Right!

Final Countdown, Action Needed: Diabetes Commission Bill Moves to Senate

Thanks to the support of the Academy and our partners in the Diabetes Advocacy Alliance, on November 14 the House unanimously passed H.R. 1192, the National Clinical Care Commission Act. The bill now goes to the Senate, which must pass the bill this year for it to become law. The bill gives registered dietitian nutritionists a seat at the table in ensuring federal programs provide the most efficient and effective care for people with diabetes and related diseases. It is crucial that your Senators hear from members about the importance of passing this bill, and join the diabetes community in a social media day of action on November 16.

Sent Date: Nov 15, 2016 15:56:26
Subject: Attention/Action Requested: LPPC 2016 Monthly Meeting - November
Attachment:

November 15, 2016

Dear LPPC Leaders:

Agenda items for Friday's meeting have been uploaded to the LPPC Community of Interest which can be accessed [here](#). The following items are still outstanding and will be available no later than COB tomorrow:

- 4.0(e) YTD Regulatory Comments Submission
- 5.0(a) PIA Update

As a reminder, the information needed to access the meeting is detailed below:

Step 1: Log into the webinar via the personalized link provided [here](#).

The meeting password is: LPPC16

Step 2: Follow the audio prompts to use the "CALL ME" feature to have the Web-Ex system dial you in the audio portion of the meeting. This will sync your computer and the audio together accordingly. Do not dial into the meeting directly when connecting to Web-Ex unless you do not have a direct dial phone number (If you do not have a direct dial phone number, please select the option to dial-in from the drop-down menu – the number will be provided). By using the Call Me feature, the system will sync your web and audio connections together under your attendee name in Web-Ex.

Note: For those individuals unable to participate in the web portion of the meeting and/or do not have a direct dial phone number, you can dial in to the meeting as follows:

Dial In: 866-477-4564

Conference Code: 271-642-5619

As always, if you have any questions I am happy to assist!

Regards,
Christine A. Rhone
Office Administrator
Academy of Nutrition and Dietetics

Subject: 2017 FNCE Keynote Speakers

Hi Donna-

Please see attached for a proposed list of FNCE® keynote speakers for your consideration. Each speaker was selected for their ability cover concepts we previously discussed and to draw interest for the unique celebration opportunities surrounding the Centennial efforts.

If there are any that you like, it would be helpful to have them ranked in order of preference. I would then begin the internal process of securing date holds while negotiating terms of a speaker agreement. If you want me to pursue additional ideas, names, concepts, please share and I'll start working on additional options for consideration.

Thanks,

Diane

9. Dates to Remember

Happy Thanksgiving!

We would like to take this opportunity to send a special greeting to express our sincere appreciation for your advocacy efforts. We extend to you our best wishes for a safe, happy and healthy Thanksgiving.

The next Public Policy Weekly News will be sent on Tuesday, November 29.

The Final Countdown: National Clinical Commission Bill Moves to the U. S. Senate

Thanks to the support of the Academy and our partners in the Diabetes Advocacy Alliance, yesterday the House unanimously passed the National Clinical Care Commission Act (H.R. 1192). The bill now moves to the Senate, where it must pass in order to be signed into law this year.

This bill gives registered dietitian nutritionists a seat at the table to ensure that federal programs provide the most efficient and effective care for people with diabetes and related diseases. It is critical that your Senators hear from you about the importance of passing this bill.

Join the diabetes community in a social media day of action on Wednesday, November 16.

Social Media Day of Action for Diabetes Advocacy

Advocates will show support for the National Clinical Care Commission Act (H.R. 1192) tomorrow and will urge the Senate to pass the bill before the end of the year. Academy members can also take action to ask your U.S. Senators to support passage of H.R. 1192. Twitter handles for the Senators is attached.

Sample Tweets:

- November is National Diabetes Awareness Month. [Your Twitter Handle] supports #HR1192 for better #diabetes care.
- Act now! #HR1192 will help millions with #diabetes receive better care with no new costs to the federal budget. Pass #HR1192!
- [Your Twitter Handle] supports better #diabetes care. Pass #HR1192!
#ClinicalCareCommission
- Pass #HR1192 for better diabetes care and prevention of disease complications. #ClinicalCareCommission
- We need better #diabetes care for National Diabetes Awareness Month. Pass #HR1192
- The Senate must act! #HR1192 passed the House and now we need your support [Insert Senate member Twitter Handle]
- We need your support to pass #HR1192 in the Senate [Insert Senate member Twitter handle]

Action Alerts Remain Open – We need a United Voice!

The Clinical Care Commission Act action alert will remain open until November 30. We continue to need your voice on Capitol Hill! Please send the following message to your membership this week.

Dear Colleague,

Please send your members of Congress letters urging them to support the Academy's legislative priorities important to our profession. Please ask your members of Congress to:

- 1. Support passage of the National Clinical Care Commission Act which would give registered dietitian nutritionists a seat at the table to ensure that federal programs provide the most efficient and effective care for individuals with diabetes and related diseases.*
- 2. Support passage of the Treat and Reduce Obesity Act which would effectively treat and reduce obesity in older Americans by increasing Medicare beneficiaries' access to qualified*

practitioners, such as Registered Dietitian Nutritionists.

Please use one of the preferred web browsers to take action: Google Chrome, Firefox or Safari.

We are counting on you, please take action today!

Your RDN friend,

Insert your name and title

Insert your affiliate or DPG name

Action Alert Reports

The next reports will be posted by Friday, November 18. An email notice will be sent to the Public Policy Coordinators once reports are posted.

How to Hug a Porcupine: Relationship Building with Lawmakers & Why It's Important

Building relationships with elected officials can sometimes be difficult and uncomfortable. It forces you and your key stakeholders to get close to politicians in ways that may feel “prickly” – like hugging a porcupine. This program will help participants overcome that discomfort, revealing the methods and benefits for building relationships with elected officials. During this program, participants will learn:

- Who legislators listen to;
- Communication tactics that congressional staffers find most effective at informing decisions; and
- How to effectively engage lawmakers face to face in DC or in the district.

This program is based on exclusive and private surveys of congressional staff conducted by Congressional Management Foundation (CMF), available only to CMF's Partnership for a More Perfect Union. The Academy is a CMF partner. **The public policy leaders in affiliates, DPGs and MIGs are encouraged to participate in this webinar.**

Join us for this webinar on **Wednesday, November 30, 2016** at 1:00 p.m. Eastern Time.

Register here! After registering, you will receive a confirmation email containing information about joining the webinar.

Clarification Regarding ANDPAC Contributions and the ANDPAC Administrative Fund

The primary role of the Academy of Nutrition and Dietetics Political Action Committee (ANDPAC) is to solicit funds from our members to be used to donate to candidates or elected officials that support federal nutrition and health policy issues that are consistent with the Academy's priority areas. The ANDPAC Board has policies and procedures in place to assist with approving distribution requests to the campaign funds. ANDPAC is a separate, segregated account from the Academy and the use of funds is closely monitored by the Federal Elections Commission, or FEC. Member dues cannot be used by ANDPAC and only members of the Academy and staff can contribute as individuals.

The ANDPAC does have an administrative fund to pay for certain administrative expenses (*i.e.*, printing, supplies.) No ANDPAC funds are used for employee salaries or office space.

Affiliates, DPGs and MIGs have been encouraged to make a financial contribution to the ANDPAC administrative fund. These generous donations help to support ANDPAC by covering costs associated with hosting events, developing marketing materials and promotional activities. Groups are not allowed under the FEC to make contributions to ANDPACs campaign disbursement fund. If you have questions, please contact us.

Thumbs Up!

In honor of Veterans Day, Academy member Melinda Boyd, MPH, MHR, RD was published a blog in Stone Soup. Click [here](#) to read the article, "Help End Food Insecurity among Our Veterans and Military Families". A special thank you to Melinda and our **active duty military, veterans and their families!**

Dates to Remember:

5. Action Alert Reports – **New Reports available by Friday, November 18!**
6. How to Hug a Porcupine – **Register today!**
7. Clarification Regarding ANDPAC Contributions and the ANDPAC Administrative Fund – **Review Today!**
8. Thumbs Up!
9. Dates to Remember

Happy Thanksgiving!

We would like to take this opportunity to send a special greeting to express our sincere appreciation for your advocacy efforts. We extend to you our best wishes for a safe, happy and healthy Thanksgiving.

The next Public Policy Weekly News will be sent on Tuesday, November 29.

The Final Countdown: National Clinical Commission Bill Moves to the U. S. Senate

Thanks to the support of the Academy and our partners in the Diabetes Advocacy Alliance, yesterday the House unanimously passed the National Clinical Care Commission Act (H.R. 1192). The bill now moves to the Senate, where it must pass in order to be signed into law this year.

This bill gives registered dietitian nutritionists a seat at the table to ensure that federal programs provide the most efficient and effective care for people with diabetes and related diseases. It is critical that your Senators hear from you about the importance of passing this bill.

Join the diabetes community in a social media day of action on Wednesday, November 16.

Social Media Day of Action for Diabetes Advocacy

Advocates will show support for the National Clinical Care Commission Act (H.R. 1192) tomorrow and will urge the Senate to pass the bill before the end of the year. Academy members can also take action to ask your U.S. Senators to support passage of H.R. 1192. Twitter handles for the Senators is attached.

Sample Tweets:

- November is National Diabetes Awareness Month. [Your Twitter Handle] supports #HR1192 for better #diabetes care.
- Act now! #HR1192 will help millions with #diabetes receive better care with no new costs to the federal budget. Pass #HR1192!
- [Your Twitter Handle] supports better #diabetes care. Pass #HR1192!
#ClinicalCareCommission
- Pass #HR1192 for better diabetes care and prevention of disease complications. #ClinicalCareCommission
- We need better #diabetes care for National Diabetes Awareness Month. Pass #HR1192
- The Senate must act! #HR1192 passed the House and now we need your support [Insert Senate member Twitter Handle]
- We need your support to pass #HR1192 in the Senate [Insert Senate member Twitter handle]

Action Alerts Remain Open – We need a United Voice!

The Clinical Care Commission Act action alert will remain open until November 30. We continue to need your voice on Capitol Hill! Please send the following message to your membership this week.

Dear Colleague,

Please send your members of Congress letters urging them to support the Academy's legislative priorities important to our profession. Please ask your members of Congress to:

- 1. Support passage of the National Clinical Care Commission Act which would give registered dietitian nutritionists a seat at the table to ensure that federal programs provide the most efficient and effective care for individuals with diabetes and related diseases.*
- 2. Support passage of the Treat and Reduce Obesity Act which would effectively treat and reduce obesity in older Americans by increasing Medicare beneficiaries' access to qualified practitioners, such as Registered Dietitian Nutritionists.*

Please use one of the preferred web browsers to take action: Google Chrome, Firefox or Safari.

We are counting on you, please take action today!

Your RDN friend,

Insert your name and title

Insert your affiliate or DPG name

Action Alert Reports

The next reports will be posted by Friday, November 18. An email notice will be sent to the Public Policy Coordinators once reports are posted.

How to Hug a Porcupine: Relationship Building with Lawmakers & Why It's Important

Building relationships with elected officials can sometimes be difficult and uncomfortable. It forces you and your key stakeholders to get close to politicians in ways that may feel “prickly” – like hugging a porcupine. This program will help participants overcome that discomfort, revealing the methods and benefits for building relationships with elected officials. During this program, participants will learn:

- Who legislators listen to;
- Communication tactics that congressional staffers find most effective at informing decisions; and
- How to effectively engage lawmakers face to face in DC or in the district.

This program is based on exclusive and private surveys of congressional staff conducted by Congressional Management Foundation (CMF), available only to CMF's Partnership for a More Perfect Union. The Academy is a CMF partner. **The public policy leaders in affiliates, DPGs and MIGs are encouraged to participate in this webinar.**

Join us for this webinar on **Wednesday, November 30, 2016** at 1:00 p.m. Eastern Time.

Register here! After registering, you will receive a confirmation email containing information about joining the webinar.

Clarification Regarding ANDPAC Contributions and the ANDPAC Administrative Fund

The primary role of the Academy of Nutrition and Dietetics Political Action Committee (ANDPAC) is to solicit funds from our members to be used to donate to candidates or elected officials that support federal nutrition and health policy issues that are consistent with the Academy's priority areas. The ANDPAC Board has policies and procedures in place to assist with approving distribution requests to the campaign funds. ANDPAC is a separate, segregated account from the Academy and the use of funds is closely monitored by the Federal Elections Commission, or FEC. Member dues cannot be used by ANDPAC and only members of the Academy and staff can contribute as individuals.

The ANDPAC does have an administrative fund to pay for certain administrative expenses (*i.e.*, printing, supplies.) No ANDPAC funds are used for employee salaries or office space.

Affiliates, DPGs and MIGs have been encouraged to make a financial contribution to the ANDPAC administrative fund. These generous donations help to support ANDPAC by covering costs associated with hosting events, developing marketing materials and promotional activities. Groups are not allowed under the FEC to make contributions to ANDPACs campaign disbursement fund. If you have questions, please contact us.

Thumbs Up!

In honor of Veterans Day, Academy member Melinda Boyd, MPH, MHR, RD was published a blog in Stone Soup. Click [here](#) to read the article, "Help End Food Insecurity among Our Veterans and Military Families". A special thank you to Melinda and our **active duty military, veterans and their families!**

November Public Policy Open Forum

Federal Public Policy and Legislative Update: Looking Forward to the 115th Congress

Tuesday, November 16, 2016

2 – 3:00 pm Eastern

(11 am – 12:00 pm Pacific; 1 – 2:00 pm Central)

Join us for the **November Public Policy Open Forum** webinar today . It is not too late to register for the Forum. Register Here.

All DPG, MIG and public policy panel leaders should attend (*please make sure at least one person from your DPG or affiliate participates*).

Here are directions for an alternate connection option.

Alternative Connection Option:

You can connect 15 minutes prior to the event via an alternative pathway:

1. Go to **<https://eatright.webex.com/eatright>**
2. Under Meeting Center tab (upper left), browse meetings to find the **November Public Policy Open Forum** meeting listed.
3. Select Join on the far right
4. It will have you enter your name, email and the event password. This password is case sensitive so you would enter the word ***policy (all letters are lowercase)***
5. Agree to allow it to connect to the audio conference and it will pull you into the event.

NEW! - Mobile Device Users:

You are welcome to connect via the free iTunes App Store or Google Play Store Cisco WebEx App. Be sure to download and install the free app. To connect, simply open the app and join the event via Meeting Number by entering the following:

- Meeting Number: 742 490 929
- Meeting Password: ***policy (all letters are lowercase)***

Handouts:

- Instructions to Connect to WebEx
- Handout: November 2016 Policy Forum Handout

Pediatric NFPE Workshop

Date: December 9, 2016

Workshop Site: Children's Center Rehabilitation Hospital

Location: Bethany, Okla.

Research shows that nutrition intervention of a patient with, or at risk for, malnutrition can decrease length of hospital stay, falls, pressure ulcers, infections, complications, re-admissions, and overall health care costs. As a registered dietitian nutritionist, you can perform a nutrition focused physical exam (NFPE) to more accurately provide individuals with a nutrition diagnosis of malnutrition. While the NFPE is only one component of the nutrition assessment, it can provide necessary supportive data to identify and nutrition diagnose the patient with, or at risk for, malnutrition.

The Academy offers a hands-on training workshop designed to provide you with the skills to perform an NFPE; empowering the RDN to accurately identify and nutrition diagnosis patients with malnutrition.

3100. Your Assistance is Needed to Complete a Short Survey Regarding Supervised Practice Education

From: ndep@eatright.org
To: DMartin@Burke.k12.ga.us
Sent Date: Nov 14, 2016 11:47:33
Subject: Your Assistance is Needed to Complete a Short Survey Regarding Supervised Practice Education
Attachment:

Dear Educators and Preceptors of NDEP ~

Good day! My name is Kevin Haubrick and I am currently conducting research to complete my PhD at the University of Southern Mississippi. For the last segment of my research project, I am attempting to validate construct definitions of deliberate practice as they relate to supervised dietetics education. The instrument has been developed from semi-structured interviews and an extensive card sorting activity. I value your time in completing this process, which should take no longer than 10 – 15 minutes. Research attempting to define deliberate practice in supervised dietetics education has never been done before.

If you choose to participate, your name will go into a drawing to win either one (1) \$100.00 gift card to Amazon.com or two (2) \$50.00 gift card to Amazon.com.

If you wish to participate, please click on the link below which will take you to the informational and consent letter as well as the questionnaire.

https://usmuw.co1.qualtrics.com/SE/?SID=SV_cGB2uXCHaMSjAK9

Thank you in advance for your time. Happy Holidays to you and yours!!

Please feel free to forward this email to other actively involved educators and/or preceptors who may wish to participate and provide their perspective on this subject matter.

Sincerely,

Kevin

Kevin Haubrick MS, RD, LD, FAND

I know Diane Enos has said Alan Alda might be too costly but maybe we could have a nutrition group at SUNY Connect first. He is amazing and on target for communicating health. Glad to help in any way or support Diane. She is great in this area.

2017 FNCE® Call for Educational Sessions Closes November 15th!

The Academy is looking for innovative, cutting-edge educational sessions that will make an impact!

Each year the Academy receives hundreds of proposals for FNCE® sessions. To stand out and enhance your chances of acceptance, be sure to ask yourself these key questions to enhance your steps to success:

- What new information are you showcasing or releasing in your proposed topic area?
- What outcomes are you highlighting?
- Is your proposal science or evidence-based?
- What are the applications to dietetics practice?

To submit a session or for planning tips and guidelines, visit
www.eatright.org/fnce/sessionproposals/

Share this mailing with your social network:

Connect with the Foundation:

Let's come together to celebrate and plant the seeds for our Second Century

Sunday, December 11, 2016

2:00 - 4:30 PM

Home of Diane W. Heller

4551 Blackland Dr

Marietta, GA 30067-4767

Never doubt that a small group of thoughtful, committed citizens can change the world. Indeed, it is the only thing that ever has.

-Margaret Mead

We thank you our donors and friends for all of the support in helping us deliver nutrition education programs and fund scholarships, awards and research. These resources strengthen our role in improving the nutritional health of the public.

As we embark on the 100th anniversary of the Academy, we are charting a new vision, grounded in an extraordinary commitment to collaboration, a focus on service and an emphasis on solving the greatest food and nutrition challenges of the 21st Century. With your support, we can create a world where people and communities flourish because of the transformational power of food and nutrition.

The afternoon program begins at 3:00 pm, featuring:

•**Donna Martin, RDN, LD, SNS, EDS, FAND**, Academy of Nutrition and Dietetics, President-Elect

Harvesting Healthy Kids for the Second Century
Reflections on working with First Lady, Michelle Obama on the White House Garden and the Academy's plans for the Second Century

•**Kathleen Zelman, MPH, RD, LD**, 2016 Lenna Francis Copper Lecturer and **Carolyn O'Neil, MS, RDN, LD** 2010 Lenna Francis Copper Lecturer

Communication tips to promote the role of the registered dietitian nutritionist and educate and inspire Academy Members about the Academy Foundation and our Second Century initiative.

•**Ginnefer O. Cox, PhD, RD**, Foundation Scholarship Recipient

How the Foundation has made a difference in my life

Please RSVP by December 2, 2016

This remains on hold until Congress returns. To no surprise, the remaining outstanding bills might wait for the new Congress including CNR. This would allow the Republicans to craft a bill with new language as they now control both houses and the Presidency.

The President-elect has identified the dismantling of the Department of Education within the Administration. The money would be shifted to states to determine how to use. The worst-case scenario would be to include school meals in this.

Keep us posted on what you might hear as well. As always, thank you for all your work, time, leadership and positive outlook!

Thanks to Gus for putting this together. Thanks Mary Pat for making sure the registered dietitian name was included and people were recognized with correct titles. Registered Dietitians are doing amazing work and it is so nice to recognize them. Thanks Gus for doing the heavy lifting on this great project to get the word out. Hopefully, more people will be inspired by this. I know I was! Happy Veteran's Day early! Gus and Mary Pat did their part to help celebrate the day already!

West Virginia Veterans Access Local Fresh Produce With Programs Tied to SNAP EBT Nutrition

Posted on 11/08/2016 by **Amanda Bryant Culp**

<image.png>

Farmer Derek Kilmer at Martinsburg, WVA Medical Center Farmers Market Photo: Barbara Hartman

By Gus Schumacher[1]

With Veterans Day around the corner, two Martinsburg registered dietitians have found innovative ways to get fresh, local, affordable fresh fruits and vegetables to West Virginian Veterans.

Barbara Hartman, MS, RD, LD, and her colleague, Annemarie Price at the Martinsburg VA Medical Center, have tapped federal nutrition programs to provide discounted fresh fruits and vegetables to Veterans, a group in which one in five suffer from diabetes. In the process, they hope to improve their nutrition and health.

These dietitians reached out to local farmers to get their produce into the cafeteria and onto patient food trays at the Martinsburg VA Medical Center. They also worked with the Veterans Administration Canteen Service to set up a weekly farmers market at their Medical Center.

They then worked with local farmers to offer a 14-week Community Supported Agriculture(CSA) program, in which consumers pay a fee to get regular weekly fresh fruits and vegetables directly from local farmers.

Their initiatives work because government-sponsored nutrition programs make the produce affordable. For instance, Hartman arranged for Veterans to use their SNAP EBT cards at the Martinsburg VA farmers market, working with funds provided by the U.S. Department of Agriculture's Food Insecurity Nutrition Incentive(FINI) Program and matched with Wholesome Wave (www.wholesomewave.org) funds. Their joint programs offered incentives doubling Veterans' purchasing power using their SNAP EBT cards at this farmers market.

At the same time, doctors at the Martinsburg VA worked with 40 Veterans with diabetes to pilot an FVRx Fruit and Vegetable Prescription program, based in part on an initiative started by Wholesome Wave, a nonprofit based in Bridgeport, CT.

With funds from a Veterans Administration's Rural Health grant, doctors prescribed a weekly \$35 "fruit and vegetable prescription" to eligible Veterans, who must agree to participate in classes on improving health and nutrition, reducing weight and increasing activity.

Bobbi Corbin, the VA's acting primary-care business manager, said doctors had so far gotten positive responses from the group, with some weight loss and blood-pressure improvements after just 14 weeks.

The Veterans' nutrition programs have also helped out local farmers too. Derek Kilmer, who farms in Inwood, WV, now delivers his produce twice a week to the Medical Center's kitchen and sells his produce at the VA farmers market on Wednesdays too.

Kilmer said he is particularly pleased with the Medical Center's prompt payment. If more funding was available, he said he could deliver as much as 1,000 CSA deliveries a week for Veterans in the region.

“All but one of the Vets came each Wednesday for 14 weeks,” Kilmer said. “Many were ‘meat and potatoes customers’ and were pleased to be introduced to just-picked, fresh produce, especially strawberries, cherries, peaches and tomatoes.”

With 49 VA Medical facilities hosting on-site farmers markets and hundreds of farmers growing fruits and vegetables nearby, these innovative Veteran Farmers Market Nutrition programs, led by dedicated VA dietitians, would be a double win--improving the health of our Veterans and the bottom lines of America's farmers.

“Having good food, having good nutrition, is key to prevention,” said Hartman.

The food at the VA cafeteria tastes better too, said Mackey Bonner, a food service worker, who says patient and staff taste panels have preferred meals featuring locally grown produce.

“Veterans compare us to other VAs they've eaten at and they say we have the best food,” Bonner said. “Matter of fact, a lot of them wants to transfer their treatment due to the food we serve.

I asked Mary Gregoire regarding the implementation timeframe of the draft Future Education Model Accreditation Standards for Associate, Bachelor and Master Degree Programs in Nutrition and Dietetics. Mary's response follows below. There will be a call for demonstration programs to adopt the standards, and the hope is to have students admitted to the programs by 2019. I believe we are working within a minimum five year timeframe, however, it allows us to begin the planning for and promotion of the new career opportunities now.

I was on a Second Century workgroup call today for the Global Nutrition Workforce Coalition and the feedback period of December 30 allows us to quickly submit competencies to address educating a global force.

We are scheduling a webinar on Thursday, December 15 for Mary Gregoire to provide an update to the Board regarding the standards. December 15 was the only day when Mary was available. Please click on the link below to select your preferred time. A confirmation with the webinar invitation and dial in numbers will be sent once the time is determined.

Hi Pat.

We do not have a set implementation date yet. We are collecting public comments currently until Dec 30th. Then the standards committee will review the comments, revise them and likely release them for a second round of public comment. We hope to have them finalized sometime next spring and then will do a call for demonstration programs to adopt them. Hope to have some demonstration programs admitting students by 2019. Let me know if additional info needed

Subject: ACEND® Update on Standards - November 2016

Greetings from ACEND,

The Accreditation Council for Education in Nutrition and Dietetics (ACEND®) is writing to keep you informed of our standards development work. ACEND has **extended the deadline for public comments** on the proposed *Future Education Model Accreditation Standards* in September until **December 30, 2016**. Comments can be made at:
<https://www.surveymonkey.com/r/FEMComments>.

A copy of the **November Standards Update** is posted on the ACEND Standards webpage www.eatrightacend.org/ACEND/Standards. The November **Update** includes clarification to topics raised by educators at the recent FNCE meeting and answers to questions raised on recent town halls and at FNCE.

Please share this information with your constituents/colleagues. If you or they have questions, please send them to acend@eatright.org or call 312-899-4872, so we can respond to them. Future editions of the monthly update will include these questions and an ACEND response.

Thank you.

Mary Gregoire, PhD, RD

ACEND Executive Director

USDA Releases Results of Food and Agriculture Research

A new report from the U.S. Department of Agriculture looks at the impact of food and agriculture research on the economy over the past eight years. The "results" report shows USDA invested \$19 billion in research, both intramural and extramural. Research conducted by USDA scientists resulted in 883 patent applications filed, 405 patents issued and 1,151 new inventions. The Academy continues to advocate in annual appropriations and in the upcoming Farm Bill for food and agriculture research at major universities and land-grant institutions.

Unifying Message: Elevating Food and Agriculture Research

The Academy recently participated in a group representing more than 20 food, nutrition, health and research organizations focused on pursuing a unifying message to elevate food, agricultural and natural resources research as a national priority. Past President Dr. Evelyn F. Crayton, RDN, LDN, FAND, provided valuable expertise based on her experience working with consumers through the extension program. Main points of the report focus on food, nutrition and agriculture research as a public good, benefiting the health care system and cost containment; and the need for the federal government funding to fill gaps in data while continuing to use a flexible framework so research can evolve. The Academy believes this message will resonate as the next Congress debates the future funding of agriculture, food and nutrition research in the next Farm Bill.

Subject: 100 Year Celebration - Food Photography Photos

Good afternoon Ms. Martin,

I hope you are doing well and that you are recovered from all the fun FNCE celebrations! My name is Elisabeth D'Alto, RDN, LDN and I wanted to e-introduce myself to you as I am excited for your term as President for the Academy of Nutrition & Dietetics as we celebrate 100 years strong as an organization in 2017! I've been a RDN for 10 years and have volunteered on both DBC and FCP, most recently serving as Supermarket/Retail Subgroup Chair for FCP.

I wanted to propose an idea to you to help celebrate and highlight our 100 years as an organization at FNCE 2017 in Chicago. As a RDN passionate about food and more recently, food photography, and with the Academy taking a more global approach for the Second Century Initiative, I thought it would be a fun and creative idea to take the word "100" in various languages around the world where we have an impact and spell out the word "100" through food photography. For example, on this website,

http://www.indifferentlanguages.com/words/one_hundred, they show how to spell out the word 100 in various languages. Perhaps, we could feature these photos on the Foundation Gala's Slideshow OR on print throughout the convention center and any print materials. We may also be able to frame them and use them as auction items for the Foundation as well.

Please let me know if this is something you may in fact be interested in discussing further. I'd love to discuss this opportunity further and hear any ideas/suggestions that you might have as well.

Thanks in advance,

Liz

Subject: Cash management
Attachment: [3.17 Line of credit policy.doc](#)

All,

Every year, as we move into November, operating cash becomes an issue for the Academy. There are many reasons for the cash slowdown; operating deficits for all entities, timing of payments (into and out of the businesses), capital investment, etc. In order to ensure we can maintain our operations, we have two options to fill any operating cash gaps; take the money out of investment reserves or use the money provided to us through our line of credit with the bank.

I believe the correct approach, at this time, would be to use the line of credit. I believe this is the correct approach given the current volatility of the markets and the return potential as we move into the next calendar year. Many of you may have noticed the equity market futures and international exchanges were down 5% or more last night as election results came in. Today, the Dow, NASDAQ and S&P indexes are up 0.5% or more. We have also seen the portfolios move up more than 3% in the past week after being down for the month more than 2%. We can't say where the markets are heading, but, there is the potential for upward growth over the next few months if the government maintains a business friendly environment as expected.

In addition, the interest rate we pay on our line of credit is 2.5% per annum. Given the limited amount of time these loans are maintained, it is a small cost to the organization.

The Line of Credit Policy (attached) indicates that the Finance and Audit Committee needs to be informed of any use of the Line of Credit. I anticipate, over the next two weeks, that we will need at least \$1,000,000 to fund our operations.

If you have any questions or concerns, please let me know.

Paul Mifsud

The original link sent for Tami Cline's obituary was incorrect. Please use the correct link below.

+++++

Yesterday we learned of the sad news that Tami Cline, PhD, RD, SNS, FADA, passed away on Friday, November 4. Tami served in many leadership roles in the Academy and the Food & Culinary Professionals (FCP) DPG. Most recently she represented FCP in the House of Delegates from 2010-2016. A celebration of her life will be held on Friday November 11, 2016, at the McClave United Methodist Church in McClave, Colorado. A full obituary is available at <http://theprowersjournal.com/2016/11/tami-jo-clinejuly-16-1959-november-4-2016/>.

Joan, It was great to see you at the meeting in Chicago. I am starting to get requests from the State Affiliates to send in my objectives for my presentations. I have two questions. Do we have a new slide deck for affiliate presentations to use? Secondly, do we have any objectives written for the state presentations that I could use? Thanks for keeping us all straight. I thought the food was great at the meeting and I know you plan the menus. That carrot soup was great!

Social Media Day of Action for Diabetes Advocacy

On Wednesday, November 16, Academy members will be joining diabetes advocates around the country in a social media day of action. Advocates will show support for the National Clinical Care Commission Act (H.R. 1192), and urge Congress to pass the bill before the end of the year. Academy members can also take action to ask your U.S. Senators to support passage of H.R. 1192.

Sample Tweets:

- November is National Diabetes Awareness Month. @eatrightpro supports #HR1192 for better #diabetes care

Action Alerts Remain Open – We need a United Voice!

We continue to need your voice on Capitol Hill! Please send the following message to your membership this week.

Dear Colleague,

Please send your members of Congress letters urging them to support the two legislative priorities important to our profession. Please ask your members of Congress to:

1. Support passage of the National Clinical Care Commission Act which would give registered dietitian nutritionists a seat at the table to ensure that federal programs provide the most efficient and effective care for individuals with diabetes and related diseases.
2. Support passage of the Treat and Reduce Obesity Act which would effectively treat and reduce obesity in older Americans by increasing Medicare beneficiaries' access to qualified practitioners, such as Registered Dietitian Nutritionists.

Please use one of the preferred web browsers to take action: Google Chrome, Firefox or Safari.

We are counting on you, please take action today!!

Your RDN friend,

November Public Policy Open Forum: Federal Legislative Update

The election will be over and Congress will be back to finish their work before the end of 2016. The 115th Congress will take up its work in January 2017. Join the Policy Initiatives and Advocacy team for a look into the remainder of the 114th Congress and a look into what's ahead for the 115th Congress.

All DPG, MIG and public policy panel leaders should attend (*please make sure at least one person from your DPG or affiliate participates*).

Register Here . The webinar **will be recorded** so leaders who have a scheduling conflict can view it at a later date.

Action Alert Reports

The reports Academy members by state who have responded to the action alerts will be posted in the Public Policy Panel COI. The participation reports for affiliate, DPG and MIG leaders will be posted in the participation topic folder.

The Affiliate Presidents and Public Policy Coordinators (PPCs) will find the detailed participation reports posted in the participation topic folder of the **community of interest** later today. We will continue to provide this type of information for affiliate presidents and PPCs to use, but ask that you don't post names of members (yours or from another affiliate) for public viewing. PPCs should review the action alert participation list and encourage members to send letters to Congress. Here is a chart identifying the action alert participation. The Treat and Reduce Obesity Act action alert remains open. The Clinical Care Commission action alert closes on November 15.

Members of the Chicago Academy of Nutrition and Dietetics recently honored Rep. Danny Davis (Ill. - 7) with the Outstanding Legislator Award with support from the Academy's Political Action Committee. The Chicago Academy thanked Rep. Davis for his leadership in the food, nutrition and health policy and for his support for registered dietitian nutritionists. The Chicago district celebrated its 100th anniversary at a gala event on October 27. The Illinois affiliate and Chicago policy leaders are planning a follow up visit with the Congressman in his district office to advocate for the Academy's legislative priorities. To learn more about the 100 year history of the Chicago Academy of Nutrition and Dietetics, click here. Congratulations to the Chicago Academy!

Social Media Day of Action for Diabetes Advocacy

On Wednesday, November 16, Academy members will be joining diabetes advocates around the country in a social media day of action. Advocates will show support for the National Clinical Care Commission Act (H.R. 1192), and urge Congress to pass the bill before the end of the year. Academy members can also take action to ask your U.S. Senators to support passage of H.R. 1192.

Hi Donna,

Great seeing you, too – as always! Menu planning is definitely a fun part of the job;) We have objectives and learning needs written for the Academy Update. I will run the ones we have in file past Tom Ryan, who helps develop the presentation, to see if there are any changes. I will be happy to respond to the requests for you, or whatever works best for you.

Thanks!

Joan, It was great to see you at the meeting in Chicago. I am starting to get requests from the State Affiliates to send in my objectives for my presentations. I have two questions. Do we have a new slide deck for affiliate presentations to use? Secondly, do we have any objectives written for the state presentations that I could use? Thanks for keeping us all straight. I thought the food was great at the meeting and I know you plan the menus. That carrot soup was great!

Maybe you could incorporate the changes I suggested and sent for the other piece. The email might have gotten lost as I know how that could happen. Glad to resend if you want.

I know Barb Hartman prefers to be referred to as a registered dietitian and not nutritionist. It would be good to include her title. Also it is more acceptable to say veterans with diabetes rather than

diabetics veterans as this focuses on the person and not the disease.

Hopefully the information about our Veterans blog was helpful.

Finally let me know if you want me to connect you to Barb Glenn. Although you probably know her as well. She is great!

Good luck with your piece. Great timing!

Mary Pat and colleagues,

**REF: West Virginia Veterans Access Local Fresh Produce
With Programs Tied to SNAP EBT Nutrition**

Good morning, was exploring publishing something along the following lines on Veterans Nutrition on November 11th--your thoughts on possible publication options (Farm Bureau national newsletter, NASDA Commisisoners of Ag Newsletter, Martinsburg, WVA paper or other suggestions esp welcome.

Gus

**West Virginia Veterans Access Local Fresh Produce
With Programs Tied to SNAP EBT Nutrition**

Martinsburg, WV (Nov.7, 2016) ***Can Farmers Markets Improve Veterans' Health? Two Veterans Administration nutritionists think so.***

With Veterans Day around the corner, two Martinsburg nutritionists have found innovative ways

to get fresh, local, affordable fresh fruits and vegetables to Veterans.

Barbara Hartman and her colleague, Annemarie Price, nutritionists at the Martinsburg VA Medical Center, have tapped federal nutrition programs to provide discounted fresh fruits and vegetables to Veterans, a group in which one in five suffer from diabetes. In the process, they hope to improve their nutrition and health.

The nutritionists reached out to local farmers to get their produce into the cafeteria and onto patient food trays at the Martinsburg VA Medical Center. They also worked with Veterans Administration Canteen Service to set up a weekly farmers market at their Veterans Administration Medical Center. They worked with local farmers to offer a 14-week Community Supported Agriculture(CSA) program, in which consumers pay a fee to get regular weekly fresh fruits and vegetables directly from local farmers.

The initiatives work because government-sponsored nutrition programs make the produce affordable. For instance, Hartman arranged for Veterans to use their SNAP EBT cards at the Martinsburg VA farmers market, working with funds provided by the U.S. Department of Agriculture's Food Insecurity Nutrition Incentive(FINI) Program and matched with Wholesome Wave (www.wholesomewave.org) funds. Their joint programs offered incentives doubling Veterans' purchasing power using their SNAP EBT cards at this farmers market.

At the same time, doctors at the Martinsburg VA worked with 40 diabetic Veterans to pilot a FVRx fruit and vegetable prescription program, based in part on an initiative started by Wholesome Wave, a non profit based in Bridgeport, CT.

With funds from a Veterans Administration's Rural Health grant, doctors prescribed a \$35 "fruit and vegetable prescription" to eligible Veterans, who must agree to participate in classes on improving health, reducing weight and increasing activity.

Bobbi Corbin, the VA's acting primary-care business manager, said doctors had so far gotten positive responses from the group, with some weight loss and blood-pressure improvements after just 14 weeks.

The Veterans' nutrition programs have helped out local farmers too. Derek Kilmer, who farms in Inwood, WV, now delivers his produce twice a week to the Medical Center's kitchen and sells his produce at the VA farmers market on Wednesdays too.

Kilmer said he is particularly pleased with the Medical Center's prompt payment. If more funding was available, he said he could deliver as much as 1,000 CSA deliveries a week for Veterans in the region.

``All but one of the Vets came each Wednesday for 14 weeks," Kilmer said. ``Many were 'meat and potatoes customers ' and were pleased to be introduced to just-picked, fresh produce, especially strawberries, cherries, peaches and tomatoes."

With 49 VA Medical facilities hosting on-site farmers markets and hundreds of farmers growing fruits and vegetables nearby, these innovative Veteran Farmers Market Nutrition programs, led by dedicated VA nutritionists, would be a double win--improving the health of our Veterans and the bottom lines of America's farmers.

"Having good food, having good nutrition, is key to prevention," said Hartman.

The food at the VA cafeteria tastes better too, said Mackey Bonner, a food service worker, who says patient and staff taste panels have preferred meals featuring locally grown produce.

"Veterans compare us to other VAs they've eaten at and they say we have the best food," Bonner said. "Matter of fact, a lot of them want to transfer their treatment due to the food we serve.

Donna and Camille,

Pleased to see a non profit, Rose Charities, picking up our Wholesome Wave voucher program in London-

- I've visited the program in 2014 and have been invited back November 22nd to Nov 30th to revisit and give a few talks in London and Scotland on the expansion of the programs here in the States and options for expanding further in the UK. (Food Foundation, Food Thinkers, City College of London).

Here is their latest video--looks fairly similar to USDA/FNS's WIC program, but will learn more in late November.

Fascinating that Jonathan Pauling, the guru on this program in London is seeking improved "tech" for more efficient voucher delivery--(See his note below).

We're meeting all day Monday in DC on this Tech food systems subject, thanks to John Reich's leadership at FFAR (\$200 million new Foundation started under the 2014 Farm Bill.

Gus

<https://www.youtube.com/watch?v=eo4hby1Emm4&app=desktop>

Here's a link to a short film we've just released as part of a bid for funding to support us to develop tech for the efficient delivery of the vouchers.

Hope you like it? <https://www.youtube.com/watch?v=eo4hby1Emm4&app=desktop>

Take your learning to the next level! The Academy offers many ways to earn CPE and improve your skill set on your own time.

WEBINARS

Here is a sampling of the many exciting webinars offered to you:

- NEW** The International Dysphagia Diet Standardization Initiative Framework
- TeleDietitian: The Future of Dietitian Consulting
- Nutrition for Fitness Exercisers: How to Fuel for Effective Workouts

See the full list of webinars available to you.

CERTIFICATE OF TRAINING PROGRAMS

Satisfy 8-12.5 hours of CPE credit for your CDR portfolio, and increase your recognition within the profession. Here are two of the newest programs available:

Culinary Nutrition

The Center for Lifelong Learning, with the Food and Culinary Professionals dietetic practice group, offers a new program to prepare RDNs to excel in the fast-growing field of culinary nutrition. Topics such as planning healthy meals, food safety, and food preparation techniques are covered.

Supermarket Business and Industry Skills to Thrive in Retail Dietetics

Learn business basics, influence the retail environment, create return on investment, build and nurture community and business relationships, and understand the roles and responsibilities of today's retail dietitian.

Discover all of the certificate of training programs [here](#).

For all of the Academys CPE offerings, check out the Distance Learning Center.

Presidents Thanks: 2016 Food & Nutrition Conference & Expo

Having trouble viewing this e-mail? [View it in your browser.](#)

Connect with the Academy:

Now that the Academys spectacular 2016 Food & Nutrition Conference & Expo has ended, I wanted to say a huge thank you to everyone who attended our conference in Boston. Overall attendance was more than 10,000!

I hope that, like me, you had a great meeting, filled with the professional education, networking and camaraderie that is such an important part of being an Academy member. By coming to FNCE, you demonstrated that our organization is strong, influential and always! moving forward.

Rarely if ever in my life have I been as proud as I was to stand before our membership at the Opening Session and report on the state of our Academy on the verge of our 100th birthday as an organization. My remarks focused on the strength to try. You can read more on the Academys website.

This same page contains links to videos that were shown at the Opening Session spotlighting the passionate work of diverse Academy members; providing highlights of the Nutrition Impact Summit and the collaboration, knowledge and excitement of the Academy's Second Century initiative; and showing why the winner of the 2016 Marjorie Hulsizer Copher Award so richly deserved her honor.

At the Member Showcase and throughout FNCE, we recognized many of our most accomplished Academy members and welcomed two honorary members. We heard reports from the Academys Foundation and our political action committee, and how we, as members, can help make their great work possible.

My special thanks to members who gave of their time and energy to speak at educational sessions, workshops and other FNCE events; to help organize our meeting; and to make us all feel at home in Boston.

Thanks as well to our amazing Headquarters Team. FNCE simply could not be done without you,

let alone be the incredible event it is.

The vitality of our profession, now and in the years to come, is in the hands of our members and your participation in the life of the Academy. The educational and networking opportunities at our meeting are unmatched anywhere in the world. Coming together at FNCE reminds us that we are part of a greater whole, and that our Academy is what we make it.

A special thank you to all members who took the time to stop me to talk, grab a picture and share your own story. I was so inspired by your enthusiasm and excitement. I hope I did my job as the Chief Motivating Officer.

I will see you and all the friends and colleagues you tell about FNCE who won't want to miss the fun in Chicago next October!

Lucille Beseler, MS, RDN, LDN, CDE, FAND
President, 2016-2017

3140. ACEND® Update on Standards - November 2016

From: ndep@eatright.org
To: DMartin@Burke.k12.ga.us
Sent Date: Nov 07, 2016 10:07:12
Subject: ACEND® Update on Standards - November 2016
Attachment:

Greetings from ACEND,

The Accreditation Council for Education in Nutrition and Dietetics (ACEND®) is writing to keep you informed of our standards development work. ACEND has **extended the deadline for public comments** on the proposed *Future Education Model Accreditation Standards* in September until **December 30, 2016**. Comments can be made at:
<https://www.surveymonkey.com/r/FEMComments>.

A copy of the **November Standards Update** is posted on the ACEND Standards webpage www.eatrightacend.org/ACEND/Standards. The November **Update** includes clarification to topics raised by educators at the recent FNCE meeting and answers to questions raised on recent town halls and at FNCE.

Please share this information with your constituents/colleagues. If you or they have questions, please send them to acend@eatright.org or call 312-899-4872, so we can respond to them. Future editions of the monthly update will include these questions and an ACEND response.

Thank you.

Mary Gregoire, PhD, RD
ACEND Executive Director

The International Dysphagia Diet Standardization Initiative Framework

Date: Tuesday, November 15, 2016 (12 PM CST)

CPEU Hours: 1.5

Speakers: Julie Cichero, SpThy (Hons), PhD and Peter Lam, RD, CFE

This webinar will introduce the International Dysphagia Diet Standardization Initiative (IDDSI) framework and provide an update on awareness and implementation around the world. This presentation will introduce the IDDSI standards and explain how the International Standards map with existing standards, and also include learnings from trials of the new standards in pilot sites. The webinar will address implementation strategies based on experiences from other countries that have implemented national dysphagia diets.

Thanks Pat

Yes I did your email but maybe read it too fast - I will be doing all my reading tomorrow for the meeting

It was a PA leader that emailed me so I plan to just listen to her concerns and will let you know any feedback

See you soon!

Hi Denice,

We knew Candice Choi was going to be at FNCE and we notified the BOD in early October. Last Monday we notified both the Academy and Foundation boards that there were two news stories about the FNCE floor. I am reattaching the email in case you want to look at the links to the stories. We arranged interviews by Lucille and Diane Enos, and both viewpoints were included in the articles. We also included the stories in the Academy's Daily News, since we wanted members to know our view point.

CEUs for viewing exhibits is under the purview of CDR. As you know the Academy has a process for the selection of exhibitors and CDR grants up to 3 hours of CEUs per year for viewing exhibits. The hours are given in totality and individuals have the personal choice to select which exhibits to accrue hours for. Chris Reidy tells me that CDR has not received any concerns via email or at the their FNCE booth about exhibits or its hours policy.

Looking forward to our meeting in a few days!

Best regards,

Pat

Hi Pat

I hate to send this during aCubs game but I am catching up on emails

A member fr PA sent me this today - I plan to talk w her

Did you see this one?

I can see the concern over CEUs

Will you provide copies of the other articles

Is this on the agenda

Look forward to discussing it -

Thank you!

Mary Gregoire, Executive Director of ACEND, was scheduled to give an update on the Future Education Model Accreditation Standards at the November 6-7 BOD meeting however due to a schedule conflict Mary is unable to attend and will instead provide a status report at the joint Academy and Foundation Board retreat in February. A brief update from ACEND is attached; the key message is that the public comment period on the future education model standards has been extended to December 30.

Donna,

Many thanks, with November 11th celebrating our Veterans, I thought I would see if the newsletter for the FArm Bureau or Commissioners of Ag might consider publishing, I've attached a rough draft which I plan to further edit over the weekend. Let me know if you or Mary Pat might have further suggestions for publication next week after revisions.

3148. Strategic Measures Report Review and Discussion for LPPC, ANDPAC and CPLS

From: tnece@eatright.org
To: DMartin@Burke.k12.ga.us
Sent Date: Nov 04, 2016 15:10:49
Subject: Strategic Measures Report Review and Discussion for LPPC, ANDPAC and CPLS
Attachment:

November 4, 2016

Dear LPPC, ANDPAC and CPLS leaders,

The preliminary strategic measures report and advocacy engagement scores will be ready for release to the affiliates, DPGs, MIGs and Academy committees in early December.

We have planned a joint webinar for the LPPC, ANDPAC and CPLS on Thursday, December 1 to review the data and provide committee members with the information prior to releasing the reports to specific groups.

During the webinar, we will report out the baseline advocacy engagement scores for fiscal year 2016, plans for release of the information and recommended changes for the fiscal year 2017. The webinar is set to provide committee members an opportunity to discuss the information. We will plan discussions following the webinar on each of the committee calls.

The scheduled webinar will require registration to attend the session. The webinar will be recorded if you are not available to attend the live meeting.

The webinar is scheduled for:
Thursday, December 1
1:00 – 2:30 p.m. (Eastern Time)

To register for the webinar, [click here](#).

We will provide each committee member with a packet of information to review prior to the session on December 1.

If you have any questions, please let us know.

Have a great weekend!

Best,

Teresa Nece, MS, RDN, LD, SNS
Director, Grassroots Advocacy

Here is their latest video--looks fairly similar to USDA/FNS's WIC program, but will learn more in late November.

Fascinating that Jonathan Pauling, the guru on this program in London is seeking improved "tech" for more efficient voucher delivery--(See his note below).

We're meeting all day Monday in DC on this Tech food systems subject, thanks to John Reich's leadership at FFAR (\$200 million new Foundation started under the 2014 Farm Bill.

Gus

<https://www.youtube.com/watch?v=eo4hby1Emm4&app=desktop>

Here's a link to a short film we've just released as part of a bid for funding to support us to develop tech for the efficient delivery of the vouchers.

Hope you like it? <https://www.youtube.com/watch?v=eo4hby1Emm4&app=desktop>

3153. Get CPEU on November 15! Dysphagia Diet Webinar

The International Dysphagia Diet Standardization Initiative Framework

Date: Thursday, November 15, 2016 (12 PM CST)

CPEU Hours: 1.5

Speakers: Julie Cichero, SpThy (Hons), PhD and Peter Lam, RD, CFE

This webinar will introduce the International Dysphagia Diet Standardization Initiative (IDDSI) framework and provide an update on awareness and implementation around the world. This presentation will introduce the IDDSI standards and explain how the International Standards map with existing standards, and also include learnings from trials of the new standards in pilot sites. The webinar will address implementation strategies based on experiences from other countries that have implemented national dysphagia diets.

Attachment:

This is the time of year when affiliates, DPGs, MIGs, and individual Academy members begin to develop honors and awards nomination packets. Encourage your colleagues to submit nominations to recognize individuals who have advanced the profession. To learn more about the awards and honors program, refer to <http://www.eatrightPRO.org/nationalawards/>.

Please remember that members of the Board of Directors are not eligible to receive an Academy honor or award. Also, no current member of the Academy's Board may provide a letter of support for inclusion in honors and awards nominee packets (see excerpts from Honors and Awards policy below). If you have any questions, please feel free to contact Barbara Visocan at bvisocan@eatright.org.

Board of Directors Eligibility ³/₄ No member of the Board of Directors may at the time of honors and awards selection and/or presentation be eligible to receive an Academy honor or award. This includes those on the ballot for the following year; if a Board nominee is elected, he/she is not eligible for an award.

Members of the Academy/Academy Foundation Boards of Directors are eligible to receive a national Academy honor or award after three (3) years upon completing their term of service, with the exception of the public member who may be eligible immediately after completing their term of office.

Letters of Support No current members involved in the selection process for an honor or award, including the Board of Directors, may provide a letter of support for Academy honors and awards nominations. Academy Staff may not write letters of support for National Honors and Awards nominees.

Thanks Pat

Yes I did your email but maybe read it too fast - I will be doing all my reading tomorrow for the meeting

It was a PA leader that emailed me so I plan to just listen to her concerns and will let you know any feedback

See you soon!

On Nov 3, 2016, at 6:01 PM, Patricia Babjak <PBABJAK@eatright.org> wrote:

Hi Denice,

We knew Candice Choi was going to be at FNCE and we notified the BOD in early October. Last Monday we notified both the Academy and Foundation boards that there were two news stories about the FNCE floor. I am reattaching the email in case you want to look at the links to the stories. We arranged interviews by Lucille and Diane Enos, and both viewpoints were included in the articles. We also included the stories in the Academy's Daily News, since we wanted members to know our view point.

CEUs for viewing exhibits is under the purview of CDR. As you know the Academy has a process for the selection of exhibitors and CDR grants up to 3 hours of CEUs per year for viewing exhibits. The hours are given in totality and individuals have the personal choice to select which exhibits to accrue hours for. Chris Reidy tells me that CDR has not received any concerns via email or at the their FNCE booth about exhibits or its hours policy.

Looking forward to our meeting in a few days!

Best regards,

Pat

Hi Pat

I hate to send this during aCubs game but I am catching up on emails

A member fr PA sent me this today - I plan to talk w her

Did you see this one?

I can see the concern over CEUs

Will you provide copies of the other articles

Is this on the agenda

Look forward to discussing it -

Thank you!

Subject: RE: Availability Nov. 17
Attachment: [Verification short.docx](#)

Donna,

We are still trying to figure out how to work this out. Ill be in touch very soon.

Attached you will find a quick analysis of the bill language around verification and sample size. I took a look at Georgia's direct certification rate (98%), and automatically this would put the entire state at a 6%. There are other ways to reduce your sample size percentage in increments of 2 percentage points, and as you noted ... if you are utilizing CEP you will not be subject to verification!

For brevity sake this document does not show the technical support that USDA is required to provide states to improve their data interoperability.

We really believe that this new framework will move the programs, towards reliance on data systems instead of paper applications and everything that comes with that system.

Have a great dinner tonight! Let us know how it goes, and Ill be in touch very soon about the fly in.

Very best,

Jenn

Hi Christine,

Your request for Donna Martin to present at the 2017 Florida Food and Nutrition Symposium was forwarded to me from the President's mailbox. Although we will check Donna's availability to attend, according to policy affiliates are asked to complete a request form (attached) for Board representation at meetings and submit to affiliate@eatright.org. This helps track the invitation and assures the Academy representative has all the details for successful participation. Please let me know if you have any questions.

Much appreciated!

Subject: Invitation to the Florida Food and Nutrition Symposium

Hi Donna,

It was so good to see you in Boston. I know you must be excited thinking about the year to come. As you make your plans please consider a visit to Florida and our 2017 Food and Nutrition Symposium. It will be held at the Harbor Beach Marriott in Fort Lauderdale, July 15-18th. We would like for you to present the Academy Update at our Annual Business Meeting which is scheduled for Sunday, July 16 from 7:00 am to 8:30 am. I hope you will be able to join us and look forward to hearing from you.

Christine

Hi Donna,

I asked Doris to connect with him to ascertain legitimacy. Daniel does in fact work for Gastro Girl and this may have good partnering potential. Please see the email from Doris below. We are scheduling an exploratory call for next week and then we'll loop you in on the next discussion.

Thanks!!

Pat

Hi Pat,

They would like to have a conversation with us regarding getting our members involved in their telehealth RDN network. They have a partnership with ACG and their 13,000 members, who will be using the Gastro Girl platform to refer patients to RDNs.

He stated that there is a high volume of patients, roughly 24 to 26 million represented. Sounds like a interesting opportunity for the Academy and our members.

I told him that we would get back with him on this. I would recommend having Marsha Schofield set up a call with other individuals who know about the telehealth guidelines. I told him we would get back with him next week.

Please let me know if there is anything I can do.
Doris

Subject: RE: Confidential
Importance: High

Hi Pat,

Daniel J. Corcoran is such a common name so it was hard to track any information on him. There is no information to verify that he works as a patient education partner of the American College of Gastroenterology so I recommend someone from the Academy call him and get more information before Donna even gets involved.

Gastro Girl, the company he is claiming to represent, is legit. They promote 30-minute counseling sessions with RDN for \$49.95.

Here is some additional information:

Gastro Girl (they have partnered with Nestle Health Science to educate physicians – screen shot below)

is the first patient-centric digital health platform for individuals living with gastrointestinal (GI) symptoms and conditions that brings key support elements together in one place to help them comply with treatment plans — and provide them with ongoing support — between doctor visits via three key integrated solutions :

1. Telehealth Coaching & Nutritional Counseling via our state-of-the-art, HIPAA-compliant telehealth platform which empowers patients to connect with their care team (Clinicians, Registered Dietitians, and Certified Health Coaches) and schedule 1:1 online sessions that aim to help improve treatment compliance and quality outcomes;

2. Online Support Community where members can become a more educated partner in their own digestive health via access to expert insights and evidence-based health information, and by sharing their experiences and learning from others with similar experiences
3. Digital Health Journal where patients document, track and describe their symptoms, mood, health status and what they eat in the way that works best for them (e.g., pictures, video or audio recordings, or written journal entries).

This is pretty cryptic. Please check if works for the American College of Gastroenterology before I respond to Donna.

Donna,

As the patient education partner of the American College of Gastroenterology, I am reaching out to you to explore a potential strategic partnership with the Academy of Nutrition and Dietetics. I realize that you do not take on your new role until 2017, so the agreement is simply between you and us for discussion purposes only. We believe that we've identified an opportunity that would be of high interest and benefit to AND, its members, and its future members. For purposes of confidentiality and to allow us to speak candidly, I have attached a mutual non-disclosure agreement for your review and approval.

Thank you in advance, Dan

Subject: November Board Meeting Attachments

A revised agenda and the remaining attachments for the November Board meeting are now available on the Board of Directors' communication platform; a PDF of the full packet is attached to this correspondence. Paper copies will not be automatically provided; please contact me by tomorrow morning if you want to receive a paper packet, which will be delivered on Friday, November 4 via UPS (no signature required). Please click [here](#) and enter your Academy website username and password to access the agenda and attachments on the Board portal.

We have several guests joining us. On Sunday, November 6, Glenn Tecker, principal partner, chairman of the board and co-chief executive officer of Tecker International, LLC, will join us to present Governance Models and Best Practices; and Danna Caller, Director of Health Policy, Quality & Strategic Initiatives in Government Affairs at Abbott, will provide a status update on the Malnutrition Quality Improvement Initiative. Joining us on Monday are Lisa Jones, chair of the Consumer Protection and Licensure Subcommittee, to present the Affiliates' Uniform Tool for Collecting Reports of Harm; John Whalen, CEO of Whalen Consulting, for the Second Century Strategy discussion; and James Hagestad and Kathy Downey of Plante Moran to present the FY 2016 Audit Report.

Reservations have been made for you at the Loews Chicago O'Hare Hotel for arrival on Sunday, November 6 and departure on Monday, November 7, unless you requested otherwise; your room confirmation numbers are attached. As a reminder, the hotel is located two miles from the airport and offers a complimentary airport shuttle to all guests. For domestic flights, pick up is at the Hotel Shuttle Center, Door #2 located by baggage claim; follow the red Shuttle Center signs. Transportation is also available by taxi, just a 10-15 minute ride between the airport and the hotel.

See you soon!

Take Action to Pass the Clinical Care Commission Act This Year

The National Clinical Care Commission Act (H.R. 1192) is making great progress in the House of Representatives after its passage through a congressional committee in September. However, there is only a short time for the Senate to pass H.R. 1192 in the lame-duck session following the November elections, which is why members need to ask your senators to pass the House bill.

Subject: Travel for Committee Appointments Meeting
Attachment: [image001.jpg](#)
[image002.png](#)

Good afternoon,

I know you have received some preliminary information from Charlene Rice concerning the Committee Appointments meeting scheduled for March in Chicago. As Charlene noted, we'll share more information including logistics as we get closer to the date. You certainly have plenty of time to make your travel arrangements. For those of you who want to do so sooner rather than later, I can share with you that in the past the meetings has run from 8:00 or 8:30 am to 4:00 – 4:30 pm. So as you look at flights I recommend you try to find something that departs no earlier than 6:30 pm Central time. If that becomes a challenge let me know so I can plan your meeting time accordingly.

Thank you, in advance, for your participation in this important project.

Marsha

Hi Christine,

Your request for Donna Martin to present at the 2017 Florida Food and Nutrition Symposium was forwarded to me from the President's mailbox. Although we will check Donna's availability to

attend, according to policy affiliates are asked to complete a request form (attached) for Board representation at meetings and submit to affiliate@eatright.org. This helps track the invitation and assures the Academy representative has all the details for successful participation. Please let me know if you have any questions.

Much appreciated!

Subject: Invitation to the Florida Food and Nutrition Symposium

Hi Donna,

It was so good to see you in Boston. I know you must be excited thinking about the year to come. As you make your plans please consider a visit to Florida and our 2017 Food and Nutrition Symposium. It will be held at the Harbor Beach Marriott in Fort Lauderdale, July 15-18th. We would like for you to present the Academy Update at our Annual Business Meeting which is scheduled for Sunday, July 16 from 7:00 am to 8:30 am. I hope you will be able to join us and look forward to hearing from you.

Subject: FW: ACTION REQUIRED: Academy of Nutrition and Dietetics Travel Authorization Notification - 2017 Appointment Committee Meeting - 3/13/2017
Attachment: [image003.png](#)

You have been approved for travel to the following meeting. In order for your airfare to be charged to the Academy credit card on file, you must have an active Traveler Profile in **Deem@work®** (formerly aXiom), the online booking tool for the Academy Travel Desk.

If you do NOT have a traveler profile, please click [HERE](#) to complete a profile request form.

If you do not wish to create a profile, you will have to book your travel on your own and submit your expenses for reimbursement after the conclusion of your meeting. *NOTE: Any ticket purchase that is over the Academy Limit of \$600 will still need to be receive prior approval or you might not be reimbursed for your travel.*

A valid Meeting Name, GL (budget) Code and Meeting Authorization Code (see below) are required when booking travel through the Academy Travel Desk.

Name Your Trip:

Appointment Committee Meeting

Meeting Name (Select from dropdown menu):

Academy Miscellaneous Travel – Meeting Not Listed Below

Meeting Location:

Academy Headquarters – Chicago, IL

Dates:

March 12-13, 2017

GL (Budget) Code:

1032430

Travel Authorization Code:

9198801

Booking Your Travel Online (\$12 service fee)

- 1) *Book your travel whenever possible Monday through Friday between the hours of 8:30 a.m. and 7:00 p.m. EST.*
- 2) *Go online to: **<http://www.atcmeetings.com/academy>***
- 3) *Login to your account using your email address and the password you created when you activated your account. (If you have forgotten your login, click “Forgot password and enter your email address on file with Deem in the USERNAME field. You will immediately receive a reset password email.)*
- 4) *Search for and select your flights (book “non-refundable” fares only)*
 - a. *You have the option of searching by “Price” or “Schedule”.*
 - b. *Click on your preferred airline if you only want to view their fares.*
- 5) *When you reach the **Purchase Trip** page, select the appropriate Meeting Name from the drop-down menu, enter the GL Code and Meeting Authorization Code listed above.*

Booking Your Travel with an Agent (\$33 service fee)

- 1) *Book your travel whenever possible Monday through Friday between the hours of 8:30 a.m. and 7:00 p.m. EST.*
- 2) *For agent assisted booking, call ATC Travel Management at 800/458-9383 or 703/253-6004. You may also reach ATC via email at reservations@atcmeetings.com.*
- 3) *Provide the agent with the Meeting Name, GL Code, and Meeting Authorization Code listed above.*

Booking Outside of the Academy Travel Policy

In the event your airfare or rail fees exceed the Academy Travel Policy limits and there is a lower logical fare available (similar itinerary to your selection), your proposed travel may be declined. In the event that the trip you selected is declined, you will receive an email instructing you to go back to <http://www.atcmeetings.com/academy> and rebook at a lower fare.

Attachment: [image005.png](#)
[image006.png](#)
[FNCE 2017-Keynote Speaker-FinalV1.docx](#)

Hi Donna-

Please see attached for a proposed list of FNCE® keynote speakers for your consideration. Each speaker was selected for their ability cover concepts we previously discussed and to draw interest for the unique celebration opportunities surrounding the Centennial efforts.

If there are any that you like, it would be helpful to have them ranked in order of preference. I would then begin the internal process of securing date holds while negotiating terms of a speaker agreement. If you want me to pursue additional ideas, names, concepts, please share and I'll start working on additional options for consideration.

Thanks,

Diane

Importance: High

Hi Pat,

Daniel J. Corcoran is such a common name so it was hard to track any information on him. There is no information to verify that he works as a patient education partner of the American College of Gastroenterology so I recommend someone from the Academy call him and get more information before Donna even gets involved.

Gastro Girl, the company he is claiming to represent, is legit. They promote 30-minute counseling sessions with RDN for \$49.95.

Here is some additional information:

Gastro Girl (they have partnered with Nestle Health Science to educate physicians – screen shot below)

is the first patient-centric digital health platform for individuals living with gastrointestinal (GI) symptoms and conditions that brings key support elements together in one place to help them comply with treatment plans — and provide them with ongoing support — between doctor visits via three key integrated solutions :

1. Telehealth Coaching & Nutritional Counseling via our state-of-the-art, HIPAA-compliant telehealth platform which empowers patients to connect with their care team (Clinicians, Registered Dietitians, and Certified Health Coaches) and schedule 1:1 online sessions that aim to help improve treatment compliance and quality outcomes;
2. Online Support Community where members can become a more educated partner in their own digestive health via access to expert insights and evidence-based health information, and by sharing their experiences and learning from others with similar experiences
3. Digital Health Journal where patients document, track and describe their symptoms, mood, health status and what they eat in the way that works best for them (e.g., pictures, video or audio recordings, or written journal entries).

Donna,

As the patient education partner of the American College of Gastroenterology, I am reaching out to you to explore a potential strategic partnership with the Academy of Nutrition and Dietetics. I realize that you do not take on your new role until 2017, so the agreement is simply between you and us for discussion purposes only. We believe that we've identified an opportunity that would be of high interest and benefit to AND, its members, and its future members. For purposes of confidentiality and to allow us to speak candidly, I have attached a mutual non-disclosure agreement for your review and approval.

Thank you in advance, Dan

Subject: RE: FNCE 2017 Celebration

Hi Kelli-

Thank you for your email. While we are still in the planning phase of all the details for the opening night of FNCE next year, here is what I can share:

1. Opening Session will conclude by 6pm
2. We will move directly from Opening session into the Opening Party (same building/McCormick West)
3. All attendee badges will allow access into the Opening Party
4. We anticipate the party running until 8 or 9 pm, BUT

- a. Party attendance is optional
- b. We will offer busing back to hotels throughout the evening

We have told all Academy groups that they will not be allowed to plan formal receptions or events that night and many are discussing just using the opening party as an alternative.

We are completely understanding and supportive of other non-Academy off-site event needs (dinners, etc) that you may wish to plan. My recommendation is to plan as such:

- 1. Consider the timing of the event to allow FNCE attendees to stay for at least 30-60 minutes of the opening night party
- 2. If you wanted to plan for transportation to your event, we can always work with you and the McCormick West building to designate a bus/shuttle location for you to transport your dinner guests to your event. If we know how to best assist with your needs, then we can accommodate accordingly.

I would be happy to discuss any details or ideas with you as we understand the need for you to have some of your own VIP off-site needs met as well for your clients.

Best Regards,

Diane

Subject: FNCE 2017 Celebration

Hi Diane,

I received your email from Donna Martin, who said you could perhaps share some insights about FNCE 2017 (it's never too early to start planning, right?). I spoke with Diane at FNCE last week regarding an annual networking event my company holds on the Saturday of FNCE. I know the Academy is planning a celebration for its 100th year on the Saturday of FNCE 2017 and want to arrange our event around this – we definitely do not want to discourage anyone from attending! Do you have any sense of the time and location of the celebration? This will be very helpful as we begin planning next year's event.

Thank you!

Sent Date: Nov 01, 2016 15:15:20
Subject: Our Second Century
Attachment:

Our Second Century

Having trouble viewing this e-mail? [View it in your browser.](#)

This is Our Time...

In April of 2016, the United Nations and the World Health Organization declared that the next ten years will be the Decade of Action on Nutrition, calling for intensified action to eradicate malnutrition worldwide and ensure universal access to healthier and more sustainable diets. The Academy of Nutrition and Dietetics and our Academy Foundation are taking on this call to action with its Second Century Initiative. This bold, new endeavor is charting a vision for our next 100 years, grounded in an extraordinary commitment to collaboration, a focus on service and an emphasis on accelerating the progress towards solving the greatest food and nutrition challenges of the 21st century creating a world where people and communities flourish because of the transformational power of food and nutrition.

This is our moment to raise the influence of the dietitian on a global level. Dietitians are vital in addressing the many issues of global malnutrition and our Academy Foundation is providing resources and opportunities for dietitians to do just that. Meet Academy member Janice Giddens, MS, RDN, LD and check out her amazing work, making a difference and changing lives in this remote village halfway across the globe through a program funded by the Academy Foundation.

The Second Century Initiative will identify and develop collaborative projects with organizations and leaders throughout the nutrition, wellness and healthcare sectors that will expand upon Foundation programs and Academy relationships in new and emerging ways, providing academy members with the resources and opportunities to lead the way in improving nutritional health in your communities and throughout the world. Programs like this are only possible through the generous support of Academy members, because donations not dues provides the resources that fund Foundation programs. I am asking you to join me in making a donating to our Second Century Campaign to ensure the resources are available to build on the Foundations programs that will take us into our next century. This is our time to make a difference and change lives!

Sincerely,

Jean Ragalie-Carr, RDN, LDN, FAND
Academy Foundation Chair

Donna,

Mea Culpa! The two groups we are dealing with are American Society for Gastrointestinal Endoscopy (ASGE) and American Gastroenterological Association (AGA), not American College of Gastroenterology. This message is kind of cryptic about “between you and us.” Who is “us?”

I asked Doris to look into Daniel’s background. Please find her response and counsel below.

Importance: High

Hi Pat,

Daniel J. Corcoran is such a common name so it was hard to track any information on him. There is no information to verify that he works as a patient education partner of the American College of Gastroenterology so I recommend someone from the Academy call him and get more information

before Donna even gets involved.

Gastro Girl, the company he is claiming to represent, is legit. They promote 30-minute counseling sessions with RDN for \$49.95.

Here is some additional information:

Gastro Girl (they have partnered with Nestle Health Science to educate physicians – screen shot below)

is the first patient-centric digital health platform for individuals living with gastrointestinal (GI) symptoms and conditions that brings key support elements together in one place to help them comply with treatment plans — and provide them with ongoing support — between doctor visits via three key integrated solutions :

1. Telehealth Coaching & Nutritional Counseling via our state-of-the-art, HIPAA-compliant telehealth platform which empowers patients to connect with their care team (Clinicians, Registered Dietitians, and Certified Health Coaches) and schedule 1:1 online sessions that aim to help improve treatment compliance and quality outcomes;
2. Online Support Community where members can become a more educated partner in their own digestive health via access to expert insights and evidence-based health information, and by sharing their experiences and learning from others with similar experiences
3. Digital Health Journal where patients document, track and describe their symptoms, mood, health status and what they eat in the way that works best for them (e.g., pictures, video or audio recordings, or written journal entries).

Subject: Re: Academy Pres-Elect Donna Martin for New Mexico Academy of Nutrition and Dietetics Annual Meeting in April 2017

Good morning, Amy -

Attached is the New Mexico affiliate's official request for Academy President-Elect Donna Martin to speak at our annual affiliate meeting in Santa Fe in April 2017. Donna has requested to speak the morning of April 20th, so I have included that in the comments. I've also copied our Professional Issues Coordinator, Valari Fauntleroy, who chairs our annual meeting planning committee.

Thanks so much, and we look forward to hearing back from you soon. - Patty

Dear Patty,

Just to make things official, please complete the attached request form and submit to Amy Biedenharn, Sr. Manager of Affiliate Relations/MIG Relations, at affilaite@eatright.org, with a copy to me. This helps us track the meeting and outcomes. I will verify with Donna's schedule and respond to you with a confirmation once the form is received.

Thank you!

Joan

Subject: Academy Pres-Elect Donna Martin for New Mexico Academy of Nutrition and Dietetics Annual Meeting in April 2017

Greetings Joan -

I spoke with Donna Martin at the President's Reception at FNCE about being our keynote speaker at our New Mexico Academy of Nutrition and Dietetics affiliate meeting in April 2017. She said she would like to do it if she can, and that I should be in touch with you about setting it up.

We would like to focus on child nutrition, so Donna is a natural fit, and since I chaired the Academy's workgroup on Child Nutrition Reauthorization, it's another reason to highlight child nutrition. And of course, we'd love for Donna to talk about the Academy's Second Century as well.

Our meeting will be at the Hilton Hotel in Santa Fe, NM on April 20th & 21st, 2017.

Would you please let me know what additional information you might need from us? If you'd prefer to talk on the phone, my number is 505-363-1729.

Thank you! - Patty

Today's Public Policy Weekly News:

1. November Public Policy Forum – **Register today!**
2. Meeting Reports for Congressional District Visits – **Due November 2**
3. Action Alert Reports – **Posted to the Policy Community of Interest**
4. Action Alerts Remain Open – **We need a United Voice!**
5. Dates to Remember

November Public Policy Open Forum: Federal Legislative Update

The election will be over and Congress will be back to finish their work before the end of 2016. The 115th Congress will take up its work in January 2017. Join the Policy Initiatives and Advocacy team for a look into the remainder of the 114th Congress and a look into what's ahead for the 115th Congress.

All DPG, MIG and public policy panel leaders should attend (*please make sure at least one person from your DPG or affiliate participates*).

Register Here . The webinar **will be recorded** so leaders who have a scheduling conflict can view it at a later date.

Meeting Reports for Congressional District Visits – Due November 1

Thank you to affiliate policy team members who met with their U. S. Senators and Representatives in October. If you have not yet submitted your report, please use the links below to report on your meetings. The surveys are set to allow the survey to be taken more than one time.

Senate Meeting October 2016 Report Survey – please report on each U. S. Senate Office meeting separately.

House Meeting October 2016 Report Survey – please report on each U. S. House of Representative Office meeting separately.

Please submit your pictures by email to me. If you have questions, please contact me.

Action Alert Reports

The reports Academy members by state who have responded to the action alerts are posted in the Public Policy Panel COI. The participation reports for affiliate, DPG and MIG leaders are posted in the participation topic folder.

The Affiliate Presidents and Public Policy Coordinators (PPCs) will find the detailed participation reports posted in the participation topic folder of the **community of interest**. We will continue to provide this type of information for affiliate presidents and PPCs to use, but ask that you don't post names of members (yours or from another affiliate) for public viewing. PPCs should review the action alert participation list and encourage members to send letters to Congress. Here is a chart identifying the action alert participation. The Treat and Reduce Obesity Act action alert remains open. The Clinical Care Commission action alert closes on November 15.

Clinical Care Commission Act October 2016 % Malnutrition % TROA % Prevent Diabetes (HR and S bills) % House CNR HR 5003 % Date Opened 10/11/2016 9/20/2016 6/1/2016

Action Alerts Remain Open – We need a United Voice!

We continue to need your voice on Capitol Hill! Please send the following message to your membership this week.

Dear Colleague,

Please send your members of Congress letters urging them to support the two legislative priorities important to our profession. Please ask your members of Congress to:

- 1. Support passage of the National Clinical Care Commission Act which would give registered dietitian nutritionists a seat at the table to ensure that federal programs provide the most efficient and effective care for individuals with diabetes and related diseases.*
- 2. Support passage of the Treat and Reduce Obesity Act which would effectively treat and reduce obesity in older Americans by increasing Medicare beneficiaries' access to qualified*

practitioners, such as Registered Dietitian Nutritionists.

Please use one of the preferred web browsers to take action: Google Chrome, Firefox or Safari.

We are counting on you, please take action today!!

Hello,

I communicated with the Dr. Ibrahim, the conference organizer, and provided your presentation information. He is very appreciative and will revised the program to incorporate it. He also requested your travel itinerary for the event to make your airline reservations and secure hotel accommodations. If you can send your preferred flights to me I will forward to him to book your flights.

I also provided him with a template letter to send to your employers, Donna and Marcy. I will follow up with him to obtain the letters.

Please let me know if you need anything else.

Thank you!

Subject: Foundation Update
Attachment:

To: Academy Foundation Board of Directors

From: Jean Ragalie-Carr, Foundation Chair

Thank you to those of you who were able to attend the Academy's 2016 Food & Nutrition Conference & Expo. A great deal of excitement was generated over those few days in Boston. It was another successful meeting for the Foundation as we launched our Second Century Fundraising Campaign. The same 100% challenge that was posed to all of you in June and the Academy Board in September was presented to the House of Delegates and Spokespeople. We are still taking gifts and pledges but I'm thrilled to report that we already have 62% participation from our House of Delegates just from FNCE alone! Thank you Linda Farr, Speaker of the House, for offering us this platform to tell our story and make the case for support.

I will provide a status update on the Foundation Board, Academy Board, HOD and spokesperson challenge within the next week so there is still time to make your Second Century gift if you haven't already done so and help the Foundation Board announce 100%. I know I can count on your support!

Some highlights from FNCE:

- Nearly \$250,000 was raised through Foundation events and sponsorship. Our FNCE symposiums and education breakfasts were sold out! Standing room only on Saturday for the Innovation: Shaping the Future of Dietetics session sponsored by Elanco.
- Sonja Connor was recognized at the Gala and received a standing ovation for her \$100,000 in support of the Second Century during the Foundation Gala. We also heard from recipients of Foundation awards, including Ahmed Saddam from Iraq. You could hear a pin drop when he talked about his plans to return to Iraq and lead the effort to launch dietetics.
- The Foundation met with twenty three dietetic practice groups and member interest groups, along with twelve external stakeholders to talk about the Campaign.
- SCAN DPG provided a \$6,900 donation (one dollar per member) to the Foundation. Thank you SCAN!!!
- Three new videos were debuted at Member Showcase and the Foundation Gala, highlighting the impact that Foundation support is making possible across the globe. A link to one of these videos is provided below. Please view and share!
- Nearly \$120,000 was raised through Second Century pledges and donations. I would like make a special mention of Diane Heller who made a \$50,000 commitment and Alice Wimpfheimer who provided a \$50,000 gift on her pledge.

Help us keep the momentum going. Here is your call to action. One of the above mentioned videos can be found at VIDEO. We encourage you to share these via your social media channels with a message that directs your friends and colleagues to please join you with a gift to the Second Century campaign. A sample message has been drafted for you below. Thanks for your ongoing support!

I'm proud to be a part of the Second Century Campaign. This is the reason why VIDEO. Make your gift today at Donate!

Subject: Launch of Member Engagement Zone
Attachment:

On Friday you will have noticed that we debuted a platform for Academy member input. The new Member Engagement Zone will allow the Board of Directors to ask a specific question and quickly gather Academy member feedback, opinions, insight and comments.

The first Member Engagement Zone question focused on malnutrition:

The Academy has advanced malnutrition documentation in the inpatient setting and provided many resources for RDNs to be successful in diagnosing malnutrition. What tools and resources are needed to expand this focus to identify and prevent malnutrition in the community?

In addition to the all-member email, web assets have been posted on eatrightPRO and the question was promoted via all social media PRO channels. I am happy to report that we have

already received 896 responses from members.

The next question will be on the Second Century vision.

As part of the Board Communication Plan, the Member Engagement Zone allows us to:

- Secure member feedback, comments and opinions on issues affecting the profession
- Obtain member input quickly on new products and services
- Engage members in Academy programs, services and initiatives

Please let me know if you have any questions.

Best regards,

Pat

Donna,

As the patient education partner of the American College of Gastroenterology, I am reaching out to you to explore a potential strategic partnership with the Academy of Nutrition and Dietetics. I realize that you do not take on your new role until 2017, so the agreement is simply between you and us for discussion purposes only. We believe that we've identified an opportunity that would be of high interest and benefit to AND, its members, and its future members. For purposes of confidentiality and to allow us to speak candidly, I have attached a mutual non-disclosure agreement for your review and approval.

Thank you in advance, Dan

Two news stories were posted today about the 2016 FNCE Expo Floor – by the Associated Press and by STATNews (a website associated with the Boston Globe). Both stories quote some of the Academy's usual critics on issues of industry funding, including comments from several non-members and people who did not attend FNCE. The Academy's Strategic Communications Team worked with STAT and AP reporters before FNCE, in Boston and after the meeting to provide information emphasizing the Academy's commitment to science-based evidence and our members' ability to distinguish facts from marketing spin. We arranged interviews with Lucille and Diane Enos, and each was quoted in one or both stories. The Academy's viewpoint was reflected in both articles. They are getting very little traction on social media.

Please let me know if you have any questions.

3215. Sharing a Video

From: tnece@eatright.org
To: DMartin@Burke.k12.ga.us
Sent Date: Oct 28, 2016 13:02:09
Subject: Sharing a Video
Attachment:

Good afternoon,

We are sharing a video showcasing Academy of Nutrition and Dietetics Legislative and Public Policy Committee member Lauren Au, PhD, RDN, who works in the field of nutrition policy. Dr. Au notes that by encouraging access to healthy foods and healthy drinking options, and by promoting changes in behavior to improve health and well-being, nutrition policy initiatives can help reduce food insecurity, obesity, and diabetes in the U.S. and also serve as a model for other countries around the world.

Have a great weekend.

Best regards,

Teresa

The Colorful Truth about Anthocyanins

These plant compounds are well-known for giving fruits and vegetables vibrant hues, but they also may help fend off chronic diseases.

The Informed Imbiber

If you choose to partake in holiday libations, be in the know about current research and the ongoing debate about potential health effects of drinking alcohol.

Inspired by Instagram

We perused our Instagram feed, populated primarily by registered dietitian nutritionists, to gather #instayum and eye-catching trends for holiday (or everyday!) food styling.

Supplementation to Lower Blood Sugar

Millions of people are affected by chronically elevated blood sugar or Type 2 diabetes, leading many to turn to certain dietary supplements for "natural" treatment. But is this safe - or effective?

Recipes: Feast-worthy Fare

From appetizers and entrees to a sweet post-dinner treat, these recipes are ideal for everyday eating or extravagant entertaining.

Winter Squash

Gorgeous gourds are front and center, boasting an impressive amount of nutrients.

ON THE PULSE OF PUBLIC POLICY

Take Action to Pass the Clinical Care Commission Act This Year

The National Clinical Care Commission Act (H.R. 1192) is making great progress in the House of Representatives after its passage through a congressional committee in September. However, there is only a short time for the Senate to pass H.R. 1192 in the lame-duck session following the November elections, which is why members need to ask your senators to pass the House bill.

USDA Grants to Help Families Afford Healthy Food

The U.S. Department of Agriculture announced the third round of grants to communities to increase the purchase of fruits and vegetables by families and households participating in the Supplemental Nutrition Assistance Program (SNAP). Funding will be awarded to eligible nonprofits and governmental organizations through the Food Insecurity Nutrition Incentive Grant Program. The program was one of the Academy's priorities during the last farm bill and the Academy will fight for it again in the next two years.

Academy Leader Recognized at USDA Child and Adult Care Food Roundtable

Doris Fredericks, MEd, RDN, FADA, RYT, chair of the Academy's Public Health and Community Nutrition Committee, received a certificate of appreciation from the U.S. Department of Agriculture at the 25th annual Child and Adult Care Food Program Roundtable Conference. Fredericks was honored for "her dedicated work to improve the health and well-being of California's young children." The Academy continues to advocate, as part of the Child Nutrition Reauthorization, for additional funds for CACFP and supports the guidelines that were released last summer to improve the nutritional quality of all meals and snacks in this program.

Powerful Effect on the Public's Health: Alternative Payment Models

The Academy's relationships with outside organizations has a powerful effect on the public's health. Since its inception in 2015, the Academy has been a member of the Health Care Payment Learning & Action Network. The LAN is a public-private partnership of more than 4,000 stakeholders charged with helping the Centers for Medicare and Medicaid Services to realize its goal of having more than 50 percent of Medicare payments in APMs by 2018. The Academy is now an LAN Committed Partner, committed to value-based health care and, more specifically, to the adoption of Categories 3 and 4 Alternative Payment Models, which include bundled payments and population-based payments. Through the LAN, the Academy will collaborate with and support stakeholders who want to use nutrition care and registered dietitian nutritionists as a sound strategy to achieve better outcomes and decrease the total cost of care.

[Learn More](#)

What Do You Want to Ask Your Candidates?

The Academy hosts two Meet the Candidates online forums each January to give members the opportunity to hear from candidates for president-elect and speaker-elect. The Nominating Committee is seeking questions for the candidates; the submission deadline has been extended to November 7.

Subject: School Food Support Initiative: Applications due 11/30, informational webinar 11/2 at 4pm ET

Please see below more information for a school food grant opportunity from the Life Time Foundation, Chef Ann Foundation and Whole Kids Foundation to provide technical assistance to school districts to improve their meal programs and transition to scratch cook operations: School Food Support Initiative. The program has a value of approximately \$192,000 per participating district (depending on district size).

More about the School Food Support Initiative

The program is currently in its second round of grant funding (**from now until November 30**) and its goal is to provide up to seven school districts with technical assistance, strategic planning and funding opportunities to improve operations.

You can find more details about program services and eligibility criteria, as well as a link to the online application on the School Food Support Initiative Webpage. Please help us spread the word and pass this along to any districts in your network that you think might benefit from this program.

For more information, there will be an **informational webinar on Wednesday November 2 at 4 p.m. EST** to learn about how the program works and the impact it's currently having in school districts.

Thanks,

Colin Schwartz

Subject: School Food Support Initiative: Applications due 11/30, informational webinar 11/2 at 4pm ET

Please see below more information for a school food grant opportunity from the Life Time Foundation, Chef Ann Foundation and Whole Kids Foundation to provide technical assistance to school districts to improve their meal programs and transition to scratch cook operations: School Food Support Initiative. The program has a value of approximately \$192,000 per participating district (depending on district size).

More about the School Food Support Initiative

The program is currently in its second round of grant funding **(from now until November 30)** and its goal is to provide up to seven school districts with technical assistance, strategic planning and funding opportunities to improve operations.

You can find more details about program services and eligibility criteria, as well as a link to the online application on the School Food Support Initiative Webpage. Please help us spread the word and pass this along to any districts in your network that you think might benefit from this program.

For more information, there will be an **informational webinar on Wednesday November 2 at 4 p.m. EST** to learn about how the program works and the impact it's currently having in school districts.

Thanks,

Colin Schwartz

Dear LPPC Leaders:

The agenda for this Friday's meeting has been uploaded to the LPPC Community of Interest which can be accessed here. As a reminder, this call is a **FNCE 2016 debriefing** and the information needed to access the meeting is detailed below:

Step 1: Log into the webinar via the personalized link provided here.
The meeting password is: LPPC16

Step 2: Follow the audio prompts to use the "CALL ME" feature to have the Web-Ex system dial you in the audio portion of the meeting. This will sync your computer and the audio together accordingly. Do not dial into the meeting directly when connecting to Web-Ex unless you do not

have a direct dial phone number (If you do not have a direct dial phone number, please select the option to dial-in from the drop-down menu – the number will be provided). By using the Call Me feature, the system will sync your web and audio connections together under your attendee name in Web-Ex.

Note: For those individuals unable to participate in the web portion of the meeting and/or do not have a direct dial phone number, you can dial in to the meeting as follows:

Dial In: 866-477-4564

Conference Code: 271-642-5619

As always, if you have any questions I am happy to assist!

Regards,

Christine A. Rhone

TO: Foundation BOD

The Academy has taken another important step forward in our efforts to have nutrition services provided by Academy credentialed practitioners integrated into alternative payment models (APMs).

Since its inception in 2015, the Academy has been a member of the Health Care Payment Learning & Action Network (LAN). Now the Academy is officially a LAN Committed Partner – an organization committed to value-base health care and, more specifically, to the adoption of Categories 3 and 4 Alternative Payment Models, which include bundled payments and population-based payments. The Academy's leadership is now recognized on the LAN website.

The LAN is a public-private partnership of more than 4,000 stakeholders charged with helping CMS realize its goals of having more than 50 percent of Medicare payments in APMs by 2018.

The Academy's status as a Committed Partner has already proved fruitful: The *Patient Centered Nutrition Services Payment Model: An Approach to Incentivizing the Routine Provision of High Quality Nutrition Services* has been shared with the LAN's Primary Care Payer Action Collaborative. The Collaborative offers support and resources for payers who are developing solutions to challenges that occur in primary care APM implementation, including alignment of data sharing systems, quality measurement implementation, and benchmarking and patient attribution strategies.

Through the LAN, the Academy will seek opportunities to collaborate with and support stakeholders who want to use nutrition care and RDNs as a sound strategy to achieve better outcomes and decrease the total cost of care.

This is an exciting development! Please let me know if you have any questions or comments.

Best regards,
Pat

Today's Public Policy Weekly News:

1. Meetings in Congressional Districts – **Reports Due November 2**
2. Action Alert Reports – **Posted to the Policy Community of Interest**
3. Action Alerts Remain Open – **We need a United Voice!**
4. November Public Policy Forum – **Register today!**
5. Dates to Remember

Meetings in Congressional Districts in October

Academy members have sent more than 11,970 letters to members of Congress asking them to encourage CMS to adopt four recently-submitted malnutrition quality measures. Affiliate policy leaders have been meeting with members of Congress and/or their district staff this month. Please keep up the great advocacy work!

Important Note: Please use the links below to report on your meetings with Senators and Representatives during October. The surveys are set to allow the survey to be taken more than one time.

Senate Meeting October 2016 Report Survey – please report on each U. S. Senate Office meeting separately.

House Meeting October 2016 Report Survey – please report on each U. S. House of Representative Office meeting separately.

Please submit your pictures and meeting reports. Attached find an alternate report form if you would prefer to submit a detailed written report.

Reports are due by Wednesday, November 2. If you have questions, please contact me.

Action Alert Reports

The reports of the number of Academy members by state who have responded to the three action alerts are posted in the Public Policy Panel COI. The participation reports for affiliate, DPG and MIG leaders are posted in the participation topic folder.

The Affiliate Presidents and Public Policy Coordinators (PPCs) will find the reports posted in the participation topic folder of the **community of interest**. We will continue to provide this type of information for affiliate presidents and PPCs to use, but ask that you don't post names of members (yours or from another affiliate) for public viewing. PPCs should review the action alert participation list and encourage members to send letters to Congress.

The chart below identifies the action alert totals as of today. These three action alerts remain open. The Malnutrition action alert will close on October 31 and the Clinical Care action alert will close on November 15.

Clinical Care Commission Act October 2016 % Malnutrition % TROA % Date Opened

Action Alerts Remain Open – We need a United Voice!

We continue to need your voice on Capitol Hill! Please send the following message to your membership this week,

Dear Colleague,

Please send your members of Congress letters urging them to support three legislative priorities important to our profession. Please ask your members of Congress to:

- 1. Support passage of the National Clinical Care Commission Act which would give registered dietitian nutritionists a seat at the table to ensure that federal programs provide the most efficient and effective care for individuals with diabetes and related diseases.*
- 2. Fight Malnutrition by encouraging CMS to support the Academy's proposed malnutrition electronic clinical quality measures. These measures would hold health care facilities accountable for screening patients for malnutrition, documenting the diagnosis of malnutrition, ensuring a nutrition assessment is completed, and finally, developing a nutrition care plan.*
- 3. Support passage of the Treat and Reduce Obesity Act which would effectively treat and reduce obesity in older Americans by increasing Medicare beneficiaries' access to qualified practitioners, such as Registered Dietitian Nutritionists.*

Please use one of the preferred web browsers to take action: Google Chrome, Firefox or Safari.

We are counting on you, please take action today!!

Best Regards,

Insert your name, credentials and title

Insert your affiliate or DPG name

November Public Policy Open Forum: Federal Legislative Update

The election will be over and Congress will be back to finish their work before the end of 2016.

The 115th Congress will take up its work in January 2017. Join the Policy Initiatives and Advocacy team for a look into the remainder of the 114th Congress and a look into what's ahead for the 115th Congress.

All DPG, MIG and public policy panel leaders should attend (*please make sure at least one person from your DPG or affiliate participates*).

Register Here. The webinar **will be recorded** so leaders who have a scheduling conflict can view it at a later date.

Dates to Remember

Tuesday, November 15, 2016

2 - 3 p.m. (Eastern Time) Public Policy Forum: Federal Legislative Update Tuesday, December 20, 2016

Hidden recipients: dmartin@burke.k12.ga.us
Sent Date: Oct 25, 2016 12:48:57
Subject: Public Policy Weekly News
Attachment: [unknown_name_y7ozm](#)

October 25, 2016

Today's Public Policy Weekly News:

1. Meetings in Congressional Districts – **Reports Due November 2**
2. Action Alert Reports – **Posted to the Policy Community of Interest**
3. Action Alerts Remain Open – **We need a United Voice!**
4. November Public Policy Forum – **Register today!**
5. Dates to Remember

Meetings in Congressional Districts in October

Academy members have sent more than 11,970 letters to members of Congress asking them to encourage CMS to adopt four recently-submitted malnutrition quality measures. Affiliate policy leaders have been meeting with members of Congress and/or their district staff this month. Please keep up the great advocacy work!

Important Note: Please use the links below to report on your meetings with Senators and Representatives during October. The surveys are set to allow the survey to be taken more than one time.

Senate Meeting October 2016 Report Survey – please report on each U. S. Senate Office meeting separately.

House Meeting October 2016 Report Survey – please report on each U. S. House of Representative Office meeting separately.

Please submit your pictures and meeting reports. Attached find an alternate report form if you would prefer to submit a detailed written report.

Reports are due by Wednesday, November 2. If you have questions, please contact me.

Action Alert Reports

The reports of the number of Academy members by state who have responded to the three action alerts are posted in the Public Policy Panel COI. The participation reports for affiliate, DPG and MIG leaders are posted in the participation topic folder.

The Affiliate Presidents and Public Policy Coordinators (PPCs) will find the reports posted in the participation topic folder of the **community of interest**. We will continue to provide this type of information for affiliate presidents and PPCs to use, but ask that you don't post names of members (yours or from another affiliate) for public viewing. PPCs should review the action alert participation list and encourage members to send letters to Congress.

The chart below identifies the action alert totals as of today. These three action alerts remain open. The Malnutrition action alert will close on October 31 and the Clinical Care action alert will close on November 15.

Clinical Care Commission Act October 2016 % Malnutrition % TROA % Date Opened

10/11/2016

9/20/2016

Action Alerts Remain Open – We need a United Voice!

We continue to need your voice on Capitol Hill! Please send the following message to your membership this week,

Dear Colleague,

Please send your members of Congress letters urging them to support three legislative priorities important to our profession. Please ask your members of Congress to:

- 1. Support passage of the National Clinical Care Commission Act which would give registered dietitian nutritionists a seat at the table to ensure that federal programs provide the most efficient and effective care for individuals with diabetes and related diseases.*
- 2. Fight Malnutrition by encouraging CMS to support the Academy's proposed malnutrition electronic clinical quality measures. These measures would hold health care facilities accountable for screening patients for malnutrition, documenting the diagnosis of malnutrition, ensuring a nutrition assessment is completed, and finally, developing a nutrition care plan.*
- 3. Support passage of the Treat and Reduce Obesity Act which would effectively treat and reduce obesity in older Americans by increasing Medicare beneficiaries' access to qualified practitioners, such as Registered Dietitian Nutritionists.*

Please use one of the preferred web browsers to take action: Google Chrome, Firefox or Safari.

We are counting on you, please take action today!!

Best Regards,

November Public Policy Open Forum: Federal Legislative Update

The election will be over and Congress will be back to finish their work before the end of 2016. The 115th Congress will take up its work in January 2017. Join the Policy Initiatives and Advocacy team for a look into the remainder of the 114th Congress and a look into what's ahead for the 115th Congress.

All DPG, MIG and public policy panel leaders should attend (*please make sure at least one person from your DPG or affiliate participates*).

Register Here. The webinar **will be recorded** so leaders who have a scheduling conflict can view it at a later date.

Dates to Remember

Tuesday, November 15, 2016

2 - 3 p.m. (Eastern Time) Public Policy Forum: Federal Legislative Update Tuesday, December 20, 2016

2 - 3 p.m. (Eastern Time) Public Policy Forum: State Legislative Day Successes Tuesday, January 17, 2017

Hi Diane,

Thank you for submitting your BOD Speaker Request Form. I am including my colleague, Joan, who works very closely with our Board and will help coordinate.

Joan – I updated our tracking and saved the form (also attached). Let Diane and I know if you need any more info.

Thanks,

Amy

Hi Donna-

Would you prefer a conference call or something one-on-one? I am happy to set something up if you want to email me a few date/time options to send out for consideration. We could get you up to speed in 30 minutes or less.

As a side note...a huge congratulations on the Gold level Golden Radish award today!!!!

Subject: Meeting with ASMBS at Obesity Week

Hi Donna,

ASMBS just confirmed that they can meet with us to discuss the proposed review course for the CSOWM credential that CDR is working on. The meeting will be on Friday, November 4 at 8:00 – 9:00 am in room 224 at the New Orleans Convention Center. Diane and Lucille can give you some background and talking points.

Let me know if you have any questions

Best Regards

Anne

Subject: RE: Finance and Audit Committee meeting on Tuesday, October 25th at 1 p.m. CDT
Attachment: [narrative for september 2016 electronic.xlsx](#)

All,

As you are aware, we have a Finance and Audit Committee call on Tuesday, October 25th, at 1 p.m. CDT. The focus of the meeting will be the 2016 Fiscal Year Audit. Jim Hagestad and Kathy Downey, from Plante Moran, will be joining us to discuss the audit. Since we want to provide as much time as possible for the audit discussion, the only other item on the agenda will be the September meeting minutes. We will add to the portal the August final and September preliminary financials that can be discussed further at our next meeting at the end of November. The information that will be put onto the portal is as follows;

1. September 27th minutes
2. Audit Report and Required Communication

3. August final financials with narrative
4. September preliminary financials with narrative for the Academy

There have not been any changes made to the August financials since we discussed them in September. As for September, it was a good operating month for everyone, including the Academy. The Academy beat the operating revenue budget by \$1,575 while under-running operating expenses by \$57,383. Both good signs. The most encouraging sign is the Membership revenue category exceeded the budget by \$6,731 for the month of September. Membership has picked up as of late due to the activities of the Membership team. We are getting more optimistic that we can achieve and, possibly exceed, our 2017 Fiscal Year budget for Membership revenue. We will keep our fingers crossed.

On a year to date basis, the Academy has an operating deficit through September of \$2,128,040. This is \$184,987 smaller (better) than the budget. Revenue is under budget by \$73,134. However, expenses are under budget by \$258,121. Even though it would be nice to have higher revenue, it is good to know the Academy is, overall, performing better than the budget. Now if we could only get the investments to move higher!!!

I won't go through every category. However, I am attaching the September narrative that breaks down the major variance categories for the Academy financials.

It was great to see everyone at FNCE and I look forward to a productive call on Tuesday. You should have received the webinar invitation from "Academy IT" on October 11th. If you have not, please let me know. In addition, Maria will send you an additional email once everything is on the portal. If you have any questions or concerns, please let me know.

Paul

Hello Delia,

If you click on the pencil icon next to the daily allowance entry on the online expense report for you will see a prompt and checkbox to override daily limit. It says "Override daily limit checking (please indicate in comment below reason for override)." Once checked you should be able to submit. Please let me know if you continue to have a problem.

Thank you!

Ms. Schwaba,

I am trying to submit Donna Martin's expenses for her recent trips to Irving, Texas and to the White House. On both occasions, she took guests to dinner. Because the daily expense exceeds the approved amount, the system will not let me submit. This extra expense was approved before she went and I need to know how to force the submission. Thank you for your help.

3253. Malnutrition Quality Improvement Initiative

From: Academy President <president@eatright.org>
To: Donna S Martin RDN LD SNS EDS FAND <DMartin@burke.k12.ga.us>
Sent Date: Oct 20, 2016 11:54:32

Attachment:

Malnutrition Quality Improvement Initiative

Having trouble viewing this e-mail? [View it in your browser.](#)

Connect with the Academy:

To my fellow Academy members:

One of our Academys most important activities is the Malnutrition Quality Improvement Initiative or MQii. A session at this weeks Food & Nutrition Conference & Expo titled Leading Malnutrition Quality Improvement for Better Hospital & Patient Outcomes was dedicated to this quality initiative.

An estimated \$51 billion is spent annually in the United States for disease-associated malnutrition in older adults. Hospitalized adult patients are often untreated for malnutrition because only 7 percent are diagnosed. It is estimated up to 60 percent of patients are malnourished. Malnutrition often can lead to longer hospital stays, higher readmission rates and a greater risk for complications.

Despite all of the advances in health care delivery, and a mandate by the Joint Commission to conduct a nutrition screening within 24 hours of a patient admission, there is still no universally accepted approach to the diagnosis and clinical documentation of adult malnutrition in this country.

So we went to work. We partnered with Avalere Health, a research and advisory firm, to develop four electronic clinical quality measures, or eCQMs, focused on malnutrition. With support provided by Abbott, a toolkit has been created to help hospital-based RDNs implement these measures and incite support from hospital leadership. The four measures we developed are under review by the National Quality Forum, where we anticipate an endorsement, and the Centers for Medicare and Medicaid Services, where we seek acceptance into the federal Hospital Inpatient Quality Reporting Program.

If these quality measures are accepted, they will be the first electronic clinical quality measures specific to nutrition and dietetics practice, and would be a major milestone and achievement for RDNs everywhere.

In September, as part of Malnutrition Awareness Week, the Academy and our partners hosted a Congressional briefing and visited 70 Congressional offices to describe the impact of malnutrition on health care delivery. This included support from the DefeatMalnutrition.Today coalition, of which the Academy is a member, and an action alert. Our affiliates will continue this advocacy after FNCE.

Now, we need your help in sharing this initiative with the Academys membership. Encourage RDNs to learn more. If youre an RDN working with adult patients in the hospital setting, work with your hospital leadership to implement these measures.

Once accepted, the quality measures will ensure adult hospitalized patients are properly evaluated, diagnosed and accounted for, and provide our profession the opportunity make a greater contribution in improving health care delivery and outcomes.

More information about MQii and our commitment to addressing malnutrition is available in a new video on the Academys website and at mqii.today.

Thank you very much!

Yours in health,

Lucille Beseler, MS, RDN, LDN, CDE, FAND

The Board funds a pizza party annually and then we do a get together in May at the exchange of the gavel. I'm asking HR for some ideas too.

In terms of an alternative to the gals, you are on the same page as Lucille, Donna and me. In fact we were talking about it in Boston. A party with a DJ or band, popcorn, pretzels , karaoke, etc. The 2017 party will of course be a grand event open to all but thereafter something affordable and lots of fun. It'll be a great way for people to make connections that hopefully last a lifetime! I'll let the 3ps know you are in agreement and we can brainstorm together soon.

Best,

Pat

Oh that's a great idea.. Let me know any suggestions you might have or I could contribute to some individual goodie bags or something like that.. One idea is to create humorous personalized bottle labels based on something unique the individual does or did and attached them to an inexpensive bottle of wine. The labels weren't costly and the entire gift was well under \$7.00 a person. It resulted in an absolutely hysterical evening and an inexpensive way to thank many people with a touch of humor. Maybe that is an idea that would work for some staff? Does the BOD do anything for staff at all historically?

I also would like to know how to get onto our BOD agenda a discussion regarding thinking beyond the traditional Monday night Foundation gala. I don't want to step on any political toes, but it is time for us to embrace the majority of FNCE attendees who simply can't afford that event with an alternative idea..

Thanks also for all you do. I am glad a "calm" also seems to have taken hold, finally..

Take care,
Hope

Subject: Thank You for a Successful FNCE 2016

Dear Staff,

The Academy and Foundation Boards and I congratulate you on executing another successful Food & Nutrition Conference & Expo™! We received excellent feedback from attendees and obtained some very impressive numbers for this year's event. Although it will take time to verify actual numbers and alignment with budget projections, we have some preliminary statistics about FNCE® to share with you.

- Almost 10,500 attendees registered for FNCE® 2016
- FNCE® nationally trended on Twitter throughout the meeting, both for the FNCE® brand as well as specific sessions
- 95 new companies exhibited for the first time at the Expo
- Almost 6,000 attendees went to Opening Session
- Strong traffic at our FNCE® Store resulted in sales exceeding the past several years' numbers
- Nearly 200 attendees already committed to FNCE® 2017 through paid registration
- Over 50 percent of the FNCE® 2016 exhibitors renewed onsite for next year's Expo

The high level of member satisfaction and above mentioned outcomes would not have been possible without your hard work. Many attendees stopped members of the Academy and Foundation Boards of Directors and me to offer positive comments about sessions, exhibits and interaction with staff.

Whether you were in Boston or at headquarters, your teamwork and commitment to serving our members is greatly valued. On behalf of myself and the Boards, we sincerely appreciate your talent, customer excellence and dedication in planning for and in executing a very successful and memorable FNCE[®]!

Sincerely,
Pat

ON THE PULSE OF PUBLIC POLICY

Take Action to Pass the Clinical Care Commission Act This Year

The National Clinical Care Commission Act (H.R. 1192) is making great progress in the House of Representatives after being passed by a committee on September 21. There will be a short time for the Senate to pass H.R. 1192 in the session following the November elections, so the Academy is asking senators to pass the House bill. Help build momentum: Ask your U.S. Senators to support passage of H.R. 1192.

CAREER RESOURCES

New Professionals: Learn About Career Starter Dues Program

The Academy's Career Starter Dues Program offers greatly reduced dues rates for members in their first five years of Active category membership. These graduated dues are offered in a tiered structure based on your eligibility to sit for the RDN or NDTR exam, or your graduation date if you are a dietetics program grad who is not pursuing an internship. Dues increase incrementally each year for up to five years to help you get established in the profession. Call the Academy Member Service Center at 800/877-1600, ext. 5000 (Monday through Friday, 8 a.m. to 5 p.m. Central time) for more information.

[Learn More](#)

Breakthrough for RDNs: Preventing and Identifying Malnutrition

In a new video, President Lucille Beseler, MS, RDN, LDN, CDE, FAND, updates members on the Academy's new Malnutrition and Quality Improvement Initiative, and the toolkit and resources that have been developed to assist in the diagnosis and treatment of malnutrition, especially among hospitalized adults.

To: All Academy Staff <AllAcademyStaff@eatright.org>

Subject: Thank You for a Successful FNCE 2016

Dear Staff,

The Academy and Foundation Boards and I congratulate you on executing another successful Food & Nutrition Conference & Expo™! We received excellent feedback from attendees and obtained some very impressive numbers for this year's event. Although it will take time to verify actual numbers and alignment with budget projections, we have some preliminary statistics about FNCE® to share with you.

- Almost 10,500 attendees registered for FNCE® 2016
- FNCE® nationally trended on Twitter throughout the meeting, both for the FNCE® brand as well as specific sessions
- 95 new companies exhibited for the first time at the Expo
- Almost 6,000 attendees went to Opening Session

- Strong traffic at our FNCE[®] Store resulted in sales exceeding the past several years' numbers
- Nearly 200 attendees already committed to FNCE[®] 2017 through paid registration
- Over 50 percent of the FNCE[®] 2016 exhibitors renewed onsite for next year's Expo

The high level of member satisfaction and above mentioned outcomes would not have been possible without your hard work. Many attendees stopped members of the Academy and Foundation Boards of Directors and me to offer positive comments about sessions, exhibits and interaction with staff.

Whether you were in Boston or at headquarters, your teamwork and commitment to serving our members is greatly valued. On behalf of myself and the Boards, we sincerely appreciate your talent, customer excellence and dedication in planning for and in executing a very successful and memorable FNCE[®]!

Sincerely,
Pat

Hi Donna,

ASMBS just confirmed that they can meet with us to discuss the proposed review course for the CSOWM credential that CDR is working on. The meeting will be on Friday, November 4 at 8:00 – 9:00 am in room 224 at the New Orleans Convention Center. Diane and Lucille can give you some background and talking points.

Let me know if you have any questions

Best Regards

Anne

I think ADN is us.

News is old and the quotes are all recycled. 100,000 Dietitians to quote and it's always Andy. What?

No one questions Marion's conflict of interest as she complains about funding and sells more and more books.

Or that he was Marion's student.

Reply-To: HENDPG@yahoogroups.com

Great job Andy Bellatti! Major publicity here! In the continuing saga of bad publicity of RDNs from association with ADN's obviously dubious corporate sponsors.

At this point that FNCE exhibit hall, "the corporate sponsors", and whomever is running the show up there at the AND headquarters-FNCE exhibit planning has and is really a HUGE disservice to the profession!

Subject: Be sure to stop by the Foundation Booth

Attachment:

Dear Foundation Donor,

Thank you again for your gift to the Academy Foundation this past year. If you are attending our 2016 FNCE in Boston, please be sure to stop by the Foundation booth located in the North lobby of the Boston Convention and Expo Center to pick up your donor ribbon and wear it with pride.

We appreciate your support and look forward to kicking-off our Second Century Campaign at FNCE this year. Gifts to the Second Century will support a bold new future where dietitians lead the charge in improving nutritional health world-wide.

Sincerely,

Paul

Paul Slomski

Foundation Manager

We have close to 100 media scheduled to cover FNCE. As I mentioned in a previous email, an AP reporter will be covering FNCE. Candice Choi has recently requested to attend Foundation events and we are working to accommodate Candice as an attendee. Some events are already sold out so we will let her know that as well.

If you are approached by a reporter wanting information or asking questions, please direct them to Press Room 256. Our Strategic Communications team is looking forwarding to helping them

secure spokespeople and provide them with the information they need for their stories.

If you need to contact Doris Acosta, please feel free to call or text her at 312/415-2999.

Best regards,

Pat

Subject: VIP Meet and Greet with Barbara Corcoran
Attachment: [image002.png](#)
[image004.png](#)

Good morning-

The Academy has arranged a 25-person VIP meet and greet with Barbara Corcoran **PRIOR** to Opening Session on Saturday, October 15 from 3:20 – 3:50 pm EST. In order to escort all invited guests to this opportunity, we will meet as follows:

Time: 3:15 pm EST (departure time – no late arrivals will be able to be escorted in after group departs)

Meet-up Location: BCEC Room 159 (Same location for the Sponsor Meet &Greet)

Staff Escorts to VIP meeting: Chirag Patel and Joe LasCola

Guidelines:

- No individual photography allowed (cell phones, personal camera)
- Academy photographer is approved for journalistic style photography (no posed one-on-one)
- Intended to be an interactive group conversation and meet and greet in the green room

Approved Attendee List:

Lucille Beseler (will already be in Hall B2)

Patricia Babjak (will already be in Hall B2)

Donna Martin

Evelyn Crayton

Margaret Garner

JoJo Dantone-Debarbieris

Kay Wolf

Linda Farr

Dianne Polly

Aida Miles

Michele D. Lites

Hope Barkoukis

Denice Ferko-Adams

Tammy Randall

Susan Brantley

Tracey Bates

Don Bradley

Jean Ragalie-Carr

Diane Heller

Elise Smith

Joan Beseler

Robin Scannell

Matthew Scannell

Scott Scannell

Jennifer Henderson

Shelly Wilburn

You will be able to place your items on the VIP-block seating prior to meeting with Barbara is desired. After the meet and greet, all VIP attendees will be escorted to their seats for Opening Session. If you have any questions, are unable to make the Meet &Greet, or have any concern, please contact me via email at denos@eatright.org or via cell (phone call or text) to 312-543-6983.

See you Saturday!

3277. Thank You for Taking Action Today!

From: Academy of Nutrition and Dietetics <govaffairs@eatright.org>
To: DMartin@Burke.k12.ga.us
Sent Date: Oct 13, 2016 19:27:59
Subject: Thank You for Taking Action Today!
Attachment:

Thank you for asking your Senators to secure Senate passage of the National Clinical Care Commission Act (H.R. 1192) so this important legislation can become law.

As a reminder, you can make a difference today by supporting ANDPAC.

Make a contribution to ANDPAC.

The ANDPAC funds help the Academy support decision makers who understand the importance of treating pre-diabetes, diabetes and other metabolic, autoimmune and insulin resistant diseases, as well as to reduce Medicare costs. Because of relationships built through ANDPAC, the Academy actively voices our concerns about decreasing health care costs.

The Academy of Nutrition and Dietetics

The Academy of Nutrition and Dietetics Political Action Committee is a separate segregated fund of the Academy of Nutrition and Dietetics used to support candidates and elected officials. Academy members are not required to contribute to ANDPAC and there is no reprisal for not contributing. Amounts recommended for contribution in Academy publications are merely suggestions and there is no minimum contribution level.

A communication from Mary Pat Raimondi Vice President Strategic Policy and Partnerships follows below.

Best regards,

Joan

Joan Schwaba, MS, RDN, LDN

Director, Strategic Management

Academy of Nutrition and Dietetics

+++++

Dear Members Of The Board Of Directors,

An official action alert message from Academy President Lucille Beseler was sent to all members today in support of the National Clinical Care Commission Act.

This is an exciting move forward for us as co-leaders of this bill. This legislation creates a Commission that will consist of representatives from federal agencies and private sector experts, including registered dietitian nutritionists, who will provide a laser beam focus on federal activities related to pre-diabetes, diabetes and other metabolic, autoimmune and insulin resistant diseases.

We are asking members to contact their U.S. Senators to support passage of H.R. 1192, the National Clinical Care Commission Act. The purpose of the Commission is to improve the communication and coordination among federal agencies and help evaluate current clinical care activities to ensure they are meeting the goal of improving the quality of patient care.

H.R. 1192 is making great progress in the House of Representatives having been passed by a congressional committee on September 21. It is expected to be passed on the House floor in November and sent over to the Senate for approval. There will only be a short time for the Senate to pass H.R. 1192 in the session following the November elections, which is why we are asking the Senators to pass the House bill not wait for a Senate Bill number.

Please be sure to support our efforts by taking the Action Alert! Click on the link to take action. And share this with colleagues and friends. It takes only a few minutes!

For further information please contact me or Stefanie Winston Rinehart at swinston@eatright.org.

Thank you for your assistance and we look forward to seeing you at FNCE!

Lucille and Donna,

I hope you are enjoying Boston!

Attached, please find your script for the Second Century Town Hall v4. This version is slightly modified to include more pieces of what has already been done for member input.

I will print these up for you, as well as have large-font versions for the podium on Sunday.

Please let me know if you have any questions.

Have a wonderful evening,

mackenzie

Just so you all know, Helen asked if she could submit my name for the National Farm to School Board. As much as I hated to say no, I did. I just don't feel like I can work, be president and do justice to that board. I told her to ask me again in a couple of years. I am learning to say no, but it is hard.

Helen,

So great to hear from you! I would be happy to talk with you about our work.

We have our annual meeting next week but could jump on call the last week in October. There seems to be a lot of buzz around nutrition education, and value farm to school as a great partner. Let me know what days/times work.

Very best,

Jenn

I want to alert you to an error in the practice paper on food allergies that was published in the October *Journal*. Please share the following information if asked:

- In one section of the article, the author of the paper introduced an error recommending “partially hydrolyzed formulas” (emphasis added) for infants with cow’s milk allergy. The correct phrase should have been “extensively hydrolyzed formulas.” Partially hydrolyzed formulas can still contain cow’s milk proteins and have the potential to cause serious health implications for infants with cow’s milk allergy.
- The matter was brought to the *Journal’s* attention via a letter to the editor from a physician.
- The paper has been removed from the Academy’s website.

- The paper's author, the Academy Positions Committee, and the *Journal* are working to fix this error as quickly as possible.
- A new, corrected electronic version and erratum will be released online.
- An erratum will appear in the January 2017 print *Journal*. This is the earliest it can appear given production schedules.
- In August I transferred APC to the Academy's Research Team. Under the Research Team's direction, APC will develop more safeguards to ensure a rigorous process is followed to develop accurate position and practice papers.

I will share more information with you as soon as it becomes available. Thank you.

Regards,

Pat

Connect with the Academy:

TAKE ACTION: Contact Your Senators to Urge Passage of the NATIONAL CLINICAL CARE COMMISSION ACT (H.R. 1192)

Please ask your U.S. Senators to support passage of H.R. 1192, the National Clinical Care Commission Act.

This legislation creates a Commission that will consist of representatives from federal agencies and private sector experts, including registered dietitian nutritionists, who will provide a laser beam focus on federal activities related to pre-diabetes, diabetes and other metabolic, autoimmune and insulin resistant diseases. The purpose of the Commission is to improve the communication and coordination among federal agencies and help evaluate current clinical care activities to ensure they are meeting the goal of improving the quality of patient care.

H.R. 1192 is making great progress in the House of Representatives having been passed by a congressional committee on September 21. It is expected to be passed on the House floor in November and sent over to the Senate for approval. There will only be a short time for the Senate to pass H.R. 1192 in the session following the November elections, which is why we are asking the Senators to pass the House bill. It is critical for Senators to hear from you, their constituent, that this legislation is a priority and must be passed this year.

TAKE ACTION TODAY!

Make a contribution to ANDPAC. Help the Academy support decision makers who understand the importance of improving diabetes care, as well as to reduce health care costs. Because of relationships built through the Academy of Nutrition and Dietetics Political Action Committee, the Academy actively voices our concerns about decreasing health care costs.

Lucile Beseler, MS, RDN, LDN, CDE, FAND
President, 2016-2017

The Academy of Nutrition and Dietetics Political Action Committee is a separate segregated fund of the Academy of Nutrition and Dietetics used to support candidates and elected officials. Academy members are not required to contribute to ANDPAC and there is no reprisal for not contributing. Amounts recommended for contribution in Academy publications are merely suggestions and there is no minimum contribution level.

Hi, Donna:

Attached are two files – our draft of remarks for you and Lucille for the MIG networking reception on Monday; and the script for the session on Sunday you're moderating – On the Shoulders of Giants, which we worked on with Matthew Novotny in the Membership team.

These should be the last of the texts that we are sending to you, but of course please let us know if you need anything else, we're glad to help.

Have a great time in Boston! Talk to you soon.

Subject: Second Century Town Hall: Panel Questions
Attachment:

Hi everyone –

Thank you so much for serving on the panel for our Second Century Town Hall on Sunday! I wanted to share a couple of pieces of information to help you prep:

- Format:

- o Lucille Beseler will be hosting the first Town Hall and Donna Martin will be hosting the second Town Hall.

- o Lucille/Donna and Jean Ragalie-Carr will be leading the first 8 minutes of updates on Second Century and the Summit to the group, and then we will go into the panel.

- o We have 17 minutes slated for the panel

§ Lucille will moderate the first panel while Donna participates.

§ Donna will moderate the second panel while Lucille participates.

- o We have 15 minutes slated for Q&A.

- When the panel begins, Lucille/Donna will first ask you to briefly introduce yourselves.

- During the panel portion, six panelists will each answer the following questions:

- o **What do you find most exciting about our Second Century?**

§ *Feel free to include what you find most exciting both **personally** and **professionally**.*

o **What draft innovation project did you work on at the Nutrition Impact Summit? How does it fit into the new vision?**

· The two panels are based on sharing as many of the innovation projects as possible:

o Panel 1:

1. Donna Martin (Living Well Community Concept)
2. Camille Range (LEAD (Leaders Elected and Appointed to Advance Nutrition))
3. Katie Eliot (Interdisciplinary Certificate of Training in Community Nutrition Systems)
4. Tatyana El-Kour (EatTheTruth.org)
5. Billy Brown (\$1 Trillion Nutrition Impact Investment Fund)
6. TBD – awaiting response from 6th panelist

o Panel 2:

1. Lucille Beseler (Lifestyle First)
2. Camille Range (LEAD (Leaders Elected and Appointed to Advance Nutrition))
3. Katie Eliot (Interdisciplinary Certificate of Training in Community Nutrition Systems)
4. Tatyana El-Kour (EatTheTruth.org)
5. Billy Brown (\$1 Trillion Nutrition Impact Investment Fund)
6. Caroline Susie (Living Well Community Concept)

If you have any last-minute questions or something comes up during FNCE, you can reach me via text or phone call on my cell: (219) 781-3523.

Thank you again – looking forward to seeing you this Sunday, 10/16 in room 153 ABC of the convention center at **11:30 am ET** for those of you participating in the first Town Hall and at **12:15 pm ET** for those of you joining us for the second Town Hall.

Safe travels to Boston!

Good afternoon,

Ground transportation to and from the Westin Boston Waterfront Hotel has been arranged for you. Once you arrive, the driver will meet you by the baggage claim area of your airline with a sign displaying your name. For departures, the driver will be waiting for you outside the hotel's front lobby.

Attached is the confirmation for your transportation which includes the dates and times of service (please disregard the statement on the confirmation sheet about needing a purchase order these are instructions for the driver). In case there is change in your itinerary, please contact Academy Meetings staff partner Erin Cannon at 847/809-4500.

Please let me know if you need anything else.

Safe travels and see you soon!

ON THE PULSE OF PUBLIC POLICY

Members Celebrate *Let's Move!* Achievements at White House

First Lady Michelle Obama dedicated the White House Kitchen Garden during a celebratory event in which she also highlighted the achievements of her *Let's Move!* program. Several registered dietitian nutritionists were in attendance, including Academy President-elect Donna Martin, EdS, RDN, LD, SNS, FAND, who inspired many of the 220 guests with remarks noting the important role of Academy members in ensuring children's access to - and consumption of - healthy foods.

Take Action: Ensure Critical Diabetes Legislation Passes this Year

Visit the Nutrition Policy and Advocacy Center at the Food & Nutrition Conference & Expo to send a new action alert urging the Senate to support passage of the National Clinical Care Commission Act (H.R. 1192) before the end of 2016 as momentum continues to build. The bill gives registered dietitian nutritionists a seat at the table to ensure federal programs and agencies provide the most efficient and effective care for people with diabetes and related diseases. Check your email October 13 for the new action alert.

Academy Urges HHS to Oversee Health Plans Discriminating Against People with Obesity

The Academy has urged the Department of Health and Human Services to exercise rigorous

oversight of state insurance authorities to ensure the millions of Americans affected by obesity receive screening and follow-up treatment services in the same fashion as others affected by chronic disease. Many health plans have utilized various strategies and medical management techniques for decades to deny patient access to the full continuum of care of evidence-based obesity treatment modalities such as behavioral, pharmaceutical, psychosocial, nutritional and surgical interventions.

Subject: FY16 Audited Financial information
Attachment: [image001.gif](#)
[image002.png](#)
[AND 2016 Financial Statements -DRAFT.pdf](#)
[AND 2016 Required Communications -DRAFT.pdf](#)

All,

I am attaching the FY16 audited financial report and required communications from our auditors.

This information will also be put onto the portal by Maria today. Jim Hagestad and Kathy Downey, from Plante Moran, will be joining us on the October 25th Finance and Audit Committee call to discuss this report and any other accounting issues you may like to address.

When you go through the document, a couple of things might jump out;

1. It will be marked draft. The document doesn't become official until after the Board accepts the audit report. At that time, the "draft" note will be removed.

2. You will see places where it may say "insert date" or "TBD". This is also because it will not become official until after the audit report is accepted by the Board. This will be very apparent in the "AND 2016 Required Communications" document.

As we addressed previously, the auditors did not make any changes to the original financials as they have been presented to the FAC and to the Board. All of the staff works hard on the audit. However, this is an excellent audit due to the efforts of Christian, Maria, Delia and the rest of the Accounting team. They do an excellent job.

If you have any questions or concerns, please let me know. Since we will not be meeting at FNCE, you will have a little more time to review the report. If your questions come up while at FNCE, please call me on my cell phone at 630-750-8311. I will be available at your convenience.

Have a great day.

Hi Donna –

I am looping in Jean and Lucille because I think they will find this useful as well. Please find attached the high-level overviews (1-2 sentences each) of all 17 initiative projects. This is an abbreviated version of the 19 page document that was shared with all Summit participants earlier today (that document includes project objectives and goals).

Please let me know if you have any questions or if there is any additional resources I can provide to support your conversations at FNCE!

Safe travels and see you soon,

Nicci

Nicci, As I head to FNCE tomorrow I thought of something that would be very helpful for me to have. Could you send me a 1-2 line summary of the 17 potential projects that came out of the summit that are being pursued? This would help me tremendously as I go around and talk to different groups to be able to personalize the message about the Second Century Summit to them. Thanks!

High-protein diet curbs metabolic benefits of weight loss

(Dieters sometimes consume extra protein to stave off hunger and prevent loss of muscle tissue that often comes with weight loss. But in a study of 34 postmenopausal women with obesity, researchers found that eating too much protein eliminates an important health benefit of weight loss: improvement in insulin sensitivity, which is critical to lowering diabetes risk)

Donna,

I wanted to thank you for all of the amazing Burke Schools supplies; I love my new water cup &pen! The tote bag is wonderful for shopping (the zipper is so great &hard to find!). My husband and I made the grits over the weekend as well, and they were incredible. As a native Southerner, I can be a bit picky, so I appreciate it. Thank you for all of the work that you do for the Academy, and I look forward to seeing you at FNCE!

Sincerely,

Stefanie

Doris, This media spokesperson puts out information that she does LEAP therapy. With our new position paper we probably need to get her to stop advertising that if she is a media spokesperson. Thanks! I have several members complain to me about this and her specifically!

Attached for your review and input is the draft agenda for the November 6-7 Board meeting.

As a reminder voting in the national elections occurs the day after the Board meeting on Tuesday, November 8. For information on early voting or voting by absentee ballot in your state please click [here](#).

The meeting will be held at the Loews Chicago O'Hare Hotel, 5300 North River Road in Rosemont, Illinois. Room reservations have been made for arrival on November 6 for one night. If business or personal reasons require you to extend your stay, please notify me. Your hotel room will be master-billed, but you will be asked to pay for incidentals. The hotel is located two miles from the airport and offers a complimentary airport shuttle to all guests. For domestic flights, pick up is at the Hotel Shuttle Center, Door #2 located by baggage claim; follow the red Shuttle Center

signs. Transportation is also available by taxi, just a 10-15 minute ride between the airport and the hotel.

You are approved to make your travel arrangements for the November meeting. To book your travel through the Academy's travel service please click on www.atcmeetings.com/Academy and login using your email address and the password you created when you activated your account. When you reach the Purchase Trip page, select **Academy BOD Travel** from the drop-down menu, enter the GL Code **1032430** and Meeting Authorization Code **9198834**. If you wish to book your travel on your own, please submit your expenses for reimbursement after the conclusion of the meeting.

4. Let's Fight Malnutrition Action Alert Remains Open until October 31
5. Dates to Remember

New Action Alert to Ensure Critical Diabetes Legislation Passes this Year

A new action alert opens today! Academy President Lucille Beseler MS, RDN, LDN, CDE, FAND, is sending an action alert message to all Academy members on Thursday, October 12. The Academy is urging the Senate to support passage of the National Clinical Care Commission Act (H.R. 1192) before the end of the year. The House Energy and Commerce committee amended the Commission bill before passing the bill out of committee. The House is expected to take action to pass H.R. 1192 in November. Once this bill passes out of the House and is sent to the Senate, the Senate will be asked to pass the H.R. 1192 bill as amended.

It is critical that the momentum continue on this bill so that it is signed into law this year. This Commission bill would give registered dietitian nutritionists a seat at the table to ensure that federal programs provide the most efficient and effective care for people with diabetes and related diseases. For additional information on the bill, please refer to the following resources available on the Academy's website:

[Issue Brief](#)

[Leave Behind](#)

[Letter of Support](#)

[Press release](#)

The action alert will close on November 14, 2016. We need your immediate assistance. Here is how public policy leaders and Academy members can assist:

1. Take the Action Alert and encourage **all** public policy panel members to do the same.
Members should use one of the preferred web browsers to take action: Google Chrome, Firefox or Safari.
2. Please encourage all board, committee, colleagues and friends to also complete the action alert.

3. Stop by the Nutrition Policy and Advocacy Center to see us and take action later this week.
4. Please send the following **approved message** to your affiliate, DPG or MIG members on Friday, October 14:

Dear Colleague,

Please ask your U.S. Senators to support passage of the National Clinical Care Commission Act (H.R. 1192). Let's be sure your Senators hear your voice!

This legislation creates a Commission that will consist of representatives from federal agencies and private sector experts, including registered dietitian nutritionists, who will provide a laser beam focus on federal activities related to pre-diabetes, diabetes and other metabolic, autoimmune and insulin resistant diseases. The purpose of the Commission is to improve the communication and coordination among federal agencies and help evaluate current clinical care activities to ensure they are meeting the goal of improving the quality of patient care.

H.R. 1192 is making great progress in the House of Representatives having been passed by a congressional committee on September 21. It is expected to be passed on the House floor in November and sent over to the Senate for approval.

Please tell your Senators to support the National Clinical Care Commission Act (H.R. 1192).

Please Click [here](#) to take action today. It takes only a few minutes!

Meetings in Congressional Districts in October 2016

Academy members have sent more than 9,700 letters to members of Congress asking them to encourage CMS to adopt four recently-submitted malnutrition quality measures. Please keep up the great advocacy work!

The Malnutrition Advocacy follow-up webinar for affiliate public policy coordinators and DPG/MIG policy and advocacy leaders is posted to the community of interest. Click Meet with Congress members in Congressional Districts to locate the recording.

Affiliates will be meeting with members of Congress and/or their district staff during the month of October. The webinar recording will assist policy leaders and members for these important Congressional in-district visits.

Can we count on your policy team to join in the momentum to fight malnutrition by meeting with your U.S. Congress members or their district/state staff in October? Please submit your pictures and meeting reports.

To submit reports, please use the links below to report on meetings with Senators and Representatives. The surveys are set to allow the survey to be taken more than one time. If you have questions, please contact me.

Senate Meeting October 2016 Report Survey – please report on each U. S. Senate office separately.

House Meeting October 2016 Report Survey – please report on each U. S. House of Representative office separately.

The reports of the number of Academy members by state who have responded to the two action alerts are posted in the Public Policy Panel COI later today. The detailed reports for the affiliate public policy coordinators are posted to the public policy coordinator community of interest.

Here is a chart identifying the action alert totals as of today:

Action Alert Title	Academy Members Contacted	Participating Number of Letters Sent	Percentage	Participation	Legislators
Let's Fight Malnutrition	3,065	4.0%	517	9,716	Treat and Reduce Obesity Act
Let's Fight Malnutrition	2,472	3.3%	518	8,544	

Let's Fight Malnutrition Action Alert Remains Open until October 31

Affiliates are continuing advocacy efforts during October with visits to members of Congress in their home state. Here is how public policy leaders and Academy members can assist:

1. Take the Action Alert and encourage **all** public policy panel members to do the same.

Members should use one of the preferred web browsers to take action: Google Chrome, Firefox or Safari.

2. Encourage all board, committee, colleagues and friends to also complete the action alert. Thank you for activating your membership.

3. Schedule meeting with U. S. Senators and Representatives in their Congressional district offices to ask that they add their signature to the CMS letter.

4. Submit reports and pictures following the Congressional meetings to me.

Thank you for your support of the Academy of Nutrition and Dietetics Foundation through your service on the Foundation's Board of Directors. Each year, the Foundation develops personal service plans as a starting point for how we can make your time on the Board meaningful while fulfilling the mission and vision of the Foundation. You may recall this from when you served as Financial Officer of the Foundation. A draft of this plan, which serves as a starting point of discussion, is attached. I was hoping to set up a time following FNCE to discuss your plan and anticipate no more than 30 minutes of your time. I have also asked Susie Burns to join us for the call. Martha will be coordinating schedules and will reach out to you shortly with some suggested times over the next month. Thanks.

Susie

Hi Donna,

I want to update you on the Delaware affiliate's request for BOD representation at its spring 2017 meeting. According to policy affiliates must submit a speaker request form. This helps track the invitation and assures that the presenter has all the details for participation. As you can see in the thread below, a form was sent to them in July and the Delaware affiliate leadership let us know they looking at the funding available for this event. We have send a few reminders and are awaiting response. I will circle back once they confirm their plans.

Thanks for your patience.

See you soon!

Joan

Hi Anja,

Joan looped me into your conversation. (I work with our affiliate program.) We don't have any funding available for speakers other than one program that our foundation has available. (I attached a document with more information.)

Another option to help keep costs low – we have a recorded Board of Directors update presented by Lucille Beseler that you can present at your meeting. Would that be of interest to you? If so, I can send it to you (it's too large to email but I can use HighTail to send the file).

Thanks,

Amy

Dear Joan,

Thank you very much for this information. Do you know if there are any grants for which we can apply? As a small affiliate, paying for the travel, housing, etc. would use up our entire budget for the conference.

Take care,

Anja

Dear Anja,

Donna Martin shared your invitation for her to present at the Delaware Annual Conference in May 2017. Although Donna is interested in attending your meeting, according to policy, affiliates need to complete a request form (attached) for Board representation at meetings and submit to affiliate@eatright.org. This helps track the invitation and assures the Academy representative has all the details for successful participation. Please let me know if you have any questions.

Much appreciated!

Subject: Conference speaker?

Dear Donna,

I, along with the rest of our Delaware delegation, really enjoyed meeting you briefly at PPW 2016 and hearing you speak! I am currently serving as the President-Elect of the Delaware Academy of Nutrition and Dietetics and am therefore beginning the process of planning our annual conference. I was wondering if you would be willing to come speak at the Annual Conference of the Delaware Academy of Nutrition and Dietetics in Newark, Delaware in May 2017. Of course, I would be happy to answer any questions you may have before deciding!

Best,

Anja

Subject: Living Well Team Call - Mon. Oct. 10, 2pm CT

Hello Living Well Team,

I spoke with Marcie today about your project and wanted to share some thoughts about how the team might best spend its time on Monday, along with a couple documents to aid the discussion.

As Marcie and I talked through the idea, it became apparent that there needs to be some discussion on the team call to clarify the core idea. What is the most exciting, compelling and achievable concept? With that in mind, I've updated the target and objectives as follows:

Target: By the end of this call we will be clear on the idea that is most exciting for this group and identify some short-term action steps to move the planning of the initiative forward.

Objectives:

- Review the initiative planning process from now until February
- Clarify the idea
- Discuss other existing efforts and whether there is a way to partner, leverage or accelerate work that is already underway
- Clarify core project team
- Identify/clarify key stakeholders

- Clarify milestones and deliverables

Please take a little time over the weekend to think about what you find most personally compelling about this idea. What do you think this group could do to make progress toward that incredible vision you presented at the Summit? And if you have some time to dig around into existing efforts (like the Blue Zones Project) that will help us move the conversation forward.

I will be joining the call to help facilitate the process and walk through the initiative planning process. Please let me know if you have any questions and/or additional items you'd like to cover.

Call details: Mon. Oct. 10, 2pm CT; dial: 641-715-3580; code: 187818#

Regards,

Rebecca Harris

The Board FNCE schedule lists times to extend your appreciation to our exhibitors and sponsors. Attached are your designated assignments for thanking our exhibitors. The assignments are made to ensure all the exhibitors are covered, but it doesn't preclude you from thanking others for their generous support of the Academy's meetings and programs, including FNCE, especially the 12 sponsors who have booths on the exhibit floor. A list of the sponsor booth names and locations is included in the attachment. The Sponsor Meet & Greet reception will take place on Saturday, October 15 from 3:00 pm – 3:45 pm in room 159 of the Boston convention center. We hope to see you there!

If you have any questions, please contact me.

Hi Amy,

Sorry for the delay in my response--I just returned from vacation today. I'll run it by our conference planning committee and will let you know soon if the pre-recorded video would be an option.

Thanks so much,

Anja

Hi Anja,

I wanted to check to see that you saw my email. If you'd like me to send you the pre-recorded video, let me know.

Take care,

Amy

Subject: RE: Delaware Annual Conference

Hi Anja,

Joan looped me into your conversation. (I work with our affiliate program.) We don't have any funding available for speakers other than one program that our foundation has available. (I attached a document with more information.)

Another option to help keep costs low – we have a recorded Board of Directors update presented by Lucille Beseler that you can present at your meeting. Would that be of interest to you? If so, I can send it to you (it's too large to email but I can use HighTail to send the file).

Thanks,

Amy

Dear Joan,

Thank you very much for this information. Do you know if there are any grants for which we can apply? As a small affiliate, paying for the travel, housing, etc. would use up our entire budget for the conference.

Take care,

Anja

Dear Anja,

Donna Martin shared your invitation for her to present at the Delaware Annual Conference in May 2017. Although Donna is interested in attending your meeting, according to policy, affiliates need to complete a request form (attached) for Board representation at meetings and submit to affiliate@eatright.org. This helps track the invitation and assures the Academy representative has all the details for successful participation. Please let me know if you have any questions.

Much appreciated!

Joan

Subject: Conference speaker?

Dear Donna,

I, along with the rest of our Delaware delegation, really enjoyed meeting you briefly at PPW 2016 and hearing you speak! I am currently serving as the President-Elect of the Delaware Academy of Nutrition and Dietetics and am therefore beginning the process of planning our annual conference. I was wondering if you would be willing to come speak at the Annual Conference of the Delaware Academy of Nutrition and Dietetics in Newark, Delaware in May 2017. Of course, I would be happy to answer any questions you may have before deciding!

Best,

Anja

Greetings from ACEND,

The Accreditation Council for Education in Nutrition and Dietetics (ACEND[®]) is writing to keep you informed of our standards development work. A copy of the **October Standards Update** is posted on the ACEND Standards webpage www.eatrightacend.org/ACEND/Standards. The **October Update** includes an info graphic that helps describe the future roles of graduates of the proposed future education model associate, bachelor and master degree programs and provides answers to questions ACEND has received in the past month.

ACEND released the proposed *Future Education Model Accreditation Standards* in September and encourages **stakeholder input** on the draft standards until November 28, 2016 at: <https://www.surveymonkey.com/r/FEMComments>.

Please share this information with your constituents/colleagues. If you or they have questions, please send them to acend@eatright.org or call 312-899-4872, so we can respond to them. Future editions of the monthly update will include these questions and an ACEND response.

Thank you.

Mary Gregoire, PhD, RD

ACEND Executive Director

Dear Donna,

You're Invited!

Thank you for your support of ANDPAC! Donors contributing \$250 or more in 2016 have access to a VIP suite conveniently located inside the Nutrition Policy and Advocacy Center this year at FNCE[®].

Kick back, relax and enjoy complementary snacks and beverages with a view of the Expo floor. The suite offers computers, printing, internet, TV and couches. As a top ANDPAC donor, you are encouraged to bring one friend or colleague when visiting the suite.

Please join us for a wine and cheese reception exclusively offered for ANDPAC VIP donors from 5:30 to 7 p.m. on Sunday, October 16th at the Westin Boston Waterfront Hotel in the Hale meeting room.

Visit the Nutrition Policy and Advocacy Center to check out this year's ANDPAC "Boston Proud" hats and gain access to the private VIP suite!

Check out this [video](#) to see how ANDPAC is working for you.

See you in Boston!

The 2016 ANDPAC Board of Directors

The Academy of Nutrition and Dietetics Political Action Committee is a separate segregated fund of the Academy of Nutrition and Dietetics used to support candidates and elected officials. Academy members are not required to contribute to ANDPAC and there is no reprisal for not contributing. Amounts recommended for contribution in Academy publications are merely suggestions and there is no minimum contribution level

Hi Donna,

As promised, here are all your remarks for this year's FNCE. You are scheduled to rehearse the Member Showcase and Closing Session on Friday, October 14, Boston Convention Center Exhibit Hall B2.

I have also included the general leader talking points.

Friday, October 14

- Pediatric Nutrition DPG executive committee at the Westin- HQ Hotel Faneuil Room (5-10 minutes on goals as president-elect) 4:30-4:45 pm

Sunday, October 16

- DPG-MIG Chairs Luncheon 11 a.m. at the Boston Convention Center Room 212 – Included Pat's and Lucille's remarks so you can see the flow.
- Town Hall Session – You are scheduled to introduce and moderate the second session from 12:35– 1:15 pm at the Boston Convention Center Room 153ABC

Monday, October 17

- Member Showcase 10 am – noon at the Boston Convention Center Exhibit Hall B2

Tuesday, October 18

- Closing Session 2 – 3:30 pm at the Boston Convention Center Exhibit Hall B2

As always, please do not hesitate to contact me with any questions or if you need additional information.

Look forward to seeing you soon in Boston!

Best regards,

Doris Acosta

Subject: Honors Breakfast
Attachment: [2016 BOD Partners Assignments.docx](#)
[2016 Honors Breakfast Script.doc](#)

All Board members are requested to be at the Honors Breakfast scheduled for Sunday, October 16 from 7:00 am – 8:30 am in the Grand Ballroom B of the Westin Boston Waterfront hotel. Thank you to those of you who are participating in our partner program. Attached is the current 2016 partners list. If you haven't done so already, please initiate contact with your respective partner(s) prior to FNCE, offering congratulations and asking if she/he requires any assistance; the contact information is attached. The date and location of the *Excellence in Practice* award presentations are reflected on the list, should you have time to attend; the moderators present the award.

For those of you partnering with Medallion Award recipients, the medallion award presentations will be held during the Honors Breakfast. Attached is the script to introduce the recipients during this recognition breakfast. The opening and closing remarks are provided by Evelyn as current chair of the Honors Committee.

The introductions follow the script.

- Evelyn Crayton/Opening Remarks
- Denice Ferko-Adams/William Barkley
- Jean Ragalie-Carr/Barbara Ivens
- Evelyn Crayton/Gladys Jennings
- Tamara Randall/Sue Kent
- Tracey Bates/Brenda Richardson
- Michele Lites/Linda Vaughan
- Evelyn Crayton/Closing Remarks

Please review your portion of the script. The introductions were drafted by the nominators and have been approved by each recipient. Medallion recipients will be seated with their families and colleagues. As presenters, you will be seated together at one designated table, unless you were asked to be a guest of a Medallion recipient. Please proceed to the podium during the applause for the previous recipient. Once the presentation is completed, proceed back to your seat. Each recipient has been asked to present for one (1) minute. If your schedule allows, please remain in the room immediately following the reception as we will be taking photographs.

For those of you presenting at the Honors Breakfast, a paper copy of the script will be included in your on arrival packet. If you have any questions regarding the Honors Breakfast, please do not hesitate to contact me or Matthew Novotny at mnovotny@eatright.org or 1-800/877-1600, ext. 4827.

Best regards,
Pat

Sent Date: Oct 07, 2016 15:08:42
Subject: Academy President-Elect Donna Martin at the White House
Attachment:

October 7, 2016

Dear ANDPAC, LPPC &CPLS leaders:

We would like to share some exciting news with all of you. This morning, we received the following message via CEO, Pat Babjak, regarding Academy President-Elect, Donna Martin:

“On Wednesday, October 5, Donna joined First Lady Michelle Obama and delivered remarks addressing an audience of more than 200 people from various sectors that have championed healthier eating and active living. There were approximately ten RDNs in attendance, including Jean Ragalie. Please be sure to view the photos below which shows Donna with both the First Lady and the President. You can also view the ABC News video (Donna appears with the President around the 15-minute mark) using the link below. We will be sharing this news with members via our social media channels later today.

Donna was pictured wearing her Kids Eat Right t-shirt and participated with both President Obama and Mrs. Obama in welcoming children that currently participate in Let's Move! Programs. These programs were launched in collaboration with federal agencies, businesses, and non-profits to mobilize every sector to help kids and families lead healthier lives. Kudos, Donna! So proud of the work you are doing!”

We are all so very proud of our President-Elect and can't wait to see everyone at FNCE 2016.

View the ABC News video here

Sincerely,

Jeanne Blankenship, MS RDN

Hi Donna,

You did an awesome job! We are so proud of the work that you are doing that we are all beaming!

I will send the digital copies of all of your speeches later this evening. We are putting the finishing touches on the Town Hall session. We are also preparing a binder for you with a schedule and hard copies of all your remarks. I will have it with me and will leave it at the hotel for delivery upon your arrival.

I know the excitement is building and I can't wait to see you soon in Boston.

Thank you and please let me know if you have any questions or if there is anything I can do.

Best regards,
Doris Acosta

You are receiving this message on behalf of our Marketing Partners at Kenes Group.

4th International Conference on Nutrition and Growth (N&G 2017)
Your research influences the field!

N&G 2017 will take place in the beautiful former Amsterdam Stock Exchange on March 2-4, 2017. The conference will enable the exchange of ideas and knowledge between different disciplines for facilitating research and clinical interdisciplinary collaborations focusing on nutrition and growth.

Submit an abstract to the conference and gain recognition in the field by having international experts review your latest findings. **N&G** also offers you the opportunity to have your abstract published in the annual Nutrition and Growth Yearbook.

We look forward to receiving your important contribution and to welcoming you to **N&G 2017**.

The Organizing Committee:

Moshe Phillip, Raanan Shamir, Dominique Turck and Hans van Goudoever

Abstract Submission Deadline: October 25, 2016
Early Registration Deadline: December 20, 2016

Sent Date: Oct 07, 2016 12:40:35
Subject: PRIORITY: FNCE Information
Attachment: [2016 BOD FNCE ScheduleFINAL.doc](#)

Attached is the final Board schedule highlighting FNCE activities which require and/or encourage Board attendance. Changes have been made to it, notably that Board members should attend the Second Century Town Hall meeting on Sunday, October 16, at 11:45 am – 12:25 pm and/or 12:35 – 1:15 pm; you might want to stay for both sessions (scheduled consecutively). Evelyn and I will be attending the Former Presidents' Luncheon where we will be updating the group about the Summit and next steps. As a reminder, the private meet and greet with Barbara Corcoran is scheduled for 3:20 – 3:50pm before Opening Session in the backstage Green Room in Exhibit Hall B.

There are a couple of sessions which require your attendance but overlap in timing. For instance, the Member Showcase is scheduled on Monday, October 17, from 10 am – 12 pm. Lucille, Donna

and Jean are presenting. The ANDPAC Power Lunch begins at 11:30 am with Lucille making remarks. Please do not leave the Showcase which is expected to conclude at 11:45 am. We will go to the lunch at the close of the Showcase and Lucille will give her remarks once we arrive.

Those activities which are highlighted in yellow require your attendance. It is especially important that all Board members attend Opening Session, Member Showcase and Closing Session. Member survey feedback mentioned the lack of leaders in attendance at the major sessions. A sample of the direct quotes from the 2015 evaluation follow.

- *Please consider letting us regular attendees sit in the front and center section in the future for Member Showcase and Closing – The Board of Directors didn't even bother to show up at these sessions!*
- *Great Keynotes this year! Too bad our own national leaders didn't come to hear the speakers.*

Given the members' comments, it is important to underscore the significance of your presence at these major sessions. Seven Board members are scheduled to leave prior to Closing Session. A couple of you have notified us of work or family obligations that require you to leave early and that is understandable. If you made your flight reservations and are missing Closing Session but do not have preexisting obligations, please reschedule them and we will cover the flight change fee, per agreement by Lucille and Donna.

For those of you who have been assigned to DPG/MIG events, we have registered you and notified the DPG or MIG chair. You will be greeted by the chair; if not, please introduce yourself; a list of DPG and MIG chairs and chair-elects is attached for reference.

A paper copy of the final Board FNCE schedule will also be included in **your on arrival packet which will be delivered to your hotel room the day of your arrival in Boston**. Also included in your packet will be your FNCE badge, ribbon(s), House of Delegates meeting materials and a paper copy of your exhibitor assignments, FNCE 2016 Leader Remarks and Talking Points and Second Century FAQ document. A paper copy of the script will also be included with instructions for those Board members (Evelyn Crayton, Tracey Bates, Denice Ferko-Adams, Michele Lites, Jean Ragalie-Carr, Tammy Randall) introducing Medallion recipients during the Honors Breakfast on Sunday, October 16.

A Board dinner is scheduled for Friday, October 14, from 7 – 10 pm at the Boston Tea Party Museum, 306 Congress Street, Boston. Please meet in the Westin hotel lobby at 7 pm to board the shuttle bus to the museum. Please let me know if you will be bringing a family member.

If you have any questions, please contact me.

Best regards,

Pat

3342. The 2016-2017 Applicant Guide to Supervised Practice is now available!!

From: ndep@eatright.org
To: DMartin@Burke.k12.ga.us
Sent Date: Oct 07, 2016 11:03:56
Subject: The 2016-2017 Applicant Guide to Supervised Practice is now available!!
Attachment:

Dear NDEP Members,

The 2016-2017 Applicant Guide to Supervised Practice is now available!!

The Applicant Guide to Supervised Practice is the most up-to-date reference available detailing internships, individualized supervised practice pathways, and coordinated dietetic education programs. The Guide is published as a .pdf document of almost 900 pages that details over 250 programs. Also included in an Excel spreadsheet that allows users to sort and search programs by cost, number of applicants, degree or certificate offered, city, stipend offered, program concentration, length, and many other variables.

You can purchase the Guide for \$35 at the Academy Shop Page located here:
<http://www.eatrightstore.org/product/1F8E14C2-F6A7-43DF-9D68-0601D1F0EB82>

Upon completion of your order, a link to access your purchase will be sent to the email address you have on file with the Academy. **The link will expire after 30 days** after which point you will be unable to download the Guide. **Please be sure your email address is accurate before submitting your order and you download the Guide within 30 days!**

The Guide is for educational purposes only and should not be used or copied for commercial purposes.

Please email sales@eatright.org for questions related to your purchase or ndep@eatright.org with any questions related to NDEP.

TO: Foundation Board

For those of you who will be with us at FNCE in Boston, please mark your calendar to attend one of two scheduled Second Century Town Hall events (welcome to attend both if you are able). This is an open forum for members to learn about the recent Summit and to gather feedback as well as generate enthusiasm for the big bold opportunities that are in front of us. It's important to show your support, so please make an effort to attend.

Second Century Town Hall meeting on Sunday, October 16 at 11:45am – 12:25 pm and/or 12:35 – 1:15pm

Subject: FNCE DPG/MIG Luncheon

Good morning Lucille and Donna,
Hope this finds both of you doing well.

I am attaching the almost final agenda for the DPG/MIG chair and chair elect luncheon to be held on 10/16 at FNCE since both of you have agreed to attend the lunch and do a short presentation. Tom Ryan is aware of your presentation and is working on talking points for you.

Since I have to turn in the final counts for the luncheon entrée this week, would you let me know if you plan to eat at the luncheon. If you are planning to have lunch with us, the entrée is turkey medallions with potatoes, iceberg wedge and for dessert strawberry shortcake. Please let me know if this meal is okay or if you have any special needs that I would need to order a different

meal.

Thanks and looking forward to seeing you soon.

On Thursday, October 5, Donna joined First Lady Michelle Obama and delivered remarks, addressing an audience of more than 200 people from various sectors that have championed healthier eating and active living. There were approximately ten RDNs in attendance, including Jean Ragalie.

And just today, Donna, pictured here wearing her Kids Eat Right t-shirt, participated with President Barrack Obama and Mrs. Obama in welcoming children that currently participate in Let's Move! Programs. These programs were launched in collaboration with federal agencies, businesses, and non-profits to mobilize every sector to help kids and families lead healthier lives. Kudos, Donna! So proud of the work you are doing!

This photo is for your eyes only so please do not share. The White House posted a [press release](#) and will be posting videos and photos to www.wh.gov soon. We will be sharing information and other photos with members, once we get permission from the White House.

Hi Donna

It was our local ABC station – ABC Chicago – saw on the 4:30 am news.

I couldn't find a clip on their site (I did send Doris a note asking her to try to get it) but I did find this full clip and it is at about the 15 min mark

<http://abcnews.go.com/Politics/video/lady-michelle-obamas-white-house-garden-harvest-42626164>

Congrats again

mary

Subject: The White House Event...

It was an incredible day realizing one of our leaders was being highlighted by the First Lady of the United States. Politics aside, everyone there was committed to improving children's health and celebrated the outcomes. The group included many of our members which negates the argument we are not at the table. We are at the policy table very successfully showcasing our members' value and work that is translating into laws and regulations. This will have a long term impact.

Donna's presentation was impactful. It was wonderful to see the other very distinguished presenters including the CEO of Robert Wood Johnson Foundation nod with Donna's examples. I know everyone's mind was thinking..."how can we scale this up?" Donna's examples were right on target with a personal passion included.

It was exciting to hear how the First Lady talks about Donna's work every week to others in many different areas.

I cannot tell you how much Donna's work has made a difference in lives. And she humbly would say, she is not alone. There are 75,000+ plus members making a difference every day.

Donna and Alonzo Harding Mourning.

More photos later...

Connect with the Academy:

You are receiving this message on behalf of our Marketing Partners at NOCW.

We are excited to announce our participation in the 2nd Annual National Obesity Care Week (NOCW) which is taking place Oct. 30 Nov. 5. NOCW is a national movement to ensure anyone affected by obesity receives respectful and comprehensive care.

We invite all Academy members to Take 5:

TAKE 5 minutes to learn how to talk about obesity with your patients.

ASK 5 questions to start a conversation.

KNOW 5 reasons to address obesity.

ENGAGE in 5 conversations to inspire action.

PASS this challenge on to

5 of your colleagues.

Take the Challenge and Pass it On!

Join Us for Breakfast at FNCE®!

Having trouble viewing this e-mail? [View it in your browser.](#)

Connect with the Academy:

Please join us for a delicious breakfast while being exposed to the latest trends in health and nutrition.

The Academy Foundation is hosting breakfast symposia on Sunday, Monday and Tuesday during FNCE® featuring relevant topics in dietetics. All breakfasts are a \$10 donation each or, **sign up for one and get a second one free!** Each breakfast offers 1 CEU each. Pre-registration is required, attendance is limited.

Simply complete this easy survey and we will add this to your existing registration. If you have questions about registering for Foundation events, please contact Martha Ontiveros at foundation@eatright.org

Kids Eat Right Breakfast: *Fuel Your Morning*, Sunday, October 16, 6:45 a.m. to 7:45 a.m.

This session will offer attendees an overview of the Dietary Guidelines for Healthy Children. Presenters will discuss known shortfall nutrients, options and suggestions to consume them, and how dairy products (high protein milk, specifically) can address these shortfall nutrients in a way that no other food categories can. Dr. Shakeel Rehman will highlight the specifics of dairy nutrition and how it applies to various child developmental stages, and also highlight the benefits of incorporating value-added dairy products into a child's breakfast regimen. Sponsored by Foundation Donor, Fairlife
[Register here](#)

Future of Food Breakfast: *Pulse Appeal: How To Go Beyond Hummus*, Monday, October 17, 6:45 a.m. to 7:45 a.m.

Pulses, dry edible seeds of the legume family including dry peas, beans, lentils, and chickpeas, are highly nutritious, versatile, affordable, and sustainable foods. While pulses are essential ingredients in cuisines around the world, intake in the U.S. is low. This session explores how to incorporate pulses into nutrition counseling for cardiovascular disease, type 2 diabetes, weight

management, and gluten-free diets while providing ideas for incorporating into dishes inspired by global cuisine. Sponsored by Foundation Donor, American Pulse Association

[Register here](#)

**Future of Food Breakfast: *Florida Orange Juice: From Grove to Glass, While it Lasts*,
Tuesday, October 17, 6:45 a.m. to 7:45 a.m.**

Picture a breakfast table, and you're likely to imagine a glass of orange juice. Now consider that today's kids may not find this glass as emblematic. Public misconceptions about the impacts of the sugar content of 100% orange juice clash against the latest evidence-based research asserting its dense nutrient profile. Beyond this, a "citrus greening" disease is destroying Florida's citrus groves, which have been cultivated by growers for generations. Attend this session to squeeze out the facts about the nutritional value of America's favorite juice and hear how growers are uniting to find a solution that keeps 100% orange juice at the table. Sponsored by Foundation Donor, Florida Department of Citrus

Subject: Hurricane Matthew
Attachment: [image001.jpg](#)
[image004.png](#)

Good afternoon.

As you may know, Hurricane Matthew has strengthened into a Category 4 hurricane with winds of 140 mph and gusts up to 165 mph, according to the National Hurricane Center. Matthew continues to head toward Florida's east coast and is expected to hit the coast late Thursday or early Friday.

Authorities urged more than 2 million people to leave their homes in coastal Florida, Georgia and South Carolina as the storm nears -- the largest mandatory evacuations in the United States since Hurricane Sandy hit the East Coast in 2012. In preparation for the risk of "catastrophic" flooding and massive power outages, we have posted resources for emergency preparedness to eatrightPRO and a food safety after a hurricane article to eatright.org. We are anticipating questions we might see on social media from members in FL, GA, SC and NC if they have to cancel their trip to FNCE.

We are also activating the Academy Foundation and CDR established Disaster Relief Funds for members who live in the affected areas and may be interested in applying for assistance in their personal and professional life-rebuilding efforts.

We are monitoring the American Red Cross and when they post a relief fund alert so will we. I will continue to keep you apprised. We are praying for everyone who lives in Florida and on the coast, especially Academy members and their families.

3357. NDEP ballot - Call for nominations extended through October 20th!

From: ndep@eatright.org
To: DMartin@Burke.k12.ga.us
Sent Date: Oct 06, 2016 11:23:49
Subject: NDEP ballot - Call for nominations extended through October 20th!
Attachment:

Dear Educators and Preceptors:

NDEP has decided to extend the deadline for nominations for the following position within the NDEP Council.

- 1. Regional Director for the Northeast Region:** Maine, New Hampshire, Vermont, New York, New Jersey, Delaware, Connecticut, Rhode Island, Massachusetts
- 2. Regional Director for the Northcentral Region:** Wisconsin, Michigan, Indiana, Ohio, West Virginia, Kentucky, Tennessee
- 3. Preceptor Director**
- 4. Vice Chair**

NDEP has extended the submission deadline for those individuals who may be considered to run, an opportunity to talk to fellow NDEP Council members while attending FNCE® in Boston.

If you are interested, please send a CV/Vita along with a cover letter stating the position you are interested in and why to ndep@eatright.org by **Thursday, October 20th**. **Feel free to contact me with any questions you may have:** escottstumps@ecu.edu.

Sylvia Escott-Stump
NDEP Past Chair 2016-2017

POSITION DESCRIPTIONS:

Regional Director

The Regional Directors will serve and represent the NDEP members in their region by supporting members' continuing education needs and representing educators' and preceptors' perspectives and issues relating to education practice and policy in nutrition and dietetics. There will be one Regional director for each of the six areas (two for each region: West, Central and East.)

Responsibilities:

- Participate in monthly NDEP Council teleconference calls as a voting member

- Plan the spring meeting with their region with assistance from the Academy's Meeting Services department. During the first year the new regional director serves as co-chair and is mentored by the other regional director with a year's experience. During the second year, serve as meeting chair.
- After the spring meeting collect and analyze evaluations, submit report to chair by June 1.
- Serve on the nominating committee to identify future NDEP leaders.
- Communicate with NDEP regional members as needed.
- Coordinate Outstanding Dietetic Educator (ODEA) awards for their region. Help Preceptor Director in selecting Outstanding Preceptor award recipient from their area.

Rewards:

- Paid registration to FNCE for two years
- One night's shared lodging for FNCE (room with another NDEP Council member or pay the other half if you want a private room)
- One day's subsistence (food) at FNCE
- Registration waived for spring regional meeting
- Paid hotel room for spring regional meeting
- Travel reimbursement for spring regional meeting.
- This position is a stepping stone for those who want to serve NDEP as vice-chair (3-yr term including vice-chair and past-chair years) or delegate.
- Networking and many new friends and colleagues.

Qualifications and Time-Commitment:

- NDEP member
- RDN or DTR
- Educator or preceptor in an accredited program (need not be a program director)
- Spring meeting time commitment includes preparation time and two to three days on-site coordination with the other regional director
- FNCE time commitment: arrive on Friday and attend NDEP Council meeting on Saturday and the member breakfast
- Regional Directors may be asked to help with other NDEP-sponsored events at FNCE.

PRECEPTOR DIRECTOR

Participate in monthly NDEP Council teleconference calls as a voting member. The Preceptor Director will serve and represent the NDEP members in their region by supporting members' continuing education needs and representing preceptors' perspectives and issues relating to education practice and policy.

Responsibilities:

- Participate in monthly NDEP Council teleconference calls as a voting member
- Communicate with NDEP preceptor members as needed; prepare preceptor issue updates when requested by the Chairs, the Academy BOD or the HOD

-Coordinate Outstanding Preceptor awards.

Rewards:

- Paid registration to FNCE for two years
- One night's shared lodging for FNCE (room with another NDEP Council member or pay the other half for a private room)
- One day's subsistence (food) at FNCE
- Networking and many new friends and colleagues.

Qualifications and Time-Commitment:

- NDEP member
- RDN or DTR
- Preceptor in an accredited program
- Executes the Outstanding Preceptor Awards and identifies winners for each region with committee
- FNCE time commitment: arrive on Friday, attend NDEP Council meeting on Saturday, and the member breakfast
- Preceptor Director may be asked to help with other NDEP-sponsored events at FNCE.

VICE CHAIR

The Vice-Chair will serve and represent NDEP members. The Vice-Chair works closely with the Chair in learning the role and responsibilities of the office. The position of NDEP Vice-Chair requires a time commitment of approximately 10-15 days each year for meetings and travel. Additional time is required for conference calls, correspondence, planning, writing reports, etc. Depending on NDEP's program of work, this time commitment may be greater.

Term of Office: The Vice-Chair must be an active member of the Academy and a member of NDEP. The Vice-Chair is typically appointed after having served as an elected member of the NDEP executive team or as an appointed committee member. The Vice-Chair will be elected by NDEP members and complete a three (3) year term. They will serve the first year in their role as Vice-Chair of the NDEP Council. At the end of the term, the Vice-Chair becomes chair and serves a one-year term. At the end of the term as chair, the chair becomes the past-chair and continues on the NDEP leadership team for a one-year term, completing the three years of service.

Responsibilities:

- Participates monthly NDEP Council teleconference calls and serve as a voting member; leads the call in absence of the Chair
- Collaborates with NDEP chair and ACEND staff in planning program of work and budget for the term as chair

- Appoints chairs and members of all standing committees to serve during the vice-chair's term as Chair
- Plans, organizes and coordinates educational programs sponsored by NDEP that will occur at FNCE during his/her year as chair
- Plans and coordinates NDEP student internship fair at FNCE
- Attends at least one NDEP regional meeting to represent NDEP leadership (chair)
- Attends FNCE in the fall (e.g., Saturday Board meeting, Sunday intern reception, Monday member meeting)
- Performs functions of chair in chair's absence or inability to perform functions as determined by the NDEP Council
- Three year term (first year as vice chair; second as chair and third as past chair).

Rewards:

- Paid registration to FNCE for three years
- Paid SHARED lodging at FNCE during vice-chair and chair year; one night's shared lodging during year as past chair
- Paid subsistence (food) at FNCE during vice-chair and chair year; one day's subsistence during year as past chair
- Paid travel to FNCE during years as Vice-Chair and Chair
- Registration waived for spring regional meeting during vice-chair and chair year (when representing NDEP leadership)
- Paid hotel room for spring regional meeting (when representing NDEP leadership at that meeting)
- Travel reimbursement for spring regional meeting (when representing NDEP leadership at that meeting)
- Networking and many new friends and colleagues.
- This position may be a stepping stone for those who want to serve in a national office. Past chair represents NDEP on the Council on Future Practice.

Qualifications and Time Commitment:

- RDN or DTR
- NDEP Member
- Having served in NDEP in some capacity
- Educator or preceptor in an accredited program (do not have to be a program director)
- Spring meeting time commitment includes preparation time; two to three days for the spring meeting
- FNCE time commitment: arrive on Friday; attend the Board meeting and member meeting; Vice Chair also plans and runs the Student Internship Fair
- The Vice-Chair may be asked to help with other NDEP-sponsored events at FNCE.

[FAQs_SecondCentury_Summit_AdvancedVersion_v2.pdf](#)

There are only 10 days left for the official opening of the Academy's Food & Nutrition Conference & Expo. To help you with any questions you may receive from members, we have prepared the attached document that contains the following:

- FNCE leader remarks with general Academy-related information
- Second Century and Centennial talking points
- Malnutrition Quality Improvement Initiative information

- Herbalife talking points
- FNCE Expo Floor talking points

Also included is the latest FAQ on Second Century and the Nutrition Impact Summit. You will receive a follow-up email on Friday signed by Lucille and Jean that will include project descriptions and details on next steps for the Second Century initiative.

In addition, as a heads up, AP reporter Candace Choi will be covering FNCE. We know she is currently working on a story regarding sponsored continuing education for RDNs. AP is one of the largest, independent newsgathering agencies. It prides itself on its commitment to the highest standards of objective, accurate journalism.

Thank you and please let me know if you have any questions.

Regards,

Pat

FDA Set to Revise Definition of "Healthy" on Food Labels

The Food and Drug Administration is likely to redefine the decades-old nutrient content claim "healthy" that appears on labels for certain food products, with a special focus on consumers' understanding of the term when they see it on labels. The Academy met with senior FDA officials and continues to work closely with FDA and other consumer, public health and industry stakeholders on labeling and education initiatives.

Academy Supports, Suggests Improvements to Draft Guidance re Institutional Review Board Written Procedures

The Academy supports the recent Food and Drug Administration and the Department of Health and Human Services' "Draft Guidance re Institutional Review Board Written Procedures: Guidance

for Institutions and Institutional Review Boards" as an important step in the agencies' attempts to streamline IRB processes, enhance human subject protection and reduce regulatory burden. The Academy urged that IRBs must make these explicit in detail and easily available to investigators and the public.

[Learn More](#)

USDA Commits Funding

The U.S. Department of Agriculture announced more than \$113 million in grants to strengthen local and regional food systems, support farmers markets, minority and veteran farmers, organic research and specialty crop research. These grant initiatives provide jobs to Academy members that support local food systems and address food insecurity, and were fought for during the last Farm Bill. Academy priorities included in the Farm Bill are being implemented as policies and programs to improve the American food system.

[Learn More](#)

Continuing Resolution Funds Government into December

President Obama signed a Continuing Resolution on September 29 funding the federal government at nearly current funding levels until December 9. Funding ensures the government stays open and funds important federal programs affecting Academy members, the greater community, including nutrition research and vital nutrition programs. The Academy continues to advocate for the right balance of funding levels for programs that enable members to effectively improve the health of Americans through food and nutrition.

October Is Farm to School Month

Millions of students, educators, farmers, food producers, food enthusiasts and advocates come together each October to celebrate connections throughout the country between children and local food. The Academy strongly support increasing access and funding to Farm to School programs, which members lead, and urges Congress to pass legislation to reauthorize child nutrition legislation that would double these effective grants for schools.

Room: 160 ABC

Presenter: Karen Lacey, MS, RD, CD

Presiding Officer: Kevin L. Sauer, PhD, RDN, LD

Practice Competencies Initiative

The CDR Competency Assurance Panel collaborated with the Academy's Quality Management Committee on the development of dietetics practice competencies and performance indicators. These competencies and performance indicators will replace the current learning need codes for the Professional Development Portfolio recertification system in 2015 beginning with new registrants whose registration begins on or after June 2nd, 2015 and current registrants beginning their June 1, 2016 recertification cycle. An article describing the development and validation of the practice competencies was published in the June 2015 *Journal of the Academy of Nutrition and Dietetics*.

The CDR website has been updated to include a Practice Competencies page, <https://www.cdrnet.org/competencies>, which includes several practitioner resources including recordings of webinar presentations made during 2015-2016.

CDR will continue to schedule webinars to introduce CDR credentialed practitioners and students to the new Professional Development Portfolio practice competencies. All webinars will be recorded and placed on the CDR website.

•For additional information go to <https://www.cdrnet.org/competencies>.

Discontinuance of CPE Credit for LEAP/MRT Activities

All CDR credentialed practitioners were recently sent an e-mail communication informing them that CDR would no longer award continuing professional credit for LEAP/MRT activities. This communication including frequently asked questions is available at this link:

<https://www.cdrnet.org/leap-mrt-faq>

Upcoming Certificate of Training Programs

Certificate of Training in Adult Weight Management Program

November 10-12, 2016 ~ Long Beach, California

March 24, 2017 ~ Baltimore, Maryland

June 22-24, 2017 ~ Cincinnati, Ohio

September 29-October 1, 2017 ~ Phoenix, Arizona

October 19-21, 2017 ~ Chicago, Illinois

November 15-17, 2017 ~ Orlando, Florida

For registration information and to view the certificate requirements, timeline, registration deadlines and agenda:

<https://www.cdrnet.org/weight-management-adult-program>

Certificate of Training in Childhood and Adolescent Weight Management Program

March 2325, 2017 ~ Hartford, Connecticut

September 79, 2017 ~ Memphis, Tennessee

For registration information and to view the certificate requirements, timeline, registration deadlines and agenda:

<https://cdrnet.org/weight-management-childhood-adolescent-program>

Level 2 Certificate of Training in Adult Weight Management Program

November 1012, 2016 ~ Long Beach, California

October 1921, 2017 FNCE® ~ Chicago, Illinois

For registration information and to view the certificate requirements, timeline, registration deadlines and agenda:

Subject: #LetsMove: Social Media This Week

Hi everyone,

We're so excited to see you tomorrow! Ahead of Wednesday's *Let's Move!* capstone event at the White House Kitchen Garden, I wanted to share with you our social media plan.

Starting Wednesday morning at 9am ET and throughout the day, we would love for you to Tweet, Instagram, Facebook, Snapchat, etc. using #LetsMove as many times as you are willing or able. We want to lift up our collective progress over the last six and a half years!

And please make it personal to you and your work as well, "@FLOTUS inspired me to..."

We've also included our accomplishments summary in case you'd like to cite a relevant achievement. For example:

- *Did you know? 50 million kids are now offered healthier school meals and snacks thanks to @FLOTUS and #LetsMove.*
- *Have you seen the modernized Nutrition Facts Label? #LetsMove: Making the easy choice the healthy choice since 2010<http://go.wh.gov/uBe311>*
- *Thanks to #LetsMove and @TeamUSA, nearly 2 million kids are getting beginner athletic programming for free or low cost!*
- *.@FLOTUS championed over 225 partnerships as @PHAnews Honorary Chair. One outcome: 6.4 trillion calories cut from products. #LetsMove*
- *.@FLOTUS championed #eatbrighter and @teamfnv to give Americans a healthy dose of advertising. #LetsMove*

· 1 in 4 Americans now live in a community where their local elected official has committed to creating a healthier environment. #LetsMove

· . @FLOTUS championed Drink Up for @urh2o success to help us drink more water. #LetsMove

Thank you for all that you do!

Deb

Debra Eschmeyer

6. Consumer Protection and Licensure Coffee Forum at FNCE[®]
7. Dates to Remember

Quarterly Advocacy Day Meetings in Congressional Districts

To date, Academy members have sent more than 9,100 letters to members of Congress asking them to encourage CMS to adopt four recently-submitted malnutrition quality measures. Please keep up the great advocacy work!

The Malnutrition Advocacy follow-up webinar for affiliate public policy coordinators and DPG/MIG policy and advocacy leaders is posted to the community of interest. Click Meet with Congress members in Congressional Districts to locate the recording.

Affiliates will be meeting with members of Congress and/or their district staff during the month of October. The webinar recording will assist policy leaders and members for these important Congressional in-district visits.

Can we count on your policy team to join in the momentum to fight malnutrition by meeting with your U.S. Congress members or their district/state staff in October? Please submit your pictures and meeting reports to me.

The reports of the number of Academy members by state who have responded to the two action alerts will be posted in the Public Policy Panel COI later today. The detailed reports for the affiliate public policy coordinators will also be posted to the public policy coordinator community of interest. Here is a chart identifying the action alert totals as of today:

Action Alert Title Academy Members Participating Percentage Participation Legislators Contacted Number of Letters Sent
 Let's Fight Malnutrition 2,897 4.0% 512 9,127
 Treat and Reduce Obesity Act 2,413 3.3% 517 8,321

Action Alert Remains Open until October 31: Help Fight Malnutrition Today!

Affiliates will be continuing advocacy efforts during October with visits to members of Congress in their home state. Here is how public policy leaders and Academy members can assist:

1. Take the Action Alert and encourage **all** public policy panel members to do the same. Members should use one of the preferred web browsers to take action: Google Chrome, Firefox or Safari.
2. If you **did not** send the following eblast message to your affiliate, DPG or MIG members last week, please send the **approved message** to your members this week:

Dear Colleague,

Registered dietitian nutritionists play a critical role in addressing malnutrition, let's be sure our policy makers hear our united voice! Please send your members of Congress email letters today telling them to support the Academy's proposed malnutrition electronic clinical quality measures. These measures would hold health care facilities accountable for screening patients for malnutrition, documenting the diagnosis of malnutrition, ensuring a nutrition assessment is completed, and finally, developing a nutrition care plan.

Now is the time for Medicare recipients to have the quality care and nutrition interventions that can improve health and reduce hospital readmissions – don't you agree?

Click here to take action. It takes only a few minutes!

It is urgent that your U.S. Senators and Representative hear from you. Please take action today.

Your RDN friend,

Insert your name and title

Insert your affiliate or DPG name

1. Please encourage all board, committee, colleagues and friends to also complete the action alert. Thank you for activating your membership.
2. Begin to schedule meeting with U. S. Senators and Representatives in their Congressional district offices to ask that they add their signature to the CMS letter.
3. Join the webinar for policy leaders on Friday, September 30. See registration information below.
4. Submit reports and pictures following the Congressional meetings.

Food and Nutrition Policy Sessions at FNCE[®] 2016

Visit FNCE[®] Website for more information about the sessions. We look forward to seeing you in Boston!

Nutrition Policy Town Hall Event at FNCE[®] 2016

Please join the Academy's Policy Initiatives and Advocacy Team on **Saturday, October 15, 2016 from 1:30 – 3:00 p.m. (Eastern Time)** for a town hall nutrition policy event. The town hall event will be held at the Westin Boston Waterfront Hotel in Harbor Ballroom 1. *Each affiliate, DPG and MIG is **encouraged** to send **at least one** public policy leader to this event.* Please **register here** if you are planning to attend the nutrition policy town hall on Saturday, October 15.

DPG and MIG Policy and Advocacy Leaders (PALs) Networking Event at FNCE[®] 2016

The Academy's Policy Initiatives and Advocacy Team will be holding an informal networking event on Sunday morning, October 16, 2016 from 7:00 – 8:00 a.m. in Boston with DPG/MIG policy and advocacy leaders (PALs) who wish to attend to discuss public policy and advocacy issues. The networking event will be held at the Westin Boston Waterfront Hotel in the Stone meeting room. Please **register here!**

Consumer Protection and Licensure Coffee Forum at FNCE[®]

We encourage all Consumer Protection Coordinators attending FNCE[®] or their public policy panel's designee from each affiliate to attend the Consumer Protection and Licensure Coffee Forum on Sunday October 16 from 8:30-9:30 a.m. in room 211 of the Boston Convention Center. Participants will engage with Academy member leaders and staff to talk about improving Academy communications and answer questions about hot topics surrounding licensure, reporting harm, telehealth, and enabling the ordering of therapeutic diets. Please reach out to Pepin Tuma or Mark Rifkin with questions about the forum and how to ensure your affiliate's needs are heard.

Dates to Remember

Saturday, October 15, 2016

2. If you **did not** send the following eblast message to your affiliate, DPG or MIG members last week, please send the **approved message** to your members this week:

Dear Colleague,

Registered dietitian nutritionists play a critical role in addressing malnutrition, let's be sure our policy makers hear our united voice! Please send your members of Congress email letters today telling them to support the Academy's proposed malnutrition electronic clinical quality measures. These measures would hold health care facilities accountable for screening patients for malnutrition, documenting the diagnosis of malnutrition, ensuring a nutrition assessment is completed, and finally, developing a nutrition care plan.

Now is the time for Medicare recipients to have the quality care and nutrition interventions that can improve health and reduce hospital readmissions – don't you agree?

Click hereto take action. It takes only a few minutes!

It is urgent that your U.S. Senators and Representative hear from you. Please take action today.

Your RDN friend,

Insert your name and title

Insert your affiliate or DPG name

1. Please encourage all board, committee, colleagues and friends to also complete the action alert. Thank you for activating your membership.
2. Begin to schedule meeting with U. S. Senators and Representatives in their Congressional district offices to ask that they add their signature to the CMS letter.
3. Join the webinar for policy leaders on Friday, September 30. See registration information below.
4. Submit reports and pictures following the Congressional meetings.

Food and Nutrition Policy Sessions at FNCE[®] 2016

Visit FNCE[®] Website for more information about the sessions. We look forward to seeing you in Boston!

Barbara and Missy,

Thanks so much for sharing the draft commentary and for the time and effort you devoted to this project. It's good to know that you and the Academy representatives are content experts on the topic. I have confidentially disseminated the draft to select staff for review and requested they share it with member leaders where appropriate.

Best regards,
Pat

Subject: Draft Commentary for Academy REVIEW - Food and Nutrition Science Solutions Task Force - BY OCTOBER 7

Importance: High

Alison and Mary Pat –

Missy Cody and I have reviewed the ‘final’ draft of the Commentary prepared by the Food and Nutrition Science Solutions Task Force entitled: Challenging the NOVA Food Classification. As background, this is the commentary that the Task Force developed for submission to *Journal of Public Health* in response to the Journal’s call for papers for an ‘ultra processed foods’ special supplement. The TF felt strongly that the emergence of this classification system for dietary guidance can lead to consumer confusion and developed a commentary to present these views.

Attached is the final draft which include our minor edits. We don’t see any conflicts in the content with current Academy policy, but we would like you to review and confirm that you agree. We are available for a follow up with a phone call if there are any issues.

We also want this document to work within the Academy review structure. We are uncertain of the exact set of additional eyes to review this, but recommend the following:

- President – Lucille Beseler
- CEO – Pat Babjak
- Positions chair – Ainsley Malone
- LPPC chair – Nadine Braunstein

This document is going through simultaneous review with IFT, ASN and IFIC leadership, and asked to respond with final review comments by October 7. We recognize the extreme time constraints with FNCE less than two weeks away. So, we greatly appreciate your guidance and advice in moving this document appropriately, yet expeditiously, through the Academy.

Please let us know if any questions, or if a phone call is needed.

Kind regards,

Barbara and Missy

Barbara Ivens – Academy representative to the Food and Nutrition Science Solutions TF

Missy Cody - Academy representative to the Food and Nutrition Science Solutions TF

Please disregard previous email. This is correct schedule. Please keep confidential.

On Oct 1, 2016, at 8:32 PM, Eschmeyer, Debra L. EOP/WHO <Debra_L_Eschmeyer@who.eop.gov> wrote:

Hi Donna,

I'm so thrilled for your participation on our panel on Wednesday and garden harvest on Thursday. Below is the run of show for your portion of the two days. Please read through this in its entirety. As I will be with FLOTUS when you arrive on Wednesday, I'd like to chat on Monday to walk through the specifics of your remarks and answer any questions you may have. Let me know what window of time is best for me to call you and what number to reach you on.

We couldn't be more excited to share these special moments with you this week. Thank you for making the time.

Best,
Deb

DAY 1: Schedule for Wednesday, October 5th: *Let's Move!* Capstone Event and Garden Dedication

2:00 to 6:00 in the White House Kitchen Garden

Business Attire, Flat Shoes

220 Guests

1:45pm Arrive to SE Gate (see map below) and once you get into the White House, Cat Oakar from the *Let's Move!* team will find you in the East Landing and escort you directly down to the Kitchen Garden for the walk through of your movements.

2:45pm Guests will be asked to take their seats.

2:50pm Press set for panel

3:00pm Deb Eschmeyer will make introductory remarks and then welcome the panelists to come to the front chairs all together. There will be a hand-held mic for each of you.

Deb will introduce you all briefly and then ask each of you a separate question in the order below and you will provide a brief 3 minute response.

§ Dr. Risa Lavizzo-Mourey, President and CEO of RWJF and Member of the President's council on Fitness, Sports, and Nutrition

§ Cathy Burns, President of the Produce Marketing Association

§ Alonzo Mourning, Seven-time NBA All-Star and Member of the President's council on Fitness, Sports, and Nutrition

§ Donna Martin, Director of the Burke County, GA school nutrition program and President-elect of the Academy of Nutrition and Dietetics

§ Pete Buttigieg, Mayor of South Bend, Indiana

Your question will be something like: Donna, tell us what the school food environment looks like today?

NOTE: Your draft remarks look great, but you may need to trim it down some to keep them within the time allotment.

3:30pm Panel concludes. A short break is announced so Deb can walk you to your photo with the First Lady.

4:05pm You will go back to the garden and asked to take your seats.

4:10pm FLOTUS gives remarks

4:40pm Reception begins. Guests are guided to the buffet and bar and welcome to walk through the White House Kitchen Garden.

6:00pm Reception concludes and guest depart via SE Gate.

DAY 2: Schedule for Thursday, October 6th: *Let's Move!* Final Garden Harvest

1:30 to 4:30 in the White House Kitchen Garden

Casual Attire (you will be working in the garden)

70 Guests

1:30pm Arrive to the SE Gate (see map below) and the *Let's Move!* team will escort you to the White House Kitchen Garden

2:00pm Kelly Miterko and Jim Adams will show you the section of the garden you will be harvesting and introduce you to the two kids you will be helping to harvest and where you will help prepare the meal.

2:30pm Practice movements with kids from picnic tables to garden and then garden to cooking prep.

3:00pm FLOTUS arrives and gives brief remarks; you will be standing to the side and the kids will be seated at the picnic tables.

3:15pm Deb will escort FLOTUS and two students to the garden to harvest while you take your assigned places in the garden with your select students.

3:20pm Close-hold, POTUS potential drop by; you remain in place harvesting as POTUS walks to FLOTUS and through the garden. This will be a surprise for the kids, so please help keep them in place.

3:35pm Harvest concludes. Students, FLOTUS, POTUS, and you move to the center of the garden for a group photo.

On Deb's cue, FLOTUS, students, and you move to the prep tables and prepare meal.

3:45pm After the meal is prepped, sit with the students at the picnic tables to eat.

4:00pm FLOTUS says goodbye and departs.

4:10pm You say goodbye to the students and depart via the SE Gate.

4:30pm Event concludes.

Donna,

Much looking forward to dinner with your colleagues Wed. evening. I'm also inviting Camille Range if okay, so there would be six persons. Would 7 pm at Le Chaumiere at 28th and M St N>W. in Georgetown work for schedules. The restaurant has excellent food and not expensive and also quiet.

My cell is 202-549-3308 if needed.

Gus

We're giving away \$200k!

Start your grant-writing engines: Our Nutrition Incentive Support & Innovation Grant offers as much as \$25,000 to innovative efforts at farmers markets, supermarkets, prescription programs and beyond. But hurry—applications close October 14.

One Million Dollars - and Counting

We've hit a lot of milestones in the last nine years. Here's the latest: just since January 1st, our grant partners have distributed one million dollars.

Joining Forces in Maine

We've established SNAP-doubling programs at many markets in many states. Now we also help them unify. Case in point: The Maine Local Foods Access Network, which offers consistent SNAP services statewide. We call it working smarter.

In Jackson, Mississippi, a Homegrown Hero

Dr. Cindy Ayers took a hard look at Mississippi's food and health statistics and decided to be part of the solution. So she left banking, started farming, and rallied her Jackson church congregation to spend their SNAP at the farmers market.

Dreaming Big in the Buckeye State

"Even applying to the FINI grant wouldn't have been possible for us without Wholesome Wave's help," raves Ohio Veggie Snap's Amy Baskes. "They brought momentum and clout and allowed us to think big."

Recipe: Summer in a Jar

Frost is coming. Save some sunshine with our [CEO Chef Nischan's recipe for canned tomatoes.](#)

Fresh Ink

Feast your eyes on recent stories hailing our work in Crain's New York, Lucky Peach, Food Republic, KSMU, California Health Report, Modern Farmer, Edible Manhattan, Vox, Miami Herald , and Food and Wine.

Talk to us! Our survey is easier than spelling "nutrition incentives."

Hi, Donna. Sorry I was a bit swamped yesterday but I did want you to know I received your voice message and I certainly did know who you were talking about on Facebook. You have been such a good friend to me and to Pat and so supportive through all the ups and downs. I appreciate your kindness and your friendship. There is a quote about leadership that I have on my desk and when I read it I think of you and all the other special ladies from the Board who reached out to me and to Pat during the difficult Kraft era. I don't know who it is attributed to but it rings very true to me.

Leadership today is about two words – truth and trust. You've got to have their back when they didn't hit it out of the park, you've got to have their back when they do.

You are going to kill it in those red shoes, girl! Keep making us proud!!!!!!!

Donna,

Great—this sounds like a good plan. I will craft some questions and draft answers for you to share with him prior to the Golden Radish Award ceremony. In the meantime, Kayla Adams from Event Streams (the video production company we're working with on his video) will be in touch to share logistical details that you can pass along to the Superintendent. We hope to just pull him aside for a few minutes during the lunch at the Golden Radish Ceremony so he won't have to spend any extra time at the event and won't miss out on any of the festivities.

We really appreciate your help! Happy October Farm to School Month!

Emily, I would be the one to handle this with him. With him, the best thing to do would be to send us some talking points that you would want him to put forth in the video. He is very supportive,

but might not be as good off the cuff as you would want. If you send some questions with some draft answers he would do great!

Subject: Golden Radish video

Donna,

Good morning! We're working on plans for a video to highlight the success of the Golden Radish Awards across the state and want to include an enthusiastic superintendent on the video to talk about the benefits of farm to school for their district. We're hoping to film right after the Golden Radish Awards ceremony (or during the lunch at the ceremony). We'd love to have your superintendent do this interview. Do you think he'd be available/interested? If so, would you mind putting me in touch with whoever is best to coordinate details with on his staff?

Hope you're having a great week!

3378. IMPORTANT: Final FNCE Communication

From: Joe LasCola <jlascola@eatright.org>
To: DMartin@Burke.k12.ga.us <DMartin@Burke.k12.ga.us>
Sent Date: Oct 03, 2016 15:47:03
Subject: IMPORTANT: Final FNCE Communication
Attachment:

Good afternoon FNCE® Speakers and Moderators,
 Email: DMartin@Burke.k12.ga.us

By now you have uploaded your presentations via the Presentation Management site and your session handouts via the Speaker Console page.... Right?! Since we are 12 days out from the live conference, I will take that as an overwhelming yes.

Few important reminders before leaving for Boston:

- **Speaker and Moderator Profile Picture**
- Please make sure to upload your speaker profile picture via the instructions below
- Visit the **speaker console page** and log in using your password: **J75332J**
- Click *My Profile* and upload your file at the bottom of the page
- **Speaker Agreement & Moderator Form**
- **Speakers:** You have completed your speaker agreement via the **speaker console page**
- **Moderators:** You have completed the **Academy's Commercialism Policy Form**
- **Registration**
- **Speakers:** you have automatically been registered via Academy staff. Newly added speakers will be registered and sent their confirmation emails this week. **You do not need to go to registration when arriving at the BCEC. Come directly to the Speaker Ready Room 204AB to sign in and pick up your badge.**
- **Moderators:** You must go to registration to check-in and pick-up your badge.
- **2016 FNCE® app**
- Please make sure to download the FNCE® Mobile app via the "App Store" for iPhone users and the "Google Play Store" for Android users.
- **Speaker Reimbursement**

- Individual emails will be sent to each FNCE® speaker on how to submit for reimbursement. Speakers will receive this email by the end of the week.

I hope you all are excited to be on-site and make this the best conference in FNCE® history! I know I am.

If you have any questions, please create a new email thread to jascola@eatright.org.
See you all soon!

Subject: Re: Dinner

He is trying to help her get a job. Met her in Dallas I think. If we could get him a ticket to the museum that would be great. He is African American if that helps. Tried to get Rick Allen's office to get a ticket, but they said they were all gone until January. If we could get him a ticket I could do whatever would help you all most Thursday morning.

all for lunch. I am probably going to let the Superintendent go to the White House with you all since I have to go earlier. Just as a heads up, he has never been to DC and he is going to be a deer in heads light the whole time. I am bringing him as job security! We are meeting Gus Schumacher for dinner. He invited us. Excited about seeing you guys. I have missed you!

3386. NDEP - FNCE Sessions and Events - ACEND/CDR Roundtable Room Update

From: ndep@eatright.org
To: DMartin@Burke.k12.ga.us
Hidden recipients: dmartin@burke.k12.ga.us
Sent Date: Oct 03, 2016 09:47:49
Subject: NDEP - FNCE Sessions and Events - ACEND/CDR Roundtable Room Update
Attachment: [unknown_name_7csc2](#)

Dear NDEP Members,

FNCE 2016 is right around the corner! Attached, please find information about some sessions of interest. Please note that the ACEND Monday consultations with ACEND Staff and the ACEND/CDR Round Table Session has been changed from the Harbor Ballroom to the **Marina I-IV Ballroom** in the Westin Boston Waterfront.

Please see the attached document for sessions and events that may be of interest to NDEP members.

Thanks!

Jenn, I am excited. I suggest we try for noon, as I need to be leaving by 1:30 to get to White House. Would that be OK?

Good afternoon-

On Thursday last week, an email was sent out in error through the housing and registration system that indicates certain attendees at FNCE® have balance due of \$30 to ride the shuttle bus system. We want everybody to be aware that we are in the process of remedying the situation with our vendor and sending out a correction email. As registered attendees staying at a hotel in the FNCE® housing block, the shuttle cost is included in the registration.

My sincere apologies for this email being sent out as it was not reviewed and approved prior to distribution. Any questions or concerns can be sent to myself and Mary Wolski (mwolski@eatright.org).

In summary:

1. There is no balance due and no additional payment is required.
2. Your VIP registration badge is inclusive of riding the shuttle bus. Your guests staying with you at the hotel (if applicable) also have access to ride the shuttle.

Our apologies for any confusion.

Diane

[image002.png](#)
[PCNSPM External Stakeholders list for BOD_ Contacts.xlsx](#)

Good morning,

Thank you, again, for your support of the Academy's new Patient Centered Nutrition Services Payment Model. Michael Fleming and I appreciate you allowing us time on your meeting agenda last week to introduce you to the work and engage you in a valuable discussion of how you can help us leverage the framework with key stakeholders.

In follow-up to that conversation, I am now reaching out to formally gather names and contact information you have for any of the key stakeholders we have identified as part of our dissemination strategy. Attached is an excel spreadsheet containing categories of external stakeholders and some specific organizations already identified by the Task Force and Nutrition Services Payment Committee. We intentionally left off this version of the document federal agencies as staff already has direct contacts with all of them. And while we have contacts with some of the other stakeholder groups listed, your contacts within these groups would be valuable in helping us to amplify our outreach efforts.

Request for Action: Please insert into the attached spreadsheet names and contact information for any of the key stakeholders listed. Also, please add to the spreadsheet any additional ideas for key stakeholders (either an entire category or a specific group under an existing category). If you have contacts with any of the stakeholders you add to the list, please include that information as well. If possible, we would appreciate receiving your input by **October 14**. You can return your updated spreadsheet directly to me. Staff from the Nutrition Services Coverage team will follow-up with you after FNCE to discuss how we can best move forward together to reach out to your key contacts to introduce the framework.

Thank you for helping us create our desired future where nutrition services provided by RDNs and NDTRs are appropriately valued in alternative payment models.

3393. Discontinuance of CPE Credit For LEAP/MRT Activities

From: Commission on Dietetic Registration <cdr@eatright.org>
To: DMartin@burke.k12.ga.us
Sent Date: Sep 30, 2016 12:48:16
Subject: Discontinuance of CPE Credit For LEAP/MRT Activities
Attachment:

Commission on Dietetic Registration - Weight Management Programs

Discontinuance of CPE Credit For LEAP/MRT Activities

In June 2014, the Commission on Dietetic Registration (CDR) established a moratorium on awarding continuing professional education for LEAP/MRT (mediator release assay) activities. This decision was made in response to practitioner concerns regarding the scientific evidence base for this program.

Based on the practice paper entitled, Role of the Registered Dietitian Nutritionist in the Diagnosis and Management of Food Allergies published in the October 2016 Journal of the Academy of Nutrition and Dietetics, CDR has made the decision to cease approving LEAP and LEAP related activities (i.e., certification courses, sponsored independent learning, etc.) for CPE credit effective in October 2016. The practice paper documents that there is no evidence-base for MRT. The practice paper can be found here: [http://www.andjrn.org/article/S2212-2672\(16\)30935-2/fulltext](http://www.andjrn.org/article/S2212-2672(16)30935-2/fulltext).

CDR recognizes that:

- CDR credentialed practitioners who use MRT must weigh the risks and benefits of this strategy, for which there are no evidence-based guidelines.
- Food allergies, food sensitivities, and food intolerances are an evolving area of practice. The recently published practice paper is clear in only addressing food allergies, which are the best defined and have the most evidence for practice.
- While there are many evidence-based methods for diagnosing food allergies, current evidence does not support use of the mediator release assay (MRT test) for diagnosing a food allergy, as noted in the recent Food Allergies practice paper.
- We encourage any CDR credentialed dietetics practitioner working with clients with potential food allergies to utilize evidence-based practices as they implement the Nutrition Care Process. They should also stay abreast of the evolving body of evidence on this front to help interpret the science for their clients and patients.

FAQ

Why did CDR establish a moratorium on the approval of CPEUs for completion of the LEAP certification or related activities and in June 2014?

- This decision was made in response to practitioner concerns regarding the scientific evidence-base for this program.

Why did CDR make the decision to discontinue CPE approval for completion of any LEAP certification related activities effective October 2016?

- Based on the practice paper entitled, *Role of the Registered Dietitian Nutritionist in the Diagnosis and Management of Food Allergies* published in the October 2016 *Journal of the Academy of Nutrition and Dietetics*, CDR has made the decision to cease approving LEAP, or LEAP related activities (i.e., certification courses, sponsored independent learning etc.) for CPE credit effective in October 2016. The practice paper documents that there is no evidence-base for MRT.

Can CDR credentialed practitioners obtain CPE credit for completion of LEAP related certification activities completed/started prior to June 2014?

- Yes, CDR credentialed practitioners can obtain credit for completion of the LEAP certifications and activities started and/or completed before June 10, 2014.

Will CDR reconsider awarding CPE credit for LEAP/MRT activities in the future?

- Yes, if there is evidence based research to support LEAP/MRT CDR will reconsider awarding continuing professional education credit in the future.

In this blog, Ted Kyle speaks exactly to my point about using first person language. We work with individuals who have obesity not "obese" people. Pearle can you please share this link with pediatric and level 2 faculty. Thank you.

[Roll Over IRA Academy Foundation Fact Sheet.pdf](#)

A communication from Jean Ragalie-Carr follows below.

Best regards,
Joan

Joan Schwaba, MS, RDN, LDN

Director, Strategic Management
Academy of Nutrition and Dietetics

+++++

Good afternoon fellow Board Members. It was great to see some of you in Dallas last week. I wanted to let you know that the following email is being sent to a segmented group of members and donors next week. This is one strategy in creating a more robust planned giving program. Please let me know if there is any additional information I can provide. Thanks.

Thank you for your continued support of the Academy; our Foundation's success has been directly attributable to your generosity! We greatly appreciate the tremendous impact you, as a donor, have made with The Academy of Nutrition and Dietetics Foundation and in our profession.

As we welcome the fall season and 2016 is in its home stretch, many of you may be planning your year-end gifts and have some decisions to make in terms of your IRA benefits. We have compiled a fact sheet on how to take advantage of the Charitable IRA Rollover for tax purposes (see attached). After 70 and a half years of age, individuals are required to start taking payments from their IRA accounts of up to \$100,000 per year. This could result in some large tax requirements, however, to ease that burden, the U.S. Government put into place the Charitable IRA Rollover provision which enables you to gift that payment to a charitable organization tax-free.

If you find yourself in this situation, please remember the Academy Foundation in your planning, a Charitable IRA Rollover gift can be made to one of the Foundation's many programs. The Academy Foundation encourages you to discuss this opportunity with your financial advisor to find out if you qualify for this benefit. If you have any questions about the Academy Foundation's planned giving program, please contact Susie Burns, by phone at (312) 899-4752 or by email at sburns@eatright.org.

Sincerely,

Jean Ragalie-Carr, RDN, LDN, FAND

Chair, Academy of Nutrition and Dietetics Foundation

3398. FNCE 2016 Hotel Confirmation

Board of Directors Housing Confirmation

September 27, 2016

Donna Martin

Reservation confirmation for the:

Westin Boston Waterfront Hotel (FNCE HQ Hotel)

425 Summer Street

Boston, MA 02210

www.westinbostonwaterfront.com

Check-in: 10/13/2016 Check-out:
10/18/2016

Westin Confirmation Number:
818800069/828800069

**Check in time is typically 3:00 PM, however, if
rooms are available the hotel will accommodate.
Check-out time in 12:00 PM.**

Your room night and taxes will be covered by Academy. However, each FNCE hotel will require a credit card, debit card* or cash* at check-in to cover incidental charges

Please note that if you use a **debit card or cash, the hotel will hold a per night fee for possible incidentals or additional nights. The amount will be credited/refunded back to you at the time of check-out minus any of these additional charges.*

Changes or Cancellations?

Please contact me immediately with any changes in your arrival or departure dates or if you need to cancel your room. Cancelled reservations must be made by October 3 to avoid a one night's cancellation fee.

See you in Boston!

Please see the confidential message below to the Board of Directors from Academy President Lucille Beseler.

+++++

All,

Our Board practice has always been to provide minutes of our Board meetings that were a summary of the events undertaken. Evelyn Crayton's request that her letter be included in the minutes and/or her comments be written into the minutes verbatim is inconsistent with our practices. However, out of respect for Evelyn's request, we addressed this issue with the Academy Legal Counsel, Paula Goedert. The Academy legal counsel concurs that our practices are correct and should be maintained. Ms. Goedert indicated the following;

1 *Minutes are intended to be a summary of the meeting and should not include verbatim statements of any participants, except for proposed resolutions. Debate and discussion should be summarized. To do otherwise may discourage the free expression of opinions of all board members.*

2 *The letter provided by Ms. Crayton questions the ethics of Academy staff and board members. Once the Board makes a decision, every board member must support the decision. The Board's authority is collective, not vested in individual members. Board members who violate this tenant would be violating their duty of loyalty to the Academy Board.*

3 *The letter may contain factually inaccurate information.*

4 *The letter contains statements that may be considered defamatory. The Academy Board should not have any part in publishing a statement which may contain defamation.*

Therefore, when you see the minutes for the September meeting, it will not include Evelyn's request. If you have any questions or concerns, please let me know.

Subject: FNCE DPG/MIG Luncheon

Good morning Lucille and Donna,
Hope this finds both of you doing well.

I am attaching the almost final agenda for the DPG/MIG chair and chair elect luncheon to be held on 10/16 at FNCE since both of you have agreed to attend the lunch and do a short presentation. Tom Ryan is aware of your presentation and is working on talking points for you.

Since I have to turn in the final counts for the luncheon entrée this week, would you let me know if you plan to eat at the luncheon. If you are planning to have lunch with us, the entrée is turkey medallions with potatoes, iceberg wedge and for dessert strawberry shortcake. Please let me know if this meal is okay or if you have any special needs that I would need to order a different meal.

Thanks and looking forward to seeing you soon.

Upcoming DTR Focus Group Opportunity

Dear Employer,

During FNCE 2016, CDR will be conducting focus groups to obtain information on the roles and perceptions of the DTR, their educational journey and their experiences with employers. A small focus group will be moderated by CDRs new marketing team, Big Voice Communications. The moderator of the focus group will ask a series of discussion questions. The session will be audio taped to help with note taking. The insights gathered from the focus group of employers who supervise DTRs will be used to create new messages promoting the DTR.

As an integral part of this professional journey, we value your insights in these discussions. The one-hour focus group will take place on Monday, October 17th from 8:00 9:00 am in room 159 of the Boston Convention Center. We recognize that FNCE is a busy time with many sessions and meetings competing for your time and attention. For your participation in this focus group, CDR would like to give you a \$100 honorarium. Morning refreshments will also be provided.

Space in the focus group is limited to six. If you are interested in joining this important discussion, please email Melanie@bigvoicecomm.com. If you have any questions, you can reach Melanie at 203-389-5223. /p>

Share this mailing with your social network:

Connect with the Academy:

We are happy to present you with the final edition of *FNCE® Highlights*. We hope you find the following information useful as you plan your trip to Boston!

CPE SPOTLIGHT

Open Discussion: Unlocking the Mysteries of Publishing Research

Sunday, October 16, 1:30 p.m.

Join the *Journal of the Academy of Nutrition and Dietetics* editorial team for the inside scoop on publishing! Practitioners and researchers face many challenges in their journey to publication. At this session, the Journals editorial team will focus on the major elements necessary for constructing research manuscripts including content, structure, and clarity of presentation.

Poster Session: Improving Food Security, Nutrition, and Healthy Family Behaviors Through the Registered Dietitian Parent Empowerment and Supplemental Food Pilot Program

Sunday, October 16, 1:30 p.m. 3 p.m.

Informatics Skills and Competencies: ROAR with TIGER and the Academy

Monday, October 17, 8 a.m. to 9:30 a.m.

Informatics Competencies are now one of the nine spheres in the new Core Essential Practice Competencies! Join us for this joint session with HIMSS. Learn more about TIGER (Technology Informatics Guiding Education Reform) and its virtual learning environment from Toria Shaw, Manager of Clinical Informatics, HIMSS, and about Nutrition Informatics Competencies from Sarah Rusnak, Chair, Academy's Nutrition Informatics Committee.

Quality Symposium: Introduction to Implementing Quality Improvement Projects

Monday, October 17, 2016- 1:30 p.m. 5:00 p.m.

Understand how to formulate a Quality Improvement Project by using Standard of Excellence results. Recognize and comprehend systemic methods for process improvement, performance improvement, and outcome-based management system. Discuss other topics for Quality Improvement Projects such as readmissions, diabetes, and foodservice during the Quality

Symposium.

Small Steps for Big Change: Building Sustainable RDN/MD Partnerships

Tuesday, October 18, 8 a.m. 9:30 a.m.

Building effective team-based care can improve patient outcomes and practice efficiency as well as decrease health care costs, but the challenge lies in successfully creating and maintaining MD-RDN partnerships. Laura E. Peterson, BSN, SM, and Andrew Wade, RDN, LDN will highlight the transferrable lessons learned from the Childhood Obesity Performance Improvement (COPI) collaborative, a 1-year quality improvement collaborative, and explain how to build and maintain effective MD-RDN partnerships when caring for children and adults with obesity.

Earn CEUs While Attending Foundation Nutrition Symposiums and Breakfasts

The Academy Foundation has two great educational symposiums on Saturday, October 15 and breakfast, Sunday, Monday, and Tuesday. All events are \$10 donations each, include CEUs, and offer relevant topics on today's emerging health and nutrition trends. There is still time to register! Session and registration information can be found [here](#). The Foundation would like to thank the donors that made these sessions possible: Elanco, Nature Made, Fairlife, American Pulse Association, and the Florida Department of Citrus.

Earn CPE when you visit the Expo Hall

One CPEU is equivalent to one contact hour. A maximum of 15 CPEUs for Registered Dietitian Nutritionists and 10 CPEUs for Dietetic Technicians, Registered are allowed during each five-year recertification cycle.

[Learn More.](#)

At THE EXPO

2016 *Journal* Photo Contest at FNCE® - Cast Your Vote and Pick Up Your 2017 *Journal* Calendar Its that time again!

We invite you to visit the ***Journal of the Academy of Nutrition and Dietetics* Booth (#3471)** to cast your vote to select the winner of the 2016 *Journal* Photo Contest, which automatically enters you into our prize drawing. Plus, pick up your free 2017 *Journal* Calendar celebrating the Academys Centennial and featuring 12 of the very best photos submitted last year.

Visit the Nutrition Care Manual (NCM®) Booth on the Expo Floor and You Could Win!

How well do you know the Nutrition Care Manual? Test your knowledge on the Academys internet-based diet and professional practice manual at the **NCM booth (#3279)** and you could win a prize Fitbits will be available to three lucky winners!

Attend an Expo Hall Event

Expo Briefing

•*Therapeutic Benefits of Pulses: Cardiovascular Disease Risk and Beyond*

Expo Hall Learning Center Presentations

- Calcium and Cardiovascular Disease: The Latest Evidence Report*
- Blueberries and Health: Opportunities for Registered Dietitian Nutritionists, Epidemiologists, and Biochemists to Work Together.*

[Learn More](#)

Stop by the FNCE® Exhibitor Welcome Zone

Sunday, October 16: 7:30 a.m. 10:30 a.m. and 2:30 p.m. 5:30 p.m.

Several FNCE® exhibitors welcome you to sample products and receive company and product information before, during and after Expo Hall hours.

Location: Boston Convention & Exhibition Center: Level 1 Northeast Hallway

MEMBER UPDATE

Get Recognized for your Commitment to the Academy!

If you've been a member of the Academy for 25 or 50 years, or if you're a Fellow of the Academy of Nutrition and Dietetics (FAND), Diversity Leader or Diversity Liaison, be sure to stop by the membership booth to pick up your ribbon. Wear it proudly to be recognized for your commitment to the Academy of Nutrition and Dietetics, and the dietetics profession!

Nominations for 2017 National Election

The Nominating Committee is seeking nominations for the 2017 election. While at FNCE® take the opportunity to help shape the future of the Academy by nominating leaders with the skills and vision to further the profession. Nominations for President-elect, Speaker-elect and Treasurer-elect closed August 22, 2016. All other nominations are due by October 21, 2016. Please visit www.eatrightPRO.org/elections to view the positions available on the 2017 ballot and download the nominations form.

Member Product Marketplace

Monday, 9 a.m. 3 p.m.

Visit and support your colleagues at the Member Product Marketplace, a one-day showcase where Academy members have the opportunity to showcase their own products and services at FNCE®.

[Click here to view all groups in the Academy Pavilion.](#)

FNCE® BOOKSTORE EVENTS

Stop by the FNCE® Store to meet the authors of some of the Academy's newest publications. Learn more about the book straight from the author, and even get a signed copy. **Buy a copy of the featured book during a Meet the Author event and receive a free gift!**

Sunday, October 16:

*11 a.m. - 12 p.m.: Lorena Drago, MS, RD, CDE, author of **15-Minute Consultation: Tips, Tools, and Activities to Make Your Nutrition Counseling More Effective***

12 p.m. - 1 p.m.: Renee Hoffinger, MHSE, RD, author of *Hands-On Nutrition Education: Teaching Healthy Eating Skills Through Experiential Learning*

Monday, October 17:

10 a.m. - 11 a.m.: Meagan Moyer, MPH, RDN, author of *Bits & Bytes: A Guide to Digitally Tracking Your Food, Fitness, and Health*

11 a.m. - 12 p.m.: Vicki Shanta Retelny, RDN, author of *Total Body Diet for Dummies*

12 p.m. - 1 p.m.: Milton Stokes, PhD, MPH, RDN, FAND, co-author of *Launching Your Career in Nutrition and Dietetics, Second Edition*

1 p.m. - 2 p.m.: Jessica Setnick, MS, RD, CEDRD, author of *Pocket Guide to Eating Disorders, Second Edition*

See a Demonstration of the New eatrightPREP

Saturday, October 15 from 3 p.m. - 4 p.m.

Sunday, October 16 from 4 p.m. - 5 p.m.

Monday, October 17 from 2 p.m. - 3 p.m.

Editor-in-Chief Lauri Wright, PhD, RD, will provide a hands-on demonstration of this comprehensive and convenient new RDN Exam prep resource. **eatrightPREP** prepares the user for the RDN Exam by following a comprehensive study plan in state-of-the-art learning software that mimics the exam day experience.

FNCE® EXTRAS!

Feel the Burn at a Fitness Bootcamp Class

Monday, October 17 and Tuesday, October 18 from 7 a.m. - 7:30 a.m.

Participate in a 30-minute Fitness Bootcamp Class* for a challenging core workout using body weight, including mountain climbers, crunches and plenty of planks!

Location: Westin Boston Waterfront, Lewis Room, Harbor Wing, Conference Level *Each class limited to 50 participants.

For more information, visit the Premier Protein Exhibit Booth #3309.

Recharge and Unwind at the FNCE® Networking Lounge

Charge your mobile device while relaxing in the FNCE® Networking Lounge located in the Expo Hall.

Visit www.eatrightFNCE.org to plan your FNCE® experience!

A communication from Lucille Beseler follows below.

Best regards,
Joan

Joan Schwaba, MS, RDN, LDN

Director, Strategic Management

Academy of Nutrition and Dietetics

+++++

Good afternoon Academy Board Members. It was great to see you last week in Dallas. What an inspirational and exciting few days collaborating with internal and external stakeholders on our Second Century vision. Your ongoing input, expertise and networking has been invaluable to the process.

Realizing this vision will take significant support to fund both the process and innovative projects that are emerging. During our time together, I asked that you join me in making a gift to the Second Century Campaign. I hope you've had time to reflect on this ask and give it some important consideration. Thanks to all who have already accepted the Second Century fundraising challenge and made a gift or pledge to the campaign. We are off to a tremendous start!

I know I can count on all of you to help us reach one of our first and most important milestone -- 100% Academy Board participation. Our role as Board Members are to be role models for our colleagues. Give what you can, but give. A list of giving clubs and pledge card are attached. You can return this form to Susie Burns at sburns@eatright.org to make us aware of your commitment.

Thanks for all that you do to support and advance the great work of the profession, Academy and Foundation and your consideration of this important request.

<image001.jpg>Sincerely,

Lucille Beseler, MS, RDN, LDN, CDE, FAND

Subject: Nutrition Impact Summit - Appreciation

Hi Lucille,

I wanted to formally write up my appreciation for The Nutrition Impact Summit this past week in Dallas. I was thrilled with the process, orchestration, and outcome, and wanted to be sure to share my thoughts with you and the AND BOD. I'd love it (if appropriate) if you could share this letter with the BOD.

Thanks and it was so great to see you!

Chris

Good afternoon Academy Board Members. It was great to see you last week in Dallas. What an inspirational and exciting few days collaborating with internal and external stakeholders on our Second Century vision. Your ongoing input, expertise and networking has been invaluable to the process.

Realizing this vision will take significant support to fund both the process and innovative projects that are emerging. During our time together, I asked that you join me in making a gift to the Second Century Campaign. I hope you've had time to reflect on this ask and give it some important consideration. Thanks to all who have already accepted the Second Century fundraising challenge and made a gift or pledge to the campaign. We are off to a tremendous start!

I know I can count on all of you to help us reach one of our first and most important milestone -- 100% Academy Board participation. Our role as Board Members are to be role models for our colleagues. Give what you can, but give. A list of giving clubs and pledge card are attached. You can return this form to Susie Burns at sburns@eatright.org to make us aware of your commitment.

Thanks for all that you do to support and advance the great work of the profession, Academy and Foundation and your consideration of this important request.

ON THE PULSE OF PUBLIC POLICY

Malnutrition Awareness Week: Advocacy Day on Capitol Hill

Academy members and partner organizations in DefeatMalnutrition.Today visited with more than 70 key members of Congress to highlight the impact of malnutrition on health care. A Congressional briefing with special guest U.S. Rep. Don Beyer (Va.) began the day by addressing the importance of recognizing and treating malnutrition. Academy members have sent more than 7,800 letters to members of Congress asking them to encourage the Centers for Medicare and Medicaid Services to adopt four recently submitted malnutrition quality measures, of which the Academy acts as steward. Members are encouraged to tell Congress that Medicare recipients need to receive the quality care and nutrition interventions that improve health and reduce hospital readmissions.

Academy Supports Improved Survey for Older Americans

The Academy worked with member experts in the Healthy Aging and Dietitians in Health Care Communities dietetic practice group to offer suggested improvements to the Administration on Community Living's Evaluation of the Title III-C Nutrition Services Program. These valuable problems, funded through the Older Americans Act, offer food to the elderly and disabled through Meals on Wheels, congregate meal dining and other initiatives that promote independence in the home and reduce health care costs.

[Learn More](#)

Innovative Diabetes Research: Capitol Hill Briefing

Congress hosted a September 20 briefing on the latest cutting-edge diabetes research at the National Institutes of Health and the importance of sustained funding to focus on prevention and develop treatments to address diabetes. The Academy continues to support the work of the National Institute of Diabetes and Digestive and Kidney Diseases and numerous important diabetes initiatives including the Preventing Diabetes in Medicare Act (H.R. 1686). This bill now has 51 congressional co-sponsors because of Academy members' consistent advocacy.

TO: Foundation BOD

From: Patricia Babjak

Below is an email I forwarded on Friday, September 23 regarding the Congressional Briefing, Malnutrition Awareness Week, and Advocacy Day in Washington, D.C. on Monday, September 26. I am resending it because I know that you were in the midst of the Summit meeting and may have missed this important information. I am also including an update.

The Academy hosted the Congressional Briefing and had over 70 visits to the Hill on Malnutrition and the need for medical intervention. Since September 20, over 7000 letters have been forwarded to members of Congress to sign the letter to CMS encouraging adoption of the

measures. As Lucille mentioned in her email earlier today, if you haven't taken action, please click on this link <http://www.eatrightpro.org/action%20center> and send your letter today. I have included Lucille's email to members urging them to take action.

The Academy is working closely with Abbott and Avalere Health on the Malnutrition Quality Improvement Initiative (MQii), a partnership to raise awareness and improve the quality of malnutrition care in the U.S. and we are actively promoting this exciting initiative:

- Filming two videos with Academy President Lucille Beseler on October 6
- Highlighting the initiative during FNCE's Opening Session and Member Showcase and encouraging members to attend the FNCE session, *Leading Malnutrition Quality Improvement for Better Hospital and Patient Outcomes* - Sunday, Oct. 16, 8 a.m., Room 205 ABC
- Promoting the initiative (podcasts, releases, videos, infographics, website, etc.) in *Eat Right Weekly* every Wednesday
- Distributing a press release once the four clinical quality measures are approved by NQF and CMS

You will receive an update on this initiative and hear more details at the November Board meeting from Abbott and Avalere Health representatives. Please let me know if you have any questions or need additional information.

Best regards,

Pat

Subject: September 26 Congressional Briefing on Malnutrition to Highlight Need for Medical Intervention

Good morning,

The Academy in cooperation with DefeatMalnutrition.Today coalition, will hold a Congressional briefing September 26 on “The Growing Crisis of Malnutrition in Older Adults” in Washington, DC. At the briefing, the coalition will address the current state of health care delivery for adults with malnutrition in the United States; malnutrition’s effect on health care costs; and the interventions that could help reduce incidents of malnutrition and improve the quality of life for adult patients.

The Academy is also working closely with Abbott and Avalere Health on the Malnutrition Quality Improvement Initiative (MQii), a partnership to raise awareness and improve the quality of malnutrition care in the US. We will be sharing information with members at a FNCE session and in a video from Lucille.

Attached is a media advisory for the Congressional briefing and this Information will be shared with members in next week’s *Eat Right Weekly*. Please let me know if you have any questions.

Subject: September 26 Congressional Briefing on Malnutrition to Highlight Need for Medical Intervention

Good morning,

The Academy in cooperation with DefeatMalnutrition.Today coalition, will hold a Congressional briefing September 26 on “The Growing Crisis of Malnutrition in Older Adults” in Washington, DC. At the briefing, the coalition will address the current state of health care delivery for adults with malnutrition in the United States; malnutrition’s effect on health care costs; and the interventions that could help reduce incidents of malnutrition and improve the quality of life for adult patients.

The Academy is also working closely with Abbott and Avalere Health on the Malnutrition Quality Improvement Initiative (MQii), a partnership to raise awareness and improve the quality of malnutrition care in the US. We will be sharing information with members at a FNCE session and in a video from Lucille.

Attached is a media advisory for the Congressional briefing and this Information will be shared with members in next week’s *Eat Right Weekly*. Please let me know if you have any questions.

Best regards,

Pat

[Roll Over IRA Academy Foundation Fact Sheet.pdf](#)

Good afternoon fellow Foundation Board Members. It was great to see some of you in Dallas last week. I wanted to let you know that the following email is being sent to a segmented group of members and donors next week. This is one strategy in creating a more robust planned giving program. Please let me know if there is any additional information I can provide. Thanks.

Thank you for your continued support of the Academy; our Foundation's success has been directly attributable to your generosity! We greatly appreciate the tremendous impact you, as a donor, have made with The Academy of Nutrition and Dietetics Foundation and in our profession.

As we welcome the fall season and 2016 is in its home stretch, many of you may be planning your year-end gifts and have some decisions to make in terms of your IRA benefits. We have compiled a fact sheet on how to take advantage of the Charitable IRA Rollover for tax purposes (see attached). After 70 and a half years of age, individuals are required to start taking payments from their IRA accounts of up to \$100,000 per year. This could result in some large tax requirements,

however, to ease that burden, the U.S. Government put into the place the Charitable IRA Rollover provision which enables you to gift that payment to a charitable organization tax-free.

If you find yourself in this situation, please remember the Academy Foundation in your planning, a Charitable IRA Rollover gift can be made to one of the Foundation's many programs. The Academy Foundation encourages you to discuss this opportunity with your financial advisor to find out if you qualify for this benefit. If you have any questions about the Academy Foundation's planned giving program, please contact Susie Burns, by phone at (312) 899-4752 or by email at sburns@eatright.org.

Sincerely,

Jean Ragalie-Carr, RDN, LDN, FAND

Chair, Academy of Nutrition and Dietetics Foundation

Hi

I like your additions Donna. This is what I would like to add-

The most important but simple question -Why do you want to be President (treasurer) of the Academy?

Please describe how you have had to deal with a difficult person either in the workplace or as a volunteer?

Behavioral questions are good if the committee understands how to interpret the answers! :)

Thanks! Lucille

PS hard questions i doubt that i would of made the ballot...

Good morning Lucille and Donna,
Hope this finds both of you doing well.

I am attaching the almost final agenda for the DPG/MIG chair and chair elect luncheon to be held on 10/16 at FNCE since both of you have agreed to attend the lunch and do a short presentation. Tom Ryan is aware of your presentation and is working on talking points for you.

Since I have to turn in the final counts for the luncheon entrée this week, would you let me know if you plan to eat at the luncheon. If you are planning to have lunch with us, the entrée is turkey medallions with potatoes, iceberg wedge and for dessert strawberry shortcake. Please let me know if this meal is okay or if you have any special needs that I would need to order a different meal.

Thanks and looking forward to seeing you soon.

Here is a suggestion for your approval:

-
Action Alert: Let's Fight Malnutrition Today!

Ask Congress to fight malnutrition by signing onto a letter to the Centers for Medicare and Medicaid Services encouraging adoption of **the Academy's proposed malnutrition electronic**

clinical quality measures. Now is the time for Medicare recipients to have the quality care and nutrition interventions that can improve health and reduce hospital readmissions. **Take Action Today!**

Academy's First Quarterly Advocacy Day on Capitol Hill a Success!

Academy members and partner organizations visited with more than 70 key members of Congress to highlight the impact of malnutrition on health care. A Congressional briefing was held in conjunction with the event with special guest, Rep. Don Beyer (Va.) who addressed the importance of recognizing and treating malnutrition. During Hill visits, these 70 key members of Congress were asked to join Sen. Cory Booker (N.J.), Sen. Mark Kirk (Ill.), Rep. Rodney Davis (Ill.) and Rep. Michelle Lujan Grisham (N.M.) to encourage Centers for Medicare and Medicaid Services (CMS) to adopt four recently-submitted malnutrition quality measures.

Meetings were held with the health legislative staff for Representatives Rick Crawford (Ark.), Devin Nunes (Calif.), Diana DeGette (Colo.), Vern Buchanan (Fla.), Ander Crenshaw (Fla.), John Lewis (Ga.), Danny Davis (Ill.), John Shimkus (Ill.), Larry Bucshon (Ind.), Lynn Jenkins (Kan.), Brett Guthrie (Ky.), Jim McGovern (Mass.), Ann Wagner (Mo.), Gregg Harper (Mis.), George Holding (N.C.), Brad Ashford (Neb.), Leonard Lance (N.J.), Frank Pallone (N.J.), Chris Collins (N.Y.), Eliot Engel (N.Y.), Paul Tonko (N.Y.), Lee Zeldin (N.Y.), Marcia Fudge (Ohio), Robert Gibbs (Ohio), Bob Latta (Ohio), Brad Wenstrup (Ohio), Kurt Schrader (Ore.), Greg Walden (Ore.), Mike Kelly (Pa.), Joe Pitts (Pa.), Diane Black (Tenn.), Marsha Blackburn (Tenn.), Phil Roe (Tenn.), Joe Barton (Texas), Lloyd Doggett (Texas), Suzan DelBene (Wash.), Dave Reichert (Wash.) and David McKinley.

Academy members also met with health legislative staff for Senators Tom Cotton (Ark.), Senator Jeff Flake (Ariz.), Michael Bennet (Colo.), Cory Gardner (Colo.), Richard Blumenthal (Conn.), Bill Nelson (Fla.), Marco Rubio (Fla.), John Isakson (Ga.), David Perdue (Ga.), Joni Ernst (Iowa), Charles Grassley (Iowa), Michael Crapo (Idaho), Daniel Coats (Ind.), David Vitter (La.), Gary

Peters (Mich.), Amy Klobuchar (Minn.), Thad Cochran (Miss.), Thom Tillis (N.C.), John Hoeven (N.D.), Deb Fischer (Neb.), Kelly Ayotte (N.H.), Kirsten Gillibrand (N.Y.), Charles Schumer (N.Y.), Sherrod Brown (Ohio), Jim Inhofe (Okla.), Jeff Merkley (Ore.), Pat Toomey (Pa.), Tim Scott (S.C.), Mark Warner (Va.), Bernie Sanders (Vt.) and Joe Manchin (W.Va.).

Once we have additional information to share regarding the meeting successes and the names of the members of Congress who have agreed to sign onto the letter to CMS, we will let you know. If you have questions, please contact me.

To date, Academy members have sent more than 7,880 letters to members of Congress asking them to encourage CMS to adopt four recently-submitted malnutrition quality measures. Please keep up the great advocacy work!

The reports of the number of Academy members by state who have responded to the two action alerts will be posted in the Public Policy Panel COI later today. The detailed reports for the affiliate public policy coordinators will also be posted to the public policy coordinator community of interest. Here is a chart identifying the action alert totals as of today:

Action Alert Title	Academy Members Contacted	Members Participating	Percentage	Participation	Legislators
Let's Fight Malnutrition	2,557	3.5%	508	7,883	Treat and Reduce Obesity Act
	2,365	3.2%	517	8,123	

Action Alert Remains Open until October 31: Help Fight Malnutrition Today!

Affiliates will be continuing the advocacy efforts during October with visits to members of Congress in their home state. Here is how our public policy leaders and Academy members can assist:

1. Take the Action Alert and encourage **all** public policy panel members to do the same.
2. If you **did not** send the following eblast message to your affiliate, DPG or MIG members last week, please send the **approved message** to your members this week:

Subject: Action Alert: Let's Fight Malnutrition Today

Dear Colleague,

Registered dietitian nutritionists play a critical role in addressing malnutrition, let's be sure our policy makers hear our united voice! Please send your members of Congress email letters today telling them to support the Academy's proposed malnutrition electronic clinical quality measures. These measures would hold health care facilities accountable for screening patients for malnutrition, documenting the diagnosis of malnutrition, ensuring a nutrition assessment is completed, and finally, developing a nutrition care plan.

Now is the time for Medicare recipients to have the quality care and nutrition interventions that can improve health and reduce hospital readmissions – don't you agree?

Click here to take action. It takes only a few minutes!

It is urgent that your U.S. Senators and Representative hear from you. Please take action today.

Your RDN friend,

Insert your name and title

Insert your affiliate or DPG name

1. Please encourage all board, committee, colleagues and friends to also complete the action alert. Thank you for activating your membership.
2. Begin to schedule meeting with U. S. Senators and Representatives in their Congressional district offices to ask that they add their signature to the CMS letter. Please share your meeting schedule with me.
3. Join the webinar for policy leaders on Friday, September 30. See registration information below.
4. Submit reports and pictures following the Congressional meetings to me.

Malnutrition Advocacy Follow-up: Meet with Congress members in Congressional Districts

A webinar training session for Affiliate public policy coordinators and DPG/MIG policy and advocacy leaders will be held on **Friday September 30, 2016 from 2 – 3 p.m. (Eastern Time)** to prepare you and your affiliate members for these important Congressional in-district visits during the month of October. Can we count on your policy team to join in the momentum to fight malnutrition by meeting with your U.S. Congress members or their district/state staff in October?

Register for the September 30, 2016 training webinar today! All affiliate, DPG and MIG policy leaders should attend. *Please make sure at least one person from your DPG, MIG or affiliate participate.*

September 2016 Public Policy Open Forum Recording Available

The Public Policy Open Forum for September, *Come out Ahead--Help Decision Makers Understand How They Can Pay for Nutrition Care and RDNs* was recorded. The recording is available on the public policy communities of interest. All affiliate, DPG and MIG policy leaders should listen to the webinar.

Consumer Protection and Licensure Coffee Forum at FNCE[®]

We encourage all Consumer Protection Coordinators attending FNCE[®] or their public policy panel's designee from each affiliate to attend the Consumer Protection and Licensure Coffee Forum on Sunday October 16 from 8:30-9:30 a.m. in room 211 of the Boston Convention Center. Participants will engage with Academy member leaders and staff to talk about improving Academy communications and answer questions about hot topics surrounding licensure, reporting harm, telehealth, and enabling the ordering of therapeutic diets. Please reach out to Pepin Tuma or Mark Rifkin with questions about the forum and how to ensure your affiliate's needs are heard.

Food and Nutrition Policy Sessions at FNCE[®] 2016

Visit FNCE[®] Website for more information about the sessions. We look forward to seeing you in Boston!

All

During our call today, you asked for clarity on the Stipend motion. The following is the full motion;

To move the current stipend, retroactively, to \$30,000 based upon cost of living since the last increase in 2005 and that a study be conducted to determine actual costs of fulfilling duties of the President.

If anyone has any questions, please let me know.

Paul

Academy's First Quarterly Advocacy Day on Capitol Hill a Success!

Academy members and partner organizations visited with more than 70 key members of Congress to highlight the impact of malnutrition on health care. A Congressional briefing was held in conjunction with the event with special guest, Rep. Don Beyer (Va.) who addressed the importance of recognizing and treating malnutrition. During Hill visits, these 70 key members of Congress were asked to join Sen. Cory Booker (N.J.), Sen. Mark Kirk (Ill.), Rep. Rodney Davis (Ill.) and Rep. Michelle Lujan Grisham (N.M.) to encourage Centers for Medicare and Medicaid Services (CMS) to adopt four recently-submitted malnutrition quality measures.

Meetings were held with the health legislative staff for Representatives Rick Crawford (Ark.), Devin Nunes (Calif.), Diana DeGette (Colo.), Vern Buchanan (Fla.), Ander Crenshaw (Fla.), John Lewis (Ga.), Danny Davis (Ill.), John Shimkus (Ill.), Larry Bucshon (Ind.), Lynn Jenkins (Kan.), Brett Guthrie (Ky.), Jim McGovern (Mass.), Ann Wagner (Mo.), Gregg Harper (Mis.), George Holding (N.C.), Brad Ashford (Neb.), Leonard Lance (N.J.), Frank Pallone (N.J.), Chris Collins (N.Y.), Eliot Engel (N.Y.), Paul Tonko (N.Y.), Lee Zeldin (N.Y.), Marcia Fudge (Ohio), Robert Gibbs (Ohio), Bob Latta (Ohio), Brad Wenstrup (Ohio), Kurt Schrader (Ore.), Greg Walden (Ore.), Mike Kelly (Pa.), Joe Pitts (Pa.), Diane Black (Tenn.), Marsha Blackburn (Tenn.), Phil Roe (Tenn.), Joe Barton (Texas), Lloyd Doggett (Texas), Suzan DelBene (Wash.), Dave Reichert (Wash.) and David McKinley.

Academy members also met with health legislative staff for Senators Tom Cotton (Ark.), Senator Jeff Flake (Ariz.), Michael Bennet (Colo.), Cory Gardner (Colo.), Richard Blumenthal (Conn.), Bill Nelson (Fla.), Marco Rubio (Fla.), John Isakson (Ga.), David Perdue (Ga.), Joni Ernst (Iowa), Charles Grassley (Iowa), Michael Crapo (Idaho), Daniel Coats (Ind.), David Vitter (La.), Gary Peters (Mich.), Amy Klobuchar (Minn.), Thad Cochran (Miss.), Thom Tillis (N.C.), John Hoeven

(N.D.), Deb Fischer (Neb.), Kelly Ayotte (N.H.), Kirsten Gillibrand (N.Y.), Charles Schumer (N.Y.), Sherrod Brown (Ohio), Jim Inhofe (Okla.), Jeff Merkley (Ore.), Pat Toomey (Pa.), Tim Scott (S.C.), Mark Warner (Va.), Bernie Sanders (Vt.) and Joe Manchin (W.Va.).

Once we have additional information to share regarding the meeting successes and the names of the members of Congress who have agreed to sign onto the letter to CMS, we will let you know. If you have questions, please contact me.

To date, Academy members have sent more than 7,880 letters to members of Congress asking them to encourage CMS to adopt four recently-submitted malnutrition quality measures. Please keep up the great advocacy work!

The reports of the number of Academy members by state who have responded to the two action alerts will be posted in the Public Policy Panel COI later today. The detailed reports for the affiliate public policy coordinators will also be posted to the public policy coordinator community of interest. Here is a chart identifying the action alert totals as of today:

Action Alert Title	Academy Members Contacted	Members Participating	Percentage	Participation	Legislators
Let's Fight Malnutrition	2,557	3.5%	508	7,883	Treat and Reduce Obesity Act
Reduce Obesity Act	2,365	3.2%	517	8,123	

Action Alert Remains Open until October 31: Help Fight Malnutrition Today!

Affiliates will be continuing the advocacy efforts during October with visits to members of Congress in their home state. Here is how our public policy leaders and Academy members can assist:

1. Take the Action Alert and encourage **all** public policy panel members to do the same.

Subject: Nutrition Impact Summit Follow Up

The Nutrition Impact Summit was a resounding success! Thank you for your leadership, effort, time and guidance throughout the Summit planning process.

We will continue to look to you, as Board members, to help create a new strategic direction. We will also keep Academy members engaged and get their feedback on potential new initiatives that will strengthen the vision for the Second Century. Our interaction with members will continue during a town hall meeting at the Food & Nutrition Conference & Expo on Sunday, October 16, from

11:45am to 1:15pm in the Open Discussion Room 153 ABC in the Boston Convention Center. As you may know, some of the opportunity area teams are continuing their dialogue and others are planning to meet at FNCE and beyond. Soon you will receive a summary of Summit discussions, talking points on FNCE/Summit/Second Century and the next steps in our planning process.

We will use the momentum generated in Dallas to continue the good work and bring this energy to Boston and into 2017 FNCE as the celebration begins with our 100th anniversary.

Please let me know if you have any questions or need additional information.

Subject: LEAP/MRT Follow Up
Attachment: [image001.jpg](#)
[image004.png](#)
[October LEAP paper.pdf](#)

Recently I informed you that you may receive question related to LEAP/MRT. I promised you Talking Points to coincide with the uploading of the paper in the online *Journal*.

The Role of the RDN in the Diagnosis and Management of Food Allergies Practice Paper is now appearing online published in the October *Journal* ([click here](#)). The paper includes information regarding LEAP/MRT. We recognize that some Academy members are LEAP certified and provide nutrition counseling to individuals based on such testing. We hope these practitioners are using their nutrition expertise to help their clients plan a nutritionally adequate diet so as to avoid the risk for malnutrition and nutritional deficiencies. There is some controversy regarding LEAP/MRT certification and we want you to be prepared to address questions from members. The talking points follow.

- Members who use MRT must weigh the risks and benefits of this strategy, for which there are no evidence-based guidelines.
- Food allergies, food sensitivities, and food intolerances are an evolving area of practice. The recently published practice paper is clear in only addressing food allergies, which are the best defined and have the most evidence for practice.
- While there are many evidence-based methods for diagnosing food allergies, current evidence does not support use of the mediator release assay (MRT test) for diagnosing a food allergy, as noted in the recent Food Allergies practice paper.
- We encourage any dietetics practitioner working with clients with potential food allergies to utilize evidence-based practices as they implement the Nutrition Care Process. They should also stay abreast of the evolving body of evidence on this front to help interpret the science for their clients and patients.
- In June 2014, the Commission on Dietetic Registration (CDR) established a moratorium on awarding continuing professional education for LEAP/MRT activities. This decision was made in response to practitioner concerns regarding the scientific evidence base for this program.

Based on the practice paper, CDR made the decision to cease approving LEAP activities effective October 2016 ie, certification courses, sponsored independent learning for CPE credit, etc. CDR credentialed practitioners can obtain credit for completion of the LEAP certifications/activities started and/or completed before June 10, 2014.

Please let me know if you need additional information.

Best,
Pat

On Aug 3, 2016, at 8:45 AM, Donna Martin <dmartin@burke.k12.ga.us> wrote:

I have had several members contact me about the concern they had with members doing MRT/LEAP testing. These are my thoughts on the subject based on my conversations with them.

The issue of food allergies, food sensitivities, and food intolerances is an interesting and evolving area of practice for many of our members, as well as the public. Like other evidence-based professions, including physicians, nurses, and others, we have a responsibility to remain abreast of the research and help guide our members toward the use of the best possible practices in each of these areas. Abundant research and guidelines exist in the area of food allergy diagnosis and the upcoming paper sounds like it will provide evidence-based guidance for our members. Our job, as practitioners, is to interpret the science of food and nutrition for our clients and patients. If we do not support the use of science and the peer-reviewed evidence how are we different from those practicing with no clinical training or evidence?

Regardless of the effect it may have on the practice of a small percentage of our members, our responsibility as leaders is to the whole body and, as importantly, to the public. MRT/LEAP is not evidence-based because there are no peer-reviewed human studies that support its use for any of the mentioned conditions. There is no evidence that MRT has been clinically validated in any way for any condition. In fact, it is a patented test that is only available through one lab in the country. The lack of availability of other labs to perform this test and lack of data to prove its validity is a red flag.

On the other hand, there is evidence for the use of lab tests, such as serum IgE and skin prick tests (though these have known limitations, there is no mention of limitations of the MRT test on the website for the company that sells this test), for diagnosing food allergies in conjunction with other diagnostic methods. There is evidence for the use of an elimination diet with proven protocol and solid emerging clinical research, such as the FODMAP diet. These are the kinds of evidence-based approaches that our members should be directed to.

Patients and clients who have significant digestive distress, as those who seek LEAP/MRT practitioners likely do, may have serious disease conditions (Crohn's, colitis, or even cancer) that require medical intervention such as medication or even surgery. Treating these patients with this non-evidence based approach could delay them from receiving the care that they need, causing additional physical and financial hardship. Our goal should be to avoid harm. RDNs are not diagnosticians and we should be referring these patients to their physician, allergists, and gastroenterologists for appropriate evaluation and diagnosis. The role of the RDN should be to work as integral parts of the care team along with other healthcare professionals and to support these patients in getting accurate diagnosis, within our scope. We should then work within that diagnosis to identify and treat the nutrition problem (in accordance with our Nutrition Care Process), which is our area of expertise.

Cc: Bates Tracey <traceybatesrd@gmail.com>; President <President@eatright.org>; CEO <ceo@eatright.org>

Subject: Re: Member request - LEAP/MRT testing

Hello Leah,

Thank you for submitting your request that the issue of dietitians ordering and charging for LEAP/MRT testing be discussed by the House of Delegates.

The HOD relies on members such as you to bring professional issues for consideration through affiliate or DPG delegates, or directly to the Speaker of the HOD. Since decisions about issues to be addressed by the HOD are made by the House Leadership Team, I'm responding on behalf of all of the recipients of your email.

I understand your concern and am pleased to let you know that a new practice paper, "The Role of the RDN in the Diagnosis and Management of Food Allergies," scheduled to be published in the October *Journal of the Academy of Nutrition and Dietetics*, will address this issue.

Based on the scientific evidence, the paper will not recommend use of the mediator release assay (LEAP diet) for diagnosing a food allergy and will reinforce the fact that RDNs and NDTRs should utilize evidence-based practice according to the Academy's Code of Ethics. As with all of practice papers, this one will be widely promoted to members and guide them to appropriate practice.

While none of us wants to think our colleagues are practicing in anything but an ethical manner, any concern about an individual RDN or NDTR should be reported to the Academy's Ethics Committee at ethics@eatright.org.

You may also be interested in knowing that since 2014, the Commission on Dietetic Registration has a moratorium in place on providing CPEU for LEAP Certification.

Based on the actions noted above, I hope you will agree with me that this issue does not need to be discussed by the House of Delegates.

Thanks again for being an engaged member and for sharing your practice concern. Please address any future issues you feel need to be discussed by the HOD to the Speaker of the House at hod@eatright.org.

Best regards,

Linda

On Jul 29, 2016, at 9:12 AM, McGrath, Leah <lmcgrath@ingles-markets.com> wrote:

I respectfully request that the issue of dietitians ordering and charging for LEAP/MRT testing be discussed at HOD meeting.

1. This method of testing for food intolerances is not endorsed by the American Academy of Allergy and Immunology and several other national academies of allergy and immunology share those same views. <http://www.mm3admin.co.za/documents/docmanager/8e7be0a4-2b8d-453f-875e-cd1e5132b829/00015032.pdf> so when dietitians are recommending or ordering these types of tests it makes us look less legitimate.
2. These types of tests are often endorsed by alternative medicine practioners and groups like the Alliance for Natural Health and not board certified allergists/ physicians.
3. There have been very few peer-reviewed studies on this type of testing or its efficacy.
4. I do not believe most insurance plans cover this type of testing.
5. There are limited labs that perform this testing - possibly another "red flag" as to its legitimacy.

Paul:

You have asked whether the statement from Past President Crayton concerning officer stipends must or should be included in or attached to the minutes of the board meeting at which it was read.

With rare exception, no individual board member has the right to demand that any specific statement be included in the minutes.

Minutes are intended as a summary of actions at a meeting. They should not include verbatim statements of any participants, except for proposed resolutions. Debate and discussion can be summarized but should not be included on a word-for-word basis. Associations must encourage the free expression of opinions by board members. Capturing discussion discourages free expression, as board members fear that half-baked ideas or questions will be recorded for all time.

In addition, the minutes do not belong to any one board member, not even the secretary. No one board member has the right to enforce his or her demands on the rest of the board. The board's authority is collective, not vested in individual members.

The statement prepared by Past President Crayton is factually inaccurate and questions the ethics of AND staff and leaders. Publishing this statement would violate Past President Crayton's duty of loyalty to AND. Once the board makes a decision, every board member must support it, remain silent, or resign. Board members do not have the ability to criticize a decision of the board without violating the duty of loyalty.

The statement also contains statements that may be considered defamatory. AND should have no part in publishing a statement which may contain defamation. This is especially true when the maker and proposed publisher of the statement are insured by the same insurance policy that covers the staff and board members who may claim defamation. Insurance will not cover a claim brought by one insured against another.

Please let me know if you have any other questions.

Subject: Confidential request Client/Attorney eyes only

Paula,

We have a small issue with the Board that we don't want to become a big one. One of our board members has been outspoken about the stipend issue we addressed recently. The President, Past President and President Elect were declared to have a conflict and asked to leave the room before the discussion began. This did not sit well with the Past President. In addition, the discussion was held in executive session and was approved

After she was allowed back into the room, she read a statement and provided a written copy to be added to the meeting record. Essentially, the statement is about 1.5 pages long and addresses that the decision to increase the stipend especially in the current year, would be inappropriate and could be perceived as a "payback by the CEO" by the current President. There are other comments in her statement and I will forward it to you when I get back to the office.

In any event, in follow-up discussions, the Past President implied directly to me that she may disclose to the membership her displeasure with the decision and post her memo. She also implied there could be other actions she might take because she feels the board is targeting and

differentiating her on various elements including race. We also have been informed that she has a litigious past.

So, I will call you on Monday and provide to you the memo over the weekend. I am looking for your insight.

Let me know if you have time to discuss on Monday and what time might work.

Paul Mifsud

I will be happy to talk to you on Monday.

I will in Savannah, of all out-of-the -way places, but will have breaks between meetings. Please suggest a time.

Paula

Subject: Confidential request Client/Attorney eyes only

Paula,

We have a small issue with the Board that we don't want to become a big one. One of our board members has been outspoken about the stipend issue we addressed recently. The President, Past President and President Elect were declared to have a conflict and asked to leave the room before the discussion began. This did not sit well with the Past President. In addition, the discussion was held in executive session and was approved

After she was allowed back into the room, she read a statement and provided a written copy to be added to the meeting record. Essentially, the statement is about 1.5 pages long and addresses that the decision to increase the stipend especially in the current year, would be inappropriate and could be perceived as a "payback by the CEO" by the current President. There are other comments in her statement and I will forward it to you when I get back to the office.

In any event, in follow-up discussions, the Past President implied directly to me that she may disclose to the membership her displeasure with the decision and post her memo. She also implied there could be other actions she might take because she feels the board is targeting and differentiating her on various elements including race. We also have been informed that she has a litigious past.

So, I will call you on Monday and provide to you the memo over the weekend. I am looking for your insight.

Let me know if you have time to discuss on Monday and what time might work.

Paul Mifsud

Subject: 2017-2018 Academy Committee Appointment Process

Good morning,

I hope you are all doing well as the countdown to FNCE begins. While FNCE, the HOD meeting and ballot preparations are uppermost in your mind, I'm beginning to think ahead to the Committee Appointment process for 2017-2018. A major responsibility for Donna and Dianne, as President-elect and Speaker-elect, is to appoint members to serve on all of the Academy committees for the 2017-2018 program year. Penny, as Chair of the Nominating Committee, is invited to participate in the meeting to provide input on potential candidates for appointments. In the past we have hosted a 1 – 1 ½ day meeting in Chicago in March in conjunction with Committee Vice Chair Orientation, to work on the committee appointments. This year we need to come up with a new plan as the Committee Vice Chair Orientation will be shifting to a virtual event. I had originally hoped we might be able to hold the committee appointment meeting along with the March Board of Directors meeting to minimize your travel. However, now that the BOD meeting has been moved to February, we are unable to combine these events as the Academy elections will not yet be completed. So we need to come up with an alternate plan. Recognizing that your calendars will quickly fill up, I thought it would be wise to get something on our calendars sooner rather than later.

With those thoughts in mind, I'd like to propose that we convene one day the week of March 13. You could fly in to Chicago the evening before, meet all day and then head home early evening. Alternatively, you could fly in one morning, work all day, stay overnight, finish up the next morning and leave in the afternoon. Last year Lucille, Linda and Deanne came to the meeting prepared, worked efficiently and were able to complete the initial task (identifying members to ask to serve on all of the committees) in 1 day. So please let me know your availability the week of March 13 and your preferences on how to plan the trip. If a weekday meeting works for you, I'd recommend we do so as it will be more cost-effective for the Academy. However, I recognize you are all working women and may need to minimize your days away from work.

If possible, please let me know by **Tuesday, October 4** your scheduling preferences so we can all hold the time on our calendars. And if you have any questions, please let me know. I look forward to working with you on this important project.

Warm regards,

Marsha

Subject: UPDATE: Trisha Fuhrman Condolence Gesture
Attachment:

Spetember 27, 2016

Hello all:

To those of you who have asked, we will continue accepting pledged donations towards a condolence gift for Trisha Fuhrman through this Friday, September 30. Please email your pledged donation to Christine.

Donations will later be collected, **in cash only**, at the FNCE 2016 Nutrition Policy and Advocacy Center aka "The Booth", Saturday, October 15 through Sunday October 16. Christine will be available at the booth and responsible for collecting your donations on both days.

Thank you to those who have already pledged and we look forward to seeing everyone at FNCE.

Best,

Nancy Farrell, MS, RDN

September Chair Monthly Message

Monthly message from Academy Foundation Chair Jean Ragalie-Carr, RDN, LDN, FAND

Whats Your Legacy?

Have you ever thought about what your legacy will be? We all play so many roles over the course of our lifetime. What areas of your life are you most passionate about and want to make a lasting impact on? A number of Academy members have thought about this exact question and have chosen to make an impact on the profession they love by joining the Foundations I WILL Legacy Society.

I want to thank and recognize all of our I WILL Legacy Society Donors who will make an impact in our profession for years to come.

The I WILL Legacy Society is comprised of forward thinking members of the Academy who have chosen to make a planned gift to the Foundation through their will or estate planning. Some of us may be great planners and have already started our estate planning early in our careers, while others might be putting this process off for any number of reasons. As the Academy and Foundation chart a course for our next 100 years and envision a bolder, more global future through the Second Century Initiative, it is a great opportunity to take some time, reflect and plan a gift that will leave your legacy in an area you are passionate about, and the profession we love.

There are many different reasons why our members have joined the I WILL Legacy Society, some strongly believe in our mission, or trust our stewardship. Some have a personal connection to the Academy and Foundation leadership, or want to honor or memorialize a loved one, others have felt a direct impact from the Foundations work and want to give back. Most have a strong emotional connection to the profession that has given them so much, like Judy Dodd:

My decision to become a I WILL Legacy Society member was my way of saying "thank you" to the professional organization that shaped and molded my career and of assuring that others would have a chance for the same opportunities.

Judith L. Dodd, MS, RD, LDN

Planned gifts received through the I WILL Legacy Society are critical to the Foundations long term success and have sometimes been the most impactful, helping to endow a particular scholarship, supporting our growth in research and awards or providing support where needed the most. Here are a few Academy members who have made gifts through the Legacy Society and a significant impact on the Foundations work and our profession:

Jane E. Billyeald

The Foundation received a \$26,866.40 bequest from the estate of Jane E. Billyeald in 2013. Jane was an Academy member and worked as an RD at Indiana University after a stint in the U.S. Army. Her bequest to the Annual Fund supported ongoing efforts of the Foundation.

Ann Atherton Hertzler

The Foundation received a generous \$140,000 life insurance policy from Ann Hertzler in 2014. Ann was an Academy member and generous donor to the Foundation. Portions of this gift went to the Ann A. Hertzler Grant she established in the 1990s to support the Academys research agenda. Additionally, Anns first gift to the Foundation helped establish the Evidence Analysis Library.

Martha Snavely

The Foundation received a \$569,125.33 bequest from the estate of Martha Snavely in 2013. Martha was an Academy member and Foundation donor. A Fund was established in her name to the Foundations public education activities, making a significant impact on our Kids Eat Right program.

A planned gift and can be as simple as a sentence in your will to bequest the Foundation a donation, gifting stock, naming the Foundation as a beneficiary to a life insurance policy or more elaborate estate planning such as gift annuities and charitable remainder trusts that make payments to you through your lifetime. If you are interested in learning more about planned giving and becoming a member of the Foundations I WILL Legacy Society, please contact Susan Burns, Foundation Director at (312) 899-4752 or sburns@eatright.org.

Thank you to all our current and future I WILL Legacy Society Donors!

If a weekday meeting works for you, I'd recommend we do so as it will be more cost-effective for the Academy. However, I recognize you are all working women and may need to minimize your days away from work.

If possible, please let me know by **Tuesday, October 4** your scheduling preferences so we can all hold the time on our calendars. And if you have any questions, please let me know. I look forward to working with you on this important project.

Warm regards,

Marsha

Interesting that you say that, Linda and I were discussing the same idea last week. Personally, I think this idea is really worth exploring!

Thanks for bringing it up!

Food for thought?

What if the Academy forgoes a white paper and just endorses this NAS paper? <https://nas-sites.org/ge-crops/> Similar to other governmental and quasi governmental reports, like DGAs? Might be easier than doing a white paper.

CONFIDENTIAL

I am sharing with you the draft interview questions for the President-elect, Speaker-elect, and Treasure-elect positions. Although the goal is to ask behavioral based questions, this new version has moved away from that format and from providing examples of demonstrated leadership and competence. The Nominating Committee will be discussing and editing these questions this coming Wednesday afternoon. I apologize for the brief turnaround, but if you have time please provide me with your feedback and input, so that we can assist in ensuring Board leadership.

The Nutrition Impact Summit was a resounding success! Thank you for your leadership, effort, time and guidance throughout the Summit planning process.

We will continue to look to you, as Board members, to help create a new strategic direction. We will also keep Academy members engaged and get their feedback on potential new initiatives that will strengthen the vision for the Second Century. Our interaction with members will continue during a town hall meeting at the Food & Nutrition Conference & Expo on Sunday, October 16, from

11:45am to 1:15pm in the Open Discussion Room 153 ABC in the Boston Convention Center. As you may know, some of the opportunity area teams are continuing their dialogue and others are planning to meet at FNCE and beyond. Soon you will receive a summary of Summit discussions, talking points on FNCE/Summit/Second Century and the next steps in our planning process.

We will use the momentum generated in Dallas to continue the good work and bring this energy to Boston and into 2017 FNCE as the celebration begins with our 100th anniversary.

Please let me know if you have any questions or need additional information.

Best regards,

Pat

Hi, Donna: With the Summit ended (hoping it went well!), we're just circling back on drafting your remarks to the PN DPG in Boston.

We can draft suggested remarks based on your campaign materials and include information about the Summit and next steps, then send the text to you for review and edits. Will that work for you? Please let us know, and we'll send you the draft text in the next few days.

Thank you very much!

Tom and Doris, As of right now I will have 3 minutes on the panel of 5 speaking at the White House. I will be the only RDN or School Nutrition person on the panel.

I have attached a rough draft as a starting point for my presentation.

Hopefully you all can make it flow better. We can talk at the Summit or on the Monday after the summit to work on this. The press always seems to want sound bites they can use, so that is what I would like us to focus on if we can. I know I am not telling you anything new here!

In terms of my PN DPG presentation on what my goals as President-elect will be, I can give you some thoughts on that too! My goals will be to work on the outcomes of the Summit while helping to advance the Academy's strategic plan. I have a particular interest in member engagement and public policy that I would probably like to highlight a little. We will not be able to really know what to put in the presentation until after the summit, so that Monday should be perfect.

Thanks for your help!

Subject: Wisconsin Affiliate Meeting- Board of Directors Request Form

Hello Donna,

The Wisconsin Academy of Nutrition and Dietetics has formally submitted the attached request inviting you to the 2017 WAND Annual Conference "Leading Nutrition & Health into the Next Century." They have requested you to speak on either 2nd Century planning and Academy updates or school foodservice pearls of wisdom from your successful practice. They offered the dates of Thursday, April 6 or Friday, April 7, 2017, both of which appear open on the President's calendar. Please let me know which date you prefer and your topic of choice and I will be happy to respond to the affiliate on your behalf.

Thanks!

Hi. Donna is presenting at the White House on October 5. We need to send her 4 KER t-shirts, 2 medium and 2 small. Not sure if we still have inventory, but if not, need to order and ship to her asap. Can you make that happen?

Thanks!

Katie

Attachment: [2016 BOD FNCE ScheduleV6.pdf](#)

Attached for your review is a draft schedule highlighting FNCE activities which require and/or encourage Board attendance. The schedule is not intended to reflect all the sessions you attend. We recognize that most of you hold multiple DPG and MIG memberships and that you will be attending affiliate, DPG and MIG business meetings and receptions. Please let me know if an activity/session **requiring** Board representation is not reflected or if you have a conflict and are unable to attend an activity or session to which you were assigned. Since rooms and times may still change, a final copy of the schedule will be sent with your October meeting packet. Your meeting packet will also include the Honors script for those presenting Medallion awards to their Board Partners at the Honors Breakfast and your designated assignments from the Meetings Team for thanking our exhibitors.

Tickets for the Foundation Gala are purchased directly by you. To purchase a table or ticket, please contact Martha Ontiveros at Montiveros@eatright.org or by calling Martha at 1-800/877-1600, ext. 4773.

If you have any questions, please contact me.

Best regards,

Joan

Subject: September 26 Congressional Briefing on Malnutrition to Highlight Need for Medical Intervention

Attachment: [Malnutrition Media Advisory Congressional Briefing.pdf](#)

Good morning,

The Academy in cooperation with DefeatMalnutrition.Today coalition, will hold a Congressional briefing September 26 on “The Growing Crisis of Malnutrition in Older Adults” in Washington, DC. At the briefing, the coalition will address the current state of health care delivery for adults with malnutrition in the United States; malnutrition’s effect on health care costs; and the interventions that could help reduce incidents of malnutrition and improve the quality of life for adult patients.

The Academy is also working closely with Abbott and Avalere Health on the Malnutrition Quality Improvement Initiative (MQii), a partnership to raise awareness and improve the quality of malnutrition care in the US. We will be sharing information with members at a FNCE session and in a video from Lucille.

Attached is a media advisory for the Congressional briefing and this Information will be shared with members in next week's *Eat Right Weekly*. Please let me know if you have any questions.

Best regards,

Pat

Support the Foundation and earn CEUs

Innovation: Shaping the Future of Dietetics Symposium

Saturday, October 15 | 11 a.m. - 1 p.m.

Boston Convention and Expo Center, Room 252 AB

Food and health systems are embarking on profound changes now and into the future. Leading this change are commitments by the U.S. along with 193 countries who have signed onto the 2030 agenda for Sustainable Development, which is full of opportunities for food and nutrition professionals to make a difference. This dynamic symposium brings together a diverse set of experts to demonstrate high-tech innovations and scientific advances that will radically improve the way consumers access food and receive health services in the future.

Minding the Gap: A Role for Vitamin and Mineral Supplements?

Saturday, October 15 | 1:30 p.m. 3:30 p.m.

Boston Convention and Expo Center, Room 252 AB

Shed light on misunderstandings and controversies surrounding nutrient gaps and the role of vitamins, minerals and supplements. Review and examine past approaches to health and eating; the current nutrient status of Americans (NHANES); controversies surrounding the interpretation of nutrition science; and the 2015-2020 Dietary Guidelines and nutrient shortfalls.

CEU Credits:2

Registration Fee - \$10 donation

JOIN US FOR BREAKFAST AND EARN CEUs

Kids Eat Right Breakfast

Sunday, October 16 | 6:45 a.m. to 7:45 a.m.

Westin Boston Waterfront Hotel Commonwealth Ballroom B &C

Fuel Your Morning

This session will offer attendees an overview of the Dietary Guidelines for Healthy Children. Presenters will discuss known shortfall nutrients, options and suggestions to consume them, and how dairy products (high protein milk, specifically) can address these shortfall nutrients in a way that no other food categories can. Dr. Shakeel Rehman will highlight the specifics of dairy nutrition and how it applies to various child developmental stages, and also highlight the benefits of incorporating value-added dairy products into a child's breakfast regimen.

CEU Credits:1

Registration Fee - \$10 donation

Supported by Foundation Donor, Fairlife

Future of Food Breakfast

Monday, October 17 | 6:45 a.m. to 7:45 a.m.

Westin Boston Waterfront Hotel Commonwealth Ballroom B &C

Pulse Appeal: How To Go Beyond Hummus

Pulses, dry edible seeds of the legume family including dry peas, beans, lentils, and chickpeas, are highly nutritious, versatile, affordable, and sustainable foods. While pulses are essential ingredients in cuisines around the world, intake in the U.S. is low. This session explores how to incorporate pulses into nutrition counseling for cardiovascular disease, type 2 diabetes, weight management, and gluten-free diets while providing ideas for incorporating into dishes inspired by global cuisine.

CEU Credits:1

Registration Fee - \$10 donation

Supported by Foundation Donor, American Pulse Association

Future of Food Breakfast

Tuesday, October 17 | 6:45 a.m. to 7:45 a.m.

Westin Boston Waterfront Hotel Commonwealth Ballroom B & C

Florida Orange Juice: From Grove to Glass, While it Lasts

Picture a breakfast table, and you're likely to imagine a glass of orange juice. Now consider that today's kids may not find this glass as emblematic. Public misconceptions about the impacts of the sugar content of 100% orange juice clash against the latest evidence-based research asserting its dense nutrient profile. Beyond this, a "citrus greening" disease is destroying Florida's citrus groves, which have been cultivated by growers for generations. Attend this session to squeeze out the facts about the nutritional value of America's favorite juice and hear how growers are uniting to find a solution that keeps 100% orange juice at the table.

CEU Credits:1

Registration Fee - \$10 donation

Supported by Foundation Donor, Florida Department of Citrus

YOU'RE INVITED!

Attend the Foundation Gala!

6:30 p.m. 9:30 p.m., Westin Boston Waterfront Hotel Grand Ballroom

Don't miss *the* social event of FNCE®! The Foundation's Gala is your chance to socialize with industry professionals, enjoy an evening of fine food and entertainment, and support the profession, all at the same time. Semi-formal attire is acceptable.

Individual Tickets: \$220 (\$25 tax-deductible donation)

Table for 10 (non-profit rate): \$2,200 (\$250 tax-deductible donation)

Table for 10 (corporate rate): \$3,200 (\$1,250 tax-deductible donation)

How to Purchase Tickets:

Add the Gala to your existing FNCE registration [here](#) or contact foundation@eatright.org.

Donate to the Second Century Campaign!

#OurSecondCentury

Stop by the Foundation booth in the North Lobby of the Boston Convention Center; a \$20 donation gets you a Second Century tote bag, and any donation gets you a #OurSecondCentury donor ribbon. Take your picture at #OurSecondCentury selfie wall and show your social media followers you are a part of our Second Century! Your gift will support a bold new future where dietitians lead the charge in improving nutritional health worldwide. You can also add a donation for the Second

Century onto your purchase at the Academy Bookstore located in the North Lobby of the Boston Convention Center.

FOUNDATION BOOTH TIDBITS

Year after year, the Foundation silent auction is one of the most popular events of the show. Stop by the Foundation Booth and place a bid on more than 75 items including art, handbags and gift certificates donated by members, affiliates, DPGs MIGs and other organizations. All proceeds support the Academy Foundation Annual Fund.

The auction will feature a beautiful and nostalgic quilt made by former Ohio Academy President, Jane Korsberg, MS, RDN, LD, FAND. The quilt celebrates the Academys upcoming 100th anniversary and includes past National Nutrition Month and Live the Legacy t-shirts.

Future Education Model Accreditation Standards for Associate, Bachelor and Master Degree Programs

Having trouble viewing this e-mail? View it in your browser.

Greetings from ACEND,

The Accreditation Council for Education in Nutrition and Dietetics (ACEND®) is pleased to announce the release of the **DRAFT Future Education Model (FEM) Accreditation Standards for Associate, Bachelor and Master Degree Programs** for public comment. These standards are being developed to advance the profession and to ensure that nutrition and dietetics practitioners have the knowledge and competencies needed to protect the public. The development of these standards began in 2013 with a visioning process. Subsequent phases have included an environmental scan, development of a *Rationale Document* and multiple rounds of stakeholder input and data collection.

The draft standards, which include the expected competencies and performance indicators for each degree level (Associate, Baccalaureate and Master), and a webinar describing their development, are available on the ACEND website (www.eatright.org/acend). We value all stakeholder input and encourage you to provide comments on the draft standards until November 28, 2016 at: <https://www.surveymonkey.com/r/FEMComments>.

The **September Standards Update** provides additional information about the *Future Education Model Accreditation Standards* development process and addresses questions received during the past month. The September issue and all previous issues are posted on the ACEND website (www.eatright.org/acend).

ACEND hosts monthly virtual town hall meetings that are open to all stakeholders. Beginning October 4, the town hall meeting day and time will change to the first Tuesday of each month at 2:00 p.m. (Central Time). Information for connecting to the virtual town hall is posted on the ACEND standards committee webpage.

Please share this information with your constituents/colleagues. If you or they have questions, please send them to acend@eatright.org or call 312-899-4872, so we can respond to them. Future editions of the monthly update will include these questions and an ACEND response.

Thank you.

Sharon Schwartz, MS, RD, LDN
ACEND Chair

[image002.png](#)

Good morning-

I am reaching out to all of you as attendees of the BOD meeting and Nutrition Impact Summit due to an issue we have encountered. Just so you all are aware, the Wi-Fi connection used at the Board meeting was intended solely for your use as the connection was purchased as a package cost for a small group.

We did not intend for this connection information to be shared outside of the Board, but it has come to our attention that over 100 people were connecting to the system this morning. Considering the Summit does not require attendees to have a Wi-Fi connection and the Summit budget is unable to support a full Wi-Fi buy out, each of those 100 connections are charged at \$20/day.

At this point, the connection log in name and password has been fully disabled to avoid the unsupported expenditure. Mary Wolski and I are also working with the Omni to reverse the charges if at all possible.

We appreciate your understanding. If there are any questions or concerns, please feel free to reach out to me in the back of the room (AV Tech Table), by cell (312-543-6983), or email.

Enjoy day 2 of the Summit!

Diane

Attachment:

September 21, 2016

Dear LPPC Leaders:

All agenda items for this Friday's meeting have been uploaded to the LPPC Community of Interest which can be accessed [here](#). As a reminder, the information needed to access the meeting is detailed below:

Step 1: Log into the webinar via the personalized link provided [here](#).
The meeting password is: LPPC16

Step 2: Follow the audio prompts to use the "CALL ME" feature to have the Web-Ex system dial you in the audio portion of the meeting. This will sync your computer and the audio together accordingly. Do not dial into the meeting directly when connecting to Web-Ex unless you do not have a direct dial phone number (If you do not have a direct dial phone number, please select the option to dial-in from the drop-down menu – the number will be provided). By using the Call Me feature, the system will sync your web and audio connections together under your attendee name in Web-Ex.

Note: For those individuals unable to participate in the web portion of the meeting and/or do not have a direct dial phone number, you can dial in to the meeting as follows:

Dial In: 866-477-4564
Conference Code: 271-642-5619

As always, if you have any questions I am happy to assist!

Regards,
Christine A. Rhone
Office Administrator
Academy of Nutrition and Dietetics
1120 Connecticut Avenue NW

ON THE PULSE OF PUBLIC POLICY

Key House Committee Passes Diabetes Commission Legislation

The House Energy and Commerce committee unanimously passed the the National Clinical Care Commission Act (H.R. 1192) on Wednesday, September 21, and the bill now goes to the full House for consideration. The bill would create a commission to evaluate and recommend solutions to better coordinate and use federal programs to support care for people with diabetes and related metabolic syndromes. The Commission would include health care experts, including registered dietitian nutritionists, to offer practical insight on improving clinical care for people with diabetes. The Academy strongly supports passage of this important priority legislation.

[Learn More](#)

New Action Alert: Help Fight Malnutrition

Registered dietitian nutritionists play a critical role in addressing malnutrition. Quality care and nutrition interventions can improve health and reduce hospital readmissions. The Academy and its partners in the DefeatMalnutrition.Today coalition are asking members of Congress to encourage the Centers for Medicare and Medicaid Services to consider the Academy's recently submitted malnutrition electronic clinical quality measures. Make sure Congress hears members united voices through a new Action Alert.

September 21 Webinar: DAWN2 Study and Implications for Practice

The second phase of the Diabetes Attitudes, Wishes and Needs (DAWN2) research study will be released this week. Academy member Joanne Gallivan, MS, RDN, will be one of the presenters of the study's findings during a September 21 webinar. DAWN2's goal is to increase understanding of stakeholders' needs, and to foster dialogue about improving patient involvement, enhancing self-management practices and providing support. Presentation slides will be available after the webinar.

School Spirit: Bring Students to FNCE

The Food & Nutrition Conference & Expo helps instill beliefs, values, attitudes and behaviors in students that will prepare them for practice and lifelong learning. Educators: Give your students

the best possible start in dietetics and bring them to FNCE. The Academy will recognize four programs, one for each program type: Didactic Program in Dietetics, Dietetic Internship, Coordinated Program in Dietetics and Dietetic Technician Program. The four programs that bring the highest percentage of students to FNCE will receive special recognition with President Lucille Beseler, MS, RDN, LDN, CDE, FAND, and complimentary site access for up to three Center for Lifelong Learning webinars. Email your number of total enrollment, number of students attending FNCE and the percentage this represents by September 26 to education@eatright.org

You've Chosen Your Career, Now Choose to Shine

Launching Your Career in Nutrition and Dietetics: How to Thrive in the Classroom, the Internship and Your First Job (2nd ed.) will walk you through every step in becoming the best and most effective registered dietitian nutritionist you can be, including: how to navigate coursework and internship applications, tips for passing the RDN exam, strategies for landing your first job and more. Available in both print and eBook formats.

15-Minute Consultation: Tips, Tools and Activities to Make Your Nutrition Counseling More Effective

This useful handbook shows the registered dietitian nutritionist how to quickly and effectively counsel clients with information that will stick. Available now as an eBook download.

3472. NDEP ballot - Call for nominations for Regional Directors, Preceptor Director and Vice-Chair!

From: ndep@eatright.org
To: DMartin@Burke.k12.ga.us
Sent Date: Sep 21, 2016 11:28:07
Subject: NDEP ballot - Call for nominations for Regional Directors, Preceptor Director and Vice-Chair!
Attachment:

Dear Educators and Preceptors:

We are in need of candidates who are willing to serve NDEP as

1. Regional Director for the Northeast Region
2. Regional Director for the Northcentral Region
3. Preceptor Director
4. Vice Chair

- Northeast Region: Maine, New Hampshire, Vermont, New York, New Jersey, Delaware, Connecticut, Rhode Island, Massachusetts
- Northcentral Region: Wisconsin, Michigan, Indiana, Ohio, West Virginia, Kentucky, Tennessee

For the Regional Directors and Preceptor Director, the commitment will be a two-year term commencing June 1, 2017 and ending May 31, 2019. For the Vice Chair, the commitment will be a three year term (Vice Chair, Chair, and Past Chair) ending May 31, 2020.

If you are interested, please send a CV/Vita along with a cover letter stating the position you are interested in and why to ndep@eatright.org by **Friday, October 1st**. **Feel free to contact me with any questions you may have:** escottstumps@ecu.edu.

Sylvia Escott-Stump
NDEP Past Chair 2016-2017

POSITION DESCRIPTIONS:

Regional Director

The Regional Directors will serve and represent the NDEP members in their region by supporting members' continuing education needs and representing educators' and preceptors' perspectives and issues relating to education practice and policy in nutrition and dietetics. There will be one

Regional director for each of the six areas (two for each region: West, Central and East.)

Responsibilities:

- Participate in monthly NDEP Council teleconference calls as a voting member
- Plan the spring meeting with their region with assistance from the Academy's Meeting Services department. During the first year the new regional director serves as co-chair and is mentored by the other regional director with a year's experience. During the second year, serve as meeting chair.
- After the spring meeting collect and analyze evaluations, submit report to chair by June 1.
- Serve on the nominating committee to identify future NDEP leaders.
- Communicate with NDEP regional members as needed.
- Coordinate Outstanding Dietetic Educator (ODEA) awards for their region. Help Preceptor Director in selecting Outstanding Preceptor award recipient from their area.

Rewards:

- Paid registration to FNCE for two years
- One night's shared lodging for FNCE (room with another NDEP Council member or pay the other half if you want a private room)
- One day's subsistence (food) at FNCE
- Registration waived for spring regional meeting
- Paid hotel room for spring regional meeting
- Travel reimbursement for spring regional meeting.
- This position is a stepping stone for those who want to serve NDEP as vice-chair (3-yr term including vice-chair and past-chair years) or delegate.
- Networking and many new friends and colleagues.

Qualifications and Time-Commitment:

- NDEP member
- RDN or DTR
- Educator or preceptor in an accredited program (need not be a program director)
- Spring meeting time commitment includes preparation time and two to three days on-site coordination with the other regional director
- FNCE time commitment: arrive on Friday and attend NDEP Council meeting on Saturday and the member breakfast
- Regional Directors may be asked to help with other NDEP-sponsored events at FNCE.

PRECEPTOR DIRECTOR

Participate in monthly NDEP Council teleconference calls as a voting member. The Preceptor Director will serve and represent the NDEP members in their region by supporting members' continuing education needs and representing preceptors' perspectives and issues relating to education practice and policy.

Responsibilities:

- Participate in monthly NDEP Council teleconference calls as a voting member
- Communicate with NDEP preceptor members as needed; prepare preceptor issue updates when requested by the Chairs, the Academy BOD or the HOD
- Coordinate Outstanding Preceptor awards.

Rewards:

- Paid registration to FNCE for two years
- One night's shared lodging for FNCE (room with another NDEP Council member or pay the other half for a private room)
- One day's subsistence (food) at FNCE
- Networking and many new friends and colleagues.

Qualifications and Time-Commitment:

- NDEP member
- RDN or DTR
- Preceptor in an accredited program
- Executes the Outstanding Preceptor Awards and identifies winners for each region with committee
- FNCE time commitment: arrive on Friday, attend NDEP Council meeting on Saturday, and the member breakfast
- Preceptor Director may be asked to help with other NDEP-sponsored events at FNCE.

VICE CHAIR

The Vice-Chair will serve and represent NDEP members. The Vice-Chair works closely with the Chair in learning the role and responsibilities of the office. The position of NDEP Vice-Chair requires a time commitment of approximately 10-15 days each year for meetings and travel. Additional time is required for conference calls, correspondence, planning, writing reports, etc. Depending on NDEP's program of work, this time commitment may be greater.

Term of Office: The Vice-Chair must be an active member of the Academy and a member of NDEP. The Vice-Chair is typically appointed after having served as an elected member of the NDEP executive team or as an appointed committee member. The Vice-Chair will be elected by NDEP members and complete a three (3) year term. They will serve the first year in their role as Vice-Chair of the NDEP Council. At the end of the term, the Vice-Chair becomes chair and serves a one-year term. At the end of the term as chair, the chair becomes the past-chair and continues on the NDEP leadership team for a one-year term, completing the three years of service.

Responsibilities:

- Participates monthly NDEP Council teleconference calls and serve as a voting member; leads the call in absence of the Chair
- Collaborates with NDEP chair and ACEND staff in planning program of work and budget for the term as chair
- Appoints chairs and members of all standing committees to serve during the vice-chair's term as Chair
- Plans, organizes and coordinates educational programs sponsored by NDEP that will occur at FNCE during his/her year as chair
- Plans and coordinates NDEP student internship fair at FNCE
- Attends at least one NDEP regional meeting to represent NDEP leadership (chair)
- Attends FNCE in the fall (e.g., Saturday Board meeting, Sunday intern reception, Monday member meeting)
- Performs functions of chair in chair's absence or inability to perform functions as determined by the NDEP Council
- Three year term (first year as vice chair; second as chair and third as past chair).

Rewards:

- Paid registration to FNCE for three years
- Paid SHARED lodging at FNCE during vice-chair and chair year; one night's shared lodging during year as past chair
- Paid subsistence (food) at FNCE during vice-chair and chair year; one day's subsistence during year as past chair
- Paid travel to FNCE during years as Vice-Chair and Chair
- Registration waived for spring regional meeting during vice-chair and chair year (when representing NDEP leadership)
- Paid hotel room for spring regional meeting (when representing NDEP leadership at that meeting)
- Travel reimbursement for spring regional meeting (when representing NDEP leadership at that meeting)
- Networking and many new friends and colleagues.
- This position may be a stepping stone for those who want to serve in a national office. Past chair represents NDEP on the Council on Future Practice.

Qualifications and Time Commitment:

- RDN or DTR
- NDEP Member
- Having served in NDEP in some capacity
- Educator or preceptor in an accredited program (do not have to be a program director)
- Spring meeting time commitment includes preparation time; two to three days for the spring meeting
- FNCE time commitment: arrive on Friday; attend the Board meeting and member meeting; Vice Chair also plans and runs the Student Internship Fair

- The Vice-Chair may be asked to help with other NDEP-sponsored events at FNCE.

Attachment:

September 21, 2016

Dear Public Policy Leaders,

Diabetes Commission Bill Passes Another Hurdle En Route to Passage

Thanks to the support of the Academy and our partners in the Diabetes Advocacy Alliance, today the full Energy and Commerce Committee unanimously passed H.R. 1192, the National Clinical Care Commission Act. It is critical that the momentum continue on this bill so that it is signed into law before the end of the year. This bill would give registered dietitian nutritionists a seat at the table to ensure that federal programs provide the most efficient and effective care for people with diabetes and related diseases. Please share this information with your affiliate, DPG and MIG members, and stay tuned for an opportunity to reach out to your Members of Congress in support of this important bill.

Sincerely,

Stefanie Winston Rinehart

Greetings from ACEND,

The Accreditation Council for Education in Nutrition and Dietetics (ACEND[®]) is pleased to announce the release of the **DRAFT Future Education Model (FEM) Accreditation Standards for Associate, Bachelor and Master Degree Programs** for public comment. These standards are being developed to advance the profession and to ensure that nutrition and dietetics practitioners have the knowledge and competencies needed to protect the public. The development of these standards began in 2013 with a visioning process. Subsequent phases have included an environmental scan, development of a *Rationale Document* and multiple rounds of

stakeholder input and data collection.

The draft standards, which include the expected competencies and performance indicators for each degree level (Associate, Baccalaureate and Master), and a webinar describing their development, are available on the ACEND website (www.eatright.org/acend). We value all stakeholder input and encourage you to provide comments on the draft standards until November 28, 2016 at: <https://www.surveymonkey.com/r/FEMComments>.

The **September Standards Update** provides additional information about the *Future Education Model Accreditation Standards* development process and addresses questions received during the past month. The September issue and all previous issues are posted on the ACEND website (www.eatright.org/acend).

ACEND hosts monthly virtual town hall meetings that are open to all stakeholders. Beginning October 4, the town hall meeting day and time will change to the first Tuesday of each month at 2:00 p.m. (Central Time). Information for connecting to the virtual town hall is posted on the ACEND standards committee webpage.

Please share this information with your constituents/colleagues. If you or they have questions, please send them to acend@eatright.org or call 312-899-4872, so we can respond to them. Future editions of the monthly update will include these questions and an ACEND response.

Thank you.

Sharon Schwartz, MS, RD, LDN
ACEND Chair

10. Dates to Remember

NEW Action Alert Open! Help Fight Malnutrition!

The Academy and its partners with the DefeatMalnutrition.Today coalition are asking members of Congress to encourage the Centers for Medicare and Medicaid Services (CMS) to consider the Academy's recently submitted malnutrition electronic clinical quality measures. An all Academy member action alert eblast message is being sent out today.

Here is what you can do:

1. Take the **Action Alert** and encourage **all affiliate, DPG and MIG** public policy leaders to do the same.
2. Send an eblast message to your affiliate, DPG or MIG members on Wednesday, September 21 asking them to send letters to their Senators and Representatives and post the message to your electronic mailing list. The follow **approved message** should be used:

Dear Colleague,

Registered dietitian nutritionists play a critical role in addressing malnutrition, let's be sure our policy makers hear our united voice! Please send your members of Congress email letters today telling them to support the Academy's proposed malnutrition electronic clinical quality measures. These measures would hold health care facilities accountable for screening patients for malnutrition, documenting the diagnosis of malnutrition, ensuring a nutrition assessment is completed, and finally, developing a nutrition care plan.

Now is the time for Medicare recipients to have the quality care and nutrition interventions that can improve health and reduce hospital readmissions – don't you agree?

Click hereto take action. It takes only a few minutes! It is urgent that your U.S. Senators and Representative hear from you. Please take action today.

Your RDN friend,

Insert your name and title

Insert your affiliate or DPG name

1. Please encourage all board, committee, colleagues and friends to also complete the action alert. Thank you for activating your membership. The action alert reports will be posted to the community of interest for the public policy leaders on Monday September 26.
2. Plan to meet with U. S. Senators and Representatives in their Congressional district offices to ask that they add their signature to the CMS letter. A training session for public policy coordinators and DPG/MIG policy and advocacy leaders will be held on **Friday September 30, 2016 from 2 – 3 p.m. (Eastern Time)** to prepare you and your affiliate members for these visits. **Register for the September 30, 2016 training webinar today!** All affiliate, DPG and MIG policy leaders should attend. *Please make sure at least one person from your DPG, MIG or affiliate participate.*

September 2016 Public Policy Open Forum – Join the Forum Today!

The Public Policy Open Forum for September, *Come out Ahead--Help Decision Makers Understand How They Can Pay for Nutrition Care and RDNs* will be held today **September 20, 2016 from 2 – 3 p.m. (Eastern Time)**. **Register for the forum** today! All affiliate, DPG and MIG policy leaders should attend (*please make sure at least one person from your DPG, MIG or affiliate participate*).

Strategic Measures Report Reminder – Due Friday, September 23, 2016

Surveys designed to collect information regarding the implementation of the Academy's strategic measures for public policy for the time period of June 1, 2015 through May 31, 2016 were sent to the affiliate, DPG and MIG policy leaders last week. The Affiliate PPC or the DPG/MIG PAL is responsible for completing the survey. If you need assistance or have questions, please let **me** know.

Senate Finish Line in Sight

Senate leaders are continuing to build consensus in support of Child Nutrition Reauthorization (CNR). We ask that you continue to be ready to respond to any targeted outreach we may ask of your affiliate in the next few days. The Academy has sent targeted letters of support from our President, Lucille Beseler, MS, RDN, LDN, CDE, FAND. We will know more soon and we are extremely grateful for your advocacy efforts thus far on this important bill!

Advocacy Groups Applaud Senators on Diabetes Prevention Efforts

On September 16, the Diabetes Advocacy Alliance sent a letter of support for S. 3082, the Preventing Diabetes in Medicare Act. The letter, which was sent to original bill sponsors Senators Peters (Mich.), Capito (W.Va.) and Kirk (Ill.), stressed the importance of allowing Medicare

coverage of medical nutrition therapy for prediabetes. The Academy is a member of the Diabetes Advocacy Alliance and led efforts in drafting and circulating the letter.

Consumer Protection and Licensure Coffee Forum at FNCE[®]

We encourage all Consumer Protection Coordinators attending FNCE[®] or their public policy panel's designee from each affiliate to attend the Consumer Protection and Licensure Coffee Forum on Sunday October 16 from 8:30-9:30 a.m. in room 211 of the Boston Convention Center. Participants will engage with Academy member leaders and staff to talk about improving Academy communications and answer questions about hot topics surrounding licensure, reporting harm, telehealth, and enabling the ordering of therapeutic diets. Please reach out to Pepin Tuma or Mark Rifkin with questions about the forum and how to ensure your affiliate's needs are heard.

Food and Nutrition Policy Sessions at FNCE[®] 2016

Visit FNCE[®] Website for more information about the sessions. We look forward to seeing you in Boston!

NEW Action Alert Open! Help Fight Malnutrition!

The Academy and its partners with the DefeatMalnutrition.Today coalition are asking members of Congress to encourage the Centers for Medicare and Medicaid Services (CMS) to consider the Academy's recently submitted malnutrition electronic clinical quality measures. An all Academy member action alert eblast message is being sent out today.

Here is what you can do:

1. Take the **Action Alert** and encourage **all affiliate, DPG and MIG** public policy leaders to do the same.
2. Send an eblast message to your affiliate, DPG or MIG members on Wednesday, September 21 asking them to send letters to their Senators and Representatives and post the message to your electronic mailing list. The follow **approved message** should be used:

Dear Colleague,

Registered dietitian nutritionists play a critical role in addressing malnutrition, let's be sure our policy makers hear our united voice! Please send your members of Congress email letters today telling them to support the Academy's proposed malnutrition electronic clinical quality measures. These measures would hold health care facilities accountable for screening patients for malnutrition, documenting the diagnosis of malnutrition, ensuring a nutrition assessment is completed, and finally, developing a nutrition care plan.

Now is the time for Medicare recipients to have the quality care and nutrition interventions that can improve health and reduce hospital readmissions – don't you agree?

Click here to take action. It takes only a few minutes! It is urgent that your U.S. Senators and Representative hear from you. Please take action today.

Your RDN friend,

Insert your name and title

Insert your affiliate or DPG name

1. Please encourage all board, committee, colleagues and friends to also complete the action alert. Thank you for activating your membership. The action alert reports will be posted to the community of interest for the public policy leaders on Monday September 26.
2. Plan to meet with U. S. Senators and Representatives in their Congressional district offices to ask that they add their signature to the CMS letter. A training session for public policy coordinators and DPG/MIG policy and advocacy leaders will be held on **Friday September 30, 2016 from 2 – 3 p.m. (Eastern Time)** to prepare you and your affiliate members for these visits. **Register for the September 30, 2016 training webinar today!** All affiliate, DPG and MIG policy leaders should attend. *Please make sure at least one person from your DPG, MIG or affiliate participate.*

September 2016 Public Policy Open Forum – Join the Forum Today!

The Public Policy Open Forum for September, *Come out Ahead--Help Decision Makers Understand How They Can Pay for Nutrition Care and RDNs* will be held today **September 20, 2016 from 2 – 3 p.m. (Eastern Time)**. **Register for the forum** today! All affiliate, DPG and MIG policy leaders should attend (*please make sure at least one person from your DPG, MIG or affiliate participate*).

Action Alert: Lets Fight Malnutrition

It is well-known that up to 60 percent of hospitalized older adults may be malnourished, with an estimated price tag of \$51.3 billion. It is no surprise to you that a 300 percent increase in health care costs can be attributed to poor nutrition status.

I hope you agree: Now is the time for Medicare recipients to have the quality care and nutrition interventions that can improve health and reduce hospital readmissions.

Ask your member of Congress to fight malnutrition by signing onto a letter to the Centers for Medicare and Medicaid Services encouraging CMS to adopt the Academys proposed malnutrition electronic clinical quality measures.

TAKE ACTION TODAY!

These measures would hold health care facilities accountable for screening patients for malnutrition, documenting the diagnosis of malnutrition, ensuring a nutrition assessment is completed and developing a nutrition care plan.

Registered dietitian nutritionists play a critical and leading role in addressing malnutrition. Make sure policy makers hear our united voice.

Make a contribution to ANDPAC. Help the Academy support decision makers who understand the importance of treating malnutrition, as well as to reduce Medicare costs. Because of relationships built through the Academy of Nutrition and Dietetics Political Action Committee, the Academy actively voices our concerns about decreasing health care costs.

Lucile Beseler, MS, RDN, LDN, CDE, FAND
President, 2016-2017

The Academy of Nutrition and Dietetics Political Action Committee is a separate segregated fund of the Academy of Nutrition and Dietetics used to support candidates and elected officials. Academy members are not required to contribute to ANDPAC and there is no reprisal for not contributing. Amounts recommended for contribution in Academy publications are merely suggestions and there is no minimum contribution level.

3481. ACEND Standards Update

From: ndep@eatright.org
To: DMartin@Burke.k12.ga.us
Sent Date: Sep 20, 2016 11:54:19
Subject: ACEND Standards Update
Attachment:

Dear NDEP Members,

The Accreditation Council for Education in Nutrition and Dietetics (ACEND[®]) is pleased to announce the release of the **DRAFT Future Education Model (FEM) Accreditation Standards for Associate, Bachelor and Master Degree Programs** for public comment. These standards are being developed to advance the profession and to ensure that nutrition and dietetics practitioners have the knowledge and competencies needed to protect the public. The development of these standards began in 2013 with a visioning process. Subsequent phases have included an environmental scan, development of a *Rationale Document* and multiple rounds of stakeholder input and data collection.

The draft standards, which include the expected competencies and performance indicators for each degree level (Associate, Baccalaureate and Master), and a webinar describing their development, are available on the ACEND website (www.eatright.org/acend). We value all stakeholder input and encourage you to provide comments on the draft standards until November 28, 2016 at: <https://www.surveymonkey.com/r/FEMComments>.

The **September Standards Update** provides additional information about the *Future Education Model Accreditation Standards* development process and addresses questions received during the past month. The September issue and all previous issues are posted on the ACEND website (www.eatright.org/acend).

ACEND hosts monthly virtual town hall meetings that are open to all stakeholders. Beginning October 4, the town hall meeting day and time will change to the first Tuesday of each month at 2:00 p.m. (Central Time). Information for connecting to the virtual town hall is posted on the ACEND standards committee webpage.

Please share this information with your constituents/colleagues. If you or they have questions, please send them to acend@eatright.org or call 312-899-4872, so we can respond to them. Future editions of the monthly update will include these questions and an ACEND response.

Thank you.

Sharon Schwartz, MS, RD, LDN
ACEND Chair

Subject: Donna Martin speaking at Let's Move! Celebratory Event

I have some exciting news to share with you. As you know, Donna Martin has developed a truly special relationship with Michelle Obama and the entire White House *Let's Move!* team, thanks to her innovative work with school nutrition in Burke County, Ga.

In recognition of all her contributions to improving the health of schoolchildren, Donna has now been invited to attend and speak at the *Let's Move!* capstone event on October 5. She will be the only registered dietitian nutritionist and the only school nutrition professional to speak at this special event, followed by helping harvest the White House Kitchen Garden the next day.

This is a wonderful testament not only to Donna's abilities and commitment, but to the credibility and increasing visibility of RDNs and the entire profession. Please join me in congratulating Donna!

Best regards,

Pat

Joan. Thanks for the offer. I have already made reservations for the 9 of us at "the Ranch" for 8:30. I sent them an invite over the weekend and after getting confirmations I made reservations.

Guest list is:

Jessica Donze Black Pew

Kevin Concannon USDA

Angie Tagtow USDA

Brett Matthews Kate Farms

Jannelle Gunn CDC

Wesley Delbridge -media spokesperson

Kelly Miterko -White House

Mary Pat Raimondi

All of these people were my assignments. I only had one say no and that was Gus Schumacher from wholesome wave. Jessica Donze Black is the only one who was not assigned to me, but she is buddies with all of the others. See you soon!

 Chicago, Illinois 60606-6995

+++++

Dear Academy Board of Directors,

An Action Alert is planned to support our efforts of the Malnutrition Quality Improvement Initiative. As you recall from the Board presentations and updates, the Academy is serving as the steward for four new malnutrition electronic clinical quality measures. The measures were submitted to CMS for consideration and to the National Quality Forum for endorsement.

Please be sure to personally take action on this issue starting tomorrow – we are hoping for 100% board participation. I realize that everyone is traveling to Dallas tomorrow, but hope you can find a few minutes to take action. The letters will help support the more than 60 Hill visits we have planned for the Malnutrition Advocacy Day on September 26, 2016.

An all member email will be sent on Tuesday, September 20 by President Lucille Beseler which will include the link to take action. The text is included at the end of the email for your review.

Thank you for championing our policy initiatives – let me know if you have questions or need assistance with the Action Alert.

Best Regards,

Jeanne Blankenship, MS RDN

Vice President, Policy Initiatives and Advocacy

Action Alert: Let's Fight Malnutrition

Text:

It is well-known that up to 60 percent of hospitalized older adults may be malnourished, with an estimated price tag of \$51.3 billion. It is no surprise to you that a 300 percent increase in health care costs can be attributed to poor nutrition status.

I hope you agree: Now is the time for Medicare recipients to have the quality care and nutrition interventions that can improve health and reduce hospital readmissions.

Ask your member of Congress to fight malnutrition by signing onto a letter to the Centers for Medicare and Medicaid Services encouraging CMS to adopt the Academy's proposed malnutrition electronic clinical quality measures.

Take Action tab.

These measures would hold health care facilities accountable for screening patients for malnutrition, documenting the diagnosis of malnutrition, ensuring a nutrition assessment is completed and developing a nutrition care plan.

Registered dietitian nutritionists play a critical and leading role in addressing malnutrition. Make sure policy makers hear our united voice.

Lucille Beseler, MS RDN, LDN, CDE, FAND

President, 2016-2017

Hello Donna,

Please find below some options that are not far from the Omni Mandalay Hotel. Each appear to have availability for Wednesday night.

Cool Rivers (2.2 miles from hotel, 7min cab)

<http://www.opentable.com/cool-river-cafe-dallas?p=8&sd=2016-09-22%2019%3A00#>

Pappas Bros. Steakhouse (3.2 miles from hotel, 8min cab)

<http://www.opentable.com/pappas-bros-steakhouse-dallas?covers=8&dateTime=2016-09-21%2020%3A00#>

LAW- Four Seasons (1.7 miles, 8 min cab)

<http://www.opentable.com/law-at-four-seasons-dallas>

Cheers,

Dante

Attachment: [Affil Spkr Request Form-2;2017r.doc](#)

Hello Donna,

The Wisconsin Academy of Nutrition and Dietetics has formally submitted the attached request inviting you to the 2017 WAND Annual Conference "Leading Nutrition & Health into the Next Century." They have requested you to speak on either 2nd Century planning and Academy updates or school foodservice pearls of wisdom from your successful practice. They offered the dates of Thursday, April 6 or Friday, April 7, 2017, both of which appear open on the President's calendar. Please let me know which date you prefer and your topic of choice and I will be happy to respond to the affiliate on your behalf.

Thanks!

Attachment:

I have some exciting news to share with you. As you know, Donna Martin has developed a truly special relationship with Michelle Obama and the entire White House *Let's Move!* team, thanks to her innovative work with school nutrition in Burke County, Ga.

In recognition of all her contributions to improving the health of schoolchildren, Donna has now been invited to attend and speak at the *Let's Move!* capstone event on October 5. She will be the

only registered dietitian nutritionist and the only school nutrition professional to speak at this special event, followed by helping harvest the White House Kitchen Garden the next day.

This is a wonderful testament not only to Donna's abilities and commitment, but to the credibility and increasing visibility of RDNs and the entire profession. Please join me in congratulating Donna!

To: Tom Ryan; Doris Acosta
Subject: White House Remarks

Doris and Tom, Below are the comments that I prepared for Michelle Obamas visit to my district. Deb Eshchmeyer said that they wanted similar comments for my White House presentation. So I decided I would send you these remarks also. I am also attaching the blog I did for the White House that they posted. I think if we were able to mold these three together that would be perfect. No small order I am sure, but I thought this would help you! I appreciate you all helping me.

Remarks made the morning of her visit.

Good morning BCMS students, the media, Al Roker and The First Lady, Michelle Obama.

My name is Donna Martin and I am the Director of the School Nutrition Program for Burke County Public Schools.

I would like to **personally welcome** you to rural Burke County, GA.

As a **Registered Dietitian Nutritionist**, there is no greater calling in life than to be able to be able to teach children to live a healthier life and it is so exciting to have a first lady who shares the

same passion as we do.

We have been able to **successfully implement** all the **great changes** that came with the Healthy Hunger Free Kids Act of 2010.

We serve **School Breakfast** to over 76% of our students, which we operate as either breakfast in the classroom or grab and go in our schools.

We serve **culturally appropriate lunches** to over 89% of our student's every day and they really love our food.

Our **fresh fruit and vegetable grant program** that we offer to all our elementary students exposes them to over 65 different fruits and vegetables.

Our **supper program** that we started 5 years ago has helped increase our graduation rate to 94% and allowed our athletes to build more muscle mass.

Lastly, is the **Summer Feeding Program** that we operate by sending 15 buses out all over the 836 square miles of the county to offer healthy lunches to our students.

Our **Farm to school program** has helped tie all the pieces together by teaching children how to plant, grow and harvest food.

Our **local farmers** have started growing food for us, which has improved the taste of our food and also inspired us to start a bi-monthly farmer's market at our high school.

We are thrilled to have you come see what our students have been learning in their garden.

Let's all please now give a **big welcome** to someone else who I hear loves to garden, Al Roker from the Today Show!

Subject: Event at Diane Heller's house on November 9th
Attachment: [image001.png](#)

Hi Donna. Diane Heller is planning to host a Second Century event at her house on November 9th. We are still working out the details, but are thinking a luncheon for retired members and then an evening reception for others in the Atlanta area. We would love if you could be at one or both of the events to give a second century update. I also think it would be really special for attendees to have some time with the President-elect. Totally understand if it does not work and the school day is a factor, but let me know if you can swing any of it. Looking forward to seeing you tomorrow!

Hi Donna,

I was able to cancel your Richmond trip – it was a non-refundable ticket so just make sure when you book your next Delta flight that they apply that ticket value.

I also booked the DC trip. Once I expanded the search I could see the exact flights you requested. You should have an email confirmation with that itinerary. Let me know if I can assist with anything else.

And if I don't talk to you beforehand, good luck at the White House!!

Subject: White House Remarks

Doris and Tom, Below are the comments that I prepared for Michelle Obamas visit to my district. Deb Eshchmeyer said that they wanted similar comments for my White House presentation. So I decided I would send you these remarks also. I am also attaching the blog I did for the White House that they posted. I think if we were able to mold these three together that would be perfect. No small order I am sure, but I thought this would help you! I appreciate you all helping me.

Remarks made the morning of her visit.

Good morning BCMS students, the media, Al Roker and The First Lady, Michelle Obama.

My name is Donna Martin and I am the Director of the School Nutrition Program for Burke County Public Schools.

I would like to **personally welcome** you to rural Burke County, GA.

As a **Registered Dietitian Nutritionist**, there is no greater calling in life than to be able to be able to teach children to live a healthier life and it is so exciting to have a first lady who shares the same passion as we do.

We have been able to **successfully implement** all the **great changes** that came with the Healthy Hunger Free Kids Act of 2010.

We serve **School Breakfast** to over 76% of our students, which we operate as either breakfast in the classroom or grab and go in our schools.

We serve **culturally appropriate lunches** to over 89% of our student's every day and they really love our food.

Our **fresh fruit and vegetable grant program** that we offer to all our elementary students exposes them to over 65 different fruits and vegetables.

Our **supper program** that we started 5 years ago has helped increase our graduation rate to 94% and allowed our athletes to build more muscle mass.

Lastly, is the **Summer Feeding Program** that we operate by sending 15 buses out all over the 836 square miles of the county to offer healthy lunches to our students.

Our **Farm to school program** has helped tie all the pieces together by teaching children how to plant, grow and harvest food.

Our **local farmers** have started growing food for us, which has improved the taste of our food and also inspired us to start a bi-monthly farmer's market at our high school.

We are thrilled to have you come see what our students have been learning in their garden.

Let's all please now give a **big welcome** to someone else who I hear loves to garden, Al Roker from the Today Show!

[Final Report-Meet the Challenge-Healthy Schools 5-31-16.pdf](#)

To: Foundation BOD

From: Jean Ragalie-Carr, RDN, LDN, FAND

Over the last four years, Meet the Challenge! project has brought the assistance of Registered Dietitian Nutritionists (RDNs) to over 100 Iowa schools through engaging food service directors and parents in school wellness improvements. Meet the Challenge! is a collaborative project with the Academy of Nutrition and Dietetics Foundation and the **Iowa Department of Education** through their Team Nutrition grant. During the 2015-2016 school year, Meet the Challenge! project RDNs led 20 workshops with teachers using an enhanced version of the Kids Eat Right, **Healthy Schools. It's a Team Effort** toolkit, reaching over 400 Iowa teachers with ideas to integrate nutrition education and physical activity into their teaching plans. Please see the final report attached.

Dear Pat,

Thank you for your kind invitation. You might not have heard, that I have been pressed into service as new ICDA Board Chair. I was not aiming to have my role/ responsibilities enhanced (:) this year, but the Board felt pretty strong about me as their choice for Chair. Bottom line is now I really have far too much on my plate to attend FNCE next month.

Phyllis Marsch, Chair of the Board has indicated her intention to accept the opportunity presented by the invitation she received to attend FNCE. She is very excited.

As always, I regret that when we do bump into each other there seems to be so little time to have a real conversation.

PS Judith will be a great addition to ICDA Board.

Marsha

Dear Marsha:

On behalf of the Board of Directors of the Academy of Nutrition and Dietetics, it is a pleasure to invite you to attend the Academy's 2016 Food & Nutrition Conference & Expo™ scheduled for October 15-18 in Boston, MA.

We hope you consider attending the Opening Session on Saturday, October 15, which will feature keynote speaker, Barbara Corcoran, businesswoman, investor and TV personality on Shark Tank present *Take Risks to Succeed- Leading your Team to Greatness*; Member Showcase on Monday, October 17, to recognize this year's Honorary Members and hear Juliet Funt, owner and founder of WhiteSpace present *The Reductive Mindset: Achieving Optimal Results Using the Tools of WhiteSpace*; and Closing Session on Tuesday, October 18, which will feature keynote speaker, Porter Gale, former VP of Marketing at Virgin America present *Your Network is Your Net Worth*. As an attendee, you will receive an invitation to the Honors Breakfast recognizing the Academy's 2016 Medallion recipients and to the President's Reception, both on Sunday, October 16. We encourage you to review the full program for additional information on more exciting sessions and events at <http://www.eatrightfnce.org/FNCE/>.

We are offering complimentary registration, providing you with access to all sessions. If you plan to attend, please use the attached Complimentary Registration and Housing Instructions for VIP processing no later than September 15. We hope you are able to join us!

Sincerely,

Patricia M. Babjak

Subject: Re: FNCE and White House remarks

Tom and Doris, As of right now I will have 3 minutes on the panel of 5 speaking at the White House. I will be the only RDN or School Nutrition person on the panel. I have attached a rough draft as a starting point for my presentation. Hopefully you all can make it flow better. We can talk at the Summit or on the Monday after the summit to work on this. The press always seems to want sound bites they can use, so that is what I would like us to focus on if we can. I know I am not telling you anything new here!

In terms of my PN DPG presentation on what my goals as President-elect will be, I can give you some thoughts on that too! My goals will be to work on the outcomes of the Summit while helping to advance the Academy's strategic plan. I have a particular interest in member engagement and public policy that I would probably like to highlight a little. We will not be able to really know what to put in the presentation until after the summit, so that Monday should be perfect. Thanks for your help!

Subject: FNCE remarks -- PN DPG

Hi, Donna: Hope all is well with you. We are working on scripts and speeches for FNCE, including the Closing Session, where you'll preside; and also the Pediatric Nutrition DPG executive committee has requested that you speak to them in Boston on your plans as president-elect and next year's president. We're glad to help you develop those talking points.

Attached is your campaign information, which we are pretty certain contains much of the information PN is asking you to discuss. Please let us know if that's the case and we can develop some talking points for you based on this information – which of course you'll be able to review, edit and approve. We estimate your remarks to PN will take 5 or 10 minutes at most.

Please let us know if this plan sounds good to you. Have a great time at the Summit, and we'll talk to you soon.

Tom

Hi Donna,

This is so exciting! Thank you for sending this to us. It is truly very helpful. Tom and I will review on Monday and spruce it up with soundbite material. Unfortunately, I came down with a sinus infection and can't fly tomorrow. I have been advised to wait until the antibiotics kick in on so I will now arrive in Dallas on Wednesday. I will have something for us to review together during the Summit. We will be able to edit and add as we see the program unfolding.

Please let us know if you have any questions or need more information. See you soon in Dallas!

Best regards,

Doris

Subject: Re: FNCE and White House remarks

Tom and Doris, As of right now I will have 3 minutes on the panel of 5 speaking at the White House. I will be the only RDN or School Nutrition person on the panel. I have attached a rough draft as a starting point for my presentation. Hopefully you all can make it flow better. We can talk at the Summit or on the Monday after the summit to work on this. The press always seems to want sound bites they can use, so that is what I would like us to focus on if we can. I know I am not telling you anything new here!

In terms of my PN DPG presentation on what my goals as President-elect will be, I can give you some thoughts on that too! My goals will be to work on the outcomes of the Summit while helping to advance the Academy's strategic plan. I have a particular interest in member engagement and public policy that I would probably like to highlight a little. We will not be able to really know what

to put in the presentation until after the summit, so that Monday should be perfect.

Thanks for your help!

Tom, I so appreciate you reaching out to me about helping with my White House Comments and PN DPG comments. That Monday, Sept 27th works for me. I would like to do it late in the afternoon, if that is OK. I have district wide accreditation that day at work and they are interviewing me right after lunch. I think anytime after 3 would work. I hope to be talking to the White House tomorrow to find out exactly what they are looking for in my presentation. With you guys having my back I can do anything! I will get back to you both when I have more details from the White House.

Hi, Donna: We'll be glad to assist with your remarks at the White House on October 5, in addition to your comments to the PN DPG in Boston.

Realizing the Board meeting and the Summit are rapidly approaching, would you be free for a short phone call after the Summit? Any time on Monday the 27th, for example, would work for us.

Please let us know and we'll be glad to work around your schedule. Thanks very much!

Subject: RE: Alice Recognition

Hi Bev,

Thank you for your thoughts regarding Alice's recognition at FNCE in Boston. I plan to ask her to sit at my table and invite her two speakers and the President of the Argentinean Association of Dietitians and Nutritionist-Dietitians, but I agree, she may decline to be with her other guests. I appreciate your offer to host one of her tables and will be sure to let her know.

We have several events planned to celebrate Alice's contributions. A list follows below.

Throughout FNCE: Alice's newly established International Nutrition Pilot Project will be promoted

Saturday October 15

7:00 pm – 9:00 pm: American Overseas Dietetic Association International Reception (Westin-HQ: Griffin Room)

- Alice's contributions will be highlighted in a slide presentation

Sunday, October 16

8:00 am – 9:30 am: Wimpfheimer-Guggenheim International Lecture FNCE Session (BCEC: Room 104)

- Moderator Judy Gilbride will honor Alice in her introductory remarks and will highlight Alice's newly established International Nutrition Pilot Project

9:30 am – 10:30 am Wimpfheimer-Guggenheim Reception (BCEC: Room TBD)

- Academy and Foundation Board members, Alice's award winners and guests are invited to attend a special networking event in honor of Alice immediately following the International Lecture

Monday, October 17

10:00 am – 12:00 pm: Member Showcase (BCEC: Exhibit Hall B2)

- Alice and Paquita Erdell will be recognized in Jean Ragalie-Carr's Member Showcase remarks

7:30 pm – 10:00 pm: Academy Foundation Gala (Westin-HQ: Grand Ballroom)

- The current FIND award recipient will honor Alice and Paquita during the gala
- Alice will be presented with a crystal globe in recognition of her international vision
- A slide presentation with well-wishes and quotes from Alice's past award recipients will be shown at the gala
- A section of the gala program book will highlight Alice, Paquita and the FIND award recipient

Please let me know if you have any additional thoughts.

Merci beaucoup!

Subject: Celebrating Alice Wimpfheimer - FNCE 2016 Boston

Hi Pat

I'm wondering what plans are in the works to celebrate Alice's contributions in Boston and if I can be of assistance.

Earlier you mentioned Alice would be recognized during the Member Showcase as well as during the Foundation Gala. You also commented that you would like to invite her to sit at your table at the Gala,

which is the primary reason for this note.

If you extend the invitation to Alice to be a guest at your table (a perfect gesture from my perspective)

she likely will decline or at least feel torn about abandoning her guests. If that should be the case, please

tell her that I will be happy to host her table (or one of them). Obviously I can't tell her that since I would jeopardize what I'm assuming will be something of a surprise.

Hope you're surviving the last month of preparations for Boston and the kick off the Centennial Year.

Cheers,

Bev

Attachment:

Dear Donna,

Thank you for purchasing a ticket(s) to the Academy Foundation Gala. Your support of the gala helps the Foundation to make an impact on thousands of students, dietetic professionals and children who will all benefit from our initiatives.

The Foundation Gala is taking place on Monday, October 17, 2016 in the Grand Ballroom of the Westin Boston Waterfront. The reception is 6:30-7:30pm and dinner is 7:30-10:00 pm. The gala reception will feature a cash bar. Semi-formal attire is acceptable.

<https://www.surveymonkey.com/r/2016GalaTicket>. Please complete this brief gala seating request form by **Friday, October 7**. If you choose not to complete the survey your seat will be assigned randomly. If you or any of your guests have special dietary requirements, please provide these details via the survey. If we do not receive special dietary request prior to the dinner, we may not be able to accommodate special needs. Please pick up your seating assignments at the Foundation Booth located in the North Lobby of the Boston Convention and Exhibition Center beginning on Saturday, October 15th

If you have any questions or would like to purchase additional tickets, please contact Martha Ontiveros at montiveros@eatright.org or 312-899-4773.

Thank you for supporting the Foundation! We are looking forward to seeing you in Boston!

Sent Date: Sep 16, 2016 17:08:43
Subject: Attention/Action Requested: LPPC 2016 Monthly Meeting - September
Attachment:

September 16, 2016

LPPC members,

Our next call is only a week away, Friday, September 23rd at 11:30 am EST/10:30 am CST/8:30 am PT. Please be advised that the agenda and several agenda items have been uploaded to the LPPC Community of Interest [here](#). We anticipate uploading all agenda items no later than COB Monday. Outstanding agenda items include:

- Council on Research Report
- PIA Update
- PIA Sessions Update

Below, you will find the information needed to access the meeting:

Step 1: Log into the webinar via the personalized link provided [here](#).

The meeting password is: LPPC16

Step 2: Follow the audio prompts to use the "CALL ME" feature to have the Web-Ex system dial you in the audio portion of the meeting. This will sync your computer and the audio together accordingly. Do not dial into the meeting directly when connecting to Web-Ex unless you do not have a direct dial phone number (If you do not have a direct dial phone number, please select the option to dial-in from the drop-down menu – the number will be provided). By using the Call Me feature, the system will sync your web and audio connections together under your attendee name in Web-Ex.

Note: For those individuals unable to participate in the web portion of the meeting and/or do not have a direct dial phone number, you can dial in to the meeting as follows:

Dial In: 866-477-4564

Conference Code: 271-642-5619

As always, if you have any questions I am happy to assist!

Regards,

Christine A. Rhone

Office Administrator

email

Hello Donna,

I can't tell you how excited we are for you! The Academy will cover the hotel and travel expenses for you to attend the White House event on October 5-6. We have made reservations for your arrival on October 5 at the Grand Hyatt Washington – the confirmation follows below. To make your travel arrangements, please click on the following link www.atcmeetings.com/Academy and login to your account using your email address and the password you created when you activated your account. When you reach the Purchase Trip page, select **Academy BOD Travel** from the drop-down menu, enter the GL Code **1032430** and Meeting Authorization Code **9198834**.

Attached is the expense report form to submit to me for your reimbursements, or you may submit online if you prefer. Also, we ask that within two weeks of the event you submit a report electronically using the following link
http://academybod.webauthor.com/go/form/form.cfm?xm_form_id=192.

Please let me know if you need anything else.

Thank you for all you do for the Academy!

Joan

Have you read the Summit briefing document? Prepare to be wowed!!! I read it and I was reminded of a quote from Martin Luther King, "If you want to change the world, pick up your pen and write." This seminal piece that lays the groundwork for our discussions next week is truly inspiring. The list of attendees is an exceptional blend of talented and accomplished individuals, some familiar and some completely new to our nutrition conversation. As Foundation Board members I think you can take a great deal of pride in this effort. Where we go from here depends so much on what we take away from this Summit. So while you are there embrace the power of the *Appreciative Inquiry* process. And please use this time to make connections, each and every one I'm certain will help to advance our Foundation mission and vision. You have all received a list of suggested assignments – individuals with whom we hope you can connect. I know you will make a good faith effort to reach out to these individuals on site. I also know that there will be other opportunities, spontaneous engagements that will reveal themselves to you. Every introduction is a new chance to listen and learn. Don't feel constrained by the assignments that were given. Who knows where the seemingly obscure elevator or hallway conversation will take you? You are all wonderful representatives for the profession and the Foundation. Whatever connections you make, I encourage you to share and to bring back to us what you learn. Reflect on the experiences at night and make notes. Pass your notes, comments and observations along

to staff (sburns@eatright.org) and we will work with you to develop next steps. You are opening doors for us in Dallas! We can build some time into our next call (October 7) to debrief, if not sooner.

This really is a turning point for the profession. I'm so excited to be a part of it and I know you are too. To help support your networking, I'm including a couple of conversation starters. If you have ideas as well, after reviewing the Summit materials please hit reply all and share.

Conversation starters

If you are speaking with an individual representing industry:

- ***What are the business motivations of COMPANY XX that we can connect with to help eliminate malnutrition?***
- ***Where do you see nutrition playing a critical role in COMPANY XX achieving its goals?***

If you are speaking with a member:

- ***How do you see the Academy and the Foundation supporting opportunities for dietitians in the areas of .. global nutrition, technology and health, agriculture and health space?***
- ***What have you learned that you would pass along to future RDNs that will position them to be successful in the future?***

Thank you and I look forward to seeing you in Dallas!

Jean Ragalie-Carr, RDN, LDN, FAND

Chair, Academy of Nutrition and Dietetics Foundation

[Marty and Donna Summit Remarks for Friday September 23_v2.docx](#)

Hi, Donna and Marty,

Attached, please find your updated scripts for the Summit.

- Donna, your first paragraph has changed slightly per your request. As always, let us know if you need changes.
- Marty, your last line changed slightly with your recommendation below.

Please let us know if you need anything else.

Have a great weekend,

mackenzie

Subject: RE: Draft remarks and Summit agenda for tomorrow's call

One possible edit at the end of my remarks – since I'm not really introducing her – she's introducing herself, maybe I should say, “Now, I will turn the mike over to Donna Martin....”

Another option is to say, "Now, I will turn the mike over to Academy President-Elect, Donna Martin, " and then Donna omits her current first sentence.

Just a thought.

Thanks and see you all soon.

Marty

Importance: High

Hi Donna and Marty,

Hope all is well with two of my favorite folks J We are looking forward to an ground-breaking Summit next week in Dallas. You are closing the Summit and Marty you will go first then introduce Donna for final words.

In preparation for the conference call tomorrow at 10 a.m. Central time, attached are your draft remarks and the meeting agenda.

Here is the call-in number 866/477-4564 and conference code 5380206022. Mackenzie Allen will be on the call with Whalen consulting to go over the details with you. Both Mack and I will be onsite for rehearsal and to make any changes you may have. We encourage you to review the remarks, adjust them and make them your own.

Thank you and as always, please do not hesitate to reach out to us with any questions or if you need additional information.

Best regards,

Doris Acosta

Subject: Audit update

All,

I talked to Jim Hagestad, our audit manager at Plante Moran, this morning regarding the FY16 audit. They are finalizing the information. However, Jim did not feel that Plante Moran could make the September 27th date. It appears Jim, and the team at Plante Moran, had the October date on their schedules and were working towards that date. There was a breakdown in communication between staff and Plante Moran. Therefore, we will have to move the audit review to the October 25th meeting.

Jim felt they would work to get the information completed. However, given the levels of review and approval at Plante Moran, it could not be guaranteed. So, I agreed to postpone the review.

The alternative to waiting until October's meeting would be to schedule a separate meeting to address the audit. Since I know all of your schedules are very busy, I did not explore this option. If the Committee feels this should be considered, I will look for a time that would work.

Even though there is a delay in completion, the audited finals have not changed and I have been told that there should not be any adjustments made to what we provided. There is nothing to be concerned about. This is just a communication issue.

As soon as it is completed, it will be forwarded to you. Let me know if you have any questions or concerns.

Paul

3532. RE: Draft remarks and Summit agenda for tomorrow's call

From: Marty Yadrack <myadrack@computrition.com>
Date: 9/16/16 6:32 AM (GMT-06:00)
To: Doris Acosta <dacosta@eatright.org>, DMartin@Burke.k12.ga.us
Cc: Mackenzie Allen <mallen@eatright.org>
Subject: RE: Draft remarks and Summit agenda for tomorrow's call

One possible edit at the end of my remarks – since I'm not really introducing her – she's introducing herself, maybe I should say, “Now, I will turn the mike over to Donna Martin....”

Another option is to say, “Now, I will turn the mike over to Academy President-Elect, Donna Martin, “ and then Donna omits her current first sentence.

Just a thought.

Thanks and see you all soon.

Marty

Importance: High

Hi Donna and Marty,

Hope all is well with two of my favorite folks J We are looking forward to an ground-breaking Summit next week in Dallas. You are closing the Summit and Marty you will go first then introduce Donna for final words.

In preparation for the conference call tomorrow at 10 a.m. Central time, attached are your draft remarks and the meeting agenda.

Here is the call-in number 866/477-4564 and conference code 5380206022. Mackenzie Allen will be on the call with Whalen consulting to go over the details with you. Both Mack and I will be onsite for rehearsal and to make any changes you may have. We encourage you to review the remarks, adjust them and make them your own.

Thank you and as always, please do not hesitate to reach out to us with any questions or if you need additional information.

Best regards,

Doris Acosta

Hello Donna,

Thank you for getting back to me with the time you are available for the reception. After looking at the list of events you need to attend, I think we need to find a pair of roller skates for you! We really appreciate that you will be able to attend the SNS reception. We would like to recognize and honor you at 5:30 pm. We will wait until 6:30 pm to recognize other honorees.

The details of the reception again are: Sunday night October 16th at the Renaissance Waterfront Hotel, Caspian Room from 5:30 to 7:30 pm.

Again, we are pleased and honored that you can attend. SNS-DPG wishes you the very best as you assume the challenges and opportunities of the Academy Presidency.

Best regards,

Thank you, Donna! The late afternoon of the 27th will work for us. We'll keep our schedules open and please let us know when you're free. Looking forward to hearing more about what the White House wants to hear from you. This is exciting! Talk to you soon, thanks.

Tom

On Sep 15, 2016, at 6:20 PM, Donna Martin <DMartin@burke.k12.ga.us> wrote:

Tom, I so appreciate you reaching out to me about helping with my White House Comments and PN DPG comments. That Monday, Sept 27th works for me. I would like to do it late in the afternoon, if that is OK. I have district wide accreditation that day at work and they are interviewing me right after lunch. I think anytime after 3 would work. I hope to be talking to the White House tomorrow to find out exactly what they are looking for in my presentation. With you guys having my back I can do anything! I will get back to you both when I have more details from the White House.

Hi, Donna: Hope all is well with you. We are working on scripts and speeches for FNCE, including the Closing Session, where you'll preside; and also the Pediatric Nutrition DPG executive committee has requested that you speak to them in Boston on your plans as president-elect and next year's president. We're glad to help you develop those talking points.

Attached is your campaign information, which we are pretty certain contains much of the information PN is asking you to discuss. Please let us know if that's the case and we can develop some talking points for you based on this information – which of course you'll be able to review, edit and approve. We estimate your remarks to PN will take 5 or 10 minutes at most.

Please let us know if this plan sounds good to you. Have a great time at the Summit, and we'll talk to you soon.

I am sharing a communication that went out to Academy and Foundation staff this afternoon. The Second Century is not just one person or team. It truly is a collaborative effort. There are so many individuals who stepped up and took on additional responsibilities and many will not be attending the Summit. I am so proud of our staff and the work they have done in such a short period to bring this ground-breaking meeting to fruition.

Looking forward to a great Nutrition Impact Summit!

To: All Academy Staff

Subject: Nutrition Impact Summit Information

Importance: High

Good afternoon,

As you know, the Second Century planning process is well underway. Next week, we are hosting nearly 180 stakeholders across the food, wellness and health care spectrum at The Nutrition Impact Summit in Dallas, Texas. On behalf of both the Academy and Foundation Boards, I want to personally thank all of the staff who have worked hard on this important initiative. Many of you have spent long hours meeting, drafting communications and preparing for the Summit. Your many contributions have not gone unnoticed. You have taken on additional responsibilities and I truly appreciate the work from all units across the Academy and Foundation. For those of you attending the Summit, you are an equal participant at the table and I encourage you to share your comments, ideas and insights.

Attached, you will find information we shared with Summit participants in preparation for next week.

- The Second Century Collaboration Opportunities one-page overview represents information collected through roughly 125 interviews with members, external stakeholders and staff, as well as from our Academy and Foundation Boards of Directors, House of Delegates, Council on Future Practice and a myriad of other Academy councils, committees and groups. This input informed the 13 opportunity areas within six focus areas – demonstrating a strong potential for collaborative action and innovation to accelerate progress toward a future of wellness for all. We will be exploring these opportunity areas at the Summit and beyond.
- The Nutrition Impact Summit Briefing Paper summarizes specific global nutrition challenges facing the food, wellness and health care systems and explores the 13 areas of opportunity in further detail. A brief description of each area is presented to spark inspiration and ideas, along with the premise for each opportunity area with highlights of successful innovations already underway.

We will continue to keep you and members informed about the outcomes of the Summit and our progress towards creating a new vision for the Second Century.

Thank you very much.

We look forward to seeing you at the 2016 Food & Nutrition Conference & Expo! The following is information we would like to highlight as you plan your trip to FNCE®.

Session Spotlight

Open Discussion: Unlocking the Mysteries of Publishing Research

Sunday, October 16 at 1:30 p.m.

Join the *Journal of the Academy of Nutrition and Dietetics* editorial team for the inside scoop on publishing! Practitioners and researchers face many challenges in their journey to publication. At this session, the *Journal's* editorial team will focus on the major elements necessary for constructing research manuscripts including content, structure, and clarity of presentation.

Quality Symposium: Introduction to Utilizing the Standard of Excellence Metric Tool

Monday, October 17 from 1:30 p.m. - 5 p.m.

Learn how to analyze the Standards of Excellence Metric Tool and be able to identify the need for Quality Improvement. Walk through and activity involving the Standard of Excellence (SoE) Metric Tool and understand a practical application of the SoE Metric Tool.

Living in Wasteland: Effective Practice and Advocacy Strategies

Monday, October 17 from 3:30 p.m. 5 p.m.

Despite the number of food insecure Americans, food waste in the United States has reached staggering levels. This session takes a farm to fork approach in exploring critical points of food waste throughout the food chain and their associated costs. Participants will also learn about recent efforts by the Academy and Foundation, including developing resources, research projects, and legislative efforts. Finally, participants will learn how the Academy is partnering with other organizations to reduce food waste locally and globally, and what practitioners can do to get

involved in this movement.

Small Steps for Big Change: *Building Sustainable RDN/MD Partnerships*

Tuesday, October 18 from 8 a.m. 9:30 a.m.

Building effective team-based care can improve patient outcomes and practice efficiency as well as decrease health care costs, but the challenge lies in successfully creating and maintaining MD/RDN partnerships. Laura E. Peterson, BSN, SM, and Andrew Wade, RDN, LDN will highlight the transferrable lessons learned from the Childhood Obesity Performance Improvement (COPI) collaborative, a 1-year quality improvement collaborative, and explain how to build and maintain effective MD/RDN partnerships when caring for children and adults with overweight or obesity.

Contests

Visit the Nutrition Care Manual (NCM®) Booth on the Expo Floor and You Could Win!

How well do you know the Nutrition Care Manual? Test your knowledge on the Academys internet-based diet and professional practice manual at the NCM® booth #3277 and you could win a prize Fitbits will be available to three lucky winners!

2016 *Journal* Photo Contest at FNCE®

Cast Your Vote & Pick Up Your 2017 *Journal* Calendar Its that time again! We invite you to visit the booth to cast your vote to select the winner of the 2016 *Journal* Photo Contest, which automatically enters you into our prize drawing. Plus, pick up your free 2017 *Journal* Calendar celebrating the Academys Centennial and featuring 12 of the very best photos submitted last year. We look forward to seeing you in Boston. Visit our booth #3471.

At the Expo

Yoga Fitness Breaks: Expo Hall, Wellness & Prevention Stage

Unwind, stretch out and relax with a 20 minute yoga fitness break courtesy of Sunsweet Amaz!n Prunes. This low intensity class will aim to relieve the tension in your wrists, shoulders and lower back while strengthening your core. Yoga mats and towels will be provided. Both business and casual attire, with the exclusion of a dress or skirt, can be worn during class.

Schedule

Attend a Culinary Demo and earn CPE

Sunday, October 16 from 12 p.m. 12:45 p.m.

Will You Accept this Avocado Rose? Why Good Fats Are Americas New Sweetheart Earn CPE during this engaging 45 minute Culinary Demo presented by FNCE® Exhibitor Signature Sponsor Hass Avocado Board.

Culinary Demo Theater, Expo Hall

Subject: Audit update
Attachment:

All,

I talked to Jim Hagestad, our audit manager at Plante Moran, this morning regarding the FY16 audit. They are finalizing the information. However, Jim did not feel that Plante Moran could make the September 27th date. It appears Jim, and the team at Plante Moran, had the October date on their schedules and were working towards that date. There was a breakdown in communication between staff and Plante Moran. Therefore, we will have to move the audit review to the October 25th meeting.

Jim felt they would work to get the information completed. However, given the levels of review and approval at Plante Moran, it could not be guaranteed. So, I agreed to postpone the review.

The alternative to waiting until October's meeting would be to schedule a separate meeting to address the audit. Since I know all of your schedules are very busy, I did not explore this option. If the Committee feels this should be considered, I will look for a time that would work.

Even though there is a delay in completion, the audited finals have not changed and I have been told that there should not be any adjustments made to what we provided. There is nothing to be concerned about. This is just a communication issue.

As soon as it is completed, it will be forwarded to you. Let me know if you have any questions or concerns.

Paul

3539. FNCE® Highlights - September 15, 2016

FNCE® Highlights - September 15, 2016

Having trouble viewing this e-mail? [View it in your browser.](#)

Connect with the Academy:

We look forward to seeing you at the 2016 Food & Nutrition Conference & Expo! The following is information we would like to highlight as you plan your trip to FNCE®.

Session Spotlight

Open Discussion: Unlocking the Mysteries of Publishing Research

Sunday, October 16 at 1:30 p.m.

Join the *Journal of the Academy of Nutrition and Dietetics* editorial team for the inside scoop on publishing! Practitioners and researchers face many challenges in their journey to publication. At this session, the *Journal's* editorial team will focus on the major elements necessary for constructing research manuscripts including content, structure, and clarity of presentation.

Living in Wasteland: Effective Practice and Advocacy Strategies

Monday, October 17 from 3:30 p.m. 5 p.m.

Despite the number of food insecure Americans, food waste in the United States has reached staggering levels. This session takes a farm to fork approach in exploring critical points of food waste throughout the food chain and their associated costs. Participants will also learn about recent efforts by the Academy and Foundation, including developing resources, research projects, and legislative efforts. Finally, participants will learn how the Academy is partnering with other organizations to reduce food waste locally and globally, and what practitioners can do to get involved in this movement.

Small Steps for Big Change: Building Sustainable RDN/MD Partnerships

Tuesday, October 18 from 8 a.m. 9:30 a.m.

Despite the number of food insecure Americans, food waste in the United States has reached staggering levels. This session takes a farm to fork approach in exploring critical points of food

waste throughout the food chain and their associated costs. Participants will also learn about recent efforts by the Academy and Foundation, including developing resources, research projects, and legislative efforts. Finally, participants will learn how the Academy is partnering with other organizations to reduce food waste locally and globally, and what practitioners can do to get involved in this movement.

Contests

Visit the Nutrition Care Manual (NCM®) Booth on the Expo Floor and You Could Win!

How well do you know the Nutrition Care Manual? Test your knowledge on the Academys internet-based diet and professional practice manual at the NCM® booth #3277 and you could win a prize. Fitbits will be available to three lucky winners!

2016 *Journal* Photo Contest at FNCE®

Cast Your Vote & Pick Up Your 2017 *Journal* Calendar Its that time again! We invite you to visit the booth to cast your vote to select the winner of the 2016 *Journal* Photo Contest, which automatically enters you into our prize drawing. Plus, pick up your free 2017 *Journal* Calendar celebrating the Academys Centennial and featuring 12 of the very best photos submitted last year. We look forward to seeing you in Boston. Visit our booth #3471.

At the Expo

Yoga Fitness Breaks: Expo Hall, Wellness & Prevention Stage

Unwind, stretch out and relax with a 20 minute yoga fitness break courtesy of Sunsweet Amazin Prunes. This low intensity class will aim to relieve the tension in your wrists, shoulders and lower back while strengthening your core. Yoga mats and towels will be provided. Both business and casual attire, with the exclusion of a dress or skirt, can be worn during class.

Schedule

Attend a Culinary Demo and earn CPE

Sunday, October 16 from 12 p.m. 12:45 p.m.

Will You Accept this Avocado Rose? Why Good Fats Are Americas New Sweetheart Earn CPE during this engaging 45 minute Culinary Demo presented by FNCE® Exhibitor Signature Sponsor Hass Avocado Board.

Culinary Demo Theater, Expo Hall

[Learn More](#)

2016 FNCE® Academy Pavilion in Expo

Visit the companies and membership groups taking part in one-day showcases on **Monday, October 17, 2016** in the Academy Pavilion in Hall B of the Expo Hall.

Center for Career Opportunities: 9 a.m. 3 p.m.

Looking for Your Next Job? Meet with employers promoting open positions, as well as educational institutions offering information on graduate programs at the Center for Career Opportunities. Come prepared to share your resume and gather tips for getting noticed in the field, all while meeting one-on-one with potential employers from around the country. Visit the Center for Career Opportunities at the Academy Pavilion, Hall B, Expo.

DPG & MIG Showcase: 9 a.m. 12 p.m.

Increase your growth potential and get involved. Learn from and visit members representing the Academy's Dietetic Practice and Member Interest Groups. Refer to the DPG and MIG floor plan to locate, explore and maximize your attendance at the DPG & MIG Showcase. Stop by Booth 2101, Academy Membership, to join a DPG or MIG.

Member Product Marketplace: 9 a.m. 3 p.m.

Visit and support your colleagues at the Member Product Marketplace, a one-day showcase where Academy members have the opportunity to showcase their own products and services at FNCE®.

[Click here to view all groups in the Academy Pavilion.](#)

2016 New Product Showcase

Don't miss the New Products in the 2016 New Product Showcase! [Click here to view new products online before FNCE®](#) and visit their booths on the Expo floor.

FNCE® Store

Stop by the FNCE® Store to check out these new and updated resources that can help support your practice:

- *Bits & Bytes: A Guide to Digitally Tracking Your Food, Fitness, and Health*
- *Total Body Diet for Dummies*
- *Launching Your Career in Nutrition and Dietetics*, Second Edition
- *If Your Child is Overweight: A Guide for Parents*, Fourth Edition
- Five updated client education brochures: *Fiber; Sodium; Fat and Cholesterol; Eating Out; Understanding Food Labels*

Don't miss out on exclusive on-site discounts and daily raffles at the FNCE® Store. Be sure to follow **#FNCE** to learn about special FNCE® Store events and promotions.

Visit www.eatrightFNCE.org to plan your FNCE® experience!

We just learned that the Senate will consider today the discussion passage of S. 3136, Improving Child Nutrition Integrity and Access Act of 2016, or Child Nutrition Reauthorization TODAY. If it moves forward, we are prepared to send out an action alert to all members and communicate on social media. As you know this is very important bill to maintain healthy food access and quality nutrition education in school meals and WIC.

If this moves forward, we will need all your help to get members respond.

We will keep you posted!

Many thanks for your help and support

Jenn has just headed to the Hill after a late night email for Senator Roberts staff alerting us that CNR is moving very fast for vote.

If that passes the Senate, I think it would be great to tie-in a press release that highlights Donna's work. Her leadership in this area has made our job easier working with both sides of the aisle as Donna has been our poster person.

Her work helped to get nearly all our recommendations in the bill. Not easy in this climate.

Will keep you posted.

And a shout out to Doris and her team for responding to getting us ready for action. J

And finally again...thank you Donna!

Hi Donna,

I hope you're well. I'd love for you to not only attend the Let's Move! capstone event on October 5th (see the invite and RSVP link below), but I'd love for you to speak AND help us harvest the White House Kitchen Garden the next day on October 6th. Will you be able to come? Do you have time to talk tomorrow afternoon?

Best,
Deb

Dear Ms. Donna Martin,
<image001.jpg>

We hope that you will join us at the White House Kitchen Garden for the *Let's Move!* Celebratory Event on

Wednesday, October 5, 2016 at 2 pm.

Kindly respond to LetsMoveRSVP@who.eop.gov and provide your full name, gender, date of birth, social security number, city and state of residence, country of birth, and country of citizenship.

Please ensure that the security information you provide matches the information listed on the government-issued identification you plan to present upon arrival.

This invitation is non-transferable.

Please RSVP by Monday, September 19, 2016.

Subject: Re: Exhibitor at FNCE 2016

Thanks Pat - it is a sticky situation.

It does bother me that they are at the top level - Premium - enhanced listing just because they paid for it.

It has "perceived" enhanced value when it was "paid for" value.

Maybe instead Premium products featured are more "wholesome" (see its getting sticky again)....

I greatly appreciate the advance notice and background and I am sure I will be approached on this topic.

On Sep 14, 2016, at 3:09 PM, Patricia Babjak <PBABJAK@eatright.org> wrote:

Hi Denice,

Thank you for your email. We know Herbalife reached a settlement agreement with the FTC in July and the agreement requires some new procedures. They expect that these new and enhanced procedures will become the industry standards. Here is a link to their website <http://www.herbalife.com/strongerthenever> that has an FAQ document, company fact sheets and a corporate profile presentation.

Herbalife was introduced to us by an Academy member who communicated the company's desire to work with RDNs. They already have the Herbalife Dietetic Advisory Board (DAB) that is comprised of 20 nutritionists/dietitians worldwide. Susan Bowerman, MS, RD, CSSD, FAND, is the

Chair of the DAB. DAB members provide nutrition education training to members and healthcare providers at Herbalife events and serve as spokespersons for the company in media and governmental relations. Herbalife originally expressed an interest in funding a fellowship but we didn't feel it was the right fit. Having them exhibit gives members the opportunity to interact with company representatives and ask questions or share their concerns.

The Knowledge Center RDNs reviewed the products that Herbalife will feature on the Expo floor and determined they are science-based. In addition, because the Expo floor is a marketplace, we must abide by the FTC's anti-trust marketplace guidelines that prohibits the Academy from denying them from being competitive in the marketplace.

Herbalife appears at the top of the webpage listing because they are participating in an enhanced listing placement, a premium that is available to all exhibitors.

To date, we have not received any delegate postings on the HOD Community and will continue to monitor responses. We will also share your concerns with Herbalife representatives and they may exercise their option to withdraw.

We will continue to keep you posted.

Subject: Re: Exhibitor at FNCE 2016

Hi Pat,

I agree that you provided a good explanation. At the same time, I understand the members concerns and the perceived impression of endorsement.

When I built my home, it was ironic that my new next door neighbor sold Herbalife from her home - at the time it had the now banned fen-phen.

When she learned I was a RDN - she told me not to worry - she doesn't use it - just sells it nationally from her home.

The company left a bad taste in many professionals mouths, not mention created medical issues including death in some customers using their products

This is an LA Times article on deaths attributed to herbal life in a 1985 Senate Study -

http://articles.latimes.com/1985-05-14/news/mn-19008_1_herbalife-distributors

I recently shared this link to FNCE exhibits with a potential exhibitor - **see the attached Screen Shot** -- in the Left hand list of exhibitors - why does HerbalLife pop up first?

It is important to listen to critiques from our members and equally important to create criteria that limits companies with a poor customer history, like Herballife.

Thank you,

Subject: Nutrition Impact Summit: Briefing Paper & Materials

Attachment: [BOD Assignments_Summit Participants.xlsx](#)
[Elevator Talking Points.pdf](#)
[Nutrition Impact Summit Agenda.pdf](#)
[Nutrition Impact Summit Briefing Paper.pdf](#)
[Nutrition Impact Summit Participant Bios.pdf](#)
[Nutrition Impact Summit Participant List.pdf](#)
[Second Century Member Survey Results.pdf](#)

The Nutrition Impact Summit is just one week away. Attached are some additional materials to help you prepare for an inspirational, productive Summit:

- **Briefing paper:** This contains an introduction to the Summit, an overview of our global challenges and a summary of collaboration opportunity areas. At the Summit, each of us will pick one opportunity area and work with it over the course of the three days.

- **All-Member survey results:** The Academy distributed a survey to all members asking for their input on the collaboration areas. Please review these results and take members' input into account during our Summit discussions.
- **Q&A recording:** Here is a link to the question and answer session we held on September 7.
- **Detailed agenda:** Please note you are on your own for dinner on Wednesday and Thursday.
- **Elevator talking points:** The talking points answer basic questions to assist in Summit conversations.
- **Updated assignments:** Please review the assignments because there have been changes.
- **Participant bios:** They help you learn more about your assigned participants. Note: List is organized alphabetically by board member first name.
- **List of all Summit participants**

Please be on the lookout for an invitation to join the Summit participant LinkedIn group in the next couple of days. This will be a great way to communicate with other attendees prior to the Summit.

I hope you are looking forward to the Summit as much as I am!

Best regards,

Pat

Subject: RE: Newsletter for ICDA

Judy,

I am so glad you are representing the Academy with ICDA! I was thinking after our talk yesterday that Marsha probably plans to retire in a couple of years. I am surprised Marsha was convinced to take the position of secretary for four years. With your leadership and the recognition you have already received by being voted on to the board, offered the newsletter editor position, etc., is very helpful in growing our credibility and influence and in hopefully transitioning the secretariat position to the Academy one day.

The questions you asked of Sheela are the ones I would have asked about the newsletter editor position. I think it gives us visibility. In addition to those questions, I would ask if they offer resources for engagement of a part-time assistant. I do think this positions the Academy as a leader with the ICDA member associations and we can certainly provide support once we have an idea of what it entails. I know Alice W. would be thrilled about this shift and may even provide resources to assist.

Best regards,

Pat

[Martin, Donna.pdf](#)

Hi, Donna: Hope all is well with you. We are working on scripts and speeches for FNCE, including the Closing Session, where you'll preside; and also the Pediatric Nutrition DPG executive committee has requested that you speak to them in Boston on your plans as president-elect and next year's president. We're glad to help you develop those talking points.

Attached is your campaign information, which we are pretty certain contains much of the information PN is asking you to discuss. Please let us know if that's the case and we can develop some talking points for you based on this information – which of course you'll be able to review, edit and approve. We estimate your remarks to PN will take 5 or 10 minutes at most.

Please let us know if this plan sounds good to you. Have a great time at the Summit, and we'll talk to you soon.

ON THE PULSE OF PUBLIC POLICY

Medicare Services for Diabetes and Pre-Diabetes: Academy Promotes RDNs and NDTRs to CMS

As part of efforts to ensure appropriate recognition and payment to registered dietitian nutritionists under Medicare Part B, the Academy has submitted comments to the Centers for Medicare and Medicaid Services regarding CMS' proposed rule "Revisions to Payment Policies under the Physician Fee Schedule and Other Revisions to Part B for CY 2017." The Academy spoke strongly about the value of RDNs and nutrition and dietetic technicians, registered as CMS proposes new coverage for a Medicare version of diabetes prevention programs.

[Learn More](#)

Key Health Committee Approves Diabetes Commission Bill

One of the Academy's legislative priorities took a huge step toward possible passage when the health subcommittee of the House of Representatives' powerful Energy and Commerce Committee debated and passed several bills, including H.R. 1192, the National Diabetes Clinical Care Commission Act. Subcommittee members highlighted the Academy's letter of support in addition to a coalition letter of support led by the American Association of Clinical Endocrinologists that included the Academy. The legislation moves now to the full Energy and Commerce Committee for a possible vote this year, which the Academy strongly supports.

[Learn More](#)

Grassroots Efforts Continue: Support for Diabetes Legislation

Despite members of Congress spending much of their summer recess in their home districts, one of the Academy's signature pieces of legislation, the Preventing Diabetes in Medicare Act (H.R. 1686/S. 3082), reached the significant benchmark of 50 bipartisan cosponsors with the addition of Reps. Zoe Lofgren (Calif.), Michelle Lujan Grisham (N.M.), Chellie Pingree (Maine), Reid Ribble (Wis.) and Lucille Roybal-Allard (Calif.). This legislation would ensure Medicare beneficiaries with prediabetes have real access to RDN-provided medical nutrition therapy, which demonstrably improves health by reversing risk factors leading to the progression to diabetes.

New USDA Report: Progress in Household Food Security, Less Hunger

The U.S. Department of Agriculture's Economic Research Service released Household Food Security in the United States in 2015, which points to the lowest figures on record for food insecurity among children. The figures translate to 7.9 million fewer Americans struggling to provide adequate food for themselves or household members since 2011. The Academy continues to advocate for policies to protect access to healthy food to the most vulnerable populations through regulatory comments and in legislation.

USDA Conference: Food Assistance Program Effectiveness

The U.S. Department of Agriculture's Economic Research Service will hold an October 20 conference on "The Impact of Food Assistance Programs on Child, Adult, and Family Well-Being" as a part of its Research Innovation and Development Grants in Economics (RIDGE) Conference series. The annual conference discusses results of grants on topics including food assistance program participation, food insecurity among vulnerable populations and community influence on food assistance and dietary choices. These issues (SNAP incentives and community eligibility provisions) are priorities for the Academy as well.

[Learn More](#)

USDA Grants: Child Care and Schools

The U.S. Department of Agriculture has announced that 2016 Team Nutrition Training Grants will focus on providing schools with support on wellness policies, implementation of Child and Adult Care Food Program healthy meals and snacks, and Smarter Lunchroom tactics. The Academy and other nutrition education groups asked Congress to raise funding for these important grants.

Good afternoon ladies,

Hope this email finds you well. I am confirming Summit rehearsal in Las Colinas Ballroom for Tuesday, September 20, at 7:30 p.m., following the Board dinner.

Diane and her wonderful meetings team and A/V group have arranged this special, **closed-door** rehearsal time. Thank you, Diane!

Look forward to a great Summit in Dallas. Please let me know if you have any questions or need more information.

Best regards,

Doris Acosta

Hi Donna and Marty,

Hope all is well with two of my favorite folks J We are looking forward to an ground-breaking Summit next week in Dallas. You are closing the Summit and Marty you will go first then introduce Donna for final words.

In preparation for the conference call tomorrow at 10 a.m. Central time, attached are your draft remarks and the meeting agenda.

Here is the call-in number 866/477-4564 and conference code 5380206022. Mackenzie Allen will be on the call with Whalen consulting to go over the details with you. Both Mack and I will be onsite for rehearsal and to make any changes you may have. We encourage you to review the remarks, adjust them and make them your own.

Thank you and as always, please do not hesitate to reach out to us with any questions or if you need additional information.

Subject: Bylaws question

Hi,

At your request, I investigated the history and rationale for Article IV, Section 10. Compensation of the Academy Bylaws. Upon a thorough review of all electronic files and paper files housed in the office related to bylaws amendments and actions taken by the House of Delegates, I have identified that this section was added to the Academy Bylaws between March 2000 and May 2000. However, I have found no evidence that this bylaws amendment was approved by the HOD. In consultation with Harold Holler, Academy staff who worked with the HOD at that point in time, he confirmed that this bylaws amendment did not go through the HOD, but perhaps was inserted by Connie Rivera, CEO at that time. This section of the Bylaws has never come up as a point of discussion by the HOD.

Please let me know if I can assist with any other questions related to this issue.

Subject: Investment Management RFP meeting
Attachment:

All,

I just want to follow-up on the meeting dates and times for our Investment Management RFP reviews discussed on our last FAC call. We are planning two sessions, no more than 2 hrs each on December 14th and December 15th. I have not heard from everyone yet regarding your availability. However, I want to make sure you get the dates and times onto your calendars. The responses I have received so far indicate that the mornings would be better. Therefore, I am asking that you put onto your calendars the following;

1. December 14th – 8:30 a.m. CST – 10:30 am CST
2. December 15th – 8:30 a.m. CST – 10:30 am CST

Right now I am asking that you block out 2 hrs each day. As I mentioned on our last call, staff will narrow down the presenters to no more than 3 companies. I am recommending that they provide a 45 minute presentation followed by an 15 minute question and answer session. The RFP went out last week and we are beginning to get responses from individual companies that they would like to bid on the business. So far, we have the following companies that have acknowledged their intent;

1. Northern Trust
2. Segall, Bryant and Hamill
3. JP Morgan Chase.
4. Rothchild Investments
5. Dimeo Schnieder & Associates
6. Vanguard Institutional investor Group
7. BMO Financial Management
8. Merrill Lynch

I expect there will be others because they have until September 30th to acknowledge their intent.

If your schedules have changed or you cannot make these dates, please let me, or Linda Serwat know as soon as possible.

Paul

Subject: FNCE - BOD requests

Hello Donna,

You have been requested to attend the PNPG Executive Committee meeting on Friday, October 14 any time between 2pm-7pm. The meeting is located in the Westin Faneuil room. They are asking if you can speak briefly on your goals as president-elect. May I place this on your schedule? I have let Tom Ryan know and he will reach out to you to prepare some talking points. To determine if this works for you and if so, a time, I have copied your afternoon schedule for October 14 below.

1:00 pm – 4:00 pm

Opening Session/Member Showcase Rehearsal

BCEC

Exhibit Hall B2

L. Beseler (1:00pm-2:30pm)

J. Ragalie-Carr (2:30pm – 2:45pm)

D. Martin (3:00pm – 3:30pm)

2:00 pm – 7:00 pm

Pediatric Nutrition DPG Executive Committee

Westin- HQ

Faneuil

D. Martin

(as schedule permits)

7:00 pm – 10:00 pm

Board Dinner: Boston Tea Party Museum Tavern Nights
(Board the Shuttle bus at 7pm from the Westin hotel)

Boston Tea Party Museum

306 Congress St, Boston, MA

BOD members, Invited Guests

Thanks!

Foundation BOD,

I wanted to give you a heads up on a few emails we have received regarding an ad that ran in this month's *Food & Nutrition* magazine for Herbalife, an exhibitor at FNCE. We also received an inquiry on the HOD community. Below is the response that we will be posting to the community this afternoon. Here is a link to exhibitor information <http://www.eatrightfnce.org/FNCE/content.aspx?id=6442484890>. Herbalife is not an FNCE sponsor; they only have a booth on the Expo floor.

Please let us know if you have any questions or need additional information.

Regards,

Pat

Thank you for your comments regarding Herbalife exhibiting at FNCE® 2016. The Academy of Nutrition and Dietetics respects your position and we hope the response below helps to clarify the role of the Expo and the opportunity it presents for attendees.

First and foremost, the Academy does not endorse any programs, products or services that exhibit at FNCE®. In addition, the views expressed in exhibitor materials do not necessarily reflect the official positions or policies of the Academy. The Academy has not explored a national sponsorship relationship with Herbalife. An engagement at that level would require vetting through the Member Sponsorship Review Committee and approval of the Board of Directors. You can access the guidelines here <http://www.eatrightpro.org/resource/about-us/advertising-and-sponsorship/about-sponsorship/academy-guidelines-for-corporate-relations-sponsors>.

The Expo floor provides an unmatched resource for gathering the latest information and innovations related to food, nutrition and dietetics. It is an exclusive, once-a-year opportunity for registered dietitian nutritionists to meet face-to-face with over 330+ companies and get updates on the latest technologies; discover new and innovative products and services; uncover emerging trends in the nutrition industry; participate in live demonstrations; and dialogue with food and nutrition representatives. In fact, 96 percent of FNCE® attendees visit the Expo to learn about new products and services and most importantly, attendees use their professional judgment to evaluate exhibitor products, programs or services.

New exhibitors are required to share information on the products they will be promoting in their booths. Exhibitor materials may include: nutrition fact labels, product labels, claims including corresponding published science and the exhibitor's website. In the case of Herbalife, the following products were reviewed by Academy Knowledge Center RDNs and determined to be appropriate for the Expo floor:

- Formula 1 Healthy Meal Nutritional Shake Mix
- Protein Bar Deluxe

- Formula 1 Express Meal Bar, Cookies 'n Cream
- Sports nutrition product line

This year's Expo floor includes six themed pavilions, including Natural & Organic, Fresh Zone, Healthy Gut, Wellness & Prevention, Technology for Practice and the Academy Pavilion. If you attend FNCE®, we encourage you to visit the Expo, ask questions and share your comments directly with exhibitors.

Hello Donna,

You have been requested to attend the PNPG Executive Committee meeting on Friday, October 14 any time between 2pm-7pm. The meeting is located in the Westin Faneuil room. They are asking if you can speak briefly on your goals as president-elect. May I place this on your schedule? I have let Tom Ryan know and he will reach out to you to prepare some talking points. To determine if this works for you and if so, a time, I have copied your afternoon schedule for October 14 below.

1:00 pm – 4:00 pm

Opening Session/Member Showcase Rehearsal

BCEC

Exhibit Hall B2

L. Beseler (1:00pm-2:30pm)

J. Ragalie-Carr (2:30pm – 2:45pm)

D. Martin (3:00pm – 3:30pm)

2:00 pm – 7:00 pm

Pediatric Nutrition DPG Executive Committee

Westin- HQ

Faneuil

D. Martin

(as schedule permits)

7:00 pm – 10:00 pm

Board Dinner: Boston Tea Party Museum Tavern Nights
(Board the Shuttle bus at 7pm from the Westin hotel)

Boston Tea Party Museum

306 Congress St, Boston, MA

BOD members, Invited Guests

Thanks!

Joan

Hi Tom,

Attached is yet another rendition of the BOD FNCE schedule. Donna Martin was asked to give brief remarks about her goals as President-elect at the PNPG executive committee meeting on Friday, October 14 2pm-7pm. I will reach out to Donna to secure a time, but can you provide her with some talking points?

I will send you the next revision as it becomes available.

Thanks!

Joan

Get Ready for Some Action – Child Nutrition Reauthorization – Senate May Move Soon

The wait might be over for Child Nutrition. The Senate Agriculture committee is trying to move *Improving Child Nutrition Integrity and Access Act of 2016 (S.3136)* (aka CNR) to the floor for a vote. As you might remember, it is a quality bi-partisan bill that supports the work of child nutrition members. We are confident of the support from the majority of the Senators, thanks to your PPW visits and action alerts. But there may be a few Senators that need additional advocacy and education to support this bill. We have alerted affiliate leaders in key states where the Senators may need additional support. These affiliates are “on-call” if we need to swing into action. We will notify these affiliates if we need their help to reach out to their Senate offices. Much of this depends on government spending package (which ideally should be done by the end of September) that will be decided in the next few weeks. Stay tuned and thank you! Contact Jennifer Folliard if you have questions.

Celebrate Your Advocacy Efforts... More Funding for Farm to School Programs

The United States Department of Agriculture (USDA) just announced that up to \$5 million in grant funds is available to help schools create or strengthen farm to school programs this school year. Farm to school programs, many led by Academy members, help form healthy habits and support local economies. The local foods offered through farm to school programs help school meal programs fulfill the updated school nutrition standards with appealing and diverse offerings. The Farm to School Grant Program was authorized in the Healthy, Hunger-Free Kids Act of 2010 and has funded 300 projects. For more information, visit the grants homepage.

Nominations for 2017 National Election

The Nominating Committee is seeking nominations for the 2017 election. Nominations for President-elect, Speaker-elect and Treasurer-elect closed August 22, 2016. All other nominations are due by October 21, 2016. Help shape the future of the Academy by nominating leaders with the skills and vision to further the profession. Please visit www.eatrightPRO.org/elections to view the positions available on the 2017 ballot and download the nominations form.

Strategic Measures Report Reminder – Due September 23, 2016

Surveys designed to collect information regarding the implementation of the Academy's strategic measures for public policy for the time period of June 1, 2015 through May 31, 2016 were sent to the affiliate, DPG and MIG policy leaders last week. The Affiliate PPC or the DPG/MIG PAL is responsible for completing the survey. If you need additional information about the strategic measures, a webinar recording is posted in the **public policy panel community of interest (COI)** library topic titled "Academy's Strategic Measures for Public Policy". If you need assistance or have questions, please let **me** know.

Malnutrition Advocacy Training Webinar Recording Available

The Malnutrition Advocacy webinar was recorded and the mp4 recording is available on the **Public Policy Panel COI**. The recording is posted in the Quarterly Advocacy Days topic. The recording and the handouts can be found in the Malnutrition September 2016 subtopic. As affiliate, DPG and MIG policy leaders, we recommend that you listen to the recording to be prepared for September/October advocacy in-district visits. All affiliates **are expected** to meet with members of Congress and/or their district staff during October 2016. Additional information will be provided to the affiliate public policy coordinators in the next week.

September 2016 Public Policy Open Forum

The Public Policy Open Forum for September, "Come Out Ahead--Help Decision Makers Understand How They Can Pay for Nutrition Care and RDNs" will be held on **Tuesday, September 20, 2016 p.m. from 2 – 3 p.m. (Eastern Time)**. Register for the forum today! All affiliate, DPG and MIG policy leaders should attend (*please make sure at least one person from your DPG, MIG or affiliate participate*).

September 2016 Quarterly Advocacy Day – Save the Date!

The Academy will host its first quarterly advocacy day on September 26th in Washington, D.C. in collaboration with partner organizations from the Defeat Malnutrition Today Coalition. The event will include a Congressional briefing, Hill visits and ANDPAC hosted reception focused on malnutrition. While members local to the D.C. area are encouraged to attend, the event is open to **all** Academy members and there is no charge to participate. **Register** for the event today or contact the Policy Initiatives and Advocacy Team for more information.

Subject: Trisha Fuhrman Condolence Gesture

September 13, 2016

Hello all,

Many of us were saddened to hear the news on the sudden passing of Trisha Fuhrman's husband, Jim.

We all know how involved Trisha has been for many years in volunteering her expertise within the Academy.

In an effort to show condolences from the current Academy legislative board members, we are providing the opportunity to make a voluntary \$5.00 donation. Your donation will be used to purchase a gift card from Summer Winds Nursery, which is near to Trisha's Missouri home.

The thought is that perhaps Trisha could purchase a plant in remembrance of her husband. We would present this gift card to Trish at FNCE.

Please email Christine with the amount you would like to donate and we will coordinate payment options at a later date.

Thank you,

Hi Donna,

Yes, we have SNS on your schedule. To help you identify a time, I have provided a list of other events on Sunday, October 16 as follows. The schedule is going through final reviews and will be sent to the BOD this week.

3:30 pm – 5:00 pm

Session: On the Shoulders of Giants: Learning through Stories of Inspiration

BCEC

153 ABC

Moderator: D. Martin
BOD Members

(as schedule permits)

5:00 pm – 6:00 pm

Affiliate Presidents and Presidents-Elect Networking Reception

Westin – HQ

Douglass

Any BOD member welcome (as schedule permits)

5:30 pm – 7:00 pm

ANDPAC VIP Reception

Westin – HQ

Hale Room

Any BOD member welcome (as schedule permits)

5:30 pm – 7:30 pm

School Nutrition Services DPG Reception and Networking Event

Westin-HQ

Caspian

D. Martin

(as schedule permits)

6:00 pm – 8:00 pm

Academy Foundation Donor Reception

Westin-HQ

Sauciety

J. Ragalie-Carr

P. Babjak

BOD members (as schedule permits)

8:00 pm – 10:00 pm

President's Reception

Seaport Boston Hotel

1 Seaport Lane

Boston, MA

Lighthouse

L. Beseler

BOD members

Please let me know if you need anything else.

Joan

Hello Donna,

The School Nutrition Services Dietetic Practice Group would like to invite you to the member reception at FNCE. We would like to honor and celebrate your election as incoming president of the Academy. The reception is Sunday night October 16th at the Renaissance Waterfront Hotel, Caspian Room from 5:30 to 7:30 pm.

Again, we would be pleased and honored if you can attend. We know that you have many events to attend. If you can come to the reception, the time of recognition and awards can be worked around your schedule. Please let me know your availability.

Best regards,

Foundation BOD,

Lucille represented the Academy at a *Kids Food Roundtable* today in Washington, D.C. at The National Press Club. Lucille shared that we will be celebrating our 100th anniversary in 2017 and continue our commitment to finding solutions to the greatest food and nutrition challenges of today. She also talked about *Kids Eat Right* and its purpose to re-frame the childhood obesity prevention dialogue to include quality nutrition. Lucille promoted our members and how they are affecting change with families and healthy eating. She also shared that *Kids Eat Right* has more than 500,000 followers over six different social media platforms. Lucille thanked Panera for gathering the group to talk about "re-thinking kid food." In attendance were media from the *Washington Post*, *CNBC*, *Scientific American* "Food Matters," *The Hill*, *NPR* and the *Huffington Post*.

Great job representing the Academy and promoting the profession, Lucille!

Broccoli

Use my story about the teacher finally trying broccoli and liking it!

Another story is about my secretaries nephew who ordered his sub sandwich with fresh spinach on it because of fresh fruit and vegetable grant.

Or the story about the 5 year old, who when on vacation, could name all the fruit in the bowl on the table in the hotel room (Papaya, kiwi, Mango, etc.) when all the adults were clueless!

Thanks, Donna! I think that is where the comments will land. I have reached out to the Alliance for a Healthier Generation to see if their product calculator could simulate the elimination of a total fat standard. Unfortunately, it could not but they were able to provide some examples of what types of foods could be included and noted the some hummus is already included!

Im speaking tomorrow for the United Fresh Conference, in a small educational session, on the importance of the FFVP. I was hoping to use your story about introducing fruit/veg and having the local grocery store run out of the fruit/veg, but I cant remember the fruit or vegetable. :) Was it sweet potatoes?

Hope you are well and the school year is off to a great start!

Best,

Jenn

Jenn, I think my take on this is that I would prefer we do specific exceptions to the rules such as the guacamole and hummus. I can't imagine that either of those items could be made that they would be a terrible thing to sell. If we just take out the fat percentage then I think we could get into all sorts of trouble. Just my thoughts! Thanks for asking!

Subject: RE: Child Nutrition Programs Final Rules

Linette,

USDA is asking for comment on removing the total fat requirement for competitive foods (retaining the sat fat, calories etc.); or allowing an exemption for hummus and guacamole.

If we eliminated the total fat requirement more baked chips varieties would be able to sold and depending on the serving size of hummus/guacamole it may not qualify due to saturated fat %.

If we provide an exemption for hummus and guacamole (like nut butters), neither of which have a standard of identity from FDA, I am unsure how to define these to ensure good nutrition.

Any insights are welcome!

Very best,

Jenn

Are you interested in participating in telehealth? Do you know about the rules and regulations surrounding this emerging area?

Telehealth is an emerging area of practice for many health care professionals. Regulations, policies, and standards are in flux until a gold standard becomes consensus; but that has not stopped technology from entering into mainstream practice. Its not surprising that you have these questions.

The Academy has responded to this need and has developed a number of resources to guide you.

Hi everyone,

The best learning experience from ICD was the commonalities we all share as a profession. Even those recognized by their governments as the only providers still struggle with influence and credibility issues. The workshop at the global nutrition leaders session was illuminating . We were voted in as secretariat by those countries represented there and it was obvious they listen to what we say. Knowing that South Africa leadership cited us as providing them with the assistance needed to organize as an association is gratifying , and with Judy on the ICDA Board, we can really showcase what we can bring to the table. Our presence in South Africa on the program is just the beginning. Our presence will also be felt on the exhibit floor and we can't let the cost of exhibiting be an excuse ever again. The ROI is there in selling products and licensing, and an opportunity was missed.

The importance of selecting the right Academy representative was a major take-away. I am very serious about us going after the secretariat role of ICDA and will talk with Judy about it. Her role on the Board is pivotal and she is skilled in servant leadership, which will win others over. I'm sorry to see Sandra's role diminished, but visualizing Judy, Esther and Alison at the helm makes me excited about the possibilities!

In the short term , I will be talking to staff about increasing our efforts for high representation of countries at FNCE 2017, and we'll be sure to recognize them in a roll call at Opening Session.

Traditionally AODA plans the international reception, and frankly seeing its planning for the exhibit, it's time we invested time, resources , both financial and staffing (not new staff) and full Board attendance to visibly show our appreciation for collaboration . I'll see what we can do this year to enhance the event and will report back at the 4Ps meeting. Obviously all these are tactical. The International Strategic Plan will be updated following our Second Century Summit.

I had such a great time socializing with you and missed you at breakfast of black coffee and toast.:(I finally took one hydrocodone last night and feel no pain--made me think of Pills Before Medicine for just one brief second!! The trip home was uneventful and comfortable. Robin, you are a joy to be around, and thank you for the logistical and translation help--am so glad you'll be in Boston!

Hope all is going well for Judy.

Looking forward to seeing you soon!

Hola! Believe it or not I have not slipped up yet with the muchas gracious or hola!

I am glad to be home, but more glad that I went. I am a true believer in the importance of the Academy not only having a presence with ICD, but that we need to try and take the lead in steering this organization to the greater good of Dietitian/Nutritionists all over the world. I strongly feel like Judy is the person to be able to do this for us! I am very excited to see what becomes of all the work being done on behalf of dietitians in other countries to improve their access to knowledge and credentialing, whatever form that may take.

I also agree with Lucille, that the bonding that went on amongst us will be extremely beneficial.

How nice will it be to have a board who functions in tandem with the CEO and to develop collegiately amongst us? I see those flames rising in that direction and it is a path worth continuing down.

If everyone will add their pictures to the Granada files in icloud I will try and do something with them. I would especially like Cathy's pictures that chronicle how we ate our way through Granada. Can't wait to see most of you in Dallas and the rest of you at FNCE!

Hi My traveling buddies:

I was home by 9:30 PM last night. Got a second wind unpacked and washed my stinky clothes. Realized I did not buy enough made in Spain shoes could of bought one more pair! Went to bed at 11pm and up at 6:30 am!

I want to thank all of you for making this trip memorable. There is nothing better when a team bonds as closely as we did. I had fun and hope you all did too.

Looking toward the future on what was said at the conference... In the future I hope we have a stronger presence at ICD, more presentations. Judy will be great as part of the board. Next we need to put our attention to Asia (I know we started doing that). China wants to have 3 million dietitians!! Great opportunity for us. Their next meeting is in Hong Kong in 2017- we should consider submitting some presentations.

Thanks. Have a great week everyone. Countdown to FNCE! Lucille

Dear *Journal* Reader:

You should have received an email yesterday from George Woodward, publisher of the *Journal of the Academy of Nutrition and Dietetics*, regarding your participation in an important survey. If you have not already done so, please complete the survey as soon as possible your input is valued and will help ensure the *Journal* provides the most useful articles and information.

In appreciation of your time, you will be able to enter **a drawing for a chance to win one of four \$50 Amazon® gift cards** upon completion of the survey.

If you did not receive the survey invitation in your inbox, please check your spam folder. A reminder email will be sent to non-respondents on September 13.

Thank you for helping the *Journal* better serve all of its readers.

Sincerely,

Jason Switt
Editorial Director
Journal of the Academy of Nutrition and Dietetics

This survey email was sent to you from the Academy of Nutrition and Dietetics.

Cars, trains, buses and airplanes! I feel like I'm in the John Candy movie. Went to get luggage and spoke with a less than helpful agent and then went through very disinterested customs. I don't know why they bother with the process. At least this country has been thoroughly consistent and perfected disinterest and boredom. The gypsy dancers must train the nation in those attributes during the day; they're not ladies of the day as we thought. I actually was where we all originally met and

bought the coveted sandwich to eat on the plane! Then I went through the fast track that we went thru before (w the exception of Cathy) near the dirty bathrooms we had the pleasure of using. Then took a train which followed with another 10,000 steps to the gate. When I got there the AA rep said I should go to the Iberia Club since I was eligible (nice new info I wasn't told about) and have so much time to spare and walked back another 3,000 steps. Those in the club eat as though it's their last meal!

The biggest surprise is that I yet Again have to pick up my luggage at Charlotte and go back to the desk agent!! I was told my luggage was going direct to O'Hare from Madrid. There's something to be said for regular third class ticket and flying direct. Hope you all had a good experience to get to your gates. Had a great time with you all, or as Midwesterners say-- you guys! See you soon!

Best,
Pat

Hi Pat-

Good news follows:

The Publications team and the Marketing team collaborated a totally new student prep exam. We are launching it on 9/15/16. I know you'd like to see our business/revenue plan, and both are attached. The first document is the full plan, and the second is a one-page snapshot of anticipated revenue and market growth. on I made a few small edits to this file.

We solicited input from CDR and ACEND as well for this project, so the collaboration involved more than just our two teams, and I think led to a better product.

Please let me know any adjustments you'd like us to make and we'll be happy to do so.

Nominations for 2017 National Election

The Nominating Committee is seeking nominations for the 2017 election. Nominations for President-elect, Speaker-elect and Treasurer-elect closed August 22, 2016. All other nominations are due by October 21, 2016. Please visit www.eatrightPRO.org/elections to view the positions available on the 2017 ballot and download the nominations form.

Academy Statement on H.R. 1192

The bill creates a commission that would include registered dietitian nutritionists to review the ways the government spends money on activities related to the diagnosis and treatment of diabetes and other metabolic, autoimmune and insulin resistant diseases, and make recommendations on how these funds could be utilized more effectively. Learn more at the link below:

Subject: September 20-21 Board Meeting Agenda
Attachment: [Att 2.0 September 20-21 BOD Meeting AgendaDRAFT.pdf](#)

Attached for your review and input is the draft agenda for the September 20-21 Board meeting. We welcome your feedback.

On Friday, September 9, I will begin to post the materials for the meeting on the Board of Directors' communication platform. Paper copies will not be automatically provided; please contact me by Monday if you want to receive a paper packet. Attachments for the Executive Session will not be placed on the communication platform but will be e-mailed to you prior to the meeting.

Best regards,

Joan

Joan Schwaba, MS, RDN, LDN

Sent Date: Sep 07, 2016 15:29:06
Subject: Public Policy Pipeline
Attachment: [unknown_name_kdh2w](#)

Dear ANDPAC, CPLS and LPPC Leaders:

On the August 2016 LPPC call, members expressed an interest in participating at a higher level in the regulatory comment submissions drafted by the Academy. It was noted that a Policy Pipeline is maintained that allows staff to identify members with expertise in the public policy priority areas. These members can be called upon for content expertise, nominated for open agency committee positions or recommended for workgroups or task forces. In order to ensure that we include all of you in the areas in which you have expertise, we ask that you review the attached document and add in your information. As you will notice, there are different levels of expertise -- feel free to self-identify in as many areas as you would like. After adding your information, please submit the document to Christine Rhone at crhone@eatright.org.

Please let me know if you have questions or need additional information.

Best Regards,
Jeanne

Jeanne Blankenship, MS RDN

We are deeply saddened to inform you of the death of Trisha Fuhrman's husband Jim who passed away suddenly from a massive coronary on Sunday, September 4. Trisha served the Academy as a former Speaker of the House, an HOD Director and a Director at Large (2005-2012). She is currently serving on the ANDPAC board of directors but has also served on the LPPC and as the liaison to the CPLS. Information regarding the visitation and funeral is pending.

Condolences may be forwarded to:

Trisha Fuhrman
1932 Prospector Ridge Drive
Ballwin, MO 63011

ON THE PULSE OF PUBLIC POLICY

Hearing on Diabetes Bill: House Committee Grants Request of Academy and Partners

The Academy joined dozens of organizations representing physicians, allied health professionals, patients, community health organizations and industry in submitting a letter of support commending the House Energy and Commerce Subcommittee on Health for plans to hold a legislative hearing on September 8 regarding H.R. 1192, The National Diabetes Clinical Care Commission Act. The hearing comes after months of requests and is essential to move the bill forward. The bill creates a commission that would include registered dietitian nutritionists to review the ways the government spends money on activities related to the diagnosis and treatment of diabetes and other metabolic, autoimmune and insulin resistant diseases, and make recommendations on how these funds could be utilized more effectively.

USDA Selects Pilot Sites for Home-Delivered Meal SNAP Benefits

The U.S. Department of Agriculture announced the organizations that have been selected to participate in a nationwide pilot designed to improve access to groceries for homebound elderly and disabled people participating in the Supplemental Nutrition Assistance Program (SNAP). This pilot will help shape upcoming final regulations, first proposed at the 2015 White House Conference on Aging, which will permit governmental and non-profit food purchasing and delivery services to accept SNAP benefits as payment and thus increase opportunities for home delivery to those unable to shop for food.

Updated CDC Maps Show Continued Challenge of Obesity

The Centers for Disease Control and Prevention's Division of Nutrition, Physical Activity, and Obesity released its 2015 state- and territory-specific maps on adult obesity prevalence using self-reported information from the Behavioral Risk Factor Surveillance System. The maps show the proportion of adults with obesity continues to remain high, with estimates ranging from 20.2 percent in Colorado to 36.2 percent in Louisiana.

2016 Breastfeeding Report Card

The Centers for Disease Control and Prevention released the 2016 Breastfeeding Report Card that includes two groups of indicators measuring types of support in key community settings as well as the most current data on breast-feeding goals as outlined in Healthy People 2020. Breast-feeding rates come from the National Immunization Survey, which provides estimates of vaccination coverage children and has integrated questions to track breast-feeding since 2001.

ACADEMY MEMBER UPDATES

School Spirit: Bring Students to FNCE

The Food & Nutrition Conference & Expo helps instill beliefs, values, attitudes and behaviors in students that will prepare them for practice and lifelong learning. Educators: Give your students the best possible start in dietetics and bring them to FNCE. The Academy will recognize four programs, one for each program type: Didactic Program in Dietetics, Dietetic Internship, Coordinated Program in Dietetics and Dietetic Technician Program. The four programs that bring the highest percentage of students to FNCE will receive special recognition with President Lucille Beseler, MS, RDN, LDN, CDE, FAND, and complimentary site access for up to three Center for Lifelong Learning webinars. Email your number of total enrollment, number of students attending FNCE and the percentage this represents to education@eatright.org.

Now Open: 2017 FNCE Call for Educational Sessions

The Academy is looking for innovative, cutting-edge educational sessions for the 2017 Food

&Nutrition Conference &Expo that will make an impact. Proposals will be accepted online through November 15. FNCE 2017 will be October 21 to 24 in Chicago.

[Learn More](#)

Nominations for 2017 National Election

The Nominating Committee is seeking nominations for the 2017 election. Nominations for President-elect, Speaker-elect and Treasurer-elect closed August 22. All other nominations are due by October 21. Help shape the future of the Academy by nominating leaders with the skills and vision to further the profession.

At FNCE: Nutrition Symposiums

Two Foundation Nutrition Symposiums will be held October 15 at the Food &Nutrition Conference &Expo. "Innovation: Shaping the Future of Dietetics" will bring together a diverse set of food, wellness and health care experts to demonstrate high-tech innovations and scientific advances that will radically change and advance the way consumers access and prepare food and receive health services. Supported by Academy Foundation Donor Elanco. "Minding the Gap: A Role for

Vitamin and Mineral Supplements?" will review and examine past approaches to health and eating; the nutrient status of Americans; controversies surrounding the interpretation of nutrition science; and the 2015-2020 *Dietary Guidelines for Americans* and nutrient shortfalls. Supported by Foundation Donor Nature Made. Registration for each Nutrition Symposium is a \$10 donation to the Foundation.

Attend FNCE Session 'Living in Wasteland: Effective Practice and Advocacy Strategies'

This October 17 session takes a farm-to-fork approach in exploring critical points of food waste throughout the food chain and their associated costs. Learn how the Academy is partnering with other organizations to reduce food waste locally and globally, and what practitioners can do to get involved.

[Learn More](#)

We Care, We Give, We Make a Difference

The Foundation is the only charitable organization exclusively devoted to nutrition and dietetics and does not receive a portion of any member's dues. The success and impact of its programs and services are attributed to the generous support of donors who have helped the Foundation become a catalyst for members and the profession to come together and improve the nutritional health of the public.

Dear Lucille, Donna and Pat,

Attached is a revised schedule highlighting the events for which you are registered. The sessions shaded in blue have a speaker who is an Academy member. The full conference schedule is available online for Wednesday and Thursday or can be accessed by using the *ICD 2016 Granada* app.

Lucille and Pat, you are confirmed for the ICDA Led Workshop: Elevating Nutrition on the Global Agenda on Thursday, September 8 from 12:00pm – 2:00pm in the Andalucia 2 Room of the Palacio de Congress. We are confirming with the conference organizers regarding Lucille's other workshop registrations and will circle back with you on Wednesday.

Please let me know if you have any questions or need anything else.

Best regards,

Joan

Hi Donna,

Chirag forwarded your email to me about your room in Boston. I manage all the hotels for FNCE. As the President-Elect you will be upgraded to an Executive Suite at the Westin Waterfront, our headquarter hotel. The Executive Suite includes a pull-out couch. I attached the diagram of the Executive Suite for you to see. Will this work for you and your sister? Otherwise I can put you in a standard double bedded room. Let me know if you have any questions.

Hope you are enjoying Granada!

Donna,

I have sent this question on to Linette, as Policy leader of the SNS DPG, but I of course welcome your input! Any thoughts?

Hope you are doing well. More insights on CNR following the meeting with the Senate Majority and Minority staff today.

Best,

Jenn

From: Jennifer Folliard
Sent: Wednesday, September 07, 2016 10:49 AM
To: 'Linette Dodson'
Subject: RE: Child Nutrition Programs Final Rules

Linette,

USDA is asking for comment on removing the total fat requirement for competitive foods (retaining the sat fat, calories etc.); or allowing an exemption for hummus and guacamole.

If we eliminated the total fat requirement more baked chips varieties would be able to sold and depending on the serving size of hummus/guacamole it may not qualify due to saturated fat %.

If we provide an exemption for hummus and guacamole (like nut butters), neither of which have a standard of identity from FDA, I am unsure how to define these to ensure good nutrition.

Any insights are welcome!

Very best,

Jenn

Hi Milton,

I saw that Judy Rodriguez already informed you that she, Alison Steiber, Cathy Christie and I need to meet re the Academy's Global Nutrition Initiative since Judy was elected to the ICDA Board as of yesterday. We have to quickly bring her up to speed re opportunities and challenges since she will this week represent us in a discussion on the direction of this international leadership collaborative .

On behalf of the four of us, please accept our sincere regrets as we were looking forward to enjoying a relaxing and what looked like a delicious dinner with U. S. colleagues!

Lucille, her sister, and Donna are attending and are looking forward to enjoying the company of members and friends attending ICD. Please be sure to send me the invoice for all three. Thank you, and have a wonderful time!

Best regards,

Pat

Dear Colleague,

On behalf of Carlos Vicente, Dr. Beatriz Dykes, and Dr. Sylvia Klinger, I'm thrilled you'll be joining us for dinner:

WHERE: Arriaga Restaurante <http://www.restaurantearriaga.com/>

WHEN: September 7, 2016 at 8:30 pm

We will begin with beverages, appetizers, and networking, and then dine around 9 pm. The Spanish-language version of the **menu** is *attached*, and I've had it translated into English:

Appetizers, served standing:

Prawn, vegetable, and soy dim-sum

Hollow bread filled with salmorejo and D.O. Trevelez ham

Garlic prawn bites

Sit-down menu served for sharing:

Our ham: Iberian pork shoulder carpaccio, wild sprouts, mushroom jam, Manchego cheese, cream and crepes

Grilled cuttlefish over cornstarch pudding, Pelayo juice, and crunchy ink-dipped tentacles

Served individually:

Cod fillet, under a veil of grilled onions, garlic sauce and charcoal nuanced vegetables

Bull tail, whole but boneless, under onion paper, served with potatoes, crunchy on the outside and creamy on the inside

Mascarpone and strawberries, some fresh and some caramelized, served with cold gin & tonic crystals

Coffee and AgA chocolates

Bodega

White wine: Vega Real. Verdejo. Rueda.

Red wine: Señorío de Lazán, Magnum. Somontano

Water, beers, soft drinks

è I have made note of food allergies and dietary restrictions for those who notified me.

GUEST LIST:

Please see the attached Excel file for names and affiliations of guests attending the dinner. And please correct me if I've misidentified your affiliation/title or omitted other important information.

I have downloaded the **WhatsApp** for communication convenience, and I will also be available via cell/text/email. I look forward to seeing you soon!

Sincerely,

Milton

Dear Lucille, Donna and Pat,

Attached is a revised schedule highlighting the events for which you are registered. The sessions shaded in blue have a speaker who is an Academy member. The full conference schedule is available online for Wednesday and Thursday or can be accessed by using the *ICD 2016 Granada* app.

Lucille and Pat, you are confirmed for the ICDA Led Workshop: Elevating Nutrition on the Global Agenda on Thursday, September 8 from 12:00pm – 2:00pm in the Andalucia 2 Room of the Palacio de Congress. We are confirming with the conference organizers regarding Lucille's other workshop registrations and will circle back with you on Wednesday.

Please let me know if you have any questions or need anything else.

6. Food and Nutrition Policy Sessions at FNCE[®] **2016**
7. Affiliate, DPG and MIG Public Policy Town Hall Event at FNCE[®] 2016 – **Register Today!**
8. DPG and MIG PAL Networking Events at FNCE[®] 2016 – **Register Today!**
9. Thumbs Up!
10. Dates to Remember

Hearing Update: National Diabetes Clinical Care Commission Act

On Thursday, September 8 at 10 a.m. (Eastern Time), the National Diabetes Clinical Care Commission Act (H.R. 1192) will be included in a hearing of the House Energy and Commerce Sub-committee on Health. This legislation creates a commission comprised of diabetes experts, including registered dietitians and other health care professionals that treat diabetes, patient advocates and representatives from the federal agencies most involved in diabetes care.

It is extremely important that the H.R. 1192 is moving through committee, and hopefully to the House floor for a vote while Congress is in session this month. The Academy has signed on to a letter of support for H.R. 1192, and also submitted a letter of support for the record during the hearing. We will keep you updated on Thursday's hearing, and on any advocacy efforts that are needed at that time. Thank you for all of your advocacy work!

Strategic Measures Reports Due by September 23, 2016

Surveys designed to collect information regarding the implementation of the Academy's strategic measures for public policy for the time period of 1, 2015 through May 31, 2016 were sent to the affiliate, DPG and MIG leaders today. The Affiliate PPC and DPG/MIG PAL is responsible for completing the survey. Data for four advocacy engagement measures is collected via the software program used by the Academy for managing grassroots advocacy. This data is the action alert and ANDPAC participation by DPG members and DPG leaders.

If you need additional information about the strategic measures, a webinar recording is posted in the **public policy panel community of interest (COI)** library topic titled "Academy's Strategic

Measures for Public Policy”. If you need assistance or have questions, please let me know.

Malnutrition Advocacy Training Webinar - Reminder

Have you registered for the Malnutrition Advocacy Training webinar scheduled for tomorrow, September 7, 2016 from 2 – 3 p.m. Eastern Time? **Register Here** . All affiliate, DPG and MIG policy leaders should plan to attend or listen to the recording at a later date to be prepared for the September Advocacy in-district visits.

September 2016 Public Policy Open Forum

The Public Policy Open Forum for September, “Come Out Ahead--Help Decision Makers Understand How They Can Pay for Nutrition Care and RDNs” will be held on **Tuesday, September 20, 2016 p.m. from 2 – 3 p.m. (Eastern Time)**. Register for the forum today! All affiliate, DPG and MIG policy leaders should attend (*please make sure at least one person from your DPG, MIG or affiliate participate*).

September 2016 Quarterly Advocacy Day – Save the Date!

The Academy will host its first quarterly advocacy day on September 26th in Washington, D.C. in collaboration with partner organizations from the Defeat Malnutrition Today Coalition. The event will include a Congressional briefing, Hill visits and ANDPAC hosted reception focused on malnutrition. While members local to the D.C. area are encouraged to attend, the event is open to **all** Academy members and there is no charge to participate. **Register** for the event today or contact the Policy Initiatives and Advocacy Team for more information.

Food and Nutrition Policy Sessions at FNCE[®] 2016

Affiliate, DPG and MIG Public Policy Town Hall Event at FNCE[®] 2016

Do you enjoy the monthly open forum networking opportunities but wish you could get more information from your colleagues? If yes, please plan to join us on **Saturday, October 15, 2016 from 1:00 – 3:00 p.m. (Eastern Time)** in Boston for a town hall event hosted by public policy leaders. The town hall event will be held at the Westin Boston Waterfront Hotel in the Harbor Ballroom 1. Each affiliate, DPG and MIG is encouraged to send at least one policy panel member to this event. Please **register here** if you are planning to attend the public policy town hall event on Saturday, October 15. If you have questions, please contact **me**.

DPG and MIG PAL Networking Events at FNCE® 2016

The Academy's policy initiatives and advocacy (PIA) staff will be holding an informal networking event on Sunday morning, October 16, 2016 from 7:00 – 8:00 a.m. in Boston with DPG/MIG PALs who wish to attend to discuss public policy and advocacy issues. The networking event will be held at the Westin Boston Waterfront Hotel in the Stone meeting room. **Register here!**

Thumbs Up!

Do you have success stories to share? Policy leaders are looking for ideas that work. Please send your ideas and success stories with us.

Jessica Bradley, State Regulatory Specialist for Arkansas Academy of Nutrition and Dietetics, participated in the USDA Fall Forum focusing on *Land Tenure and the Next Generation of Farmers*. Jessica, who is fourth generation farmer, emphasized the importance of connecting agriculture to health. She also highlighted the role of RDNs to help educate about the importance of agriculture to consumers through programs like farm to school. These conversations will continue through the Fall and are setting the stage to shape the next Farm Bill. Thank you for representing the Academy of Nutrition and Dietetics and bridging agriculture, nutrition and health.

Hearing Update: National Diabetes Clinical Care Commission Act

On Thursday, September 8 at 10 a.m. (Eastern Time), the National Diabetes Clinical Care Commission Act (H.R. 1192) will be included in a hearing of the House Energy and Commerce Sub-committee on Health. This legislation creates a commission comprised of diabetes experts, including registered dietitians and other health care professionals that treat diabetes, patient advocates and representatives from the federal agencies most involved in diabetes care.

It is extremely important that the H.R. 1192 is moving through committee, and hopefully to the House floor for a vote while Congress is in session this month. The Academy has signed on to a letter of support for H.R. 1192, and also submitted a letter of support for the record during the hearing. We will keep you updated on Thursday's hearing, and on any advocacy efforts that are needed at that time. Thank you for all of your advocacy work!

Strategic Measures Reports Due by September 23, 2016

Surveys designed to collect information regarding the implementation of the Academy's strategic measures for public policy for the time period of 1, 2015 through May 31, 2016 were sent to the affiliate, DPG and MIG leaders today. The Affiliate PPC and DPG/MIG PAL is responsible for completing the survey. Data for four advocacy engagement measures is collected via the software program used by the Academy for managing grassroots advocacy. This data is the action alert and ANDPAC participation by DPG members and DPG leaders.

If you need additional information about the strategic measures, a webinar recording is posted in the **public policy panel community of interest (COI)** library topic titled "Academy's Strategic Measures for Public Policy". If you need assistance or have questions, please let me know.

Malnutrition Advocacy Training Webinar - Reminder

Have you registered for the Malnutrition Advocacy Training webinar scheduled for tomorrow, September 7, 2016 from 2 – 3 p.m. Eastern Time? **Register Here.** All affiliate, DPG and MIG policy leaders should plan to attend or listen to the recording at a later date to be prepared for the September Advocacy in-district visits.

September 2016 Public Policy Open Forum

The Public Policy Open Forum for September, “Come Out Ahead--Help Decision Makers Understand How They Can Pay for Nutrition Care and RDNs” will be held on **Tuesday, September 20, 2016 p.m. from 2 – 3 p.m. (Eastern Time).** Register for the forum today! All affiliate, DPG and MIG policy leaders should attend (*please make sure at least one person from your DPG, MIG or affiliate participate*).

September 2016 Quarterly Advocacy Day – Save the Date!

The Academy will host its first quarterly advocacy day on September 26th in Washington, D.C. in collaboration with partner organizations from the Defeat Malnutrition Today Coalition. The event will include a Congressional briefing, Hill visits and ANDPAC hosted reception focused on malnutrition. While members local to the D.C. area are encouraged to attend, the event is open to **all** Academy members and there is no charge to participate. **Register** for the event today or contact the Policy Initiatives and Advocacy Team for more information.

Pat-

We have confirmed the two following lecturers for the Wimpfheimer-Guggenheim lecture at FNCE 2016:

1. Graciela Gonzalez- immediate past president of Argentina
2. Fernanda Kroker-Lobos- SLAN leader; PhD nutrition epidemiologist from Panama at INCAP (Institute of Nutrition in Central America and Panama)

Both speakers are scheduled to be at ICDA as speakers as well.

Additionally, Viviana Corteggiano will be in attendance at both ICDA and FNCE as she is the current President of Argentina but didn't feel comfortable enough to present in English at FNCE.

I wanted you to be aware as Rita Batheja is trying to get info on the lecturers and thought it best if you, Lucille, Donna, and Judy might be able to connect with them if possible. They were all just sent follow up info on Friday, Sept 2 with the travel, registration, housing, and Gala details. They will all be at the Westin (HQ) during FNCE.

If you need further info on the speakers, let me know.

Thank you, Kay, for your eloquent assessment. I could not agree with you more that education is the cornerstone of the profession. Your heartfelt comments reminded me to recognize a truly wonderful aspect, our profession reflects a breadth and depth of talent and opportunity. Acknowledging our tremendous pool of potential candidates operating in all areas of practice both traditional and nontraditional, we must create a path forward that will continue to provide motivated, experienced, and exceptional members an opportunity to lead. The discussion of the stipend is just a small piece of that puzzle -- just one obstacle that we will overcome -- and perhaps we are being too narrow in our conversations. We will find a number to adequately cover individual expenses incurred to step aside from a busy practice, crowded lecture hall, research grant, classroom or kitchen, to enable talented members to become future leaders and serve our great profession. FAC has certainly done their due diligence and the recommendation is reflective of that work. Our legal counsel and auditors are confirming the matter raised during the last call and will clarify the course of action we would need to follow if the proposed stipend exceeds what could be considered a reasonable amount to cover volunteer expenses. The more important lesson we are learning from this exchange is that we need to value the contribution that every one of us brings to the table, to not be biased by our own professional experiences and to ready ourselves and our members for a brilliant future.

Subject: SNA - Mtg with Katie Wilson

Hi Donna,

Thanks so much for your response below and everything you have tried to do to bring SNA and nutrition groups together for a peace pow wow on CNR.

I met with Katie Wilson this morning to discuss the FFVP "all forms" pilot evaluation report which is expected to be published in early October but we ended up talking mostly about CNR and SNA.

Katie is not hopeful about SNA and doesn't think situation will change until there is a new SNA CEO. Katie mentioned that SNA has asked USDA to change regulations on sodium and whole grains before end of Obama Administration, so I guess they are assuming no CNR this year.

We will all know more by late tomorrow, Julian and Jacqlyn are meeting with advocates at 5 pm. Some of us are trying to stay optimistic about getting CNR done this year, but that optimism

decreases by the day. One thing to keep in mind --- if CNR doesn't get finished this year it could be several years before Congress takes it up again. The pressure is already building on the Senate AG Committee to get started with the 2018 Farm Bill ASAP and they don't have the bandwidth to deal with a farm bill and CNR at the same time...just my opinion. If SNA thinks they will have another chance in the next year in the next Congress, they may need to rethink that.

Jenn and I can let you know what we learn tomorrow with Julian and Jacqlyn.

I hope the new school year is going well for you. I miss seeing you!

Subject: Re: any progress on high level mtg SNA and Nutrition Advocates?

Lorelei and Jenn, I talked this over with Mary Pat, and what we thought would be the best approach was to wait until after the November 8th election and see what the outcome was and how it will change the face of the politics on the hill. Then we would get all the interested parties together to map out a unified strategy for CNR going forward, with the make up of the hill in mind. If I thought we were really going to be able to get CNR passed before November 8th I would try and get everyone together, but I was not that optimistic. If you think it is going to happen then I would continue to try. SNA is now going to get their own Summit together to get people on board. That is what they told me when I tried to get one done and include them. They will not include USDA in their "summit" because USDA cannot lobby. I love them stealing my idea, but if they get

it together, that would be great. USDA or no USDA we need to get everyone at the table. Yet, I thought if we were just going to strategize after the election then USDA could then come. That is my plan for now, wait and see until November 8th and then act. I will take any advice.

I had Rick Allen in the school yesterday for a big event. Got him lots of publicity in the newspaper and on TV. Not sure I changed his mind, but I am nibbling at him every chance I got.

Subject: any progress on high level mtg SNA and Nutrition Advocates?

Hi Donna,

I hope school is off to a good start and that you had some time for a vacation over the summer. I'm checking in with you to ask about any progress securing a high level meeting between SNA and child nutrition advocates?

This meeting is very important to build trust and see if we can all work together to try to get CNR over the finish line this year and also if CNR doesn't make it to finish line this year. Jenn, AHA, Pew and myself have meetings with House ED/Workforce committee staff today and with Jacquelyn on Monday. The situation is urgent but so is trusting SNA again. Are they going to continue to work to repeal school meal nutrition standards, including the F/V, sodium, Smart Snacks, and whole grains, thru policy riders in AG Appropriations?

Below I've pasted in article from Politico this morning about SNA.

Thanks for any help/miracles you can pull off. Lorelei

SNA DROPS LOBBYING FIRM: The School Nutrition Association is shaking up its approach in Washington, just weeks before the Senate could move on child nutrition reauthorization legislation.

The group, which represents some 55,000 school nutrition professionals, did not renew its \$90,000 per-quarter contract with lobbying firm Barnes &Thornburg last month, disclosure records show.

The move comes after years of infighting - and public spats with first lady Michelle Obama and the USDA - over new school meal standards, which SNA has lobbied to relax. Back in 2014, the group weathered criticism from past leadership for dropping its longtime lobbying firm, Olsson Frank Weeda Terman Matz, which specializes in food and agriculture issues, in favor of Barnes &Thornburg - which at the time represented the National Rifle Association and mostly non-food-related clients and was widely seen as more adversarial in its approach on Capitol Hill. As part of SNA's new strategy, the group will do its lobbying with in-house resources and contract with Food Directions LLC, a firm known for its middle-of-the-road approach, to advise on nutrition issues more broadly.

Asked about the shakeup, SNA CEO Patricia Montague told MA the switch is in line with the association's strategic plan. "SNA has centralized lobbying and legislative activities by expanding internal staff resources," Montague said. "While SNA greatly appreciates Barnes &Thornburg's work, SNA no longer requires their lobbying services and will not replace the firm." For those who want to time-travel back to 2014 and SNA's infighting, your vehicle is here.

Reality check: MA readers might recall that the House introduced an extremely contentious child nutrition bill in the spring, setting up an even tougher road for getting reauthorization done in the foreseeable future. It's still possible the Senate will shepherd its bipartisan bill through the chamber, creating the possibility of the bill being attached to another must-pass vehicle later this year. Stay tuned. Meanwhile, brush up here on Democrats' furor over the House bill in June.

Attachment:

We are deeply saddened to inform you of the death of Trisha Fuhrman's husband Jim who passed away suddenly from a massive coronary on Sunday, September 4. Trisha served the Academy as a former Speaker of the House, an HOD Director and a Director at Large (2005-2012). Information regarding the visitation and funeral is pending.

Condolences may be forwarded to:

Trisha Fuhrman
 1932 Prospector Ridge Drive
 Ballwin, MO 63011

Best regards,

Joan

To: Mary C. Wolski; Joan Schwaba
Subject: RE: Information for Granada

Hi,

I have attached Evelyn's hotel confirmation at Hotel Saray. The reservation was made with the Academy's card but it is my understanding that she will pay for the stay. There has not been any arrangements made from the airport to the hotel. The airport is approx. 13 miles away from the hotel. There is taxi service and a bus that runs to Granada.

We are sad to share the news that Denice Ferko-Adams' sister Kathleen Smedley passed away on Thursday, September 1, after a courageous four-year battle with multiple myeloma. Denice sends special thanks to Academy Board members for their ongoing support during her sister's illness.

On behalf of the Board, a memorial contribution will be made to the scholarship fund set up in memory of Kathleen for high school seniors majoring in education. The complete obituary may be read [here](#).

Pat-

We have confirmed the two following lecturers for the Wimpfheimer-Guggenheim lecture at FNCE 2016:

1. Graciela Gonzalez- immediate past president of Argentina
2. Fernanda Kroker-Lobos- SLAN leader; PhD nutrition epidemiologist from Panama at INCAP (Institute of Nutrition in Central America and Panama)

Both speakers are scheduled to be at ICDA as speakers as well.

Additionally, Viviana Corteggiano will be in attendance at both ICDA and FNCE as she is the current President of Argentina but didn't feel comfortable enough to present in English at FNCE.

I wanted you to be aware as Rita Batheja is trying to get info on the lecturers and thought it best if you, Lucille, Donna, and Judy might be able to connect with them if possible. They were all just sent follow up info on Friday, Sept 2 with the travel, registration, housing, and Gala details. They will all be at the Westin (HQ) during FNCE.

If you need further info on the speakers, let me know.

A communication from Mary Pat Raimondi, Vice President, Strategic Policy and Partnerships, follows below.

Best regards,
 Joan

Joan Schwaba, MS, RDN, LDN

Director, Strategic Management

Academy of Nutrition and Dietetics

+++++

Attached is the Academy's letter recognizing the bipartisan leadership of the House Education and Workforce Committee in Congress to hold a hearing next week on the National Diabetes Clinical Care Commission Act. This Act will bring together providers of diabetes care that includes RDNs to help set a vision for improving coordinated care. Nutrition services and MNT is a cornerstone of diabetes prevention and treatment.

We are very proud that many of the House leaders are recipients of ANDPAC support. We will keep you posted and thank you for your support.

Please let me know if you have any questions.

Have a great weekend!

Attachment: [image005.png](#)
[image006.jpg](#)

Good morning/afternoon everyone-

First of all – SAFE TRAVELS! We will be closely monitoring your flights throughout your trip in case you run into any issues, but wanted to make sure you were aware of the following:

- Unless your airline ticket counter was able to connect your tickets all the way through (doubtful as American couldn't do it for Pat), please know that when you arrive in Madrid, you will need to go get your luggage and check in at Iberia airlines to check bags for the flight to Granada.
- o All have a long layover, so you should have plenty of time.

We apologize for the fact that you have to do this, but unfortunately the Madrid-Granada segments of the trip are separate from the international travel on American and Delta and no code share option was available to avoid the situation.

Thank you for your patience with the airline process as the Granada portion of the trip definitely adds a new layer of logistics we normally do not see on international travel.

Please don't hesitate to contact me, Mary Wolski, or Rebecca McHale if you run into any issues. As you have already probably determined, Rebecca is your travel store lead so she may be your best, first resource if running into a flight issue.

Diane Enos: 312-543-6983

Oh perfect! I should know that by now, my sister just moved up to Chicago after being in Augusta for 2 ½ years, and she was always in and out of that airport.

I'm crossing my fingers for you too! I'm in the office all day today if anything comes up, and my cell is 312-550-4930 in case there are any issues over the weekend.

Have a safe and wonderful trip!

Subject: Re: Last Minute Information about Your Trip

Rebecca, Thanks so much for staying on top of this. I originally had a 3 pm departure time that was only giving me an hour layover, and with this weather I was nervous. So I called Delta and got my flight changed to 1 pm to give me a cushion. Now that flight is changed to 2:21. I am so glad I changed the flight time or I would be missing my connection to Madrid. If this flight stays at 2:21 I will have plenty of time. If not I am out of luck. Delta is the only airline that flies to Atlanta from Augusta. I am going to keep my fingers and toes crossed!

Hi Donna,

I hope all is well with you. The folks from Whalen and I want to schedule a time to touch base on your remarks at the upcoming Nutrition Impact Summit in Irving, Texas. Please let us know your availability for a 30-minute call.

Here are the dates and times we have available:

Monday, 9/12 9-11, 1-3

Tuesday, 9/13 9-2

Wednesday, 9/14 9-11, 1-4

Thursday, 9/15 9-11

Friday, 9/16 9-11

I know you are traveling to Spain soon and are really busy. Please review the dates and times above and get back to us when you can.

Thank you and safe travels to Granada.

Best regards,

Doris

Subject: Guest Blogging on AND Food & Nutrition

Hi Donna,

I hope you are gearing up for a great holiday weekend! Before you do, I want to ask if there's an opportunity to guest blog on the Academy of Nutrition and Dietetics' Food and Nutrition blog/website about the America's Healthiest Schools campaign (launched on Monday 8/29). If so, please let me know any guidelines/timing we should be aware of and next steps.

Thank you,

Renee

Commission on Dietetic Registration - Weight Management Programs

Having trouble viewing this e-mail? View it in your browser.

CDR offers certificate of training courses in adult weight management (Level 1 and Level 2), as well as one on childhood and adolescent weight management.

Learn from the leaders who are advancing clinical care and research in weight management.

Engage in cases and exercises for hand on experience. Take home resource materials and tools for immediate use and future reference.

Network with peers from around the country and continue sharing all year long.

Upcoming Weight Management Programs

Certificate of Training in Adult Weight Management

September 2224, 2016 Milwaukee, Wisconsin

October 1315, 2016 Boston, Massachusetts

November 1012, 2016 Long Beach, California

Registration to Open Soon:

March 24, 2017 Baltimore, Maryland

June 2224, 2017 Cincinnati, Ohio

September 29October 1, 2016 Phoenix, Arizona

October 1921, 2017 Chicago, Illinois

November 1517, 2017 Orlando, Florida

Registration Fee: \$370.00

CPE Hours Awarded: 35

For registration information and to view the certificate requirements, timeline, registration deadlines and agenda:

<https://cdrnet.org/weight-management-adult-program>

Click here to view testimonials from program attendees.

Certificate of Training in Childhood and Adolescent Weight Management

Registration to Open Soon:

March 2325, 2017 Hartford, Connecticut

September 79, 2017 Memphis, Tennessee

Registration Fee: \$370.00

CPE Hours Awarded: 35

For registration information and to view the certificate requirements, timeline, registration deadlines and agenda:

<https://cdrnet.org/weight-management-childhood-adolescent-program>

Click here to view testimonials from program attendees.

Level 2 Certificate of Training in Adult Weight Management

October 1315, 2016 Boston, Massachusetts

November 1012, 2016 Long Beach, California

Registration to Open Soon:

October 1921, 2017 Chicago, Illinois

Registration Fee: \$445.00

CPE Hours Awarded: 50

For registration information and to view the certificate requirements, timeline, registration deadlines and agenda:

<https://cdrnet.org/weight-management/level2>

Click here to view testimonials from program attendees.

Steps to earn certificate:

1. Register for a certificate program.
2. Read pre-work materials which include research articles, resources and activities.
3. Pass multiple choice pre-test with a minimum score of 80%. The questions are based on the pre-work readings.
4. Attend a 2 1/2 day on-site workshop where you can learn and network with peers.
5. Pass a take-home multiple choice post-test with a minimum score of 80%. The questions are based on the on-site presentations and pre-work readings.

If you are unable to attend an on-site program, you may wish to consider one of our self-study modules. The modules are now available in paper and on-line versions.

Adult Weight Management Self-Study Module

As we welcome September, we begin the countdown to the 2016 Food & Nutrition Conference & Expo. Please keep the following in mind as you plan your trip. See you in Boston!

Session Spotlight

Cooking Up Effective Nutrition Education Programs

Sunday, October 16 from 10 a.m. 11:30 a.m.

Current evidence supports the integration of cooking and tasting activities into nutrition education programs for greater outcomes. However, hands-on cooking activities are not the norm in many nutrition interventions. In this session, participants will learn best practice recommendations from successful programs that integrate cooking and nutrition education, including programs administered through Feeding America and the Academy of Nutrition and Dietetics Foundation. Resources and application strategies will be shared with participants that can be adapted to fit a variety of practice settings targeting children and/or adults.

Meeting the Challenge of Payment Reform Across the Care Continuum

Monday, October 17 from 3:30 p.m. 5 p.m.

Healthcare reform legislation signals a major shift in payment, but what might these changes look like, when might they arrive and how will they impact RDN practice and payment? Dr. L. Allen Dobson and Julie Grimm, MPH, RD, LD will review new ways payment works in a variety of settings across the continuum of care and will explain the implications for the RDNs practice and paycheck. Learn how RDNs can prepare for delivery & payment transformation and how RDNs positively impact change in their practice setting.

New Editions of Academy Pocket Guides Available at the FNCE® Store

Stop by the FNCE® Store to check out newly released editions of three best-selling Pocket Guides:
