Hi Donna,

The final countdown for the 2nd *Microbiome Movement* – Human Nutrition Summit is on.

With just under three weeks to go, and only 10 passes remaining, it's time to decide if you're joining 130+ microbiome pioneers from the food, nutrition and supplement community who will

unite in Boston to help unlock the true power of microbes and deliver the next generation of nutritional interventions. **Secure your place today.**

A recent article in the New York Times states that true health benefits derived from probiotic supplements continue to be debated despite the global market increasing year on year. Now more than ever, the food and nutrition community must come together to overcome critical scientific and commercial challenges to substantiate claims and make the microbiome a reality in human nutrition.

See below a snapshot of the organizations currently in attendance and joining the debate:

- Archer Daniels Midland Company
- Arla Foods
- Bill and Melinda Gates Foundation
- Bloom Science, Inc.
- Chobani
- The Coca Cola Company
- DayTwo
- Danone
- DuPont Nutrition &Health
- Evolve Biosystems

A reason to celebrate

Each year, our **Catalyst for Change Awards** recognize organizations and community leaders who go above and beyond to ensure that all children and young adults — especially those disproportionately affected — will live healthier lives.

We're proud to announce **Seth Goldman, Co-Founder & TeaEO Emeritus of Honest Tea**, as this year's **2018 Visionary CEO Award** winner, while the **PHA Partner of the Year Award** goes to **Mercedes-Benz USA in partnership with Laureus USA**.

Partner of the Year Award Winner: Mercedes-Benz in Partnership with Laureus USA

To date, **Mercedes-Benz USA** and its dealer network have invested \$12.6 million in **Laureus USA** as part of multi-year commitments to improve the health and development of young people living in under-resourced communities across the country. Mercedes-Benz USA supported projects have improved the health of 771,000 young people and have trained more than 16,000 coaches. Last year, 82 percent of young people reached by Laureus USA community grant partners demonstrated indicators of improved physical health.

VISIONARY CEO AWARD WINNER: SETH GOLDMAN

Seth Goldman and Honest Tea epitomize innovation for good in many ways, so we're excited to announce Seth as the winner of the **2018 Visionary CEO Award**.

Goldman is Co-Founder & TeaEO Emeritus of Honest Tea and Executive Chair of **Beyond Meat**. Honest Tea is the nation's top-selling organic bottled tea, specializing in beverages that are organic and Fair Trade Certified™. In March 2011, Honest Tea was acquired by The Coca-Cola Company, becoming the first organic and Fair Trade brand in the world's largest beverage distribution system. Honest Tea and Honest Kids is sold in more than 130,000 stores in the USA and Europe, including Wendy's, Subway and Chik-fil-A. He also serves on the board of Ripple Foods, the Yale School of Management, the American Beverage Association, and Bethesda Green.

JOIN THE CELEBRATION

Both winners will be recognized at our Fit to Celebrate Gala at the Ronald Regan Building and International Trade Center on September 27 in Washington, D.C.

Historical “one-size-fits-all” health policies have failed to stem the rise in obesity in America, with nearly two-thirds of the population categorized as overweight or obese. A new study to be released by Hudson Institute’s Food Policy Center addresses the obesity epidemic by applying consumer marketing techniques to segment consumers on the basis of their body mass index. The study identifies the major differences in the attitudes and behaviors of normal and obese weight populations to inform and craft more effective policy solutions to the obesity crisis. The findings reveal divergent attitudes and behaviors towards healthier eating; which indulgent products are being purchased; whether package labels are read; how much each weight segment exercises; and differences in mindsets.

In addition, current approaches will be challenged and recommendations will be offered to food companies, the public health community, and regulators about how they can help reverse soaring obesity rates.

To examine these important issues, on Thursday, June 14, Hudson Institute will host a presentation of report highlights and a conversation with Dr. Bill Dietz, Chair and Director of the Sumner M. Redstone Global Center for Prevention and Wellness in the Milken Institute School of Public Health at The George Washington University; Tracey Massey, President, Americas, for Mars Wrigley Confectionery; and Hank Cardello, Hudson Senior Fellow and Director of the Food Policy Center.

*This event will be **livestreamed**.*

Speakers Hank Cardello

Hank Cardello serves as a Senior Fellow at Hudson Institute where he directs its Food Policy Center. He is the author of the book Stuffed: An Insider's Look at Who's (Really) Making America Fat and the landmark report Better-for-you Foods: It's Just Good Business. He formerly served as CEO of several nutraceutical companies as well as President of Sunkist Soft Drinks Inc. and Marketing Director for the Coca-Cola Company.

William Dietz

William Dietz, MD, PhD is Chair and Director of the Sumner M. Redstone Global Center for Prevention and Wellness in the Milken Institute School of Public Health at The George Washington University. Bill is a nationally renowned expert in obesity, nutrition and physical activity and serves as a member of the National Academy of Medicine. Prior to joining George Washington, he was Director of the Division of Nutrition, Physical Activity and Obesity at the Centers for Disease Control and Prevention.

Tracey Massey

Tracey Massey is President, Americas, for Mars Wrigley Confectionery where she is responsible for leading strategy, sales and operations in North and South America for the world's largest manufacturer of chocolate, confections, gum and mints. In 2017, Tracey served as the leading industry force behind the confections category commitment to sell more than 50% of their products 200 calories or less within 5 years.

Hi Donna. Thank you again for your support of the Academy Foundation's Second Century Fundraising Campaign. This is such an important time in our organization's history and future. We recently sent the attached proposal and materials to each DPG and a few select MIGs. We asked them to consider a gift totaling 5% of their reserves. This ask was developed with input from those Academy staff who work with these organization. We received some feedback from a few DPGs requesting more specific information on how funds would be expended. The below email and attached Second Century FAQ was sent as follow up.

From: Jean Ragalie-Carr, RDN, LDN, FAND, Academy of Nutrition and Dietetics Foundation Chair

Thank you for your interest in learning more about the invitation for your DPG to join the campaign to support the Second Century. Contributions to the Second Century Fund will be used to invest in the future of the profession through capacity building, research and education — ultimately creating a new generation of registered dietitians focused on addressing the needs of society that are important to your DPG.

As we prepare for our 100th anniversary, the Academy has conducted an extensive effort to explore what that future could be. Our work over the last several months has focused on refining a bold vision for the profession as we embark on the next 100 years and engaging as many internal and external stakeholders as we can to make this effort a success. This input is a critical part of the process, which is why we made sure to conduct over 125 interviews with members and external stakeholders across the food, wellness and health care sector, solicit input through two all-member surveys, work with the Academy and Foundation Boards of Directors, consult the Change Drivers and 2017 Visioning Report from the Council on Future Practice and keep individuals engaged along the way with presentations and Q&A sessions with Academy committees, councils and groups. And, it doesn't stop here. We will continue to keep you informed and involved throughout the evolution of the Academy into our Second Century.

Attached is the Nutrition Impact Summit Briefing Paper so you can see the depth and breadth of our discovery efforts. The output from this effort was the genesis of 17 opportunity areas to be explored, refined and prioritized. A report of these Summit proceedings will be available to all members as a publication in JAND with the attached briefing paper later this spring.

The Academy and Foundation Boards will meet in February to consider a new organizational vision, mission and strategies, and prioritize initiatives for support. The Boards' decisions will inform how the funds we raise will be directed. This information will be released to all members and donors following that meeting. We hope you will be both! Our success is dependent on everyone joining the campaign in a meaningful way. The future of the profession depends upon this shared commitment.

We have developed the attached FAQ regarding the Second Century initiative. If you have additional questions, please reach out to us. We realize there is much to be done, but we did not want to miss the window of funding provided by your budgeting timeline. Because we know you would like as much specificity as possible, we are inviting you to pledge now and to designate which initiatives you will support once the Boards have established these priorities. We hope to organize a webinar for all interested DPG liaisons after the Boards meet to evaluate the funding opportunities. It will be a chance for you to hear from our Chief Global Nutrition Strategy Officer, Katie Brown, EdD, RDN, and the Academy's Chief Science Officer, Alison Steiber, PhD, RDN, as well as one of our grant recipients.

Thank you for your consideration and for your support.

As noted above, we are planning to schedule a webinar following the February 23rd joint Academy and Foundation Board Meeting to provide additional details on Second Century projects and initiatives. We know how critical peer to peer solicitation is to the success of any campaign and are asking that you help champion this cause. Would you be willing to reach out to the Chair, Chair-elect and Treasure of the School Nutrition Services DPG and Muslims in Dietetics and Nutrition MIG? I have attached their names and contact information. I am happy to set up a time to discuss in more detail, including any specific feedback we received. Thank you for your consideration.

Here is a template for a message you could send to the DPG and MIG volunteers. I know that a testimonial from you about why you supported Second Century would really make a difference.

Dear X,

I am reaching out to you on behalf of the Academy Foundation as follow up to the Second Century proposal you received for XXX DPG/MIG. As a donor to this campaign, I am so excited about the future. I hope the XXX DPG/MIG will join me in supporting this cause and making a difference to the next century of our profession. I encourage you to attend the webinar that is being scheduled on March 15th which will provide more details on the focus areas and projects these funds will support. This is XXX's opportunity to make a significant impact on the future and part of this monumental milestone. Thank you for your consideration.

Enjoyed speaking with you this morning! I wish I could have taken notes because you brought up very key points...let me know if you have any other suggestions!

Here are the reports I was talking about!

Thanks so much for agreeing to speak at a Foundation Donor reception at my home...please let me know what date works best for you! We want to honor you as the Academy President-elect from our home State. I would love to brainstorm with you about key messages but I think our members would be excited to hear about the Summit and your visit to the White House!

See you in Boston!

I am sharing a communication that went out to Academy and Foundation staff this afternoon. The Second Century is not just one person or team. It truly is a collaborative effort. There are so many individuals who stepped up and took on additional responsibilities and many will not be attending the Summit. I am so proud of our staff and the work they have done in such a short period to bring this ground-breaking meeting to fruition.

Looking forward to a great Nutrition Impact Summit!

Pat

Importance: High

Good afternoon,

As you know, the Second Century planning process is well underway. Next week, we are hosting nearly 180 stakeholders across the food, wellness and health care spectrum at The Nutrition Impact Summit in Dallas, Texas. On behalf of both the Academy and Foundation Boards, I want to personally thank all of the staff who have worked hard on this important initiative. Many of you have spent long hours meeting, drafting communications and preparing for the Summit. Your many contributions have not gone unnoticed. You have taken on additional responsibilities and I truly appreciate the work from all units across the Academy and Foundation. For those of you attending the Summit, you are an equal participant at the table and I encourage you to share your comments, ideas and insights.

Attached, you will find information we shared with Summit participants in preparation for next week.

- The Second Century Collaboration Opportunities one-page overview represents information collected through roughly 125 interviews with members, external stakeholders and staff, as well as from our Academy and Foundation Boards of Directors, House of Delegates, Council on Future Practice and a myriad of other Academy councils, committees and groups. This input informed the 13 opportunity areas within six focus areas – demonstrating a strong potential for collaborative action and innovation to accelerate progress toward a future of wellness for all. We will be exploring these opportunity areas at the Summit and beyond.
- The Nutrition Impact Summit Briefing Paper summarizes specific global nutrition challenges facing the food, wellness and health care systems and explores the 13 areas of opportunity in further detail. A brief description of each area is presented to spark inspiration and ideas, along with the premise for each opportunity area with highlights of successful innovations already underway.

We will continue to keep you and members informed about the outcomes of the Summit and our progress towards creating a new vision for the Second Century.

Thank you very much.

Pat

The Nutrition Impact Summit is just one week away. Attached are some additional materials to help you prepare for an inspirational, productive Summit:

- **Briefing paper:** This contains an introduction to the Summit, an overview of our global challenges and a summary of collaboration opportunity areas. At the Summit, each of us will pick one opportunity area and work with it over the course of the three days.

- **All-Member survey results:** The Academy distributed a survey to all members asking for their input on the collaboration areas. Please review these results and take members' input into account during our Summit discussions.
- **Q&A recording:** Here is a link to the question and answer session we held on September 7.
- **Detailed agenda:** Please note you are on your own for dinner on Wednesday and Thursday.
- **Elevator talking points:** The talking points answer basic questions to assist in Summit conversations.
- **Updated assignments:** Please review the assignments because there have been changes.
- **Participant bios:** They help you learn more about your assigned participants. Note: List is organized alphabetically by board member first name.
- **List of all Summit participants**

Please be on the lookout for an invitation to join the Summit participant LinkedIn group in the next couple of days. This will be a great way to communicate with other attendees prior to the Summit.

I hope you are looking forward to the Summit as much as I am!

Katie, I was only able to get through page 16, but I have attached my comments in the document. Most of my comments were extra spaces I found in the document, but I did have several other comments on content. My biggest concern was a statement made on page 8 about schools having unhealthy eating environments. I would really like you to remove that part of the statement if you can? Obviously, I am particularly sensitive to that statement. Otherwise, I love the document and cannot wait to finish reading it. Maybe on my plane ride to Spain!

Hello, Academy BOD!

I hope this email finds you well! Per the last Board of Directors meeting in May, we wanted to share a near-final draft of the briefing paper for your reactions. Since our meeting, we have reframed the Opportunity Areas (OA), so the section you signed up for may look a little bit different now.

Below is a list with the section you signed up to review. For those of you who weren't able to join us at the meeting, we assigned a section based on your interests. Please feel free to review a different section if you'd rather.

At this point, we wanted to give you an opportunity to weigh in on the below specific sections given all of the changes. Please note that this paper is not meant to be an exhaustive overview of all of

the Opportunity Areas – rather, it is meant to frame the opportunities and provide a starting point to help generate ideas and discussion at the Summit.

Given that, if you would like to weigh in on this draft, please read pages 3-11 for context and then review your assigned sections (below). Please provide **comments only** with your general reactions/feedback and thoughts on whether we're missing anything major. Please provide comments either in an email or as comments in the paper by Tuesday, 8/23 by end of day to Nicci (copied here).

Please note that this draft is **not final** – the communications team will do a thorough copy edit and we are still finessing language, so we appreciate you not tracking changes at this time.

Subject: **Renewing Contract and Refreshing Newsletter Design**

Britt,

Hello! I hope you are enjoying the arrival of spring. I'm writing for two reasons:

1. Contract renewal - It's time to update all DPG service contracts with the Academy. Bobbie and I wanted to check in with you to see if there is anything in your current contract that you'd like to discuss or change. We'd like to consider changes to newsletter design that we expect to increase the amount of time per issue, and possibly software (#2).

2. Refreshing the "look" of the newsletter - We have been doing some research and benchmarking against some other DPGs. We'd really like to take our newsletter to the next level. I have attached some samples of what some other DPGs are doing, with some specific design features that we like, so you can take a look and let us know what this would involve. Some specific features that we like in the samples are:

- Use of background texture/color to distinguish articles, headers, subheaders, etc.
- Text being inserted into boxes and columns, like a traditional newspaper.
- Use of graphic images, including what could be stock photography, to highlight themes, food, etc, in addition to photos that members provide.

We know that our current budget for the design of each newsletter is relatively low and that the DPG newsletters that are attached come with higher cost, so we would certainly expect more time and expense to be involved in a more robust design. We'd also like feedback on whether the software that you are currently using is flexible enough for these types of changes, or if we need to

consider a different program or package.

If we need to consider options or discuss possibilities for the newsletter, or better explain our ideas as a starting point, please let me know. We would certainly not expect these changes for the upcoming issue, but would want to start with the next fiscal year.

We certainly value and appreciate all of the work that you do for us! I think we have a few weeks and possibly a month to finalize the contract renewal. I know that it needs to be filed prior to June 1.

Sincerely,

Julie

Send Us Your Feedback and Help Provide \$10,000 to Support Public Health

The Beverage Institute for Health &Wellness is seeking your feedback to improve our communications and CE program curriculum. **By taking just 15 minutes to fill out our survey, you can help raise \$10,000 for the Centers for Disease Control Foundation.**

We are committed to using evidence-based science to advance knowledge and understanding of beverages, beverage ingredients, and the important role that active healthy lifestyles play in supporting health and well-being. We aim to serve as a resource for health professionals, teachers, coaches and other professionals worldwide, and with feedback from individuals like you, we can do this even better.

As part of our efforts, The Beverage Institute for Health &Wellness is proud to support the Centers for Disease Control Foundation by donating \$1 to the CDC Foundation for each survey completed, up to a maximum of \$10,000.00. The donation will help support the CDC's efforts in partnering across sectors to advance and improve public health outcomes.

Hi Denice.

Pat shared with me your message and I'm happy to respond. You are correct that our website lists the Academy's top level sponsors, national and premier levels. It also includes background on each company and a statement explaining how/why we work with them including their Corporate Social Responsibility efforts. In addition to posting on the website, which we have done since we have had a website, we run a list of the sponsors in an acknowledgment six times per year through *Eat Right Weekly* and also publish the printed list in our *Journal* (six times per year) as well as *Food and Nutrition* magazine (two to four times a year). All of the Academy and Foundation sponsors are identified in our Academy Annual Report which is also available on our website and promoted each year in *Eat Right Weekly*. The Foundation uses multiple channels and touch points to communicate/announce our sponsorships as well that includes a combination of *Eat Right Weekly*, the Donor Report, Kids Eat Right Monday Message, etc. What we don't do (and should really begin to include to further enhance transparency) is provide a list of all the Dietetic Practice Group sponsors (see attached list). These lists are contained within the individual DPG communications and don't reach the broader membership. We should disclose these comprehensive lists with the same kind of detailed information that we provide regarding our Academy and Foundation sponsors. This will both inform our members and show the benefits of these types of support.

We are exploring creating our own Academy Social Responsibility Report, that can highlight all of these actions and be a readily available resource to members and consumers published electronically for easy updates and access. It can really help tell our story of who we work with, our review processes, the outcomes of these activities and how it moves forward our mission and vision.

Here are some useful links to the information referenced above.

Hello,

I agree, this is a great summary - more thoughts

Since KER started in 2010 - is there a way to show in a graph format what was done annually?

I am hear members say they want transparency - what other companies are sponsors - website lists top 5 - is there a comprehensive list

You asked for a three-year snapshot of KER. I'm sure we can put that together. We do have a three year snapshot of *all* the Foundation activities in an infographic format. This has also been shared with members through Eat Right Weekly, to donors and to KER volunteers through the KER Monday message.

Thanks for your questions and comments. This is good information that needs to be shared. I'm going to pass it along to the Foundation Board as well. So sorry to be sending this late on a Friday. I hope this information is helpful. If you have any additional questions please let me know.

Subject: Re: Kids Eat Right Communication - more transparency

Hello,

I agree, this is a great summary - more thoughts

Since KER started in 2010 - is there a way to show in a graph format what was done annually?

I am hear members say they want transparency - what other companies are sponsors - website lists top 5 - is there a comprehensive list

Thanks,

Free CE/CPE/CHES Activities For February!

Improving health habits top many New Year's resolution lists, but maintaining those healthy habits for more than a few weeks is often challenging. With the Beverage Institute for Health & Wellness's extensive catalog of continuing education activities, health professionals can access useful content and helpful strategies to guide clients and patients toward staying active and balanced throughout the year.

Monday, February 23, 2015

1:00 PM – 2:00 PM ET (12:00 PM – 1:00 PM CT; 11:00 AM – 12:00 PM MT; 10:00 AM – 11:00 AM PT)

This webinar will provide an overview of the science of nutrigenomics and give examples of clinical utility. It will also provide practical tips on what to look for in a genetic test for personalized nutrition, how to ensure that you are adequately trained and how to integrate it into your practice.
Speaker: Dr. Ahmed El-Sohemy, PhD, RD

The goal of this nutrigenetics continuing education module is to introduce relevant genetic concepts and explore how genes can affect nutrient processing, metabolism and eating behavior.
Speaker: Tiffany Briere, PhD, MFA

Partnerships That Work: The EPODE Approach to Tackling Childhood Obesity

The core of the EPODE (The Ensemble Prevenons l'Obesite Des Enfants/Let's Prevent Childhood Obesity Together) methodology relies on the involvement of multiple stakeholders within a community. This proven methodology is the result of a study initiated in 1992 in two towns in Northern France that began as a long-term school-based intervention which evolved into a community-based program. This long-term intervention (over 20 years) formed the basis of the methodology.

"Today, the EPODE methodology inspires and guides 42 programs across 29 countries in their endeavors to prevent childhood obesity. The EPODE International Network supports these programs, helping them to scale up their efforts and ensuring their effectiveness on the ground," says Dr. Jean-Michel Borys, EIN Secretary General. Originally targeted toward battling childhood obesity, EPODE's community-based programs are also having positive impact on families and adults.

Please provide your valuable input on identifying Academy members that could be nominated for key public policy positions. These positions could range from an advisory council participation to an upper level federal staff position. As an example of how this pipeline might be used would be to provide to USDA season leader candidates for the open Deputy Undersecretary position for school nutrition. Another example is the recent identification of member leaders in helping to developing quality measures for diabetes care that will help support policy efforts in this area.

The matrix is developed according to the Public Policy Priority Areas to make it easier to identify our experts. We also divided the expertise needed, from our seasoned, midlevel and emerging leaders. There is also a category of advisory which is for members who might have limited time but would be a great resource.

Please add any and all names as this list is meant to be inclusive not exclusive. And also feel free to add your name!

Many thanks for your time on this request.

Your questions are welcome!

FNCE is upon us! We are looking forward to successful events and the opportunity to network and thank Foundation donors and friends.

You will find attached the most up to date version of the Foundation's FNCE event schedule, talking points that can be utilized with members and with students about the Foundation and information about volunteering at the Foundation Booth.

We would like to assign Board Members to some donor cultivation and networking as schedules will permit. Please review the following assignments.

· Please volunteer for one hour during the conference to work the Foundation Booth. This is a great way to cultivate potential new donors. During your hour timeslot at the booth, we will ask you to assist in handing out student stipends and to network with members about the Foundation. Please see the attached information regarding the Foundation Booth. Please let me know when you are available to volunteer at the Booth for a one hour timeslot during the following days/times.

Saturday, October 18

12:00 pm-2:00 pm or 2:00 pm- 4:00 pm

Sunday, October 19

Tuesday, October 21

11:15 am -12 pm

· **Donate, selfie, share, inspire!**

Stop by the Foundation booth and take a selfie at our selfie wall! We are encouraging FNCE attendees to stop by the booth, learn about the good work the Foundation is doing, make a donation, (any amount will be appreciated), take a “selfie” and then post it to their social media outlets to inspire their friends and colleagues to stop by and make a donation too! If your schedule allows, please stop by on **Saturday** to take a selfie and then share on Facebook and /or Twitter to kick off the meeting and inspire others to do the same.

· **Thank Corporate Donors**

Board members have been assigned to visit corporate donor’s booths in the expo hall to thank them for their support of the Foundation. Please see your specific assignments on the attachment.

Expo hours:

Sunday, October 19: 9 a.m. - 3 p.m.

Monday, October 20: 9 a.m. - 3 p.m.

Tuesday, October 21: 9 a.m. - 1 p.m.

· **Meet and Greet at the Foundation Donor Reception, Sunday, October 19th** . While attending this special event, we ask that you thank attendees for their support of the Foundation. Members of the Eatright Society and State Fundraising Chairs are invited to attend.

Please do not hesitate to contact me with any questions. We appreciate your support and look forward to seeing you in Atlanta! If you have any questions or need to reach me, my cell number is 708-567-8532.

Have a safe trip!

New Insights in the Preoperative Nutrition of Surgical Patients

Sunday, October 19, 8 a.m. 9:30 a.m.

This session will focus on the definition of malnutrition among surgical patients, the clinical and economic impact of malnutrition among these patients, as well as tools to screen, assess and diagnose malnutrition. By identifying patients at risk for nutrition-related complications and designing personalized interventions to reduce those risks, surgical outcomes may be improved. Strategies including immunonutrition and other interventions to build preoperative lean muscle mass will be discussed.

Give Back

Support the Foundation and Bid on the Silent Auction

Bid on exciting silent auction items including hotel stays, designer purses, spa gift certificates and many more items! The Silent Auction will be located at the Academy Foundation booth located at **Building B, on level 2 of the Georgia World Congress Center**. Funds raised from the silent auction and the other Foundation events allow the Academy Foundation to continue to provide scholarships, research grants and public education campaigns such as Kids Eat Right.

Looking for a way to spend time with friends and colleagues and give back to the local Atlanta community? Volunteer at the Atlanta Community Food Bank Saturday, October 18, 2014, 8:30 11:30 a.m. or 12 3 p.m.

You have the opportunity to give of your time and help the local Atlanta community while at FNCE® by registering to participate in the Academy Foundation's volunteer effort at the Atlanta Community Food Bank. Participants will be working in the Product Rescue Center helping to inspect, sort and pack quality grocery donations. The registration fee for this excursion is \$35 and *includes transportation to and from the food bank, a light snack, a t-shirt and a donation to the Foundation.*

Register for these Foundation events at www.eatright.org/fnce or contact Martha Ontiveros at montiveros@eatright.org or 312-899-4773.

Students at FNCE®

Student Reception

Meet and mingle with fellow dietetic students and interns from all over the country while enjoying complimentary light hors d'oeuvres and soft drinks. Attendees who are 21 years old with valid photo ID will receive one beer/wine ticket.

Student Internship Fair

Sunday, October 19, 2014, 5 p.m. - 7 p.m.

Omni at CNN Center in the Grand Ballroom ABC

Obtaining an internship in this competitive landscape can be difficult these days. The student internship fair is designed to help students meet and network with dietetic internship directors from all over the United States. Over 100 internships will have faculty and/or interns available to discuss their program and admission criteria, and to distribute program handouts or brochures. Come prepared with your questions and bring your resume and/or business cards to leave with the internship(s) of your choice.

Attached is the second draft of the Board schedule highlighting FNCE activities which require and/or encourage Board attendance. For those of you who have been assigned to DPG/MIG events, we have registered you and notified the DPG or MIG chair. You will be greeted by the chair; if not, please introduce yourself. Attached is a list of DPG and MIG chairs and chair-elects for reference. A final schedule will be provided onsite.

Just a friendly reminder: the FNCE schedule requests that you extend your appreciation to our exhibitors and sponsors. Attached are your designated assignments for thanking our exhibitors. The assignments are made to ensure all the exhibitors are covered, but it doesn't preclude you from thanking others for their generous support of the Academy's meetings and programs, including FNCE, especially the 12 sponsors who have booths on the exhibit floor. The sponsor booth names and locations are included on the attachments. The Corporate Sponsor Meet and Greet will take place on Saturday, October 18 from 3:00 pm – 3:45 pm in room B315 of the convention center. We hope to see you there!

Attached for your review is a draft schedule highlighting FNCE activities which require and/or encourage Board attendance. *The schedule is not intended to reflect all the sessions you attend.* We recognize that most of you hold multiple DPG and MIG memberships and that you will be attending affiliate, DPG and MIG business meetings and receptions on your own. There are some of these groups which require Board representation and we will register those of you who have specific DPG events designated on the schedule. Please let me know if an activity/session **requiring** Board representation is not reflected or if you have a conflict and are unable to attend an activity or session to which you were assigned. Since rooms and times may still change, a final copy of the schedule will be sent with your October meeting packet. Those of you designated as presenters at the Honors breakfast will receive your script later this week.

Tickets for the Foundation Gala are purchased directly by you. The Foundation would like to challenge all Board members to consider sponsoring an Academy student member to attend the Gala. To purchase a table or ticket, or sponsor a student, please contact Foundation staff partner Martha Ontiveros at 1-800/877-1600, ext. 4773.

Hi Donna. I am really looking forward to seeing you at Diane's on Sunday. Thank you for your willingness to attend and give your presentation. I wanted to ask if it would be possible to tie in what you are talking about to Kids Eat Right and the Foundation is doing? I have attached some KER talking points/highlights. If it will not work to "blend" the two, would you mind giving a KER update after your presentation?

Thank you for your input. Attached is the final Board schedule highlighting FNCE activities which require and/or encourage Board attendance. Based on your feedback regarding the schedule, we strategically selected DPG/MIG events where we wanted Board presence. For those of you who have been assigned to DPG/MIG events, we have registered you and notified the DPG or MIG chair. You will be greeted by the chair; if not, please introduce yourself. Attached is a list of DPG and MIG chairs and chair-elects for reference.

Just a reminder, the Food & Nutrition Conference & Expo App for attendees and exhibitors is a great tool to use onsite to view session information, create your personalized schedule, map out your route on the Expo floor, and stay up to date on the latest announcements during FNCE. To download the app for Apple or Android devices, visit the app store, type in FNCE 2013 in the search field and install.

Please contact me if you have any questions.

Subject: FNCE Board Schedule

Attached for your review is a draft schedule highlighting FNCE activities which require and/or encourage Board attendance. The schedule is not intended to reflect all the sessions you attend. We recognize that most of you hold multiple DPG and MIG memberships and that you will be attending affiliate, DPG and MIG business meetings and receptions on your own. We will register those of you who have specific DPG events designated on the Board FNCE schedule. Please let me know if an activity/session **requiring** Board representation is not reflected or if you have a conflict and are unable to attend an activity or session to which you were assigned. Since rooms and times may still change, a final copy of the schedule will be sent with your October meeting packet. Your meeting packet will also include the Honors script for those presenting Medallion awards to their Board Partners at the Honors Breakfast and your designated assignments from the Meetings Team for thanking our exhibitors.

Tickets for the Foundation Gala are purchased directly by you. The Foundation would like to challenge all Board members to consider sponsoring an Academy student member to attend the gala. To purchase a table or ticket, or sponsor a student, please contact Foundation staff at 1-800/877-1600, ext. 4773.

As you know, the Academy has introduced the first Food & Nutrition Conference & Expo App for attendees and exhibitors. This free app is a great tool to use onsite to view session information, create your personalized schedule, map out your route on the Expo floor, stay up to date on the latest announcements during FNCE, and much more. To download the app for Apple or Android devices, visit the app store and type in FNCE 2013 in the search field and install.

Attached for your review is a draft schedule highlighting FNCE activities which require and/or encourage Board attendance. The schedule is not intended to reflect all the sessions you attend. We recognize that most of you hold multiple DPG and MIG memberships and that you will be attending affiliate, DPG and MIG business meetings and receptions on your own. We will register those of you who have specific DPG events designated on the Board FNCE schedule. Please let me know if an activity/session **requiring** Board representation is not reflected or if you have a conflict and are unable to attend an activity or session to which you were assigned. Since rooms and times may still change, a final copy of the schedule will be sent with your October meeting packet. Your meeting packet will also include the Honors script for those presenting Medallion awards to their Board Partners at the Honors Breakfast and your designated assignments from the Meetings Team for thanking our exhibitors.

Tickets for the Foundation Gala are purchased directly by you. The Foundation would like to challenge all Board members to consider sponsoring an Academy student member to attend the gala. To purchase a table or ticket, or sponsor a student, please contact Foundation staff at 1-

800/877-1600, ext. 4773.

As you know, the Academy has introduced the first Food & Nutrition Conference & Expo App for attendees and exhibitors. This free app is a great tool to use onsite to view session information, create your personalized schedule, map out your route on the Expo floor, stay up to date on the latest announcements during FNCE, and much more. To download the app for Apple or Android devices, visit the app store and type in FNCE 2013 in the search field and install.

If you have any questions, please contact me.

From: Kathleen W. McClusky, MS, RD, FADA, Chair 2013 Corporate Award Selection Committee

Re: 2013 Academy of Nutrition and Dietetics Foundation Corporate Award

Each year, the Academy Foundation Corporate Award Selection Committee is charged with selecting a recipient for the Academy Foundation Board's consideration and approval.

The corporate award is given to a corporation or group that has demonstrated meaningful support to the Academy Foundation through the Scholarship and Awards Program, Research Endowment, Kids Eat Right Initiative, Annual Fund or activities of the Academy through the Foundation. The support may come in the form of financial contributions, organizational service or committee involvement. A copy of this criteria document is attached.

A crystal apple is presented each year to the recipient at the Academy Foundation Gala, which takes place during the Academy's Food & Nutrition Conference & Expo. This year's event is scheduled for Monday, October 21, 2013 in Houston.

The 2013 Academy Foundation Corporate Award Selection Committee included: Evelyn F. Crayton, EdD, RD, LD, Jean H. Ragaile, RD and Kathleen W. McClusky, MS, RD, FADA.

The following organizations were considered for this year's award. Attached is an overview of the organizations giving histories.

- Coca Cola
- General Mills
- The Kellogg Company
- PepsiCo

The Academy Foundation Corporate Award Selection Committee recommends that General Mills receive the 2013 Corporate Award.

Please approve or oppose awarding the 2013 Corporate Award to General Mills via email to Amy Donatell at adonatell@eatright.org by **Tuesday, August 28th**. Motions conducted via email require a unanimous vote and responses should be returned within five working days. If you have any questions or need additional information, please contact Amy Donatell at adonatell@eatright.org or 800/877-1600 x4767.

I am pleased to report that the Academy has received more recognition. I have been asked by the Bipartisan Policy Center (BPC) and members of BPC's CEO Council on Health Innovation to serve as a member of its Healthcare Advisory Board for the Council. Representation on the Healthcare Advisory Board affords the Academy input on innovative strategies to improve health and healthcare within large and medium-sized global and national employer organizations.

The BPC was founded in 2007 by former Senate Majority Leaders Howard Baker, Tom Daschle, Bob Dole, and George Mitchell as a non-profit organization, "that drives principled solutions through rigorous analysis, reasoned negotiation, and respectful dialogue." The Council is comprised of the chairmen and chief executives of some of the nation's largest employers, such as Bank of America, The Coca-Cola Company, The Institute for Advanced Health, McKinsey & Company, Verizon Communications Inc., and Walgreen Co. The invitation letter to serve and an overview of the Bipartisan Policy Center are attached.

The invite indicates the "innovations likely to be explored by the Council include those related to health and wellness, chronic care management, consumer decision support, and delivery system and payment reforms."

[About the Bipartisan Policy Center May 2013.pdf](#)

I am pleased to report that the Academy has received more recognition. I have been asked by the Bipartisan Policy Center (BPC) and members of BPC's CEO Council on Health Innovation to serve as a member of its Healthcare Advisory Board for the Council. Representation on the Healthcare Advisory Board affords the Academy input on innovative strategies to improve health and healthcare within large and medium-sized global and national employer organizations.

The BPC was founded in 2007 by former Senate Majority Leaders Howard Baker, Tom Daschle, Bob Dole, and George Mitchell as a non-profit organization, "that drives principled solutions through rigorous analysis, reasoned negotiation, and respectful dialogue." The Council is comprised of the chairmen and chief executives of some of the nation's largest employers, such as Bank of America, The Coca-Cola Company, The Institute for Advanced Health, McKinsey & Company, Verizon Communications Inc., and Walgreen Co. The invitation letter to serve and an overview of the Bipartisan Policy Center are attached.

The invite indicates the “innovations likely to be explored by the Council include those related to health and wellness, chronic care management, consumer decision support, and delivery system and payment reforms.”

[Report Questions Nutrition Group's Use of Corporate Sponsors - NYTimes.c....pdf](#)

You have probably seen that Michele Simon this morning released her report on the Academy's corporate sponsorship program and an article on the program has appeared in today's *New York Times*. Copies of the report and the *Times* article are attached to this email. This is the report and article that we discussed in our January 18 email to you.

As we anticipated, the report is a mixture of facts – most of which were obtained from publicly accessible pages on the Academy's website – and opinion and speculation on Ms. Simon's part.

There is one indisputable fact in the report about the Academy's sponsorship program: We have one. The majority of the report consists of these publicly available facts filtered through Ms. Simon's opinions, many of which she has previously written about. She is of course entitled to her opinions.

While the Academy will not engage in point-by-point rebuttals to the report, we will make it clear that the Academy does not tailor its messages or programs in any way due to influence by corporate sponsors and that Ms. Simon's report does not provide evidence to the contrary.

The “recommendations” in the report consist mainly of things that we are already doing. For example, we are transparent. We post our Annual Report to the website, after the financial statements are approved by independent auditors.

A great deal of Ms. Simon’s report is based on HEN’s 2011 survey, which was not statistically representative of our entire membership. This is misleading. The fact is, each year the Academy utilizes Performance Research, an independent, third-party research company, to examine a random selection of members that is a statistically sound representation of the Academy membership as a whole. The results from these representative surveys have shown an increased awareness and continued support of the sponsorship program.

The callout to HEN in the recommendations and references sections also indicates HEN members were sources.

Much of the report is drawn from the Academy’s own public materials – a testament to our commitment to transparency in candor in all our actions, including corporate sponsorship. Of the 67 references at the end of Ms. Simon’s report, at least 24 (more than one-third) are information from the Academy and the Foundation’s websites; the Commission on Dietetic Registration’s website; and research articles published by Academy members. Many of the references are to previous blog postings by Ms. Simon herself.

We understand that members will have questions about this report and the Academy’s reaction to it. It is important that we remind members to not take all information they see at face value, but to consider the source (in this case, an advocate who is predisposed to find fault with the Academy) and seek out the facts.

This afternoon, we will post a statement to our website that will include excerpts from Ethan Bergman’s March *Journal* President’s Page, which is on an especially timely topic: the need for members and the entire Academy to be leaders in disseminating accurate information to the public. To quote one paragraph from President Bergman’s column:

The Academy’s Media Spokesperson Policy requires those who speak on the Academy’s behalf to “provide – and when necessary, seek out – accurate information when acting as a source for the media, the public and Academy members or any other audience.” This is good advice for us all. Another pertinent old saying comes from the field of journalism: “If your mother says she loves you – check it out!”

We have planned and will implement a social media strategy incorporating Facebook, Twitter and other platforms to encourage all members to “check it out” and draw their own conclusions, separating fact from opinion. Spokespeople will be front and center on the outreach. As a note, we have already seen online comments in which RDs are taking issue with the opinions expressed by Ms. Simon and her supporters. We anticipate more of this fact-checking and support for the Academy to continue. We will also send a link to the statement to the affiliates, DPGs and MIGs.

Finally, if you are contacted by anyone from the news media for comment on this report, please politely decline to comment and refer the caller to the Academy’s Strategic Communications Team at media@eatright.org.

Thank you and please let me know if you have any questions or comments.
