Subject: SCAN Announces Partnership with NCAA Sports Science Institute

Email not displaying correctly? View it in your browser.

Dear Hope:

SCAN is pleased to announce its partnership with The **National Collegiate Athletic Association (NCAA) Sports Science Institute (SSI)** to develop nutrition resources on the topic of health and safety for collegiate athletes, coaches, trainers, administrators and others working in collegiate athletics. The NCAA created the Sport Science Institute in January 2013 with the mission to promote and develop safety, excellence and wellness in collegiate student-athletes, and to foster life-long physical and mental development.

The nutrition resources are available on the websites of both SCAN and NCAA. New content will

be uploaded on a continual basis. Click [HERE](#) to view **fact sheets**, **articles** and **webinars** developed by SCAN members and the SSI team.

Visit the NCAA Sports Science Institute website and 'Sign Up for the Newsletter' if you work in collegiate athletics and would like to receive monthly e-newsletters highlighting resources that can benefit the student-athlete.

As SCAN announces the new partnership with the NCAA Sports Science Institute we remind you to take advantage of the many free sports nutrition fact sheets and webinars (in our online store) geared toward athletes that SCAN has developed over the years.

Regards,
The 2013-2014 SCAN Executive Committee

Webinars

A Missing Link Between Sports Nutrition & Performance

The multibillion-dollar sports nutrition market has long focused on muscle repair and growth. But the next performance edge may be more fundamental: keep athletes healthy so they can train harder and longer. Brian McFarlin, Ph.D., FACSM, an expert in exercise physiology, nutrition and immunology, has spent years researching the negative impact of intense exercise on immune health. Sports dietitian Dave Ellis, RD, CSCS works with numerous college and professional teams on how to manage physical and lifestyle stress so they can maximize training and performance. This webinar will focus on clinical research demonstrating a natural ingredient's ability to strengthen the immune function of athletes. [VIEW WEBINAR](#)

Announcements

CDC-Supported Community Transformation Grants: If you are an RDN who is involved in a CTG-funded program, please contact Whitney Brown, the Academy's Director of Legislation and Policy, and share your story. Tell us about the program you're involved in and how it's making a difference in your community. Whitney can be reached at wbrown@eatright.org.

International Conference on Eating Disorders: Submit your abstract now for the 2014 ICED in New York. As the annual meeting of the Academy for Eating Disorders (AED), the ICED has become the fields' premier event, providing the multi-disciplined, translational and international eating disorders community with a wide range of education and research all in one place. ***Your abstract can be a part of that.*** At the ICED, you will present to an engaged audience of peers, gain exposure for your work and advance your career.

Opportunity related to heart failure evidence based practice guidelines: The Academy of Nutrition and Dietetics is conducting a research project regarding unique social media methods for the dissemination of the heart failure evidence based practice guidelines. The three year study (September 2013-2016) will examine which methods work best for dissemination of guidelines to Registered Dietitians and family physicians and whether patients improve with increased guideline dissemination. If you are interested in being considered for participation in the project, please complete the brief demographic and eligibility survey:
<http://www.surveymonkey.com/s/DPBRNHeartFailureEligibility>

Maria, Just wanted to let you know that I have not heard from Genevieve Burns. I am sure she is running behind, but I will be at the Board of Directors Retreat next Monday-Wednesday and will be a little hard to reach. I will be in the office next Thursday and Friday. She can still try and reach me on my cell phone and I will call her back when I can, if I do not answer. cell 706-836-1331

Glenna asked me to send this note to all of you. As some of you know, my friend, Maria Museler lives in Annapolis and she has suggested several restaurants for Sunday evening. I am in one of the early shuttle groups with Becky, Donna, Linda and Nancy. We will accept the heavy responsibility of picking a restaurant for Sunday evening from the list Maria has provided. Please check for messages when you arrive at the hotel so you will know the time to meet in the lobby to head out for dinner. I will probably be going to Maria's house, so may not be joining you.

Please RSVP to this note to let us know whether you will be joining us for dinner Sunday evening or not, since we will probably need to make reservations.

Looking forward to seeing all of you Sunday or Monday am.

Subject: July 22-24, 2013 Board Retreat

Staff and I are looking forward to seeing you at the Board retreat!

The purpose of the retreat is two-pronged: to conduct business by planning for the continuing execution of the strategic plan and to network. The agenda is primarily focused on planning our direction, short and long-term, and the dialogue is generative and strategic.

The agenda and corresponding attachments for the retreat are now available on the Board of Directors' communication platform. Please login to the communications platform using the link <http://academybod.webauthor.com> and enter your Academy website username and password. The agenda and attachments are located under the *Library* tab, 2013 Board Meetings, July Board Retreat. The size of the meeting packet is reduced, therefore paper copies will not be provided.

Marsha Rhea, President of Signature i, LLC, has been engaged to facilitate the retreat. Some of you know her from the great job she performed facilitating the 2011 Future Connections Summit, the joint meeting of organization units related to the Visioning Report, and most recently, the Academy Foundation Board meeting.

To foster collaboration and open dialogue with the Academy's major organization units, we welcome their representatives to the retreat: Nancy Wooldridge, chair of the Commission on Dietetic Registration; Annalynn Skipper, immediate past chair of the Commission on Dietetic Registration; Anne Kendall, chair of the Accreditation Council for Education in Nutrition and Dietetics; Merievelyn Stuber, vice chair of the Accreditation Council for Education in Nutrition and Dietetics; Linda Snetselaar, Editor of the *Journal of the Academy of Nutrition and Dietetics*; and Julie Grim, chair of the Nominating Committee. Former Academy president and Academy Foundation chair, Susan Finn, will also be joining us on the first day to share an approach to the 100th anniversary project, outlining a blueprint for action that sets the stage for the next century.

One of my goals has been to provide for an advisory group to the Board at each annual retreat to assist us in strategic thinking, with external viewpoints and counsel on key issues facing us. This year's distinguished advisors are Craig Burkhardt, Bill Doyle, Dr. Vincent Covello, David Mitchell, and Kelly Carey, who will share their perspectives and proposed strategies on licensure, sponsorship, communications, and positioning. They will lead us in identifying our challenges and opportunities and assist us finding innovative solutions. The biographical sketch for each is attached. I am excited about the thought-provoking information they will share with us and look forward to lively, substantive dialogue!

The attire for the meeting is casual. The temperature this time of year in Annapolis will be in the high eighties to low nineties during the day and in the seventies in the evening. Please note identification is required for entry to the Annapolis State House for our tour.

We have grouped members with similar flight arrival and departure times for private shuttles to/from the airport. Arrival and departure schedules and confirmations for the coordinated transportation are attached. Please let Joan know if you will be traveling with a guest for the shuttle rides and/or bringing a guest for the activities.

Please contact me if you have any questions or need assistance. Safe travels!

Best regards,

Pat

Glenna asked me to send this note to all of you. As some of you know, my friend, Maria Museler lives in Annapolis and she has suggested several restaurants for Sunday evening. I am in one of the early shuttle groups with Becky, Donna, Linda and Nancy. We will accept the heavy responsibility of picking a restaurant for Sunday evening from the list Maria has provided. Please check for messages when you arrive at the hotel so you will know the time to meet in the lobby to head out for dinner. I will probably be going to Maria's house, so may not be joining you.

Please RSVP to this note to let us know whether you will be joining us for dinner Sunday evening or not, since we will probably need to make reservations.

Looking forward to seeing all of you Sunday or Monday am.

Subject: July 22-24, 2013 Board Retreat

Staff and I are looking forward to seeing you at the Board retreat!

The purpose of the retreat is two-pronged: to conduct business by planning for the continuing execution of the strategic plan and to network. The agenda is primarily focused on planning our direction, short and long-term, and the dialogue is generative and strategic.

The agenda and corresponding attachments for the retreat are now available on the Board of Directors' communication platform. Please login to the communications platform using the link <http://academybod.webauthor.com> and enter your Academy website username and password. The agenda and attachments are located under the *Library* tab, 2013 Board Meetings, July Board Retreat. The size of the meeting packet is reduced, therefore paper copies will not be provided.

Marsha Rhea, President of Signature i, LLC, has been engaged to facilitate the retreat. Some of you know her from the great job she performed facilitating the 2011 Future Connections Summit, the joint meeting of organization units related to the Visioning Report, and most recently, the Academy Foundation Board meeting.

To foster collaboration and open dialogue with the Academy's major organization units, we welcome their representatives to the retreat: Nancy Wooldridge, chair of the Commission on Dietetic Registration; Annalynn Skipper, immediate past chair of the Commission on Dietetic Registration; Anne Kendall, chair of the Accreditation Council for Education in Nutrition and Dietetics; Merievelyn Stuber, vice chair of the Accreditation Council for Education in Nutrition and Dietetics; Linda Snetselaar, Editor of the *Journal of the Academy of Nutrition and Dietetics*; and Julie Grim, chair of the Nominating Committee. Former Academy president and Academy

Foundation chair, Susan Finn, will also be joining us on the first day to share an approach to the 100th anniversary project, outlining a blueprint for action that sets the stage for the next century.

One of my goals has been to provide for an advisory group to the Board at each annual retreat to assist us in strategic thinking, with external viewpoints and counsel on key issues facing us. Subject: Cash flow update

All,

I hope you had a great weekend. I wanted to add the cash flow update to the e-mail I sent last week. However, that email became way too long. So, in order to keep Mary from saying I was too verbose, I decided I would break it up into two emails in order to enhance my reputation (I know it won't work, but, I have to try something!!!). All kidding aside, I wanted to keep this e-mail separate because I am making a specific request to remove money out of investment reserves. The amount I will get to later. I think it is important that I walk you through the reasoning why we will need to take money out of reserves earlier than we have in previous years.

At our last FAC meeting, we discussed how the investment reserves change for CDR, DPGS/MIGS and the Academy based upon two factors; Investment gains and losses and operational gains and losses. The investment gains are pretty simple. Stocks and bonds go up or they go down. Al has done a great job managing our investments this past year. It is the second part of the equation that I am going to address.

When you look at the operating income results for May and for the year, you will see that the DPGS/MIGS and CDR had the following operational deficits;

Operational Deficits

May

YTD

CDR

\$ (379,573)

\$ (1,428,701)

DPGs/MIGs

\$ (589,692)

\$ (69,659)

Total

\$ (969,265)

\$ (1,498,360)

Since CDR, DPGS and MIGs reserves are all pooled with the Academy's reserves at Northern Trust, we adjust the total reserve amounts by redistributing the reserves each month. We don't put money in or take money out of reserves. We manage the operational needs using the cash we have in our operational account. If I feel it is necessary to remove money from reserves, I make the request to the FAC to do so. We generally need additional funds around February. This year, given the deficits generated by CDR, DPGS, and MIGs in May, I believe we will need to accelerate this decision.

As you will see from the following information, the deficits from CDR, DPGs, and MIGs in May have resulted in the Academy's reserve balance increasing by an incremental \$969,269. This is an artificial increase. The \$969,265 actually came out of our operating cash.

Beginning Reserves

Gains/(losses)

Operational Gains/(Losses)

Ending Reserves

CDR

\$ 7,712,268

\$ 81,827

\$ (379,573)

\$ 7,414,522

DPGs/MIGs

\$ 6,819,729
\$ 72,357
\$ (589,692)

\$ 6,302,394
AND

\$ 18,861,470
\$ 196,607
\$ 969,265
\$ 20,027,341

Total

\$ 33,393,467
\$ 350,790
\$ -
\$ 33,744,258

These losses coupled with the Academy operating losses and the investment in new technology have driven our operating cash to dangerously low levels. Therefore, I would like to move \$1,000,000 out of the reserve accounts into operating cash.

This will bring back the investment reserve balances for the Academy closer to what it should be. Not moving the \$1,000,000 would result in the Academy ending the year with nearly 82% in reserve. Making this adjustment drops this value down to approximately 78%.

Beginning Reserves

Gains/(losses)

Operational Gains/(Losses)

Ending Reserves

Adjustment to Reserves

Adjusted Balance

Percent in Reserve

CDR

\$ 7,712,268
\$ 81,827
\$ (379,573)

\$ 7,414,522
0

\$ 7,414,522
78.2%

DPGs/MIGs

\$ 6,819,729
\$ 72,357
\$ (589,692)

\$ 6,302,394
0

\$ 6,302,394
141.5%

AND

\$ 18,861,470
\$ 196,607
\$ 969,265
\$ 20,027,341
\$ (1,000,000)

\$ 19,027,341
77.8%

Total

\$ 33,393,467

\$	350,790
\$	-
\$	33,744,258
\$	(1,000,000)
\$	32,744,258

The percent in reserve is against the FY13 budget. Looking at the FY14 budget, the Academy reserve balance would drop to 76.8%, still well above the Academy requirement of 50%.

When Pat and I presented the budget for FY14, we anticipated that the reserve balance for the Academy would end the Fiscal Year at approximately \$18.3M. Even with the \$1M reduction, we will be \$727,000 higher than our estimate. Given the amount of investment the Academy is making in infrastructure, I believe the reserve level should be closer to \$18.3M. The \$19.027M is still artificially higher than it should. However, I can't tell you exactly what will happen in the future. We could generate higher profits from FNCE, new programs, etc. This could help offset any need to adjust reserves in the future. The \$1M will give us a few months of additional evaluation and income to make this decision. My concern, at the moment, is we will need the additional \$1M within the next two weeks. It will be critical to meet our operational requirements.

So, in summary, as is our policy, I am informing the FAC that I will need to take money out of reserves. If I can, I will wait until the next FAC to address this in more detail. If I cannot, I will again inform the FAC. Either way, we can address this need further on our FAC call at the end of July.

Paul

Subject: July 22-24, 2013 Board Retreat

Staff and I are looking forward to seeing you at the Board retreat!

The purpose of the retreat is two-pronged: to conduct business by planning for the continuing execution of the strategic plan and to network. The agenda is primarily focused on planning our direction, short and long-term, and the dialogue is generative and strategic.

The agenda and corresponding attachments for the retreat are now available on the Board of Directors' communication platform. Please login to the communications platform using the link <http://academybod.webauthor.com> and enter your Academy website username and password. The agenda and attachments are located under the *Library* tab, 2013 Board Meetings, July Board Retreat. The size of the meeting packet is reduced, therefore paper copies will not be provided.

Marsha Rhea, President of Signature i, LLC, has been engaged to facilitate the retreat. Some of you know her from the great job she performed facilitating the 2011 Future Connections Summit, the joint meeting of organization units related to the Visioning Report, and most recently, the Academy Foundation Board meeting.

To foster collaboration and open dialogue with the Academy's major organization units, we welcome their representatives to the retreat: Nancy Wooldridge, chair of the Commission on Dietetic Registration; Annalynn Skipper, immediate past chair of the Commission on Dietetic Registration; Anne Kendall, chair of the Accreditation Council for Education in Nutrition and Dietetics; Merievelyn Stuber, vice chair of the Accreditation Council for Education in Nutrition and Dietetics; Linda Snetselaar, Editor of the *Journal of the Academy of Nutrition and Dietetics*; and Julie Grim, chair of the Nominating Committee. Former Academy president and Academy Foundation chair, Susan Finn, will also be joining us on the first day to share an approach to the 100th anniversary project, outlining a blueprint for action that sets the stage for the next century.

One of my goals has been to provide for an advisory group to the Board at each annual retreat to assist us in strategic thinking, with external viewpoints and counsel on key issues facing us. This year's distinguished advisors are Craig Burkhardt, Bill Doyle, Dr. Vincent Covello, David Mitchell, and Kelly Carey, who will share their perspectives and proposed strategies on licensure, sponsorship, communications, and positioning. They will lead us in identifying our challenges and opportunities and assist us finding innovative solutions. The biographical sketch for each is attached. I am excited about the thought-provoking information they will share with us and look forward to lively, substantive dialogue!

The attire for the meeting is casual. The temperature this time of year in Annapolis will be in the high eighties to low nineties during the day and in the seventies in the evening. Please note identification is required for entry to the Annapolis State House for our tour.

We have grouped members with similar flight arrival and departure times for private shuttles to/from the airport. Arrival and departure schedules and confirmations for the coordinated transportation are attached. Please let Joan know if you will be traveling with a guest for the shuttle rides and/or bringing a guest for the activities.

Please contact me if you have any questions or need assistance. Safe travels!

Best regards,

Pat

Subject: RE: Advocacy Campaign for Treat and Reduce Obesity Act

Dear Leaders,

The Treat and Reduce Obesity Act webinar is scheduled for today, July 16, 2013, 3:30 – 4:30 p.m. (Eastern Time). You are encouraged to participate if possible. The webinar will be recorded.

To register for this webinar:

1. Go to

<https://eatright.webex.com/eatright/j.php?ED=213377467&RG=1&UID=1451590277&RT=MiMxMQ%3D%3D>

2. Register for the meeting.

Once the host approves your request, you will receive a confirmation email with instructions for joining the meeting including the call-in phone numbers.

Attached please find the following resources:

1. Issue brief – Treat and Reduce Obesity Act
2. Congressional Handout
3. TROA Talking Points
4. Instructions for using talking points
5. TROA affiliate check list
6. MNT Effectiveness
7. Academy Overview Handout
8. July 16 power point handout
9. TROA FAQ

Please let us know if you have any questions and thank you in advance for your help.

Best,

Teresa

Dear Leaders,

As you know we are initiating an advocacy campaign for the Treat and Reduce Obesity Act in both the House and Senate that would allow for RDs to provide and bill for intensive behavioral counseling.

Those of you who are direct recipients of this message live in states that will be visiting with members of Congress during the August work period. (Those who are copied are included for information purposes, but do not live in a state that is being targeted at this time.)

After discussing the campaign with Academy President, Dr. Glenna McCollum, MPH, RDN, it was determined that as leaders of the organization, you play a critical role in communicating our issues to elected officials. Your assistance with this campaign will show leadership and support to our public policy leaders. I have attached the list of committee leaders that are asked to be a part of Phase 1 of the campaign.

We will be providing the public policy coordinators in each target state (there are approximately 24) with your contact information. We will ask them to reach out to you so that you can participate in meetings with elected officials to the extent that your schedule allows. Your leadership position in the organization will elevate the level of the meeting in the eyes of the members of Congress.

On July 16, we will host and record a webinar in which we train our policy leaders on messaging for the meetings. You will be invited to attend the training and we encourage you to participate if possible.

Please let me know if you have any questions and thank you in advance for your help in expanding coverage for obesity counseling.

Al,

I may have mentioned this before, but, all of the entities are spending a little more money than we have in the past. The result is we will need to take money out of the Academy account at Northern; Account number 03-02034 and transfer it to Chase as soon as we can. Right now, I am projecting that we will need approximately \$1M. I would like to break this into two \$500,000 chunks. If you could schedule the first one at your earliest convenience that would be great. I will not move the additional \$500,000 right away. I am watching our cash flow. That being said, it will be necessary sometime in the next few weeks.

If you have any questions or concerns, please feel free to let me know. I can be reached at 312-899-4730.

Academy Honors and Awards

Dear Dayle,

Congratulations on receiving the 2013 Medallion Award! You will be recognized during the Academy's 2013 Food & Nutrition Conference & Expo at the Honors Breakfast on Sunday, October 20, 2013 at 7:00 am at the Hilton Americas Houston, Ballroom of the Americas AB. Your acceptance remarks should be one (1) minute in length. A photographer will be present at the session.

As you may be aware, you can invite up to nine (9) guests to sit at your reserved table at the Honors Breakfast. Please send Matthew the names and addresses of your guests via email by Monday, July 15, so they can receive a formal invite on your behalf.

On Monday, October 21, Medallion recipients will also be recognized during the Member Showcase from 10:00 am – 12:00 am at the George R. Brown Convention Center, General Assembly Theater. Please come to the front of the room by the stage at 9:30 am for brief instructions. Near the beginning of the program, I will announce your name as you walk across the stage with the other recipients. Time will not be allocated for comments.

A multi-panel floor display spotlighting all the recipients of the Academy's 2013 honors and awards will be located at the George R. Brown Convention Center in a highly visible locale. This tribute will highlight the Academy's excellence and be an inspiration to others.

Please contact Matthew Novotny at mnovotny@eatright.org or 1-800/877-1600 ext. 4827, should you have any questions. I look forward to seeing you in Houston!

Sincerely,

Dr. Glenna R. McCollum, MPH, RDN

2113. Dietetic internship program in Alabama

From: Dmartin <dmartin@burke.k12.ga.us>
To: Paul Mifsud <pmifsud@eatright.org>
Hidden recipients: June Barrett <Jbarrett@ALSDE.edu>
Sent Date: Jul 15, 2013 18:20:23
Subject: Dietetic internship program in Alabama
Attachment:

Paul, Thanks for talking to me about the issue with the Alabama State Department of Education School Nutrition Program Dietetic Internship. June Barrett, the Alabama State Department Director, approached me today about a serious issue they are having with ACEND and their site visit costs. It is my understanding that they asked them to pay for the site visit in advance and The State Department of Alabama's policy is to not pay for anything in advance. Since they did not pay for it in advance, they charged them something like a 10% late fee. The Alabama State Department will not pay more than a 3% late fee. The director has said she might even pay the fee herself. On top of that they scheduled their site visit Easter Sunday. I imagine that was the day they arrived, but they were not happy about that at all. Any help in getting this resolved would be appreciated. Thanks for your time in listening to me and in perusing a suitable conclusion. June Barrett is the State Department Director and her email is jbarrett@ALSDE.edu

Subject: Cash flow update
Attachment:

All,

I hope you had a great weekend. I wanted to add the cash flow update to the e-mail I sent last week. However, that email became way to long. So, in order to keep Mary for saying I was too verbose J, I decided I would break it up into two emails in order to enhance my reputation (I know it won't work, but, I have to try something!!!). All kidding aside, I wanted to keep this e-mail separate because I am making a specific request to remove money out of investment reserves. The amount I will get to later. I think it is important that I walk you through the reasoning why we will need to take money out of reserves earlier than we have in previous years.

At our last FAC meeting, we discussed how the investment reserves change for CDR, DPGS/MIGS and the Academy based upon two factors; Investment gains and losses and operational gains and losses. The investment gains are pretty simple. Stocks and bonds go up or they go down. AI has done a great job managing our investments this past year. It is the second part of the equation that I am going to address.

When you look at the operating income results for May and for the year, you will see that the DPGS/MIGS and CDR had the following operational deficits;

Operational Deficits

May

YTD

CDR

\$ (379,573)

\$ (1,428,701)

DPGs/MIGs

\$ (589,692)

\$ (69,659)

Total

\$ (969,265)

\$ (1,498,360)

Since CDR, DPGS and MIGs reserves are all pooled with the Academy's reserves at Northern Trust, we adjust the total reserve amounts by redistributing the reserves each month. We don't put money in or take money out of reserves. We manage the operational needs using the cash we have in our operational account. If I feel it is necessary to remove money from reserves, I make the request to the FAC to do so. We generally need additional funds around February. This year, given the deficits generated by CDR, DPGS, and MIGs in May, I believe we will need to accelerate this decision.

As you will see from the following information, the deficits from CDR, DPGs, and MIGs in May have resulted in the Academy's reserve balance increasing by an incremental \$969,269. This is an artificial increase. The \$969,265 actually came out of our operating cash.

Beginning Reserves

Gains/(losses)

Operational Gains/(Losses)

Ending Reserves

CDR

\$ 7,712,268
\$ 81,827
\$ (379,573)

\$ 7,414,522

DPGs/MIGs

\$ 6,819,729
\$ 72,357
\$ (589,692)

\$ 6,302,394

AND

\$ 18,861,470
\$ 196,607
\$ 969,265
\$ 20,027,341

Total

\$ 33,393,467
\$ 350,790
\$ -
\$ 33,744,258

These losses coupled with the Academy operating losses and the investment in new technology have driven our operating cash to dangerously low levels. Therefore, I would like to move \$1,000,000 out of the reserve accounts into operating cash.

This will bring back the investment reserve balances for the Academy closer to what it should be. Not moving the \$1,000,000 would result in the Academy ending the year with nearly 82% in reserve. Making this adjustment drops this value down to approximately 78%.

Beginning Reserves

Gains/(losses)

Operational Gains/(Losses)

Ending Reserves

Adjustment to Reserves

Adjusted Balance

Percent in Reserve

CDR

\$ 7,712,268

\$ 81,827

\$ (379,573)

\$ 7,414,522

0

\$ 7,414,522

78.2%

DPGs/MIGs

\$ 6,819,729

\$ 72,357

\$ (589,692)

\$ 6,302,394

0

\$ 6,302,394

141.5%

AND

\$ 18,861,470
\$ 196,607
\$ 969,265
\$ 20,027,341
\$ (1,000,000)

\$ 19,027,341
77.8%

Total

\$ 33,393,467
\$ 350,790
\$ -
\$ 33,744,258
\$ (1,000,000)

\$ 32,744,258

The percent in reserve is against the FY13 budget. Looking at the FY14 budget, the Academy reserve balance would drop to 76.8%, still well above the Academy requirement of 50%.

When Pat and I presented the budget for FY14, we anticipated that the reserve balance for the Academy would end the Fiscal Year at approximately \$18.3M. Even with the \$1M reduction, we will be \$727,000 higher than our estimate. Given the amount of investment the Academy is making in infrastructure, I believe the reserve level should be closer to \$18.3M. The \$19.027M is still artificially higher than it should. However, I can't tell you exactly what will happen in the future. We could generate higher profits from FNCE, new programs, etc. This could help offset any need to adjust reserves in the future. The \$1M will give us a few months of additional evaluation and income to make this decision. My concern, at the moment, is we will need the additional \$1M within the next two weeks. It will be critical to meet our operational requirements.

So, in summary, as is our policy, I am informing the FAC that I will need to take money out of reserves. If I can, I will wait until the next FAC to address this in more detail. If I cannot, I will again inform the FAC. Either way, we can address this need further on our FAC call at the end of July.

Paul, I am at the School Nutrition Association meeting in Kansas. I will try and find a time to call you today. I totally understand the need to take the million out of reserves, and have not problem with it. I am concerned about you waiting another two weeks for the FAC conference call in order to do it though. I will see when I can call you today. Thanks for the update.

Donna,

I wanted to let you know that I will need to dip into reserves. Our policy indicates that I need to inform the FAC and also get your approval. I would like you to read this document and let me know when you have some time to discuss it.

This isn't "unexpected". What is unexpected is the timing of the issue. With the losses from the

DPGs/MIGs in May, it has essentially accelerated the need for cash. I actually think reducing the Academy reserves is a good thing because the amount in reserve without doing so would reach over \$20M or 82%. This would give everyone a "false sense of security". Especially as we ramp up our investment in the new website. Let me know when you have some time to talk.

Paul

All,

I hope you had a great weekend. I wanted to add the cash flow update to the e-mail I sent last week. However, that email became way to long. So, in order to keep Mary for saying I was too verbose :), I decided I would break it up into two emails in order to enhance my reputation (I know it won't work, but, I have to try something!!!). All kidding aside, I wanted to keep this e-mail separate because I am making a specific request to remove money out of investment reserves. The amount I will get to later. I think it is important that I walk you through the reasoning why we will need to take money out of reserves earlier than we have in previous years.

At our last FAC meeting, we discussed how the investment reserves change for CDR, DPGS/MIGS and the Academy based upon two factors; Investment gains and losses and operational gains and losses. The investment gains are pretty simple. Stocks and bonds go up or they go down. Al has done a great job managing our investments this past year. It is the second part of the equation that I am going to address.

When you look at the operating income results for May and for the year, you will see that the DPGS/MIGS and CDR had the following operational deficits;

Operational Deficits

May

YTD

CDR

\$ (379,573)

Attachment: [image002.jpg](#)

The position of Executive Director of ACEND is open effective July 31. I would very much appreciate if you could provide me with names of people who have accreditation experience and vision to advance our profession. Importantly, it needs to be an individual who respects group dynamics and has the ability to work with external and internal groups to achieve objectives and goals. An RD would be preferred.

I know that you understand the importance of the right type of expertise and leadership needed, so any assistance you can provide will be greatly appreciated. Thank you.

Best regards,

Pat

Pat, I have already met Craig and we have had a very lengthy talk. I am trying to educate him about School Nutrition and the role dietitians can play. I was sitting at table with him and overheard him asking some School Nutrition staff about dietitians working in School Nutrition and how many they thought worked in the field. I had not met him yet, but moved so I could sit with him and talk. He told me about coming to the retreat. I think he is going to be great and I loved talking to him. We will talk more at the retreat.

On another note, I am in Kansas City this week for the School Nutrition Association meeting and I had the opportunity to sit in on their School Nutrition Association joint Board and Foundation Board meeting. As part of the discussion, Patti Montague (CEO) asked me if I could arrange a meeting between the two organization's CEO's and foundation directors.. She said would be glad to come to Chicago, or if you were going to be in Washington, you could meet there. She asked if I could join you all in the meeting and I said I would be glad to if it works out. We can talk more at the board retreat, but I wanted to give you a heads up.

All,

It has been a couple of weeks since our last Finance and Audit Committee call and still a couple of weeks before our next one. Therefore, I thought I would give you a few updates on the following financial issues;

- I. May financial results
- II. Audit update
- III. Investment returns

I. May Financial Results

1. May financial results summary

-
The financial results for all intents and purposes are done and in the hands of the Auditors from Plante/Moran. However, they won't be officially completed until the audit is completed and presented to the Finance and Audit Committee. As I mentioned on our call last month, May was a challenging month. The amount of expenses processed in May of this year were 43% higher than last. This comes to over \$1.6 million in additional expenses for May this year than for May of FY12. Naturally, the volume of transactions closely follows the change in expense resulting in some delays in processing all of the bills. The good news is most of this was "timing". None of the organizations were over budget for the year. As a matter of fact, every organization was comfortably under budget on expenses for the entire year. I will address each of the groups later in this e-mail

Many of you may know, my focus is first to the operating income (operating revenues minus operating expenses) of the business. I am happy to say that only the Academy didn't make or exceed its operating income target for FY13. The Academy's shortfall is primarily due to the lower revenue from FNCE we have addressed throughout the year. We also had a few unbudgeted entries that needed to be made in May that impacted the finances. I will address those a little later as well.

After operating income, I look at the net income (operating income plus investment returns). I am happy to say that investment income made the results even better. The Academy joined the rest of the business entities by exceeding our net income targets for FY13. We ended the year with nearly \$6,679,000 in investment income across all entities. This drove the final Consolidated net income to over \$3,184,000. This is nearly \$5,762,000 better than the consolidated budgets. I hope the following explanations will provide you some insight into the final numbers.

2. Academy May financial results summary (A10)

Even though the Academy did not meet its operating target for May, it was not a bad month. Revenue was over budget by \$25,567. Expenses were up, over-running the budget by \$154,977. However, some of this had to do with the additional entries that had to be made at the end of the month. I mentioned them during our call in June and will address them below. So, for the month of May, the Academy's operating income/(deficit) was \$129,410 worse than the budget. On a year to date basis, this resulted in the Academy having a \$1,604,955 operating deficit which was

\$460,011 larger than the budget.

The investment income for May of \$196,607 did help improve the finances. However, the Academy still exceeded the budgeted operating deficit for May of \$449,160 by \$42,179. On the year to date basis, the Academy had a budgeted net income of \$167,556. The actual result was net income of \$917,427. Therefore, the Academy exceeded the net income target by \$749,871. Overall, the Academy generating over \$900,000 in net income is a great place to be.

The following is a breakdown of the various categories

A. Revenues

a. **Membership Dues** - This area **over budget** by \$6,699 in May and ended the Fiscal Year **under budget** by \$312,39. Revenue was over budget for May primarily due to higher installment, application and reinstatement fees.

b. **Programs and Meetings** - This area is **over budget** by \$2,378 in May and ended the Fiscal Year **under budget** by \$977,432. The over-run in May is all due to higher Professional Development revenue.

c. **Publications and Materials** - This area is **under budget** by \$3,678 in May and ended the Fiscal Year **over budget** by \$2,768. The under-run in May is primarily due to lower NCP/SL sales (down \$22.8K), lower Academy Careers royalties (down \$14.8K) and lower miscellaneous (down \$5.2K). These were offset by higher Traditional Publication sales (up \$10.9K) and higher List Rental (up \$28.2K).

d. **Subscriptions** - This area is **over budget** by \$4,769 in May and ended the Fiscal Year **over budget** by \$151,796. The over-run for May is due to NCM and related products (up \$3.2K) and EAL (up \$1.6K).

e. **Advertising** – This area was on target for the month of May. Nothing budgeted and nothing earned. For the Fiscal Year, this area was under budget by \$67,520.

f. **All grants** - This area was **under budget** by \$953 in May and ended the Fiscal Year **over budget** by \$30,040. The under-run in May is due to lower Research Grants (down \$14.2K) and lower Guides for Practice (down \$1.0) offset by higher ConAgra Home Food Safety (up \$7.9K) and higher releases for the Carry the Flame project (up \$6.3K).

g. **Sponsorships** – This area is **over budget by \$15,537** for May and ended the Fiscal Year **over budget by \$61,846**. This over-run in May due to the success of the Sponsorship program.

h. **Other** – This area was **over budget** by \$816 in May and ended the Fiscal Year **over budget** by \$6,863 for the year. The over-run in May is due to higher Elsevier payments.

B. Expenses

a. **Personnel** – This area is **over budget** by \$77,749 for May and ended the Fiscal Year **over budget** by \$99,440. The over-run in May is due to a few adjustments up and down. As I mentioned on our last call, we made entries for additional medical expenses (up \$35.0K), additional vacation accrual (up \$34.4K) and charges for the organizational changes (\$61.8K). The additional medical could be a timing issue. Our plan is structured as a “high deductible” plan. However the Academy charges a flat amount to the insured depending on the choice made by the employee. The employee if a family plan is responsible for the first \$1,800 in deductibles. The Academy would pick up the remaining balance. After a total of \$7,000 in deductibles is achieved, no additional deductible is required. Historically, this has allowed us to save quite a bit of money on our insurance premiums. This year, through May, more participants in the plan have used the medical than last year. Since we anticipate that the costs may be higher in Jan-May and then lower June-December, we do not have to recognize the incremental expenses because we anticipate the balance to be \$0 by December 31st. Since the incremental expenses are much higher this year than last, I don’t believe the Auditors will feel comfortable with not recognizing some of the expense. In addition, given our history, I did not believe we would be at \$0 in December. Therefore, I estimated we would need to record the additional \$35,000. If I am wrong, and it is less, then the Academy will have a benefit in FY14.

- The additional vacation accrual is required because the amount of vacation people have “not taken” has grown in FY13. We are required to record what we think the liability might be in the event people choose to leave the business. If an employee left, they would be entitled to all of the vacation they have accumulated. We do have caps on the amount employees can maintain. With the exception of the e-team and other key individuals, this would be up to 25 days depending on their years of service. This year, more people held onto their vacation days.

Finally, the organizational charges are associated with the IT restructuring that happened early in June. Overall, some of these costs are offset by higher capitalized labor, lower salary and wages and lower benefits for other items. The net effect of all of the charges was the \$77,749 identified above.

b. **Publications** – This area is **over budget** by \$7,763 for May and ended the Fiscal Year **over budget** by \$36,257. The over-run in May is primarily due to higher Food and Nutrition Magazine costs (up \$34.2K) and higher Journal costs (up \$16.0K). This was offset by lower

Traditional Publications costs (down \$42.2K). The lower Traditional Publication's costs are associated with a reconciliation of our book inventory. We determined that the expenses recognized throughout the year was overstated. We made the adjustment in May.

c. **Travel** – This area was **over budget** by \$11,571 for May and ended the Fiscal Year **under budget** by \$110,480. The over-run in May is primarily due to higher Governance (up \$9.0K) and higher Public Policy (up \$8.5K) and higher across all other (up \$5.0K), offset by lower expenses for Research (down \$8.0K) and lower Affiliate related expenses (down \$3.0K).

d. **Professional Fees** - This area was **under budget** by \$22,061 for May and ended the Fiscal Year **under budget** by \$539,294. The under-run in May is being driven by lower Research (down \$99.5K), lower Traditional publications (down \$13.6K) and lower Informatics (down \$7.5K) offset by higher expenses for Website (up \$56.1K), Governance (up \$7.5K), Marketing (up \$24.4K), Public Policy (Up \$5.0K), and List Rental (up \$5.1K). The Research expenses were down primarily due to the ANDII project.

e. **Postage and Mailing Service** – This area is **under budget** by \$17,895 in May and ended the Fiscal Year **under budget** by \$94,129. The under-run in May is primarily due to lower Research (down \$10.4K), lower Membership (down \$56.8K) and lower Administration (down \$2.7K), offset by higher Traditional Publications (up \$1.3K).

f. **Office Supplies and Equipment** – This area is **over budget** by \$1,037 in May and ended the Fiscal Year **over budget** by \$5,015. The over-run in May is primarily due to higher Marketing expenses (up \$4.8K), higher Public Policy (up \$0.9K), higher Governance (up \$0.7K), higher Administrative (up \$1.8K) offset by lower Journal and Editor Search costs (down \$7.0K) and lower across all other (down \$0.2K).

g. **Rent and utilities** - This area is **over budget by \$7,439** in May and ended the Fiscal Year **over budget by \$21,316**. The over-run in May is due to higher utility costs for the weekend meetings held at headquarters.

h. **Telephone and communications** – This is **under budget** by \$2,251 in May and ended the Fiscal Year **over budget** by \$28,935. The under-run for May is due to lower Washington and Chicago basic phone costs.

i. **Commissions** – This area is **was on target for** May and ended the Fiscal Year **under budget by \$14,882**.

j. **Computer Expenses** – This area is **under budget** by \$152 for May and ended the Fiscal Year **under budget** by \$5,091. The under-run in May is due to lower Web and Web hosting costs.

- k. **Advertising and Promotion** – This area is **over budget** by \$305 for May and ended the Fiscal Year **under budget** by \$21,123. The over-run in May is due to higher advertising for National Nutrition Month (up \$2.1K) offset by lower Research Publications (down \$1.1K) and Traditional Publications (down \$1.2K).
- l. **Insurance** – This area is **under budget** by \$522 for May and ended the Fiscal Year **over budget** by \$201. The under-run in May is due to lower insurance premiums.
- m. **Depreciation** – This area is **over budget** by \$5,738 for May and ended the Fiscal Year **over budget** by \$18,682. The over-run in May is due to higher costs for the web and infrastructure needs of the Academy.
- n. **Bank and trust fees** – This area is **over budget** by \$6,803 for May and ended the Fiscal Year **over budget** by \$20,329. The over-run in May is due to additional credit card fees.
- o. **Other** – This area is **under budget** by \$34,243 for May and ended the Fiscal Year **under budget** \$47,251. The under-run in May is primarily due to lower Public Relations (down \$17.9K), lower E-learning (down \$9.8K), lower Governance (down \$6.0K), lower Marketing (down \$5.1K) and lower across all other (down \$4.3K) offset by higher DPG/MIG administration (up \$3.6K), higher Research (up \$4.1K) and higher Consumer Education (up \$1.2K).
- p. **Expense allocation** – This area is **under budget** by \$102,103 for May because the Registry project supported by CDR under ran its budget. The result is the charge back to CDR was lower this month. Some of the savings can be seen in Professional Fees above.
- q. **Meeting services** – This area is **over budget** by \$5,996 for May and ended the Fiscal Year **under budget** for the year by \$231,415. The over-run in May is being driven primarily by higher Governance expenses (up \$9.0K), higher Marketing (up \$2.6K) offset by lower Research (down \$4.9K) and lower across all other programs (down \$0.7K).
- r. **Legal and Audit** – This area is **over budget** by \$7,594 for May and ended the Fiscal Year **over budget** by \$11,510. The over-run in May is all due to higher legal fees.
- s. **Printing** – This area is **under budget** by \$1,996 for May and ended the Fiscal Year **under budget** by \$68,778. The under-run in May is primarily due to lower expenses for Governance (down \$1.0K) and lower Public Policy (down \$1.1K) offset by higher across all other programs (up \$0.1K).

As I mentioned above, given all of the pluses and minuses for the year, having a net income result that is nearly \$750,000 better than the budget is a great way to end the year.

3. Foundation May Financial results (A8 and A9)

The Foundation had a very good month in May. Revenue exceeded the budget by \$281,180. Even though expenses were significantly higher than the budget, it was a timing issue due to the distribution of the General Mills Grants.

Since May was influenced by the timing of the grants, it is good to focus on the year to date numbers. For the Fiscal Year, the Foundation had over \$3.5M in revenue. This was only \$74K short of the budgeted revenue expectations. Considering the Foundation was running a under budget on revenue, they closed the gap nicely in May. To put it in perspective, the Foundation achieve nearly 98% of its overall revenue goal. On the expense front, the Foundation was under budget on expenses by over \$555K. Some of this could be timing. However, a lot of it is due to changing of programs and an attempt by the Foundation hold expenses down wherever possible.

The FY13 Operating Income budget for Foundation was a deficit or -\$987,677. The Foundation ended the year with a deficit of \$506,890. So, the Foundation was nearly \$500,000 better in operations than budgeted.

Then, if you factor in the investment returns of nearly \$2.35M, the Foundation ended the 2013 Fiscal year with a Net Surplus of \$1,838,946!!! This is \$1,505,823 better than the budget. The best news of all is this resulted in the Foundation's reserves/net assets to end the year at \$20,254,255. I believe this is an all time high!!

4. CDR May Financial results (A11)

CDR had a down month in May. Revenues for May were down \$90,433 while expenses were over budget by \$76,036. This was essentially a timing issue for programs and services because, for the entire year, CDR's revenues exceeded the budget by \$134,503 and the expenses were under budget by \$1,161,483.

For the Fiscal Year, CDR had an operating Deficit of \$1,428,701. This does not sound grate, but, it is \$1,295,986 smaller (or better) than the budget. Once you factor in the investment income of over \$1M, CDR ended the year with a Net Deficit of \$419,666. This was \$2,305,021 smaller (or better) than the budget. This is a very nice position to be in.

5. DPG/MIG May Financial results (A12)

- The DPGs/MIGs, in total, had a down month in May. Revenues were under budget by \$43,291 while expenses exceeded the budget by \$503,628. This is one of those areas that helped drive the expenses and volumes higher. The Net result was a deficit for the month of \$517,335 (after investments). This was \$474,563 larger (or worse) than the budget. This is a large deficit, however, looking at the year to date numbers, you will see that the combined DPGs/MIGs ended the year with Net Income of nearly \$732,000. This was \$1,035,854 larger (better) than the budget. You will see on page A16, only one DPG has slipped into the watch area; Dietitians in Business and Communications. Even this DPG has 73% in reserve so it is nothing to be concerned about.

So, overall, the combined DPGS/MIGs had a good year.

6. ACEND May Financial Results (A13)

- ACEND also experienced the same issues as everyone else; Revenue was short of budget and expenses were higher than budget for May. Regardless, the Year to Date numbers look very good for ACEND. For the year, ACEND had an operating profit of \$106,474. The group continues to build its reserves and now has \$179,801 in the bank. This is a very strong position considering just a few years ago it was operating at annual deficits.

7. ANDPAC May Financial Results(A14)

- ANDPAC had a “mixed” month in May. Revenues were short of budget by \$12,609. However, expenses were under budget by \$4,626. Even though the PAC did not obtain its operating income target of \$32.3K, it was still very positive with a result of \$24.3K.

On a year to date basis, the ANDPAC had an operating surplus of nearly \$33.7K. This was nearly \$60.4K better than the budget. The ANDPAC ended the year with nearly \$283,000 in reserve. This is another good story. The PAC has grown its reserves over the past few years, putting it in a very strong financial position.

II. Audit Update

-
The financial results are now in the hands of the auditors. They are here now and will be over the next few weeks. The customary interviews with key staff and volunteers has begun. We don't anticipate any problems. In my initial discussions with Jim Hagestad, Plante/Moran, he felt the initial information provided was great and everything looks good from his level. It is possible they may find adjustments that may need to be made. If they do, we will let you know.

III. Investment returns.

-
The investment returns for the 2013 Fiscal Year were very impressive. The combined organizations gained nearly \$6.7M. The month of June was not great with a combined loss of \$791,408. That's the bad news. The good news is, through yesterday, the combined portfolios have gained nearly \$1.5M in July!! So, we have recovered our losses and have gained another \$709,000. As I look at the closing today, I would expect our portfolio to increase a little more. We have a long way to go to finish up July, but, it is starting the month very strong.

I hope this helps a little bit. Maria will put onto the portal on Monday the May financial package. That way, you can look at the information well in advance of our July 30st meeting. Naturally, if you have any questions, please give me a call.

Paul

2124. CDR Registration Maintenance Fee for the 2013-2014 Year

From: Commission on Dietetic Registration <enovak@eatright.org>
To: DMartin@burke.k12.ga.us
Sent Date: Jul 12, 2013 16:43:46
Subject: CDR Registration Maintenance Fee for the 2013-2014 Year
Attachment:

CDR Registration Maintenance Fee for the 2013-2014 Year

The 2013/2014 CDR registration maintenance fee notices were mailed earlier this month. You will receive your 2013/2014 CDR fee notice within the next couple of days, if you have not already. For those RDs, RDNs and DTRs who selected the *paperless* fee notice option, no fee notice was mailed, instead you are receiving email notifications.

All eligible RDs, RDNs and DTRs need to pay their \$60 CDR registration maintenance fee by **August 31, 2013**. After August 31, you will be required to pay a late fee.

Learn more and pay online <http://cdrnet.org/dates-regdates>

Other methods of payment -

MAIL Send your \$60 payment and your CDR registration maintenance fee notice to: CDR, PO Box 4727, Carol Stream IL 60197-4727, or use the courtesy reply envelope which was enclosed with your 2013/2014 fee notice by August 31, 2013.

CALL CDR -- 800/877-1600, ext. 5500, 8:00 am to 5:00 pm/CT and pay your CDR fee by credit card -- American Express, Discover, VISA or MasterCard by August 31, 2013.

If you have paid your 2013/2014 CDR registration maintenance fee recently, please disregard this email.

Thank you.

Subject: Bipartisan Policy Center's Advisory Board on Health and Innovation

Importance: High

Congratulations to our CEO Pat Babjak for representing the Academy and our members on the Bipartisan Policy Center's Advisory Board on Health and Innovation!

Pat is meeting in New York today with visionary business and health leaders to help launch a new CEO Council on Health and Innovation, comprised of chief executives of some of the nation's largest employers who have a significant stake in the health and health care of their workforces. She is part of a Health Care Advisory Board, made up of chief executives of organizations representing clinicians, consumers, health plans, and hospitals. The Advisory Board will provide expert guidance in this collaborative effort.

Over the coming months, CEO Council members will share and discuss innovative strategies and best practices to improve the health and wellness of their employees and achieve higher quality and more cost-effective care. Their goal is to highlight and encourage adoption of such practices by other large and medium-sized employers to improve employee health and the delivery of health care. These strategies and best practices will be released publicly in early 2014.

Attached please find the announcement which will be released at 1:30 pm E.T. Please let me know if you have any questions.

Subject: Annapolis Dining Options and Airport Shuttle

Hello -

For those of you interested in some dining options for Sunday night while in Annapolis, below is a list which includes Kathy's suggestions. We have Italian cuisine planned for Monday night's dinner at Piccola Roma <http://www.piccolaromaannapolis.com> and Tuesday night's group event is at Cantler's waterfront crab house <http://www.cantlers.com>.

- Level - Small Plates Lounge (sustainable foods/environmentally friendly) - <http://www.lannapolis.com/level/>

- Paladar Latin Kitchen and Rum Bar - <http://www.paladarlatinkitchen.com/locations/annapolis-md>

- Crush Kitchen & Winehouse - <http://www.crushwinehouse.com/>

- Tsunami - <http://www.yelp.com/biz/tsunami-annapolis>
- Rams Head - <http://www.ramsheadtavern.com/annapolis/>
- El Toro Bravo - <http://www.eltorobravoannapolis.com/>

- Carpaccio - <http://carpacciotuscankitchen.com/>
- Fado - <http://fadoirishpub.com/annapolis/home>

We are pulling together flight arrivals and departures and will group members with like times for private shuttles to/from the airport. We will send more information on the coordinated transportation next week. Please let me know if you will be traveling with a guest for the shuttle rides and/or bringing a guest for the activities. The attire for the retreat is casual.

Thanks!

Subject: RE: Board Retreat Draft Agenda

OK, guys..here are more restaurant selections for your Sunday eve:

Thought over that restaurant question again: closer is Tsunami, Asian cuisine. Also bit further down, in the opposite direction of Fados (make left out of the hotel instead of a right) is Rams Head, a local watering hole with craft beers and American style food. We like it, as does Erica whenever she is in town. Also across from Rams Head is El Toro Bravo, as you can guess,

Mexican, not bad. Don't know how crowded these places will be on a Sunday night, but you have options. Looking forward to seeing you. Maria

OK, guys..here are more restaurant selections for your Sunday eve:

Thought over that restaurant question again: closer is Tsunami, Asian cuisine. Also bit further
down, in the opposite direction of Fados (make left out of the hotel instead of a right) is Rams
Head, a local watering hole with craft beers and American style food. We like it, as does Erica
whenever she is in town. Also across from Rams Head is El Toro Bravo, as you can guess,
Mexican, not bad. Don't know how crowded these places will be on a Sunday night, but you have
options. Looking forward to seeing you. Maria

Subject: Annapolis Dining Options and Airport Shuttle

Hello –

For those of you interested in some dining options for Sunday night while in Annapolis, below is a list which includes Kathy's suggestions. We have Italian cuisine planned for Monday night's dinner at Piccola Roma <http://www.piccolaromaannapolis.com> and Tuesday night's group event is at Cantler's waterfront crab house <http://www.cantlers.com>.

- Level – Small Plates Lounge (sustainable foods/environmentally friendly) - <http://www.lannapolis.com/level/>
- Paladar Latin Kitchen and Rum Bar - <http://www.paladarlatinkitchen.com/locations/annapolis-md>
- Crush Kitchen & Winehouse - <http://www.crushwinehouse.com/>
- Tsunami - <http://www.yelp.com/biz/tsunami-annapolis>
- Rams Head - <http://www.ramsheadtavern.com/annapolis/>
- El Toro Bravo - <http://www.eltorobravoannapolis.com/>
- Carpaccio - <http://carpacciotuscankitchen.com/>
- Fado - <http://fadoirishpub.com/annapolis/home>

We are pulling together flight arrivals and departures and will group members with like times for private shuttles to/from the airport. We will send more information on the coordinated transportation next week. Please let me know if you will be traveling with a guest for the shuttle rides and/or bringing a guest for the activities. The attire for the retreat is casual.

Thanks!

Maria, that is fine, but can you tell her to call me on my cell phone please? I will be in Kansas City at the Annual Nutrition Conference (School Nutrition Association Meeting) starting this Friday through next Tuesday. If she wants to wait until next Wednesday, I will be back in the office, or she can just call my cell phone at 706-836-1331. Hope things are going well for you. We are water logged down here.

Paul. it will be interesting to see what kind of attendance they get at this meeting. I will let you know!

Congratulations to our CEO Pat Babjak for representing the Academy and our members on the

Bipartisan Policy Center's Advisory Board on Health and Innovation!

Pat is meeting in New York today with visionary business and health leaders to help launch a new CEO Council on Health and Innovation, comprised of chief executives of some of the nation's largest employers who have a significant stake in the health and health care of their workforces. She is part of a Health Care Advisory Board, made up of chief executives of organizations representing clinicians, consumers, health plans, and hospitals. The Advisory Board will provide expert guidance in this collaborative effort.

Over the coming months, CEO Council members will share and discuss innovative strategies and best practices to improve the health and wellness of their employees and achieve higher quality and more cost-effective care. Their goal is to highlight and encourage adoption of such practices by other large and medium-sized employers to improve employee health and the delivery of health care. These strategies and best practices will be released publicly in early 2014.

Attached please find the announcement which will be released at 1:30 pm E.T. Please let me know if you have any questions.

Date: July 9, 2013

To: Board of Directors

From: Nancy Lewis, PhD, RDN,
FADA, House of Delegates Speaker, 2013-2014

Subject: Fall 2013 HOD Meeting Invitation and Agenda

Invitation to Participate in the Fall Meeting

§ The House Leadership Team and I would like to extend an invitation to you to participate in the Fall HOD Meeting, October 18-19, 2013 in Houston. Your presence at the meeting enriches discussions and provides an excellent opportunity to connect the work of the BOD (organization) with that of the House of Delegates (profession).

§ The meeting will begin with registration from 3:30-7:00 pm, Thursday, October 17 followed by the HOUSEWarming party from 6:00-7:30 pm. The meeting will conclude on Saturday, October 19 at 12:00 pm.

Meeting Materials

You will receive an electronic copy of the HOD meeting agenda and HOD Backgrounder in August. However, if you want to access the agenda and meeting materials before August, they are located on the House of Delegates website – www.eatright.org/hod . The dialogue topic for both days is ***Nutrition Services Delivery and Payment: The Business of Every Academy Member.***

Registration

The House of Delegates Team will register you for the House of Delegates Meeting. Please let Cecily Byrne (cbyrne@eatright.org) know if there are any sessions you will not be able to attend. We understand that as Board members there may be sessions that you have to leave due to other commitments. Please be sure to let the members at your dialogue table know that you may have other commitments so they understand your absence at times during the meeting.

For More Information or Assistance

Contact Nancy Lewis (nancylewis1000@gmail.com), or Cecily Byrne (cbyrne@eatright.org | 800/877-1600 ext 4893).

Our hearts and prayers go out to Trisha Fuhrman and her family, whose mother, Patricia J. Gootee, 85, passed away on Monday, July 1. We were just notified that the service will be held at Precious Blood Catholic Church tomorrow, July 6. This sad news follows after the death of Trisha's father on June 19. Condolences can be sent to:

Trisha Fuhrman

Hi--am back from vacation, thus my late reply. I arrive at 1 pm on Sunday. I'm flexible with plans. Looks like one Board dinner is Italian. Maybe another type of food would be good for Sunday night. Text is good for me as long as you are an ATT customer. Otherwise I get charged.

OK, guys....here are more restaurant selections for your Sunday eve:

Thought over that restaurant question again: closer is Tsunami, Asian cuisine. Also bit further down, in the opposite direction of Fados (make left out of the hotel instead of a right) is Rams Head, a local watering hole with craft beers and American style food. We like it, as does Erica whenever she is in town. Also across from Rams Head is El Toro Bravo, as you can guess, Mexican, not bad. Don't know how crowded these places will be on a Sunday night, but you have options. Looking forward to seeing you. Maria

Academy Hosts Congressional Briefing: Importance of Public Health Funding

The Academy co-hosted a Congressional briefing on Capitol Hill last week on the importance of federal funding for prevention and public health initiatives. The significant work of many registered dietitian nutritionists who work in public health was highlighted.

[Learn More >>](#)

What Will Happen to Vital Nutrition Programs in the Farm Bill?

Critical programs like SNAP - the largest federal nutrition assistance program - as well as the SNAP Nutrition Education Program and food and agriculture research are still waiting to be reauthorized after the House of Representatives failed to pass a comprehensive Farm Bill. This bill

funds jobs for RDNs in community nutrition and nutrition research, and provides food for more than 45 million Americans.

Social Media Ethics Webinar

The growth and prevalent use of social media in today's environment pose unique challenges to legal and ethical behavior in dietetics practice. An August 21 Academy webinar "Why Social Media Ethics Apply to You in Dietetics" can assist practitioners in being able to identify appropriate applications of social media to avoid legal and ethical problems in practice.

Academy Member Updates

Position and Practice Papers: Healthy Promotion and Chronic Disease Prevention Position

Food intake patterns, lifestyle behavior and body weight status are associated with the development of chronic diseases. Optimal nutrition throughout all phases of life, especially for the population groups that are at risk for health disparities, must be the primary focus of health promotion and disease prevention efforts of registered dietitian nutritionists and dietetic technicians, registered. New Academy position and practice papers have been published on these important issues.

I will be arriving at the airport at 3pm July 21st on Southwest if anyone wants to share a ride.....then I am good to go for sites! Without going out of Saturday, I would have had to get up at 3:30am to get there in the morning-----and my body just won't make that! Maybe another time some of us can go early and check out some local sites!

I don't arrive until 7:15 on Sunday, but if anyone else is arriving that late, I will have a rental car and we can drive together to Annapolis. I am staying a few days after the retreat to visit friends and go birding on the Delaware shore and it was cheaper to rent the car for the entire week than to go to the airport and pick one up for Wednesday-Saturday.

Hello All:

I will miss the morning and early afternoon fun, as my plane arrives on Sunday late afternoon
(4:15pm on US Airways). Mary - perhaps we can ride to the hotel together, along with anyone
else arriving late afternoon. Look forward to joining the "fun group" for dinner and an evening
walk.

Happy July 4th - safe travels,
Glenna

I apologize if this is going to too many of you. My friend, whom many of you probably know, Maria Museler, lives in Annapolis. I asked her about restaurants for those of you who are meeting up Sun eve. Here is her reply: "You are going to Loew's. If you do not mind a short walk, there are two really good restaurants at what is called Park Place: Carpaccio's and Fado's. The first one is a really good Italian place the other is an Irish Pub, with typical Irish Pub food."
So check those out. See all of you soon.

I don't arrive until 7:15 on Sunday, but if anyone else is arriving that late, I will have a rental car and we can drive together to Annapolis. I am staying a few days after the retreat to visit friends and go birding on the Delaware shore and it was cheaper to rent the car for the entire week than to go to the airport and pick one up for Wednesday-Saturday.

Hello All:

I will miss the morning and early afternoon fun, as my plane arrives on Sunday late afternoon (4:15pm on US Airways). Mary - perhaps we can ride to the hotel together, along with anyone else arriving late afternoon. Look forward to joining the "fun group" for dinner and an evening walk.

Happy July 4th - safe travels,

Glenna

I will be arriving at the airport at 3pm July 21st on Southwest if anyone wants to share a ride.....then I am good to go for sites! Without going out of Saturday, I would have had to get up at 3:30am to get there in the morning-----and my body just won't make that! Maybe another time some of us can go early and check out some local sites!

Subject: RE: Board Retreat Draft Agenda

Hi All,

Carla and I arrive at 4:48 into Baltimore on Sunday. Looking forward to a great retreat! Dinner would be great!

Take care,

Ethan

Hello All:

I will miss the morning and early afternoon fun, as my plane arrives on Sunday late afternoon (4:15pm on US Airways). Mary - perhaps we can ride to the hotel together, along with anyone else arriving late afternoon. Look forward to joining the "fun group" for dinner and an evening walk.

Happy July 4th - safe travels,

Glenna

Attached for your review is the draft agenda for the July Board Retreat in Annapolis. In the event you haven't seen Margaret's email about seeing the sights, please reply to all if you are coming early or staying late, since you may want company. Please contact me at jschwaba@eatright.org if you are bringing a guest(s) for the group activities/dinners.

Looking forward to seeing you in Annapolis!

Subject: Sad News
Attachment: [image003.jpg](#)
[Gary Eugene Russell.doc](#)

It is with sadness that I inform you of the death of Carlene Russell's husband, Gary Russell, who passed away on Saturday, June 29 following a battle with cancer. A copy of his obituary is attached. Carlene has held many elected and appointed leadership positions in the Academy. In lieu of flowers, memorial donations may be made in care of the Russell Family, 1670 Waters Edge Drive, Pleasant Hill, IA 50327.

Condolences can be sent to Carlene and her family at:

1670 Waters Edge Drive

Pleasant Hill, IA 50327

I don't arrive until 7:15 on Sunday, but if anyone else is arriving that late, I will have a rental car and we can drive together to Annapolis. I am staying a few days after the retreat to visit friends and go birding on the Delaware shore and it was cheaper to rent the car for the entire week than to go to the airport and pick one up for Wednesday-Saturday.

Hello All:

I will miss the morning and early afternoon fun, as my plane arrives on Sunday late afternoon (4:15pm on US Airways). Mary - perhaps we can ride to the hotel together, along with anyone else arriving late afternoon. Look forward to joining the "fun group" for dinner and an evening walk.

Happy July 4th - safe travels,
Glenna

Attached for your review is the draft agenda for the July Board Retreat in Annapolis. In the event you haven't seen Margaret's email about seeing the sights, please reply to all if you are coming early or staying late, since you may want company. Please contact me at jschwaba@eatright.org if you are bringing a guest(s) for the group activities/dinners.

Looking forward to seeing you in Annapolis!

Joan

Hello All:

I will miss the morning and early afternoon fun, as my plane arrives on Sunday late afternoon (4:15pm on US Airways). Mary - perhaps we can ride to the hotel together, along with anyone else arriving late afternoon. Look forward to joining the "fun group" for dinner and an evening walk.

Happy July 4th - safe travels,
Glenna

Subject: USDA Update

I had a quick meeting yesterday with the Chief of Staff at USDA Food, Nutrition and Consumer Services who oversees school meals. It was a productive meeting where I was able to share your concerns and suggestions. I was respectful but direct that my job is to support our members who I know are innovators and critical thinkers about school meals. I do not like to see these members put in positions of failure.

I felt like USDA is listening and is grateful for these suggestions. I think they “get it”. We will continue this conversation after the election.

I cannot thank you all enough for the great insight and ideas.

More to come,

Mary Pat

Subject: USDA Update

I had a quick meeting yesterday with the Chief of Staff at USDA Food, Nutrition and Consumer Services who oversees school meals. It was a productive meeting where I was able to share your concerns and suggestions. I was respectful but direct that my job is to support our members who I know are innovators and critical thinkers about school meals. I do not like to see these members put in positions of failure.

I felt like USDA is listening and is grateful for these suggestions. I think they “get it”. We will continue this conversation after the election.

I cannot thank you all enough for the great insight and ideas.

More to come,

Mary Pat

Subject: Advocacy Campaign for Treat and Reduce Obesity Act

Dear Leaders,

As you know we are initiating an advocacy campaign for the Treat and Reduce Obesity Act in both the House and Senate that would allow for RDs to provide and bill for intensive behavioral

counseling.

Those of you who are direct recipients of this message live in states that will be visiting with members of Congress during the August work period. (Those who are copied are included for information purposes, but do not live in a state that is being targeted at this time.)

After discussing the campaign with Academy President, Dr. Glenna McCollum, MPH, RDN, it was determined that as leaders of the organization, you play a critical role in communicating our issues to elected officials. Your assistance with this campaign will show leadership and support to our public policy leaders. I have attached the list of committee leaders that are asked to be a part of Phase 1 of the campaign.

We will be providing the public policy coordinators in each target state (there are approximately 24) with your contact information. We will ask them to reach out to you so that you can participate in meetings with elected officials to the extent that your schedule allows. Your leadership position in the organization will elevate the level of the meeting in the eyes of the members of Congress.

On July 16, we will host and record a webinar in which we train our policy leaders on messaging for the meetings. You will be invited to attend the training and we encourage you to participate if possible.

Please let me know if you have any questions and thank you in advance for your help in expanding coverage for obesity counseling.

Jeanne, Glenna and All,

This list of leaders is a very impressive list, and I am confident of your ability to connect with legislators, and more importantly to support and mentor our state policy leaders for this very important purpose.

We are blessed to be part of an organization with the opportunity to influence the health and well-being of so many people across our country through this effort and also through our advocacy efforts on other legislative efforts such as the Farm Bill.

Thank you for stepping up to this important task.

With gratitude,

Karen

As you know we are initiating an advocacy campaign for the Treat and Reduce Obesity Act in both the House and Senate that would allow for RDs to provide and bill for intensive behavioral counseling.

Those of you who are direct recipients of this message live in states that will be visiting with members of Congress during the August work period. (Those who are copied are included for information purposes, but do not live in a state that is being targeted at this time.)

After discussing the campaign with Academy President, Dr. Glenna McCollum, MPH, RDN, it was determined that as leaders of the organization, you play a critical role in communicating our issues to elected officials. Your assistance with this campaign will show leadership and support to our public policy leaders. I have attached the list of committee leaders that are asked to be a part of Phase 1 of the campaign.

We will be providing the public policy coordinators in each target state (there are approximately 24) with your contact information. We will ask them to reach out to you so that you can participate in meetings with elected officials to the extent that your schedule allows. Your leadership position in the organization will elevate the level of the meeting in the eyes of the members of Congress.

On July 16, we will host and record a webinar in which we train our policy leaders on messaging for the meetings. You will be invited to attend the training and we encourage you to participate if possible.

Please let me know if you have any questions and thank you in advance for your help in expanding coverage for obesity counseling.

Attachment:

Hello –

The majority of other DPGs are using yahoo groups, google groups, forums through their websites, or do not have EMLs. Most of the groups I have talked to are allowing members to continue through June (to give them time to renew) and then removing members in July. The EMLs are traditionally a valuable member benefit that can be leveraged to encourage renewals but also something you don't want to give away for free as it devalues your membership.

I recommend that you post a message in LinkedIn alerting people that they will be removed in July (pick a date in early July) if they have not renewed. Then when that date arrives cross check LinkedIn participants with your membership list and remove the expired individuals. Unless there is something in LinkedIn that I'm not aware of, it will be a manual process of removing individuals based on your membership list.

Thanks,

Amy

Amy,

We may need assistance with removal procedures that other DPGs are using to remove nonmembers from LinkedIn if that is available as a procedure that we can duplicate for SNS.

Subject: Re: Q on Past Procedures related to Removing Expired Members from LinkedIn

In the past we used iContact for our eblasts. We would just upload a new list of SNS DPG members about the middle of July. Then when we sent out the eblasts we just use the new list. I am not familiar enough with LinkedIn

to know how to delete people from the list. I am copying Britt Trulock on this email, because she might know how to do it. The other issue is the web site. At what point do people get deleted from the website? When does the Academy change people in their system to show them not as an active member of the DPG? Do they do it June 1st? If they do, then the people who have not rejoined by then they would not have access to the website. I would think you would want to invite them to the breakfast at ANC before inactivating them. That might make them want to keep their membership.

Amy and June,

We have had to go through and do this "removal" in the past, but we weren't using Linked In. I think the person who managed the EML did that in the past, which is why I am copying Donna, in case she has insight. I believe that we set an actual cut off date to kick them out of the group, then we may have actually posted a message letting everyone know that non-members would be removed from the service as of July 1, or whenever it was, unless they renewed their membership. Then we cleaned out list.

I am copying Connie and Donna, because they may have some more insight than I do on how this was done. I think we may have been able to have Excel do an automatic comparison and then drop the people who should no longer be on the list.

Subject: LinkedIn - Remove Expired Members

Hi June -

I was talking with one of my other groups about removing expired members from their EML which made me think to check in with the rest of my groups. Have you (or someone on your team) gone through and removed expired members from the LinkedIn group so they do not have access? I usually recommend waiting a few weeks past the start of the membership year knowing that people are still renewing, but it's almost July (crazy!) so it's probably safe to go through and cross check who has access.

I'm not sure who on your team would manage this so you can pass along.

Thanks!

Donna, thanks for the quick feedback! I believe that our membership information is already available online, and we are currently showing around 1150 members, so we can probably safely cut people off. However, we are also working on sending out one last reminder to non-renewing members, so we may want to wait to cut off after that, so we don't have to re-add people right after we clean the list.

Because of the new website update, the process has changed a bit on new members and outgoing members. The website is now automatically updated on a daily basis based on the Academy's database of our membership. So, the day someone joins, they automatically have access to our website. So, we do not have to worry with adding or deleting people to/from the SNS website. And to answer the question pertaining to the Academy removing them as an active member, if they (the Academy) uploaded the new list on June 1, then our website got updated on June 1 as well and those members that did not renew do not have access anymore to the website.

As for iContact, I uploaded the new list as soon as I sent out the first e-blast for this year. So, those members who did not renew, are not receiving e-blasts anymore.

LinkedIn is very different from the two above. With LinkedIn, I have to go in and one-by-one delete the members who did not renew this year. I have not done that yet. This is something we talked about when we developed the LinkedIn Group. We talked about waiting until September or so to remove the people from the group because once you remove them, they would have to "re-ask" to join the group again if they were to renew their membership a little later in the year and most people may not realize they need to do that. They may assume they are already in the group or that they would be re-instated by renewing their membership. The point is, just let me know when you would like me to remove members that have not renewed. I can do this whenever you are ready.

Thanks,
Britt

Donna, thanks for the quick feedback! I believe that our membership information is already available online, and we are currently showing around 1150 members, so we can probably safely cut people off. However, we are also working on sending out one last reminder to non-renewing members, so we may want to wait to cut off after that, so we don't have to re-add people right after we clean the list.

Julie

In the past we used iContact for our eblasts. We would just upload a new list of SNS DPG members about the middle of July. Then when we sent out the eblasts we just use the new list. I am not familiar enough with LinkedIn

to know how to delete people from the list. I am copying Britt Trulock on this email, because she might know how to do it. The other issue is the web site. At what point do people get deleted from the website? When does the Academy change people in their system to show them not as an active member of the DPG? Do they do it June 1st? If they do, then the people who have not rejoined by then they would not have access to the website. I would think you would want to invite them to the breakfast at ANC before inactivating them. That might make them want to keep their membership.

Amy and June,

We have had to go through and do this "removal" in the past, but we weren't using Linked In. I think the person who managed the EML did that in the past, which is why I am copying Donna, in case she has insight. I believe that we set an actual cut off date to kick them out of the group, then we may have actually posted a message letting everyone know that non-members would be removed from the service as of July 1, or whenever it was, unless they renewed their membership. Then we cleaned out list.

I am copying Connie and Donna, because they may have some more insight than I do on how this was done. I think we may have been able to have Excel do an automatic comparison and then drop the people who should no longer be on the list.

Subject: LinkedIn - Remove Expired Members

Hi June -

I was talking with one of my other groups about removing expired members from their EML which made me think to check in with the rest of my groups. Have you (or someone on your team) gone through and removed expired members from the LinkedIn group so they do not have access? I usually recommend waiting a few weeks past the start of the membership year knowing that people are still renewing, but it's almost July (crazy!) so it's probably safe to go through and cross check who has access.

I'm not sure who on your team would manage this so you can pass along.

Thanks!

Hey, Donna! Thank you for a well-run meeting. I have a procedural question for you. During the orientation to the FAC in May, I asked the question about the role of the CDR and ACEND representatives on the FAC. I thought I understood Paul to say that we are "ex-officio" members and did not have a vote on the committee. I noticed that today you allowed Anne to make a motion and to second a motion. I had been refraining from participating in the motions and the vote. Will you just clarify my role as the CDR representative? Thanks!

Thanks. I would still like clarification as to whether they can just not vote or not make motions also.

Subject: Fwd: FAC procedural question

Paul, Nancy emailed me this question and I told her that I had meant to mention that she and Anne were ex-officio members of the committee, which I assumed meant that they cannot vote. Can they not make and second motions, but not vote? What is your opinion? Thanks!

Hey, Donna! Thank you for a well-run meeting. I have a procedural question for you. During the orientation to the FAC in May, I asked the question about the role of the CDR and ACEND representatives on the FAC. I thought I understood Paul to say that we are "ex-officio" members and did not have a vote on the committee. I noticed that today you allowed Anne to make a motion and to second a motion. I had been refraining from participating in the motions and the vote. Will you just clarify my role as the CDR representative? Thanks!

...at FNCE!

Dear Donna,

This year's Food & Nutrition Conference & Expo will take place October 19-22, in Houston, Texas. FNCE is your one-stop shop for earning over 20.5 continuing professional education credits. Over 140 educational sessions are available to choose from. Diversify your learning by also earning CPE through:

- Pre-FNCE Workshops and Excursions
- Poster Sessions
- Culinary Demonstrations
- Expo Briefings
- Culture, Research and Academy Foundation Symposia

FNCE is a positive return on your investment!

Learn more today!

Stefanie Mittelbuscher, DTR
Academy Member

"Attending FNCE gives me access to cutting-edge research, new management techniques, innovative products and the opportunity to network with my peers nationwide."

CDR Registration Maintenance Fee for the 2013-2014 Year

This email is just to let you know that the CDR 2013/2014 registration maintenance fee notices are in the process of being mailed. You should be in receipt of your 2013/2014 CDR fee notice by early July. However, for those RDs, RDNs and DTRs who selected the **paperless** fee notice option, no CDR fee notice will be mailed.

All eligible RDs, RDNs and DTRs need to pay their \$60 CDR registration maintenance fee by **August 31, 2013**. After August 31, you will be required to pay a late fee.

Learn more and pay online <http://cdrnet.org/dates-regdates>

Other methods of payment -

MAIL Send your \$60 payment and your CDR registration maintenance fee notice to: CDR, PO Box 4727, Carol Stream IL 60197-4727, or use the courtesy reply envelope which will be enclosed with your 2013/2014 fee notice by August 31, 2013.

CALL CDR -- 800/877-1600, ext. 5500, 8:00 am to 5:00 pm/CT and pay your CDR fee by credit card -- American Express, Discover, VISA or MasterCard by August 31, 2013.

If you have paid your 2013/2014 CDR registration maintenance fee recently, please disregard this email.

Thank you.

You are currently subscribed to receive CDR Renewal Reminders from the Commission on Dietetic Registration. If you prefer not to receive future e-mails, simply follow this link to unsubscribe.

Dear Academy Member,

The 2013 Food & Nutrition Conference & Expo (FNCE) is only 4 months away and the buzz about the Member Product MarketPlace (MPMP) is exciting! FNCE attendees can't wait to see what Academy members are doing to impact the food and nutrition industry!

Don't miss your opportunity to be listed in the FNCE Program Book given to all 8,500+ FNCE attendees! **This is your last week to sign up** for the Member Product MarketPlace if you want your company description printed in the Program Book*. I encourage you to check out the MPMP Prospectus and sign up today!

***Upon meeting the June 28th deadline**

This truly is your best opportunity to expand your sales base, educate industry leaders on your products, forge quality customer relationships, and meet with thousands of your peers in one place! Not to mention, a listing in the Program Book and the first-ever FNCE app! **That's a lot of exposure for just \$500!** Now is the time to showcase your product! The Food & Nutrition Conference & Expo will take place October 19-22, 2013, at the George R. Brown Convention Center. The Member Product MarketPlace will be Sunday, October 20th from 8 a.m. 4 p.m.

Click [here](#) to view our interactive prospectus and sign up today!

I look forward to seeing you in Houston and working with you this week to secure your spot!

Sincerely,

Katelyn Wujciga
Exhibits Coordinator

Donna,

In the first year, Barbara feels she can handle the volume of work with existing staff and have minimal expenses. As the volume and the program grows is when she will need to add the additional costs. It could be part time person or an assistant to help manage it. That is why the costs jump to the \$74,783 in FY15. This continues in FY16, FY17, etc. Once it hits a "steady state" the revenue will decline, but so too will some of our What this does is allow us to get this off of the ground with little risk. If we don't get the traction in the first 5 or 6 months, then the cost side can be slowed down. Very much a variable cost scenario early on.

Now, it will add time and work to the current staff in FY14. However, Barbara feels they can handle it at this point.

Let me know if this helps.

Paul

Paul, That is good information to have before the phone call.

I reviewed the proposals, and the only question I have is on the cost of the first year for the fellow program. It looks like there are costs for staff, travel etc. listed (Project Total \$74,783), but they don't seem to be reflected in the costs and revenue in the proposal (\$59,000 revenue, \$5,000 expense) for FY 2014. We say we will make a profit the first year, but with those expenses I do not see it that way. I am in favor of it, but am confused on that point.

All,

Our agenda for next week's call will include two items that will be presented to the Board in July; Membership Dues increase for FY15 and Academy Fellow Recognition Program. I am attaching the summaries for your review. Maria will put them onto the portal this afternoon.

Both of these items have important and positive long term financial impacts to the Academy. As some of you may recall, during the FY14 budget process, Pat put together a list of items that could drive top line growth beginning in FY14, but were not included in the budget. One of these items was the Academy Fellow Recognition Program. As you will see in the overview provided by Barbara Visocan, the program is expected to generate, in the first five years, nearly \$2.5M in new revenue beginning in FY14 with a very small expense impact. In fact, it is anticipated that the program will generate over \$2.1M in net income (net revenue after expenses) during the same period. In FY14, the program is expected to generate \$59,050 in new revenue with only an additional \$5,000 in expense. This is a very small investment with a very large ROI!!!

The second item is the FY15 Membership Dues increase proposal. In this overview, again provided by Barbara Visocan, we are proposing a 1.8% increase in membership dues in FY15. This is really based upon two things; inflation and the Membership team's knowledge of our members. Inflation is currently running around 1.8%. However, going forward, there is an expectation inflation could accelerate by the end of this calendar year and into the 2014 calendar year. Even though, looking forward, inflation could exceed 1.8%, the Membership team feels the membership dues for Active and Retired members should not exceed \$230 and \$115 respectively. In any situation, understanding your customer's willingness to pay is critical and should be the primary driver of the final decision. Essentially they are saying our price elasticity, at

this time, could be impacted beyond these rates and hurt overall membership dues and membership.

As I mentioned above, these two proposals will be put onto the portal this afternoon and are also attached to make it easy for you to access. If you have any questions, please don't hesitate to ask. You can reach me by e-mail or at extension at 800-877-1600, ext. 4730.

All,

The first Finance and Audit Committee meeting of FY14 is on Tuesday, June 25th, at 1 p.m. CDT. There will be quite a few items to address on the agenda. However, the two primary items will be the **FY15 Dues Increase Proposal** and the **Fellow Recognition Program** brought forward by Barbara Visocan and sent to you on Tuesday. Maria has put the information onto the portal as well. If you don't have the information or can't access the portal, please let us know as soon as possible.

In addition to the two items listed above, we also have available on the portal the following;

1. Meeting Agenda

2. Finance and Audit Committee FY14 program of work
3. Finance and Audit Committee Bios and contact information
4. May 29th Finance and Audit Committee minutes
5. April final financials

One of the items missing from the list is the May preliminary financials. I am not certain I will have these available to discuss on this call. The volume of expenses process at the end of the Fiscal Year was more than we anticipated. The overall expenses for May, at the moment, are approximately \$1.5 million higher this year than last year. A lot of this was anticipated in the FY13 budget, but, not necessarily in May. So, we are taking a great deal of care to make sure expenses that are being recorded in May actually do belong in May. As you may know, we record expenses when the benefit to the organization occurs. This does not always correspond to when the bill is paid. For example, an airline ticket purchased and paid for in May for travel in July would be recorded when the trip is taken (July) and not when the ticket is paid (May). The opposite is also true. If someone travels in May, but the ticket isn't paid until June because it has been charged, we will move the payment into May. This is normal accounting standards and results in a great deal of movement in expenses. We hope to have preliminary May results for our call on Tuesday. If we don't, we will provide an update as to our progress.

I. April Changes

- No changes were made to the original April financials that you received in May.

II. May Investments and beyond

- Although we have not completed the May closing, we can tell you how our investments performed. In the month of May, the combined Academy and Foundation portfolios increased \$530,016. This brings the FY14 total investment reserve returns to \$6,678,595!! Not a bad year. This is \$4,045,295 higher than our budget of \$2,633,300. In addition, this is \$6,535,199 higher than the returns we received in FY13. Of course, that is the great news. The not so great news are the results for June. Through yesterday, June 20th, the combined portfolios have lost \$858,747. In dollars, this is a lot of money. However, it represents a 1.6% loss. Not too bad given the swings of the market. Today, the market has been very volatile and is currently down. So, our

losses may continue for the month. However, we have 5 additional trading days. So, anything can happen. We were sitting on a profit for the month as of June 18th!! We will keep you posted. Even if the market does decline, our reserves are healthy. The market has shown great resilience and is due for a correction. The last couple of days have gone down due to the Federal Reserve chair saying they are not changing their plans at the moment and the economy seems to be picking up strength. Essentially, that means they will be reducing the support of the market that we have seen over the past few years. That isn't all bad!!! If the Federal Reserve thinks the economy is beginning to pick up steam and doesn't need its help, we would expect to see earnings rise which will, in turn, drive stocks higher.

III. FAC Calendar for FY14

-
The FAC calendar has been updated to reflect the change from the last Wednesday of the month to the last Tuesday of the month. However, we need to make one additional change. Our Face to Face meeting in Chicago on April 23rd and 24th, 2014 may not work. So, we are looking at alternative dates. We have currently "penciled in" Wednesday, April 30th and Thursday, May 1st. However, this is just before the HOD virtual meeting beginning on May 2nd. We need to be sensitive to the demands on each of you. In this case, having the meeting on these days may make it difficult for those of you who are attending the HOD virtual meeting in Chicago. The HOD participants would have to arrive on Tuesday night, April 29th and not return home until after the HOD meeting (Monday May 5th?). So, take a look at your calendars and let us know if these dates will work.

As always, if you have any questions or concerns, feel free to reach out to anyone of us on team; me, Linda, Christian and Maria. Have a great weekend and we will talk next week.

All,

Our agenda for next week's call will include two items that will be presented to the Board in July; Membership Dues increase for FY15 and Academy Fellow Recognition Program. I am attaching the summaries for your review. Maria will put them onto the portal this afternoon.

Both of these items have important and positive long term financial impacts to the Academy. As some of you may recall, during the FY14 budget process, Pat put together a list of items that could drive top line growth beginning in FY14, but were not included in the budget. One of these items was the Academy Fellow Recognition Program. As you will see in the overview provided by Barbara Visocan, the program is expected to generate, in the first five years, nearly \$2.5M in new revenue beginning in FY14 with a very small expense impact. In fact, it is anticipated that the program will generate over \$2.1M in net income (net revenue after expenses) during the same period. In FY14, the program is expected to generate \$59,050 in new revenue with only an additional \$5,000 in expense. This is a very small investment with a very large ROI!!!

The second item is the FY15 Membership Dues increase proposal. In this overview, again provided by Barbara Visocan, we are proposing a 1.8% increase in membership dues in FY15. This is really based upon two things; inflation and the Membership team's knowledge of our members. Inflation is currently running around 1.8%. However, going forward, there is an

expectation inflation could accelerate by the end of this calendar year and into the 2014 calendar year. Even though, looking forward, inflation could exceed 1.8%, the Membership team feels the membership dues for Active and Retired members should not exceed \$230 and \$115 respectively. In any situation, understanding your customer's willingness to pay is critical and should be the primary driver of the final decision. Essentially they are saying our price elasticity, at this time, could be impacted beyond these rates and hurt overall membership dues and membership.

As I mentioned above, these two proposals will be put onto the portal this afternoon and are also attached to make it easy for you to access. If you have any questions, please don't hesitate to ask. You can reach me by e-mail or at extension at 800-877-1600, ext. 4730.

Subject: RE: Finance and Audit Committee meeting on Tuesday, June 25th at 1 p.m. CDT

Hi Paul,

I reviewed the dues and Fellow proposals. They look good to me and I would vote yes for both of them.

Have a great weekend!

Sonja

Subject: Finance and Audit Committee meeting on Tuesday, June 25th at 1 p.m. CDT

All,

Our agenda for next week's call will include two items that will be presented to the Board in July; Membership Dues increase for FY15 and Academy Fellow Recognition Program. I am attaching the summaries for your review. Maria will put them onto the portal this afternoon.

Both of these items have important and positive long term financial impacts to the Academy. As some of you may recall, during the FY14 budget process, Pat put together a list of items that could drive top line growth beginning in FY14, but were not included in the budget. One of these items was the Academy Fellow Recognition Program. As you will see in the overview provided by Barbara Visocan, the program is expected to generate, in the first five years, nearly \$2.5M in new revenue beginning in FY14 with a very small expense impact. In fact, it is anticipated that the program will generate over \$2.1M in net income (net revenue after expenses) during the same period. In FY14, the program is expected to generate \$59,050 in new revenue with only an additional \$5,000 in expense. This is a very small investment with a very large ROI!!!

The second item is the FY15 Membership Dues increase proposal. In this overview, again provided by Barbara Visocan, we are proposing a 1.8% increase in membership dues in FY15. This is really based upon two things; inflation and the Membership team's knowledge of our members. Inflation is currently running around 1.8%. However, going forward, there is an expectation inflation could accelerate by the end of this calendar year and into the 2014 calendar year. Even though, looking forward, inflation could exceed 1.8%, the Membership team feels the membership dues for Active and Retired members should not exceed \$230 and \$115 respectively. In any situation, understanding your customer's willingness to pay is critical and should be the primary driver of the final decision. Essentially they are saying our price elasticity, at this time, could be impacted beyond these rates and hurt overall membership dues and membership.

As I mentioned above, these two proposals will be put onto the portal this afternoon and are also attached to make it easy for you to access. If you have any questions, please don't hesitate to ask. You can reach me by e-mail or at extension at 800-877-1600, ext. 4730.

Pearlie, I would like to add the following article (attached) and the following pre-test questions. No deletions. Thanks!

1. Which of the following offering of vegetables would meet the new vegetable guidelines if offered over a week?

- a. green beans, black eyed peas, tomatoes, corn, carrots
- b. **refried beans, red bell pepper, turnip greens, cucumbers, green bananas**
- c. sweet potatoes, green peas, summer squash, kale, parsnips
- d. black beans, mushrooms, brussel sprouts, beets, cauliflower

2. Which of these breakfast trays would be a reimbursable meal?

- a. **Sausage Biscuit and 4 oz juice**
- b. Milk and chicken biscuit
- c. Milk, 4 oz. juice and 1/2 cup fruit
- d. 2 slices of toast and 1/2 cup fruit

We are currently conducting a review of the Certificate of Training in Childhood and Adolescent Weight Management self-study module. We have given you access to the 2012-2013 online childhood and adolescent weight management self-study module at <http://www.cdr.groupxm.com>.

To login choose the "Login" option on the upper right-hand side of the page.

1. Sign-in using your e-mail address and the password - welcome
2. On the purple banner, hover over the "Portal" option on the right-hand side and choose the "Library" option from the drop-down menu.
3. Click on the "May 2013 Childhood Faculty PowerPoint Files and Handouts" link located to the left.

A paper copy of the module is attached. The copies does not include the actual articles. Would you please review the articles included in the module and identify if there are any articles that should be added, subtracted, or replaced. Keep in mind that the intent of the self-study is to provide attendees with the foundation knowledge to allow richer discussions at the onsite workshop (in other words, they should be consistent with the self-study learning objectives identified within the module). The articles should not present the content that will be covered onsite. However, if you have suggested changes to the learning objectives, please do provide those too!

A paper copy of the current pre-test is also attached. Please review the test and identify items that should be deleted, edited or added. We have included the source and performance of each item. Those poor performing questions are indicated in red.

Please send your feedback to me by e-mail or fax (312/899-4772) by August 23, 2013. After we receive all the feedback, we will send you a summary of recommendations and, if warranted, schedule a faculty teleconference to finalize the changes. Note that changes in articles will also change the learning activities and pre-test so we will be following up later for your input on those as well. All changes will be implemented for the November 2013 program.

If you have any questions, feel free to contact me. Have a great summer!

Donna,

It does not look like May 2nd and 3rd will work. I reviewed the calendar and I now see that the HOD virtual spring meeting is May 2nd through 6th. So, we are back to the drawing board. You mentioned days you could make it the other day and I did not write them down. Can you provide them? If they were just before the HOD meeting, we could "kill two birds with one stone". We could have our meeting on Wednesday and Thursday, April 30th and May 1st. However, I am not sure this is good for you. If that did work, Elise and Sonja would be in Chicago anyway. They would just come a couple of days earlier. So, let me know the dates that can work for you.

[19933-Kids Eat Right TV PSA - Executive Summary-Initial Report.pdf](#)
[19933-Kids Eat RightTV PSA - Station Airing Detail-Initial Report.pdf](#)

Last fall, the Strategic Communications Department worked with the PR team for Hilary Knight who is a USA Women's hockey player (part of the silver medal team in the 2010 winter Olympics). She was interested in getting involved with children's health and nutrition, so we filmed a PSA video with her and the USOC team dietitian in Boston highlighting the importance of an RD and the Kids Eat Right program. Following is a link to the PSA <http://www.eatright.org/Foundation/content.aspx?id=6442475344>.

A PSA distribution company was used to help get it placed on TV stations across the country, and attached and below are details from the three-week report. As you can see, it's gotten some great airplay across the country and hopefully that will continue to grow over the summer. Since the PSA's distribution just three weeks ago, the PSAs have already received a total of 571 airings on 30 stations in top markets across the country such as New York, Boston, Phoenix, Pittsburgh and Nashville. Within a few weeks, the PSA has garnered 8,706,195 impressions and \$131,927 in total donated media value.

In addition, nearly 69% of airings have occurred in key day parts (9 A.M. to 10 P.M.). Please note that the "This Month" column on the reports represent the airings that were accumulated in June so far. Total airings include all airings since the distribution took place in late May. It's amazing to see that stations are responding so quickly since it usually takes about 4-6 weeks following distribution for initial airings to begin. The PSA distribution company is also working on outreach with stations to encourage as much usage as possible, so we expect airings to ramp up in the

weeks ahead.

We will keep you posted on any important feedback we receive from stations. Special thanks to Strategic Communications for making this happen.

Subject: Treat and Reduce Obesity Act Introduced in the House and pending in the Senate

I am very pleased to share with you exciting news from Jeanne Blankenship. Please see below. The press release is attached.

Best regards,

Pat

Patricia M. Babjak

Chief Executive Officer

Academy of Nutrition and Dietetics

120 South Riverside Plaza, Suite 2000

Chicago, IL 60606

312/899-4856

pbabjak@eatright.org

www.eatright.org

The Treat and Reduce Obesity Act, **a bill that would expand coverage for RDNs to provide intensive behavioral counseling for obesity *outside of the primary care setting***, was just introduced in the House (HR 2415) and will be soon introduced in the Senate. This bill would give CMS the authority to allow registered dietitian nutritionists and other qualified healthcare practitioners to *independently* provide and be reimbursed for intensive behavioral therapy for obesity to Medicare participants. A press release has been prepared that will announce this important development to the public and Academy members.

The Academy has collaborated with members of Congress and partner organizations including the American Society for Metabolic and Bariatric Surgery, American Society of Bariatric Physicians, the Obesity Society and the Obesity Action Coalition, for nearly two years to initiate this legislation. The Academy's involvement is an outgrowth of its continued strategy to expand reimbursement opportunities for members.

Next Steps – Academy Advocacy Plan:

This bill will be heard by the House Energy and Commerce Health Subcommittee and the Senate Finance Subcommittee on Healthcare. To move this bill out of committee and onto each chamber's floor, the Academy will initiate a comprehensive advocacy plan. The strategy will consist of two phases. The first phase will focus on building support with members of Congress who serve on the committees where the bill is assigned (also known as “committee of jurisdiction”). The second phase will begin when the bill is approved by the committee and brought forward to all members of each chamber for discussion.

During phase one, the Academy will be working with specific Affiliates to garner support for the bill. Once there is support and it appears that the bill will move forward, all affiliates and Academy members will be asked to participate in the advocacy campaign. This will be known as “phase two.”

We will be asking members of the Board of Directors, HOD, LPPC, ANDPAC and the Coding and Coverage Committee to participate in District meetings with members of Congress to the extent possible.

The Academy will send a communication to the public policy leaders, including the reimbursement representatives, in the next few days that gives an overview of the proposed legislation and outlines the role of affiliates in the grassroots campaign. The advocacy strategy will be explained in detail and includes, but is not limited to the following:

Phase 1: Building Support with Committees of Jurisdiction

- Send an Academy letter of support to Committee Chairs and Subcommittee Chairs
- Educate and Prepare Targeted Affiliates:
 - o Provide talking points, background information and training webinar for affiliates whose Congressional members are part of the committees and subcommittees of jurisdiction.
- Activate Targeted Affiliates:
 - o Encourage affiliates to meet with legislators and report their efforts back to the Academy.
 - o Ask affiliates to complete an Action Alert targeted to members of the Committees and Subcommittees.
- All members & staff:
 - o Provide progress updates to all members and staff through various communication channels.

Phase 2: Build Broad Support with all members of Congress

- Educate and Prepare All Affiliates:
 - o Provide talking points, background information and training webinar for all affiliates.
- Activate All Affiliates:
 - o Ask affiliates to complete an Action Alert to all members of Congress.
- All members & staff:
 - o Provide progress updates to all members and staff through various communication channels.

Goals:

The main goal of this initiative is to pass the Treat and Reduce Obesity Act in order to expand coverage for our members. However, we recognize that there are other opportunities within this effort, such as:

- Educating members of Congress about the role of the RDN in obesity treatment;
- Engaging Academy members to connect and develop in district relationships with their legislators; and
- Informing Academy members about our policy efforts.

We look forward to updating you on the status of the Treat and Reduce Obesity Act. If you have questions or comments regarding this campaign, please contact me.

Your leadership in supporting our policy efforts is appreciated!

Best Regards,
Jeanne

2231. Post test questions

From: Donna Martin <dmartin@burke.k12.ga.us>
To: Pearlie Johnson <PJohnson@eatright.org>
Sent Date: Jun 20, 2013 14:11:48
Subject: Post test questions
Attachment: [TEXT.htm](#)

Pearlie, These questions will test much better. Sorry for the confusion and for your trouble.

1. Which of the following is the only part of The New Healthy Hunger Free Act Regulations for school lunch that still have minimum and maximum ranges

- a) Meat/Meat Alternates
- b) b) Fruit Juice
- c) c) Grains
- d) d) Calories ***
- e)

2. Which of the following items are required to be served daily in the National School Lunch program as of Fiscal Year 2014?

- a) Fresh fruit
- b) Fresh vegetable
- c) Whole grain ***
- d) Fruit juice

Hello.

We are working on taking the report from the strategic planning session in May 2013 and turning it into a strategic planning document for SNF.

As we work on the draft document, we wanted to send you the report for review (attached).

If you have questions or need additional information, please let us know.

To: All Academy Staff
Subject: Information Technology Update

In 2012, the Academy's Board of Directors authorized a comprehensive evaluation of our organization's Information Technology area to determine the development and operations that the Academy would need to meet current and future technology needs.

Phase I of the review identified a priority of developing a robust IT strategy that serves all areas of our business, consolidating planning and management. Based on the results of the assessment, the Director of Information Technology position has been eliminated. The Academy thanks Rich Newman for his service and we wish him well in his future endeavors.

Phase II of the IT review will assess the Academy's current capabilities and identify our specific needs and demands. To assist in this part of our review, the Academy has hired Waident Technology Solutions. Sean Hanna from Waident will serve as Information Technology Officer. Sean has over 14 years of experience in the technology field and brings his extensive tech expertise and excellent problem solving skills. In the coming months, Waident representatives will be at headquarters to get a hands-on perspective of the Academy's technical infrastructure and procedures. In addition, Waident will work closely with an internal Academy task force of IT "super-users" representing critical areas. Members of the task force will be selected by the Executive Team very soon.

On a day-to-day basis, Academy headquarters team members should continue to use the c.support application for submitting tickets when you encounter problems with your hardware, software, network, etc. Escalated IT issues should be brought to the attention of Eric Hayes, Manager of Network Operations.

Effective immediately, the IT group will report directly to me. The ultimate goal is enhanced, increasingly efficient Information Technology operations that will enable the Academy to fulfill its mission and strategic direction and to best serve our members, staff and the public. The Board of Directors, the Executive Team and I are confident that the Academy can build from our established technological core to meet the needs and exceed the expectation of all our customers.

Thank you for supporting these exciting new Academy IT initiatives!

The Treat and Reduce Obesity Act, **a bill that would expand coverage for RDNs to provide intensive behavioral counseling for obesity *outside of the primary care setting***, was just introduced in the House (HR 2415) and will be soon introduced in the Senate. This bill would give CMS the authority to allow registered dietitian nutritionists and other qualified healthcare practitioners to *independently* provide and be reimbursed for intensive behavioral therapy for obesity to Medicare participants. A press release has been prepared that will announce this important development to the public and Academy members.

The Academy has collaborated with members of Congress and partner organizations including the American Society for Metabolic and Bariatric Surgery, American Society of Bariatric Physicians, the Obesity Society and the Obesity Action Coalition, for nearly two years to initiate this legislation. The Academy's involvement is an outgrowth of its continued strategy to expand reimbursement opportunities for members.

Next Steps – Academy Advocacy Plan:

This bill will be heard by the House Energy and Commerce Health Subcommittee and the Senate Finance Subcommittee on Healthcare. To move this bill out of committee and onto each chamber's floor, the Academy will initiate a comprehensive advocacy plan. The strategy will consist of two phases. The first phase will focus on building support with members of Congress

who serve on the committees where the bill is assigned (also known as “committee of jurisdiction”). The second phase will begin when the bill is approved by the committee and brought forward to all members of each chamber for discussion.

During phase one, the Academy will be working with specific Affiliates to garner support for the bill. Once there is support and it appears that the bill will move forward, all affiliates and Academy members will be asked to participate in the advocacy campaign. This will be known as “phase two.”

We will be asking members of the Board of Directors, HOD, LPPC, ANDPAC and the Coding and Coverage Committee to participate in District meetings with members of Congress to the extent possible.

The Academy will send a communication to the public policy leaders, including the reimbursement representatives, in the next few days that gives an overview of the proposed legislation and outlines the role of affiliates in the grassroots campaign. The advocacy strategy will be explained in detail and includes, but is not limited to the following:

Phase 1: Building Support with Committees of Jurisdiction

- Send an Academy letter of support to Committee Chairs and Subcommittee Chairs
- Educate and Prepare Targeted Affiliates:
 - o Provide talking points, background information and training webinar for affiliates whose Congressional members are part of the committees and subcommittees of jurisdiction.
- Activate Targeted Affiliates:
 - o Encourage affiliates to meet with legislators and report their efforts back to the Academy.
 - o Ask affiliates to complete an Action Alert targeted to members of the Committees and Subcommittees.
- All members & staff:
 - o Provide progress updates to all members and staff through various communication channels.

Phase 2: Build Broad Support with all members of Congress

- Educate and Prepare All Affiliates:
 - o Provide talking points, background information and training webinar for all affiliates.
- Activate All Affiliates:
 - o Ask affiliates to complete an Action Alert to all members of Congress.
- All members & staff:
 - o Provide progress updates to all members and staff through various communication channels.

Goals:

The main goal of this initiative is to pass the Treat and Reduce Obesity Act in order to expand coverage for our members. However, we recognize that there are other opportunities within this effort, such as:

- Educating members of Congress about the role of the RDN in obesity treatment;
- Engaging Academy members to connect and develop in district relationships with their legislators; and
- Informing Academy members about our policy efforts.

We look forward to updating you on the status of the Treat and Reduce Obesity Act. If you have questions or comments regarding this campaign, please contact me.

Your leadership in supporting our policy efforts is appreciated!

Dear Jeanne and Pat,

This action plan that includes the affiliates public policy panels to get the word out to contact their respective legislators that work on the two key committees is genius and I feel would be the most effective way to get the legislators on board. I am always impressed of the importance of the actual constituent making the ask.

Sincerely,
Marcy Kyle

consist of two phases. The first phase will focus on building support with members of Congress who serve on the committees where the bill is assigned (also known as “committee of jurisdiction”). The second phase will begin when the bill is approved by the committee and brought forward to all members of each chamber for discussion.

During phase one, the Academy will be working with specific Affiliates to garner support for the bill. Once there is support and it appears that the bill will move forward, all affiliates and Academy members will be asked to participate in the advocacy campaign. This will be known as “phase two.”

We will be asking members of the Board of Directors, HOD, LPPC, ANDPAC and the Coding and Coverage Committee to participate in District meetings with members of Congress to the extent possible.

The Academy will send a communication to the public policy leaders, including the reimbursement representatives, in the next few days that gives an overview of the proposed legislation and outlines the role of affiliates in the grassroots campaign. The advocacy strategy will be explained in detail and includes, but is not limited to the following:

Phase 1: Building Support with Committees of Jurisdiction

- Send an Academy letter of support to Committee Chairs and Subcommittee Chairs
- Educate and Prepare Targeted Affiliates:
 - o Provide talking points, background information and training webinar for affiliates whose Congressional members are part of the committees and subcommittees of jurisdiction.
- Activate Targeted Affiliates:
 - o Encourage affiliates to meet with legislators and report their efforts back to the Academy.
 - o Ask affiliates to complete an Action Alert targeted to members of the Committees and Subcommittees.
- All members & staff:
 - o Provide progress updates to all members and staff through various communication channels.

Phase 2: Build Broad Support with all members of Congress

- Educate and Prepare All Affiliates:
 - o Provide talking points, background information and training webinar for all affiliates.
- Activate All Affiliates:
 - o Ask affiliates to complete an Action Alert to all members of Congress.
- All members & staff:
 - o Provide progress updates to all members and staff through various communication channels.

Goals:

The main goal of this initiative is to pass the Treat and Reduce Obesity Act in order to expand coverage for our members. However, we recognize that there are other opportunities within this

effort, such as:

- Educating members of Congress about the role of the RDN in obesity treatment;
- Engaging Academy members to connect and develop in district relationships with their legislators; and
- Informing Academy members about our policy efforts.

We look forward to updating you on the status of the Treat and Reduce Obesity Act. If you have questions or comments regarding this campaign, please contact me.

Your leadership in supporting our policy efforts is appreciated!

Best Regards,
Jeanne

The Treat and Reduce Obesity Act , a **bill that would expand coverage for RDNs to provide intensive behavioral counseling for obesity *outside of the primary care setting***, was just introduced in the House (HR 2415) and will be soon introduced in the Senate. This bill would give CMS the authority to allow registered dietitian nutritionists and other qualified healthcare practitioners to *independently* provide and be reimbursed for intensive behavioral therapy for obesity to Medicare participants. A press release has been prepared that will announce this important development to the public and Academy members.

The Academy has collaborated with members of Congress and partner organizations including the American Society for Metabolic and Bariatric Surgery, American Society of Bariatric Physicians, the Obesity Society and the Obesity Action Coalition, for nearly two years to initiate this legislation. The Academy's involvement is an outgrowth of its continued strategy to expand reimbursement opportunities for members.

Next Steps – Academy Advocacy Plan:

This bill will be heard by the House Energy and Commerce Health Subcommittee and the Senate Finance Subcommittee on Healthcare. To move this bill out of committee and onto each chamber's floor, the Academy will initiate a comprehensive advocacy plan. The strategy will consist of two phases. The first phase will focus on building support with members of Congress who serve on the committees where the bill is assigned (also known as "committee of jurisdiction"). The second phase will begin when the bill is approved by the committee and brought forward to all members of each chamber for discussion.

During phase one, the Academy will be working with specific Affiliates to garner support for the bill. Once there is support and it appears that the bill will move forward, all affiliates and Academy members will be asked to participate in the advocacy campaign. This will be known as "phase two."

We will be asking members of the Board of Directors, HOD, LPPC, ANDPAC and the Coding and Coverage Committee to participate in District meetings with members of Congress to the extent possible.

The Academy will send a communication to the public policy leaders, including the reimbursement representatives, in the next few days that gives an overview of the proposed legislation and outlines the role of affiliates in the grassroots campaign. The advocacy strategy will be explained in detail and includes, but is not limited to the following:

Phase 1: Building Support with Committees of Jurisdiction

- Send an Academy letter of support to Committee Chairs and Subcommittee Chairs
- Educate and Prepare Targeted Affiliates:
 - o Provide talking points, background information and training webinar for affiliates whose Congressional members are part of the committees and subcommittees of jurisdiction.
- Activate Targeted Affiliates:
 - o Encourage affiliates to meet with legislators and report their efforts back to the Academy.
 - o Ask affiliates to complete an Action Alert targeted to members of the Committees and Subcommittees.
- All members & staff:
 - o Provide progress updates to all members and staff through various communication channels.

Phase 2: Build Broad Support with all members of Congress

- Educate and Prepare All Affiliates:
 - o Provide talking points, background information and training webinar for all affiliates.
- Activate All Affiliates:
 - o Ask affiliates to complete an Action Alert to all members of Congress.
- All members & staff:
 - o Provide progress updates to all members and staff through various communication channels.

Goals:

The main goal of this initiative is to pass the Treat and Reduce Obesity Act in order to expand coverage for our members. However, we recognize that there are other opportunities within this effort, such as:

- Educating members of Congress about the role of the RDN in obesity treatment;
- Engaging Academy members to connect and develop in district relationships with their legislators; and
- Informing Academy members about our policy efforts.

We look forward to updating you on the status of the Treat and Reduce Obesity Act. If you have questions or comments regarding this campaign, please contact me.

Social Media Ethics Webinar

The growth and prevalent use of social media in today's environment poses unique challenges to the legal and ethical behavior in dietetics practice. An August 21 Academy webinar "Why Social Media Ethics Apply to You in Dietetic" can assist practitioners in being able to identify appropriate applications of social media to avoid legal and ethical problems in practice. Case studies related to clinical practice and social media will be provided in addition to situations and applications of social media that had negative impact. Practical applications for using social media in clinical care and other practice settings will be provided. The webinar will last from 1 p.m. to 2:30 p.m. Central Time.

Subject: Pre-Test Concern From Little Rock Program Participant

Hello All,

We have received a concern from a participant who attended the Little Rock program regarding a pre-test question. Can you please review and provide a response.

Concern:

Also, on the *pre-test*, question 30's correct answer includes promoting more fresh juice to a 9 year old. If you are able to provide the rational of why answer C is a better dietary recommendation over choice D considering his lab and diet analysis.

Question:

Paul is a nine-year-old male child. At his annual pediatric visit he weighs 65 lbs and is 50 inches in height. Paul's family has history of cardiovascular disease and diabetes. His total serum cholesterol is 250 mg/dl and his LDL-C is 160 mg/dl. An analysis of 3-day food records revealed the following: 2100 Kcal, 38% of total calories from fat, 350 mg of cholesterol, 12% of total calories from saturated fat, 60 grams protein, 50% of total calories from carbohydrate, 5 grams fiber, Folate 200mg, Vitamin A 400 ug, Calcium 1000mg, and Iron 10mg. Paul participates in 45-minute physical education classes two days per week, and plays baseball two days per week. He is allowed to play video games or watch television two hours per day during the week and has no limits on the weekends.

According to Paul's food intake records, what dietary recommendations should be provided based on his existing intake of vitamin and minerals?

- a) Increase intake of red meats and legumes
- b) Increase intake of low-fat dairy and red meats
- c) Increase intake of whole-grains, legumes and fresh juice
- d) Increase intake of low-fat dairy products and colorful fruits and vegetables

Source: United States Department of Agriculture Dietary Reference Intakes:
<http://fnic.nal.usda.gov/interactiveDRI/>

The performance for the question is 66% among the Little Rock participants.

Weight Management Certificate Programs

A Certificate of Training in Adult Weight Management program is coming to Memphis, Tennessee on September 30 - October 2, 2013. The program will be held at the Hilton Memphis, 939 Ridge Lake Blvd., Memphis, Tennessee. For registration information and to view the certificate requirements, timeline, registration deadlines and agenda, please visit the CDR Website at <http://cdrnet.org/weight-management-adult-program>. This program has been awarded 35 CPEUs. [Click here to visit testimonies from previous program participants.](#)

If you have already attended the Certificate of Training in Adult Weight Management program, you may be pleased to know that CDR will be offering a Level 2 Certificate of Training in Adult Weight Management program in Austin, Texas on December 6-8, 2013. This Level 2 program is only opened for those individuals who have successfully completed the Certificate of Training in Adult Weight Management or the Certificate of Training in Childhood and Adolescent Weight Management program. For registration information and to view the certificate requirements, timeline, registration deadlines and agenda, please visit the CDR Website at <http://cdrnet.org/weight-management/level2>. This program has been awarded 50 CPEUs.

If you are unable to attend an on-site program, you may wish to consider one of our self-study modules. The modules are now available in paper and on-line versions.

Childhood and Adolescent Weight Management Self-Study Module Approved for 13 CPEUs

For information:

<http://cdrnet.org/weight-management/childhood-module>

Adult Weight Management Self-Study Module - Approved for 16 CPEUs

For information:

<http://cdrnet.org/weight-management/adult-module>

2248. Post-Test Questions - Little Rock, AR

From: Pearlie Johnson <PJohnson@eatright.org>
To: DMartin@Burke.k12.ga.us <DMartin@Burke.k12.ga.us>
Sent Date: Jun 18, 2013 17:06:04
Subject: Post-Test Questions - Little Rock, AR
Attachment: [image001.png](#)

Hi Donna, hope all is well with you. The two new post-test questions included below which are related to the School Nutrition presentation did not perform well. Please keep this in mind when presenting in November. Also, can you reduce the number of responses to four? That format works best in the testing system.

The New Healthy Hunger Free Act Regulations for lunch have put minimum and maximum ranges on which of the following:

- a) Meat/Meat Alternates
- b) Fruit Juice
- c) Grains
- d) Calories
- e) All of above
- f) c and d
- g) a, c and d

Performance on Post-Test (If the response is not included below, it is because that response was not selected by a participant):

% Responses

Total

Response

1%

1

c) Grains

60%

72

d) Calories

12%

14

e) All of above

4%

5

f) c and d

23%

28

g) a, c and d

Which of the following items are required to be served daily in the National School Lunch program as of Fiscal Year 2013?

a) Fresh fruit

b) Fresh vegetable

c) Whole grain

d) Fruit juice

e) All of the above

f) None of the above

Performance on Post-Test (If the response is not included below, it is because that response was not selected by a participant):

% Responses

This week we will be fielding the attached impulse survey to our membership, deployed through a variety of mechanisms, including *Eat Right Weekly*, to achieve a statistically significant sample. The information will be used to help us determine member interests and educational needs regarding the topic of vitamin/mineral/antioxidant supplements. Findings will help inform our decisions regarding future communication and education needs. Please look for a link to the survey in *Eat Right Weekly* tomorrow, June 19.

We will likely field surveys from time-to-time on other nutrition-related topics of general interest, but since this is one of the first we thought it best to communicate with you in advance. If you have any questions, don't hesitate to contact me. We look forward to sharing the results with you.

Best regards,

Pat

Attachment: [Dues Increase Report FAC June 2013 \(2\).docx](#)
[FAC June 2013 Fellow Recognition Program.docx](#)

All,

Our agenda for next week's call will include two items that will be presented to the Board in July; Membership Dues increase for FY15 and Academy Fellow Recognition Program. I am attaching the summaries for your review. Maria will put them onto the portal this afternoon.

Both of these items have important and positive long term financial impacts to the Academy. As some of you may recall, during the FY14 budget process, Pat put together a list of items that could drive top line growth beginning in FY14, but were not included in the budget. One of these items was the Academy Fellow Recognition Program. As you will see in the overview provided by Barbara Visocan, the program is expected to generate, in the first five years, nearly \$2.5M in new revenue beginning in FY14 with a very small expense impact. In fact, it is anticipated that the program will generate over \$2.1M in net income (net revenue after expenses) during the same period. In FY14, the program is expected to generate \$59,050 in new revenue with only an additional \$5,000 in expense. This is a very small investment with a very large ROI!!!

The second item is the FY15 Membership Dues increase proposal. In this overview, again provided by Barbara Visocan, we are proposing a 1.8% increase in membership dues in FY15. This is really based upon two things; inflation and the Membership team's knowledge of our members. Inflation is currently running around 1.8%. However, going forward, there is an expectation inflation could accelerate by the end of this calendar year and into the 2014 calendar

year. Even though, looking forward, inflation could exceed 1.8%, the Membership team feels the membership dues for Active and Retired members should not exceed \$230 and \$115 respectively. In any situation, understanding your customer's willingness to pay is critical and should be the primary driver of the final decision. Essentially they are saying our price elasticity, at this time, could be impacted beyond these rates and hurt overall membership dues and membership.

As I mentioned above, these two proposals will be put onto the portal this afternoon and are also attached to make it easy for you to access. If you have any questions, please don't hesitate to ask. You can reach me by e-mail or at extension at 800-877-1600, ext. 4730.

Paul

Subject: Online Petition
Attachment: [image003.jpg](#)

You may have seen on the Internet this morning, or heard from friends and colleagues, that the Facebook group Dietitians for Professional Integrity (DFPI) has launched an online petition, addressed to Glenna, Sonja and me, requesting that the Academy cut its ties with corporate sponsors of which DFPI disapproves. The signers of the petition are, to a great extent, the same people who have “liked” DFPI on Facebook, and the petition contains no new information or allegations than those DFPI (Andy Bellatti) has been making since its formation early this year. We have conducted a quick review of some of the signers, indicating that about half are Academy members. I encourage all members of the Board to not sign this petition, which contains the usual (for DFPI) partial truths mixed with a heavy dose of opinion and misstatements about the Academy. The organizers write that they will present the petition at FNCE in October, but no further details are given. We will monitor the status of this petition and keep you posted if there are further developments. We will be discussing corporate relations at the Board retreat.

Thank you very much.

Pat

FNCE Registration is Now Open!

Now is your chance to register for the 2013 Food & Nutrition Conference & Expo to be held October 19-22 in Houston, Texas. Whether you go for the education, to visit the expo or to network, you're bound to experience the energy of FNCE! More than 8,500 of your peers will be there, ready to interact with you. Attend FNCE to advance your professional development through idea-sharing and gathering valuable insights you can implement immediately.

Take a look at what will be offered at this year's FNCE and register today by visiting www.eatright.org/fnce.

We hope to see you in Houston!

This FNCE Announcement is a benefit of the Academy of Nutrition and Dietetics. If you prefer not to receive future FNCE Announcements, simply follow this link to unsubscribe.

Attachment: [image002.png](#)
[Pre-Test - Oct 2012 Childhood Program Pre-Test With Performance.doc](#)
[2012-2013 Childhood Module Self Study.doc](#)

We are currently conducting a review of the Certificate of Training in Childhood and Adolescent Weight Management self-study module. We have given you access to the 2012-2013 online childhood and adolescent weight management self-study module at <http://www.cdr.groupxm.com>.

To login choose the “Login” option on the upper right-hand side of the page.

1. Sign-in using your e-mail address and the password - welcome
2. On the purple banner, hover over the “Portal” option on the right-hand side and choose the “Library” option from the drop-down menu.
3. Click on the “May 2013 Childhood Faculty PowerPoint Files and Handouts” link located to the left.

A paper copy of the module is attached. The copies does not include the actual articles. Would you please review the articles included in the module and identify if there are any articles that should be added, subtracted, or replaced. Keep in mind that the intent of the self-study is to provide attendees with the foundation knowledge to allow richer discussions at the onsite workshop (in other words, they should be consistent with the self-study learning objectives identified within the module). The articles should not present the content that will be covered onsite. However, if you have suggested changes to the learning objectives, please do provide those too!

A paper copy of the current pre-test is also attached. Please review the test and identify items that should be deleted, edited or added. We have included the source and performance of each item. Those poor performing questions are indicated in red.

Please send your feedback to me by e-mail or fax (312/899-4772) by August 23, 2013. After we receive all the feedback, we will send you a summary of recommendations and, if warranted, schedule a faculty teleconference to finalize the changes. Note that changes in articles will also change the learning activities and pre-test so we will be following up later for your input on those as well. All changes will be implemented for the November 2013 program.

If you have any questions, feel free to contact me. Have a great summer!

The Academy of Nutrition and Dietetics wants to hear from you!

June 14, 2013

We are collecting inspirational patient and client stories. Selected stories will be featured in an online video campaign promoting the registered dietitian nutritionist. There are so many ways that RDNs touch the lives of patients and clients. We need to educate the public about the value you provide.

Have you helped someone manage their disease effectively?

Have you helped someone get healthier by losing weight and eating better?

Have you helped a client adopt a vegetarian lifestyle?

Have you helped someone improve their sports performance?

These are just a few examples of what we are looking for. We want to convey the many faces of the RDN. If you have a story, please submit it. The story will need to be from your patient/clients perspective. Again, the most inspirational stories will be converted to an online video campaign.

If you have any questions related to the online video campaign, please email Georgia Gofis at ggofis@eatright.org.

Deadline for story submission is Monday, August 18.

Stories can be submitted to marketing@eatright.org.

This e-mail is a benefit for members of the Academy of Nutrition and Dietetics.
If you prefer not to receive future e-mails, simply follow this link to unsubscribe.

Hello Academy Foundation BOD,

A message from Katie Brown...

Please find attached the interim report from the Academy of Nutrition and Dietetics Foundation for the Meet the Challenge! project. The support of the Wellmark Foundation for this important project to improve school wellness environments in Iowa is greatly appreciated.

[Foundation Member Portal Instructions \(Mar2012\).pdf](#)

Good afternoon Academy Foundation BOD Members,

As a reminder, our upcoming board meeting is scheduled for June 18 – 19, 2013. Our meeting will start at 2:00pm on Tuesday, June 18 at the Wit Chicago, 201 N. State Street, Chicago, IL 60601, 312-467-0200 in Churchill I & II. Meeting attire is business casual and the architectural boat tour and dinner are casual.

All documents for the meeting have been uploaded on the Academy's on-line portal for your review. Most of you are active members of the portal which is a web-based communication and project management tool. All materials for upcoming Foundation Board meetings and calls will be uploaded via the portal. The tools that you will be using are: **Documents** (tool for viewing and downloading documents). Attached are instructions for using the portal. Please be sure to update your contact information in the MY PROFILE section to ensure that you receive all communications.

For our new members:

You can access the portal by going to <http://www.ada.portalxm.com>. Your temporary password is the word: **welcome** (all in lower case). You will be prompted to change your password when you first log in. There are no special requirements other than the login information is case-sensitive. If you currently have a password on the portal you can use that to access the Foundation Board materials. **Please set up your password and download the documents within the next day or so to ensure that you do not have any issues accessing the information.**

To download the attachments for next week's meeting, go to www.ada.portalxm.com

1. Select the "Executive Central" section, found on the left menu bar under "Tools."
2. Select the "Foundation BOD" committee
3. Go to the Documents section (left) and click "+" to expand the "Foundation Documents" folder
4. Expand + the "2013 June (18-19)" folder and the documents will appear
5. To download all the files at once, select "Download" found on the top menu bar

If you have any trouble setting up your password or accessing the materials, please contact me.
Thanks.

Linda Hudson

Donna,

I am sorry to hear about the burglary!! It must have been very shocking when you got home!!! You and my wife are alike. Stuff you can replace, but, the dog!! No way!! I am glad no one was hurt or injured. I will send out an e-mail to see if Thursdays or Tuesdays would be better for everyone. I will get back to you on that one. As for the face to face meeting in April, we will make sure we push it forward and not backward!! I know you mentioned having it on the weekend to help with time off of work. Would you like us to try Friday- Saturday, April 18th and 19th? Let me know.

Finally, I think we could put something in about "educating" the board on the budget process. We need to do so without offending anyone. We can create one together. You are more creative than me, so you can have the first "crack at it". Don't worry about responsiveness. I just to make sure you get it. Everything always works out in the long run.

Take care.

Paul

Subject: Re: Misc

Paul, I am so sorry I have not gotten back to you on the plan of work. I am still playing catch up at work. Today we started our big summer feeding program and I have been super tied up with that. So to answer your questions.

1. I would be glad to change it to Thursdays. Thursday, June 27th works for me. Will you send something out to the committee to see if that works? If Tuesdays are better that would also work.
2. The FAC meeting in April could be moved to anytime Monday through Wednesday, April 21 - 23. I can do Thursday April 24th, but would prefer not to, if I can avoid it. What I just need to avoid, is the days of Thursday- Sunday, April 24-27th if at all possible, or face a divorce from my husband. If you want to do Thursday-Friday, April 17-18th, those dates are also OK.
3. I did get your draft of the program of work and was thrilled that you did that for me. The only other thing I would like to possibly add would be something on continuing to educate the BOD on the whole budget process. I think it would be helpful to familiarize them more about where our expenses and revenues come from, and how their decisions impact the budget process. I am glad for that to just be a goal of mine though if you don't want to add it. I promise to be more responsive to your emails, but it truly has been crazy around here.

On a personal note, our house got burglarized a week ago while we were in Charleston at a wedding. We had a house/dog sitter staying at our house, but she was not at the house when the two people broke in. We had an alarm system, but the glass break sensor did not work, so the alarm did not go off. I just love paying for something that does not work. They got 3 TV's, a colt python 357 magnum hand gun, a guitar, a coin collection, my Rolex, diamond earrings, and numerous gold necklaces. The good news was that my dogs were safe and so was the dog sitter. There were two cars at my house and it was in the middle of the day. Go figure. Anyway, that has got me a little behind at home. They have arrested the guy, and know who the girl is, but they have not been able to arrest her yet. We have gotten a few things back, but no jewelry. Evidently, the couple were heroin addicts. Ages 23 and 29. I guess maybe you don't live to be too old if you

are a heroin addict! I am not to terribly depressed about it, as I keep telling myself it is just stuff. I can always get more stuff, but not replace my dogs!

Talk to you soon!

>>> Paul Mifsud <PMifsud@eatright.org> 6/3/2013 2:19 PM >>>

Donna,

I hope you had a great weekend!!! I have a couple of minor questions.

1. Sonja Conner may have some difficulty with Wednesdays for our FAC meeting. Would you like me to see if another day, possibly Thursdays, would be better? Let me know and I will send out an e-mail.
2. On the note of the FAC meetings, we discussed changing the face to face in April from the 23rd and 24th to possibly the 25th and 26th (moving the meeting to Friday and Saturday instead of Wednesday and Thursday). Let me know if you would like me to proceed on this one. Or if you feel it would be better, we can change it to Saturday and Sunday (the 26th and 27th). The only thing we might find difficult on these days is the ability of the Insurance, Audit and Investment support to attend.
3. Did you get my draft program of work? If not, let me know and I will resend it.

Paul

Donna,

Attached are the documents provided by Al Bryant for the Foundation Board meeting next week. Al will present the information. You will introduce Al. Therefore, your name and Al's name are on the cover sheet. I will forward this to Susan Burns. Let me know if you have any questions or concerns. The focus would be on the first two pages of Al's report. It is pretty straight forward. He gets a little cryptic about where the markets may be going, but, that is Al. The issue will come up during the meeting. Don't worry about understanding all of the detail. Some of it is pretty straight forward (sectors we invest in, companies we invest in). Some, not so much (PE ratios, yield to maturity, etc.). No one expects you to be an expert on this stuff. That's why we have Al. However, if you want to discuss any of the information, please let me know. If you have any questions or concerns, let me know. Otherwise, I will forward this to Susan.

Donna,

I am sorry to hear about the burglary!! It must have been very shocking when you got home!!! You and my wife are alike. Stuff you can replace, but, the dog!! No way!! I am glad no one was hurt or injured. I will send out an e-mail to see if Thursdays or Tuesdays would be better for everyone. I will get back to you on that one. As for the face to face meeting in April, we will make sure we push it forward and not backward!! I know you mentioned having it on the weekend to help with time off of work. Would you like us to try Friday- Saturday, April 18th and 19th? Let me know.

Finally, I think we could put something in about "educating" the board on the budget process. We need to do so without offending anyone. We can create one together. You are more creative than me, so you can have the first "crack at it". Don't worry about responsiveness. I just to make sure you get it. Everything always works out in the long run.

Take care.

Paul

Subject: Re: Misc

Paul, I am so sorry I have not gotten back to you on the plan of work. I am still playing catch up at work. Today we started our big summer feeding program and I have been super tied up with that. So to answer your questions.

1. I would be glad to change it to Thursdays. Thursday, June 27th works for me. Will you send something out to the committee to see if that works? If Tuesdays are better that would also work.
2. The FAC meeting in April could be moved to anytime Monday through Wednesday, April 21 - 23. I can do Thursday April 24th, but would prefer not to, if I can avoid it. What I just need to avoid, is the days of Thursday- Sunday, April 24-27th if at all possible, or face a divorce from my husband. If you want to do Thursday-Friday, April 17-18th, those dates are also OK.
3. I did get your draft of the program of work and was thrilled that you did that for me. The only other thing I would like to possibly add would be something on continuing to educate the BOD on the whole budget process. I think it would be helpful to familiarize them more about where our expenses and revenues come from, and how their decisions impact the budget process. I am glad for that to just be a goal of mine though if you don't want to add it. I promise to be more responsive to your emails, but it truly has been crazy around here.

On a personal note, our house got burglarized a week ago while we were in Charleston at a wedding. We had a house/dog sitter staying at our house, but she was not at the house when the two people broke in. We had an alarm system, but the glass break sensor did not work, so the alarm did not go off. I just love paying for something that does not work. They got 3 TV's, a colt python 357 magnum hand gun, a guitar, a coin collection, my Rolex, diamond earrings, and numerous gold necklaces. The good news was that my dogs were safe and so was the dog sitter. There were two cars at my house and it was in the middle of the day. Go figure. Anyway, that has got me a little behind at home. They have arrested the guy, and know who the girl is, but they

have not been able to arrest her yet. We have gotten a few things back, but no jewelry. Evidently, the couple were heroin addicts. Ages 23 and 29. I guess maybe you don't live to be too old if you are a heroin addict! I am not too terribly depressed about it, as I keep telling myself it is just stuff. I can always get more stuff, but not replace my dogs!

Talk to you soon!

Donna,

I hope you had a great weekend!!! I have a couple of minor questions.

1. Sonja Conner may have some difficulty with Wednesdays for our FAC meeting. Would you like me to see if another day, possibly Thursdays, would be better? Let me know and I will send out an e-mail.
2. On the note of the FAC meetings, we discussed changing the face to face in April from the 23rd and 24th to possibly the 25th and 26th (moving the meeting to Friday and Saturday instead of Wednesday and Thursday). Let me know if you would like me to proceed on this one. Or if you feel it would be better, we can change it to Saturday and Sunday (the 26th and 27th). The only thing we might find difficult on these days is the ability of the Insurance, Audit and Investment support to attend.
3. Did you get my draft program of work? If not, let me know and I will resend it.

Paul

All,

I have heard back from everyone and it looks like Tuesdays would work (most of the time) for our Finance and Audit Committee calls. We will restructure our monthly calls to be on the last Tuesday of each month at 1 p.m. CT. Maria will update our schedule and provide it to you. We recognize that people's schedules change and that you may not be able to make every call. I appreciate all of your feedback and look forward to our first call on June 25th, at 1 p.m. CDT. Please adjust your calendars for this one.

If you have any questions or concerns, please don't hesitate to let me know.

Paul Mifsud

Subject: Bipartisan Policy Center

I am pleased to report that the Academy has received more recognition. I have been asked by the Bipartisan Policy Center (BPC) and members of BPC's CEO Council on Health Innovation to serve as a member of its Healthcare Advisory Board for the Council. Representation on the Healthcare Advisory Board affords the Academy input on innovative strategies to improve health and healthcare within large and medium-sized global and national employer organizations.

The BPC was founded in 2007 by former Senate Majority Leaders Howard Baker, Tom Daschle, Bob Dole, and George Mitchell as a non-profit organization, "that drives principled solutions through rigorous analysis, reasoned negotiation, and respectful dialogue." The Council is comprised of the chairmen and chief executives of some of the nation's largest employers, such as Bank of America, The Coca-Cola Company, The Institute for Advanced Health, McKinsey & Company, Verizon Communications Inc., and Walgreen Co. The invitation letter to serve and an overview of the Bipartisan Policy Center are attached.

The invite indicates the "innovations likely to be explored by the Council include those related to health and wellness, chronic care management, consumer decision support, and delivery system and payment reforms."

All,

It has come to my attention that Wednesdays at 1 p.m. CDT may not be good for everyone. So, I would like to know how you feel about Thursdays or Tuesdays at the same time.

Can you let me know if either of these days would work and whether or not you have a preference

for Thursday or Tuesday? If you would like to stay with Wednesdays, please let me know that as well. Right now, our first meeting is scheduled for June 26th. We will hold that day for now. If we find the 25th or 27th would work better, then we will make the change. Keep in mind, if we do change the day to Thursday or Tuesday, in most cases, it will be the last one of the month, each month. Once we have the information, we will adjust the calendar and let all of you know the outcome.

Let me know your choice.

Thank you.

Paul

Subject: Finance and Audit Committee meetings

All,

It has come to my attention that Wednesdays at 1 p.m. CDT may not be good for everyone. So, I would like to know how you feel about Thursdays or Tuesdays at the same time.

Can you let me know if either of these days would work and whether or not you have a preference for Thursday or Tuesday? If you would like to stay with Wednesdays, please let me know that as well. Right now, our first meeting is scheduled for June 26th. We will hold that day for now. If we find the 25th or 27th would work better, then we will make the change. Keep in mind, if we do change the day to Thursday or Tuesday, in most cases, it will be the last one of the month, each month. Once we have the information, we will adjust the calendar and let all of you know the outcome.

Let me know your choice.

Thank you.

Paul

Paul, I can do 1 pm CT on Tuesday but not on Thursdays. Wednesday is a pretty crazy day and I'd be glad to have the meeting changed--though I could keep on Wednesday if better for the FAC.

Hope you are well :-)

Donna,

I am sorry to hear about the burglary!! It must have been very shocking when you got home!!! You and my wife are alike. Stuff you can replace, but, the dog!! No way!! I am glad no one was hurt or injured. I will send out an e-mail to see if Thursdays or Tuesdays would be better for everyone. I will get back to you on that one. As for the face to face meeting in April, we will make sure we push it forward and not backward!! I know you mentioned having it on the weekend to help with time off of work. Would you like us to try Friday- Saturday, April 18th and 19th? Let me know.

Finally, I think we could put something in about "educating" the board on the budget process. We need to do so without offending anyone. We can create one together. You are more creative than me, so you can have the first "crack at it". Don't worry about responsiveness. I just to make sure you get it. Everything always works out in the long run.

Take care.

Paul

Paul, I am so sorry I have not gotten back to you on the plan of work. I am still playing catch up at work. Today we started our big summer feeding program and I have been super tied up with that. So to answer your questions.

1. I would be glad to change it to Thursdays. Thursday, June 27th works for me. Will you send something out to the committee to see if that works? If Tuesdays are better that would also work.

2. The FAC meeting in April could be moved to anytime Monday through Wednesday, April 21 - 23. I can do Thursday April 24th, but would prefer not to, if I can avoid it. What I just need to avoid, is the days of Thursday- Sunday, April 24-27th if at all possible, or face a divorce from my husband. If you want to do Thursday-Friday, April 17-18th, those dates are also OK.

3. I did get your draft of the program of work and was thrilled that you did that for me. The only other thing I would like to possibly add would be something on continuing to educate the BOD on the whole budget process. I think it would be helpful to familiarize them more about where our expenses and revenues come from, and how their decisions impact the budget process. I am glad for that to just be a goal of mine though if you don't want to add it. I promise to be more responsive to your emails, but it truly has been crazy around here.

On a personal note, our house got burglarized a week ago while we were in Charleston at a wedding. We had a house/dog sitter staying at our house, but she was not at the house when the two people broke in. We had an alarm system, but the glass break sensor did not work, so the alarm did not go off. I just love paying for something that does not work. They got 3 TV's, a colt python 357 magnum hand gun, a guitar, a coin collection, my Rolex, diamond earrings, and numerous gold necklaces. The good news was that my dogs were safe and so was the dog sitter. There were two cars at my house and it was in the middle of the day. Go figure. Anyway, that has got me a little behind at home. They have arrested the guy, and know who the girl is, but they have not been able to arrest her yet. We have gotten a few things back, but no jewelry. Evidently, the couple were heroin addicts. Ages 23 and 29. I guess maybe you don't live to be to old if you are a heroin addict! I am not to terribly depressed about it, as I keep telling myself it is just stuff. I can always get more stuff, but not replace my dogs!

Talk to you soon!

Donna,

I hope you had a great weekend!!! I have a couple of minor questions.

1. Sonja Conner may have some difficulty with Wednesdays for our FAC meeting. Would you like me to see if another day, possibly Thursdays, would be better? Let me know and I will send out an e-mail.
2. On the note of the FAC meetings, we discussed changing the face to face in April from the 23rd and 24th to possibly the 25th and 26th (moving the meeting to Friday and Saturday instead of Wednesday and Thursday). Let me know if you would like me to proceed on this one. Or if you feel it would be better, we can change it to Saturday and Sunday (the 26th and 27th). The only thing we might find difficult on these days is the ability of the Insurance, Audit and Investment support to attend.
3. Did you get my draft program of work? If not, let me know and I will resend it.

Paul

Glenna, I am thrilled to be the incoming Treasurer, and look forward to working with this amazing board to help shape the future of the Academy. All I could think about when I was contemplating what lies ahead of us is the Dr. Seuss Book - Oh the places you'll go and this quote came to mind. This is exactly where I see the Academy today. I just took the liberty to change a few words. OH! THE PLACES WE'LL GO!

We'll be on our way up!
We'll be seeing great sights!
We'll join the high fliers
who soar to high heights.

We won't lag behind, because we'll have the speed.

We'll pass the whole gang and have taken the lead.
Wherever we fly, we'll be the best of the best.
Wherever we go, we will top all the rest.

Subject: Fundraising Donation

Hi Susie!

As my last act as Chair of the Foundation I would like to present the Foundation with a check for \$2385 (the check is in the mail!)...this check represents my efforts to raise money through what I called Glitz Glamour Give...a fun way to make a donation to the Foundation through the sale of jewelry! I will be sending you a list of the donors from this last batch of sales which goes from September 2012 through May 2013. Most are sales are from individuals but I did coordinate two

projects through the California and Virginia affiliates. I started this project in October 2011 at FNCE and if my records are correct I have raised \$4713! My goal was \$10,000 to end with my term so I didn't quite reach my goal but I am willing to continue my efforts! I guess I have one more year as past Chair!

Have a great weekend!

Diane

PS Can the treasurers get this on the books for 2012-2013?

I asked the question because I wanted to know actual involvement after last week's conversation. Please see the " dialogue" below and amend the release accordingly. Take out my quote; Jeanne is interpreting private public partnerships narrowly, but she's right that some people would question it. Thanks!

Yes, I have been involved in collective impact work as well and understand the concept here. I am just pointing out that it is not a public-private partnership example and the quote should be accurate or it makes Pat look like she does not recognize the difference. If the intent of the press release is to recognize industry and our partners we could strengthen the language. I don't think when Jessica was asked to write the release that she had a clear understanding of what our angle was-- I say that because the first draft was a mix between the announcement and EB4K which didn't flow. I think she also didn't have a clear understanding of the target audience so next time I

will be sure that I provide guidance to ask the right questions.

Jeanne

On May 30, 2013, at 6:25 AM, "Mary Pat Raimondi" <mraimondi@eatright.org> wrote:

One of the things all sectors have recognized in the Convergence Project is that when industry makes positive changes it is not recognized. This is an opportunity to do this.

We say we are not influenced by our sponsors but rather we influence them. This would be an example for our members to see this. There will probably be skeptics we recognize.

But this is great news...16 companies reduced calories two years earlier than they committed and their reward has been positive with consumers.

This group led by Lisa Gable has forged a true public private arrangement that has worked.

As Tracy Orleans of RWJ has said, this is an incredible feat and we should feel successful in our efforts.

I am fine with whatever words are chosen that gives your message. I can support Jeanne's changes.

Pat,

We all worked on this. But after it was submitted I asked who the 16 companies were and found that three are our sponsors. I am ok with that as long as we are all aware.

I also asked who the "public" was in the public-private partnership. When I reviewed the definition of public-private it confirmed that these relationships are between a government or government funded entity and business or industry. Since this is a coalition, I think your quote needs to change and perhaps use partnerships or another phrase. It would be inaccurate in the quote as written. I am sorry I didn't catch that earlier and ask for it to be changed.

Hi, Pat. Attached is a press release we plan to put out tomorrow on the Academy's reaction to the Healthy Weight Commitment Foundation's scheduled announcement that its 16 participating companies have already surpassed their goal of reducing 1.5 trillion calories sold in the marketplace by 2015. As you know, we have worked with the Academy's DC office on this release; they have approved this text. Could you please review your quote (fifth paragraph) and let us know if it is OK or needs edits? We have also emailed Ethan for his review.

Thanks very much, we'll talk to you soon.

Having trouble viewing this e-mail? View it in your browser.

Dear Academy Member,

With the 2013 Food & Nutrition Conference & Expo (FNCE) just months away, I invite you to participate in the Member Product MarketPlace (MPMP) at FNCE 2013 in Houston, Texas. I encourage you to check out the **NEW MPMP Prospectus!**

As a member of the Academy of Nutrition and Dietetics, I believe that you give life and meaning to our mission and vision. Through our diverse membership, we are able to provide numerous services to the public. The Member Product MarketPlace is a unique one-day exhibit opportunity for Academy members to showcase their own products at the 2013 Food & Nutrition Conference & Expo at a fraction of the cost of the Expo Hall.

After last years showcase in Philadelphia, I held a meeting with current MPMP participants to gather feedback for improvements. I have listened to the concerns and this year, we are making significant strides to improve visibility of marketing for this showcase. I am confident this will be a great year for the MarketPlace!

New Improvements to the MPMP:

- We are launching our first-ever FNCE app and all MPMP participants will be included in it! Attendees will be able to easily pull up the MPMP floor plan and locate your booth!
- FNCE attendees can accrue CPEU for visiting the showcase. Spread the word!
- This years location is expected to generate great booth traffic as you will be very visible in the hallway, near the Academy pavilion, across from the educational sessions and right by the Sky Bridge Walkway connected to the Headquarter hotel.
- Extended hours so that FNCE attendees can stop by the showcase before and after the Expo Hall.

This truly is your best opportunity to expand your sales base, educate industry leaders on your products, forge quality customer relationships, and meet with thousands of your peers in one place! Now is the time to showcase your product the 2013 Member Product MarketPlace! The Food & Nutrition Conference & Expo will take place October 19-22, 2013, at the George R. Brown Convention Center. The Member Product MarketPlace will be Sunday, October 20th from 8 a.m. 4 p.m.

Click here to view our interactive prospectus and sign up today! Dont hesitate! Booth space is limited and sales have begun!

I look forward to seeing you in Houston!

Sincerely,

Katelyn Wujciga
Exhibits Coordinator

Notification

Hello Academy Foundation BOD,

You have been approved for travel to the June 2013 Academy of Nutrition and Dietetics
Foundation Board of Director's meeting in Chicago, Illinois. The meeting will begin on Tuesday,
June 18 at 2:00pm and conclude at 3:00pm on Wednesday, June 19.

**In order for your airfare to be charged to the Academy credit card on file, you must have an
active Traveler Profile in aXiom®**, the online booking tool for the Academy Travel Desk. If you
do not wish to create a profile, you will have to book your travel on your own and submit your
expenses for reimbursement after the conclusion of our meeting. Please note that a valid Meeting
Name and Approval Code (see below) is needed when booking your travel through the Academy
Travel Desk.

Meeting Name: **Academy of Nutrition and Dietetics Foundation BOD Meeting**
Meeting Location: **Chicago, IL (venue TBD)**

Dates: **June 18-19, 2013**

Approval Code: **3018205**

If you have never used the Academy Travel Desk, you will have to create a traveler profile in
aXiom®, before booking travel online or over the phone. To create a profile in **aXiom®**, simply
follow the instructions below. Once you have set up your traveler profile, you will not have to do so
again unless you want to add information or change your password. If you have already created
your Traveler Profile, go directly to "Booking Your Travel Online".

Creating Your Traveler Profile

- 1) Go online to: **<https://adatvl.axo20.com/>**
- 2) Click on "Begin Booking Travel and Business Services"

- 3) Click on “Create a New Account” below the orange “sign in” button and complete the information as requested. For “Security Code” enter in **193412** to complete the remainder of the page.
- 4) Activation will be sent to the e-mail address you provided.
- 5) Follow the instructions in the email.
- 6) Login with your e-mail and your password.
- 7) Once you are logged in, complete your profile information.

Remember: You must create your traveler profile prior to booking online or via telephone. Once you have set up your traveler profile, you will not have to do so again.

Booking Your Travel Online (\$13 service fee)

- 1) Book your travel whenever possible Monday through Friday between the hours of 7 a.m. and 3 p.m. CT.
- 2) Log in to your account using the User ID and Password you created when setting up your profile.
- 3) Search for and select your flights (book “non-refundable” fares only)
 - a. You have the option of searching by “Price” or “Schedule”.
 - b. Click on your preferred airline if you only want to view their fares.
- 4) When asked to “Name your trip”, you are required to enter the Meeting Name as it appears above.
- 5) When you reach the **Purchase Trip** page, enter **3018205** into the **Approval Code** box in the **Reporting Information** section.
- 6) When you reach the Payment Options section, be sure to choose the “**Use a Stored Card**” option to ensure your Academy paid travel is billed correctly.
- 7) If you need assistance, call the support team at 800/238-9049, press “1” when prompted. There is no additional charge for technical assistance.

Booking Your Travel with an Agent (\$23 service fee)

- 1) *Book your travel whenever possible Monday through Friday between the hours of 7 a.m. and 3 p.m. CT.*
- 2) *For agent assisted booking, call the Academy Travel Desk at 800/238-9049, press “2” when prompted. Please reserve the use of this option to complex domestic or international travel.*
- 3) *Provide the agent with your Approval Code when requested so that the airfare is charged to the Academy credit card.*

Booking Outside of the Academy Travel Policy

In the event your airfare or rail fees exceed the Academy Travel Policy limits and there is a lower logical fare available (similar itinerary to your selection), your proposed travel may be declined. In the event that the trip you selected is declined, you will receive an email instructing you to go back to <https://adatvl.axo20.com/> and rebook at a lower fare.

The traveler will receive an ELECTRONIC TICKET from the Academy Travel Desk as final confirmation that the trip has been approved and ticketed. If the traveler does not receive this document within 72 hours of booking, he/she needs to call the Academy Travel Desk at 800/238-9049 (press “1” when prompted) for assistance. Thanks.

Yes, I have been involved in collective impact work as well and understand the concept here. I am just pointing out that it is not a public-private partnership example and the quote should be accurate or it makes Pat look like she does not recognize the difference. If the intent of the press release is to recognize industry and our partners we could strengthen the language. I don't think when Jessica was asked to write the release that she had a clear understanding of what our angle was-- I say that because the first draft was a mix between the announcement and EB4K which didn't flow. I think she also didn't have a clear understanding of the target audience so next time I will be sure that I provide guidance to ask the right questions.

Jeanne

On May 30, 2013, at 6:25 AM, "Mary Pat Raimondi" <mraimondi@eatright.org> wrote:

One of the things all sectors have recognized in the Convergence Project is that when industry makes positive changes it is not recognized. This is an opportunity to do this.

We say we are not influenced by our sponsors but rather we influence them. This would be an example for our members to see this. There will probably be skeptics we recognize.

But this is great news...16 companies reduced calories two years earlier than they committed and their reward has been positive with consumers.

This group led by Lisa Gable has forged a true public private arrangement that has worked.

As Tracy Orleans of RWJ has said, this is an incredible feat and we should feel successful in our efforts.

I am fine with whatever words are chosen that gives your message. I can support Jeanne's changes.

-Mary Pat

On May 30, 2013, at 6:08 AM, "Jeanne Blankenship" <JBlankenship@eatright.org> wrote:

Pat,

We all worked on this. But after it was submitted I asked who the 16 companies were and found than three are our sponsors. I am ok with that as long and we are all aware.

I also asked who the "public" was in the public-private partnership. When I reviewed the definition of public-private it confirmed that these relationships are between a government or government funded entity and business or industry. Since this is a coalition,, I think you quote needs to change and perhaps use partnerships or another phrase. It would be inaccurate in the quote as written. I am sorry I didn't catch that earlier and ask for it to be changed.

Hi, Pat. Attached is a press release we plan to put out tomorrow on the Academy's reaction to the Healthy Weight Commitment Foundation's scheduled announcement that its 16 participating companies have already surpassed their goal of reducing 1.5 trillion calories sold in the marketplace by 2015. As you know, we have worked with the Academy's DC office on this

release; they have approved this text. Could you please review your quote (fifth paragraph) and let us know if it is OK or needs edits? We have also emailed Ethan for his review.

Thanks very much, we'll talk to you soon.

Hi All,

From my perspective, it makes sense to me that we pay the bonus after the year is completed so that it would come on June 1 and in the FY14. Does that make sense to others as well?

Take care,

Ethan

>>>Paul Mifsud <PMifsud@eatright.org> 5/28/2013 12:45 PM >>>

Mary,

My apologies for not addressing this sooner. I will have to adjust the 2013 FY budget for Pat's bonus. Since it is being paid on May 31st, it will have to come in this Fiscal Year. There has always been a delay on the bonuses. We assumed it would be paid in the summer months. Since we paid the last bonus of \$50K in August, the new one will make it the 2nd of the fiscal year. If you instruct me to pay it on June 1st, it can be added to FY14. I know it is crazy, but, a day can make the difference. J. So, unless I hear otherwise, I will make an adjustment for the 2013 FY budget for Pat's bonus.

Carrying this through, if you intend on paying Pat's FY14 bonus on May 31, 2014, we will have to make an adjustment for this as well. In our FY14 budget, we put in \$50,000 for the FY14 bonus. If we stay true to the 18%, that would mean the FY14 budget would have to be increased to \$72,000 ($\$400,000 \times .18$). I will have to increase the FY14 budget for both the increase in salary and the increase in bonus.

Let me know if this is clear or if you have any questions or guidance.

Paul

Dear Paul,

They Compensation Committee met last week.

The committee unanimously agreed on a \$100,000 salary increase for Pat Babjak effective June 1, 2013. This will make Pat's annual salary \$400,000.

The committee agreed on a bonus of 18%, consistent with the bonus policy and based upon the score she received via the Board evaluation of her performance. The bonus is \$54,000, based upon her current salary, and should be paid on May 31, 2013.

Finally, the Board and the Compensation Committee understand that this salary increase could not been considered when the budget was developed. Therefore, please increase the FY14 compensation budget accordingly.

Subject: Bipartisan Policy Center

I am pleased to report that the Academy has received more recognition. I have been asked by the Bipartisan Policy Center (BPC) and members of BPC's CEO Council on Health Innovation to serve as a member of its Healthcare Advisory Board for the Council. Representation on the Healthcare

Advisory Board affords the Academy input on innovative strategies to improve health and healthcare within large and medium-sized global and national employer organizations.

The BPC was founded in 2007 by former Senate Majority Leaders Howard Baker, Tom Daschle, Bob Dole, and George Mitchell as a non-profit organization, “that drives principled solutions through rigorous analysis, reasoned negotiation, and respectful dialogue.” The Council is comprised of the chairmen and chief executives of some of the nation’s largest employers, such as Bank of America, The Coca-Cola Company, The Institute for Advanced Health, McKinsey &Company, Verizon Communications Inc., and Walgreen Co. The invitation letter to serve and an overview of the Bipartisan Policy Center are attached.

The invite indicates the “innovations likely to be explored by the Council include those related to health and wellness, chronic care management, consumer decision support, and delivery system and payment reforms.”

Hi All,

From my perspective, it makes sense to me that we pay the bonus after the year is completed so that it would come on June 1 and in the FY14. Does that make sense to others as well?

Take care,

Ethan

>>>Paul Mifsud <PMifsud@eatright.org> 5/28/2013 12:45 PM >>>

Mary,

My apologies for not addressing this sooner. I will have to adjust the 2013 FY budget for Pat's bonus. Since it is being paid on May 31st, it will have to come in this Fiscal Year. There has always been a delay on the bonuses. We assumed it would be paid in the summer months. Since we paid the last bonus of \$50K in August, the new one will make it the 2nd of the fiscal year. If you instruct me to pay it on June 1st, it can be added to FY14. I know it is crazy, but, a day can make the difference. J. So, unless I hear otherwise, I will make an adjustment for the 2013 FY budget for Pat's bonus.

Carrying this through, if you intend on paying Pat's FY14 bonus on May 31, 2014, we will have to make an adjustment for this as well. In our FY14 budget, we put in \$50,000 for the FY14 bonus. If we stay true to the 18%, that would mean the FY14 budget would have to be increased to

\$72,000 (\$400,000 *.18). I will have to increase the FY14 budget for both the increase in salary and the increase in bonus.

Let me know if this is clear or if you have any questions or guidance.

Paul

Dear Paul,

They Compensation Committee met last week.

The committee unanimously agreed on a \$100,000 salary increase for Pat Babjak effective June 1, 2013. This will make Pat's annual salary \$400,000.

The committee agreed on a bonus of 18%, consistent with the bonus policy and based upon the score she received via the Board evaluation of her performance. The bonus is \$54,000, based upon her current salary, and should be paid on May 31, 2013.

Finally, the Board and the Compensation Committee understand that this salary increase could not been considered when the budget was developed. Therefore, please increase the FY14 compensation budget accordingly.

Subject: RE: Finance and Audit Committee meeting on Wednesday, May 29th at 1 p.m. CDT

All,

The final Finance and Audit Committee meeting of FY13 is on Wednesday, May 29th, at 1 p.m. CDT. I can't believe the year is ending. Maria will put onto the portal the information by tomorrow morning. She will provide to you an email when she is done. You will also receive a webinar invitation from Rich Newman. This month will focus on the March final and April preliminary financials. Those of you on the e-mail who are officially joining us for FY14 are invited to attend the call next week. It isn't necessary, but, it may help to provide background information as we move into the new year.

I. March Changes

- There was a change in March. After reviewing the bills, we increased the expenses for the Academy by \$25,050 to reflect expenses associated with two areas; National Nutrition month (\$12,550) and PPW (\$12,500). The PPW expenses were addressed last month in my e-mail. It relates to Audio Visual expenses I didn't get until after our information was provided to you. The National Nutrition Month expenses were from the development of the logo and were also discovered after our close last month. I reopened the books for both.

II. April Investments and beyond

- Our investment portfolios continued their march higher in April, growing by \$499,000. This brings our combined, fiscal year to date, increase to nearly \$6,149,000. Great news all around. May has

continued the trend through Tuesday. The last two days have not been great. However, through yesterday (Wednesday), the combined portfolios were up another \$1,056,000. Today may drive this a little lower, but, being up over a \$1,000,000 with 5 trading days to go (not including today) is a good position to be in. So, we are positioned for a positive May. This is great news especially if you compare this to May of 2012 where we saw a decline of over \$1,730,000. I hope this does not happen over the next few days!

III. Academy April Financials (A10)

April, overall, was a down month for the Academy. Expenses were up, over-running the budget by \$97,321. We experienced expense over-runs across many financial line items and projects. Most, if not all, are timing issues. The revenues were \$44,939 short of budget. We experienced under-runs in Membership Dues, Publications and Materials, Advertising and Other. On the other hand, revenues were over budget in Programs and Meetings, Subscriptions, Grants and Sponsorships.

The investment income of \$176,528 did help as it was \$67,153 higher than the budget.

Taking a look at the year to date numbers, the Academy currently has an operating deficit of \$917,009. This is \$330,601 lower (worse) than the budget. The operating gap has grown in April. Even with the over-runs in expenses, they continue to help the organization. Year to date, expenses are now \$799,002 below budget. However, it isn't enough to cover the revenue shortfall of \$1,129,603.

Even though we are off on the operational side of the equation, the investment income of \$2,325,776 more than makes up for it. Year to date, after investments, our total Net Income is \$1,408,767. This is \$792,050 higher than the budget. So, we are in a strong position to exceed our Net income for the fiscal year.

I know I usually provide a breakdown of the revenue and expense categories. However, I have been a little under the weather and with Memorial Day weekend upon us I have promised my family a visit to the Grandparents. So, I have been able to get the revenue done, but not the expenses. I won't be able to provide those to you until Tuesday of next week. I am sorry for the delay.

The following is a breakdown of the various categories

A. Revenues

- a. **Membership Dues** - This area **under budget** by \$33,755 in April and is now **under budget** by \$319,097 for the year. We continue to experience the phenomena of growing members, but, not meeting the revenue targets. This is due to both the mix of people taking the Career Dues Starter revenue options and the timing of when members renew.
- b. **Programs and Meetings** - This area is **over budget** by \$8,924 in April and is **under budget** by \$979,809 for the year. The over-run in April is all due to higher Professional development revenue.
- c. **Publications and Materials** - This area is **under budget** by \$22,718 in April and **over budget** by \$6,447 for the year. The under-run in April is due to lower NCP/SL sales (down \$31.2K), lower traditional publication sales (down \$18.7K) and lower List Rental (down \$16.1K). These were offset by higher Academy Careers royalties (up \$18.6K) and higher Media/Spokespeople mailings (up \$22.5K) and all other (up \$2.2K).
- d. **Subscriptions** - This area is **over budget** by \$4,621 in April and is **over budget** by \$147,027 for the year. The over-run for April is primarily due to NCM and related products.
- e. **Advertising** – This area is **under budget** by \$21,250 for the month of April and is under budget by \$67,520 for the year. Both under-runs are due to lower revenue for the Food and Nutrition Magazine than planned. It is rising, but, not as fast as we thought.
- f. **All grants** - This area was **over budget** by \$13,092 in April and is **over budget** by \$30,993 for the year. The over run in April is due to higher ConAgra Home Food Safety (up \$26.1K) offset by lower Research (down \$10.4K) and lower releases for the Carry the Flame project (down \$2.6K).
- g. **Sponsorships** – This area is **over budget by \$9,157** for April and is **over budget by \$46,309** for the year. This is higher in April due to the success of the Sponsorship program.
- h. **Other** – This area was **under budget** by \$3,010 in April and is **over budget** by \$6,048 for the year. The under-run in April is due to lower revenue from the member benefit program (down \$2.0K) and lower licensing income from publications (down \$1.0K).

B. Expenses

- a. **Personnel** – This area is **over budget** by \$10,111 for April and **over budget** by \$21,691 for the year. The over-run in April is due to lower vacancies and lower capitalized personnel than

budgeted.

- b. **Publications** – This area is **over budget** by \$4,588 for April and **over budget** by \$28,494 for the year. This over run in April is primarily due to higher Journal costs (up \$8.9K), higher traditional publications costs (up \$2.0), and higher costs for Consumer Education materials (up \$2.0K), offset by lower Food and Nutrition costs (up \$7.8K) and higher across all other projects (up \$0.5K).
- c. **Travel** – This area was **over budget** by \$38,385 for April and **under budget** by \$122,051 for the year. The over-run in April is primarily due to higher Governance (up \$18.1K), higher Affiliate Training (up \$13.0K), higher Nutrition News Forecast (up \$11.8K), higher Public Policy (up \$1.5K) higher Informatics (up \$2.0K) and higher all other (up \$2.8K) offset by lower Research travel (down \$11.0K)
- d. **Professional Fees** - This area was **under budget** by \$34,044 for April and is **under budget** by \$517,233 for the year. The under-run in April is being driven by lower Research (down \$11.7K), lower Journal and Editor Search (down \$27.0K), lower Governance (down \$5.3K), lower Web (down \$7.6K), lower Traditional Publications (down \$4.0K), lower Administrative (down \$8.1K), lower Public Policy (down \$2.8K) and lower List Rental (down \$3.5K). These are offset by higher Informatics (up \$12.0K), higher brand marketing (up \$22.5K) and higher across all other (up \$1.5K).
- e. **Postage and Mailing Service** – This area is **under budget** by \$8,283 in April and **under budget** by \$76,234 for the year. This under-run in April is primarily due to lower Membership (down \$10.0K), lower Traditional Publications (down \$3.0K), lower Research (down \$2.0K), lower Administrative (down \$2.0K), and lower across all other (down \$0.7K). This is offset by higher Food and Nutrition Magazine costs (up \$9.4K)
- f. **Office Supplies and Equipment** – This area is **under budget** by \$7,246 in April and **over budget** by \$3,978 for the year. The under-run in April is primarily due to lower Journal and Editor Search costs (down \$7.0K) and lower across all other (down \$0.2K).
- g. **Rent and utilities** - This area is **over budget by \$3,227** in April and **over budget by \$13,877** for the year. The over-run in April is due to higher utility costs.
- h. **Telephone and communications** – This is **over budget** by \$4,622 in April and **over budget** by \$31,187 for the year. The over-run for April is due to higher Washington and Chicago basic phone costs.
- i. **Commissions** – This area is **under budget** by \$3,750 in April and **under budget by \$14,882** for the year. This is all due to lower advertising for the Food and Nutrition Magazine.
- j. **Computer Expenses** – This area is **under budget** by \$3,667 for April and **under budget** by \$4,939 for the year. The under-run in April is due to lower Web and Web hosting costs.

- k. **Advertising and Promotion** – This area is **under budget** by \$4,183 for April and **under budget** by \$21,428 for the year. The under-run in April is due to lower advertising for Research Publications (down \$2.2K) and traditional Publications (down \$1.8K).
- l. **Insurance** – This area is **over budget** by \$2,726 for April and is **over budget** by \$723 for the year. The over-run in April is a catch-up for the additional insurance protection purchased by the Academy.
- m. **Depreciation** – This area is **over budget** by \$7,944 for April and **over budget** by \$12,944 for the year. The over-run in April is due to higher costs for the web and infrastructure needs of the Academy.
- n. **Bank and trust fees** – This area is **over budget** by \$62 for April and **over budget** by \$13,526 for the year. The over-run in April is primarily due to additional credit card fees.
- o. **Other** – This area is **over budget** by \$29,944 for April and **under budget** \$13,008 for the year. The over-run in April is primarily due to higher Public Relations (up \$14.1K), higher E-learning (up \$8.2K), higher Public Policy (up \$4.5K), higher Research (up \$1.7K), higher Consumer Education (up \$1.0K) and higher across all other (up \$0.4K).
- p. **Expense allocation** – This area is **under budget** by \$1,981 for the April because the Registry project supported by CDR under ran its budget. The result is the charge back to CDR was lower this month.
- q. **Meeting services** – This area is **over budget** by \$56,784 for April and is **under budget** for the year by \$237,411. The over-run in April is being driven primarily by the higher Nutrition News forecast costs (over by \$26.8K), higher Affiliate training costs (up \$19.6K), higher ConAgra Home Food safety costs (up \$7.9K), higher governance (up \$2.8K) offset by lower across all other programs (up \$0.3K).
- r. **Legal and Audit** – This area is **under budget** by \$755 for April and **over budget** by \$3,915 for the year. The under-run in April is all due to lower legal fees.
- s. **Printing** – This area is **under budget** by \$1,126 for April and is **under budget** by \$66,782 for the year. The under-run in April is primarily due to lower expenses for Membership (down \$4.3K) and lower Research (down \$1.5K). These are offset by higher expenses for Governance (up \$3.7K), and higher Public Policy (up \$1.0K)

I hope you had a great holiday and we will see you all tomorrow!!

Subject: Bipartisan Policy Center

I am pleased to report that the Academy has received more recognition. I have been asked by the Bipartisan Policy Center (BPC) and members of BPC's CEO Council on Health Innovation to serve as a member of its Healthcare Advisory Board for the Council. Representation on the Healthcare Advisory Board affords the Academy input on innovative strategies to improve health and healthcare within large and medium-sized global and national employer organizations.

The BPC was founded in 2007 by former Senate Majority Leaders Howard Baker, Tom Daschle, Bob Dole, and George Mitchell as a non-profit organization, "that drives principled solutions through rigorous analysis, reasoned negotiation, and respectful dialogue." The Council is comprised of the chairmen and chief executives of some of the nation's largest employers, such as Bank of America, The Coca-Cola Company, The Institute for Advanced Health, McKinsey & Company, Verizon Communications Inc., and Walgreen Co. The invitation letter to serve and an overview of the Bipartisan Policy Center are attached.

The invite indicates the "innovations likely to be explored by the Council include those related to health and wellness, chronic care management, consumer decision support, and delivery system and payment reforms."

Happy Memorial Day! I have a favorite recipe for summer holiday cooking call "Bread Pudding with Whiskey Sauce". It is a recipe by Tom Perini--a Texas Cowboy chef and favorite of President Bush. Tom does a lot of catering using a chuck wagon and camp fires. This recipe is very popular and will melt in your mouth!

I attended a Beef Council event where Tom told us about the time he was at the white house preparing to cater a picnic on the white house lawn for President Bush. Everything was set up the day before and ready to go--but the next morning ended up being 9/11 and of course the event was canceled.

Please enjoy!.....and Happy Memorial Day.

Subject: Thank You

Thank you for your continued support and confidence in me. I am so appreciative of your commitment to the Academy and its future. Your willingness to take risks, make the tough decisions and do whatever it takes to move the profession forward is what inspires me.

We have accomplished a great deal in the past few years and the future is full of more challenges and great promise. Together I know we will find ways to keep positioning our members and this organization exactly where we need to be.

I know there has never been a better time to be a part of the Academy of Nutrition and Dietetics, thanks to leaders like you. I look forward to continuing to serve as your CEO, working side-by-side to achieve all that we can for the profession and the Academy. Thank you very much for your friendship, generosity and support.

With my deepest appreciation,

Pat

Thank you for your continued support and confidence in me. I am so appreciative of your commitment to the Academy and its future. Your willingness to take risks, make the tough decisions and do whatever it takes to move the profession forward is what inspires me.

We have accomplished a great deal in the past few years and the future is full of more challenges and great promise. Together I know we will find ways to keep positioning our members and this organization exactly where we need to be.

I know there has never been a better time to be a part of the Academy of Nutrition and Dietetics, thanks to leaders like you. I look forward to continuing to serve as your CEO, working side-by-side to achieve all that we can for the profession and the Academy. Thank you very much for your friendship, generosity and support.

With my deepest appreciation,

Pat

Patricia M. Babjak

Spicy Cole Slaw

§ 4 cups slaw mix. You can, of course, shred your own, but there are plenty of pre-made slaw mixes out there that are great to use. We like one that combines green and red cabbage with shredded carrots.

§ 1/2 cup dijon-mayonnaise. The best thing to do here is to make your own. Put 3 egg yolks and a tablespoon of Dijon mustard into a blender with 1/2 teaspoon salt, two tablespoons lemon juice and a teaspoon of black pepper. Blend one cup of canola oil very slowly into the yolks and mustard (similar to our instructions for making aioli). Otherwise, use a store-bought mayonnaise and mix with mustard and black pepper.

§ 2 tablespoons Crystal hot sauce. Don't use Tabasco.

§ 1/2 teaspoon crushed red pepper. We prefer to buy whole pepper pods and grind them ourselves - you can take the crushed red pepper you buy at the store and pulse it a few times in the food processor. It gives the pepper a nice, sneaky nature to grind it fine.

§ Salt and pepper to taste.

Stir all ingredients together, being sure to get a good mixture of dressing and ingredients. You can adjust the amount of dressing you use - some people prefer a more "wet" slaw, while others prefer a drier version. Cover and let sit in the refrigerator until needed.

Subject: RE: Finance and Audit Committee meeting on Wednesday, May 29th at 1 p.m. CDT
Attachment:

All,

The final Finance and Audit Committee meeting of FY13 is on Wednesday, May 29th, at 1 p.m. CDT. I can't believe the year is ending. Maria will put onto the portal the information by tomorrow morning. She will provide to you an email when she is done. You will also receive a webinar invitation from Rich Newman. This month will focus on the March final and April preliminary financials. Those of you on the e-mail who are officially joining us for FY14 are invited to attend the call next week. It isn't necessary, but, it may help to provide background information as we move into the new year.

I. March Changes

- There was a change in March. After reviewing the bills, we increased the expenses for the Academy by \$25,050 to reflect expenses associated with two areas; National Nutrition month (\$12,550) and PPW (\$12,500). The PPW expenses were addressed last month in my e-mail. It relates to Audio Visual expenses I didn't get until after our information was provided to you. The National Nutrition Month expenses were from the development of the logo and were also discovered after our close last month. I reopened the books for both.

II. April Investments and beyond

- Our investment portfolios continued their march higher in April, growing by \$499,000. This brings our combined, fiscal year to date, increase to nearly \$6,149,000. Great news all around. May has continued the trend through Tuesday. The last two days have not been great. However, through yesterday (Wednesday), the combined portfolios were up another \$1,056,000. Today may drive this a little lower, but, being up over a \$1,000,000 with 5 trading days to go (not including today) is a good position to be in. So, we are positioned for a positive May. This is great news especially if you compare this to May of 2012 where we saw a decline of over \$1,730,000. I hope this does not happen over the next few days!

III. Academy April Financials (A10)

April, overall, was a down month for the Academy. Expenses were up, over-running the budget by \$97,321. We experienced expense over-runs across many financial line items and projects. Most, if not all, are timing issues. The revenues were \$44,939 short of budget. We experienced under-runs in Membership Dues, Publications and Materials, Advertising and Other. On the other hand, revenues were over budget in Programs and Meetings, Subscriptions, Grants and Sponsorships.

The investment income of \$176,528 did help as it was \$67,153 higher than the budget.

Taking a look at the year to date numbers, the Academy currently has an operating deficit of \$917,009. This is \$330,601 lower (worse) than the budget. The operating gap has grown in April. Even with the over-runs in expenses, they continue to help the organization. Year to date, expenses are now \$799,002 below budget. However, it isn't enough to cover the revenue shortfall of \$1,129,603.

Even though we are off on the operational side of the equation, the investment income of \$2,325,776 more than makes up for it. Year to date, after investments, our total Net Income is \$1,408,767. This is \$792,050 higher than the budget. So, we are in a strong position to exceed our Net income for the fiscal year.

I know I usually provide a breakdown of the revenue and expense categories. However, I have been a little under the weather and with Memorial Day weekend upon us I have promised my family a visit to the Grandparents. So, I have been able to get the revenue done, but not the expenses. I won't be able to provide those to you until Tuesday of next week. I am sorry for the delay.

The following is a breakdown of the various categories

A. Revenues

a. **Membership Dues** - This area **under budget** by \$33,755 in April and is now **under budget** by \$319,097 for the year. We continue to experience the phenomena of growing members, but, not meeting the revenue targets. This is due to both the mix of people taking the Career Dues Starter revenue options and the timing of when members renew.

b. **Programs and Meetings** - This area is **over budget** by \$8,924 in April and is **under budget** by \$979,809 for the year. The over-run in April is all due to higher Professional development revenue.

c. **Publications and Materials** - This area is **under budget** by \$22,718 in April and **over budget** by \$6,447 for the year. The under-run in April is due to lower NCP/SL sales (down \$31.2K), lower traditional publication sales (down \$18.7K) and lower List Rental (down \$16.1K). These were offset by higher Academy Careers royalties (up \$18.6K) and higher Media/Spokespeople mailings (up \$22.5K) and all other (up \$2.2K).

d. **Subscriptions** - This area is **over budget** by \$4,621 in April and is **over budget** by \$147,027 for the year. The over-run for April is primarily due to NCM and related products.

e. **Advertising** – This area is **under budget** by \$21,250 for the month of April and is under budget by \$67,520 for the year. Both under-runs are due to lower revenue for the Food and Nutrition Magazine than planned. It is rising, but, not as fast as we thought.

f. **All grants** - This area was **over budget** by \$13,092 in April and is **over budget** by \$30,993 for the year. The over run in April is due to higher ConAgra Home Food Safety (up \$26.1K) offset

by lower Research (down \$10.4K) and lower releases for the Carry the Flame project (down \$2.6K).

g. **Sponsorships** – This area is **over budget by \$9,157** for April and is **over budget by \$46,309** for the year. This is higher in April due to the success of the Sponsorship program.

h. **Other** – This area was **under budget** by \$3,010 in April and is **over budget** by \$6,048 for the year. The under-run in April is due to lower revenue from the member benefit program (down \$2.0K) and lower licensing income from publications (down \$1.0K).

B. Expenses

TBD

I hope everyone has a safe holiday weekend. Please look out for Maria's e-mail to let you know the information is on the portal. Also, watch for my e-mail to finish up the expense portion of this email on Tuesday.

Donna S Martin, RD, LD

Burke County Board Of Ed

789 Burke Veterans Parkway

Waynesboro GA 30830

DMartin@Burke.k12.ga.us

Dear Donna:

Congratulations on your appointment as **Chair** of the **Finance and Audit Committee** for the 2013-2014 program year of the Board of Directors (BOD). Your appointment is for 2 years. Your commitment to the Academy supports empowering members to be the nation's food and nutrition leaders! Academy successes are directly related to the contributions of member leaders like you, who are willing to contribute your time and expertise.

The Finance and Audit Committee will begin the process of identifying goals which will be done in conjunction with your staff partner. Please refer to the Academy's Strategic Plan as a guide for setting committee goals for the coming program year (copy attached).

The members of the committee are:

- Donna S Martin RD, LD, Chair
- Kathleen W McClusky MS, RD, FADA, Foundation Chair
- Sonja L Connor MS, RD, LD, President-elect
- Elise A Smith MA, RD, LD, Speaker-elect
- Anne Kendall PhD, RD, LDN, ACEND Representative
- Nancy H Wooldridge MS, RD, LD, CDR Representative
- Robin B Fellers PhD, RD, LD, HOD Representative
- D Milton Stokes PhD, MPH, RD, CDN, HOD Representative
- Paul Mifsud, Staff

Your staff partner and the Board of Directors (Academy on-line directory:

<http://www.eatright.org/members/leadershipdirectory.aspx>) are ready to provide support to you as you assume your role as the Chair.

Thank you for agreeing to accept the responsibility of being a part of the leadership for the Board of Directors and Academy. Should you have any questions or ideas related to your appointment, please feel free to contact me (glenna@glennamccollum.com or 602/770-0772).

Sincerely,

Glenna R. McCollum, DMOL, MPH, RD

President, Academy of Nutrition and Dietetics

2013-2014

Attachment: [May 2013 agenda.doc](#)

Mary,

Donna,

Here is the agenda for next week. I raise it because one of the last items is a farewell to the current committee. I have you both on the agenda. It can be kind of like a transition of power.

Let me know if this, or anything else on the agenda, will be a problem.

Paul

All,

Good Morning. As you know, we have a Finance and Audit Committee Orientation this afternoon at 1 p.m. CDT. It should not last more than 90 minutes. You should have received your webinar invitation from Rich Newman. I have attached a copy for you just in case. The call will be very informal. Our goal is to make you feel comfortable understanding your role on the Committee, the financial packages we provide monthly and most importantly to ask questions. I have one rule; Ask questions!!

Maria has put documents, including an agenda, onto the Finance and Audit Committee portal. If you don't look at them, that will be fine. No need to prep for this call. Also, if you can't make the webinar, let me know. We understand other things get in the way. So, we will reschedule a session for you.

I look forward to working with you and to a productive 2014 Fiscal Year.

Paul Mifsud

Subject: Pat Babjak
Attachment:

Dear Paul,

They Compensation Committee met last week.

The committee unanimously agreed on a \$100,000 salary increase for Pat Babjak effective June 1, 2013. This will make Pat's annual salary \$400,000.

The committee agreed on a bonus of 18%, consistent with the bonus policy and based upon the score she received via the Board evaluation of her performance. The bonus is \$54,000, based upon her current salary, and should be paid on May 31, 2013.

Finally, the Board and the Compensation Committee understand that this salary increase could not been considered when the budget was developed. Therefore, please increase the FY14 compensation budget accordingly.

Mary Russell MS, RDN, LDN

Treasurer, Academy of Nutrition and Dietetics, 2011-2013

Hi Donna –

School Nutrition Association has invited Academy leaders to their conference at the recent Food Management meeting in Chicago. Karen Lechowich will register you to secure the complimentary registration. There is no formal presentation, we ask that you network and provide us with a brief summary of any issues that the Academy needs to be aware of, using the online reporting form. The preliminary program for the conference can be viewed at <http://epub.knepperpress.com/publication/?i=146477> . Karen will check with you on your travel dates and will make your hotel reservations. You may make your flight arrangements by visiting <https://adatvl.axo20.com/> to select your flights; please enter 1032430 for the approval code.

Thank you for representing the Academy!

Subject: Free 1.0 CPEU Live webinar May 28: Point A to Point Be: Improving Access to
Healthy Foods in Food Banks

Attachment:

Free 1.0 CPEU Live Webinar for Academy Members:

Point A to Point B: Improving Access to Healthy Foods in Food Banks

Join us for a Webinar on May 28, 2013

1-2pm Central Standard Time (11am-12pm PST, 12-1pm MST, 2-3pm EST)

Register here:

<https://eatright.webex.com/eatright/j.php?ED=205266092&RG=1&UID=0&RT=MiM3>

Once the host approves your request, you will receive a confirmation email with instructions for joining the meeting.

Learn the obstacles Food Banks face to distribute healthy foods for families and see examples of improvements Food Banks are making across the country. Learn specific ways you can help support healthy foods in Food Banks.

This webinar is part of a webinar series by the Academy of Nutrition and Dietetics Foundation and Kids Eat Right as part of the Future of Food project. It is planned with Feeding America through an educational grant from the National Dairy Council.

For more information about the webinar and to view previous Future of Food webinar recordings, please visit www.eatright.org/foundation/kidseatright.

Correspondence from Doris Acosta follows.

The Academy is releasing information on the Oklahoma tornado and disaster relief via all our member and public communication channels. *Eat Right Weekly* will have a main header with a direct link to the American Red Cross. The text of ERW will also include a link to donating to the Foundation's disaster relief fund. In addition, we are including information on accessing the Academy's online resources for pre-, during and post disaster.

We are posting information on Eatright.org about the disaster relief fund and articles about power outages, etc. Specifically, we're putting a notice about donating to the fund on the lower right section of the homepage (member announcements) and an article about food safety during a power outage as a main feature. We will create URLSs and post to the EatRightPro, EatRight and FoodNutriMag social media channels.

The Academy has been in contact with the president of the Oklahoma Dietetic Association, and we understand all members in the area are safe. the Oklahoma affiliate is drafting a message to its members as well, letting them know about Academy resources.

We will monitor the situation and update our information as needed.

Hello Board members:

Below is the Action Alert and information sent on Friday to LPPC and ANDPAC. Any help you can do is appreciated. I am finding doing personal reach outs is getting some action. Using your position on the Board will show the Senate the importance of this bill is for our members.

Jenn has gotten some wonderful response and thank you emails from Senate staff on our work.

Mary Pat

Sent to LPPC and ANDPAC

Hello!

We are asking for your help on getting members to respond. It will go out soon and the urgency cannot be stressed enough.

Once you receive the Action Alert can you forward it to your colleagues, members that were in your college class, mentors, friends, coworkers, your DPG listserv, your affiliate leaders and any

member that you ever met.

Seriously, viral marketing is a proven successful method...evidenced based.

Many, many thanks!

-Mary Pat

Sent to PPCs-Affiliate and DPGs

Dear Public Policy Leader:

As you know, the Farm Bill is moving ... and it is moving quickly. Both the House and Senate have passed their versions of the Farm Bill out of committee. The Senate is scheduled to take up debate on the floor of the Senate next Monday, May 20.

We are asking members to "Take Action" by communicating with their Senators, and we will be sending out an action alert TOMORROW, May 17.

As the policy leaders for your affiliate or DPG, we ask that you assist us with mobilizing our members on this important effort.

After the action alert goes out tomorrow, please **send a message** to your affiliate or DPG members asking them to participate in the action alert.

Your assistance in passing along this information to Academy members is a vital link in the communication pathway – **thank you for your leadership!**

Very best,

Mary Pat Raimondi, MS RD

Action Alert

May 17, 2013

Please take two minutes to send your Senators an email urging them to support important food, nutrition and agriculture programs.

The Senate has passed a bipartisan Farm Bill out of the Agriculture Committee, and the bill is headed to the Senate floor for debate and final vote. This critical piece of legislation determines not only what farmers grow, but what is available in the United States' food supply. The Farm Bill addresses food insecurity through a variety of food assistance programs and provides many jobs for registered dietitian nutritionists working in community nutrition. As registered dietitian nutritionists, we are inherently entrenched in every aspect of the food supply, from what is planted to what is consumed by our fellow Americans. We are leaders in the nation's efforts for better health, through improved nutrition, and we need to have our voices heard on this important farm and food bill.

We need you to tell Congress how important these food, agriculture and nutrition programs are to you and for our country. Would you take two minutes and send an email to your Senators using the **Grassroots Manager**?

Many thanks, in advance, for your efforts!

Ethan A. Bergman, PhD, RDN, CD, FADA
President, 2012-2013

Action Alerts are sent to you as member of the Academy of Nutrition and Dietetics.

2383. Paperless Fee Notice Option For 2013-2014 Registration Maintenance Fee

From: Commission on Dietetic Registration <enovak@eatright.org>
To: DMartin@burke.k12.ga.us
Sent Date: May 20, 2013 14:37:56
Subject: Paperless Fee Notice Option For 2013-2014 Registration Maintenance Fee
Attachment:

Having trouble viewing this e-mail? [Click here to view it in your browser.](#)

Paperless fee notice option for 2013-2014 registration maintenance fee

This email is to invite you to participate in the Commission on Dietetic Registration (CDR) **paperless** registration maintenance fee notification option.

Instead of receiving your CDR registration maintenance fee notice through the mail, you will receive a series of email notifications from mid-June to March 31, 2014, or until your CDR fee is paid. (If you select the paperless option, it is extremely important that you have and maintain a primary email address on your CDR record and make sure that you do not have a firewall that will block blast emails from eatright.org.)

For more information regarding the paperless option, visit <http://cdrnet.org/dates-regdates/paperless>

If this option is not selected, your CDR registration maintenance fee notice will continue to be mailed.

Beginning the week of June 17th you will be able pay your 2013/2014 registration maintenance fee online by logging into your CDR record at <http://cdrnet.org/dates-regdates> The annual CDR fee is \$60 and the payment due date is August 31, 2013.

(Those RDs and DTRs whose 5-year recertification cycle ending May 31, 2013, will not be billed until their Step 4-Professional Development Portfolio (PDP) Activity Log has been approved.)

Please call CDR at 800-877-1600, ext. 5500 (8am to 5pm/CT), if you have any questions.

Thank you.

Attachment:

Jeanne and Pepin,

Thank you for sharing the comments; I appreciate the opportunity to review.

I agree with the strategy to acknowledge the Academy's support of milk consumption in order to increase calcium intake and approve bone health right up front. I appreciate the acknowledgement of the role of the FDA in approving the use of non-nutritive sweeteners and acknowledgement of the lack of scientific research to determine the long-term safety risk to children from consumption of non-nutritive sweeteners.

I appreciate the careful analysis of the evidence, or lack thereof, provided in the petition to support the request to change the standard of identity for milk. I agree with the points made that differentiate this request from that made to change the standard of identity for ice cream. And I agree with comments made about how this change could impair milk's image of "purity and wholesomeness."

Thank you for the thorough analysis and compelling case made.

Hello LPPC leaders –

Please find attached the comments that we are preparing for the milk standard identity petition. We have been in conversation with the dairy folks and thus offer the front of package aspect in the comments. I will be sharing these comments with Jean Ragalie and Karen Kafer under separate cover.

We have not yet reached out to the DPGs on these comments, but will be doing so in the next day or two in order to ensure we have their perspective. Please forward your comments and edits to Pepin at ptuma@eatright.org and he will make any adjustments that are needed before we submit.

Jeanne

PS: I am including Donna Martin from the board since she may have interest in this topic as well.

>>> Pearlie Johnson <PJohnson@eatright.org> 03/22/13 11:24 AM >>>

Attached is your contract for the May 21-23, 2013 Certificate of Training in Childhood and Adolescent Weight Management program. Please sign and return the contract to me by fax (312/899-4772) or e-mail by April 8, 2013. I also attached a tentative agenda.

You can make your flight arrangements to Little Rock through the Academy's travel service, American Express Travel. You may contact the Travel Desk at 800/238-9049 or [www.eatright.org/traveldeskt](https://adatvl.axo20.com/) to book your flight. You will need to create an account to use the system. The system will require you to enter a security code and a 7 character GL code to finalize your ticket. The security code is 193412 and the GL Code is 1041790. Please forward me a copy of your Little Rock itinerary once your flight has been finalized so I can make sure that you have proper hotel accommodations.

Programs Location:

The Peabody Little Rock Hotel<http://www.peabodylittlerock.com/?gclid=CKjm4uOmrrlCFYk-MgodQTcApA&_vsrefdom=plr-ppc>
3 Statehouse Plaza
Little Rock, Arkansas, 72201.

If possible, we are requesting that you send one PowerPoint for the participants to print and one to show on screen. The PowerPoint to print should only include text and not any unnecessary animations /graphics. We have received complaints regarding the fact that the

animations/graphics often time cover up text. Here are the instructions to upload your files.

1. Go to <http://www.cdr.groupxm.com>
2. To login choose the "Login" option on the upper right-hand side of the page.
 1. Sign-in using your e-mail address and the password - welcome
 2. On the purple banner, hover over the "Portal" option on the right-hand side and choose the "Library" option from the drop-down menu.
 3. Click on the "May 2013 Childhood Faculty PowerPoint Files and Handouts" link located to the left.
 4. Click on the "Upload Multiple Files" link located in the gray menu bar.
 5. Scroll down to the bottom of the grey area and click on "add files" bar (lower left side)
 6. Browse for your file.
 7. Click open.
 8. To add another file choose "Add Files" button again to add another file to the list.
 9. When you have all the files listed you would like to add click on the "Start Upload" bar (lower left side). When upload had finished press "Continue."
 10. Don't pay attention to the list of folder. Just stroll down to the bottom of the page and click on "Complete Upload" bar.
 11. When you are done, please logout (upper right hand corner).

The due date for your PowerPoint presentation and handouts is Friday, May 10, 2013.

Thank you.

Hi Donna,

Do you have any information that might be helpful to Lori about student wellness coordinators?

Thank you!

Lisa

From: Lori Post [mailto:loripost@yahoo.com]
Sent: Monday, May 13, 2013 2:18 PM
To: Katie Brown
Subject: Student Wellness Coordinator

Hello Katie,

As a member of the Kids Eat Right campaign, I first, want to thank you for your leadership of this outstanding program that not only serves our children but also helps to promote our profession.

Eighteen months ago, I found myself needing to take a new path in my dietetic career and enrolled in a continuing education program for the US Healthier Schools Challenge. Learning that my own children's elementary school could not qualify for an award because their school lacked a nutrition education program, I knew the direction in which I needed to go and put my eighteen years of dietetic experience into action within our school district. Now after eighteen months of volunteer work, I have gotten the attention of our District's Director of Teaching and Learning. At a meeting with him last week, I proposed the idea of creating a Student Wellness Coordinator position within our school district. He was on the same page with me in a matter of minutes and sees student wellness critical to classroom success. We feel we are at a grassroots level as we are now looking into developing a job description as well as how to fund this position. I can't help but reach out to you and the Kids Eat Right Campaign group for resources as we begin to build our case. I would so appreciate your help in connecting me to any dietitians working as student wellness coordinators for school districts. Please feel free to forward my email onto those contacts you would recommend.

Again, thank you for your time and efforts in the Kids Eat Right Campaign.

Appreciatively,

Lori Post, RD, LD

Attachment:

Having trouble viewing this email? View it in your browser. Action Alert

May 17, 2013

Please take two minutes to send your Senators an email urging them to support important food, nutrition and agriculture programs.

The Senate has passed a bipartisan Farm Bill out of the Agriculture Committee, and the bill is headed to the Senate floor for debate and final vote. This critical piece of legislation determines not only what farmers grow, but what is available in the United States food supply. The Farm Bill addresses food insecurity through a variety of food assistance programs and provides many jobs for registered dietitian nutritionists working in community nutrition. As registered dietitian nutritionists, we are inherently entrenched in every aspect of the food supply, from what is planted to what is consumed by our fellow Americans. We are leaders in the nations efforts for better health, through improved nutrition, and we need to have our voices heard on this important farm and food bill.

We need you to tell Congress how important these food, agriculture and nutrition programs are to you and for our country. Would you take two minutes and send an email to your Senators using the **Grassroots Manager**?

Many thanks, in advance, for your efforts!

Ethan A. Bergman, PhD, RDN, CD, FADA
President, 2012-2013

Good Morning Everyone:

The 90 minute, FAC orientation has been set for Thursday, May 23rd at 1:00 p.m. CDT. You will be receiving a webinar invitation from our IT Director, Rich Newman.

If you have any questions, please let me know.

Thanks,

Linda

Subject: Finance and Audit Committee Orientation

All,

First off, I want to welcome all of you to the Finance and Audit Committee. Your role is very important to the future success of the Academy. I had the pleasure of working with many of you in the past. I welcome you back!! Those of you who I don't know, I look forward to getting to know you better. I am always excited about the passion and knowledge of each Finance and Audit Committee and I am sure this one will continue the trend.

The Finance and Audit Committee always hits the floor running. So, to make your first meeting as productive as possible, I would like to suggest an orientation. For those of you with experience on this committee, it may not be necessary to attend. However, it may be a nice refresher. The goal of the orientation is to address roles, responsibilities and the information you will receive from staff on a monthly basis. I am proposing the following dates for a 90 minute orientation;

1. May 22nd at 1 p.m. CDT
2. May 23rd at 1 p.m. CDT

3. May 24th at 9 a.m. CDT
4. May 28th at 1 p.m. CDT

If you would provide to me your first, second and third choice by Tuesday, May 7th, we will set up the webinar. Also, we would like each of you to provide to me a small biography that the committee can use. I am attaching the current Foundation Board biographies as an example. Since some of you are on this one, you don't have to provide a new one. Once I have the biographies, and new pictures if you like, I will send it out to the committee as well.

I look forward to working with all of you. If you have any questions, please don't hesitate to give me a call at 800-877-1600, extension 4730 or send me an e-mail.

Paul Mifsud

2395. Reminder Webinar on MONDAY: "Opportunities in Nutrition Education & Wellness"

From: School Nutrition Services Dietetic Practice Group <snsdpg42@gmail.com>
To: dmartin@burke.k12.ga.us
Sent Date: May 16, 2013 12:27:56
Subject: Reminder Webinar on MONDAY: "Opportunities in Nutrition Education & Wellness"
Attachment:

REMINDER: Webinar on Monday, May 20!!

School Nutrition Services (SNS) Dietetic Practice Group invites you to attend a dietetic student focused webinar:

Careers in School Nutrition: Opportunities in Nutrition Education and Wellness

This session will be hosted **Monday, May 20, 2013 at 8:00 PM Eastern**; 7:00 PM Central; 6:00 PM Mountain; 5:00 PM Pacific

Career opportunities in school nutrition services cover many different areas of expertise. Some dietitians work in positions focusing in large part, or entirely, on nutrition education or wellness. School districts are required to have local school wellness policies covering nutrition standards for foods and beverages served in schools, physical activity, and nutrition education. Dietitians work on school nutrition education or wellness activities at the local, state, or national level. Three experts will share their career experiences, followed by questions and answers.

Objectives:

- Learn about nutrition education and wellness opportunities in school nutrition services
- Identify skills needed for these opportunities

Speakers:

Dayle Hayes, MS, RD

President, Nutrition for the Future, Inc.

Billings, Montana

Twyla Leigh, RD, LDN, MBA, SNS

Nutrition and Planning Supervisor, Collier County School District

Naples, Florida

Angela McCormick, MS, RD, LD

Nutritionist, Alabama State Department of Education

Montgomery, Alabama

The webinar will start on the hour. Participants can call in 15 minutes before the start of the presentation. If asked for a password, the webinar password is SNSDPG.

Webinar is free of charge to all those who register.

To register for this meeting

1. Go to <https://eatright.webex.com/eatright/j.php?ED=207991172&RG=1&UID=0&RT=MiM3>
2. Register for the meeting.

Once the host approves your request, you will receive a confirmation email with instructions for joining the meeting.

Note: If you already registered for this meeting, you do not need to register again.

To view in other time zones or languages, please click the link:

<https://eatright.webex.com/eatright/j.php?ED=207991172&RG=1&UID=0&ORT=MiM3>

For assistance

1. Go to <https://eatright.webex.com/eatright/mc>
2. On the left navigation bar, click "Support".

You can contact me at:

2396. Your CDR Profile at www.cdrnet.org - Update Now

From: Commission on Dietetic Registration <cdr@eatright.org>
To: DMartin@burke.k12.ga.us
Sent Date: May 16, 2013 11:23:29
Subject: Your CDR Profile at www.cdrnet.org - Update Now
Attachment:

Having trouble viewing this e-mail? [Click here to view it in your browser.](#)

Update your CDR profile now

Commission on Dietetic Registration (CDR) is asking that you take a few minutes to visit www.cdrnet.org and Login, at the top right-hand side, to make sure CDR has your correct:

- Mailing address
- Primary contact telephone number
- Primary email address (*If you have listed your work email, please make sure that your employer does not have a firewall that will block blast emails from eatright.org.*)

You will need your registration identification number and your Web password. Once you gain access to My CDR page, visit your Profile to either verify or make changes. Please make any necessary changes as soon as possible to ensure the delivery of important CDR messages and notices.

If you have a name change, please click on the link below for CDRs Change of Name Policy <http://cdrnet.org/news/change-of-name-address-policy>

If you are not able to make address, telephone number, email changes online, you will need to send a **written** request, along with your Academy/CDR identification number, via email to cdr@eatright.org, or mail to Commission on Dietetic Registration, 120 South Riverside Plaza, Suite 2000, Chicago, IL 60606-6995. Faxes will not be accepted.

If you have additional questions, please call CDR at 800/877/1600, ext 5500 (8am to 5pm/central time), or use the CDR LiveChat option on www.cdrnet.org

Thank you for your cooperation.

You are currently subscribed to receive CDR Renewal Reminders from the Commission on Dietetic Registration. If you prefer not to receive future e-mails, simply follow this link to unsubscribe.

To: Sonja Connor; dwheller@mindspring.com; Nancy Lewis; 'glenna@glennamccollum.com'; 'KathyMcClusky@lamMorrison.com'; Ragalie, Jean; Elise Smith ; DMartin@Burke.k12.ga.us
Cc: Jim Weinland
Subject: ASAE data regarding average number of members who are involved with the Academy

All:
Donna (or maybe it was Jean) had an excellent question today regarding the “Only 31% of all RDs (43% of members, 11% of non-members) volunteered or are otherwise “involved” in Academy activities” statement on your membership orientation report.
I dug into ASAE’s “The Decision to Join” survey results to see what the average engagement/involvement percentage is for associations. I attached a scan of the pie chart, but long story short, 69.9% on average are not involved at all. That compares to 69% of all RDs that are not involved –so that tells us RDs compare to the average. However, the ASAE study was of members and when we look at our members, 43% are involved (ie, 57% are not involved). Hence, we are actually better than the average. We will endeavor to make the percent of involved even better over the next few years.

Quote of the Week

"Armed Forces Day, above all, honors the dedicated individuals who wear the uniforms of their country. Each serviceman, wherever he may be, whatever his task, contributes directly and importantly to the defense of the nation. The task of each one is the task of all the Armed Forces: to protect the freedoms which underlie the greatness of America."

-General Earle G. Wheeler, 1967
Former Chairman, Joint Chiefs of Staff

Hello House of Delegates!

Below is Speaker Message 43 from Becky Dorner. Due to security issues, additional documents linked in the speaker message are only accessible via the HOD Communications Platform. To review the linked documents:

1. *Log into the HOD Communications Platform at <http://hod.webauthor.com>;*
2. *Click on the Communities tab (in the green area);*
3. *Enter the A. HOD 2012-2013 Community;*
4. *Click on the Library tab (top of screen);*

5. *Click on Speaker Messages 2012-2013; and*

6. *Click on Speaker Message 43.*

Sent: Wednesday, May 15, 2013

Subject: Speaker Message 43: Revised Motion for Second Review, Important Deadlines

From: Becky Dorner, RD, Speaker, 2012-2013

Importance:

High

HOD Core Function:

Information Systems/Communications

Professional Leadership

What You Need to Know:

- Meeting Materials-
 1. Revised Motion for Review
 2. Dates for Motion Reviews, Deliberation and Voting
- Spring 2013 Virtual Meeting Evaluation, 2012-2013 Delegate Self Evaluation, and Mentor/Mentee Evaluations Available
- Leadership Positions for 2013-2014
- HOD Fall 2013 Meeting Dates

What You Need to Do:

- Review the revised motion and provide comments or questions to the House Leadership Team via the HOD Communications Platform until Friday, May 17 at 12:00 pm CDT.
- Complete evaluations by Friday, May 24.

- If you would like to be a Mentor or a Table Facilitator for 2013-2014, please contact HOD staff by Friday, May 24.
- Review dates for Fall 2013 meeting and begin to schedule travel and hotel

During the Initial Review Phase (Wednesday, May 8-Friday, May 10) delegates reviewed and commented on the proposed motion to ensure the essence of the dialogue was captured and to suggest wording changes. The aim of the second review phase is to address portions that may not have been included in the motions. Suggestions for different wording that do not change the context of the motion can also be offered.

Revised Review Motion #1: Food and Nutrition Insecurity

Based on your feedback, the motion was strengthened by adding language to the guiding principles. The last bullet, shown in red is the additional language.

1. Motion #1 (Revised)
 - Discussion/Post Further Revisions
 - Reference Material

•Workbook Food and Nutrition Insecurity Consolidation ALL Tables - *the final workbook is now available on the HOD web page for ALL members to view.*

There were suggestions made to Motion #1 that require collaborative efforts, and therefore may not appear in the revised motion. I would like to address some of these items:

1. Suggestion: A **permanent** task force/council - Because there are costs associated with this, the initial task force will need to provide an explanation as to why a permanent committee or council is necessary in order to go through the FY 2015 budget process.
2. Suggestion: Address education and training of students - A memo has been sent to ACEND's Chair, Elaine Molaison, requesting that ACEND provide information regarding the current standards and competencies for RD or RDN and DTR educational programs that exist related to the topic of food and nutrition insecurity. Once HLT receives feedback from ACEND, we will share this with the House, and the task force can address this if needed.
3. Suggestion: Utilizing international activities and organizations related to food and nutrition insecurity - Due to the complexity of this issue, the Spring meeting was focused on food and nutrition insecurity in America. The task force may recommend working globally if they deem it is appropriate. We recognize there are currently resources available about global food insecurity (such as the new position paper) and will share these resources with the task force.
4. Suggestion: Request a revision of 2012 - 2014 Legislative and Public Policy Priority Areas, specifically Consumer and Community Issues - The HLT will send a letter to the LPPC to address this area, and provide information and resources as needed to the task force.

If the motions are satisfactory as written, you do not need to post any revisions at this time.

Additional revisions may be offered until noon (Central), **Friday, May 17**, at which time the review period will close. Revisions must be posted by delegates to the appropriate discussion (HOD Communications Platform >HOD 2013-2014 >Discussions). When posting a revision, please state clearly your rationale. The HLT will review all comments and determine if additional edits to the draft are needed. Remember, during the voting phase, you can support or oppose the motion.

Next Steps

The Date for Motion Review, Amendment, Deliberation and Voting (Motion Review, Amendment, Deliberation and Voting) was disseminated and reviewed during the Spring 2013 HOD Meeting. All phases end at noon (Central) on the last day listed. Please make a note of all dates.

Revision Phase: May 15 -17

Deliberation Phase: May 20 - 22

Voting: May 23 – 31 (voting will be open until 4:00 pm CT)

Important Reminders

Participation in the revision, deliberation and voting phases is the responsibility of each delegate. Please plan to participate in the activities from now through May 31. If you are unable to participate in the voting phase, please identify a “proxy delegate” to participate on your behalf as soon as possible by contacting hod@eatright.org.

Deadlines-Evaluations and Leadership Opportunities for 2013-2014 House of Delegates

By May 24, 2013, please complete the following:

Evaluations:

Spring 2013 HOD Virtual Meeting evaluation,
2012-2013 Delegate Self-evaluation, and

2012-2013 Mentor/Mentee evaluation .

Leadership Opportunities

If you will be returning to the House of Delegates for the 2013-2014 fiscal year and would like to be a mentor to a new delegate and/or you would like to be a table facilitator, please contact HOD staff at hod@eatright.org. This is a very valuable program to new delegates, so please consider volunteering. Thank you in advance.

HOD Fall 2013 Meeting Dates:

The Fall 2013 House of Delegates Meeting will take place beginning with the HOUSEwarming party on **Thursday, October 17** and the meeting convening **Friday, October 18** and **Saturday, October 19** in Houston, TX. Further details will be posted to www.eatright.org/hod. Please note, there will be a New Delegate Orientation, DPG Best Practices session, and Table Facilitator Training early afternoon on Thursday, October 17th for delegates who would like to attend-please schedule your travel appropriately if you plan to attend any of these sessions. Please contact HOD staff at hod@eatright.org if you would like to learn more about any of the Thursday sessions.

This is great new. It is important for us to realize this is administrated by BC/BS. In a state that BC/BS does not credential RD's this is not a benefit that can be used (Florida is one -how many others?). Perhaps we can distribute this information to the policy makers at those BC/BS states to convince them to credential RD's. In an attempt to do this we have started a task force in Florida. Thanks, Lucille

Subject: Exciting news for the Healthier Generation Benefit

The 2013 special edition of the Journal of Obesity, *Childhood Obesity: Today and Tomorrow's Health Challenge* contains an article on the Alliance for a Healthier Generation's Healthier Generation Benefit. The article reports on the 2010-11 evaluation of the benefit with the findings indicating that the benefit was successful in expanding health care coverage for obesity services. As a partner in this program, the Academy is highlighted throughout the article. It is the first of several articles planned for publication. According to Victoria Brown, Vice President for the Alliance for a Healthier Generation and co-author of the article, "We are excited about the results of the report and look forward to exploring ways to improve this innovative approach to health care delivery. The efforts of everyone involved confirm that a team-based approach among physicians, dietitians, providers, healthcare organizations, and families is required to eliminate the childhood obesity crisis."

Attached is a press release from Emory University (the program evaluators) covering the article, as well as a copy of the article itself. Please share with your team and encourage them to share with their committees and other groups as appropriate. My team will be posting the article on the website and sharing an announcement through the Board of Directors, *Eat Right Weekly*, our on-line communities, and the DPG/Affiliates Administrative Bulletin.

The Academy of Nutrition and Dietetics, the Academy of Pediatrics and the Alliance for a Healthier Generation have partnered since 2009 in the fight against childhood obesity. The Healthier Generation Benefit provides at least four follow-up visits with a primary care provider and at least four visits with a registered dietitian per year for children with a BMI in the 85th percentile or higher.

Thank you,

Marsha

Subject: BOD Orientation

Paul, I am just now getting to working on the deck. The deck looks good, but can you answer a few questions for me please.

1. How many employees do we have in CDR, ACEND, and on the Foundation staff? **The total headcount is approximately 172; (CDR = 21.5, ACEND = 11, Foundation = 5.5)**

2. What are the budget amounts for the foundation, CDR and ACEND? I took the liberty to add up all of the budgets for each of the organizations. **The total, including DPGS, MIGS, ANDPAC, ACEND, Foundation and CDR is \$44,575,691 in FY2013. So, the Academy is roughly 55% of the total combined budget.**

I wanted to put a few things into perspective for them (and me too)!

I have been notified that my flights are already delayed tomorrow. Evidently, the flight crew needs another hour of sleep so I will not arrive to Ohare until noon. I will come straight to the Academy.

Thanks for all your work on this project. I think it will make for more fun, and hopefully rich discussions. (don't you love my use of rich!) See you tomorrow.

Subject: BOD Orientation

Paul, I am just now getting to working on the deck. The deck looks good, but can you answer a few questions for me please.

1. How many employees do we have in CDR, ACEND, and on the Foundation staff? **The total headcount is approximately 172; (CDR = 21.5, ACEND = 11, Foundation = 5.5)**

2. What are the budget amounts for the foundation, CDR and ACEND? I took the liberty to add up all of the budgets for each of the organizations. **The total, including DPGS, MIGS, ANDPAC, ACEND, Foundation and CDR is \$44,575,691 in FY2013. So, the Academy is roughly 55% of the total combined budget.**

I wanted to put a few things into perspective for them (and me too)!

I have been notified that my flights are already delayed tomorrow. Evidently, the flight crew needs another hour of sleep so I will not arrive to Ohare until noon. I will come straight to the Academy. Thanks for all your work on this project. I think it will make for more fun, and hopefully rich discussions. (don't you love my use of rich!) See you tomorrow.

Donna,

As it looks right now, May 23rd will be the optimum date for the "orientation" of the new FAC. Unfortunately, this isn't one of your choices. I don't remember, but, Mary may not have made it last year. So, you may not need to attend. Given everyone's schedule that week (I forgot it was a holiday weekend), it would be understandable. I intend, more than anything else, to go through the financial package. So, unless you think there is a need for more, let me know. I want them to be able to understand, in a slower paced environment, the financial information.

Also, if there is something you may want to add, let me know.

Sonja can't make it on the 23rd. So, I will talk to her to see if we can do something for her. Kathy McClusky doesn't need the orientation. Neither or course does Robin. So, let me know your thoughts. It will be at 1 p.m. CDT on May 23rd.

Paul

Subject: Exciting news for the Healthier Generation Benefit

The 2013 special edition of the Journal of Obesity, *Childhood Obesity: Today and Tomorrow's Health Challenge* contains an article on the Alliance for a Healthier Generation's Healthier Generation Benefit. The article reports on the 2010-11 evaluation of the benefit with the findings indicating that the benefit was successful in expanding health care coverage for obesity services. As a partner in this program, the Academy is highlighted throughout the article. It is the first of several articles planned for publication. According to Victoria Brown, Vice President for the Alliance for a Healthier Generation and co-author of the article, "We are excited about the results of the report and look forward to exploring ways to improve this innovative approach to health care delivery. The efforts of everyone involved confirm that a team-based approach among physicians, dietitians, providers, healthcare organizations, and families is required to eliminate the childhood obesity crisis."

Attached is a press release from Emory University (the program evaluators) covering the article, as well as a copy of the article itself. Please share with your team and encourage them to share with their committees and other groups as appropriate. My team will be posting the article on the website and sharing an announcement through the Board of Directors, *Eat Right Weekly*, our on-

line communities, and the DPG/Affiliates Administrative Bulletin.

The Academy of Nutrition and Dietetics, the Academy of Pediatrics and the Alliance for a Healthier Generation have partnered since 2009 in the fight against childhood obesity.

The Healthier Generation Benefit provides at least four follow-up visits with a primary care provider and at least four visits with a registered dietitian per year for children with a BMI in the 85th percentile or higher.

Thank you,

Marsha

Pat,

Thanks for sending the very exciting news from Marsha Schofield!

I plan on sharing the article and press release at the next ZING (energizing children) staff meeting. ZING is my hospitals team-based weight management clinic for children age 10-18 years of age with BMI's over 85 %. Two large pediatric practices and providers from the surrounding area screen using BMI and then refer patients to our Diabetes and Nutrition Care Center in mid-coast Maine or the Countdown Clinic in southern Maine for MNT. Maine Healthcare's Employee Health Wellness Program is lead by and RD and with her support our organizations private insurance allows unlimited visits with the RD without co-pays. We already have state Medicaid coverage which as you all know is reimbursed at much lower rate than private insurance.

The Academy's partnership with the Alliance for a Healthier Generation's is one more example of the benefits of all of us working together to eliminate the childhood obesity crisis.

Sincerely,

Marcia Kyle, RDN, LD, CDE

ZING is my hospitals team-based weight management clinic for children age 10-18 years of age with BMI's over 85 %. Two large pediatric practices and providers from the surrounding area screen using BMI and then refer patients to our Diabetes and Nutrition Care Center in mid-coast Maine or the Countdown Clinic in southern Maine for MNT. Maine Healthcare's Employee Health Wellness Program is lead by and RD and with her support our organizations private insurance allows unlimited visits with the RD without co-pays. We already have state Medicaid coverage which as you all know is reimbursed at much lower rate than private insurance.

The Academy's partnership with the Alliance for a Healthier Generation's is one more example of the benefits of all of us working together to eliminate the childhood obesity crisis.

Sincerely,

Marcia Kyle, RDN, LD, CDE

Subject: Exciting news for the Healthier Generation Benefit

The 2013 special edition of the Journal of Obesity, *Childhood Obesity: Today and Tomorrow's Health Challenge* contains an article on the Alliance for a Healthier Generation's Healthier Generation Benefit. The article reports on the 2010-11 evaluation of the benefit with the findings indicating that the benefit was successful in expanding health care coverage for obesity services. As a partner in this program, the Academy is highlighted throughout the article. It is the first of several articles planned for publication. According to Victoria Brown, Vice President for the Alliance for a Healthier Generation and co-author of the article, "We are excited about the results of the report and look forward to exploring ways to improve this innovative approach to health care delivery. The efforts of everyone involved confirm that a team-based approach among physicians, dietitians, providers, healthcare organizations, and families is required to eliminate the childhood obesity crisis."

Attached is a press release from Emory University (the program evaluators) covering the article, as well as a copy of the article itself. Please share with your team and encourage them to share with their committees and other groups as appropriate. My team will be posting the article on the website and sharing an announcement through the Board of Directors, *Eat Right Weekly*, our on-line communities, and the DPG/Affiliates Administrative Bulletin.

The Academy of Nutrition and Dietetics, the Academy of Pediatrics and the Alliance for a Healthier Generation have partnered since 2009 in the fight against childhood obesity. The Healthier Generation Benefit provides at least four follow-up visits with a primary care provider and at least four visits with a registered dietitian per year for children with a BMI in the 85th percentile or higher.

Thank you,

Marsha

Attachment:

Donna,

As it looks right now, May 23rd will be the optimum date for the “orientation” of the new FAC. Unfortunately, this isn’t one of your choices. I don’t remember, but, Mary may not have made it last year. So, you may not need to attend. Given everyone’s schedule that week (I forgot it was a holiday weekend), it would be understandable. I intend, more than anything else, to go through the financial package. So, unless you think there is a need for more, let me know. I want them to be able to understand, in a slower paced environment, the financial information.

Also, if there is something you may want to add, let me know.

Sonja can’t make it on the 23rd. So, I will talk to her to see if we can do something for her. Kathy McClusky doesn’t need the orientation. Neither or course does Robin. So, let me know your thoughts. It will be at 1 p.m. CDT on May 23rd.

Paul

2423. Board orientation Q&A

From: Paul Mifsud <PMifsud@eatright.org>
To: DMartin@Burke.k12.ga.us <DMartin@Burke.k12.ga.us>
Sent Date: May 13, 2013 10:08:48
Subject: Board orientation Q&A
Attachment: [2013 Board orientation for Donna 513.ppt](#)

Donna,

I made adjustments to the Q&A. I also added a couple of pages for roles and responsibilities (pages 15 and 16). Page 15 is “tongue in cheek”. Page 16 is a short summary of what they should be. They both add value. However, I can get eliminate one or the other. Just let me know.

Paul

2424. Reminder!! Webinar TOMORROW: "School Nutrition and the Great Sweetener Debate"

From: School Nutrition Services Dietetic Practice Group <snsdpg42@gmail.com>
To: dmartin@burke.k12.ga.us
Sent Date: May 13, 2013 08:24:40

Attachment:

Reminder to join us TOMORROW, Tuesday, May 14!

School Nutrition Services (SNS) Dietetic Practice Group invites you to attend a webinar titled "School Nutrition and the Great Sweetener Debate".

This session will be hosted Tuesday May 14, 2013 at 3:00 PM Eastern; 2:00 PM Central; 1:00 PM Mountain; 12:00 PM Pacific

Join us as Neva Cochran, MS, RD, LD discusses the importance of sorting through the hype around sweeteners in schools and making solid, nutritional decisions for our school-aged children. Ms. Cochran's presentation is sponsored by the Corn Refiners Association.

Webinar will start on the hour. Members can call in 15 minutes before the start of the presentation. If asked for a password, the webinar password is SNSDPG.

Credit: 1 unit of CPE has been requested for those who view the live webinar. Webinar will be recorded for later viewing at www.snsdpg.org.

Webinar is free of charge to SNS DPG members.

Topic: **School Nutrition and the Great Sweetener Debate**
Date: Tuesday, May 14, 2013
Time: 3:00 pm EDT/2:00 pm CDT/1:00 pm MDT/12:00 pm PDT

To register for this meeting

-
1. Go to <https://eatright.webex.com/eatright/j.php?ED=207258867&RG=1&UID=0&RT=MiM3>
 2. Register for the meeting.

Once the host approves your request, you will receive a confirmation email with instructions for joining the meeting.

To view in other time zones or languages, please click the link:

Subject: Finance and Audit Committee Orientation

All,

First off, I want to welcome all of you to the Finance and Audit Committee. Your role is very important to the future success of the Academy. I had the pleasure of working with many of you in the past. I welcome you back!! Those of you who I don't know, I look forward to getting to know you better. I am always excited about the passion and knowledge of each Finance and Audit Committee and I am sure this one will continue the trend.

The Finance and Audit Committee always hits the floor running. So, to make your first meeting as productive as possible, I would like to suggest an orientation. For those of you with experience on this committee, it may not be necessary to attend. However, it may be a nice refresher. The goal of the orientation is to address roles, responsibilities and the information you will receive from staff on a monthly basis. I am proposing the following dates for a 90 minute orientation;

1. May 22nd at 1 p.m. CDT
2. May 23rd at 1 p.m. CDT
3. May 24th at 9 a.m. CDT
4. May 28th at 1 p.m. CDT

If you would provide to me your first, second and third choice by Tuesday, May 7th, we will set up the webinar. Also, we would like each of you to provide to me a small biography that the committee can use. I am attaching the current Foundation Board biographies as an example. Since some of you are on this one, you don't have to provide a new one. Once I have the biographies, and new pictures if you like, I will send it out to the committee as well.

I look forward to working with all of you. If you have any questions, please don't hesitate to give me a call at 800-877-1600, extension 4730 or send me an e-mail.

Paul Mifsud

Subject: Good News

In April 2013, I attended the Commission on Dietetic Registration's Finance Committee meeting to present highlights of the Academy's accomplishments for FY 2013. I wanted to share with them how their non-member rebate was used last year and to ask for a rebate commitment of \$973,600 for FY 2014. I'm pleased to report that CDR approved the full amount and expressed appreciation on how their funds contributed to advancing the profession. Attached is the written communication shared with them, which primarily focuses on our new role of sitting at the table where food, nutrition and dietetics initiatives are being addressed. I hope you have a chance to read it because it is a testament to the progress we have made with many strategic initiatives throughout the organization.

And finally, some more good news -- this week we learned student membership is at a historic market share of 83.3 percent!

Wishing you a Happy Mother's Day from the Mothership!

Subject: Finance and Audit Committee Orientation

All,

First off, I want to welcome all of you to the Finance and Audit Committee. Your role is very important to the future success of the Academy. I had the pleasure of working with many of you in the past. I welcome you back!! Those of you who I don't know, I look forward to getting to know you better. I am always excited about the passion and knowledge of each Finance and Audit Committee and I am sure this one will continue the trend.

The Finance and Audit Committee always hits the floor running. So, to make your first meeting as productive as possible, I would like to suggest an orientation. For those of you with experience on this committee, it may not be necessary to attend. However, it may be a nice refresher. The goal of the orientation is to address roles, responsibilities and the information you will receive from staff on a monthly basis. I am proposing the following dates for a 90 minute orientation;

1. May 22nd at 1 p.m. CDT
2. May 23rd at 1 p.m. CDT

3. May 24th at 9 a.m. CDT
4. May 28th at 1 p.m. CDT

If you would provide to me your first, second and third choice by Tuesday, May 7th, we will set up the webinar. Also, we would like each of you to provide to me a small biography that the committee can use. I am attaching the current Foundation Board biographies as an example. Since some of you are on this one, you don't have to provide a new one. Once I have the biographies, and new pictures if you like, I will send it out to the committee as well.

I look forward to working with all of you. If you have any questions, please don't hesitate to give me a call at 800-877-1600, extension 4730 or send me an e-mail.

Paul Mifsud

Chief Financial Officer

Academy of Nutrition and Dietetics.

This is really cool! Yes, I do recall the discussions about being at the beginning of the alphabet!
Now we can see how this truly paid off. (And so fun to see our CEO's name listed first amongst
the signatures for this important issue;)

Warmest regards,

Becky

Wow! And the good news just keeps on coming! This report is a very impressive summary of all of the efforts this past year. It's amazing to look back and see what the Academy has accomplished! Thank you all for your continued leadership – thanks especially to Pat and your amazing executive team. It's been another incredible year!

Warmest regards,

Becky

Subject: Good News

In April 2013, I attended the Commission on Dietetic Registration's Finance Committee meeting to present highlights of the Academy's accomplishments for FY 2013. I wanted to share with them how their non-member rebate was used last year and to ask for a rebate commitment of \$973,600 for FY 2014. I'm pleased to report that CDR approved the full amount and expressed appreciation on how their funds contributed to advancing the profession. Attached is the written communication shared with them, which primarily focuses on our new role of sitting at the table where food, nutrition and dietetics initiatives are being addressed. I hope you have a chance to read it because it is a testament to the progress we have made with many strategic initiatives throughout the organization.

And finally, some more good news -- this week we learned student membership is at a historic market share of 83.3 percent!

Wishing you a Happy Mother's Day from the Mothership!

An enormous thank you, Diane! As probably all of us have pondered this special day for our mothers and also our own roles as mothers, we are brought back to the realities of how much of who we are is gifted to us in the way we were mothered ourselves.

Enjoy the memories, celebrate the day, and reflect on future. We have much to give not only to our children and grandchildren, but those around us.

Margaret

Subject: Thank You

Thanks go to Diane Heller for her very generous gift of \$50,000 to the Foundation in memory of her mother, Harriet Weitzenfeld. This thoughtful gift is greatly appreciated and will help us continue to move the mission forward.

Thank you, Diane!

An enormous thank you, Diane! As probably all of us have pondered this special day for our mothers and also our own roles as mothers, we are brought back to the realities of how much of who we are is gifted to us in the way we were mothered ourselves.

Enjoy the memories, celebrate the day, and reflect on future. We have much to give not only to our children and grandchildren, but those around us.

Diane,

Thank you so much for honoring your mother this way.
It is a wonderful legacy for her and will have an impact for years to come.
Your generosity is very much appreciated.

Great to have you on HLT too!
I'm looking forward to working with you.
See you next week.

Thank you Diane,

Your generosity is the most wonderful tribute to your Mom. She would be so proud of you and the wonderful work you are doing through the Foundation, and now (again) through the work of the HOD. And you should be proud too, with all you do for KER and food and nutrition security for kids. We are just so delighted to have you on HLT;)

Happy Mother's Day!

Subject: FNCE Travel and Registration Information
Attachment: [image002.jpg](#)

The 2013 Food & Nutrition Conference & Expo will be held October 19-22 in Houston, Texas, preceded by the House of Delegates meeting October 18-19. The Board meeting will follow FNCE on Wednesday, October 23 from 7:30am – 2:00pm. The Executive Office staff will make your hotel reservations at the Hilton Americas-Houston hotel for arrival on Thursday, October 17 and departure on Wednesday, October 23. For members of the House Leadership Team, we will make your hotel reservations for arrival on Wednesday, October 16. If your arrival and departure dates are otherwise, please notify me. Your hotel room will be master-billed; you will be asked to pay for incidentals.

Complimentary FNCE registration opens **Friday, June 14, 2013**. Registration instructions follow.

Completing your registration online – click on this link: www.eatright.org/fnce

- 1) Click on the “For Attendees” tab.
- 2) Select the Registration link.
- 3) In the New Registration section on the left side, enter the registration code “**houston13**” under your name and complete the required registration information.

You are now authorized to make your travel arrangements for FNCE. Please book your flight in May since we understand in June there will be a substantial jump in price for the airfares. Although the Academy offers online booking through our travel service please feel free to make arrangements on your own, should you find lower fares; you will be fully reimbursed for your travel expenses. Booking instructions using the Academy travel service follows.

Booking your travel online - click on this link: <https://adatvl.axo20.com/>

- 1) Log in to your account using the User ID and Password you created when setting up your profile.
- 2) Search for and select your flights (book “non-refundable” fares only)
 - a. You have the option of searching by “Price” or “Schedule”.
 - b. Click on your preferred airline if you only want to view their fares.
- 3) When asked to “Name your trip”, you are required to enter the Meeting Name –**FNCE**
- 4) When you reach the **Purchase Trip** page, enter **1032430** into the **Approval Code** box in the **Reporting Information** section.
- 5) When you reach the Payment Options section, be sure to choose the “**Use a Stored Card**” option to ensure your Academy paid travel is billed correctly.
- 6) If you need assistance, call the support team at 800/238-9049, press “1” when prompted.

Thank you!

Joan

Please let's reschedule. I have been out of the office for two days and am really behind. I am going to be on vacation Thursday and Friday so that would work for me. Anytime Friday would be best. You decide!

Donna S. Martin, EdS, RD, LD, SNS

Donna,

I have you on my calendar for 1 p.m. EDT today. I can't remember why, except to address the Board orientation. Can we reschedule to tomorrow or Friday? I was unable to work yesterday and don't have anything for you yet.

Paul

Get the VIP Treatment You Deserve at FNCE

For the first time ever the Academys Political Action Committee (ANDPAC) will be offering its top donors VIP treatment during FNCE. Perks include a VIP lounge complete with wine, cheese and snacks; a private meet and greet with a member of Congress; preferred seating at special events and much more!

To become a top donor a member must contribute \$250 or more to ANDPAC within the year thats less than \$5 per week!

Make New Friends, But Keep the Old

Last year ANDPAC supported nearly 50 federal campaigns and pro-nutrition candidates in the 112th Congress. This year ANDPAC is already off to the races supporting 17 Congressional campaigns from both political parties and members from both the House and Senate.

Having our voice heard through our friends in Congress is vital to the success of our profession. We could not have done it without your generous donations and continued commitment to dietetics and nutrition.

But we still have more work to do! If you want to support your profession, consider donating to *your* political action committee, ANDAPC.

ANDPAC Hits the Affiliate and DPG Circuit Are You Ready?

ANDPAC has hit the road, presenting at affiliate and DPG meetings and speaking to members about the important role policy plays in dietetics all across the country.

Affiliate and DPG leaders are finding creative ways to encourage other members to donate to support the Academys nutrition policy efforts. Raffling off prizes, meeting with members of Congress and listening to inspirational speeches are just a few ways members are being engaged in ANDPAC activities.

Thank you to the Illinois, Missouri, Iowa, Nebraska, Kansas and Louisiana Affiliates and the Weight Management DPG for supporting ANDPAC.

ANDPAC is coming to a meeting near you. *What will you give?*

Like Us, Tweet Us, Follow Us

To read the latest on nutrition policy and ANDPAC, follow us on twitter @EatRightPIA and like us on Facebook at Facebook.com/eatrightANDPAC.

To read tweets from PPW 2013 check out #PPWorkshop.

ANDPAC Challenge: Become a Star State!

ANDPAC wants to sponsor YOU to meet with your member of Congress at a local fundraising event in your state.

Every year members of Congress hold local fundraisers, providing constituents the opportunity to speak with their representatives. ANDPAC proudly highlights the star state affiliates who attended an event in 2012 to speak with Congressional candidates about nutrition and dietetics (see map above).

In 2013 we want to see more star states! If you are interested in meeting your representative, download the ANDPAC fundraising form.

ANDPAC Brings Four Inspirational Congressional Members to PPW 2013

ANDPAC contributed greatly to the Academys Public Policy Workshop (PPW) by bringing four members of Congress to speak to attendees about hunger, obesity and health care.

First up was Senator Heidi Heitkamp (N.D.) who gave a riveting speech on the contrast of hunger and obesity as they relate to health issues. She emphasized the importance of nutrition as the vanguard of the next great public health outcome, with the first step being education targeted specifically to members of Congress.

That evening at the ANDPAC Signature Event Maryland Representative, Elijah Cummings, addressed over 100 generous ANDPAC donors. Rep. Cummings spoke emotionally about the RD's role in changing our nations health by using efficient, effective communication. He concluded by encouraging attendees to push for policies that keep our people healthy.

On the final day the President of the Academy of Nutrition and Dietetics, Ethan Bergman PhD, RD, CD, FADA, presented Massachusetts Representative Jim McGovern with the 2013 Public Policy Leadership Award for his relentless fight against hunger in America. Every month Rep. McGovern stands before Congress and urges them to put into words and action a plan to fight hunger. Mr. McGovern recognizes the importance of nutrition in America.

Lastly, Iowa State Representative Bruce Braley, whose daughter is an RD, spoke on moving from

health care delivery systems to systems that reward for patient outcomes. Rep. Braley stated, "It is best to invest in prevention and wellness than treating sick people.

PPW attendees were moved by these members of Congress as evidenced by their accumulative donations of nearly \$21,000. Generous donations to ANDPAC help the Academy and its members forge relationships with members of Congress who influence health, food and nutrition policy.

Great catch, Donna. Thinking about informing the Nom Com and how the transition will play out occupied my shower time this AM--but I did not have the sense to create a spreadsheet! It seemed to me that we'd need to have a treasurer-elect every year, just as we have a president-elect and speaker-elect every year. Maybe I'm crazy.....

Mary,

I am sharing with you an FAC composition and treasurer tenure proposal. Donna, Ethan and Glenna support appointing you as immediate past treasurer effective June 1 who sits both on the FAC and the Board. I spoke with Donna and she concurs with the above as well as changing the treasurer term to one year (one year as treasurer-elect, one year as treasurer and one year as immediate past treasurer.) Please let me know if you have any questions or concerns.

Subject: Speaker Message 42: Spring Meeting Motion Review, Evaluations and Fall HOD Dates

From: Becky Dorner, RD, Speaker, 2012-2013

Importance:

High

HOD Core Function:

Information Systems/Communications

Professional Leadership

What You Need to Know:

- Meeting Materials-
- 1. Motion for Review
- 2. Dates for Motion Reviews, Deliberation and Voting
- Spring 2013 Virtual Meeting Evaluation and 2012-2013 Delegate Self Evaluation
- HOD Fall 2013 Meeting Dates

What You Need to Do:

- Review motion and provide comments or questions to the House Leadership Team via the HOD Communications Platform until Friday, May 10 at 12:00 pm CDT.
- Complete evaluations by Friday, May 24.
- Review dates for Fall 2013 meeting and begin to schedule travel and hotel

Review Motion #1: Food and Nutrition Insecurity

This period is considered the review phase of conducting business electronically (HOD Manual G.4 PDF). The motion and reference materials are provided to assist your review. A discussion has been set-up for delegate comments and questions on the HOD Communications Platform (HOD Communications Platform (<http://hod.webauthor.com>) >Communities >Discussions>Post-Meeting Business). Discussions are to clarify and allow the entire House of Delegates to review the motion.

Spring HOD Meeting – HOD Proposal for Food and Nutrition Insecurity

- Motion #1 (HOD Electronic Motion #1 May 6, 2013)
- Reference Material
- Workbook Food and Nutrition Insecurity Consolidation ALL Tables *-please note, this consolidation is in DRAFT form. A final workbook will be made available in next week's Speaker Message and on the HOD webpage for ALL members to view.*

Next Steps

The Date for Motion Review, Amendment, Deliberation and Voting (Motion Review, Amendment, Deliberation and Voting) was disseminated and reviewed during the Spring 2013 HOD Meeting. All phases end at noon (Central) on the last day listed. Please make a note of all dates.

Review Phase: May 8 – 10

Revision Phase: May 15 -17

Deliberation Phase: May 20 - 22

Voting: May 23 – 31 (voting will be open until 4:00 pm CT)

Important Reminders

Participation in the revision, deliberation and voting phases is the responsibility of each delegate. Please plan to participate in the activities from now through May 31. If you are unable to participate in the voting phase, please identify a “proxy delegate” to participate on your behalf as soon as possible by contacting hod@eatright.org.

Thank You for a GREAT Meeting!

Thanks again for a great Spring 2013 HOD Virtual Meeting. We understand there were frustrations with the technical glitches, however, almost all attendees stayed on the meeting the entire time and as you can see from the consolidations, the dialogue sessions were extremely productive. We truly appreciate your dedication and your passion for the work of the HOD. Because of your devotion, our outcomes were positive and we will move forward with renewed energy to achieve our goals.

Please complete the Spring 2013 HOD Virtual Meeting evaluation, along with the 2012-2013 Delegate Self-evaluation by May 24, 2013.

HOD Fall 2013 Meeting Dates:

The Fall 2013 House of Delegates Meeting will take place beginning with the HOUSEwarming party on **Thursday, October 17** and the meeting convening **Friday, October 18** and **Saturday, October 19** in Houston, TX. Further details will be posted to www.eatright.org/hod. Please note, there will be a New Delegate Orientation, DPG Best Practices session, and Table Facilitator Training early afternoon on Thursday, October 17th for delegates who would like to attend-please schedule your travel appropriately if you plan to attend any of these sessions. Please contact HOD staff at hod@eatright.org if you would like to learn more about any of the Thursday sessions.

On May 8, 2013, at 10:34 AM, "Joan Schwaba <JSchwaba@eatright.org>" <JSchwaba@eatright.org> wrote:

Thank you for your prompt reply to the Doodle Poll to determine the time for the CEO compensation call. Please mark your calendars for **Monday, May 13, 2013 at 10:00 am PT/ 11:00 am MT/ 12:00 pm CT/ 1:00 pm ET** for the call. The dial-in numbers for the teleconference are listed below.

Dial-In Number – 866/477-4564

Participant Code – 75 48 12 89 82

Host Code - 2422

Ethan, to assure the confidentiality of the call, are you comfortable opening the teleconference line by following the prompts and entering the host code? I can begin the teleconference but I'd need to leave my phone line open for the duration of the call in order not to disconnect the group.

Hi All,

I just completed my doodle and if I am reading it correctly it looks like 10 am PT on Monday is our time. Is that correct Joan? Joan will send us information about how to access the call.

Here is the access information for the CEO survey monkey data so you can take a look at the compiled results.

The username and password to the account follow.

Sent Date: May 08, 2013 13:48:16
Subject: Re: Fwd: REVIEW NEEDED: Proof of July PPN article
Attachment: [TEXT.htm](#)

Mary Pat, I think you did a great job on my part of the article, actually on the whole article. The only thing I would change, on my part, is that they have lifted the requirement that we have to do an educational component in order to serve supper to the athletes. I worked very hard to get that clarified in Georgia because I knew that USDA said we did not have to provide an educational component. This has resulted in more athletic programs participating in the supper program. Other than that, it is good to go! Thanks for doing this for all the food insecure adults and children out there!!

Hello!

Thank you all for your wonderful efforts on food insecurity. I wanted to share the piece as it is in the final stages. I realize you are not the authors but want to make sure you saw the piece about your work.

I have answered most of the questions and corrected Kim's name. If there are any questions related to your part, can you forward the information?

Jason's timeline is tight so hopefully it works for you.

This is a tribute to your work, thank you!

-Mary Pat

Attachment: [image001.jpg](#)
[image002.jpg](#)

Thank you for your prompt reply to the Doodle Poll to determine the time for the CEO compensation call. Please mark your calendars for **Monday, May 13, 2013 at 10:00 am PT/ 11:00 am MT/ 12:00 pm CT/ 1:00 pm ET** for the call. The dial-in numbers for the teleconference are listed below.

Dial-In Number – 866/477-4564

Participant Code – 75 48 12 89 82

Host Code - 2422

Ethan, to assure the confidentiality of the call, are you comfortable opening the teleconference line by following the prompts and entering the host code? I can begin the teleconference but I'd need to leave my phone line open for the duration of the call in order not to disconnect the group.

Hi All,

I just completed my doodle and if I am reading it correctly it looks like 10 am PT on Monday is our time. Is that correct Joan? Joan will send us information about how to access the call.

Here is the access information for the CEO survey monkey data so you can take a look at the compiled results.

The username and password to the account follow.

Attachment: [image002.jpg](#)

The agenda and the majority of corresponding attachments for the May 16-17 Board meeting are now available on the Board of Directors' communication platform. Legislative and Public Policy Committee (1.7g), Program of Work (3.0), FY 2014 Budget (11.2), and Treasurer Term (15.0) agenda items will be posted by Wednesday. Paper packets will be delivered via UPS on Friday, May 10 to those Board members who requested one. Executive session materials will be provided at the registration desk when you arrive at the Hotel Burnham; they will be hand delivered to those of you meeting at headquarters for orientation.

Please login to the communications platform using the link <http://academybod.webauthor.com> and enter your Academy website username and password. The agenda and attachments are located under the *Library* tab, 2013 Board Meetings, May 16-17 Board Meeting.

We welcome President-elect Sonja Connor and Foundation Chair Kathy McClusky to the meeting! We have a number of guests who will be joining us: Annalynn Skipper, PhD, RD, FADA, chair of

the Commission on Dietetic Registration, and Dick Rogers of Readex will present CDR major programmatic updates; Marla Bobowick, MBA, CNM, Senior Governance Consultant for BoardSource, will lead a discussion on this year's Board self-assessment results; and Margaret Dittloff, MS, RD, chair of the Nutrition Informatics Committee, will present a committee update via telephone.

Hotel reservations have been made for you at the Hotel Burnham, One West Washington Street, for arrival on May 14 for those attending the orientation, and arrival on May 15 for the others, unless you requested otherwise. Your hotel room will be master-billed, but you will be asked to pay for incidentals.

The Board celebration dinner for current and incoming Board members and staff attending the meeting is scheduled for Thursday evening, May 16 at Sunda Restaurant, 110 West Illinois Street. Please let Joan know if you will bring a guest. We will begin with a special wine tasting demonstration led by Trisha's daughter, Christy Fuhrman, a certified sommelier. The attire for the meeting, including dinner, is business casual.

I look forward to seeing you!

Best regards,

Pat

Subject: May 14-15 Orientation
Attachment: [image002.jpg](#)
[Agenda BOD Orientation 2013.doc](#)

We look forward to seeing you at the orientation for incoming Academy and Foundation Board members on May 14-15 at Academy headquarters, 120 South Riverside, Suite 2000, Chicago, IL, 60606. The orientation begins with lunch at 12:00 pm on Tuesday, May 14 and adjourns at 5:30 pm on Wednesday, May 15. A group dinner is planned for Tuesday at 6:30 pm.

The orientation agenda is attached; a handbook will be provided to you on-site. We did not provide it to you ahead of time since it is a resource that supplements the verbal presentations during the orientation. Together, the presentations and the handbook offer information on the Academy's strategic direction, the Board's roles and responsibilities, and our current programs and services. You will also receive the handbook on a flash drive so you can take it with you for reference whenever needed.

See you next week!

Hello!

Thank you all for your wonderful efforts on food insecurity. I wanted to share the piece as it is in the final stages. I realize you are not the authors but want to make sure you saw the piece about your work.

I have answered most of the questions and corrected Kim's name. If there are any questions related to your part, can you forward the information?

Jason's timeline is tight so hopefully it works for you.

This is a tribute to your work, thank you!

-Mary Pat

Hi Mary Pat,

Attached is the proof of your PPN scheduled for the July print issue. Can you please review the proof, answer the 7 author queries on page 1 of the PDF, and let me know if you have any additional corrections by 10 AM CT this Thursday, May 9?

Please let me know if you have any questions.

Thanks,

Jason Switt

2484. Join Us for a Webinar: "Opportunities in Nutrition Education & Wellness"

From: School Nutrition Services Dietetic Practice Group <snsdpg42@gmail.com>
To: dmartin@burke.k12.ga.us
Sent Date: May 06, 2013 16:11:32
Subject: Join Us for a Webinar: "Opportunities in Nutrition Education & Wellness"
Attachment:

School Nutrition Services (SNS) Dietetic Practice Group invites you to attend a dietetic student focused webinar:
Careers in School Nutrition: Opportunities in Nutrition Education and Wellness

This session will be hosted **Monday, May 20, 2013 at 8:00 PM Eastern**; 7:00 PM Central; 6:00 PM Mountain; 5:00 PM Pacific

Career opportunities in school nutrition services cover many different areas of expertise. Some dietitians work in positions focusing in large part, or entirely, on nutrition education or wellness. School districts are required to have local school wellness policies covering nutrition standards for foods and beverages served in schools, physical activity, and nutrition education. Dietitians work on school nutrition education or wellness activities at the local, state, or national level. Three experts will share their career experiences, followed by questions and answers.

Objectives:

- Learn about nutrition education and wellness opportunities in school nutrition services
- Identify skills needed for these opportunities

Speakers:

Dayle Hayes, MS, RD

President, Nutrition for the Future, Inc.

Billings, Montana

Twyla Leigh, RD, LDN, MBA, SNS

Nutrition and Planning Supervisor, Collier County School District

Naples, Florida

Angela McCormick, MS, RD, LD

Nutritionist, Alabama State Department of Education

Montgomery, Alabama

The webinar will start on the hour. Participants can call in 15 minutes before the start of the presentation. If asked for a password, the webinar password is SNSDPG.

Webinar is free of charge to all those who register.

To register for this meeting

1. Go to <https://eatright.webex.com/eatright/j.php?ED=207991172&RG=1&UID=0&RT=MiM3>
2. Register for the meeting.

Once the host approves your request, you will receive a confirmation email with instructions for joining the meeting.

Note: If you already registered for this meeting, you do not need to register again.

To view in other time zones or languages, please click the link:

<https://eatright.webex.com/eatright/j.php?ED=207991172&RG=1&UID=0&ORT=MiM3>

For assistance

1. Go to <https://eatright.webex.com/eatright/mc>
2. On the left navigation bar, click "Support".

You can contact me at:

ddgoldsmith.icia@gmail.com

The playback of UCF (Universal Communications Format) rich media files requires appropriate

players. To view this type of rich media files in the meeting, please check whether you have the players installed on your computer by going to <https://eatright.webex.com/eatright/systemdiagnosis.php>.

Date: May 4, 2013

To: House of Delegates

From: HOD Leadership Team

Subject: Overview of Today and Day 1 Summary of Dialogue Session

Thank you to all the delegates that stayed with us today during the technical glitches that occurred. As always, we are fast, fluid, flexible and fun! Despite a few technical difficulties, you were energetic, passionate and positive. Thank you for your patience as we worked through the kinks. You didn't let it slow you down! We have evaluated the situation, worked out some issues, and have made the decision to use WebEx for the meeting tomorrow. We also have a back-up plan just in case.

Again, thank you for a wonderful meeting today-we hope you enjoyed your discussions with your virtual table and we look forward to another productive day tomorrow.

As a reminder, please join the webinar at **11:30 am CT tomorrow**. Even if you had a smooth day with no technical or audio issues, we want to make sure you have time to log on to the webinar and check your audio prior to the meeting getting underway.

We have a packed day tomorrow and the meeting will run a little longer than it did today. But for great reasons-we have two wonderful presentations tomorrow and will also witness the transfer of leadership at the end of the day.

As noted earlier, please use the Attendee Direct URL:

<https://eatrightevents.webex.com/eatrightevents/k2/j.php?ED=204095447&UID=39047148&HMAC=87021937ed0b9c3b5ef8fb698b4e2be1458393c6&RT=MiM3>

We will also keep the reconfigured tables working together for Sunday:

- New table 1 will combine delegates from old tables 1 and 2.
- New table 2 will combine delegates from old tables 3 and 4.
- New table 3 will combine from old tables 5 and 6.
- New table 4 will combine old tables 7 and 8.
- New table 5 will combine old tables 9 and 10.
- New table 6 will combine old tables 11 and 12

- New table 7 will combine old tables 13, 14 and 15.

Summary of the Day 1 Dialogue Session

“Food security is the linchpin of healthful living and must be achieved in the US to improve the health of its citizens and residents”—a quote from the Academy’s position paper on Food Insecurity in the US.

Today’s productive discussions were driven by your special knowledge of the food and nutrition insecurity status in your states and communities, and enlightened by the expertise and commitment each of you brings to this issue.

Some examples of Report out Tweets:

- Calories in, good nutrition @eatrightfights#foodinsecurity
- Solve cooking mystery #skillsforlife #bakeapotatoe #RDknowledge #foodsecure
- Don’t waste. Donate Food. #GoodSamaritanLaw

Ethical and social responsibility:

- As American leaders in nutrition and dietetics, our Code of Ethics gives us the ability to motivate and inspire others.
- It part of who we are.
- It is in the nature of our younger generation of members.

How do we as members inspire and motivate others to take action?

- Use personal stories to make the point.
- Repeat messages about the efforts to overcome food insecurity.
- Put forward actions that currently work and coordinate efforts with organizations that are successful in addressing hunger (i.e. Feeding America).
- We need to review and improve the factors that create food and nutrition insecurity such as food deserts.

- Communicate on the difficulty to create healthy meals within the limitations of SNAP Education—use RDs to assist in this effort.
- Use a list of available volunteer positions that members can use to participate in food and nutrition security activities.
- Providing an action plan with specific suggested actions. Consider different levels of involvement.
- Adopt a fun activity that addresses the problem.

Subject: Finance and Audit Committee Orientation
Attachment: [Board Bio DRAFT.pdf](#)

All,

First off, I want to welcome all of you to the Finance and Audit Committee. Your role is very important to the future success of the Academy. I had the pleasure of working with many of you in the past. I welcome you back!! Those of you who I don't know, I look forward to getting to know you better. I am always excited about the passion and knowledge of each Finance and Audit Committee and I am sure this one will continue the trend.

The Finance and Audit Committee always hits the floor running. So, to make your first meeting as productive as possible, I would like to suggest an orientation. For those of you with experience on this committee, it may not be necessary to attend. However, it may be a nice refresher. The goal of the orientation is to address roles, responsibilities and the information you will receive from staff on a monthly basis. I am proposing the following dates for a 90 minute orientation;

1. May 22nd at 1 p.m. CDT
2. May 23rd at 1 p.m. CDT
3. May 24th at 9 a.m. CDT
4. May 28th at 1 p.m. CDT

If you would provide to me your first, second and third choice by Tuesday, May 7th, we will set up the webinar. Also, we would like each of you to provide to me a small biography that the committee can use. I am attaching the current Foundation Board biographies as an example. Since some of you are on this one, you don't have to provide a new one. Once I have the biographies, and new pictures if you like, I will send it out to the committee as well.

I look forward to working with all of you. If you have any questions, please don't hesitate to give me a call at 800-877-1600, extension 4730 or send me an e-mail.

Paul Mifsud

Chief Financial Officer

Academy of Nutrition and Dietetics.

Hi Paul –

I will check with Mary to see if she will be in the office for orientation. Can you please send Donna the usual talking points as in the past years for the board orientation along with the agenda (attached) and materials? The presentation and attachment in the handbook is also attached. You are welcome to join the incoming Board for lunch on Wednesday.

Thanks,

Joan

Joan,

Donna and Mary have decided that Donna should provide the Board Orientation. Since the original presentation had Mary on the cover, I thought you might want to change it to Donna. Here is the changed presentation. If you just want to change the name on the one you have, feel free to do so.

This will be a valuable update on nutrition for hospital based practitioners. With the acuity level rising steadily, it's all too easy to focus on numbers rather than nutrition. I'm pleased that Abbott Nutrition, my prior employer, is collaborating with AND on this. ANHI has put together many excellent programs to keep nutrition top of mind among health care clinicians.

On May 2, 2013, at 10:07 AM, Patricia Babjak <PBABJAK@eatright.org> wrote:

Attached is a press release announcing the launch of the Alliance, sponsored by Abbott Nutrition Health Institute, representing more than 100,000 dietitians, nurses, hospitalists and other physicians and clinicians from across the nation. As mentioned at the Board meeting, the following

organizations have come together to champion for early nutrition screening, assessment and intervention in hospitals:

- Academy of Medical-Surgical Nurses (AMSN)
- Academy of Nutrition and Dietetics (Academy)
- American Society for Parenteral and Enteral Nutrition (A.S.P.E.N.)
- Society of Hospital Medicine (SHM)
- Abbott Nutrition

The Alliance will be launching a website at www.malnutrition.com to provide hospital-based clinicians with the following resources:

- Research and fact sheets about malnutrition and the positive impact nutrition intervention has on patient care and outcomes
- Alliance Nutrition Toolkit to facilitate clinician collaboration and nutrition integration
- Information about educational events, such as quick learning modules, Continuing Education and Continuing Medical Education programs
- Nutrition protocol examples used to address malnutrition
- Case studies from hospitals that implemented nutrition programs

The Alliance to Advance Patient Nutrition is an interdisciplinary partnership dedicated to raising awareness about malnutrition and championing for early nutrition screening, assessment and intervention in hospitals. Founded in 2013, the Alliance is comprised of leaders from the Academy of Medical-Surgical Nurses (AMSN), the Academy of Nutrition and Dietetics (Academy), the American Society for Parenteral and Enteral Nutrition (A.S.P.E.N.), the Society of Hospital Medicine (SHM) and Abbott Nutrition. Abbott's nutrition business has provided funding to the Alliance member organizations to support their involvement in advancing this important initiative.

Information will be shared with members in *Eat Right Weekly* the week of May 15.

Pat, In response to the question about the Past Treasurer being on the board and it possibly causing the board to be over the 18 number should not be an issue. The year that the Treasurer-elect would be on the board, the Past-Treasurer would be off the board. So basically, it would go like this:

2013 - 14 Treasurer and Past Treasurer (Donna and Mary)
2014 - 15 Treasurer and Treasurer - Elect (Donna and new elect)
2015 - 16 Treasurer and Past Treasurer (new elect and Donna)

Hope this helps for your deliberations.

Good question. The primary focus of the governance change was on past president. That was actually quite controversial because some presidents felt the term was too long and that they felt "burned out" after serving as president-elect and then as president. That decision was deliberated over a two year period. The immediate past speaker as you know was a recent change and came as a request from HLT. I think maybe the treasurer term never came up because the treasurer is first treasurer- elect for a year and then serves a two year term as treasurer.

I'll ask Harold if he has more information.

We're in luck this coming year because there is no treasurer- elect position so Mary could be an appointment to the Board without exceeding the 18 composition limit specified in the Bylaws. A Bylaws change would be required by the time the next treasurer - elect goes on the ballot. Adding an immediate past treasurer to FAC is the prerogative of the President, who would of course

inform the Board.

Pat, Ethan and Glenna, I have spent some time thinking about the role that I would think Mary Russell would play if we kept her on as Past Treasurer on the FAC and BOD. The justifications are as follows:

1. The committee is changing over dramatically. Only Robin Fellers and I will be remaining on the committee. Given this change-over and the potential for some "rocky" investment and economic environments, having an additional person with experience and knowledge of why decisions have been made would be beneficial to the Academy. It would help ensure continuity where necessary, historical perspective where appropriate and financial knowledge based on experience.
 2. 2. Work on the CEO compensation plan. This still needs to be "flushed-out" more to ensure that there is continuity and consistency as the Academy moves forward and it not be subject to the re-education and changing perspectives due to the changing leaders. I would like to have this plan formalized so it will be an easy to follow template in the future.
 3. 3. Work on identifying gaps in policies and procedures and updating them.
- I a I also support this position remaining on the BOD, but I know that this has financial ramifications that will have to be studied. Having the Treasurer-elect, Treasurer, and Past Treasurer on the Board is certainly in keeping with other positions such as Speaker and President. This decision will also impact the people running on the ballet for Treasurer-elect in the upcoming election. Please let me know if I can provide any more thought or guidance on this important decision.

Good question. The primary focus of the governance change was on past president. That was actually quite controversial because some presidents felt the term was too long and that they felt "burned out" after serving as president-elect and then as president. That decision was deliberated over a two year period. The immediate past speaker as you know was a recent change and came as a request from HLT. I think maybe the treasurer term never came up because the treasurer is first treasurer- elect for a year and then serves a two year term as treasurer.

I'll ask Harold if he has more information.

We're in luck this coming year because there is no treasurer- elect position so Mary could be an appointment to the Board without exceeding the 18 composition limit specified in the Bylaws. A Bylaws change would be required by the time the next treasurer - elect goes on the ballot. Adding an immediate past treasurer to FAC is the prerogative of the President, who would of course inform the Board.

Pat, Ethan and Glenna, I have spent some time thinking about the role that I would think Mary Russell would play if we kept her on as Past Treasurer on the FAC and BOD. The justifications are as follows:

1. The committee is changing over dramatically. Only Robin Fellers and I will be remaining on the committee. Given this change-over and the potential for some "rocky" investment and economic environments, having an additional person with experience and knowledge of why decisions have been made would be beneficial to the Academy. It would help ensure continuity where necessary, historical perspective where appropriate and financial knowledge based on experience.
 2. 2. Work on the CEO compensation plan. This still needs to be "flushed-out" more to ensure that there is continuity and consistency as the Academy moves forward and it not be subject to the re-education and changing perspectives due to the changing leaders. I would like to have this plan formalized so it will be an easy to follow template in the future.
 3. 3. Work on identifying gaps in policies and procedures and updating them.
- I a I also support this position remaining on the BOD, but I know that this has financial ramifications that will have to be studied. Having the Treasurer-elect, Treasurer, and Past Treasurer on the Board is certainly in keeping with other positions such as Speaker and President. This decision will also impact the people running on the ballet for Treasurer-elect in the upcoming election. Please let me know if I can provide any more thought or guidance on this important decision.

Attached is a press release announcing the launch of the Alliance, sponsored by Abbott Nutrition Health Institute, representing more than 100,000 dietitians, nurses, hospitalists and other physicians and clinicians from across the nation. As mentioned at the Board meeting, the following organizations have come together to champion for early nutrition screening, assessment and intervention in hospitals:

- Academy of Medical-Surgical Nurses (AMSN)
- Academy of Nutrition and Dietetics (Academy)
- American Society for Parenteral and Enteral Nutrition (A.S.P.E.N.)
- Society of Hospital Medicine (SHM)
- Abbott Nutrition

The Alliance will be launching a website at www.malnutrition.com to provide hospital-based clinicians with the following resources:

- Research and fact sheets about malnutrition and the positive impact nutrition intervention has on patient care and outcomes
- Alliance Nutrition Toolkit to facilitate clinician collaboration and nutrition integration
- Information about educational events, such as quick learning modules, Continuing Education and Continuing Medical Education programs
- Nutrition protocol examples used to address malnutrition

- Case studies from hospitals that implemented nutrition programs

The Alliance to Advance Patient Nutrition is an interdisciplinary partnership dedicated to raising awareness about malnutrition and championing for early nutrition screening, assessment and intervention in hospitals. Founded in 2013, the Alliance is comprised of leaders from the Academy of Medical-Surgical Nurses (AMSN), the Academy of Nutrition and Dietetics (Academy), the American Society for Parenteral and Enteral Nutrition (A.S.P.E.N.), the Society of Hospital Medicine (SHM) and Abbott Nutrition. Abbott's nutrition business has provided funding to the Alliance member organizations to support their involvement in advancing this important initiative.

Information will be shared with members in *Eat Right Weekly* the week of May 15.

Pat, Ethan and Glenna, I have spent some time thinking about the role that I would think Mary Russell would play if we kept her on as Past Treasurer on the FAC and BOD. The justifications are as follows:

1. The committee is changing over dramatically. Only Robin Fellers and I will be remaining on the committee. Given this change-over and the potential for some "rocky" investment and economic environments, having an additional person with experience and knowledge of why decisions have been made would be beneficial to the Academy. It would help ensure continuity where necessary, historical perspective where appropriate and financial knowledge based on experience.
 2. 2. Work on the CEO compensation plan. This still needs to be "flushed-out" more to ensure that there is continuity and consistency as the Academy moves forward and it not be subject to the re-education and changing perspectives due to the changing leaders. I would like to have this plan formalized so it will be an easy to follow template in the future.
 3. 3. Work on identifying gaps in policies and procedures and updating them.
- I also support this position remaining on the BOD, but I know that this has financial ramifications that will have to be studied. Having the Treasurer-elect, Treasurer, and Past Treasurer on the Board is certainly in keeping with other positions such as Speaker and President. This decision will also impact the people running on the ballot for Treasurer-elect in the

upcoming election. Please let me know if I can provide any more thought or guidance on this important decision.

Attached is a press release announcing the launch of the Alliance, sponsored by Abbott Nutrition Health Institute, representing more than 100,000 dietitians, nurses, hospitalists and other physicians and clinicians from across the nation. As mentioned at the Board meeting, the following organizations have come together to champion for early nutrition screening, assessment and intervention in hospitals:

- Academy of Medical-Surgical Nurses (AMSN)
- Academy of Nutrition and Dietetics (Academy)
- American Society for Parenteral and Enteral Nutrition (A.S.P.E.N.)
- Society of Hospital Medicine (SHM)

- Abbott Nutrition

The Alliance will be launching a website at www.malnutrition.com to provide hospital-based clinicians with the following resources:

- Research and fact sheets about malnutrition and the positive impact nutrition intervention has on patient care and outcomes
- Alliance Nutrition Toolkit to facilitate clinician collaboration and nutrition integration
- Information about educational events, such as quick learning modules, Continuing Education and Continuing Medical Education programs
- Nutrition protocol examples used to address malnutrition
- Case studies from hospitals that implemented nutrition programs

The Alliance to Advance Patient Nutrition is an interdisciplinary partnership dedicated to raising awareness about malnutrition and championing for early nutrition screening, assessment and intervention in hospitals. Founded in 2013, the Alliance is comprised of leaders from the Academy of Medical-Surgical Nurses (AMSN), the Academy of Nutrition and Dietetics (Academy), the American Society for Parenteral and Enteral Nutrition (A.S.P.E.N.), the Society of Hospital Medicine (SHM) and Abbott Nutrition. Abbott's nutrition business has provided funding to the Alliance member organizations to support their involvement in advancing this important initiative.

Information will be shared with members in *Eat Right Weekly* the week of May 15.

Best regards,

Pat

Good morning (or afternoon for some of you). Attached is an **updated** version of the FY2014 budget you approved yesterday. After a final review, we realized that the \$200,000 in releases for CDR Scholarship (and \$20,000 in administrative releases from this expense) was not initially included in the 2014 Budget. This is the only change to the budget, resulting in an increase to the deficit from \$113K to \$313K. These additional dollars are being released from temporarily restricted funds that were collected in FY2013 so the same rationale applies as discussed during yesterday's call. Please respond with one of the following choices:

☒ X Approve the attached revised budget as presented

☐ Oppose. Would like to set up another call to discuss.

Thanks!

Pat, Ethan and Glenna, I have spent some time thinking about the role that I would think Mary Russell would play if we kept her on as Past Treasurer on the FAC and BOD. The justifications are as follows:

1. The committee is changing over dramatically. Only Robin Fellers and I will be remaining on the committee. Given this change-over and the potential for some "rocky" investment and economic environments, having an additional person with experience and knowledge of why decisions have been made would be beneficial to the Academy. It would help ensure continuity where necessary, historical perspective where appropriate and financial knowledge based on experience.
 2. 2. Work on the CEO compensation plan. This still needs to be "flushed-out" more to ensure that there is continuity and consistency as the Academy moves forward and it not be subject to the re-education and changing perspectives due to the changing leaders. I would like to have this plan formalized so it will be an easy to follow template in the future.
 3. 3. Work on identifying gaps in policies and procedures and updating them.
- I a I also support this position remaining on the BOD, but I know that this has financial ramifications that will have to be studied. Having the Treasurer-elect, Treasurer, and Past Treasurer on the Board is certainly in keeping with other positions such as Speaker and President. This decision will also impact the people running on the ballot for Treasurer-elect in the upcoming election. Please let me know if I can provide any more thought or guidance on this important decision.

Donna,

As we discussed, here are some reasons for retaining Mary on the FAC for 2014.

1. The committee is changing over dramatically. Only Robin Fellers and you will be remaining. Given this change-over and the potential for some "rocky" investment and economic environments, having an additional person with experience and knowledge of why decisions have been made would be beneficial to the Academy. It would help ensure continuity where necessary, historical perspective where appropriate and financial knowledge based on experience.
2. Work on the CEO compensation plan. This still needs to be "flushed-out" more to ensure that there is continuity and consistency as the Academy moves forward and it not be subject to the re-education and changing perspectives due to the changing leaders.
3. Work on identifying gaps and updating policies (This will be small. We are planning on doing this year anyway).

From my perspective, item 1 is the most crucial. Having Mary to provide additional continuity and support may be needed as we move into FY14.

Paul

Pat, Ethan and Glenna, I have spent some time thinking about the role that I would think Mary Russell would play if we kept her on as Past Treasurer on the FAC and BOD. The justifications are as follows:

1. The committee is changing over dramatically. Only Robin Fellers and I will be remaining on the committee. Given this change-over and the potential for some "rocky" investment and economic environments, having an additional person with experience and knowledge of why decisions have been made would be beneficial to the Academy. It would help ensure continuity

where necessary, historical perspective where appropriate and financial knowledge based on experience.

2. 2. Work on the CEO compensation plan. This still needs to be "flushed-out" more to ensure that there is continuity and consistency as the Academy moves forward and it not be subject to the re-education and changing perspectives due to the changing leaders. I would like to have this plan formalized so it will be an easy to follow template in the future.
3. 3. Work on identifying gaps in policies and procedures and updating them.

I a I also support this position remaining on the BOD, but I know that this has financial ramifications that will have to be studied. Having the Treasurer-elect, Treasurer, and Past Treasurer on the Board is certainly in keeping with other positions such as Speaker and President. This decision will also impact the people running on the ballet for Treasurer-elect in the upcoming election. Please let me know if I can provide any more thought or guidance on this important decision.

Sunday, May 5th, 2013

Attendee Direct URL:

<https://eatrightevents.webex.com/eatrightevents/k2/j.php?ED=204095447&UID=39047148&HMAC=87021937ed0b9c3b5ef8fb698b4e2be1458393c6&RT=MiM3>

WebEx Support is available during the entire meeting if you need additional assistance:
1.866.229.3239

Computer Set-up and Using WebEx

The attached document provides information to check and make sure your computer is set-up properly for the virtual meeting. If you need further assistance, please contact HOD staff at hod@eatright.org and they will put you in touch with the Academy IT department for technical questions.

Telephone Fees

We understand that many of you will be using cell phones/smart phones for the meeting. If you have the option to use a land-line please do so as this will enhance your audio and minimize the risk of being disconnected. However, if you have to use a cell phone and you incur costs secondary to using all of your minutes for the month, the Academy is prepared to provide a reimbursement up to \$50. A receipt from your phone provider will need to be provided with indication that overage fees were incurred for the time the meeting was held. This can be submitted to HOD staff at hod@eatright.org.

Participant Training

A recorded training session is available for you to view to refresh your memory from the participant training sessions. If you did not participate in a live training session, please review the recording and contact HOD staff at hod@eatright.org immediately if you have any questions or concerns.

A WebEx/Intercall Tip Sheet is also provided for reference prior to and during the meeting for troubleshooting items such as audio. WebEx Support is available during the entire meeting if you need additional assistance: 1.866.229.3239

Open Sessions

If you would still like additional training, time to practice logging into the webinar, or if you would like to speak with IT staff regarding your computer session, there will be two open sessions available on Thursday, May 2 and Friday, May 3. The times of the sessions (both days) are:

10:00 am -12:00 pm CT

2:00 pm -4:00 pm CT

You do not have to join right at the beginning of the session-you can join when it is convenient for you. Please simply contact Charlene Rice at crice@eatright.org to indicate what day/time you would like to join and she can provide you with the webinar link(s).

Materials to Review:

- Meeting Agenda
- Backgrounder
- Design Plans Design Plans are created for the dialogue sessions for each day. General design plans that include the time a dialogue session occur, and what the discussion question(s) is will be made available next week for your reference. These will be helpful if you get disconnected from audio or internet, need to take a quick break (in addition to those breaks already scheduled for the day), or would like simply like a reference.
- Member Feedback Obtained from the Survey Monkey-feedback was distributed to delegates this week for your review. There will be time allotted during the actual virtual meeting in May to share your members' feedback.
- Conflict of Interest Policy –Please complete the conflict of interest policy if you have any new disclosures or potential disclosures to provide. Please send to HOD staff at hod@eatright.org
-

2516. Mary's Role as Past Treasurer

From: Donna Martin <dmartin@burke.k12.ga.us>
To: Ethan Bergman <BergmanE@cwu.edu>, Pat Babjak <pbabjak@eatright.org>, Glenna McCollum <glenna@glennamccollum.com>
Cc: Paul Mifsud <pmif96@ameritech.net>
Hidden recipients: Mary Russell <pearl02@outlook.com>
Sent Date: May 02, 2013 10:55:27
Subject: Mary's Role as Past Treasurer
Attachment: [TEXT.htm](#)

Pat, Ethan and Glenna, I have spent some time thinking about the role that I would think Mary Russell would play if we kept her on as Past Treasurer on the FAC and BOD. The justifications are as follows:

1. The committee is changing over dramatically. Only Robin Fellers and I will be remaining on the committee. Given this change-over and the potential for some "rocky" investment and economic environments, having an additional person with experience and knowledge of why decisions have been made would be beneficial to the Academy. It would help ensure continuity where necessary, historical perspective where appropriate and financial knowledge based on experience.
 2. 2. Work on the CEO compensation plan. This still needs to be "flushed-out" more to ensure that there is continuity and consistency as the Academy moves forward and it not be subject to the re-education and changing perspectives due to the changing leaders. I would like to have this plan formalized so it will be an easy to follow template in the future.
 3. 3. Work on identifying gaps in policies and procedures and updating them.
- I also support this position remaining on the BOD, but I know that this has financial ramifications that will have to be studied. Having the Treasurer-elect, Treasurer, and Past Treasurer on the Board is certainly in keeping with other positions such as Speaker and President. This decision will also impact the people running on the ballot for Treasurer-elect in the upcoming election. Please let me know if I can provide any more thought or guidance on this important decision.

>>> Paul Mifsud <PMifsud@eatright.org> 4/29/2013 11:41 AM >>>

Donna,

As we discussed, here are some reasons for retaining Mary on the FAC for 2014.

1. The committee is changing over dramatically. Only Robin Fellers and you will be remaining. Given this change-over and the potential for some "rocky" investment and economic environments, having an additional person with experience and knowledge of why decisions have been made would be beneficial to the Academy. It would help ensure continuity where necessary, historical perspective where appropriate and financial knowledge based on experience.
2. Work on the CEO compensation plan. This still needs to be "flushed-out" more to ensure that there is continuity and consistency as the Academy moves forward and it not be subject to the re-education and changing perspectives due to the changing leaders.
3. Work on identifying gaps and updating policies (This will be small. We are planning on doing this year anyway).

From my perspective, item 1 is the most crucial. Having Mary to provide additional continuity and support may be needed as we move into FY14.

Paul

[Alliance Launch Press Release 4-26-13 FINAL.doc](#)

Attached is a press release announcing the launch of the Alliance, sponsored by Abbott Nutrition Health Institute, representing more than 100,000 dietitians, nurses, hospitalists and other physicians and clinicians from across the nation. As mentioned at the Board meeting, the following organizations have come together to champion for early nutrition screening, assessment and intervention in hospitals:

- Academy of Medical-Surgical Nurses (AMSN)
- Academy of Nutrition and Dietetics (Academy)

- American Society for Parenteral and Enteral Nutrition (A.S.P.E.N.)
- Society of Hospital Medicine (SHM)
- Abbott Nutrition

The Alliance will be launching a website at www.malnutrition.com to provide hospital-based clinicians with the following resources:

- Research and fact sheets about malnutrition and the positive impact nutrition intervention has on patient care and outcomes
- Alliance Nutrition Toolkit to facilitate clinician collaboration and nutrition integration
- Information about educational events, such as quick learning modules, Continuing Education and Continuing Medical Education programs
- Nutrition protocol examples used to address malnutrition
- Case studies from hospitals that implemented nutrition programs

The Alliance to Advance Patient Nutrition is an interdisciplinary partnership dedicated to raising awareness about malnutrition and championing for early nutrition screening, assessment and intervention in hospitals. Founded in 2013, the Alliance is comprised of leaders from the Academy of Medical-Surgical Nurses (AMSN), the Academy of Nutrition and Dietetics (Academy), the American Society for Parenteral and Enteral Nutrition (A.S.P.E.N.), the Society of Hospital Medicine (SHM) and Abbott Nutrition. Abbott's nutrition business has provided funding to the Alliance member organizations to support their involvement in advancing this important initiative.

Information will be shared with members in *Eat Right Weekly* the week of May 15.

Subject: Director of Grassroots Advocacy

The Policy Initiatives and Advocacy team is pleased to announce that Teresa Nece, MS, RDN, LD, SNS has accepted the position of Director of Grassroots Advocacy for the Academy and will begin her new role on May 14, 2013.

As many of you know, Teresa spent more than 35 years in the school food and nutrition service profession and has been a strong proponent for nutrition policy and advocacy not only for the Academy, but also for the School Nutrition Association. Following her career in school foodservice,

Teresa has recently been an instructor for Iowa State University where she taught courses in food service management.

Teresa's current and past volunteer work with the Academy will serve her well in her new position which is the essential link between affiliate and DPG public policy leaders and the PIA team. Her position will focus on member engagement and grassroots advocacy. Teresa's experience as the chair of APAC and her service on the LPPC give her a unique understanding of how the two committees inter-relate to support the Academy's policy and advocacy goals.

As a volunteer leader, Teresa served as the chair of the School Nutrition Services Dietetic Practice Group and held a number of additional executive board positions. Teresa has served as Iowa's Academy of Nutrition and Dietetics president, public policy coordinator and as a member of the Public Policy Committee. In addition to serving on several policy-related task forces, Teresa has been a presenter at numerous state and national conferences. Her expertise in school nutrition policy led her to testify before the US Senate's Agriculture, Nutrition and Forestry Committee. She held numerous positions with the School Nutrition Association at both the state and national level, including president and legislative chair of the Iowa affiliate.

Teresa serves as a representative to the Iowa Department of Public Health Medical Home/Prevention and Chronic Care Management Advisory Council. She was the 2012 recipient of the Iowa Academy of Nutrition and Dietetics Medallion Award.

She is a graduate of Iowa State University with a Bachelor of Science and a Master of Science in Home Economics Education. Teresa will be working remotely with regularly planned time in the Washington, DC office.

Best regards,

Pat

>>> Paul Mifsud <PMifsud@eatright.org> 5/1/2013 8:47 AM >>>

Donna,

Thank you. We have read these over a million times and missed all of these. I can't for the life of me figure out how I deleted the end of the sentence on slide 32 and not realized it.

Thanks again. All of the changes have been made.

P

Subject: Re: Board presentation

Mary and Paul, I would recommend the following changes on the footnotes section of the following slides for the board presentation (the numbers are from the old slide deck in case some of these do not make sense).

1. On slide 32 finish the statement "This will become clearer over the first few months of ?".
2. On slide 33 add "to" after due in the footnote section.
3. On slide 39 add a "d" to recognize in the footnote section.
4. On slide 48 add "to" after expected in the footnote section.

Nobody else may catch these, but I would rather be safe than sorry.

Mary,
Donna,

Now that the FAC meeting is over, the presentation has to be made to the Board. I took the presentation to the FAC and modified it for the Board. Pages 1-16 are the same. I moved 51, 52 and 53 up after 16. I then added a page 54 to differentiate between the "core presentation" and back-up support. Pages 17 through 50 are in the support area.

The intent is to make this shorter and if someone has questions about the detail, they can ask. It will be available. If you think this is the right approach, I will change the page numbers.

Other than the "shuffling" of pages, nothing changed (except for USPS to UPS on page 41 J).

Paul

Importance: High

In my last communication we anticipated reaching our goal of 75,000 members by the end of May. I am pleased to inform you we have exceeded that expectation and as of April 29 we have 75,030 members! We will inform the membership via *Eat Right Weekly* and will send a press release to the media tomorrow, which will be shared with you.

Best regards,

Pat

Donna,

We provide a great deal of information. However, we plan to go through the presentation. Unfortunately, this often becomes a question and answer session. It really depends on the group. When you have more seasoned people, it is difficult to go through a presentation. None-the-less, here is the presentation.

Donna,

Mary,

I looked at the Board Orientation schedule. The Finance portion is scheduled May 14th from 4:45 to 6 p.m. I don't think it will take that long, but, you never know. I know we were discussing who should do the presentation. I am comfortable either way. Contrary to Mary's memory, I won't be doing all of the talking J.

I know we discussed Donna doing the presentation. Donna, have you made your flight reservations for Chicago for the Board meeting yet? If you were planning on attending, then this won't be a problem. However, if you were planning on coming in for the Board meeting and had your ticket, I would hate to restructure it at such a late date. I also recognize Mary's schedule could be tough since she has a new job.

So, I will let you decide. The "presentation" will have Mary's name on it since that was my original thought. Heck if Donna is coming in and Mary could make it, the two of you doing it would be great. Let me know as soon as you can.

Paul

Hi Paul and Donna,
Since Donna is all set with her reservations, the other presenters will also be the "elects", and the initial invitation from Joan for the meeting was clear about attendees, I am 100% good with Donna conducting the presentation. Donna, you will be great!

Paul, I apologize for what was intended as a gentle and exaggerated comment about the presentation last year. You have always been very supportive, incredibly helpful, and ready to answer questions raised by orientees.

Have a good day.

Mary

Donna,

Mary,

I looked at the Board Orientation schedule. The Finance portion is scheduled May 14th from 4:45

to 6 p.m. I don't think it will take that long, but, you never know. I know we were discussing who should do the presentation. I am comfortable either way. Contrary to Mary's memory, I won't be doing all of the talking J.

I know we discussed Donna doing the presentation. Donna, have you made your flight reservations for Chicago for the Board meeting yet? If you were planning on attending, then this won't be a problem. However, if you were planning on coming in for the Board meeting and had your ticket, I would hate to restructure it at such a late date. I also recognize Mary's schedule could be tough since she has a new job.

So, I will let you decide. The "presentation" will have Mary's name on it since that was my original thought. Heck if Donna is coming in and Mary could make it, the two of you doing it would be great. Let me know as soon as you can.

Paul

>>> Pearlie Johnson <PJohnson@eatright.org> 3/22/2013 11:23 AM >>>

Attached is your contract for the May 21-23, 2013 Certificate of Training in Childhood and Adolescent Weight Management program. Please sign and return the contract to me by fax (312/899-4772) or e-mail by April 8, 2013. I also attached a tentative agenda.

You can make your flight arrangements to Little Rock through the Academy's travel service, American Express Travel. You may contact the Travel Desk at 800/238-9049 or www.eatright.org/traveldeskt (<https://adatvl.axo20.com/>) to book your flight. You will need to create an account to use the system. The system will require you to enter a security code and a 7 character GL code to finalize your ticket. The security code is 193412 and the GL Code is 1041790. Please forward me a copy of your Little Rock itinerary once your flight has been finalized so I can make sure that you have proper hotel accommodations.

Programs Location:

The Peabody Little Rock Hotel (http://www.peabodylittlerock.com/?gclid=CKjm4uOmrrlCFYk-MgodQTcApA&_vsrefdom=plr-ppc)

3 Statehouse Plaza

Little Rock, Arkansas, 72201.

If possible, we are requesting that you send one PowerPoint for the participants to print and one to show on screen. The PowerPoint to print should only include text and not any unnecessary animations /graphics. We have received complaints regarding the fact that the animations/graphics often time cover up text. Here are the instructions to upload your files.

1. Go to <http://www.cdr.groupxm.com>
2. To login choose the "Login" option on the upper right-hand side of the page. Sign-in using your e-mail address and the password - welcome. On the purple banner, hover over the "Portal" option on the right-hand side and choose the "Library" option from the drop-down menu. Click on the "May 2013 Childhood Faculty PowerPoint Files and Handouts" link located to the left. Click on the "Upload Multiple Files" link located in the gray menu bar. Scroll down to the bottom of the grey area and click on "add files" bar (lower left side). Browse for your file. Click open. To add another file choose "Add Files" button again to add another file to the list. When you have all the files listed you would like to add click on the "Start Upload" bar (lower left side). When upload had finished press "Continue." Don't pay attention to the list of folder. Just stroll down to the bottom of the page and click on "Complete Upload" bar. When you are done, please logout (upper right hand corner).

The due date for your PowerPoint presentation and handouts is Friday, May 10, 2013.

Thank you.

Hello Donna Martin,

Your registration for this online meeting is accepted.

Topic: School Meals and Community Partnerships: Creative Solutions against Food Insecurity
Date: Tuesday, April 30, 2013
Time: 2:00 pm, Eastern Daylight Time (New York, GMT-04:00)
Meeting Number: 745 360 760
Meeting Password: 0413

To join this online meeting (Now from mobile devices!)

1. Go to
<https://eatright.webex.com/eatright/j.php?ED=204658297&UID=1411648752&PW=NYWY1ZTVhZDY0&RT=MiMxMQ%3D%3D>
2. If requested, enter your name and email address.
3. If a password is required, enter the meeting password: 0413
4. Click "Join".
5. Follow the instructions that appear on your screen.

To view in other time zones or languages, please click the link:
<https://eatright.webex.com/eatright/j.php?ED=204658297&UID=1411648752&PW=NYWY1ZTVhZDY0&ORT=MiMxMQ%3D%3D>

For assistance

1. Go to <https://eatright.webex.com/eatright/mc>
2. On the left navigation bar, click "Support".

You can contact me at:
lhudson@eatright.org

To add this meeting to your calendar program (for example Microsoft Outlook), click this link:

<https://eatright.webex.com/eatright/j.php?ED=204658297&UID=1411648752&ICS=MRC&LD=1&RD=2&ST=1&SHA2=f6ayEHFvMcDs7/qbbFWQc4WYU5AW0xnTY0jRUppPC1A=&RT=MiMxMQ%3D%3D>

WebEx will automatically set up the Meeting Center application for Windows the first time you join a meeting. To save time, you can set up prior to the meeting by clicking this link:

<https://eatright.webex.com/eatright/meetingcenter/mcsetup.php>

<http://www.webex.com>

IMPORTANT NOTICE: This WebEx service includes a feature that allows audio and any documents and other materials exchanged or viewed during the session to be recorded. By joining this session, you automatically consent to such recordings. If you do not consent to the recording, discuss your concerns with the meeting host prior to the start of the recording or do not join the session. Please note that any such recordings may be subject to discovery in the event of litigation.

Subject: RE: Tomorrow's Webinar
Attachment: [image001.jpg](#)

Hi Sheila and Donna,

Thanks for your email, Sheila. We definitely want to make sure you are both registered for tomorrow's webinar!

Topic: School Meals and Community Partnerships: Creative Solutions against Food Insecurity

Date: Tuesday, April 30, 2013

Time: 1:00 pm, Central Daylight Time (Chicago, GMT-05:00)

To register for this meeting

1. Go to <https://eatright.webex.com/eatright/j.php?ED=204658297&RG=1&UID=0&RT=MiM3>
2. Register for the meeting.

Once the host approves your request, you will receive a confirmation email with instructions for joining the meeting.

You will see a code to join the meeting on the invite, but just in case, it's 0413. If you have any technical problems, please text me at 913-269-8766 because I won't be able to check email but I will have my phone handy.

Best of luck—I know it will go great! J

Lisa

Subject: FW: Pre-meeting Backgrounder Discussion - Table 11 (IMPORTANT - CONFIRMATION)

Hello Everyone!

This email confirms your conference call to discuss the 2013 Spring Virtual Meeting backgrounder with your other table members will be **Monday, April 29, 1-2 pm/CT**. I know that some of you did not select this date. However, feel free to join the discussion should your schedule allow. The call-in information is provided below:

Dial in: 866-477-4564

Conf Code: 791 635 8024 #

The purpose of the call is to get acquainted with your table members and to discuss your initial reaction to the backgrounder and the items from the Feeding America website.

- Discuss your initial reaction to the backgrounder and the two items from the Feeding America website.
- What did you learn?
- Were you surprised?

This can be a very informal call however, there is a suggested agenda below for you to follow if that is helpful.

Item to Discuss

Time Allotted

Outcome

Introduction of Members:

short roll call,

each member will then provide:

position in HOD,

area of practice,

and one other thing they may want to share with their table-personally or professionally.

10-20 minutes

Know who your table members are before the meeting

Share Reaction of the Backgrounder

10-15 minutes

Feel prepared to reference the backgrounder during the HOD Spring 2013 Meeting dialogue sessions; share personal perspectives on the mega issue and expected outcomes

Share Reaction to the Items from the Feeding America website:

a. Go to Map the Gap website: <http://feedingamerica.org/hunger-in-america/hunger-studies/map-the-meal-gap.aspx> determine incidence of food and nutrition insecurity in own state and

b. Take knowledge quiz: Test Your Knowledge Quiz-Feeding America: <http://feedingamerica.org/hunger-in-america/hunger-facts/quiz.aspx>

10-15 minutes

Another resource to prepare for the dialogue sessions on the mega issue

NOTE: it is okay if your call doesn't last the entire hour allotted.

The table facilitator or scribe will record general notes from the conference call which will be posted on the discussion board for the table members to see (and if so desire, add comments).

We are aware that the date and time above may not work for everyone. We have still included all table members on this email in case your schedule has changed. Please contact HOD staff at hod@eatright.org for further instruction if you cannot make the call.
Please contact HOD staff at hod@eatright.org with any questions or concerns.

Charlene, I am sorry, but I had this on my calendar for 3 pm Central Time. Since I work in an area that has a very high incidence of food insecurity I feel like I will be very prepared for the House Virtual Meeting. Sorry about the mix up.

>>> Paul Mifsud <PMifsud@eatright.org> 4/29/2013 12:12 PM >>>

Donna,
Mary,

I looked at the Board Orientation schedule. The Finance portion is scheduled May 14th from 4:45 to 6 p.m. I don't think it will take that long, but, you never know. I know we were discussing who should do the presentation. I am comfortable either way. Contrary to Mary's memory, I won't be doing all of the talking J.

I know we discussed Donna doing the presentation. Donna, have you made your flight reservations for Chicago for the Board meeting yet? If you were planning on attending, then this won't be a problem. However, if you were planning on coming in for the Board meeting and had your ticket, I would hate to restructure it at such a late date. I also recognize Mary's schedule could be tough since she has a new job.

So, I will let you decide. The "presentation" will have Mary's name on it since that was my original thought. Heck if Donna is coming in and Mary could make it, the two of you doing it would be great. Let me know as soon as you can.

Paul

2550. Mary's role with the FAC

From: Paul Mifsud <PMifsud@eatright.org>
To: DMartin@Burke.k12.ga.us <DMartin@Burke.k12.ga.us>
Sent Date: Apr 29, 2013 11:41:50
Subject: Mary's role with the FAC
Attachment:

Donna,

As we discussed, here are some reasons for retaining Mary on the FAC for 2014.

1. The committee is changing over dramatically. Only Robin Fellers and you will be remaining. Given this change-over and the potential for some “rocky” investment and economic environments, having an additional person with experience and knowledge of why decisions have been made would be beneficial to the Academy. It would help ensure continuity where necessary, historical perspective where appropriate and financial knowledge based on experience.
2. Work on the CEO compensation plan. This still needs to be “flushed-out” more to ensure that there is continuity and consistency as the Academy moves forward and it not be subject to the re-education and changing perspectives due to the changing leaders.
3. Work on identifying gaps and updating policies (This will be small. We are planning on doing this year anyway).

From my perspective, item 1 is the most crucial. Having Mary to provide additional continuity and support may be needed as we move into FY14.

Paul

Help support the Foundation

April 25, 2013

If you have not already renewed your Academy dues, please consider contributing to the Foundation through the check-off box on your dues renewal form online at www.eatright.org. Your support of the Annual Fund will enable the Foundation to continue to provide scholarships, research grants, continuing education awards and innovative educational programs through the Kids Eat Right initiative. We need your help to reach our year end goal of raising \$75,000 by June 1, 2013.

In the past year alone, the Foundation has:

- Awarded **\$514,150** in scholarships to **342** dietetic students for the 2012-2013 academic year.
- Expanded the Kids Eat Right Initiative, with over **4,000** campaign members.
- Provided over **\$112,150** in awards to dietetic professionals.
- Supported RD-led research with **\$176,000** in grants to Academy members, which included a **\$35,000** research grant related to childhood obesity.

The good work of the Foundation relies on Academy members generosity. Please consider a donation to help support our mission of advancing public health and nutrition utilizing the expertise of registered dietitians.

Academy Premier Sponsor, SOYJOY®, will match up to \$10,000 of member contributions in April and May.

Charity Navigator, America's largest and most-utilized independent evaluator of charities, has bestowed the Academy of Nutrition and Dietetics Foundation with the coveted 4-star rating for sound fiscal management and commitment to accountability and transparency.

Subject: ACTION REQUIRED: Academy of Nutrition and Dietetics Travel Authorization Notification

Hello Academy Foundation BOD,

You have been approved for travel to the June 2013 Academy of Nutrition and Dietetics Foundation Board of Director's meeting in Chicago, Illinois. The meeting will begin on Tuesday, June 18 at 2:00pm and conclude at 3:00pm on Wednesday, June 19.

In order for your airfare to be charged to the Academy credit card on file, you must have an active Traveler Profile in aXiom®, the online booking tool for the Academy Travel Desk. If you do not wish to create a profile, you will have to book your travel on your own and submit your expenses for reimbursement after the conclusion of our meeting. Please note that a valid Meeting Name and Approval Code (see below) is needed when booking your travel through the Academy Travel Desk.

Meeting Name: **Academy of Nutrition and Dietetics Foundation BOD Meeting**
Meeting Location: **Chicago, IL (venue TBD)**

Dates: **June 18-19, 2013**

Approval Code: **3018205**

If you have never used the Academy Travel Desk, you will have to create a traveler profile in **aXiom®**, before booking travel online or over the phone. To create a profile in **aXiom®**, simply follow the instructions below. Once you have set up your traveler profile, you will not have to do so again unless you want to add information or change your password. If you have already created your Traveler Profile, go directly to "Booking Your Travel Online".

Creating Your Traveler Profile

- 1) Go online to: **<https://adatvl.axo20.com/>**
- 2) Click on "Begin Booking Travel and Business Services"
- 3) *Click on "Create a New Account" below the orange "sign in" button and complete the information as requested. For "Security Code" enter in **193412** to complete the remainder of the page.*
- 4) *Activation will be sent to the e-mail address you provided.*
- 5) *Follow the instructions in the email.*
- 6) *Login with your e-mail and your password.*

- 7) *Once you are logged in, complete your profile information.*

Remember: You must create your traveler profile prior to booking online or via telephone. Once you have set up your traveler profile, you will not have to do so again.

Booking Your Travel Online (\$13 service fee)

- 1) *Book your travel whenever possible Monday through Friday between the hours of 7 a.m. and 3 p.m. CT.*
- 2) *Log in to your account using the User ID and Password you created when setting up your profile.*
- 3) *Search for and select your flights (book “non-refundable” fares only)*
 - a. *You have the option of searching by “Price” or “Schedule”.*
 - b. *Click on your preferred airline if you only want to view their fares.*
- 4) *When asked to “Name your trip”, you are required to enter the Meeting Name as it appears above.*
- 5) *When you reach the **Purchase Trip** page, enter 3018205 into the **Approval Code** box in the **Reporting Information** section.*
- 6) *When you reach the Payment Options section, be sure to choose the “**Use a Stored Card**” option to ensure your Academy paid travel is billed correctly.*
- 7) *If you need assistance, call the support team at 800/238-9049, press “1” when prompted. There is no additional charge for technical assistance.*

Booking Your Travel with an Agent (\$23 service fee)

- 1) *Book your travel whenever possible Monday through Friday between the hours of 7 a.m. and 3 p.m. CT.*
- 2) *For agent assisted booking, call the Academy Travel Desk at 800/238-9049, press “2” when prompted. Please reserve the use of this option to complex domestic or international travel.*
- 3) *Provide the agent with your Approval Code when requested so that the airfare is charged to the Academy credit card.*

Booking Outside of the Academy Travel Policy

In the event your airfare or rail fees exceed the Academy Travel Policy limits and there is a lower logical fare available (similar itinerary to your selection), your proposed travel may be declined. In the event that the trip you selected is declined, you will receive an email instructing you to go back to <https://adatvl.axo20.com/> and rebook at a lower fare.

The traveler will receive an ELECTRONIC TICKET from the Academy Travel Desk as final confirmation that the trip has been approved and ticketed. If the traveler does not receive this document within 72 hours of booking, he/she needs to call the Academy Travel Desk at 800/238-9049 (press "1" when prompted) for assistance. Thanks.

Hello Academy Foundation BOD,

You have been approved for travel to the June 2013 Academy of Nutrition and Dietetics Foundation Board of Director's meeting in Chicago, Illinois. The meeting will begin on Tuesday, June 18 at 2:00pm and conclude at 3:00pm on Wednesday, June 19.

In order for your airfare to be charged to the Academy credit card on file, you must have an active Traveler Profile in aXiom®, the online booking tool for the Academy Travel Desk. If you do not wish to create a profile, you will have to book your travel on your own and submit your expenses for reimbursement after the conclusion of our meeting. Please note that a valid Meeting Name and Approval Code (see below) is needed when booking your travel through the Academy Travel Desk.

Meeting Name: **Academy of Nutrition and Dietetics Foundation BOD Meeting**
Meeting Location: **Chicago, IL (venue TBD)**

Dates: **June 18-19, 2013**

Approval Code: **301825**

If you have never used the Academy Travel Desk, you will have to create a traveler profile in **aXiom®**, before booking travel online or over the phone. To create a profile in **aXiom®**, simply follow the instructions below. Once you have set up your traveler profile, you will not have to do so again unless you want to add information or change your password. If you have already created your Traveler Profile, go directly to “Booking Your Travel Online”.

Creating Your Traveler Profile

- 1) Go online to: **<https://adatvl.axo20.com/>**
- 2) Click on “Begin Booking Travel and Business Services”
- 3) *Click on “Create a New Account” below the orange “sign in” button and complete the information as requested. For “Security Code” enter in **193412** to complete the remainder of the page.*
- 4) *Activation will be sent to the e-mail address you provided.*
- 5) *Follow the instructions in the email.*
- 6) *Login with your e-mail and your password.*
- 7) *Once you are logged in, complete your profile information.*

Remember: You must create your traveler profile prior to booking online or via telephone. Once you have set up your traveler profile, you will not have to do so again.

Booking Your Travel Online (\$13 service fee)

- 1) *Book your travel whenever possible Monday through Friday between the hours of 7 a.m. and 3 p.m. CT.*
- 2) *Log in to your account using the User ID and Password you created when setting up your profile.*
- 3) *Search for and select your flights (book “non-refundable” fares only)*
 - a. *You have the option of searching by “Price” or “Schedule”.*

- b. *Click on your preferred airline if you only want to view their fares.*
- 4) *When asked to “Name your trip”, you are required to enter the Meeting Name as it appears above.*
- 5) *When you reach the **Purchase Trip** page, enter 301825 into the **Approval Code** box in the **Reporting Information** section.*
- 6) *When you reach the Payment Options section, be sure to choose the “**Use a Stored Card**” option to ensure your Academy paid travel is billed correctly.*
- 7) *If you need assistance, call the support team at 800/238-9049, press “1” when prompted. There is no additional charge for technical assistance.*

Booking Your Travel with an Agent (\$23 service fee)

- 1) *Book your travel whenever possible Monday through Friday between the hours of 7 a.m. and 3 p.m. CT.*
- 2) *For agent assisted booking, call the Academy Travel Desk at 800/238-9049, press “2” when prompted. Please reserve the use of this option to complex domestic or international travel.*
- 3) *Provide the agent with your Approval Code when requested so that the airfare is charged to the Academy credit card.*

Booking Outside of the Academy Travel Policy

In the event your airfare or rail fees exceed the Academy Travel Policy limits and there is a lower logical fare available (similar itinerary to your selection), your proposed travel may be declined. In the event that the trip you selected is declined, you will receive an email instructing you to go back to <https://adatvl.axo20.com/> and rebook at a lower fare.

The traveler will receive an ELECTRONIC TICKET from the Academy Travel Desk as final confirmation that the trip has been approved and ticketed. If the traveler does not receive this document within 72 hours of booking, he/she needs to call the Academy Travel Desk at 800/238-9049 (press “1” when prompted) for assistance. Thanks.

Advocacy Made Easy

April 25, 2013

Dear Academy colleague,

Do you want to be reimbursed for intensive behavioral therapy for obesity? Or order therapeutic diets on your own? If your answer is Yes, then you should **support the Academys Political Action Committee** (ANDPAC).

Member contributions to ANDPAC are vital for the Academy to develop relationships with influential members of Congress who support our mission and our members. Our friends in Congress introduce new legislation and work on our behalf with agency officials.

Did you know? The Academy is working with Senator Carper (Del.) and Representative Cassidy (La.) on legislation that, if passed, would allow for RDs to be reimbursed directly for obesity counseling. ANDPAC bolsters this relationship and helps keep our champions in office.

In addition, cultivating congressional relationships through ANDPAC has been instrumental in helping the Academy encourage the Centers for Medicare and Medicaid Services to allow RDs to independently order Therapeutic Diets. These are merely two examples of how **ANDPAC is advancing the profession**. With your money we will be able to do more!

Since membership dues cannot be used to support ANDPAC, **please consider contributing \$50 to ANDPAC to advocate for important nutrition programs and services.**

If dietetics is your profession, policy should be your passion.

Sincerely,

Teresa Nece, MS, RD, LD

Chair, Academy of Nutrition and Dietetics' Political Action Committee

Federal law requires political committees to report to Federal Election Commission the name, mailing address, occupation and name of employer for each individual whose contributions

aggregate in excess of \$200.00 in a calendar year. Corporate contributions are prohibited by law. Individuals cannot contribute more than \$2000 per calendar year to the same political action committee. **Donations to ANDPAC are not tax deductible.**

This e-mail is a benefit for members of the Academy of Nutrition and Dietetics.

Subject: Re: Draft survey input process

Depending on the time we would love to be part of the call.

I want to share a few of the highlights of our meetings yesterday with USDA and the White House.

Ethan Bergman presented his research on school meals and recess. The group was larger than expected including not only Janey Thornton but also the undersecretary himself, Kevin Concannon. We also discussed the survey and asked for their input. We talked about having teachers more aware of the positive impact on these changes. Pat Babjak volunteered our resources to do an exhaustive literature review on learning and nutrition.

We talked about mentoring programs with schools that are struggling. There was one mentoring system in place within the Academy that might be used as a template. This of course would be under your leadership.

It was a good meeting and I love that they recognize your efforts. And even more your leadership.

The White House too recognizes the efforts on this as well. In honor of the third anniversary of Let's Move in February they would like to devote their blog and emails to school success stories. They asked for our help. Although not said aloud I thought how can we tie in School Meal Rocks? Dayle I know this is something you built and want to make sure any connection gives credit.

Finally, all the pieces fell into place to present a special recognition to the SNS DPG during PPW. I know you are just doing your job but when we look back on this 25 years from now, you will realize the extraordinary efforts to implement these changes. I think it is important that all our members understand these efforts as well. I have asked Janey to present this award and she was delighted. In addition, Ethan and Glenna were in total agreement.

More to come,
MPR

Teresa,

It was so great to see you at PPW! I am working on a follow up article to the SNS DPG award for the next newsletter. I am not having much success in finding any information about the award, and I hope you can help me. In a nutshell, these are my questions:

1. Is the award a regularly offered award? I wanted to include a mention of the name of the award and what it is for, and if it is a regular award, If it is a special award, I want to point that out.

2. How did SNS DPG get the award? Did someone nominate us, or did the Academy select SNS DPG for the award for a particular reason?

I am also copying Donna, to keep her in the loop. I am highlighting Donna's recognition in the article that I am writing.

Thanks!

Julie

Subject: Re: Draft survey input process

Depending on the time we would love to be part of the call.

I want to share a few of the highlights of our meetings yesterday with USDA and the White House.

Ethan Bergman presented his research on school meals and recess. The group was larger than expected including not only Janey Thornton but also the undersecretary himself, Kevin Concannon. We also discussed the survey and asked for their input. We talked about having teachers more aware of the positive impact on these changes. Pat Babjak volunteered our resources to do an exhaustive literature review on learning and nutrition.

We talked about mentoring programs with schools that are struggling. There was one mentoring system in place within the Academy that might be used as a template. This of course would be under your leadership.

It was a good meeting and I love that they recognize your efforts. And even more your leadership.

The White House too recognizes the efforts on this as well. In honor of the third anniversary of Let's Move in February they would like to devote their blog and emails to school success stories. They asked for our help. Although not said aloud I thought how can we tie in School Meal Rocks? Dayle I know this is something you built and want to make sure any connection gives credit.

Finally, all the pieces fell into place to present a special recognition to the SNS DPG during PPW. I know you are just doing your job but when we look back on this 25 years from now, you will realize the extraordinary efforts to implement these changes. I think it is important that all our members understand these efforts as well. I have asked Janey to present this award and she was delighted. In addition, Ethan and Glenna were in total agreement.

More to come,
MPR

Teresa,

It was so great to see you at PPW! I am working on a follow up article to the SNS DPG award for the next newsletter. I am not having much success in finding any information about the award, and I hope you can help me. In a nutshell, these are my questions:

1. Is the award a regularly offered award? I wanted to include a mention of the name of the award and what it is for, and if it is a regular award, If it is a special award, I want to point that out.
2. How did SNS DPG get the award? Did someone nominate us, or did the Academy select SNS DPG for the award for a particular reason?

I am also copying Donna, to keep her in the loop. I am highlighting Donna's recognition in the article that I am writing.

Thanks!

Julie

Having trouble viewing this e-mail? View it in your browser.

We are asking all members to pay it forward. Remember how valuable your preceptor was? Make that same impact on a student by helping them continue down their career path. Register as a potential preceptor today to make a difference!

As the demand for dietetic internships has increased, highly qualified students aren't getting positions, not because they don't have good grades or varied work experiences, but simply because too few dietetic internship positions are available. The profession needs more practitioners who are willing to train and serve as positive role models, to assure that all qualified students can complete their education and sit for the registration.

The Accreditation Council for Education in Nutrition and Dietetics (ACEND) and the Academy of Nutrition and Dietetics have developed a Find-a-Preceptor Database to increase our efforts to locate practitioners who are interested in teaching dietetic students.

Sign up and learn more at **www.eatright.org/preceptors**.

Create Tomorrows Leaders - Become a preceptor today!

Dont forget to sign up for CDRs Preceptor Training Course ---its Free! Participants can earn 8 CPEUs. Go to CDRs website for more information:

Hi Donna, we are beginning to prepare the documents for the upcoming programs. I have a few questions for you:

- 1) Are there any updates to the attached bio?
- 2) Did you want to submit another picture?
- 3) I have attached your program handouts. Are there any changes?

Thank you.

Sure, no problem—thank you, Donna! J

From: Donna Martin [mailto:dmartin@burke.k12.ga.us]
Sent: Monday, April 22, 2013 1:25 PM
To: Lisa Medrow
Subject: Re: FW: (Forward to attendees) Meeting invitation: PRACTICE WEBINAR: School Meals and Community Partnerships

Lisa, For some reason I am having trouble uploading the revised presentation. Could you just make these corrections to my slide notes for me please? No changes in the slides, just in the notes. I took a little out of the sodium and fat slides and added some to the Community Partnership slide about what Dietitians can do to help. Let me know if this works. Thanks!

Slide 25

The final rule requires schools to make a gradual reduction in the sodium content of the meals, as recommended by the Institute of Medicine. USDA recognizes that it is difficult to achieve substantial reductions in sodium immediately.

Therefore, schools are required to meet two intermediate sodium limits, as well as a final limit. Target 1 will be required beginning SY 2014-2015 for both breakfast and lunch. This reflects sodium reductions that menu planners can achieve through menu changes and recipe modifications.

Target 2 will be required beginning SY 2017-2018 and is based on sodium reductions that can be feasibly achieved with product reformulations by food industry, using currently available technology.

Meeting the Final Target will require new technology and/or food products and, therefore, they are allowing a 10-year period to meet the new requirement.

Prior to the implementation of Target 2 and the Final sodium targets contained in this rule, USDA will evaluate relevant data on sodium intake and human health.

Slide 26

The saturated fat rule continues to emphasize saturated fat reduction, and the standard of less than 10% of calories is the same as the one we have in the current regulations. There is no total fat requirement percentage which is a change from existing requirements.

Slide 28

I would now like to talk a little about community partnerships or essentially other programs that we offer in addition to our National School Lunch and Breakfast programs. Keep in mind that most of these programs started as a seed in the brain of one person, who saw a need and decided to act on that need. Partnering with community organizations such as churches, food banks or civic clubs is very easy, because ending childhood hunger is not a hard idea to sell to people. Many people are sympathetic to the cause and want to help. In Burke County our School Nutrition Programs have become real game changers in terms of making sure our children have the opportunity to get a hot meal at night, on weekends and during the summer. Our football coach has credited the supper program with our football team not only making it to the state championship, but with helping to win the state championship for the first time in the school's history. Our afterschool tutorial programs have stated that without the supper program most of the students would not attend the tutorial sessions, and therefore not receive the tutoring they need to pass their coursework. We made "Adequate yearly progress" for the first time at our high school after starting the supper program. As a Registered Dietitian you can help bridge the gap to help get these programs going by contacting people and bringing them together around the table to make these programs work. They just may need help with menu planning or help with food safety and sanitation. They might need to know how to enlarge a recipe or help in bidding out food, supplies and equipment. They might not even know what vendors are in town to purchase food supplies and equipment from. You could offer to do some nutrition education to the students enrolled in the program or possible even inservice for the staff. Other things you can do would be: 1) Schedule a meeting to talk to the School Nutrition Director to provide technical assistance or help in writing grants to get these programs started, 2) Ask for time to speak to the school board about the issues to gain support from them, or 3) Put an article in the newspaper about your concerns and issues to help raise awareness. Keep in mind that a lot of people out there do not have the skills and expertise that we have that would enable them to get these programs going without your help. As you hear examples of some of the things we have done in our community, I hope you are inspired to think about the possibilities of building school and community partnerships in your own community.

Sent Date: Apr 19, 2013 18:36:02
Subject: Changes
Attachment: [2014 budget presentation final041913.pptx](#)

Mary,

Donna,

I think I caught all of the changes;

1. Page 2 – Separated FY13 and FY14
2. Page 8 – Added “millions” in the margin of chart
3. Page 9 – Modified the chart to move Food and Nutrition Magazine to the Academy Changes and changed the “operational changes” to Staff changes.
4. Page 10 - See note on 3. Also rewrote box. Also added a note explaining “core programs and services” at bottom
5. Page 11 – Changed “2014 budget” to “2014 changes”
6. Page 12 – Changed “2014 budget” to “2014 changes” and rewrote box
7. Page 13 – Changed “2014 budget” to “2014 changes”
8. Page 20 – Added an explanation for ASAE.
9. Page 22 – Changed Academy Career Link to EatRightCareers.
10. Page 24 – Added an explanation for Other and changed Academy Career Link to EatRightCareer
11. Page 32 – Edited 4th bullet point.

12. Page 52 – Changed last bullet

I will have Maria put this onto the portal. If you think of any other changes, let me know and we will incorporate them.

Paul

Sent Date: Apr 19, 2013 15:14:44
Subject: FW: Pre-meeting Backgrounder Discussion - Table 11 (IMPORTANT -
CONFIRMATION)
Attachment:

Hello Everyone!

This email confirms your conference call to discuss the 2013 Spring Virtual Meeting backgrounder with your other table members will be **Monday, April 29, 1-2 pm/CT**. I know that some of you did not select this date. However, feel free to join the discussion should your schedule allow. The call-in information is provided below:

Dial in: 866-477-4564

Conf Code: 791 635 8024 #

The purpose of the call is to get acquainted with your table members and to discuss your initial reaction to the backgrounder and the items from the Feeding America website.

- Discuss your initial reaction to the backgrounder and the two items from the Feeding America website.
- What did you learn?
- Were you surprised?

This can be a very informal call however, there is a suggested agenda below for you to follow if that is helpful.

Item to Discuss

Time Allotted

Outcome

Introduction of Members:

short roll call,

each member will then provide:

position in HOD,

area of practice,

and one other thing they may want to share with their table-personally or professionally.

10-20 minutes

Know who your table members are before the meeting

Share Reaction of the Backgrounder

10-15 minutes

Feel prepared to reference the backgrounder during the HOD Spring 2013 Meeting dialogue sessions; share personal perspectives on the mega issue and expected outcomes

Share Reaction to the Items from the Feeding America website:

a. Go to Map the Gap website: <http://feedingamerica.org/hunger-in-america/hunger-studies/map-the-meal-gap.aspx> determine incidence of food and nutrition insecurity in own state and

b. Take knowledge quiz: Test Your Knowledge Quiz-Feeding America: <http://feedingamerica.org/hunger-in-america/hunger-facts/quiz.aspx>

10-15 minutes

Another resource to prepare for the dialogue sessions on the mega issue

NOTE: it is okay if your call doesn't last the entire hour allotted.

The table facilitator or scribe will record general notes from the conference call which will be posted on the discussion board for the table members to see (and if so desire, add comments).

We are aware that the date and time above may not work for everyone. We have still included all table members on this email in case your schedule has changed. Please contact HOD staff at hod@eatright.org for further instruction if you cannot make the call.

Please contact HOD staff at hod@eatright.org with any questions or concerns.

2574. REMINDER: Exploring the Beef Community Webinar THIS TUESDAY, April 23

From: School Nutrition Services Dietetic Practice Group <snsdpg42@gmail.com>
To: dmartin@burke.k12.ga.us
Sent Date: Apr 19, 2013 14:54:09
Subject: REMINDER: Exploring the Beef Community Webinar THIS TUESDAY, April 23
Attachment:

Just a note to remind you about the webinar

THIS TUESDAY!!

School Nutrition Services (SNS) Dietetic Practice Group invites you to our Tuesday April 23, 2013 webinar from 3:00 to 4:00 PM Eastern Daylight Time

“Exploring the Beef Community”

Join us to discover all that goes into raising beef in the U.S. today. During this webinar, brought to you by the Beef Checkoff, you'll hear insights and experiences from Debbie Lyons-Blythe, a cattlemom and mom, as well as Diane Duncan-Goldsmith, SNS DPG chair, to deepen your knowledge of the beef lifecycle from pasture to plate (or lunch tray). There will be time for Q&A on all topics from animal care to sustainability.

Credit: 1 unit of CPE has been requested for those who view the live webinar. Webinar will be recorded for later viewing at www.snsdpg.org.

Free of charge to SNS DPG members.

Presenters: **Debbie Lyons Blythe** is a cattle rancher and mother in the Kansas Flint Hills. In her blog, *Life on a Kansas Cattle Ranch*, she shares what life is like in rural Kansas and how her family works everyday to ensure a safe, nutrition supply of beef to consumers.

Diane Duncan-Goldsmith, MS, RD, LD, served as Director of Food Service for the Iowa City Community School District for 25 years and is the current chair for School Nutrition Services DPG.

This will be our first webinar using WebEx, the Academy's new Meeting Center provider so come join us!

To register for this meeting

1. Go to <https://eatright.webex.com/eatright/j.php?ED=205334917&RG=1&UID=0&RT=MiM3>
2. Register for the meeting.

Once the host approves your request, you will receive a confirmation email with instructions for joining the meeting.

Apples, wild blueberries and tart cherries: Why home-grown fruits are every bit as 'super' as their exotic counterparts

(While demand for some more exotic fruits can wax and then rapidly wane after celebrity backers lose interest, and over-use (and abuse) has devalued the term super fruit somewhat, enthusiasm about fruits of all kinds continues to grow.)

Good Morning Everyone:

I just wanted to know if anyone would like to receive all the materials that are on the portal as hard copies for the meeting, when they arrive next week. I would have them ready for you when you arrive. If you can just send me a quick email, so I know how many extra binders to make.

Thanks,

Linda

Have a great week-end!

Linda Serwat

All,

As I mentioned yesterday, Maria was beginning to put the meeting information onto the Portal. We are missing two pieces; the FY14 budget and the narrative for February. Both should be available to you tomorrow. If you have any difficulties getting the information off of the portal, please let me know. The following is a summary of the financials for February and March.

I. February Changes

- There was one change in February. In the Foundation, accounting moved \$25,000 in revenue from Corporate Contributions to Sponsorships. This change did not affect the overall revenue. Working with the Foundation staff to ensure everything was correctly coded, accounting determined that a check we received should be recoded. This was the only change for February.

II. March Investments and beyond

- Our two investment portfolios continued to grow in March, increasing by approximately \$990,000. This brings our combined, fiscal year to date, increase to nearly \$5,639,600. That's the good news. Unfortunately, April is not turning out so well. Through yesterday, the combined portfolios had lost approximately \$280,000 for April. Today does not look much better. Al Bryant will be joining us next week and may be able to provide some additional insight into the markets. We are due for a correction. The last "negative" month was last October. Last year, in April and May, we saw a correction. I hope that any downturn this year is not as large as what we experienced last year. Again, Al will be able to provide some insight as he gazes into his crystal ball!

III. Academy March Financials (A10)

March, overall, was a good month for the Academy. Expenses continued the trend, under running the budget by \$154,916. A great deal of the expense under run can be attributed to PPW. Unfortunately, a great deal of the revenue under run can be attributed to PPW as well.

Revenue was under budget by \$174,337 in April. Of which, approximately \$114,000 was from PPW. As I mentioned above, expenses for PPW were lower. So, there is good news about PPW. Staff worked hard to reduce costs for the program because it became clear early that the revenue would be short. As of right now, expenses are about \$114,000 lower than the original budget. I don't expect this to hold. (As I review the detail, I believe we may be short on Audio Visual expenses. Given the timing of the discovery, I will keep the information as it currently is on the portal and change it when we finalize the information.) Even with the expected additional Audio visual expenses, PPW will under-run expenses by more than \$100,000. The other major revenue under-runs in March can be attributed to Membership (down \$33.9K) and National Nutrition Month sales (down \$78K). So, our revenue shortfall can be isolated to a few drivers.

Overall, in March, revenue was short of budget by \$174,337. Expenses were under budget by \$154,916. The combination of the revenue and expense left the Academy \$19,421 short of the

budgeted net operating income. The investments for March were very good. The Academy received \$384,081 in investment returns. This was \$274,706 better than the budget. When everything is considered, the Academy had a net income of \$143,726. This was \$255,285 better than the original budget. So, overall, March was a good month.

Taking a look at the year to date numbers, the Academy currently has an operating deficit of \$370,904. This is \$163,291 lower (worse) than the budget. The operating gap has grown in March. As you can see, expenses continue to help the organization. Year to date, expenses are now \$921,373 below budget. However, it hasn't covered the \$1,084,663 shortfall in revenue.

As has been the case all year, operationally, the news is good. However once you factor in the investment income, the news is great. Through March, investments have provided \$2,149,248 in income. This is \$1,055,498 higher than the budget. This drives the Academy's net income to \$1,778,344. Overall, this is now \$892,207 higher than the budget. So, if the investment market holds, the Academy should have another positive year.

The following is a breakdown of the various categories

A. Revenues

a. **Membership Dues** - This area **under budget** by \$33,892 in March and is now **under budget** by \$285,343 for the year. We continue to experience the phenomena of growing members, but, not meeting the revenue targets. This is due to both the mix of people taking the Career Dues Starter revenue options and the timing of when members renew. This year, we had more members renew in February and March than anticipated. This will impact the revenue this year. However, they are renewing for next year as well. So, this looks good for FY 14.

b. **Programs and Meetings** - This area is **under budget** by \$118,402 in March and is **under budget** by \$988,733 for the year. The under-run in March is nearly all due to PPW (down \$130.0K) and offset by higher Professional development (up by \$12.0K).

c. **Publications and Materials** - This area is **under budget** by \$59,665 in March and **over budget** by \$29,165 for the year. The under-run in March is due to lower National Nutrition Month merchandise sales (down \$78K), lower NCP/SL sales (down \$20.0K), offset by higher traditional publication sales (up \$36.0K) and List Rental (up \$2.5K).

d. **Subscriptions** - This area was **over budget** by \$6,449 in March and is **over budget** by \$142,406 for the year. The over-run for March is primarily due to NCM and related products.

e. **Advertising** – This area is **on target** for the month of March. No revenue budgeted and no revenue received.

f. **All grants** - This area was **over budget** by \$9,251 in March and is **over budget** by \$17,901 for the year. The over run in March is due to higher ConAgra Home Food Safety (up \$8.3K) and higher Carry the Flame project (up \$2.1K). This is offset by lower Research grants (down \$1.1K)

g. **Sponsorships** – This area is **over budget by \$2,500** for March and is **over budget by \$37,152** for the year. This is higher in March due to the success of the Sponsorship program.

h. **Other** – This area was **over budget** by \$19,422 in March and is **over budget** by \$9,058 for the year. The majority of the over-run is due to PPW (up \$16.5K). Earlier in the year, the date for PPW was changed. This resulted in the need for a new hotel contract. Included in our contract, we were able to secure rebates for the hotel rooms and expenses incurred. Since this was not budgeted, it was an added benefit for PPW.

B. Expenses

a. **Personnel** – This area is **over budget** by \$14,058 for March and **over budget** by \$11,580 for the year. The over-run in March is due to a few factors. We did not capitalize as much expense in March. We received bills for temporary help that were for a few months. Unfortunately, accounting was unaware of the bills. This resulted in a part of the over-run. Finally, we had a few people leave the business recently and get their vacation pay. This was taken to expense. It should help reduce any additional expense associated with vacation time at the end of the year.

b. **Publications** – This area is **under budget** by \$287 for March and **over budget** by \$23,906 for the year. Even though this is close to budget, it has a few variances of significance. Costs for the Journal (up \$5.0K) and Traditional publications (up \$9.5K) are up. This is offset by lower National Nutrition Month merchandise costs (down \$9.0K), lower Food and Nutrition Magazine Costs (down \$3.7K) and lower across all other (down \$2.0).

c. **Travel** – This area was **under budget** by \$32,851 for March and **under budget** by \$160,436 for the year. The under-run in March is due to lower costs for Public Policy (down \$18.5K), Marketing (down \$10.7K) and Informatics (down \$4.1K).

d. **Professional Fees** - This area was **under budget** by \$26,450 for March and is **under budget** by \$495,739 for the year. The under-run in March is being driven by lower Marketing

(down \$24.6K), National Nutrition Month (down \$15.4K), Journal (down \$7.7K), Membership (down \$12.0K), Public Policy (down \$4.4K) and Research (down \$6.2K). This is offset by higher costs for the Web (up \$32.8K), Informatics (up \$10K), and Governance (up \$1K).

e. **Postage and Mailing Service** – This area is **under budget** by \$24,624 in March and **under budget** by \$67,951 for the year. This under-run in March is primarily due to lower costs for Traditional Publications (down \$12.5K), Membership (down \$9.3K), and Research (down \$2.1K).

f. **Office Supplies and Equipment** – This area is **over budget** by \$169 in March and **over budget** by \$11,223 for the year. There are no significant variances in March.

g. **Rent and utilities** - This area is **over budget by \$1,947** in March and **over budget by \$10,650** for the year. The over-run in March is due to higher utility costs than budgeted.

h. **Telephone and communications** – This is **over budget** by \$6,089 in March and **over budget** by \$26,565 for the year. The over-run in March is due to higher Washington and Chicago basic phone costs.

i. **Commissions** – This area is **on target** for the month of March. Nothing budgeted and nothing spent.

j. **Computer Expenses** – This area is **under budget** by \$3,685 in March and **under budget** by \$1,272 for the year. The under-run in March is due to lower Website costs.

k. **Advertising and Promotion** – This area is **under budget** by \$5,173 in March and **under budget** by \$17,245 for the year. The under-run in March is primarily due to lower National Nutrition Month (down \$6.5K), lower Traditional Publications (down \$1.7K), and lower all other (down \$0.5K) offset by higher Brand Promise (up \$3.5K).

l. **Insurance** – This area is **on target** for March.

m. **Depreciation** – This area is **over budget** by \$2,000 in March and **over budget** by \$5,000 for the year. This is due to anticipated higher capital for the web.

n. **Bank and trust fees** – This area is **over budget** by \$8,929 in March and **over budget** by \$13,464 for the year. The over-run in March is due to higher Investment trust fees (up \$5.4K) and higher Credit card fees (up \$3.5K).

o. **Other** – This area is **over budget** by \$15,831 in March and **under budget** \$42,953 for the year. The over-run in March is primarily due to higher costs for professional development (up \$9K), and Food and Nutrition Magazine (up \$9.0K), offset by under-runs across all other (down \$2.2K).

- p. **Expense allocation** – This area is **under budget** by \$2,179 in March because the Registry project supported by CDR under ran its budget. The result is the charge back to CDR was lower this month.
- q. **Meeting services** – This area is **under budget** by \$89,551 in March and is **under budget** for the year by \$306,695. The under-run in March is due to lower PPW (down \$78.8K), lower Affiliate Management (Down \$23.1K), Marketing (down \$4.5K) offset by higher costs for the board (up \$12.7K) and all other (up \$3.9K).
- r. **Legal and Audit** – This area is **under budget** by \$4,475 in March and **over budget** by \$4,670 for the year. The under-run in March is all due to lower legal fees.
- s. **Printing** – This area is **under budget** by \$19,034 in March and is **under budget** by \$65,657 for the year. The under-run in March is primarily due to Public Policy (down \$9.1K), Member Services (down \$4.3K), Research (down \$3.0K) and all other (down (\$2.6K).

As has been the case in the past few months, the Academy did not meet the operating targets primarily due to revenue shortfalls. However, adding into the equation the investment returns and the Academy is performing very well. Year to date, the Academy has nearly \$1.8M in Net Income. In addition, investment reserves sit above \$18.1M. Overall, there is some very good news inside the finances of the Academy. We hope it will continue for the final two months of the year.

I will stop here and provide additional information into the Foundation, CDR, ACEND, DPGS/MIGS and ANDPAC later. I hope this information is helpful.

Paul and Mary, I am on my way to Chicago right now. I will be at headquarters Friday afternoon and could conceivably leave the meeting for a conference call. I am just now getting to reviewing the presentation. The bad news is that my flight is delayed, but the good news is that I should have time to study the presentation.

If 2pm works for the two of you, I will plan on finding Paul and we can do the call together. Let me know if you have other suggestions? The meeting doesn't end until 5:15.

Paul and Donna,

This is Donna's budget and she should drive the discussion and questions. Of course that does not mean that I will not have thoughts.

I think it would help if we could talk about this together but with everything going on that may not work. Do you all have 30 minutes tomorrow after 2P Central? I can do a conference call from my work phone if you let me know the best numbers to call.

If this doesn't work, no worries. I am sure the FAC members will voice their questions and I'm

confident we can get them answered effectively.

Donna, what time do you arrive on Tuesday night? Remind me here you'll stay? If it's the Burnham we can eat at the Atwood, which is always great, or try another spot if you prefer.

Mary,

Donna,

Here is a draft of the budget presentation. It isn't complete and I am waiting for additional input. Take a look and let me know if anything is concerning before it goes out to the entire Committee. Also, if it generates any questions that I should address before it goes to the Committee. Please don't share this with anyone yet. My goal is to make sure it clear. If it isn't, it will make it more difficult at the meeting next week.

Thanks

Paul

Dear Donna,

As an Academy of Nutrition and Dietetics member, you're automatically eligible for an *exclusive* rewards card you simply can't get anywhere else.

It's the NEW Academy ATIRAccredit Rewards MasterCard®.

Our new Academy Platinum Rewards MasterCard grants you *instant access* to money-saving benefits and generous rewards, including:

- EARN A POINT FOR EVERY DOLLAR** - Spend a dollar, and earn a point. *It's that easy.*
- DOUBLE POINTS** - You'll automatically earn *DOUBLE* rewards points on every purchase for the first 60 days.
- MILLIONS OF REWARD OPTIONS** - You can choose from merchandise, travel and even cash back rewards.
- NO ANNUAL FEE** - You'll never pay an annual fee, so carrying your new Rewards MasterCard costs you nothing.

Activate your Academy Platinum Rewards MasterCard today. That way you can immediately start saving money and earning rewards.

Sincerely,

The Academy Membership Team
Membership@eatright.org

Credit approval required. Double reward points offer valid for 60 days from account-origination. The ATIRAccredit Card is issued by TMG Financial Services, Inc. pursuant to a license by MasterCard International Incorporated. Attachment:

Hi Donna and Sheila,

Just a friendly reminder that we have our practice webinar on Monday (10am CST/11am EST/8am PST)—please register below. The final slide deck is in dropbox—Donna has access to the folder, and I just sent an invite to you, Sheila. Although I will be advancing the slides, you will want to print your notes pages from this slide deck. Sheila, just FYI—Feeding America requested that the nutrient checklist slides at the end of your presentation be taken out and replaced with generic take-action slides about “map the meal gap” and how to contact your food bank—these changes are reflected in this final slide deck.

Please be sure to use the headsets I shipped you.

Thank you!

Lisa

Subject: Finance and Audit committee meeting on Wednesday, April 24th and Thursday, April
25th.

All,

The face to face meeting for the Finance and Audit Committee is approaching. The information
will begin to be put onto the portal tonight. You will be notified by Maria for each piece that will be
provided. We have a great deal of information to go through. Therefore, we will begin our
meeting on Wednesday at 8 a.m. We did not include breakfast because your hotel will provide
that to you. We believe the meeting should be completed by noon on Thursday.

We will have guests at the meeting. Al Bryant from Segall, Bryant and Hamill will be joining us to
address the investment markets. That should be an interesting conversation. Also joining us will
be Robert Wessel from Central Insurance. Robert has been Academy's insurance agent for
longer than I have been here. He will go over our insurance coverage. Finally, the audit team
from Plante Moran will be attending to discuss the 2013 Audit and Tax plan. Genevieve Burns
and Jim Hagestad will be joining us. They will be bringing David Lowenthal to address the current

state of the Healthcare Reform Act. Since we are fast approaching implementation, we thought it would be helpful to get an update on the affects of the Act.

As is our custom, the incoming President Elect (Sonja Conner) and incoming Speaker Elect (Elise Smith) will be joining us in Chicago. In addition to Sonja and Elise, I am "ccing" the remaining new Committee members for the 2014FY. The new members will be;

1. Kathy McClusky – Incoming Foundation Chair
2. Milton Stokes – HOD At Large Member
3. Nancy Wooldridge – CDR representative
4. Anne Kendall – ACEND representative

Please join me in welcoming our incoming members. Returning will be both Donna Martin and Robin Fellers to round out our FY14 Committee. To those of you who will not be in Chicago with us, you are welcome to join us via Webex. I will have Linda Serwat reach out to you to see if you would like to listen/view to all or part of the meeting. Regardless of your availability, we will provide you access to the meeting information on the Academy FAC portal. This information should remain confidential unless otherwise directed.

Over the next couple of days, I will also be providing to you the normal narrative for the March Financials. If you have any questions or concerns, please let me, Linda, Maria or Christian J know at extension 4730, 4731, 4886 and 4824 respectively. You can also email me directly.

This is a reminder that the upcoming Board of Directors orientation and business meeting is soon approaching.

The joint orientation for incoming Board and Foundation members is scheduled for May 14-15 at Academy headquarters, 120 South Riverside Plaza, Suite 2000. The orientation will begin at noon on Tuesday, May 14 and is expected to adjourn at 5:00 pm on Wednesday, May 15. Current and incoming Academy Board members attending the orientation meeting are Sonja Connor, Diane Heller, Nancy Lewis, Donna Martin, Glenna McCollum, Elise Smith and the newly appointed incoming Foundation Board members attending are Kathy McClusky and Jean Ragalie.

Reservations have been made at the Hotel Burnham, One W. Washington Street, for arrival on May 14 for those attending the orientation, unless you request otherwise. Your hotel room will be master-billed, but you will be asked to pay for incidentals.

The Academy Board of Directors meeting will be held on May 16-17 at headquarters. Reservations have been made at the Hotel Burnham for arrival on May 15, unless you requested otherwise. The meeting will convene at 8:00 am on Thursday, May 16 and will adjourn on Friday, May 17 at 12:00 pm. We welcome incoming Academy Board member Sonja Connor who will audit the meeting.

Please make your travel arrangements at <https://adatvl.axo20.com/> and enter account code 1032430. If you have any questions, please contact me at jschwaba@eatright.org.

Thank you!

All,

The face to face meeting for the Finance and Audit Committee is approaching. The information will begin to be put onto the portal tonight. You will be notified by Maria for each piece that will be provided. We have a great deal of information to go through. Therefore, we will begin our meeting on Wednesday at 8 a.m. We did not include breakfast because your hotel will provide that to you. We believe the meeting should be completed by noon on Thursday.

We will have guests at the meeting. Al Bryant from Segall, Bryant and Hamill will be joining us to address the investment markets. That should be an interesting conversation. Also joining us will be Robert Wessel from Central Insurance. Robert has been Academy's insurance agent for longer than I have been here. He will go over our insurance coverage. Finally, the audit team from Plante Moran will be attending to discuss the 2013 Audit and Tax plan. Genevieve Burns and Jim Hagestad will be joining us. They will be bringing David Lowenthal to address the current state of the Healthcare Reform Act. Since we are fast approaching implementation, we thought it would be helpful to get an update on the affects of the Act.

As is our custom, the incoming President Elect (Sonja Conner) and incoming Speaker Elect (Elise Smith) will be joining us in Chicago. In addition to Sonja and Elise, I am "ccing" the remaining new Committee members for the 2014FY. The new members will be;

1. Kathy McClusky – Incoming Foundation Chair
2. Milton Stokes – HOD At Large Member
3. Nancy Wooldridge – CDR representative
4. Anne Kendall – ACEND representative

Please join me in welcoming our incoming members. Returning will be both Donna Martin and Robin Fellers to round out our FY14 Committee. To those of you who will not be in Chicago with us, you are welcome to join us via Webex. I will have Linda Serwat reach out to you to see if you would like to listen/view to all or part of the meeting. Regardless of your availability, we will provide you access to the meeting information on the Academy FAC portal. This information should remain confidential unless otherwise directed.

Over the next couple of days, I will also be providing to you the normal narrative for the March Financials. If you have any questions or concerns, please let me, Linda, Maria or Christian J know at extension 4730, 4731, 4886 and 4824 respectively. You can also email me directly.

All,

The documents for our face-to-face FAC meeting scheduled April 24-25, 2013 are loaded into the portal.

We are missing two agenda items FY2014 Budget overview and FY2013 Audit and Tax Plan

Folder name "April 24-25, 2013 meeting"

Please login on the portal using the link <http://ada.portalxm.com> and enter your e-mail address and password.

If you have any questions or problems login in, please contact Linda Serwat at extension 4731.

Talk to you soon

PS. For those of you with no access to the Academy portal, we will provide instruction and password tomorrow morning.

Thanks, I am really excited about working with your whole team!!! If we could move it to Monday and Tuesday of that week that would be the best. Then we could travel on Sunday. Do you think that would work? I do not want to rush you getting the budget together anymore than you already have to rush now.

Sent from my iPhone

On Apr 17, 2013, at 5:09 PM, Paul Mifsud <PMifsud@eatright.org> wrote:

Donna,

We will make the change on the calendar. If you need us to move it out of this week, let me know and I will do so. As for the orientation; I expect to do it by Webex so you don't have to be here.

As I mentioned previously, you don't need to attend. I can imagine your schedule has already become property of the Academy. The last thing you need is another meeting!!!! J You probably have seen my e-mail welcoming everyone. I won't recount the new members. However, those moving off of the Committee are as follows;

1. Mary Russell
2. Glenna McCollum
3. Diane Heller
4. Nancy Lewis
5. Mary Etta Moorachian
6. Elaine Molaison
7. Annalynn Skipper

It will be nearly a new Committee. The good thing is the incoming members have FAC experience. Sonja Connor, Elise Smith and Kathy McClusky all have been on the Committee previously. It will help as we move into FY14. I will be in touch soon. If you need anything please let me know.

Paul

Paul, The day and time for the conference call is good with me. The only thing I would ask is if we could keep away from the Thursday/Friday dates in April for the annual meeting. I have a house full of company that comes in on Thursday night to my house for a golf tournament. Could we do Wednesday and Thursday again (April 23 and 24)? I do not think I need to be there for the orientation in May, unless we can do it around the time I am there for the Board Meeting. I will be there May 13-16 for board orientation and the board meeting. Maybe during board orientation? If it does not work out that is fine.

Can you tell me what position the new members hold in the Academy and who will be rotating off?

The Masters was unbelievable this year. The weather and the winner were both perfect!!! I will give you more details when I see you next week.

Donna,

A couple of things; First, I am attaching a draft of the 2014 FAC calendar. We kept to the last Wednesday of the month with exception of December. We also retained the time at 1 p.m. Central Time. Let me know if this is still a good day and time for you. Secondly, we have three new members to the Committee that are entirely new to the process; Milton Stokes, Nancy Wooldridge and Anne Kendall. I will be reaching out to them to set up a hour of time to provide an orientation. You don't have to attend. However, you are always welcome too. So, if there is a time or day that you would like me to stay away from, please let me know. I will attempt to get this scheduled sometime in May.

I hope you had a great time at the Masters.

Mary,

Donna,

Here is a draft of the budget presentation. It isn't complete and I am waiting for additional input. Take a look and let me know if anything is concerning before it goes out to the entire Committee. Also, if it generates any questions that I should address before it goes to the Committee. Please don't share this with anyone yet. My goal is to make sure it clear. If it isn't, it will make it more difficult at the meeting next week.

Thanks

Paul

Subject: RE: Board Orientation

Thanks Paul! Sorry for the delay. Slides look terrific. Just a few coments:

slide 6: FAC and BoD don;t really "review" the financial reports for ACEND and CDR;

Technically, we do. Even though we do not get into specifics or much detail, having the information available is important. I did change the note to the following;

****Financial reports are included for the ACADEMY, ANDF, CDR, ACEND, DPGs, MIGs, and ANDPAC. Depth of review is dependent upon the level of autonomy provided to the organization.***

slide 9: do we need to clarify anything about the audits of CDR and ACEND "books" re role of staff in "reviewing"?

Since the audit covers everyone, I think it would be appropriate to include a note at the bottom. I added this footnote;

***Audit is comprised of the Academy, ANDF, CDR, DPGs, MIGs and ANDPAC**

slide 13: I don't think it is correct to say that the Academy budget is prepared "under the direction of" the FAC and BoD--we really don't see it till it's done although of course can make suggestions for changes;

In this case, I would leave it alone. Technically, it is under the guidance and direction of the FAC and Board. You have the right to insert control over the budget process anytime and you frequently do. Over the past few years, this hasn't been necessary. However, in the past it has. So, what we are really addressing is the right to manage it. Since you have this right, I would not change the slide.

slide 21: do we review the performance of the investment manager annually? Am I crazy that I don't recall doing this. And when are we next due for an RFP for management of the funds?

Each time AI presents to the FAC, he provides his results against the benchmarks. We do this about twice a year. This would be a review of his performance. At the FAC meeting in the spring, we talk about his performance. Maybe we need to make this more formal. As for the RFP, the policy says the RFP should go out at least once every 10 years. It has been about 5 since the last one. We can always send it out again before 10 years if we are not happy.

I am fine with using this deck with possibly a few adjustments if needed to address the items above.

On another topic, I am coming to HQ Wednesday about 8:45 to record the HoD presentation. Anna and I worked on it (with me on the phone from work) last week and it was not optimal. It worked out well for me to come in on 4/10 and Anna arranged with the IT guys for me to record it in the small conference room.

DATE: April 9, 2013
TO: Board of Directors
FROM: Sylvia Escott-Stump

Academy Nominating Committee

escottstumps@ecu.edu

SUBJECT: Academy Leadership Database

I am writing to thank you for your support of the recent national election by submitting names of potential candidates for the ballot and encouraging members to vote. Your input is vital in identifying future leaders and developing a slate of candidates best qualified to lead the Academy.

The work of finding future leaders is an ongoing process. The Nominating Committee maintains a leadership database to identify those members with the appropriate skills for positions within the Academy. Because our future success requires a diverse leadership pool, we need your help in encouraging your members to let us know of their interest in serving in an elected or appointed position within the Academy.

To do this, members can click on <http://www.eatright.org/elections> and scroll down to “Volunteer and Leadership Opportunities” and select “Leadership Database” to learn more and submit their names.

In the next few months, please consider members’ names to submit for leadership positions on the 2014 national ballot.

2014 Ballot Positions

President-elect
Treasurer-elect
Director-at-Large
Speaker-elect
HOD Director
HOD At-Large Delegate - 30 yrs of Age and Under
HOD At-Large Delegate - Retired
Nominating Committee
CDR – RD
CDR – RD Board Certified Specialist in Renal Nutrition
ACEND – Practitioner Representative, RD

Thank you again for your support!

Hi Donna.

We look forward to working with you on the Academy Foundation Board. I know we previously sent you save the date information for all Academy Foundation Board Meetings beginning June 1, 2013, but wanted to be sure you had the dates for the Academy and Academy Foundation Board Orientation on **May 14 – 15, 2013 in Chicago**. The orientation covers a comprehensive overview of the Academy's strategic direction and current programs, projects and services. Since you are currently on the Academy Board, are familiar with all of these areas and recently went through this orientation, your attendance is optional. Of course, we'd love for you to join us, especially since you will be here for the Academy Board Meeting on the 16th and 17th. Please let me know if you are planning to attend so I can communicate this to Joan and Jeri to ensure you get all the necessary information regarding travel and other logistics. Thanks.

Subject: RE: Board Orientation

Thanks Paul! Sorry for the delay. Slides look terrific. Just a few coments:

slide 6: FAC and BoD don;t really "review" the financial reports for ACEND and CDR;

Technically, we do. Even though we do not get into specifics or much detail, having the information available is important. I did change the note to the following;

****Financial reports are included for the ACADEMY, ANDF, CDR, ACEND, DPGs, MIGs, and ANDPAC. Depth of review is dependent upon the level of autonomy provided to the organization.***

slide 9: do we need to clarify anything about the audits of CDR and ACEND "books" re role of staff in "reviewing"?

Since the audit covers everyone, I think it would be appropriate to include a note at the bottom. I added this footnote;

***Audit is comprised of the Academy, ANDF, CDR, DPGs, MIGs and ANDPAC**

slide 13: I don't think it is correct to say that the Academy budget is prepared "under the direction of" the FAC and BoD--we really don't see it till it's done although of course can make suggestions for changes;

In this case, I would leave it alone. Technically, it is under the guidance and direction of the FAC and Board. You have the right to insert control over the budget process anytime and you frequently do. Over the past few years, this hasn't been necessary. However, in the past it has. So, what we are really addressing is the right to manage it. Since you have this right, I would not change the slide.

slide 21: do we review the performance of the investment manager annually? Am I crazy that I don't recall doing this. And when are we next due for an RFP for management of the funds?

Each time AI presents to the FAC, he provides his results against the benchmarks. We do this about twice a year. This would be a review of his performance. At the FAC meeting in the spring, we talk about his performance. Maybe we need to make this more formal. As for the RFP, the policy says the RFP should go out at least once every 10 years. It has been about 5 since the last one. We can always send it out again before 10 years if we are not happy.

I am fine with using this deck with possibly a few adjustments if needed to address the items above.

On another topic, I am coming to HQ Wednesday about 8:45 to record the HoD presentation. Anna and I worked on it (with me on the phone from work) last week and it was not optimal. It worked out well for me to come in on 4/10 and Anna arranged with the IT guys for me to record it in the small conference room.

So, what we are really addressing is the right to manage it. Since you have this right, I would not change the slide.

slide 21: do we review the performance of the investment manager annually? Am I crazy that I don't recall doing this. And when are we next due for an RFP for management of the funds?

Each time AI presents to the FAC, he provides his results against the benchmarks. We do this about twice a year. This would be a review of his performance. At the FAC meeting in the spring, we talk about his performance. Maybe we need to make this more formal. As for the RFP, the policy says the RFP should go out at least once every 10 years. It has been about 5 since the last one. We can always send it out again before 10 years if we are not happy.

I am fine with using this deck with possibly a few adjustments if needed to address the items above.

On another topic, I am coming to HQ Wednesday about 8:45 to record the HoD presentation. Anna and I worked on it (with me on the phone from work) last week and it was not optimal. It worked out well for me to come in on 4/10 and Anna arranged with the IT guys for me to record it in the small conference room.

Mary

Mary,

It is that time of year again... Board orientation. In the past we have provided a ton of stuff along with a presentation. So, I am attaching the presentation to see if you think we should use it again. It has been updated. Let me know.

Paul

Thanks Paul! Sorry for the delay. Slides look terrific. Just a few comments:

slide 6: FAC and BoD don;t really "review" the financial reports for ACEND and CDR

slide 9: do we need to clarify anything about the audits of CDR and ACEND "books" re role of staff in "reviewing"?

slide 13: I don't think it is correct to say that the Academy budget is prepared "under the direction of" the FAC and BoD--we really don't see it till it's done although of course can make suggestions for changes

slide 21: do we review the performance of the investment manager annually? Am I crazy that I don't recall doing this. And when are we next due for an RFP for management of the funds?

I am fine with using this deck with possibly a few adjustments if needed to address the items above.

2621. Re: Board survey

From: Donna Martin <dmartin@burke.k12.ga.us>
To: Paul Mifsud <PMifsud@eatright.org>
Sent Date: Apr 05, 2013 14:01:12
Subject: Re: Board survey
Attachment: [TEXT.htm](#)

Paul, I do not know how I did only one part, but I just completed the other 3 parts. The weather is looking good for the beginning of the week, but not so good for the weekend. Chance of rain from Friday through Sunday. You cannot imagine what havoc that plays for the tournament. I will be packing and cleaning all weekend to get out of our house by Monday evening. The rest of the week I have off, and I am hoping to get some rest. You know how that goes, "the best laid plans of men and mice"! Thanks for the reminder on the survey!!

Donna,

I hope the weather is warming up!!! Especially for the Masters. When I was in Hilton head last week, it was very cold!! In any event, I am doing some housekeeping. The Board survey closes today (I will keep it open for the weekend). On my report, it says you completed the first section, but, did not complete the other three. If you this is not correct, let me know. If you are going to complete the other three sections, it will stay open until Monday morning.

Have a great weekend and let me know if you need anything.

Paul

The Academy has made history – again! Miranda Shearin, RD, of Stafford, VA, recently became the Academy of Nutrition and Dietetics' 74,000th member. We will share this information with members in this week's *Eat Right Weekly*. A great deal of hard work by members and the Headquarters team alike – recruiting members, making membership even more valuable and spreading the word about the Academy – continues to make a difference. Unlike many other professional organizations, the Academy's membership is growing. We anticipate ending FY13

with close to 75,000 members!!

Thank you for your direction and support in guiding the Academy to our latest landmark.

Best regards,

Pat

Subject: Great news!

The Academy has made history – again! Miranda Shearin, RD, of Stafford, VA, recently became the Academy of Nutrition and Dietetics' 74,000th member. We will share this information with members in this week's *Eat Right Weekly*. A great deal of hard work by members and the Headquarters team alike – recruiting members, making membership even more valuable and spreading the word about the Academy – continues to make a difference. Unlike many other professional organizations, the Academy's membership is growing. We anticipate ending FY13 with close to 75,000 members!!

Thank you for your direction and support in guiding the Academy to our latest landmark.

Best regards,

Pat

Subject: Great news!

The Academy has made history – again! Miranda Shearin, RD, of Stafford, VA, recently became the Academy of Nutrition and Dietetics' 74,000th member. We will share this information with members in this week's *Eat Right Weekly*. A great deal of hard work by members and the Headquarters team alike – recruiting members, making membership even more valuable and spreading the word about the Academy – continues to make a difference. Unlike many other professional organizations, the Academy's membership is growing. We anticipate ending FY13 with close to 75,000 members!!

Thank you for your direction and support in guiding the Academy to our latest landmark.

Best regards,

Pat

2644. Celebrate National Preceptor Month

From: Academy of Nutrition and Dietetics <preceptor@eatright.org>
To: Donna <DMartin@burke.k12.ga.us>
Sent Date: Apr 01, 2013 15:43:45
Subject: Celebrate National Preceptor Month
Attachment:

Having trouble viewing this e-mail? View it in your browser.

As the demand for dietetic internships has increased, highly qualified students aren't getting positions, not because they don't have good grades or varied work experiences, but simply because too few dietetic internship positions are available. The profession needs more practitioners who are willing to train and serve as positive role models, to assure that all qualified students can complete their education and sit for the registration exam.

The Accreditation Council for Education in Nutrition and Dietetics (ACEND) and the Nutrition and Dietetic Educators and Preceptors (NDEP) DPG are working with the Academy to increase our efforts to locate practitioners who are interested in teaching dietetic students. To kick start our preceptor recruitment campaign, we are proud to announce that the leadership of the Academy has declared **April to be National Preceptor Month!**

We are asking all members to pay it forward. Remember how valuable your preceptor was? Make that same impact on a student by helping them continue down their career path.

Create Tomorrows Leaders - Become a preceptor today!

Learn more at www.eatright.org/preceptors.

Subject: It's Been a Great Month!

Greetings,

As March -- National Nutrition Month -- comes to an end, I join with the Headquarters Team in wishing you a safe and peaceful holiday: Happy Easter and chag sameach -- a joyous Passover. March was a wonderful month for the Academy and our members. During National Nutrition Month we celebrated the sixth annual Registered Dietitian Day; rang the Opening Bell at NASDAQ; and announced the new option for all registered dietitians to begin using the credential registered dietitian nutritionist. It was quite a month! And just yesterday, one of our most dedicated champions in Washington, D.C., Agriculture Secretary Tom Vilsack, spotlighted National Nutrition Month in outlining the USDA's efforts "to raise a healthier generation of Americans" and "increase access to affordable and healthy food." I know you join me in thanking Sec. Vilsack for his generous "shout-out" to the goals and activities of National Nutrition Month.

My continued thanks for all you do to advance the Academy, our Foundation and the dietetics profession.

Best regards,

Pat

2651. RE: Presentation for HOD

From: Paul Mifsud <PMifsud@eatright.org>
To: peark02@outlook.com <peark02@outlook.com>, DMartin@Burke.k12.ga.us <DMartin@Burke.k12.ga.us>
Sent Date: Mar 29, 2013 09:25:05
Subject: RE: Presentation for HOD
Attachment:

Mary,

We have done something like this in the past. I think this is valuable as the life time value of a member. I am going from memory, but, I think Barbara Visocan puts something like below into the membership renewal. Our last calculation of the lifetime value of a member was \$3,119. This is calculated by taking the dues projected for the number of years an average member retains membership and then adding in purchases over the same period of time. This represents the value of an average member. Some will be much higher due especially those who stay longer than the average. Some will be smaller. In any event, it hasn't been updated in a two years and I would like to do so.

Have a great Easter and we will talk next week. I am off to the beach. It is 46 degrees and sunny. Yipppppeeeee!

Paul

Thanks Paul and Donna-great presentation.

Re member value---on a membership committee conference call w/ A.S.P.E.N., yesterday the group discussed this list of the items provided with membership that add major value. I am sure that the Academy has something even more specific than this. Thought I'd share as just an FYI.

Have a wonderful Easter.

Mary

A.S.P.E.N. is always working hard to support our members and provide additional benefits for belonging to the organization. But you may be wondering: what exactly do I receive in exchange for my dues payment? As a member of A.S.P.E.N. you'll be able to take advantage of these highly valued benefits at no cost to you:

Subscriptions to JPEN and NCP

\$310

Coming soon: Journal CE

\$90

Guidelines and Standards Library

\$200

Clinical Practice Toolkits

\$300

Evidence Analysis Library access

\$400

ASPENConnect

\$200

Clinician's Compendium to Nutrition Support Therapy

\$49

Lecture of the Month

\$49

These benefits alone represent a savings of over \$1,500!

We also offer the following exclusively to our members:

Rhoads Research Foundation Grants

National Honors and Awards

Discounts on products and registrations

Discipline- and specialty-section memberships

Full access to www.nutritioncare.org

Mary,

Donna,

Here is the final version of the presentation. I made a few cosmetic changes. Mostly to eliminate the periods in the headers. I won't be able to put in a slide about the lifetime value of a member.

We haven't updated it in a while and I would like to do that before communicating anything. Given the timeframe, I am concerned about a mistake. So, we will have to use it next time. If you would take one last look at this and let me know if I can release it to Anna, I would appreciate it.

Illinois Licensure Clarified for Members

Inaccurate information regarding Illinois' Dietitian Nutritionist Practice Act has recently been published, leading to confusion among Academy members. To clarify, Illinois retained its licensure through the normal state licensure sunset process. The Dietitian Nutritionist Practice Act (formerly the Dietetic and Nutrition Services Practice Act) was passed and signed into law in December 2012. The Illinois Dietetic Association continues working to implement the statute to protect the public.

2658. Call for Participation in the Development of National Essential Practice Competencies

From: Commission on Dietetic Registration <cdr@eatright.org>
To: DMartin@burke.k12.ga.us
Sent Date: Mar 27, 2013 16:14:12
Subject: Call for Participation in the Development of National Essential Practice Competencies
Attachment:

Having trouble viewing this e-mail? [Click here to view it in your browser.](#)

Call for Participation

The Commission on Dietetic Registration (CDR) is seeking your help in developing essential practice competencies. CDR is collaborating with the Academy of Nutrition and Dietetics Quality Management Committee to develop *Essential Practice Competencies for CDR Credentialed Nutrition and Dietetics Practitioners (Practice Competencies)*. The goal is to transition the Professional Development Portfolio (PDP) from learning need codes to competency-based recertification.

CDR is looking for registered dietitians (RDs) and dietetic technicians, registered (DTRs) from across the United States who are currently practicing the profession to take part in a very interesting initiative focused on developing Essential Practice Competencies.

You are invited to participate in one of ten two-hour interactive webinars to provide input into the development of the Essential Practice Competency outline. Participants will be awarded two (2) Continuing Professional Education Units (CPEUs) for taking part in the two-hour webinars. We suggest learning need codes 1000 and 1010 as applicable codes for this CPE activity.

Competencies define the essential knowledge, skill, judgment and attitude requirements across practice and within focus areas that are required to provide competent, ethical and safe practice. Competencies provide a structured guide enabling the identification, evaluation and development of the behaviors in an individual required for competent professional practice. Following consideration of the evidence-based literature, CDR determined that national competencies would provide a solid foundation for PDP learning codes. Mapping PDP learning codes and future PDP resources to competencies provides clear expectations and criteria for demonstrating competence by RDs and DTRs.

The first step in this project involves obtaining feedback from CDRs registrants on the draft framework and ensuring that Practice Competencies reflect current practice and changes in the practice environment.

How You Can Help

CDR and the Academys Quality Management Committee are currently developing the Practice Competency framework and outline and **are seeking input from both RDs and DTRs to participate in a two-hour-long national interactive webinar.**

During the webinar, participants will work from the draft framework and outline to identify gaps based on a review of the current PDP learning codes and the Academys Standards of Practice for RDs and DTRs.

Our Request

CDR invites you to participate in ONE (1) webinar during the weeks of April 23, May 1 or May 15, 2013. The ten (10) possible dates and times are listed in the attached Expression of Interest Form.

If you are interested and able to participate in the project, ***please click on the link below to access, the writeable PDF, Expression of Interest Form.***

http://www.icompconsultingdemo.com/mailout/Expression_of_Interest_Form.pdf

After you have completed this two-page form and indicated your availability for **ALL** of the listed dates, save it, and forward it **to** CDRs Project Coordinator Leanne Worsfold of iComp Consulting at mailout@icompcounseling.ca. **by Thursday April 11, 2013.** Please include in the email subject line the following heading: **CDR Competencies Development Webinar.**

Confirmation

A confirmation email will be sent to you with webinar details by April 16, 2013.

Thank you very much for your consideration of this call for participation, and for your interest in ensuring that these competencies are relevant and current to your practice.

You are currently subscribed to receive CDR portfolio related e-mails from the Commission on Dietetic Registration. If you prefer not to receive future e-mails, simply follow this link to unsubscribe.

2659. Webinar Tomorrow: "Promoting Physical Activity: What Dietitians Can Do"

From: Georgia Academy of Nutrition and Dietetics <info@eatrightgeorgia.org>
To: dmartin@burke.k12.ga.us
Sent Date: Mar 27, 2013 11:25:25
Subject: Webinar Tomorrow: "Promoting Physical Activity: What Dietitians Can Do"
Attachment:

Promoting Physical Activity: What Dietitians Can Do

Thursday, March 28, 12:00 pm
Meeting Number: 743 343 500
Meeting Password: gand

Teleconference information
Call-in: 877.848.7030
Access Code: 8205386

IMPORTANT: The webinar includes music; and the presenter will suggest some movement during the presentation. With that in mind, please be sure to use a headset or adjust speakers, if noise is a concern. Additionally, you may want to join the webinar in an area where you have space to move!

Join the online meeting:
<https://eatright.webex.com/eatright/j.php?ED=202968382&UID=498650907&PW=NNjEzZjc4YjYz&RT=MjMxMQ%3D%3D>

Healthcare providers, specifically dietitians, can play an important role in promoting physical activity and weight loss among their overweight and obese patients. This interactive session will feature case studies in which attendees will apply motivational interviewing techniques to enhance patient motivation for physical activity.

Learning Objectives:

- * Convey the importance of integrating specific physical activity concepts in the context of counseling about energy balance and dietary intake.
- * Enhance the nutrition counselor's ability to use client-centered counseling techniques to motivate clients' to make physical activity changes using case studies.
- * Improve understanding of physical activity concepts through experiential movement sessions to demonstrate exercise dose and intensity.

Presented by Debra Kibbe, Senior Research Associate in the Georgia Health Policy Center at Georgia State University.

1 CPE has been approved for this webinar

Good Morning Everyone:

From a traveling perspective, the FAC meeting will start around 8:00 am on Wednesday and end around 12:00 pm on Thursday.

Linda

Good Morning:

As on your FAC calendar, the AND Finance and Audit Committee is scheduled to hold a face-to-face meeting at the Chicago Headquarters Office on Wednesday and Thursday, April 24th and 25th, 2013, respectively.

Directly following this email, you will receive your individual travel form. Please follow the procedures.

Also I need to know if you will be attending the meeting, and if you will need 2 nights at the hotel, which would be April 23 and April 24. I will make your room reservations and send you your

confirmation, as the meeting gets closer.

If you have any problems or if you have any questions, PLEASE do not hesitate to contact me. If I don't know the answer, I will find out for you.

Thanks,

Linda

Subject: Save the Date: Board of Directors Retreat
Attachment: [image001.jpg](#)
[Board Calendar 2013-14 \(3-20-13\).doc](#)

An updated Board of Directors meetings calendar is attached. We have confirmed that the Board retreat will occur July 22 – July 24 in Annapolis, MD at the Annapolis Loews Hotel. The tentative schedule follows.

- Sunday, July 21 Arrive in Annapolis
- Monday, July 22 8:00 am – 3:00 pm meeting
3:00 pm – Networking event and group dinner
- Tuesday, July 23 8:00 am – 3:00 pm meeting
3:00 pm – Networking event and group dinner
- Wednesday, July 24 8:00 am – 12:00 pm

You will need to fly into the Baltimore/Washington International Airport on Sunday, July 21 and depart on Wednesday, July 24 after 12:00 pm. The airport is located approximately 30 minutes (24 miles) from the hotel. The Executive Office staff will make your hotel reservations at the Annapolis Loews Hotel for arrival on Sunday, July 21 and departure on Wednesday, July 24. Your

hotel room will be master-billed; you will be asked to pay for incidentals.

Please feel free to make your travel arrangements.

Booking Your Travel Online - click on this link: <https://adatvl.axo20.com/>

- 1) *Book your travel whenever possible Monday through Friday between the hours of 7 a.m. and 3 p.m. CT.*
- 2) *Log in to your account using the User ID and Password you created when setting up your profile.*
- 3) *Search for and select your flights (book “non-refundable” fares only)*
 - a. *You have the option of searching by “Price” or “Schedule”.*
 - b. *Click on your preferred airline if you only want to view their fares.*
- 4) *When asked to “Name your trip”, you are required to enter the Meeting Name –**Board Retreat***
- 5) *When you reach the **Purchase Trip** page, enter **1032430** into the **Approval Code** box in the **Reporting Information** section.*
- 6) *When you reach the Payment Options section, be sure to choose the “**Use a Stored Card**” option to ensure your Academy paid travel is billed correctly.*
- 7) *If you need assistance, call the support team at 800/238-9049, press “1” when prompted.*

Thank you!

Subject: Re: SNS DPG recognition at PPW

Mary Pat, I just wanted to officially say thank you for all you did for me at PPW. The award was such a surprise, and I am most humbled by it. I especially love getting it from Janey Thornton, who I admire so much. Know that I will continue to support all the wonderful things that you do for the Academy in anyway I can. PPW was absolutely amazing and fantastic! I am so glad we decided to do it even if it was "technically" a money loser for the Academy. I think the Academy more than got it's money worth by having it! Hope you have recovered!

>>>Mary Pat Raimondi <mraimondi@eatright.org> 2/24/2013 5:04 PM >>>

Hello!

I am excited to be able to recognize the work of SNS with yeoman's work of implementing the Healthy Hunger Free Kids Act. This well deserved recognition will be on Sunday during lunch presented by Janey Thornton. I am hoping that Donna Martin will be able to extend her stay post the BOD meeting and attend this session. I understand though how busy everyone is!

How does this look for the format

- Introduction of Dr. Thornton- Teresa Nece
- Dr. Thornton presentation to SNS DPG representative Julie Skolmowski
- CBS news clip featuring Donna Martin's program
- Recognition of Donna Martin and other SNS members and final comments by Teresa Nece

The letter dated December 6, 2010 to Susan Shapiro and the Progressive Dietitian group was included in the recent Board packet (see attachment), and responded to their request for a Registered Nutritionist credential. I sent a specific communication to them after our RDN decision, acknowledging their foresight and thanking them for their input. Please see the e-mail stream below and Susan's gracious reply. I'm hopeful this will lead the group closer to the Academy, knowing we listen to and respect their viewpoints.

Susan,

Thanks again for your communication to us in 2010 which helped move this change along. In answer to your question, the RDN is a professional designation and the legally protected property of the Academy and CDR. Please let me know of any other ideas you want us to consider. I'm thrilled to see you are using the credential!

Best regards,

Pat

Dear Pat,

This is pretty incredible! Thanks for the information. I do hope that this will help put the RD in the driver's seat as the expert for nutrition information and helps clarify us from "nutritionists"....will be good to see how the public reacts! Is this in any way a legal term or is this just a title that RD's give themselves. Am just reading this now and wanted to get back to you since you were so kind to send this to me. I will read what is in the other information.

Again great work! And thanks for the compliment.

Best,

Dr. Susan Shapiro

Dear Susan,

Thank you very much for your letter in 2010 that prompted the Academy to begin exploring the possibility of using the "Registered Dietitian Nutritionist" (RDN) credential. I am pleased to share with you that the Academy's Board of Directors and the Commission on Dietetic Registration have taken a historic step: Registered dietitians now have the option to use the credential "registered dietitian nutritionist (RDN)." This announcement was made today in conjunction with the celebration of Registered Dietitian Day 2013. Below is the blast email from Academy President

Ethan Bergman that was distributed to all RDs informing them of this new option. The information has also been shared in this week's Eat Right Weekly, through various Academy social media channels and in a press release. More information about the new credential is available at www.eatright.org/RDN.

We truly appreciate your dedication to the profession and your commitment to the Academy. Please do not hesitate to contact me with any questions or comments.

Sincerely,

Pat

Subject: 2014 Fiscal Year Board survey due by April 5th, 2013

All,

As Mary Russell addressed at the Academy Board meeting in March, the Academy staff and the Finance and Audit Committee need the Board's assistance to finalize the Academy program of work for the 2014 Fiscal Year. Therefore, we are asking that you complete a survey containing those programs that could be modified or eliminated. This list will not include everything funded by the Academy. Programs such as Human Resources, Accounting and Finance, Occupancy, etc., are considered programs that would be difficult to prioritize. However, wherever possible, these programs will continue to be modified to help maintain and/or reduce costs.

The survey can be found in the following location; <http://www.eatright.org/board/survey/>

You will need to log into the website. If you have any problems logging into the website (or need your ID and password) please contact me or Robert Miller immediately. Since I will be out of the office next week, contacting Robert at extension 4710 might be the quickest way to resolve any problems. However, don't hesitate to call me on my cell phone at 630-750-8311 if you need too.

Your input in this process is extremely important. Due to the number of programs being reviewed (48), the Academy project survey will be broken into four independent sections with 12 programs each. This was done in order to make it easier for you to review all of the programs. Each program will have a project description and one statement. **Once you start a section, you will need to complete the entire section.** At the end of each section, you'll be sent back to the table of contents page where you can go to the next section at your convenience.

Remember, once you go back to the table of contents, you may not be finished. You need to complete all four sections. If you can't remember which section you have already completed, don't worry. The system will not let you into the section again if it has been completed. However, you must finish the section once it has begun. So, make sure you have enough time to address the twelve projects before you begin.

As I mentioned above, the survey only contains one statement per project; **Statement: This program advances the Academy's Strategic Plan.** You will have the opportunity to choose one of the following answers

1. Disagree
2. Somewhat disagree
3. Neither agree nor disagree
4. Somewhat agree

5. Agree

When you provide your answer, you should do so based on your perspective of the Academy's needs to carry out the Strategic Plan. Since you represent the members, you can and should use your knowledge of how members might respond as well. However, your experience with the Board and the additional knowledge provided to you as a Board member should also be considered. Your Board experience should add additional insight into the program or service being evaluate that members may not be aware.

Good luck on the surveys. We need the surveys to be completed by **Friday, April 5th**. If you have any questions or concerns, please feel free to contact Robert Miller at 800-877-1600 ext. 4710. Or me at my cell phone number listed above. Also, Robert and I will be checking e-mails. Robert can be reached at rmiller@eatright.org and I can be reached at pmifsud@eatright.org.

[RE: Registered Nutritionist.eml](#)

The letter dated December 6, 2010 to Susan Shapiro and the Progressive Dietitian group was included in the recent Board packet (see attachment), and responded to their request for a Registered Nutritionist credential. I sent a specific communication to them after our RDN decision, acknowledging their foresight and thanking them for their input. Please see the e-mail stream below and Susan's gracious reply. I'm hopeful this will lead the group closer to the Academy, knowing we listen to and respect their viewpoints.

Best regards,

Pat

Subject: Registered Dietitian Nutritionist

Susan,

Thanks again for your communication to us in 2010 which helped move this change along. In answer to your question, the RDN is a professional designation and the legally protected property of the Academy and CDR. Please let me know of any other ideas you want us to consider. I'm thrilled to see you are using the credential!

Best regards,

Pat

Dear Pat,

This is pretty incredible! Thanks for the information. I do hope that this will help put the RD in the driver's seat as the expert for nutrition information and helps clarify us from "nutritionists"....will be good to see how the public reacts! Is this in any way a legal term or is this just a title that RD's give themselves. Am just reading this now and wanted to get back to you since you were so kind to send this to me. I will read what is in the other information.

Again great work! And thanks for the compliment.

Best,

Dr. Susan Shapiro

Dear Susan,

Thank you very much for your letter in 2010 that prompted the Academy to begin exploring the possibility of using the "Registered Dietitian Nutritionist" (RDN) credential. I am pleased to share with you that the Academy's Board of Directors and the Commission on Dietetic Registration have taken a historic step: Registered dietitians now have the option to use the credential "registered dietitian nutritionist (RDN)." This announcement was made today in conjunction with the celebration of Registered Dietitian Day 2013. Below is the blast email from Academy President Ethan Bergman that was distributed to all RDs informing them of this new option. The information has also been shared in this week's Eat Right Weekly, through various Academy social media channels and in a press release. More information about the new credential is available at www.eatright.org/RDN.

We truly appreciate your dedication to the profession and your commitment to the Academy. Please do not hesitate to contact me with any questions or comments.

Sincerely,

Pat

Renew Your Membership

March 22, 2013

Hello Donna:

Dues renewal invoices for the Academy's 2013/2014 membership year were placed in the mail this week and should be arriving soon. The deadline to renew is May 31, 2013.

If you'd like to renew now, visit your personal online invoice.

You can also renew by:

- Calling the Academy Member Service Center at 800/877-1600, ext. 5000 (Monday through Friday, 8:00 a.m. 5:00 p.m. Central Time). International callers 312/899-0040, ext. 5000.
- Mailing your dues statement and payment to the address below. Remember to include your member ID number on all correspondence and checks:

Academy of Nutrition and Dietetics

P.O. Box 4489

Carol Stream, IL 60197-4489

Once your membership has been renewed you'll receive continued access to your favorite career enhancing benefits such as the member-only website, our dietetic practice groups (DPGs) and member interest groups (MIGs), the Evidence Analysis Library, *Food & Nutrition Magazine*, *Journal of the Academy of Nutrition and Dietetics*, and many more. To ensure you don't miss out on any of these benefits even after you've renewed, visit your myAcademy profile to update your contact and professional demographic information.

Feel free to e-mail membership@eatright.org if you have any questions.

Thank you for your commitment to the Academy and the profession of dietetics.

Sincerely,

Academy Membership Team

Attachment:

All,

As you can see from the subject line, we have a Finance and Audit Committee meeting on Wednesday, March 27th at 1 p.m. CDT. Maria will have the information on the Portal this afternoon. In addition, you should have received the webinar invitations from Rich Newman. This month, we will focus on the January final results and the February preliminary results.

I. January Changes

- There was a minor change in January. Expenses across the Academy, CDR, DPGs/MIGs and the Foundation were reduced \$3,800, \$50, \$200 and \$450 respectively to account for expenses that should have been recorded in February. This small change did not have a material impact on the bottom line of each organization.

II. Investments

- Our two investment portfolios continued to grow in February, increasing by approximately \$436,700. This brings our combined, fiscal year to date, increase to over \$4,659,800. In March, we have been performing well, even with the downturn yesterday. Through March 21st, our combined gains for the month are approximately \$580,000. Hopefully, we can hold or grow these gains over the remainder of the month. Today is looking good early.

III. Academy February Financials (A10)

February, overall, was not a great month for the Academy. Expenses continued the trend, under running the budget by \$7,042. However, expenses reflected a shortfall of \$72,080. The net result was an operating deficit of \$234,277 which was \$65,038 higher (worse) than the budget. Adding into the equation the investments returns, which exceeded the budget by over \$52,053, narrowed the shortfall overall to \$12,985.

Taking a look at the year to date numbers, the Academy currently has an operating deficit of \$130,549. This is \$143,870 lower (worse) than the budget. The operating gap has grown in February. As you can see, the Academy does not have an expense problem. Year to date, expenses are \$766,456 below budget. Our issue is on the revenue side. Revenue is short by over \$910,000 for the fiscal year.

The great news, in addition to the lower expenses, is the investment income. Through February, investments have provided \$1,765,167 in income. This is \$780,792 higher than the budget. This drives the Academy's net income to \$1,634,618. Overall, this is \$636,922 higher than the budget. So, it is always good to have a positive bottom line. In our case, this is over \$1.6M.

The following is breakdown of the various categories

A. Revenues

- a. **Membership Dues** - This area **under budget** by \$35,685 in February and is now **under budget** by \$251,451 for the year. We continue to experience the phenomena of growing members, but, not meeting the revenue targets. This is due to the mix of people taking the Career Dues Starter revenue options.
- b. **Programs and Meetings** - This area is **over budget** by \$7,302 in February and is **under budget** by \$870,331 for the year. The over-run for February is all due to higher professional development.
- c. **Publications** - This area is **under budget** by \$28,294 in February and **over budget** by \$88,830 for the year. The under-run for February is primarily due Research publications (down \$32.2K) and List Rental (down \$11.0K). This is offset by Traditional publications (up \$3.0K) and Marketing sales (up \$9.0K).
- d. **Subscriptions** - This area was **over budget** by \$2,482 in February and is **over budget** by \$135,957 for the year. The over-run for February is primarily due to NCM and related products.
- e. **Advertising** – This area is **under budget by \$21,750** for February and is under budget by \$46,270 for the year. This is all due to lower Food and Nutrition Magazine advertising.
- f. **All grants** - This area was **under budget** by \$3,413 in February and is **over budget** by \$8,650 for the year. The February under-run is primarily due to Research (down \$15.0K) and Carry the Flame project (down \$2.6K). This is offset by higher ConAgra Home Food Safety Grants (up \$15.0K) .
- g. **Sponsorships** – This area is **over budget by \$2,394** for February and is **over budget by \$34,652** for the year. This is higher in February due to the success of the Sponsorship program.
- h. **Other** – This area was **over budget** by \$4,984 in February and is **under budget** by \$10,364 for the year. The over-run in February is primarily due to higher revenues for our member benefit program (up \$7.0K), higher misc. revenues (up \$5.0K) offset by lower licensing fees (down \$7.0K).

B. Expenses

- a. **Personnel** – This area is **over budget** by \$136 for February and **under budget** by \$2,478 for the year. The over-run in February is due to higher salaries and wages.

- b. **Publications** – This area is **under budget** by \$318 for February and **over budget** by \$24,192 for the year. This is close to budget with no significant variances.
- c. **Travel** – This area was over **budget** by \$11,007 for February and **under budget** by \$127,585 for the year. The over-run in February is primarily driven by an accounting reclassification for the Washington office (up \$8.2K) and higher costs for Marketing (up \$2.8K).
- d. **Professional Fees** - This area was **under budget** by \$148,144 for February and is **under budget** by \$469,289 for the year. The under-run in February is being driven by lower Research (down \$89.0K), lower Marketing (down \$35.0K), lower Governance down \$10.6K), lower Membership (down \$6.2K), lower Traditional Publications (down \$3.4K) and all other (down \$3.9K). The Research under-run is being driven by lower costs for the Registry that is being funded by CDR. Marketing is lower due to the timing of expenses for Brand Research.
- e. **Postage and Mailing Service** – This area is **over budget** by \$12,198 in February and **under budget** by \$43,337 for the year. This over-run in February is primarily due to higher costs of postage for publications.
- f. **Office Supplies and Equipment** – This area is **over budget** by \$1,684 in February and **over budget** by \$11,054 for the year. The over-run in February is primarily due to the print shop solution (up \$2.4K) offset by under-runs across all other areas (down \$0.7K).
- g. **Rent and utilities** - This area is **over budget by \$5,257** in February and **over budget by \$8,703** for the year. The over-run in February is due to higher heating costs stemming from a weekend meeting.
- h. **Telephone and communications** – This is **over budget** by \$1,972 in February and **over budget** by \$20,475 for the year. The over-run for February is due to higher Washington and Chicago basic phone costs.
- i. **Commissions** – This area is **under budget** by \$4,350 in February and **under budget by \$11,132** for the year. This is all due to lower advertising for the Food and Nutrition Magazine.
- j. **Computer Expenses** – This area is **under budget** by \$500 for February and **over budget** by \$2,413 for the year. The under-run in February is due to lower IT maintenance costs (up \$1.7K).
- k. **Advertising and Promotion** – This area is **under budget** by \$52 for February and **under budget** by \$12,073 for the year. Nothing material driving the under-run.
- l. **Insurance** – This area is on target for February.

- m. **Depreciation** – This area is **over budget** by \$2,000 for February and **over budget** by \$3,000 for the year. This is due to anticipated higher capital for the web.
- n. **Bank and trust fees** – This area is **over budget** by \$12,566 for February and **over budget** by \$4,534 for the year. The over-run in February is primarily due to additional credit card fees.
- o. **Other** – This area is **under budget** by \$5,204 for February and **under budget** \$58,783 for the year. The under-run in February is primarily due to lower Governance (down \$6.2K) offset by expenses across all other (up \$1.0K).
- p. **Expense allocation** – This area is **under budget** by \$107,655 for the month of February because the Registry project supported by CDR under ran its budget. The result is the charge back to CDR was lower this month.
- q. **Meeting services** – This area is **over budget** by \$769 for February and is **under budget** for the year by \$217,145. The over-run in February is being driven by the ACEND/CDR/Academy joint meeting (over by \$17.0K) offset by the accounting change for the Washington office addressed in travel (down \$8.2K), lower other Governance programs (down \$7.0K), and lower across all other programs (down \$1.2K).
- r. **Legal and Audit** – This area is **under budget** by \$5,085 for February and **over budget** by \$9,146 for the year. The under-run in February is all due to lower legal fees.
- s. **Printing** – This area is **over budget** by \$1,365 in February and is **under budget** by \$46,622 for the year. The over-run in February is primarily due to Member Services (up \$1.9K) offset by lower across all other (down \$0.5K).

In summary, the Academy did not meet its operating targets for February. However, this is primarily due to revenue shortfalls. Expenses are in check. Adding into the equation the investment returns makes the final result better. However, the Academy still fell short of the Net Income expectations by nearly \$13K. We will continue to look for expense opportunities to help offset the revenue shortfall.

IV. Foundation February results (A8 and A9)

The Foundation, overall, had a very good month in February. However, revenues were lower by \$210,942. This is due to three areas; Grants and Donations (down \$134,500), Sponsorships (down \$62,500) and Member Contributions (down \$50,192). The Grants and Donations under-run is due to the timing of an EB4K money. We received the \$134,500 in January. The Sponsorships

are down because of the decision to not move forward with the Summit. Member Contribution under-runs extend the trends we have seen this year. It is difficult to determine when Member Contributions will materialize.

Expenses were a strong part of the success, under-running the budget by \$380,358. Most of the under-run on expense can be attributed to the timing of Scholarships and Awards (down \$378,450). There are other pluses and minuses most of which are timing issues associated with the EB4K program or reductions from not moving forward on the Summit.

Overall, the Foundation had an operating deficit of \$120,146 in February. This was \$169,416 lower (better) than the budgeted operating deficit. Investment returns of \$154,551 in February were better than budget. The bottom line for the month is the Foundation had a surplus of \$34,406. Any month you can have a surplus is a good month.

On a year to date basis, the most important numbers for the Foundation are Net Income (\$1,906,677) and Net Assets of over \$20.3M. The Net Income is now \$837,925 better than the budget. The Foundation is in very good financial shape.

V. CDR February results (A11)

CDR had a very good, but mixed, month in January. Revenues were under budget by \$49,984 while expenses were under budget by \$156,668. CDR ended the month with a surplus of \$9,735. Adding in the investment income resulted in CDR generating over \$75K in Net Income. Looking at the year to date numbers, CDR continues to exceed expectations. Even though CDR continues to have an operating deficit, it is now nearly \$1.1M better than the budget. Once you factor in the investment returns, CDR's has a deficit of \$96,215. This is great considering the budgeted deficit was \$1,871,350. CDR is nearly \$1.8M better than the budget overall.

VI. DPGS/MIGs February results (A12 and A16)

The combined DPGs/MIGs overall had another very good month in February. Revenues were up by \$53,087 while expenses were lower by \$93,332. Overall the DPGs/MIGs are reflecting a positive Operating Income in February of \$114,938 which is \$146,419 better than the budget. Year to date, the DPGs/MIGs have a combined Operating Income of \$393,280. This is well above the budget. After factoring in the investment returns, you can see that the DPGs/MIGs have a Net income of over \$940,000. Again, this is well above the budget. All of the DPGs/MIGs have strong reserves with only one on the "watch" list with 75% in reserve.

VII. ACEND February results (A13)

ACEND did not have a good month in February even though it reflected a surplus of \$21,884. Revenues were over budget by \$4,659, while expenses were \$23,284 over budget. The expense over-run appears to be timing issue associated with site visit travel. Through February, ACEND has an operating deficit of \$2,701. This is over \$108,000 better than their budget. So, this business is doing great.

VIII. ANDPAC February results (A14)

ANDPAC had a great month in February. Revenues were over budget by \$7,399 while expenses were \$10,163 below budget. The PAC had an operating surplus of over \$6.3K. The surplus added to the PACs reserves which now stand at over \$246,000.

IX. Summary

In summary, it was not a bad month, but it was not a great month either. We are now 3/4ths of the way through the year and even though the Academy is under performing operationally, overall, after investment income, the organization is doing well. Investment reserves slipped a little in February (down to 72.7%). However, this is due to the DPGS/MIGs and CDR performing well. As you may recall, the profits and losses are automatically put into reserve for these groups. We don't send cash to the broker. We make the changes from an accounting standpoint (on paper). So, this will increase or decrease the percentage that is the Academys'. If I am not doing a good job explaining it, let me know and we can discuss it further.

You will receive a notification from Maria later today letting you know the information is on the portal. If you have any problems getting the information from the portal, please let me, Linda, Maria or Christian know. We will handle it right away. Also, if you have a conflict with our meeting on Wednesday and have not informed us, please do so. Finally, if you have any questions or concerns about any of the information above or anything put onto the portal, please feel free to call me at 800-877-1600 ext. 4730., or send me an e-mail.

2677. Information for May 2013 Childhood and Adolescent Weight Management Programs

From: Pearlie Johnson <PJohnson@eatright.org>
To: DMartin@Burke.k12.ga.us <DMartin@Burke.k12.ga.us>
Sent Date: Mar 22, 2013 11:23:52
Subject: Information for May 2013 Childhood and Adolescent Weight Management Programs
Attachment: [Childhood Program May 21-23 2013 Agenda.pdf](#)
[Donna Martin.pdf](#)

Attached is your contract for the May 21-23, 2013 Certificate of Training in Childhood and Adolescent Weight Management program. Please sign and return the contract to me by fax (312/899-4772) or e-mail by April 8, 2013. I also attached a tentative agenda.

You can make your flight arrangements to Little Rock through the Academy's travel service, American Express Travel. You may contact the Travel Desk at 800/238-9049 or www.eatright.org/traveldesks to book your flight. You will need to create an account to use the system. The system will require you to enter a security code and a 7 character GL code to finalize your ticket. The security code is 193412 and the GL Code is 1041790. Please forward me a copy of your Little Rock itinerary once your flight has been finalized so I can make sure that you have proper hotel accommodations.

Programs Location:

The Peabody Little Rock Hotel

3 Statehouse Plaza

Little Rock, Arkansas, 72201.

If possible, we are requesting that you send one PowerPoint for the participants to print and one to show on screen. The PowerPoint to print should only include text and not any unnecessary animations /graphics. We have received complaints regarding the fact that the animations/graphics often time cover up text. Here are the instructions to upload your files.

1. Go to <http://www.cdr.groupxm.com>
2. To login choose the "Login" option on the upper right-hand side of the page.

1. Sign-in using your e-mail address and the password - welcome
2. On the purple banner, hover over the "Portal" option on the right-hand side and choose the "Library" option from the drop-down menu.
3. Click on the "May 2013 Childhood Faculty PowerPoint Files and Handouts" link located to the left.
4. Click on the "Upload Multiple Files" link located in the gray menu bar.
5. Scroll down to the bottom of the grey area and click on "add files" bar (lower left side)
6. Browse for your file.
7. Click open.
8. To add another file choose "Add Files" button again to add another file to the list.
9. When you have all the files listed you would like to add click on the "Start Upload" bar (lower left side). When upload had finished press "Continue."
10. Don't pay attention to the list of folder. Just stroll down to the bottom of the page and click on "Complete Upload" bar.
11. When you are done, please logout (upper right hand corner).

The due date for your PowerPoint presentation and handouts is **Friday, May 10, 2013.**

Thank you.

Terrific, thanks so much Paul.

I corrected a couple of typos of slides 6 (combine) and 12 (successful) for the attached update. Nothing else.

The HOD team will love this streamlined and transparent report. Kudos once again.

Mary

Mary,

Donna,

I think I have all of the changes included. Please take a look and let me know. I will put together the talking points next.

Subject: RE: HOD presentation

- Hello Donna and Paul-

So sorry for being MIA for 2 days. I have essentially no time to check personal email during the day and am still without a smart phone to use on the train--hope the latter will be remedied within a week or so.

I agree 100% with Donna's comments. The changes are outstanding and will be so helpful to the understanding of HOD members and their constituents.

A few thoughts to take or leave---it's all yours after this, Donna!!!

Slide 1-I would like to use MS, RDN, LDN after my name

Slide 2-agree totally with adding titles/group affiliation of the FAC members

Slide 11- suggest changing last line to **"Know that the Academy relies on funds from many sources to meet the needs of not only our members but the entire profession. Only 38.7% of the FY 13 budget will come from dues revenue."**

Slide 12: correct spelling of successful, delete "these" at bottom, and bold expense category names if possible

Slide 13: change one of the "strong" words. Perhaps change last line to "A healthy, growing reserve balance will be used to promote the future of our profession"?

Slide 14: a little wordsmithing as below

During FY 13, through January:

- Net Income for the Academy exceeded expectations**

- Investments gained over \$1.6M**

- Revenues fell short due primarily to lower Membership Dues and lower FNCE attendance.**

- Expenses were reduced to offset the revenue shortfall**

Reserve levels for the Academy are nearly 74% of the 2013 FY budget

(sorry about the bold--I can't get it to go away ~~)

Paul, I have a new office number: 224-948-4985. I think our usual 10 am brief call will work fine on Monday, but if better for you we can definitely change.

Donna, you should get an allowance to use your I-Phone and I-Pad for volunteer work :-)
Thanks so much for taking the time from your travel and speaking schedule to be on the call.

Mary

Subject: RE: HOD presentation

Paul, I like the new slide about expenses. I just think it is important for the HOD to know that we don't only look at revenue, but also expenses as sometimes expenses are easier to control than revenue, as we have seen this year. I think we have done extremely well on expenses and wanted to give credit to the staff where credit was due. I agree with not having to put Mary's title on the second page as you did put it on the first page. I also was not making that comment so you would put my title on the second page. I am wondering though, if it would be helpful to put the titles of all the people on the committee and what part of the Academy they represent? I think it would be good for the HOD to realize how diverse the committee is and how well rounded the representation is from different parts of the Academy. I will leave that call up to Mary though, as it is still really her show. I really do think we are giving much more meaningful information though from the perspective of someone in the HOD. Thanks for all you do for us and the Academy.

Just so you both know, I will be doing the conference call next week from the Jackson, Mississippi airport. I am going to Mississippi to do a talk for the State School Nutrition Association that morning and will get to the airport in time for the conference call (I hope). I then will catch my plane at 3:30 CT. I plan on taking my Ipad and phone to participate in the call. I will email you all if anything does not work out. Hopefully it will.

Mary,

Donna,

I took another shot and added in an expense slide. Not happy with how it is formatted, but, I will work on it. It is the new slide 12.

Subject: Re: HOD presentation

Paul, This slide presentation is so much better than what we have been doing in the past. I think it is presented in a much clearer way that everyone can understand at a glance. I have very few suggestions. First, I would put next to Mary Russell's name Chair or Treasurer. My next suggestion is on slide 12 if you could move the dates below the columns so they line up better with the columns and are not so spread out. It took too long (at least for me) to figure out what we were looking at. Also the first two dates are wrong for the 2009 and 2010 years. Then do we have any areas of expenses that were overruns or unusual? We reported on income, but not expenses. Maybe there is not anything of interest there, but I thought I would raise the question. The only other thing that might be of interest to the HOD is if there has been any shift in the income %'s. By that I mean, has the money we get from membership dues or sponsorship changed significantly (or any other category)? I was just thinking about this because of the pressure we are getting on sponsorship dollars. Unless there is something noteworthy I would leave it alone, but I thought if we have seen any shifting in any areas we might want to note it. I am sure Mary will have more or different comments, but these are mine. Take them or leave them, but overall I really like it. Mary and I were going to talk on how we could improve the presentation at our April Committee Meeting, but I think you beat us to it. Way to go team!

>>>Paul Mifsud <PMifsud@eatright.org> 3/18/2013 9:36 AM >>>

Mary,

Here is the first cut of the spring HOD presentation. I made some adjustments to what we did previously. First, I eliminated any references to the Consolidated financials. In many cases, this can become confusing. I left the slide addressing the total "Academy" structure, but, you can say in the narrative we will only be addressing the Academy directly.

I also eliminated the comparisons for last year to this year. I focused on the budget. This is an interesting year because operationally we are not meeting expectations, but, in total we are. So, I started with the "Net Income" of the business. Then I addressed briefly investment returns, revenues and expenses.

From there the deck goes to the revenues that are or are not meeting budget expectations. Finally, it closes with the investment portfolio.

I will be working on cleaning up the slides and then get for you a high level narrative. This is only 14 slides long. In the past, it may have been about 18.

I did leave and update the information on the Dues dollars and the funding. I thought these would be important to address again.

I will get to you another cut tomorrow, along with the narrative to give you the talking points. Also, keep in mind this is a draft, So, naturally, any changes you would like to see are always welcome. I like to take a cut and then refine until we feel comfortable it is good to go. I would like us to have this completed by Friday.

I will talk to you soon.

Paul

Subject: 2013 Academy Spokespeople
Attachment:

To the Academy's Board of Directors:

It gives me great pleasure to announce to you the names of nine registered dietitians who will serve three-year terms as Academy of Nutrition and Dietetics media Spokespeople from June 1, 2013, through May 31, 2016.

Four Spokespeople are new to the program, and five have been reappointed. Each was invited to join following an extensive review of applications. Please keep the names of the Academy's new Spokespeople confidential until they are officially announced in May.

Our Spokesperson appointments for 2013 ensure that, as always, the Academy will be represented by registered dietitians who know and understand the media and are experts at conveying the Academy's healthful-eating messages in ways consumers can understand and use in their own lives. We look forward to another fantastic year of telling the Academy's story to the world.

Please join the Academy's Strategic Communications Team in congratulating the following Spokespeople who are returning to the program:

- **Karen Ansel, MS, RD, CDN, New York City, N.Y.**
- **Joan Salge Blake, MS, RD, LDN, Boston, Mass.**
- **Marjorie Nolan Cohn, MS, RD, CDN, ACSM-HFS, New York City, N.Y.**
- **Sarah Krieger, MPH, RD, LD, Tampa, Fla.**
- **Heather Mangieri, MS, RD, CSSD, LDN, Pittsburgh, Pa.**

Please also welcome the five RDs who are new to the Spokesperson program this year:

- **Sonya Angelone, MS, RD, CLT, San Francisco, Calif.** A registered dietitian for 25 years, Sonya is a private-practice nutrition consultant. Her areas of expertise include cardiovascular nutrition, eating disorders, food sensitivities, insulin resistance, metabolic syndrome and sports nutrition.
- **Kim Larson, RD, CD, CSSD, Seattle, Wash.** An RD for 31 years, Kim is the founder of Total Health, a corporate wellness consulting company, and the former team dietitian for the Seattle Mariners. Her areas of expertise include cardiovascular nutrition, corporate wellness, nutrition policy and advocacy, research, sports nutrition and women's health.
- **Elizabeth Mills, MS, RD, LDN, Philadelphia, Pa.** A registered dietitian for 16 years, Elizabeth is a culinary and nutrition consultant and an adjunct professor at Neumann University. Her areas of expertise include restaurants and culinary, and food safety.
- **Kelly Pritchett, PhD, RD, CSSD, Nutrition Science Research Specialist, Ellensburg, Wash.** An RD for six years, Kelly is an associate professor and sports dietitian at Central Washington University. Her areas of expertise include eating disorders, research/epidemiology and sports nutrition.

Finally, we offer our thanks to three distinguished Academy members who will complete their service as Spokespeople at the end of May:

- **Jeannie Gazzaniga-Moloo, PhD, RD, Sacramento, Calif.**
- **Christine Gerbstadt, MD, MPH, RD, LDN, CSSD, CDE, Sarasota, Fla.**
- **Dee Sandquist, MS, RD, LD, CDE, Fairfield, Iowa**

Jeannie, Christine and Dee made invaluable contributions to the Spokesperson program and the Academy; our program is stronger than ever, due in large part to their service.

Thank you very much!

Best regards,

Ethan A. Bergman, PhD, RDN, CD, FADA

Hi Donna,

I'm Linda Hudson the Foundation Assistant here at the Academy Foundation. I want to welcome you to the Foundation Board and give you the date of our upcoming Foundation meeting.

June 18 - 19, 2013 - in person meeting in Chicago (location TBD)

Throughout the year we have 3-4 conference calls (those dates have not been determined); I will always send the information regarding the calls in advance. Welcome to the Foundation.

Linda Hudson
Foundation Assistant

2688. Academy of Nutrition and Dietetics Board Assessment 2013

From: JSchwaba@eatright.org <assessments@boardsource.org>
To: dmartin@burke.K12.ga.us
Sent Date: Mar 21, 2013 12:16:01
Subject: Academy of Nutrition and Dietetics Board Assessment 2013
Attachment:

Dear Donna,

A board self-assessment is being conducted to evaluate performance as a governing body and help identify strengths as well as areas for improvement for governance practices.

Please complete the questionnaire by **04/11/2013** in order to meet the goal of 100% participation. Information from all participants will be combined to produce a summary report. Your answers will be confidential and reported as an average of all responses. Open-ended answers will be included in the summary report in random order exactly as they were entered in the survey.

Thank you for participating.

TO BEGIN THE SURVEY: Click here to LOG IN

ALTERNATE LOGIN: Copy the link below into your browser and enter your username and password. Please cut and paste this information to minimize errors. The username and password are case sensitive.

<http://boardsource2.enetrrix.com>

Username: dmartin18597

Password: WE69we60

The survey does not need to be completed in one sitting. If you wish to exit the survey and return to complete it later, simply click the SAVE AND COMPLETE LATER button at the bottom of the page. Prior to the deadline, you will be able to log in and resume the survey from where you left off.

If you have any questions about the assessment, please contact me at jschwaba@eatright.org. If you have technical issues or need assistance completing your survey please contact eproducts@boardsource.org.

Thank you!

2690. RE: HOD presentation

From: Mary Russell <peark02@outlook.com>
To: Paul Mifsud <pmifsud@eatright.org>, Donna Martin <dmartin@burke.k12.ga.us>
Sent Date: Mar 20, 2013 21:43:45
Subject: RE: HOD presentation
Attachment: [2013 hod spring presentation final for mary 3202013 edits.pptx](#)

Terrific, thanks so much Paul.

I corrected a couple of typos of slides 6 (combine) and 12 (successful) for the attached update. Nothing else.

The HOD team will love this streamlined and transparent report. Kudos once again.
Mary

Mary,

Donna,

I think I have all of the changes included. Please take a look and let me know. I will put together the talking points next.

Paul

From: peark02@outlook.com
Sent: Tuesday, March 19, 2013 9:24 PM
To: DMartin@Burke.k12.ga.us; Paul Mifsud; Treasurer ExternalSMTP
Subject: RE: HOD presentation

- Hello Donna and Paul-

So sorry for being MIA for 2 days. I have essentially no time to check personal email during the day and am still without a smart phone to use on the train--hope the latter will be remedied within a

week or so.

I agree 100% with Donna's comments. The changes are outstanding and will be so helpful to the understanding of HOD members and their constituents.

A few thoughts to take or leave---it's all yours after this, Donna!!!

Slide 1-I would like to use MS, RDN, LDN after my name

Slide 2-agree totally with adding titles/group affiliation of the FAC members

Slide 11- suggest changing last line to **"Know that the Academy relies on funds from many sources to meet the needs of not only our members but the entire profession. Only 38.7% of the FY 13 budget will come from dues revenue."**

Slide 12: correct spelling of successful, delete "these" at bottom, and bold expense category names if possible

Slide 13: change one of the "strong" words. Perhaps change last line to "A healthy, growing reserve balance will be used to promote the future of our profession"?

Slide 14: a little wordsmithing as below

During FY 13, through January:

- Net Income for the Academy exceeded expectations**
- Investments gained over \$1.6M**
- Revenues fell short due primarily to lower Membership Dues and lower FNCE attendance.**
- Expenses were reduced to offset the revenue shortfall**

Reserve levels for the Academy are nearly 74% of the 2013 FY budget

(sorry about the bold--I can't get it to go away ~~)

Paul, I have a new office number: 224-948-4985. I think our usual 10 am brief call will work fine on Monday, but if better for you we can definitely change.

Donna, you should get an allowance to use your I-Phone and I-Pad for volunteer work :-)
Thanks so much for taking the time from your travel and speaking schedule to be on the call.

Mary

To: PMifsud@eatright.org; peark02@hotmail.com

Subject: RE: HOD presentation

Paul, I like the new slide about expenses. I just think it is important for the HOD to know that we don't only look at revenue, but also expenses as sometimes expenses are easier to control than revenue, as we have seen this year. I think we have done extremely well on expenses and wanted to give credit to the staff where credit was due. I agree with not having to put Mary's title on the second page as you did put it on the first page. I also was not making that comment so you

would put my title on the second page. I am wondering though, if it would be helpful to put the titles of all the people on the committee and what part of the Academy they represent? I think it would be good for the HOD to realize how diverse the committee is and how well rounded the representation is from different parts of the Academy. I will leave that call up to Mary though, as it is still really her show. I really do think we are giving much more meaningful information though from the perspective of someone in the HOD. Thanks for all you do for us and the Academy.

Just so you both know, I will be doing the conference call next week from the Jackson, Mississippi airport. I am going to Mississippi to do a talk for the State School Nutrition Association that morning and will get to the airport in time for the conference call (I hope). I then will catch my plane at 3:30 CT. I plan on taking my Ipad and phone to participate in the call. I will email you all if anything does not work out. Hopefully it will.

Mary,

Donna,

I took another shot and added in an expense slide. Not happy with how it is formatted, but, I will work on it. It is the new slide 12.

Paul

From: DMartin@Burke.k12.ga.us
Sent: Monday, March 18, 2013 9:02 AM
To: Paul Mifsud; Treasurer ExternalSMTP
Subject: Re: HOD presentation

Paul, This slide presentation is so much better than what we have been doing in the past. I think it is presented in a much clearer way that everyone can understand at a glance. I have very few suggestions. First, I would put next to Mary Russell's name Chair or Treasurer. My next suggestion is on slide 12 if you could move the dates below the columns so they line up better with the columns and are not so spread out. It took too long (at least for me) to figure out what we were looking at. Also the first two dates are wrong for the 2009 and 2010 years. Then do we have any areas of expenses that were overruns or unusual? We reported on income, but not expenses. Maybe there is not anything of interest there, but I thought I would raise the question. The only other thing that might be of interest to the HOD is if there has been any shift in the income %'s. By that I mean, has the money we get from membership dues or sponsorship changed significantly (or any other category)? I was just thinking about this because of the pressure we are getting on sponsorship dollars. Unless there is something noteworthy I would leave it alone, but I thought if we have seen any shifting in any areas we might want to note it. I am sure Mary will have more or different comments, but these are mine. Take them or leave them, but overall I really like it. Mary and I were going to talk on how we could improve the presentation at our April Committee Meeting, but I think you beat us to it. Way to go team!

"USDA Healthier US School Challenge GOLD award recipient"

>>>Paul Mifsud <PMifsud@eatright.org> 3/18/2013 9:36 AM >>>
Mary,

Here is the first cut of the spring HOD presentation. I made some adjustments to what we did previously. First, I eliminated any references to the Consolidated financials. In many cases, this can become confusing. I left the slide addressing the total "Academy" structure, but, you can say in the narrative we will only be addressing the Academy directly.

I also eliminated the comparisons for last year to this year. I focused on the budget. This is an interesting year because operationally we are not meeting expectations, but, in total we are. So, I started with the "Net Income" of the business. Then I addressed briefly investment returns, revenues and expenses.

From there the deck goes to the revenues that are or are not meeting budget expectations. Finally, it closes with the investment portfolio.

I will be working on cleaning up the slides and then get for you a high level narrative. This is only 14 slides long. In the past, it may have been about 18.

I did leave and update the information on the Dues dollars and the funding. I thought these would be important to address again.

I will get to you another cut tomorrow, along with the narrative to give you the talking points. Also, keep in mind this is a draft, So, naturally, any changes you would like to see are always welcome. I like to take a cut and then refine until we feel comfortable it is good to go. I would like us to have this completed by Friday.

I will talk to you soon.

Paul

Mary,

Donna,

I think I have all of the changes included. Please take a look and let me know. I will put together the talking points next.

Paul

Subject: RE: HOD presentation

- Hello Donna and Paul-

So sorry for being MIA for 2 days. I have essentially no time to check personal email during the day and am still without a smart phone to use on the train--hope the latter will be remedied within a week or so.

I agree 100% with Donna's comments. The changes are outstanding and will be so helpful to the understanding of HOD members and their constituents.

A few thoughts to take or leave---it's all yours after this, Donna!!!

Slide 1-I would like to use MS, RDN, LDN after my name

Slide 2-agree totally with adding titles/group affiliation of the FAC members

Slide 11- suggest changing last line to **"Know that the Academy relies on funds from many sources to meet the needs of not only our members but the entire profession. Only 38.7% of the FY 13 budget will come from dues revenue."**

Slide 12: correct spelling of successful, delete "these" at bottom, and bold expense category

names if possible

Slide 13: change one of the "strong" words. Perhaps change last line to "A healthy, growing reserve balance will be used to promote the future of our profession"?

Slide 14: a little wordsmithing as below

During FY 13, through January:

- Net Income for the Academy exceeded expectations**
- Investments gained over \$1.6M**
- Revenues fell short due primarily to lower Membership Dues and lower FNCE attendance.**
- Expenses were reduced to offset the revenue shortfall**

Reserve levels for the Academy are nearly 74% of the 2013 FY budget

(sorry about the bold--I can't get it to go away ~~)

Paul, I have a new office number: 224-948-4985. I think our usual 10 am brief call will work fine on Monday, but if better for you we can definitely change.

Donna, you should get an allowance to use your I-Phone and I-Pad for volunteer work :-)
Thanks so much for taking the time from your travel and speaking schedule to be on the call.

Mary

Subject: RE: HOD presentation

Paul, I like the new slide about expenses. I just think it is important for the HOD to know that we don't only look at revenue, but also expenses as sometimes expenses are easier to control than revenue, as we have seen this year. I think we have done extremely well on expenses and wanted to give credit to the staff where credit was due. I agree with not having to put Mary's title on the second page as you did put it on the first page. I also was not making that comment so you would put my title on the second page. I am wondering though, if it would be helpful to put the titles of all the people on the committee and what part of the Academy they represent? I think it would be good for the HOD to realize how diverse the committee is and how well rounded the representation is from different parts of the Academy. I will leave that call up to Mary though, as it is still really her show. I really do think we are giving much more meaningful information though from the perspective of someone in the HOD. Thanks for all you do for us and the Academy.

Just so you both know, I will be doing the conference call next week from the Jackson, Mississippi airport. I am going to Mississippi to do a talk for the State School Nutrition Association that morning and will get to the airport in time for the conference call (I hope). I then will catch my plane at 3:30 CT. I plan on taking my Ipad and phone to participate in the call. I will email you all

if anything does not work out. Hopefully it will.

Subject: Re: HOD presentation

Paul, This slide presentation is so much better than what we have been doing in the past. I think it is presented in a much clearer way that everyone can understand at a glance. I have very few suggestions. First, I would put next to Mary Russell's name Chair or Treasurer. My next suggestion is on slide 12 if you could move the dates below the columns so they line up better with the columns and are not so spread out. It took too long (at least for me) to figure out what we were looking at. Also the first two dates are wrong for the 2009 and 2010 years. Then do we

have any areas of expenses that were overruns or unusual? We reported on income, but not expenses. Maybe there is not anything of interest there, but I thought I would raise the question. The only other thing that might be of interest to the HOD is if there has been any shift in the income %'s. By that I mean, has the money we get from membership dues or sponsorship changed significantly (or any other category)? I was just thinking about this because of the pressure we are getting on sponsorship dollars. Unless there is something noteworthy I would leave it alone, but I thought if we have seen any shifting in any areas we might want to note it. I am sure Mary will have more or different comments, but these are mine. Take them or leave them, but overall I really like it. Mary and I were going to talk on how we could improve the presentation at our April Committee Meeting, but I think you beat us to it. Way to go team!

>>>Paul Mifsud <PMifsud@eatright.org> 3/18/2013 9:36 AM >>>
Mary,

Here is the first cut of the spring HOD presentation. I made some adjustments to what we did previously. First, I eliminated any references to the Consolidated financials. In many cases, this can become confusing. I left the slide addressing the total "Academy" structure, but, you can say in the narrative we will only be addressing the Academy directly.

I also eliminated the comparisons for last year to this year. I focused on the budget. This is an interesting year because operationally we are not meeting expectations, but, in total we are. So, I started with the "Net Income" of the business. Then I addressed briefly investment returns, revenues and expenses.

From there the deck goes to the revenues that are or are not meeting budget expectations. Finally, it closes with the investment portfolio.

I will be working on cleaning up the slides and then get for you a high level narrative. This is only 14 slides long. In the past, it may have been about 18.

I did leave and update the information on the Dues dollars and the funding. I thought these would be important to address again.

I will get to you another cut tomorrow, along with the narrative to give you the talking points. Also, keep in mind this is a draft, So, naturally, any changes you would like to see are always welcome. I like to take a cut and then refine until we feel comfortable it is good to go. I would like us to have this completed by Friday.

I will talk to you soon.

Paul

Subject: Re: SNS DPG recognition at PPW
Attachment: [TEXT.htm](#)

Mary Pat, I just wanted to officially say thank you for all you did for me at PPW. The award was such a surprise, and I am most humbled by it. I especially love getting it from Janey Thornton, who I admire so much. Know that I will continue to support all the wonderful things that you do for the Academy in anyway I can. PPW was absolutely amazing and fantastic! I am so glad we decided to do it even if it was "technically" a money loser for the Academy. I think the Academy more than got it's money worth by having it! Hope you have recovered!

Hello!

I am excited to be able to recognize the work of SNS with yeoman's work of implementing the Healthy Hunger Free Kids Act. This well deserved recognition will be on Sunday during lunch presented by Janey Thornton. I am hoping that Donna Martin will be able to extend her stay post the BOD meeting and attend this session. I understand though how busy everyone is!

How does this look for the format

Introduction of Dr. Thornton- Teresa Nece
Dr. Thornton presentation to SNS DPG representative Julie Skolmowski
CBS news clip featuring Donna Martin's program

Recognition of Donna Martin and other SNS members and final comments by Teresa Nece

Subject: NASDAQ

I hope you had a chance to see the opening bell today at NASDAQ. The link to the video is <http://www.nasdaq.com/marketsite/marketsite-events-detail.aspx?fn=201303-open03192013.txt>. The footage is also posted on our EatRightTV YouTube page at http://www.youtube.com/watch?v=NX_AfaoJvEY. As you can see, Ethan has perfected the royal wave. Although it was muted, we were trying to read lips as he was chatting with Anna Sakalis, Director of the NASDAQ Onx Group -- I bet he was joyously discussing the RDN credential!

Congratulations, Ethan!!

Best regards,

Pat

I hope you had a chance to see the opening bell today at NASDAQ. The link to the video is <http://www.nasdaq.com/marketsite/marketsite-events-detail.aspx?fn=201303-open03192013.txt>. The footage is also posted on our EatRightTV YouTube page at http://www.youtube.com/watch?v=NX_AfaoJvEY. As you can see, Ethan has perfected the royal wave. Although it was muted, we were trying to read lips as he was chatting with Anna Sakalis, Director of the NASDAQ Onx Group -- I bet he was joyously discussing the RDN credential!

Congratulations, Ethan!!

Best regards,

Pat

Paul, I like the new slide about expenses. I just think it is important for the HOD to know that we don't only look at revenue, but also expenses as sometimes expenses are easier to control than revenue, as we have seen this year. I think we have done extremely well on expenses and wanted to give credit to the staff where credit was due. I agree with not having to put Mary's title on the second page as you did put it on the first page. I also was not making that comment so you would put my title on the second page. I am wondering though, if it would be helpful to put the titles of all the people on the committee and what part of the Academy they represent? I think it would be good for the HOD to realize how diverse the committee is and how well rounded the representation is from different parts of the Academy. I will leave that call up to Mary though, as it is still really her show. I really do think we are giving much more meaningful information though from the perspective of someone in the HOD. Thanks for all you do for us and the Academy.

Just so you both know, I will be doing the conference call next week from the Jackson, Mississippi airport. I am going to Mississippi to do a talk for the State School Nutrition Association that morning and will get to the airport in time for the conference call (I hope). I then will catch my plane at 3:30 CT. I plan on taking my Ipad and phone to participate in the call. I will email you all if anything does not work out. Hopefully it will.

Subject: Re: HOD presentation

Paul, This slide presentation is so much better than what we have been doing in the past. I think it is presented in a much clearer way that everyone can understand at a glance. I have very few suggestions. First, I would put next to Mary Russell's name Chair or Treasurer. My next suggestion is on slide 12 if you could move the dates below the columns so they line up better with the columns and are not so spread out. It took too long (at least for me) to figure out what we were looking at. Also the first two dates are wrong for the 2009 and 2010 years. Then do we have any areas of expenses that were overruns or unusual? We reported on income, but not expenses. Maybe there is not anything of interest there, but I thought I would raise the question. The only other thing that might be of interest to the HOD is if there has been any shift in the income %'s. By that I mean, has the money we get from membership dues or sponsorship changed significantly (or any other category)? I was just thinking about this because of the pressure we are getting on sponsorship dollars. Unless there is something noteworthy I would leave it alone, but I thought if we have seen any shifting in any areas we might want to note it. I am sure Mary will have more or different comments, but these are mine. Take them or leave them, but overall I really like it. Mary and I were going to talk on how we could improve the presentation at our April Committee Meeting, but I think you beat us to it. Way to go team!

>>> Paul Mifsud <PMifsud@eatright.org> 3/18/2013 9:36 AM >>>

Mary,

Here is the first cut of the spring HOD presentation. I made some adjustments to what we did previously. First, I eliminated any references to the Consolidated financials. In many cases, this can become confusing. I left the slide addressing the total "Academy" structure, but, you can say in the narrative we will only be addressing the Academy directly.

I also eliminated the comparisons for last year to this year. I focused on the budget. This is an interesting year because operationally we are not meeting expectations, but, in total we are. So, I started with the "Net Income" of the business. Then I addressed briefly investment returns, revenues and expenses.

From there the deck goes to the revenues that are or are not meeting budget expectations. Finally, it closes with the investment portfolio.

I will be working on cleaning up the slides and then get for you a high level narrative. This is only 14 slides long. In the past, it may have been about 18.

I did leave and update the information on the Dues dollars and the funding. I thought these would be important to address again.

I will get to you another cut tomorrow, along with the narrative to give you the talking points. Also, keep in mind this is a draft, So, naturally, any changes you would like to see are always welcome. I like to take a cut and then refine until we feel comfortable it is good to go. I would like us to have this completed by Friday.

I will talk to you soon.

Paul

of Delegates Speaker, 2012-2013

Subject: Spring 2013 HOD Meeting Invitation and Agenda

Invitation to Participate in the Fall Meeting

§ The House Leadership Team and I would like to extend an invitation to you to participate in the 5th annual Spring HOD Virtual Meeting, May 4-5, 2013. Your presence at the meeting enriches discussions and provides an excellent opportunity to connect the work of the BOD (Academy) with that of the House of Delegates (profession).

§ The meeting will begin at 11:30 am CT on Saturday, May 4. The meeting will conclude on Sunday, May 5 at 5:00 pm CT following the transfer of leadership among the Academy leaders.

Meeting Materials

You were provided a copy of the HOD meeting agenda in your packet for the BOD March 8 meeting. The agenda and meeting materials are located on the House of Delegates website – www.eatright.org/hod. The mega issue for the spring meeting is ***Hunger in America-Food and Nutrition Insecurity Affects all RDs and DTRs.***

Registration

Please contact House of Delegates staff at hod@eatright.org to confirm your attendance at the Spring Virtual Meeting. Charlene Rice will be able to help you schedule a training session that is required by all meeting participants. The training sessions will occur Friday, March 22 and Tuesday through Friday, March 26-29.

For More Information or Assistance

Contact Becky Dorner (becky@beckydorner.com | 800/342-0285), or Anna Murphy (amurphy@eatright.org | 800/877-1600 ext 4893).

Subject: Exciting NASDAQ News - Tuesday, March 19

Importance: High

To celebrate National Nutrition Month, the Academy of Nutrition and Dietetics has been invited to ring the opening bell on **Tuesday, March 19**, at NASDAQ, the largest electronic equities exchange in the United States! This is the fifth consecutive year in which the Academy has been invited to be part of NASDAQ's trading day. Academy President Ethan Bergman will be joined by Academy members who live in the New York area to ring NASDAQ's opening bell. Ethan will make remarks about the Academy, National Nutrition Month, Registered Dietitian Day, the new RDN credential, and the many ways Academy's members optimize the nation's health through food and nutrition. The NASDAQ opening ceremony will be broadcast from 9:15 a.m. to 9:30 a.m. Eastern Time live on CNBC, Bloomberg TV and on NASDAQ's website. The ceremony will also be broadcast on video screens in Times Square. The Academy's name and logo will be on NASDAQ's tower with the message "The Stock Exchange Welcomes the Academy of Nutrition and Dietetics."

This is an exciting opportunity for the Academy and we are thrilled to be a part of the ceremony. Please share this information via social media with a link to the live webcast at <http://www.nasdaq.com/about/marketsitetowervideo.asx..>

You can view the event live on the Webcast or view it later on Facebook and Twitter:

Webcast:

A live webcast of the NASDAQ Opening Bell will be available tomorrow from 9:15 a.m. to 9:30 a.m. EST at:

<http://www.nasdaq.com/about/marketsitetowervideo.asx>.

Facebook and Twitter:

For multimedia features such as exclusive content, photo postings, status updates and video of bell ceremonies please visit NASDAQ's Facebook page at:

The only other thing that might be of interest to the HOD is if there has been any shift in the income %'s. By that I mean, has the money we get from membership dues or sponsorship changed significantly (or any other category)? I was just thinking about this because of the pressure we are getting on sponsorship dollars. Unless there is something noteworthy I would leave it alone, but I thought if we have seen any shifting in any areas we might want to note it. I am sure Mary will have more or different comments, but these are mine. Take them or leave them, but overall I really like it. Mary and I were going to talk on how we could improve

the presentation at our April Committee Meeting, but I think you beat us to it. Way to go team!

Mary,

Here is the first cut of the spring HOD presentation. I made some adjustments to what we did previously. First, I eliminated any references to the Consolidated financials. In many cases, this can become confusing. I left the slide addressing the total "Academy" structure, but, you can say in the narrative we will only be addressing the Academy directly.

I also eliminated the comparisons for last year to this year. I focused on the budget. This is an interesting year because operationally we are not meeting expectations, but, in total we are. So, I started with the "Net Income" of the business. Then I addressed briefly investment returns, revenues and expenses.

From there the deck goes to the revenues that are or are not meeting budget expectations. Finally, it closes with the investment portfolio.

I will be working on cleaning up the slides and then get for you a high level narrative. This is only 14 slides long. In the past, it may have been about 18.

I did leave and update the information on the Dues dollars and the funding. I thought these would be important to address again.

I will get to you another cut tomorrow, along with the narrative to give you the talking points. Also, keep in mind this is a draft, So, naturally, any changes you would like to see are always welcome. I like to take a cut and then refine until we feel comfortable it is good to go. I would like us to have this completed by Friday.

I will talk to you soon.

Paul

Date: March 18, 2013

To: Board of Directors

From: Becky Dorner, RD, LD, House of Delegates Speaker, 2012-2013

Subject: Spring 2013 HOD Meeting Invitation and Agenda

Invitation to Participate in the Fall Meeting

§ The House Leadership Team and I would like to extend an invitation to you to participate in the 5th annual Spring HOD Virtual Meeting, May 4-5, 2013. Your presence at the meeting enriches

discussions and provides an excellent opportunity to connect the work of the BOD (Academy) with that of the House of Delegates (profession).

§ The meeting will begin at 11:30 am CT on Saturday, May 4. The meeting will conclude on Sunday, May 5 at 5:00 pm CT following the transfer of leadership among the Academy leaders.

Meeting Materials

You were provided a copy of the HOD meeting agenda in your packet for the BOD March 8 meeting. The agenda and meeting materials are located on the House of Delegates website – www.eatright.org/hod. The mega issue for the spring meeting is ***Hunger in America-Food and Nutrition Insecurity Affects all RDs and DTRs.***

Registration

Please contact House of Delegates staff at hod@eatright.org to confirm your attendance at the Spring Virtual Meeting. Charlene Rice will be able to help you schedule a training session that is required by all meeting participants. The training sessions will occur Friday, March 22 and Tuesday through Friday, March 26-29.

For More Information or Assistance

Contact Becky Dorner (becky@beckydorner.com | 800/342-0285), or Anna Murphy (amurphy@eatright.org | 800/877-1600 ext 4893).

Attachment:

Donna,

Thanks for the quick response. I made the change to slide 12. The only reason I did not put "chair/treasurer" next to Mary's name is because she is on the cover as the treasurer. So, I didn't think it was necessary to do it again. I can if you like. As for the expenses, you are correct, it would be nice to have something on the expenses. The only problem is there are 22 categories of expenses. So, once we start, the problem is where we draw the line? I will see if I can develop a slide with a few categories built in and get back to you. I think the information on slide 11 can help answer the change question. In Mary's talking points, I will put in that the percent of dues has gone down in 2013 to 38.7% from the 42+% last year. This really is being driven by the increase in programs and meetings and investments. We can also address the other funding sources. When we start looking year over year, by revenue category, it would go back to what we had last year where we showed how we were doing against budget and how we were doing versus last year. I eliminated the last year reference to reduce the confusion.

I start with income because it is the bottom line. When you think about it, in the short run, our financial focus should be the "bottom line". I like to define this as the "operating income" or results before investments. However, that only tells a part of the story. Since we have developed budgets with operating deficits, I think it is important to include the investment income. If we did not, I would just look at operations. For expediency, I put in a net income chart and on the same page referenced that it was due in large part to the investment returns (Slide 4). Then talk about total revenue and total expense. Due to the simplicity of the revenue it is easy to identify the various categories. That is why they are broken out. However, in the long run, revenue growth is critical. If we don't have revenue growth, then you can't cover expenses. So, we should always focus on revenue growth that may cost us more in the short run and generate more in the long run. An example of this is NCM. Seven years ago, when it was being developed it cost us much more than it took in. Now, NCM and related products will generate over \$1.5M in revenue and over \$1.1M in income. That is a nice shift!!!

It is a tough balance. You have around 15 minutes to get through a lot of information. Unfortunately, that requires us to "cut" corners a little. As for more changes, I am all for it. As we

go forward, this is going to be your presentation. We need to make sure it reflects what you would like. I would put together a straw man and we will modify it from there. That's why these are always drafts.

So, I will look to add a couple of expense areas and get it back to you tomorrow. Let me know then what else we can add.

Paul

Subject: Re: HOD presentation

Paul, This slide presentation is so much better than what we have been doing in the past. I think it is presented in a much clearer way that everyone can understand at a glance. I have very few suggestions. First, I would put next to Mary Russell's name Chair or Treasurer. My next suggestion is on slide 12 if you could move the dates below the columns so they line up better with the columns and are not so spread out. It took too long (at least for me) to figure out what we were looking at. Also the first two dates are wrong for the 2009 and 2010 years. Then do we have any areas of expenses that were overruns or unusual? We reported on income, but not expenses. Maybe there is not anything of interest there, but I thought I would raise the question. The only other thing that might be of interest to the HOD is if there has been any shift in the income %'s. By that I mean, has the money we get from membership dues or sponsorship changed significantly (or any other category)? I was just thinking about this because of the pressure we are getting on sponsorship dollars. Unless there is something noteworthy I would leave it alone, but I thought if we have seen any shifting in any areas we might want to note it. Subject: Exciting NASDAQ News - Tuesday, March 19

To celebrate National Nutrition Month, the Academy of Nutrition and Dietetics has been invited to ring the opening bell on **Tuesday, March 19**, at NASDAQ, the largest electronic equities exchange in the United States! This is the fifth consecutive year in which the Academy has been invited to be part of NASDAQ's trading day. Academy President Ethan Bergman will be joined by

Academy members who live in the New York area to ring NASDAQ's opening bell. Ethan will make remarks about the Academy, National Nutrition Month, Registered Dietitian Day, the new RDN credential, and the many ways Academy's members optimize the nation's health through food and nutrition. The NASDAQ opening ceremony will be broadcast from 9:15 a.m. to 9:30 a.m. Eastern Time live on CNBC, Bloomberg TV and on NASDAQ's website. The ceremony will also be broadcast on video screens in Times Square. The Academy's name and logo will be on NASDAQ's tower with the message "The Stock Exchange Welcomes the Academy of Nutrition and Dietetics."

This is an exciting opportunity for the Academy and we are thrilled to be a part of the ceremony. Please share this information via social media with a link to the live webcast at <http://www.nasdaq.com/about/marketsitetowervideo.aspx>.

You can view the event live on the Webcast or view it later on Facebook and Twitter:

An updated obituary for Elise's husband follows. Please note that the family requested that memorials be made to St. Marks United Methodist Church in lieu of flowers; a contribution will be made on behalf of the Board.

Obituary - Glenn Edward Smith

Glenn Edward Smith, 65, passed away Fri. March 15, 2013 at the Mississippi Baptist Medical Center in Jackson, MS. Visitation will be held Mon. March 18, 2013 from 1pm.-2:30pm. at St. Marks United Methodist Church on Grants Ferry Rd. in Brandon, MS. with a 2:30pm. Memorial Service to follow the visitation at the church.

Mr. Smith was born in Houston, MS, lived in West Point, MS and has been a resident of Brandon, MS for the past 30 years. He served his country in the U.S. Marine Corps<
<http://www.legacy.com/memorial-sites/marines/?personid=163649823&affiliateID=1777>> during the Vietnam War<
<http://www.legacy.com/memorial-sites/vietnam-war/?personid=163649823&affiliateID=1777>>. Mr. Smith was a graduate of Mississippi State

University where he earned a degree in Business Statistics and Data Processing. He worked for Jackson Iron and Metal and HeavyQuip for 30 years. Mr. Smith was involved with the Mississippi Methodist Cursillo Movement where he served on the Secretariat. He also participated as a staff member at numerous Cursillo weekend retreats. Mr. Smith was a member of the St. Marks United Methodist Church where he served as youth director, was on the pastor parish relations committee, finance committee and building committee. One of his favorite rolls was to usher at the 11am. service where he had the opportunity to meet and greet members. Mr. Smith's hobbies included golf, snow skiing, fishing and pampering his wife.

He is survived by his wife, Elise Aden Smith; son, Glenn Eric Smith; brother, Billy Smith (Shirley); sister, Elizabeth Ann Sanders (Merrill); his loving companion, "Bree" and numerous nieces and nephews. Mr. Smith is preceded in death by his parents, William Prentiss "Pete" and Lottie Smith.

In lieu of flowers, memorials may be made to St. Marks United Methodist Church at 400 Grants Ferry Rd. Brandon, MS 39047 or the Mississippi Methodist Cursillo at P.O. Box 13851 Jackson, MS 39236-3851. To visit our online guest book please go to ottandleefuneralhome.com<

Subject: Sad News

Becky informed us that Elise's husband, Glen, died peacefully at 5:30 am CT this morning. Elise was by his side. We don't know yet when services will be held – possibly Friday or Monday in Jackson, Mississippi. Elise will be surrounded by her family, friends, co-workers and church family. Glen's son Eric will be coming to stay with her for a while so she will not be alone. Flowers will be sent on behalf of the Board of Directors. More details will be forthcoming once they become available to us.

Condolences can be sent to Elise at:

Subject: Exciting NASDAQ News - Tuesday, March 19
Attachment:

To celebrate National Nutrition Month, the Academy of Nutrition and Dietetics has been invited to ring the opening bell on **Tuesday, March 19**, at NASDAQ, the largest electronic equities exchange in the United States! This is the fifth consecutive year in which the Academy has been invited to be part of NASDAQ's trading day. Academy President Ethan Bergman will be joined by Academy members who live in the New York area to ring NASDAQ's opening bell. Ethan will make remarks about the Academy, National Nutrition Month, Registered Dietitian Day, the new RDN credential, and the many ways Academy's members optimize the nation's health through food and nutrition. The NASDAQ opening ceremony will be broadcast from 9:15 a.m. to 9:30 a.m. Eastern Time live on CNBC, Bloomberg TV and on NASDAQ's website. The ceremony will also be broadcast on video screens in Times Square. The Academy's name and logo will be on NASDAQ's tower with the message "The Stock Exchange Welcomes the Academy of Nutrition and Dietetics."

This is an exciting opportunity for the Academy and we are thrilled to be a part of the ceremony. Please share this information via social media with a link to the live webcast at <http://www.nasdaq.com/about/marketsitetowervideo.asx..>

You can view the event live on the Webcast or view it later on Facebook and Twitter:

Webcast:

A live webcast of the NASDAQ Opening Bell will be available tomorrow from 9:15 a.m. to 9:30 a.m. EST at:

<http://www.nasdaq.com/about/marketsitetowervideo.asx>.

Facebook and Twitter:

For multimedia features such as exclusive content, photo postings, status updates and video of bell ceremonies please visit NASDAQ's Facebook page at:

<http://www.facebook.com/pages/NASDAQ-OMX/108167527653>

For news tweets, please visit NASDAQ's Twitter page at:

<http://twitter.com/nasdaqomx>

Hi, I am in orientation at my new job today so may not have time to review this till tonite. Great feedback Donna! Thanks Paul for all this great work.

Mary

Donna Martin <dmartin@burke.k12.ga.us> wrote:

Paul, This slide presentation is so much better than what we have been doing in the past. I think it is presented in a much clearer way that everyone can understand at a glance. I have very few suggestions. First, I would put next to Mary Russell's name Chair or Treasurer. My next suggestion is on slide 12 if you could move the dates below the columns so they line up better with the columns and are not so spread out. It took too long (at least for me) to figure out what we were looking at. Also the first two dates are wrong for the 2009 and 2010 years. Then do we have any areas of expenses that were overruns or unusual? We reported on income, but not expenses. Maybe there is not anything of interest there, but I thought I would raise the question. The only other thing that might be of interest to the HOD is if there has been any shift in the income %'s. By that I mean, has the money we get from membership dues or sponsorship changed significantly (or any other category)? I was just thinking about this because of the pressure we are getting on sponsorship dollars. Unless there is something noteworthy I would leave it alone, but I thought if we have seen any shifting in any areas we might want to note it. I am sure Mary will have more or different comments, but these are mine. Take them or leave them, but overall I really like it. Mary and I were going to talk on how we could improve the presentation at our April Committee Meeting, but I think you beat us to it. Way to go team!

Mary,

Here is the first cut of the spring HOD presentation. I made some adjustments to what we did previously. First, I eliminated any references to the Consolidated financials. In many cases, this can become confusing. I left the slide addressing the total "Academy" structure, but, you can say in the narrative we will only be addressing the Academy directly.

I also eliminated the comparisons for last year to this year. I focused on the budget. This is an interesting year because operationally we are not meeting expectations, but, in total we are. So, I started with the "Net Income" of the business. Then I addressed briefly investment returns, revenues and expenses.

From there the deck goes to the revenues that are or are not meeting budget expectations. Finally, it closes with the investment portfolio.

I will be working on cleaning up the slides and then get for you a high level narrative. This is only 14 slides long. In the past, it may have been about 18.

I did leave and update the information on the Dues dollars and the funding. I thought these would be important to address again.

I will get to you another cut tomorrow, along with the narrative to give you the talking points. Also, keep in mind this is a draft, So, naturally, any changes you would like to see are always welcome. I like to take a cut and then refine until we feel comfortable it is good to go. I would like us to have this completed by Friday.

I will talk to you soon.

Paul

Subject: Question

Hi Nancy,

Mayor Bloomberg is advocating for portion limitations rather than taxation in this case. Since the Academy does not have a stance on this policy, we have not communicated with the Mayor. During the January 2013 meeting, the Board of Directors received the Food and Beverage Tax Workgroup report and adopted a neutral stance on taxation. The Academy supports a total diet approach and energy balance consistent with the Dietary Guidelines. The Guidelines recommend that individuals consume fewer foods with sodium (salt), saturated fats, *trans* fats, cholesterol, added sugars, and refined grains. I am reattaching the Board's letter to Secretary Sebelius (see attachment) which asked

- That a scientific report be prepared by the Office of the Surgeon General, examining the implications of sugar-sweetened beverage consumption on health outcomes.
- For consideration of unintended consequences of reducing intake through taxation and restriction.
- That the Administration refrain against labeling single foods or beverages as harmful in the absence of criteria that have been agreed upon by experts that could be applied universally.

Nancy Lewis, PhD, RD, FADA

Speaker-Elect, 2012-13

Academy of Nutrition and Dietetics

On Mar 11, 2013, at 6:33 PM, Doris Acosta <dacosta@eatright.org> wrote:

To members of the Academy's Board of Directors:

We took a historic step for the profession this past weekend, and I wanted to let you know that we will announce our action to the Academy's membership and to all registered dietitians on Wednesday, March 13 – appropriately enough, on Registered Dietitian Day!

I will tell all RDs via a blast email that the Board and CDR took action that many members have asked for: approving the optional use of the credential designation "registered dietitian nutritionist" by practitioners who have, or who qualify for, the credential "registered dietitian." This information will be shared with the House of Delegates on Tuesday, March 12.

Our announcement will emphasize that "Nutrition" is a term that the public understands – one of the reasons why "nutrition" became part of the Academy's new name in 2012. I will say that this

action by the Board will be a benefit to registered dietitians, more accurately reflecting who RDs are and what we do. I will also stress that legal counsel determined that adding the optional RDN credential will not affect licensure or other regulations. Many state licensure/certification laws already reference the term nutritionist (e.g. LDN or CDN).

I will remind RDs about the branding program that is under way to help educate consumers and other health professionals and build further awareness of their unique capabilities. And we will make it clear that the RDN credential designation is offered as an option to RDs who want to convey the nutrition aspect of their credential.

RDs seeking more information about the new RDN credential will be directed to Frequently Asked Questions that will go live on Wednesday at www.eatright.org/RDN. This information will be shared through various social media channels. We will also issue a press release "All registered dietitians are nutritionists but not all nutritionists are registered dietitians." Please see attached all RD message and FAQ.

Registered Dietitian Day 2013 will be a great day for our profession. Thank you very much for your hard work and your support of registered dietitians!

Sincerely,

Ethan A. Bergman, PhD, RDN, CD, FADA
President, 2012-2013

Subject: Board Self-Assessment 2013
Attachment: [image003.jpg](#)

At the March Board meeting Ethan announced we will again be using a self-assessment tool developed by BoardSource to evaluate and improve our effectiveness as a governing board. The assessment is utilized by the Board to evaluate our strengths and challenges and by the Executive Team to strengthen operational processes. The tool is also helpful in familiarizing Board members about expected responsibilities, in planning meeting agendas, and identifying topics for the Board orientation and retreat meetings.

You will receive the online questionnaire directly from BoardSource next week from their e-mail address, assessments@boardsource.org. Your individual responses are tabulated by BoardSource and are kept confidential; only aggregate results are provided. Discussion about the results will occur at our May Board meeting.

Please call me if you have any questions.

Subject: Question

Hi Nancy,

Mayor Bloomberg is advocating for portion limitations rather than taxation in this case. Since the Academy does not have a stance on this policy, we have not communicated with the Mayor. During the January 2013 meeting, the Board of Directors received the Food and Beverage Tax Workgroup report and adopted a neutral stance on taxation. The Academy supports a total diet approach and energy balance consistent with the Dietary Guidelines. The Guidelines recommend that individuals consume fewer foods with sodium (salt), saturated fats, *trans* fats, cholesterol, added sugars, and refined grains. I am reattaching the Board's letter to Secretary Sebelius (see attachment) which asked

- That a scientific report be prepared by the Office of the Surgeon General, examining the implications of sugar-sweetened beverage consumption on health outcomes.
- For consideration of unintended consequences of reducing intake through taxation and restriction.
- That the Administration refrain against labeling single foods or beverages as harmful in the absence of criteria that have been agreed upon by experts that could be applied universally.

On Mar 11, 2013, at 6:33 PM, Doris Acosta <dacosta@eatright.org> wrote:

To members of the Academy's Board of Directors:

We took a historic step for the profession this past weekend, and I wanted to let you know that we will announce our action to the Academy's membership and to all registered dietitians on Wednesday, March 13 – appropriately enough, on Registered Dietitian Day!

I will tell all RDs via a blast email that the Board and CDR took action that many members have asked for: approving the optional use of the credential designation “registered dietitian nutritionist” by practitioners who have, or who qualify for, the credential “registered dietitian.” This information will be shared with the House of Delegates on Tuesday, March 12.

Our announcement will emphasize that “Nutrition” is a term that the public understands – one of the reasons why “nutrition” became part of the Academy's new name in 2012. I will say that this action by the Board will be a benefit to registered dietitians, more accurately reflecting who RDs are and what we do. I will also stress that legal counsel determined that adding the optional RDN credential will not affect licensure or other regulations. Many state licensure/certification laws already reference the term nutritionist (e.g. LDN or CDN).

I will remind RDs about the branding program that is under way to help educate consumers and other health professionals and build further awareness of their unique capabilities. And we will make it clear that the RDN credential designation is offered as an option to RDs who want to convey the nutrition aspect of their credential.

RDs seeking more information about the new RDN credential will be directed to Frequently Asked Questions that will go live on Wednesday at www.eatright.org/RDN. This information will be shared through various social media channels. We will also issue a press release “All registered dietitians are nutritionists but not all nutritionists are registered dietitians.” Please see attached all RD message and FAQ.

Registered Dietitian Day 2013 will be a great day for our profession. Thank you very much for your hard work and your support of registered dietitians!

Sincerely,

Ethan A. Bergman, PhD, RDN, CD, FADA

Subject: Sad News

Becky informed us that Elise's husband, Glen, died peacefully at 5:30 am CT this morning. Elise was by his side. We don't know yet when services will be held – possibly Friday or Monday in Jackson, Mississippi. Elise will be surrounded by her family, friends, co-workers and church family. Glen's son Eric will be coming to stay with her for a while so she will not be alone. Flowers will be sent on behalf of the Board of Directors. More details will be forthcoming once they become available to us.

Condolences can be sent to Elise at:

Nancy Lewis, PhD, RD, FADA

Speaker-Elect, 2012-13

Academy of Nutrition and Dietetics

On Mar 11, 2013, at 6:33 PM, Doris Acosta <dacosta@eatright.org> wrote:

To members of the Academy's Board of Directors:

We took a historic step for the profession this past weekend, and I wanted to let you know that we will announce our action to the Academy's membership and to all registered dietitians on Wednesday, March 13 – appropriately enough, on Registered Dietitian Day!

I will tell all RDs via a blast email that the Board and CDR took action that many members have asked for: approving the optional use of the credential designation "registered dietitian nutritionist" by practitioners who have, or who qualify for, the credential "registered dietitian." This information will be shared with the House of Delegates on Tuesday, March 12.

Our announcement will emphasize that "Nutrition" is a term that the public understands – one of the reasons why "nutrition" became part of the Academy's new name in 2012. I will say that this action by the Board will be a benefit to registered dietitians, more accurately reflecting who RDs are and what we do. I will also stress that legal counsel determined that adding the optional RDN credential will not affect licensure or other regulations. Many state licensure/certification laws already reference the term nutritionist (e.g. LDN or CDN).

I will remind RDs about the branding program that is under way to help educate consumers and other health professionals and build further awareness of their unique capabilities. And we will make it clear that the RDN credential designation is offered as an option to RDs who want to

convey the nutrition aspect of their credential.

RDs seeking more information about the new RDN credential will be directed to Frequently Asked Questions that will go live on Wednesday at www.eatright.org/RDN. This information will be shared through various social media channels. We will also issue a press release "All registered dietitians are nutritionists but not all nutritionists are registered dietitians." Please see attached all RD message and FAQ.

Registered Dietitian Day 2013 will be a great day for our profession. Thank you very much for your hard work and your support of registered dietitians!

Sincerely,

Ethan A. Bergman, PhD, RDN, CD, FADA

President, 2012-2013

[Sebelius Letter 8-23 Final.pdf](#)

Hi Nancy,

Mayor Bloomberg is advocating for portion limitations rather than taxation in this case. Since the Academy does not have a stance on this policy, we have not communicated with the Mayor. During the January 2013 meeting, the Board of Directors received the Food and Beverage Tax Workgroup report and adopted a neutral stance on taxation. The Academy supports a total diet approach and energy balance consistent with the Dietary Guidelines. The Guidelines recommend that individuals consume fewer foods with sodium (salt), saturated fats, *trans* fats, cholesterol, added sugars, and refined grains. I am reattaching the Board's letter to Secretary Sebelius (see attachment) which asked

- That a scientific report be prepared by the Office of the Surgeon General, examining the implications of sugar-sweetened beverage consumption on health outcomes.

- For consideration of unintended consequences of reducing intake through taxation and restriction.
- That the Administration refrain against labeling single foods or beverages as harmful in the absence of criteria that have been agreed upon by experts that could be applied universally.

Becky informed us that Elise's husband, Glen, died peacefully at 5:30 am CT this morning. Elise was by his side. We don't know yet when services will be held – possibly Friday or Monday in Jackson, Mississippi. Elise will be surrounded by her family, friends, co-workers and church family. Glen's son Eric will be coming to stay with her for a while so she will not be alone. Flowers will be sent on behalf of the Board of Directors. More details will be forthcoming once they become available to us.

Condolences can be sent to Elise at:

Having trouble viewing this e-mail? View it in your browser.

We need your support today to make an impact in the nutrition field in our nation's capital.

March 14, 2013

Thanks to support from Academy members and friends, the Foundations Grace L. Ostenso Nutrition and Public Policy Fellowship was awarded in 2012 to Leigh Gantner, PhD, RD, from Syracuse University. This Fellowship, funded by the Academy Foundation and administered by The American Association for the Advancement of Science (AAAS) provides the unique opportunity for an Academy member to work alongside 279 other Fellows on Capitol Hill. Ganter is serving her year as a staff member for Senator Kirsten Gillibrand (D-NY).

The fellowship was established in honor of Grace L. Ostenso, who worked on Capitol Hill for many years.

We need your support to ensure that this fellowship will be available in the future. Please consider making a donation today so that another Academy member will have the opportunity to work towards making a difference in nutrition policies that will impact the nutritional health of the public. Please consider a donation of \$50, \$75, \$100 or more to support the Grace L. Ostenso Nutrition and Public Policy Fellowship. All donations made to the Grace L. Ostenso Nutrition and Public Policy Fellowship will be matched 2:1 by an anonymous donor.

It is important for individuals who are familiar with the potential roles of dietetics in enhancing the health of the public be involved in the legislative process, and this fellowship is one way to provide dietitians with the skills they need to do this.

Johanna Dwyer, D.Sc, RD

We have made great strides and influenced legislation and public policy through the tireless efforts of our Washington office. But we need to do more. Supporting the Ostenso Fellowship in solidifies a future that impacts all members, advances science and leads food and nutrition policy in society.

Judith A. Gilbride, PhD, RD, FADA, CDN, Past President, Academy of Nutrition and Dietetics.

For more information on the Grace L. Ostenso Nutrition and Public Policy Fellowship please visit:

Mary,

Donna,

As did I. Pat and I discussed raising it, but, felt the e-mail would be the appropriate way to handle the situation. I thought the e-mail explaining what happened went out before the board meeting was over. Otherwise, I would have mentioned it to the both of you. I should have noticed that the wrong tax returns were posted. I didn't notice until the beginning of the Board meeting. The right tax returns were forwarded to be posted. Unfortunately, the wrong one was put onto the portal. Sorry for any inconvenience. Let me know if you feel there is anything else I can do.

Paul

Thank you Joan. I noticed that and did wonder however no one else raised questions so I did not address it before the group. Mary

Thank you Doris! Once again, a huge success – especially with competition from a new Pope;)

Are there a few good video clips that you recommend that we can share via social media?

Warmest regards,

Becky

Subject: RDN Announcement and Activities Update ...

Importance: High

Happy Registered Dietitian Day! Here is a quick update on the RDN Announcement and RD Day activities.

Attached is the Times Square photo of Academy member Carly Hill, RD, that ran several times today in celebration of RD Day. We also highlighted Carly on the website and in *Eat Right Weekly*.

Overall, the member comments on the RDN announcement have been very positive. To date, we have received 15 emails to the President mailbox. Twelve were very positive, one negative and two emails were unrelated to the announcement. Here are some highlights:

- Exciting great news! Very much needed.

- I think it is a good move.
- Wonderful!! Thank you for all the hard work!
- AWESOME!!!!!!!!
- HOO-RAY! This is great news; an excellent move! -cg
- Thank you for responding to our needs!
- Great move, thanks!
- Thank you. I am very glad to have this option!
- Makes so much sense ... I will start using RDN after my name effective immediately!
- ... I have been a strong advocate of utilizing "nutrition" as part of our title for years
- ... thank you and congratulate you for your efforts in modernizing our name.
- Great change! Thanks for this new optional designation- I think it is very meaningful.
- Well at least we don't have to use it. Good grief!

Social media responses to the announcement have been mixed but overall positive.

Twitter:

Facebook:

Also attached is a preliminary media report on our press release that went over the wires today and was covered by 354 news outlets (not bad for competing with the announcement of a new pope J).

We will continue to monitor and respond to emails, comments and social media posts.

Thank you very much. As always, please do not hesitate to contact me with any questions.

I have attended a number of PPWs. This was the best ever. The speakers were excellent. Additionally the legislators presentations added much to our meetings. We were given the information that we needed to go on our Hill visits. Our meetings were very productive.

Thanks to all who made PPW a memorable experience.

Thank you on behalf of the Board of Directors and myself for your numerous contributions in making PPW a resounding success! It was hard to top last year's PPW but I can confidently say we did. The presentations were informative and the speakers were passionate about the content and the profession. I tried to pick a favorite session but couldn't, because all were on par for excellence. Many members stopped me to praise the event. Several comments stand out: the quality of the presentations and the public policy expertise of both the staff and member leaders. It was very gratifying to see how many young members were in the audience and how involved and enthusiastic they were in the discussions. Kiki McLean was the perfect keynote speaker to kick-off the event. Members are still talking about her session and quoting her!

Sincere thanks go to staff members Doris Acosta, Denielle Alston, Jeanne Blankenship, Whitney Brown, Erin Cannon, Diane Moore Enos, Jennifer Noll Folliard, Georgia Gofis, Lindsey Hoggle, Jennifer Horton, Charmaine Jones, Jessica Larson, Daun Longshore, Mary Pat Raimondi, Juliana Smith, Alison Steiber, Pepin Tuma, Paulina Weeden, and Mary Wolski for great planning and execution!

Subject: Exciting News!

In celebration of Registered Dietitian Day 2013, it gives me great pleasure to make an exciting announcement!

The Academy's Board of Directors and the Commission on Dietetic Registration (CDR) have taken a historic step: Registered dietitians now have the option to use the credential "registered dietitian nutritionist (**RDN**)."

Why did we take this action? In short, because members asked for it. In 2010, the Academy began exploring the option of offering the registered dietitian nutritionist credential. It was supported by participants in the 2011 Future Connections Summit and most recently by the Council on Future Practice in its 2012 Visioning Report. The recommendation was shared and discussed in the House of Delegates at the Fall 2012 meeting. The 2013 joint meeting of the major organizational units (Commission on Dietetic Registration, Accreditation Council for Education in

Nutrition and Dietetics, Council on Future Practice, Education Committee, and Nutrition and Dietetics Educators and Preceptors DPG) supported moving forward.

We know that all registered dietitians are nutritionists but *not* all nutritionists are registered dietitians. The new **RDN** credential positions and promotes RDs front and center with consumers, increasing recognition and public understanding of both terms: “dietitian” and “nutritionist.” This action will more accurately reflect who we are and what we do.

A branding program is under way that will strengthen and differentiate a respected brand. The plan will also help educate consumers and other health professionals, building further awareness of RDs’ unique capabilities and rigorous credentialing requirements.

Adding “nutritionist” to the registered dietitian credential is consistent with the inclusion of the word nutrition in the Academy’s new name. It also communicates to everyone the broader concept of wellness and prevention that are part of practice for many RDs.

Legal counsel determined that adding the optional **RDN** credential will not affect state licensure or other regulations. Many state licensure/certification laws already reference the term nutritionist (e.g., LDN or CDN).

The RDN credential is offered as an *option* to RDs who want to convey the nutrition aspect of the credential to the public and to other health practitioners.

The CDR 2013-2014 registration identification card will reflect both the RD and **RDN** credentials, and RDs can start using the **RDN** credential today.

A blast email is being sent today to all RDs informing them of this new option. It will be shared through various social media channels and in a press release. More information about the new credential is available at www.eatright.org/RDN. Please contact your VP or me if you have questions.

This is an exciting time for our profession! On behalf of myself and the Board of Directors, happy Registered Dietitian Day!

Subject: RDN Announcement and Activities Update ...

Happy Registered Dietitian Day! Here is a quick update on the RDN Announcement and RD Day activities.

Attached is the Times Square photo of Academy member Carly Hill, RD, that ran several times today in celebration of RD Day. We also highlighted Carly on the website and in *Eat Right Weekly*.

Overall, the member comments on the RDN announcement have been very positive. To date, we have received 15 emails to the President mailbox. Twelve were very positive, one negative and two emails were unrelated to the announcement. Here are some highlights:

- Exciting great news! Very much needed.
- I think it is a good move.
- Wonderful!! Thank you for all the hard work!
- AWESOME!!!!!!!
- HOO-RAY! This is great news; an excellent move! -cg
- Thank you for responding to our needs!
- Great move, thanks!

- Thank you. I am very glad to have this option!
- Makes so much sense ... I will start using RDN after my name effective immediately!
- ... I have been a strong advocate of utilizing "nutrition" as part of our title for years
- ... thank you and congratulate you for your efforts in modernizing our name.
- Great change! Thanks for this new optional designation- I think it is very meaningful.
- Well at least we don't have to use it. Good grief!

Social media responses to the announcement have been mixed but overall positive.

Twitter:

Facebook:

Also attached is a preliminary media report on our press release that went over the wires today and was covered by 354 news outlets (not bad for competing with the announcement of a new pope J).

We will continue to monitor and respond to emails, comments and social media posts.

Thank you very much. As always, please do not hesitate to contact me with any questions.

Best regards,

Subject: Thank you!

Thank you on behalf of the Board of Directors and myself for your numerous contributions in making PPW a resounding success! It was hard to top last year's PPW but I can confidently say we did. The presentations were informative and the speakers were passionate about the content and the profession. I tried to pick a favorite session but couldn't, because all were on par for excellence. Many members stopped me to praise the event. Several comments stand out: the quality of the presentations and the public policy expertise of both the staff and member leaders. It was very gratifying to see how many young members were in the audience and how involved and enthusiastic they were in the discussions. Kiki McLean was the perfect keynote speaker to kick-off the event. Members are still talking about her session and quoting her!

Sincere thanks go to staff members Doris Acosta, Denielle Alston, Jeanne Blankenship, Whitney Brown, Erin Cannon, Diane Moore Enos, Jennifer Noll Folliard, Georgia Gofis, Lindsey Hoggle, Jennifer Horton, Charmaine Jones, Jessica Larson, Daun Longshore, Mary Pat Raimondi, Juliana Smith, Alison Steiber, Pepin Tuma, Paulina Weeden, and Mary Wolski for great planning and execution!

Best regards,

Pat

Breaking News: New RDN Credential Now Available for RDs

Just in time to celebrate Registered Dietitian Day 2013: The Academy's Board of Directors and the Commission on Dietetic Registration have taken a historic step: Registered dietitians now have the option to use the credential "registered dietitian nutritionist (RDN)."

We know all registered dietitians are nutritionists - but *not* all nutritionists are registered dietitians. The new RDN credential positions and promotes *you* front and center with consumers, increasing recognition and public understanding of both terms "dietitian" and "nutritionist." This action will more accurately reflect *who we are and what we do*.

April Is National Preceptor Month

The Academy of Nutrition and Dietetics has declared April to be National Preceptor Month. This is an opportunity to recognize and thank practitioners who make the effort and take the time to create the next generation of dietetics professionals by teaching students in their workplace. And while it is a time to say "thank you," National Preceptor Month also kicks off the Academy's preceptor recruitment drive.

2747. PPW TODAY - Wednesday Edition

From: jlarson@eatright.org
To: DMartin@Burke.k12.ga.us
Sent Date: Mar 13, 2013 14:33:59
Subject: PPW TODAY - Wednesday Edition
Attachment: [PPW TODAY newsletter- Wednesday FINAL.pdf](#)

Dear PPW Attendee,

We hope you had a successful day on the Hill yesterday and you have arrived home safely.

As promised, the last edition of PPW TODAY is attached to this email. In addition, we have provided the text below. Please help spread the good news of all of your hard work in D.C. by sharing PPW TODAY with your member groups.

Thank you again for attending PPW and for being an advocate for important health and nutrition programs.

It has been a pleasure having you at PPW.
Jessica

PPW TODAY

Members of Congress Send PPW Attendees Off to the Hill in High Spirits

The President of the Academy of Nutrition and Dietetics, Ethan Bergman PhD, RD, CD, FADA, presented Massachusetts Representative Jim McGovern with the 2013 Public Policy Leadership Award. Rep. McGovern is an activist in the fight against hunger in America. "Hunger is a political condition," stated Rep. McGovern as he spoke on the importance of the Academy advocating against budget cuts to nutrition and nutrition education programs.

Every week Rep. McGovern stands before Congress and urges them to put into words and action a plan to fight hunger. McGovern went on to tell PPW attendees about his challenges with living on a food stamp diet for one week, limiting his food costs to \$3 per day. "It's hard to be poor," said McGovern.

In closing, McGovern pointed out that nutrition plays a huge role in health care and the fight against hunger. PPW attendees agreed as they rose to their feet to demonstrate their support of McGovern's work.

Later that morning, Iowa State Representative Bruce Braley, whose daughter is an RD, spoke on moving from health care delivery systems to systems that reward for patient outcomes. Rep. Braley stated, "It is best to invest in prevention and wellness than treating sick people."

Rep. Braley ended by pointing out that investing in training professionals, changing behaviors and educating patients could save the U.S. \$25 billion a year in health care costs. RDs can play a pivotal part and help lead the charge.

Academy Members Storm the Hill

Over 400 Public Policy Workshop (PPW) attendees gathered for the culmination of PPW's purpose, storming Capitol Hill. After two and a half days of numerous workshops, speeches and networking opportunities, members felt empowered to reach out to their members of Congress, a task that is often intimidating.

Anxiously planning their approaches, Academy members were chomping at the bit to let their voices be heard. Upon reaching Capitol Hill, members dispersed to project a unified message on behalf of the Academy of Nutrition and Dietetics. Topics included the Farm Bill, Medicare Diabetes Prevention Act, Ryan White and loan forgiveness.

At the end of the day, everyone concluded their Washington, D.C. advocacy experience feeling confident and empowered, knowing that their members of Congress "are just people too."

Sam Kass Keeps *Let's Move!* Moving:

White House Chef, Sam Kass, updated PPW attendees on the First Lady's *Let's Move!* initiative. During the second Administration *Let's Move!* is focusing on providing a simple, actionable message to the public. "We need to harness the power of marketing to promote healthy foods," said Kass. He also pointed out that change happens on the ground first and RDs play a major role.

"To Be Nutritious, It Must Be Safe," -- Missy Cody PhD, RD: With foodborne outbreaks affecting 1 in 6 people, improving food safety infrastructure continues to be a vital component of public health. The new food safety regulations are shifting from documenting and reacting to preventing foodborne outbreaks.

Communicating Effectively and Confidently with Congress: Two communication workshops were offered to Academy members prior to Tuesday's Hill visits. At the beginner/intermediate workshop a public policy leadership panel discussed getting on the "public policy bus" and reviewed strategies to promote a strong public policy culture among dietitians. Prepare, practice, partner and take action by identifying your skills, resources and goals. It's all about relationships!

Attendees of the advanced track learned the tricks of the trade to communicate effectively with members of Congress, such as knowing your audience, crafting a compelling message, delivering talking points effectively, relationship building, storytelling and managing the face-to-face meeting. Key points: Start with the basics, avoid acronyms, stick to 2 or 3 messages, stay on track and remain in constant contact after your visit.

Subject: Exciting News!

In celebration of Registered Dietitian Day 2013, it gives me great pleasure to make an exciting announcement!

The Academy's Board of Directors and the Commission on Dietetic Registration (CDR) have taken a historic step: Registered dietitians now have the option to use the credential "registered dietitian nutritionist (**RDN**)."

Why did we take this action? In short, because members asked for it. In 2010, the Academy began exploring the option of offering the registered dietitian nutritionist credential. It was supported by participants in the 2011 Future Connections Summit and most recently by the Council on Future Practice in its 2012 Visioning Report. The recommendation was shared and

discussed in the House of Delegates at the Fall 2012 meeting. The 2013 joint meeting of the major organizational units (Commission on Dietetic Registration, Accreditation Council for Education in Nutrition and Dietetics, Council on Future Practice, Education Committee, and Nutrition and Dietetics Educators and Preceptors DPG) supported moving forward.

We know that all registered dietitians are nutritionists but *not* all nutritionists are registered dietitians. The new **RDN** credential positions and promotes RDs front and center with consumers, increasing recognition and public understanding of both terms: "dietitian" and "nutritionist." This action will more accurately reflect who we are and what we do.

A branding program is under way that will strengthen and differentiate a respected brand. The plan will also help educate consumers and other health professionals, building further awareness of RDs' unique capabilities and rigorous credentialing requirements.

Adding "nutritionist" to the registered dietitian credential is consistent with the inclusion of the word nutrition in the Academy's new name. It also communicates to everyone the broader concept of wellness and prevention that are part of practice for many RDs.

Legal counsel determined that adding the optional **RDN** credential will not affect state licensure or other regulations. Many state licensure/certification laws already reference the term nutritionist (e.g., LDN or CDN).

The RDN credential is offered as an *option* to RDs who want to convey the nutrition aspect of the credential to the public and to other health practitioners.

The CDR 2013-2014 registration identification card will reflect both the RD and **RDN** credentials, and RDs can start using the **RDN** credential today.

A blast email is being sent today to all RDs informing them of this new option. It will be shared through various social media channels and in a press release. More information about the new credential is available at www.eatright.org/RDN. Please contact your VP or me if you have questions.

This is an exciting time for our profession! On behalf of myself and the Board of Directors, happy Registered Dietitian Day!

An important message for all registered dietitians:

Wednesday, March 13, 2013

In celebration of Registered Dietitian Day 2013, it gives me great pleasure to make an exciting announcement!

The Academys Board of Directors and the Commission on Dietetic Registration (CDR) have taken a big step: Registered dietitians now have the option to use the credential registered dietitian nutritionist (**RDN**).

Why did we take this action? In short, because members asked for it. In 2010, the Academy began exploring the option of offering the registered dietitian nutritionist credential. It was supported by participants in the 2011 Future Connections Summit and most recently by the Council on Future Practice in its 2012 Visioning Report. The recommendation was shared and discussed in the House of Delegates at the Fall 2012 meeting. The 2013 joint meeting of the major organizational units (Commission on Dietetic Registration, Accreditation Council for Education in Nutrition and Dietetics, Council on Future Practice, Education Committee, and Nutrition and Dietetics Educators and Preceptors DPG) supported moving forward.

We know that all registered dietitians are nutritionists but not all nutritionists are registered dietitians. The new RDN credential positions and promotes you front and center with consumers, increasing recognition and public understanding of both terms: dietitian and nutritionist. This action will more accurately reflect who we are and what we do.

A branding program is under way that will strengthen and differentiate a respected brand. The plan will also help educate consumers and other health professionals, building further awareness of your unique capabilities and rigorous credentialing requirements.

Adding nutritionist to the registered dietitian credential is consistent with the inclusion of the word nutrition in the Academys new name. It also communicates to everyone the broader concept of wellness and prevention that are part of practice for many RDs.

Legal counsel determined that adding the optional RDN credential will not affect state licensure or other regulations. Many state licensure/certification laws already reference the term nutritionist

(e.g., LDN or CDN).

Let me be clear: **The RDN credential is offered as an option to RDs who want to convey the nutrition aspect of the credential to the public and to other health practitioners. Use of the RDN credential is optional and totally up to you.**

Your CDR 2013-2014 registration identification card will reflect both the RD and RDN credentials. If you choose, you can start using the RDN credential today!

More information about the new credential is available at www.eatright.org/RDN.

This is an exciting time for our profession!

Sincerely,

Ethan A. Bergman, PhD, RDN, CD, FADA
President, 2012-2013

Subject: Exciting News!

In celebration of Registered Dietitian Day 2013, it gives me great pleasure to make an exciting announcement!

The Academy's Board of Directors and the Commission on Dietetic Registration (CDR) have taken a historic step: Registered dietitians now have the option to use the credential "registered dietitian nutritionist (**RDN**)."

Why did we take this action? In short, because members asked for it. In 2010, the Academy began exploring the option of offering the registered dietitian nutritionist credential. It was supported by participants in the 2011 Future Connections Summit and most recently by the Council on Future Practice in its 2012 Visioning Report. The recommendation was shared and discussed in the House of Delegates at the Fall 2012 meeting. The 2013 joint meeting of the major organizational units (Commission on Dietetic Registration, Accreditation Council for Education in Nutrition and Dietetics, Council on Future Practice, Education Committee, and Nutrition and Dietetics Educators and Preceptors DPG) supported moving forward.

We know that all registered dietitians are nutritionists but *not* all nutritionists are registered dietitians. The new **RDN** credential positions and promotes RDs front and center with consumers, increasing recognition and public understanding of both terms: "dietitian" and "nutritionist." This action will more accurately reflect who we are and what we do.

A branding program is under way that will strengthen and differentiate a respected brand. The plan will also help educate consumers and other health professionals, building further awareness of RDs' unique capabilities and rigorous credentialing requirements.

Adding "nutritionist" to the registered dietitian credential is consistent with the inclusion of the word nutrition in the Academy's new name. It also communicates to everyone the broader concept of wellness and prevention that are part of practice for many RDs.

Legal counsel determined that adding the optional **RDN** credential will not affect state licensure or other regulations. Many state licensure/certification laws already reference the term nutritionist (e.g., LDN or CDN).

The RDN credential is offered as an *option* to RDs who want to convey the nutrition aspect of the credential to the public and to other health practitioners.

The CDR 2013-2014 registration identification card will reflect both the RD and **RDN** credentials, and RDs can start using the **RDN** credential today.

A blast email is being sent today to all RDs informing them of this new option. It will be shared through various social media channels and in a press release. More information about the new credential is available at www.eatright.org/RDN. Please contact your VP or me if you have questions.

This is an exciting time for our profession! On behalf of myself and the Board of Directors, happy Registered Dietitian Day!

Pat

2757. Last day of PPW – Important Information!

From: jlarson@eatright.org
To: DMartin@Burke.k12.ga.us
Sent Date: Mar 12, 2013 00:15:51
Subject: Last day of PPW – Important Information!
Attachment: [PPW TODAY newsletter- Tuesday FINAL.pdf](#)

Dear PPW Attendee,

TUESDAY:

Please arrive on Tuesday by 7:20 a.m. We will start promptly at 7:30 a.m. because we have three special guests: Representative Jim McGovern (Mass.), Representative Bruce Braley (Iowa) and Sam Kass (White House).

Checkout:

Please note that the checkout process may take a while and you will likely need to stow your bags with the concierge while you are on the Hill. Please allow enough time for this process.

Spread the Good News:

Once again we are providing you with tomorrow's edition of PPW TODAY. Please share the attached document and the below portion of the email with your electronic mailing lists.

Tell a Friend:

Please share this information with your colleagues in case they do not see this email in time.

It has been a pleasure having you at PPW.

Good luck on your Hill visits!
Jessica

PPW TODAY

Believing in a Candidate: Grassroots Efforts for a Sustainable Impact

The Academy's Legislative Public Policy Chair, Karen K. Ehrens, RD, LRD, emphasized that grassroots efforts to sustain congressional relationships are "the way to get things done." She added that picking your candidate and supporting them entirely are crucial components of a successful relationship.

Ehrens introduced Senator Heidi Heitkamp (N.D.), the first female Senator from North Dakota. Senator Heitkamp was welcomed with a standing ovation that preceded a riveting speech on the contrast of hunger and obesity as they relate to health issues. She emphasized the importance of nutrition as "the vanguard of the next great public health outcome," with the first step being education targeted specifically to members of Congress.

Later, Maryland Representative Elijah Cummings addressed over 100 generous ANDPAC donors, speaking emotionally about the RD's role in changing our nation's health by using efficient, effective communication. He concluded by encouraging attendees to "push for policies that keep our people healthy."

Building a Local Food System

A panel of experts discussed principles, policies and procedures to building a local food system. PPW attendees first learned from Susan Roberts, JD, MS, RD, about the basic principles of local food systems. She stated that they should be health promoting, sustainable, resilient, diverse, fair, economically balanced and transparent.

Angie Tagtow, MS, RD, LD, defined Food Policy Councils (FPC) and encouraged Academy members to be involved as the nutrition experts. She emphasized that health and environment must be incorporated in food system models and highlighted examples of FPC successes.

Carla Honselman, PhD, RD, LDN, took attendees on a visual journey to her family's farm. She informed attendees of the challenges to farming such as regulations, taxes, cost and consumer issues. She ended by identifying areas of common ground between RDs and farmers, stating that both want to provide safe nourishing foods, promote sustainability, provide access to healthful food and utilize evidenced based science.

Biotechnology and GMOs - From Farm to Label: Academy members gained perspective from local farmer and RD, Jennifer Schmidt, who uses biotechnology practices on her family farm and is mindful of keeping our environment clean, crops nutritious and children healthy. PPW attendees also learned from Melinda Hemmelgarn RD who stressed the importance of transparency and accountability and expressed concern about potential health impacts of GMOs.

A 1200 Calorie Salad?!: Dr. Margo Wootan from CSPI updated members on menu labeling regulations, which require chain restaurants to list calories on menu and menu boards. Dr. Wootan hopes the final rule will also include movie theaters, vending machines and alcoholic drinks. With 1/3 of daily calories for Americans coming from eating outside the home, consumers should have the right to know food's calorie content.

RDs Might Soon Gain Therapeutic Diet Order Independence: CMS proposed a rule that would allow privileged RDs employed by hospitals to independently order patients' diets. RDs are the best clinicians to assess nutrition status, order diets and make modifications. The Academy and CMS agree: RDs are the nutrition experts!

Competitive Foods Might Lose the Race: Pew Health Expert, Jessica Donze Black MPH, RD, explained the proposed rule to establish nutrition standards on food and beverages sold outside of the school meal program. She stated that 80% of individuals want national standards for snack foods in schools and when nutrition policies for healthy snacks are implemented children eat more healthfully.

To members of the Academy's Board of Directors:

We took a historic step for the profession this past weekend, and I wanted to let you know that we will announce our action to the Academy's membership and to all registered dietitians on Wednesday, March 13 – appropriately enough, on Registered Dietitian Day!

I will tell all RDs via a blast email that the Board and CDR took action that many members have asked for: approving the optional use of the credential designation "registered dietitian nutritionist" by practitioners who have, or who qualify for, the credential "registered dietitian." This information will be shared with the House of Delegates on Tuesday, March 12.

Our announcement will emphasize that "Nutrition" is a term that the public understands – one of the reasons why "nutrition" became part of the Academy's new name in 2012. I will say that this action by the Board will be a benefit to registered dietitians, more accurately reflecting who RDs are and what we do. I will also stress that legal counsel determined that adding the optional RDN credential will not affect licensure or other regulations. Many state licensure/certification laws already reference the term nutritionist (e.g. LDN or CDN).

I will remind RDs about the branding program that is under way to help educate consumers and other health professionals and build further awareness of their unique capabilities. And we will make it clear that the RDN credential designation is offered as an option to RDs who want to convey the nutrition aspect of their credential.

RDs seeking more information about the new RDN credential will be directed to Frequently Asked Questions that will go live on Wednesday at www.eatright.org/RDN. This information will be shared through various social media channels. We will also issue a press release "All registered dietitians are nutritionists but not all nutritionists are registered dietitians." Please see attached all RD message and FAQ.

Registered Dietitian Day 2013 will be a great day for our profession. Thank you very much for your hard work and your support of registered dietitians!

Sincerely,

Ethan A. Bergman, PhD, RDN, CD, FADA

President, 2012-2013

Dear PPW Attendee,

My apologies - now you will find the attached newsletter.

Thank you,
Jessica
--

Dear PPW Attendee,

Attached to this email you will find a PPW newsletter recapping today's events. Below you will see the text version of this edition. We encourage you to inform other members about the activities at PPW.

If you are a PPC or DPG leader please share this information with your member group.

Thank you for your help in disseminating this information!
Jessica

The Academy of Nutrition and Dietetics is Making History at PPW 2013!

The President of the Academy of Nutrition and Dietetics, Ethan Bergman PhD, RD, CD, FADA, kicked off the Academy's 2013 Public Policy Workshop (PPW) with a powerful challenge: "If dietetics is your profession, then policy should be your passion!" Dr. Bergman reminded attendees that advocacy starts with every member. In sticking with this year's theme, he inspired the audience by saying if we "work locally to improve the health of our community...it becomes a national movement."

During lunch, Bergman presented the 2013 PPW Grassroots Excellence Award to an inspiring leader in grassroots advocacy and longtime (55 years!) Academy member: Constance Locher-Boussard RD, LDN. Connie is a prime example of a committed, passionate nutrition policy leader who assured PPW that she is not done yet!

Dr. Bergman helped bring the successful day to a close with his remarks at the PPW's reception, where Academy members networked, mingled and reflected on the day's teachings. Sunday's sessions energized members as we prepare for advocacy opportunities.

Academy Members Are Briefed on “Our Issues”

PPW attendees were briefed on complex issues affecting dietetics, the future health of vulnerable populations, and the surrounding political environment. Nutrition policy experts covered important topics such as the budget, sequestration, Older Americans Act (OAA) and the Farm Bill, all which are impacting RDs' and DTRs' ability to best practice nutrition and dietetics and provide quality care to Americans.

Sequestration, which went into effect on March 1, will cut millions of dollars to many vital programs and institutions, including NIH, FDA, CDC, WIC, food safety, Head Start, tribal services and senior meals. Since Congress is scheduled to pass a budget by the end of March, this is the perfect opportunity for us to storm the Hill and speak our message!

Robert Blancato updated members on the OAA, which aims to keep older adults independent at home and in their communities. Nutrition programs, such as Meals on Wheels and congregate dining, are a major part of the OAA; they are critical to the well-being of the aging population. Blancato informed members that OAA saves millions in Medicaid and Medicare dollars – a good tidbit to take with you to the Hill!

The Academy's Legislative Public Policy Committee Chair, Karen K. Ehrens, RD, LRD, moderated a session on the Farm Bill with a particular focus on SNAP-Ed. Experts informed attendees that SNAP and SNAP-Ed are susceptible to devastating cuts that would affect the 90 million people eligible for the program. Members learned about SNAP-Ed's innovative, creative, evidence-based, customized approach. Educate Congress about SNAP-Ed; it's not just pamphlets, pencils and posters but empowering programs and messages to help people make healthy lifestyle changes.

SNS DPG Recognized for Hard Work in Schools: The Academy's School Nutrition Services (SNS) DPG was honored for its members' dedication to improving school meals. Dr. Thornton, USDA Deputy Under Secretary for Food, Nutrition and Consumer Services, thanked SNS for leading our children to better health.

Expanding Coverage Through Advocacy: Changes in our health care system provide dietitians with opportunities to advocate and expand coverage for MNT services. While changes will not happen overnight, it is up to dietitians to lobby, collaborate, and realize our importance in this exciting advancement. Create your personal advocacy action plan today!

Nutrition Informatics is Coming to a Computer Near You: The Academy's Nutrition Informatics Committee discussed technology changes that are impacting the way we care for our patients. Health data will follow patients throughout their lives and we must make sure nutrition information is included and data is collected! 35% of hospitals are already using electronic health records!

HEN Hosts First PPW Film Festival: The Hunger and Environmental Nutrition DPG showed the film *Apple Pushers*, a documentary portraying five immigrants' trials as green cart vendors and detailing their roles in NYC's struggle against food deserts. 59 attendees were left feeling, “If they can do it, we can do it.”

Subject: CEO compensation

Mary,

I have looked at the comparables for Pat's compensation and have updated the information. The attached spreadsheet reflects the information. I did not do a new "write-up" for this year compared to last year. However, the excel file has 4 work books;

1. Summary
2. Distribution by Revenue
3. Distribution by Compensation
4. Distribution by Salary

When you look at the various references, you will see a few subtle changes. What changes is the top and bottom 3 as well as where Pat resides in the mix. In the Distribution by revenue, the information really is about the businesses. Essentially, within our reference group, the Academy is in the top quartile. The other two distributions look at how Pat is compensated. In the distribution by Compensation, which takes into account all of the money reportedly paid to the CEOs, Pat is on the bottom of the third quartile. In the distribution by Salary, Pat is on the bottom quartile. In both cases, the top and bottom 3 companies would change. As you might guess, the revenue is not always tied to compensation. There are some companies with much smaller revenues that pay much more.

In the summary, I used the Distribution by Compensation to determine how Pat “fits” into the compensation structure of the comparison group. It should be total compensation. When you look at the difference between the Median Compensation when looking at the two workbooks (distribution by Compensation and distribution by Salary) we are only talking about a few thousand dollars difference.

What you will see is Pat is at 83% of the Median Compensation. Pat is also at 78.9% of the Median Salary. So, clearly she is on the low end of the CEO compensation. The tough question is what should be done about this? I am more than happy to work with you as would Carolyn Patterson (our HR director). Let me know what steps you may need me to make as you go forward.

As always, if you have any questions or concerns, please let me know.

Paul Mifsud

Hi Mary,

I did a little more research and found this document that was sent last year. Please follow the email stream and you will see that this document came from Judy Rodriguez and was sent to the 3 Ps and then on to Pat, Paul and then me. The document clearly outlines the structure we should follow as it relates to moving Pat to midpoint over the next three years as well as how her bonus should be determined as well.

Please call when you can to discuss.

Thanks,

Carrolyn

Hello everyone,

Please find attached an updated version of the CEO Performance Evaluation and Compensation Guidelines, for final review. There are no major changes, only wordsmithing.

This message also confirms that the Committee agreed to provide Pat Babjak with the following:
5.56% salary increase, to \$300,000 annually (retroactive to June 1, 2012)
17.6 % bonus, based on base compensation, of \$50,000

Paul, please advise of any other information or action items needed.

Hope you all are enjoying the weekend!

The retreat was wonderful in so many respects. Kudos and thanks, Ethan!

Mary

Weight Management Certificate Programs

A Certificate of Training in Childhood and Adolescent Weight Management program is coming to The Peabody Little Rock Hotel, 3 Statehouse Plaza, Little Rock, Arkansas, on May 21-23, 2013. The program has been approved for 32 CPEUs. For registration information and to view the certificate requirements, timeline, registration deadlines and agenda visit the CDR Website at <http://cdrnet.org/weight-management-childhood-adolescent-program>.

If you are unable to attend an on-site program, you may wish to consider one of our self-study modules. The modules are now available in paper and on-line versions.

Childhood and Adolescent Weight Management Self-Study Module Approved for 13 CPEUs

Good Afternoon,

When you get a chance, could you please let me know if you are attending the Finance and Audit Meeting in Chicago? If you are, just let me know how many nights you need for a room, one or two. I will make your hotel reservations, which would be on Tuesday, April 23rd and Wednesday, April 24th. The meeting is on April 24th and 25th. (see below)

Thanks,

Linda

<image002.jpg>

Good Morning Everyone:

From a traveling perspective, the FAC meeting will start around 8:00 am on Wednesday and end around 12:00 pm on Thursday.

Linda

Good Morning:

As on your FAC calendar, the AND Finance and Audit Committee is scheduled to hold a face-to-face meeting at the Chicago Headquarters Office on Wednesday and Thursday, April 24th and 25th, 2013, respectively.

Directly following this email, you will receive your individual travel form. Please follow the procedures.

Also I need to know if you will be attending the meeting, and if you will need 2 nights at the hotel, which would be April 23 and April 24. I will make your room reservations and send you your confirmation, as the meeting gets closer.

If you have any problems or if you have any questions, PLEASE do not hesitate to contact me. If I don't know the answer, I will find out for you.

Thanks,

Linda

Linda,

I arrive around 5 on Tuesday pm and depart at 4:20 on Thursday. I will need a room for Tuesday and Wednesday evenings.

Also, if anyone is also arriving around 5 5:30 range on Tuesday, please let me know to meet up and share transportation.

Thanks-
Mary Etta

Subject: FW: AND Finance and Audit Committee Meeting in April

Good Afternoon,

When you get a chance, could you please let me know if you are attending the Finance and Audit Meeting in Chicago? If you are, just let me know how many nights you need for a room, one or two. I will make your hotel reservations, which would be on Tuesday, April 23rd and Wednesday, April 24th. The meeting is on April 24th and 25th. (see below)

Thanks,
Linda

Good Morning Everyone:

From a traveling perspective, the FAC meeting will start around 8:00 am on Wednesday and end around 12:00 pm on Thursday.

Linda

Good Morning:

As on your FAC calendar, the AND Finance and Audit Committee is scheduled to hold a face-to-face meeting at the Chicago Headquarters Office on Wednesday and Thursday, April 24th and 25th, 2013, respectively.

Directly following this email, you will receive your individual travel form. Please follow the procedures.

Also I need to know if you will be attending the meeting, and if you will need 2 nights at the hotel, which would be April 23 and April 24. I will make your room reservations and send you your confirmation, as the meeting gets closer.

If you have any problems or if you have any questions, PLEASE do not hesitate to contact me. If I don't know the answer, I will find out for you.

Thanks,
Linda

March 13 is Registered Dietitians Day

03/06/2013

Recognize someone special on this day with a Tribute Gift.

We invite you to honor a mentor while making a gift to your Academy of Nutrition and Dietetics Foundation. This year on Registered Dietitian Day, recognize the special people who made a difference in your life while making an important investment in the future of the dietetics profession. Your friend, colleague or loved ones family will be notified of your thoughtfulness through a personalized acknowledgement card.

Give the gift that keeps on giving!

Please consider a donation to help support our programs and mission of advancing public health and nutrition utilizing the expertise of registered dietitians.

To make a Tribute Gift, contact Amy Donatell, Annual Fund Manager, 312/899-4767 or adonatell@eatright.org or go to www.eatright.org/Foundation/tribute.

Watch our Kids Eat Right video and see first-hand the impact Kids Eat Right is having in our communities.

Charity Navigator, Americas largest and most-utilized independent evaluator of charities, has bestowed the **Academy of Nutrition and Dietetics Foundation** with the coveted 4-star rating for sound fiscal management and commitment to accountability and transparency.

This e-mail is a benefit for members of the Academy of Nutrition and Dietetics Foundation.

Spring 2013

ICDA Board of Directors

From the Chair of the Board

Happy New Year to you all. How fast time flies – it is now six months since the 16th ICD in Sydney and what a wonderful congress it was. It was a great pleasure to meet so many of you there and

a very big thank you and congratulations to the Dietitians Association of Australia for hosting such a fantastic event. It is now time to look forward to the 17th Congress in Granada. It is also time for the work to start on the next four year cycle of the ICDA. The Board works to four year plans between our congresses. We are now going to move towards writing a plan with strategic activities for the 2012-2016 period. The Board has already met this year and we are already starting to work on the plan, basing it upon those ideas and activities that you, the members, told us you wanted us to include. We expect to be able to post the new plan around mid-year so look out for it!

Feature Article

An Overview of the ICDA Workshops held at the ICD 2012 in Sydney

The ICDA Board of Directors sponsored and led 9 workshops (3 per day) at the ICD. This was the first time we attempted an ambitious plan. The workshops were one of the strategies the Board adopted to achieve our key result are of a strong network, by developing the networking and the collaborative action of the Congress.

EFAD adopts two new position papers

EFAD had the very good fortune to receive €100000 from the European Commission in 2012 to support the work of the Federation. This money was used to produce several useful outcomes, including surveys on standardised terminology and on the embedding of European Dietetic Competencies. A communications strategy was developed, a LinkedIn group (called European Dietitians) was established and four newsletters and a new brochure were published. EFAD was also able to organize stakeholder workshops and workshops to facilitate mentoring relationships between established and developing associations.

ICD 2012 Experiences

ICD 2012 Experience - Charlotte Jackson, British Dietetic Association

Only occurring once every 4 years, this is the Olympics of the Dietetic world! The 16th International Congress of Dietetics in Sydney was a fantastic experience and the best networking opportunity I could have imagined. I was privileged enough to attend this prestigious event following an invitation to present my masters dissertation on Malnutrition in Nursing Homes.

ICD 2012 Experience - Beatrice Conrad, Swiss Association of Registered Dietitians

It was a very exciting conference in Sydney! ICD 2012 meant to me:

ICD 2012 Experience - Jagmeet Madan, Indian Dietetic Association

The 16th International Congress of Dietetics (ICD) held in Sydney from 5th to 8th September 2012 had nearly 2300 participants from 43 countries. This is the first time that twenty four participants from Indian Dietetic Association (IDA) were present at an ICDA conference.

ICD 2012 Experience - Janice Macdonald, Dietitians of Canada

Canadian dietitians stood proud at the 16th International Congress of Dietetics in Sydney, Australia. Delegates were commenting in the hallways on the strong Canadian presence on the program from plenaries to workshops to poster presentations plus the popular Dietitians of Canada (DC) booth in the exhibit area.

ICD 2012 Experience - Marleen de Bruin, Elles Steenhagen, Wineke Remijnse-Meester, Dutch Dietetic Association

“Change the values, then you can grow” - Ann Fox at the 16th ICD, Sydney, Australia Another ICD has happened! It was really a perfect and lovely opportunity to meet so many international colleagues in Sydney. The world – for the moment – was small.

Spanish Association of Dietitians-Nutritionists

The Spanish Association of Dietitians-Nutritionists (AEDN), with its president, Giuseppe Russolillo at the head of a delegation, travelled to Sydney in September 2012 in order to attend the 16th International Congress of Dietetics (ICD). The AEDN had a stall and took part in a workshop on the Mediterranean Diet and ICDA workshop on marketing tools for the dietitian-nutritionist. But the most important thing that AEDN did in Sydney was to receive the baton to the next ICD in 2016, which will be in Granada, Spain.

ICD 2012 Experience - Niva Shapira, Naomi Trostler, Ronit Endevelt, Rebecca Goldsmith, Israel Dietetic Association

The ICDA was a great experience for me personally and to the Israeli group - 8 of the leading professionals in Israel. It was a pleasure being together, many of us presented papers, and were enthusiastic about exchanging information and opinions and sharing perspectives, visions and missions. We all felt very positive about new practices presented, which were potentially very relevant and applicable for us in Israel. Others enjoyed the positive response they got to their presentations and from the professional interactions and opportunities they encountered.

National Dietetic Association Reports

Dietitians LEAP into cyberspace at ICD 2012: Report from DAA

After months of preparation from Dietitians Association of Australia (DAA) staff, with support from DAA's Social Media Advisory Committee (SMAC), we were delighted to see many Australian and international dietitians LEAP into the social media world for the International Congress of Dietetics, held in Sydney, Australia on 5-8 September 2012.

Brazilian Nutrition Congress and Ibero-American Nutrition Congress Achieve International Exposure

More than 3400 nutrition professionals and students from Brazil and 11 Ibero-American countries gathered together at the 22nd Brazilian Nutrition Congress (CONBRAN 2012) from September 26 – 29, 2012 in Olinda, Pernambuco. The event was organized by the Brazilian Nutrition Association (ASBRAN) and the Pernambuco State Nutrition Association (APN), and brought together delegates from the 3rd Ibero-American Conference on Nutrition, the 3rd Ibero-American Sports Nutrition Symposium, the 1st Ibero-American Symposium on Evidence-Based Clinical Nutrition and the 1st Ibero-American Nutrition Symposium on Meal Production.

Developing Canadian Entry-To-Practice Competencies - A Collaborative

Canada is preparing to release new entry-to-practice competency standards in April 2013. These new standards have been developed through a collaboration between Dietitians of Canada (DC), ten provincial dietetic regulatory bodies, and 50 academic and practicum dietetic education programs over a three-year period.

Prevention of obesity and overweight among children in France

Obesity and overweight affect respectively 3.5% and 14.5% of children in France. These figures doubled in the last ten years. In order to prevent what has become a real public health problem,

the French Association of Nutritionist Dietitians (AFDN) strives to raise awareness amongst public and professionals on the recommendations from the French National Authority for Health (HAS).

Nutritional Support Teams in Greece – Recent Advances in Hospital Malnutrition Legislation

Prevalence rates of malnutrition in hospitalized patients in Greece vary from 25-40%. Since malnutrition largely goes by undetected and untreated the role of dietitians is essential in malnutrition screening and management.

In 29.2.2012 a new legislation devised by the Ministry of Health and Social Solidarity came into force. Law n. 4052/ Chapter n.134 refers comprehensively to Clinical Nutrition issues and addresses disease related malnutrition in Greek hospitals. Among the core objectives is ensuring appropriate nutrient intake for all patients according to their nutritional status, length of stay and possible changes in their clinical condition. The new legislation was the result of a concerted effort of the Hellenic Dietetic Association (HDA), the Hellenic Association of Hospital Dietitians (PASINOD) - both representing dietitians in Greece - and the multidisciplinary Society for Clinical Nutrition (GrESPEN).

Report on the second and third cycle training opportunities for dietitians with a bachelor's degree and changes in the continuing professional educational system in Hungary

The highest qualified professionals of diet therapy are the dietitians in Hungary. Dietetics at Bachelor's level has existed from 1975 in Budapest and from 1990 in Pecs. The education lasted for 3 years at the beginning, but it has now grown to 4 years. Recently (since 2009 in Debrecen and Budapest, and since 2011 in Pecs) it became possible to get a masters degree in the field of nutritional sciences as well, but in quite a unique way. The masters program for dietetics has been titled as Nutrition MSc. This means that health professionals still need a Dietetics BSc, and the masters program focuses mainly on scientific competencies instead of specialized dietetic competencies. Since 2006 it is also possible to get a PhD for health professionals because two universities (Pecs and Budapest) have launched a Doctoral School for Health Sciences. Many of the dietitian students have already defended their theses and received their PhD in Nutrition Science.

Establishment of the Japan Dietetic Association - Disaster Assistance Team (JDA-DAT) and its Roles

Based on our experience gained through the dispatch of registered and volunteer dietitians for disaster support and restoration related activities after the 2011 Thoku Earthquake and Tsunami hit Japan on March 11, 2011, the Japan Dietetic Association decided to establish the Japan Dietetic Association - Disaster Assistance Team (hereafter, JDA-DAT).

Stand Up for your Rights to Practice Nutrition in Israel

A significant landmark in educational history was set recently, when the CHE - Council of Higher Education in Israel, decided that a revolution in the studies of nutrition science must commence.

In Israel, the nutrition profession is currently learned in three main academic institutions: The Hebrew University in Jerusalem, Tel Hai Academic College and Ariel University Center.

Workshop on Nutritional therapy for HIV held in Israel for Dietitians

In Israel there are approximately 6,000 individuals infected with Human Immunodeficiency Virus (HIV). Thanks to the advancement in the treatment and medications for HIV, there has been a change in the dietitian's role and involvement in the treatment of HIV infected individuals. While, in the past, dietitians were called to treat acquired immunodeficiency syndrome (AIDS) patients suffering from severe malnutrition, today they are needed to help prevent and treat the metabolic risk factors (e.g., dyslipidemia, insulin resistance) prevalent under the medical treatment of Highly Active Anti-Retroviral Therapy (HAART). Since the dietitian has become a meaningful member of the multi-disciplinary team in HIV clinics, the Israeli Dietetic Association, together with the support of *Janssen*, conducted a professional workshop for its members about HIV.

International Dietitians Day in New Zealand – “Eat Right, Your Way, Every Day”

IA special day dedicated to all dietitians across New Zealand will be celebrated on March 13th 2013. This is the first time New Zealand based dietitians have participated in International Dietitians Day which serves to commemorate dietitians as invaluable health care professionals applying their specialised food and nutrition knowledge to improve the health of New Zealanders. As a dietitian's role often goes unrecognised in the community, the primary goal of this day is to raise awareness of registered dietitians as the key nutritional experts that translate the science of nutrition into practical use for the benefit of the public.

Four Position Papers from GREP-AEDN

The Review, Study and Scientific Position Statement Group of the Spanish Association of Dietitians-Nutritionists (GREP-AEDN) prepared a position paper on the "Flash Diet", in order to respond to the numerous inquiries from members of the AEDN and media. Therefore, taking into account the Code of Ethics of the profession of Dietitian-Nutritionist, and in particular the responsibilities and commitments of Dietitians-Nutritionists towards society, the GREP-AEDN has issued a scientific opinion on this "diet" with the aim to help both health professionals engaged in Human Nutrition and Dietetics, and the general population, in making informed and responsible decisions.

Activities of the American Overseas Dietetic Association (AODA)

The American Overseas Dietetic Association (AODA), the Academy's international affiliate, welcomed guests to the International Congress of Dietetics 2012 with an International Breakfast Reception at the start of the conference. In addition to the networking taking place at the event, distinguished speakers, including AODA leader Naomi Trostler, Academy President Ethan Bergman, and ICDA Board member Sandra Capra, presented information about their respective organizations, which set the tone for an informative and collaborative conference.

Public Health Issues Create Opportunities for Registered Dietitians in USA

A new emphasis in the United States on public health and community based health care creates opportunities for registered dietitians. Two new positions relate to important public health issues. The full text and support papers can be found in the Health Professions Section of the Academy's website, www.eatright.org. The first position released in August 2012 is "Food and Nutrition for Older Adults: Promoting Health and Wellness."

Resources

French translation of IDNT available shortly

Dietitians of Canada recently completed the translation of select portions of the 4th Edition of the International Nutrition and Dietetics Terminology (IDNT) into French (terms, definitions, SNAPShots and Comparative Standards). This translation has been endorsed as the official French translation by the Academy of Nutrition and Dietetics. The complete French translation of the 4th Edition IDNT Pocket Guide is available from Presses de l'Université Laval. Be sure to check their web site for updates <http://www.pulaval.com/> or contact Dominique Gingras at Dominique.Gingras@pul.ulaval.ca for details.

Professional Continuing Education at your fingertips

Dietitians of Canada's new Learning on Demand (LOD) site brings evidence-based continuing education to dietitians in a convenient, new way. Designed for maximum mobility, our Learning on Demand service lets you engage in learning via the web - without barriers of time or distance.

There's an App for That!

In the United States, more than 100 million people own smartphones, app downloads number in the billions per year, and the typical user spends more than an hour a day using apps. As these numbers rise, apps will continue to become more and more integrated into the lives of average Americans. The Academy of Nutrition and Dietetics is committed to empowering its members to be food and nutrition leaders and recognizes the opportunity that apps offer. Thus, the Academy has begun developing apps for both practitioners and consumers. Currently, there are three Academy

apps, available for download from the iTunes App Store and Google Play, with several others in development. The three that are currently available are listed here:

More impact and influence of the Spanish Journal of Human Nutrition and Dietetics

The Spanish Journal of Human Nutrition and Dietetics (RENHDIET), formerly *Dietetic Activity* (Actividad Dietética) is the official scientific publication of The Spanish Association of Dietitians-Nutritionists. RENHDIET is published quarterly and has the main objective to be the leading journal in the field of human nutrition and dietetics. Its scientific impact and influence is growing and nowadays are similar to the main journals in Spain and Latin America, according to November 2012 data.

Journal of the Portuguese Association of Nutritionists

Revista Nutrícias, is the Journal of the Portuguese Association of Nutritionists, regarding technical and scientific issues with four editions per year. All professionals of the nutritional sciences background can submit articles to this journal which will be published after the approval of journal's scientific committee. Information about the journal and publication guidelines can be found at the Association's website

<http://www.apn.org.pt/scid/webap/defaultCategoryViewOne.asp?categoryID=857>.

Subject: PPW Materials

Importance: High

Attached is a PDF of the master deck of handouts for the Public Policy Workshop. The 76 page PDF file contains the full handouts folder of what is posted to the PPW Community of Interest (COI) merged in order from Sunday – Tuesday, including the issue briefs and other meeting information. A paper packet will be provided at the Board meeting by the DC staff. Please let me know if you already downloaded the materials.

Additionally, the DC staff has informed us the winter storm in the DC area has not occurred yet but predictions are that it will hit this afternoon, which is apt to cause flight delays tomorrow.

Dear PPW Attendee,

We look forward to seeing you this Sunday! To make sure you are prepared and ready for PPW we have a few announcements:

Registration:

There are two times you can check in at PPW.

Saturday, March 9 from 4:00 – 6:00 p.m. at the East Side Registration

Sunday, March 10 from 7:00 – 9:30 a.m. at the Regency Gallery

PLEASE NOTE: Saturday night is Daylight Savings – please plan accordingly.

Issue Briefs:

Before arriving to PPW please review the issue briefs. These documents will help you with your talking points when you are visiting with your members of Congress on Capitol Hill.

All PPW Handouts:

We encourage all attendees to download and review PPW handouts prior to arriving to Washington, D.C. For your convenience, we have provided a master PDF that includes the PPW handouts. It is located on the message board and in the library in the "Agenda" folder. Please note it is 76 pages; therefore, we encourage you to download this document to a mobile device and refrain from printing.

ANDPAC Signature Event:

There is still time to sign up for the Academy's Political Action Committee Signature Event on Monday night at 6:30 p.m. at the Darlington House in Dupont Circle. To register for the event please RSVP with Charmaine Jones at CJones@eatright.org. For more information please see the COI message board, COI calendar event or visit the ANDPAC booth at PPW.

Thank you so much Joan for providing this handy pdf. I realize that this takes time from your busy schedule and I truly appreciate you doing this for us – it's such a time saver!

Wishing everyone safe travels without delays. Looking forward to seeing everyone;)

Warmest regards,

Becky

Subject: PPW Materials

Importance: High

Attached is a PDF of the master deck of handouts for the Public Policy Workshop. The 76 page PDF file contains the full handouts folder of what is posted to the PPW Community of Interest (COI) merged in order from Sunday – Tuesday, including the issue briefs and other meeting information. A paper packet will be provided at the Board meeting by the DC staff. Please let me know if you already downloaded the materials.

Additionally, the DC staff has informed us the winter storm in the DC area has not occurred yet but predictions are that it will hit this afternoon, which is apt to cause flight delays tomorrow.

Donna S. Martin, EdS, RD, LD, SNS, Augusta, GA, Treasurer

Donna S. Martin is director of the Burke County (GA) school nutrition program, which has 4,500 students in five schools, serving breakfast and lunch, after-school snacks and supper. Four of the schools have been acknowledged as HealthierUS School Challenge Gold winners. Martin has received honors and awards including Recognized Young Dietitian of the Year and the Outstanding Dietitian of the Year from the Georgia Dietetic Association, and the Academy

Foundation's 2007 Judy Ford Stokes Award for Innovation in Administrative Dietetics. An active member of the Academy's School Nutrition Services dietetic practice group, Martin was the group's electronic communications chair and newsletter editor. She represented the Georgia Dietetic Association in the Academy's House of Delegates; is a member of the School Nutrition Association Foundation's board of directors; and served on the Georgia Department of Education's Task Force on Nutrition Standards for School Nutrition Programs. She served as the Academy's treasurer-elect in 2012-2013. Martin is a graduate of the University of Georgia, earned a master's degree from the University of Alabama - Birmingham and received an education specialist degree from Augusta State University.

"USDA Healthier US School Challenge GOLD award recipient"

>>> Patricia Babjak <PBABJAK@eatright.org> 3/4/2013 1:17 PM >>>

Congratulations to Glenna on the birth of her granddaughter Blythe Olesia Benjamin, born on Saturday, March 2, weighing 8 lbs 5 oz. Glenna's daughter Mercedes and baby Blythe are doing well. The little bundle of big happiness is pictured with "GG" in the attachment.

Best regards,

Pat

2807. PPW Handouts & Issue Briefs

From: jlarson@eatright.org
To: DMartin@Burke.k12.ga.us
Sent Date: Mar 03, 2013 11:14:33
Subject: PPW Handouts & Issue Briefs
Attachment:

Dear PPW Attendee,

Handouts Available:

As you know, the Academy is going green at PPW for the first time ever. In an effort to minimize our carbon footprint, we will not be providing printed copies of the PPW handouts. Instead...

We are asking all attendees to download the PPW handouts before arriving to DC.

Please note that we cannot guarantee wireless access in the meeting rooms; therefore, we strongly recommend downloading the handouts to a device you plan to bring with you to PPW. We encourage you to review these materials prior to opening session.

If you would like to print a document or two please check out the discussion on the COI entitled, "PPW Handouts – Important Information."

Issue Briefs Available:

To prepare for your visits on Capitol Hill, we have put together issue briefs that summarize federal issues affecting food and nutrition programs. Please review these for they will help you during your conversations with your members of Congress.

One week and counting!
Jessica

2808. Board bio paragraph for Journal

From: Tom Ryan <Tryan@eatright.org>
To: DMartin@Burke.k12.ga.us <DMartin@Burke.k12.ga.us>

Sent Date: Mar 01, 2013 17:05:59
Subject: Board bio paragraph for Journal
Attachment:

Hi, Donna: Hope you are doing well. It is the time of year again when we update the biographical sketches of the Academy's Board members, for publication in the June *Journal*. Below is the text about you that was published last year (but with your new title included). Could you please review it and make any needed edits or let us know if the text is OK as is?

To meet our Journal deadline, could you get back to us by Friday, March 15?

Thanks very much, and we'll talk to you soon.

Tom

Donna S. Martin, EdS, RD, LD, SNS, Augusta, GA, Treasurer

Donna S. Martin is director of the Burke County (GA) school nutrition program, which has 4,500 students in five schools, serving breakfast and lunch, after-school snacks and supper. Four of the schools have been acknowledged as HealthierUS School Challenge Gold winners. Martin has received honors and awards including Recognized Young Dietitian of the Year and the Outstanding Dietitian of the Year from the Georgia Dietetic Association, and the Academy Foundation's 2007 Judy Ford Stokes Award for Innovation in Administrative Dietetics. An active member of the Academy's School Nutrition Services dietetic practice group, Martin is the group's electronic communications chair. She represented the Georgia Dietetic Association in the Academy's House of Delegates; is a member of the School Nutrition Association Foundation's board of directors; and served on the Georgia Department of Education's Task Force on Nutrition Standards for School Nutrition Programs. She served as the Academy's treasurer-elect in 2012-2013. Martin is a graduate of the University of Georgia, earned a master's degree from the University of Alabama – Birmingham and received an education specialist degree from Augusta State University.

Subject: Re: CMS Therapeutic Diet Order Communication Update
Attachment:

We continue to use the pathways noted below to communicate with members. We sent out another email today to the affiliates and DPGs and asked them to share the information via their communication pathways. We provided a drop in article that can be used to communicate with members through a variety of communications.

With regard to the ask of members, CMS is not concerned about quantity as much as quality. We are not encouraging individual RDs to write comments or to sign onto the letter of support. CMS assumes our comments are submitted on behalf of our members. We did want to give members an option to get involved by asking their institutions to sign on as well as submitting instances of harm. We hope to have national organizations sign onto the letter of support. In the advocacy arena, sign on letters are common.

I can defer to Pepin with regard to the individual organizations drafting their own letter. Our hope is that these would not detract from our comments which are mindful of our current practice environment and pressure for less qualified nutrition professionals to be given a scope of practice similar to that of RDs.

If you haven't read through the information we have shared on the website in the FAQ document, I would highly recommend that you do. The board is also encouraged to participate in the webinar if schedules permit.

If desired, I am happy to share the communication plan which outlines our messaging, targets and outcome measures.

Jeanne

Correspondence from Jeanne Blankenship follows.

Dear Board,

I would like to share with you the updated communication strategy for the new rule on therapeutic diet orders.

We will continue to communicate with members through ERW, eatright.org, affiliate and DPG newsletters/emails and social media. At this time we will not be sending out an all member email.

We will continue to work with member leaders to ensure that we speak with one voice as we comment on this new rule. Since we have received numerous questions from DPGs and affiliates on how to collaborate with the Academy we will be hosting a webinar for leaders in order to provide best practices and to answer any questions. This webinar is scheduled to take place next week, on Tuesday, March 5.

We will continue to involve members in the following three ways:

1. Letter of Support: To gain support for this rule, the Academy is asking its members to have their fellow non-RD practitioners (physicians, advanced practice nurses, physician assistants), hospital executives and health systems administrators to sign a letter of support by *March 8, 2013*. Please make sure they send an email to govaffairs@eatright.org that includes:

1. Name
2. Title
3. Affiliation
4. Business address

1. Provide Specific Examples: To append the final version of the comments, the Academy is requesting that its members submit specific instances of harm or cost that resulted from the existing rule, which prohibits RDs from ordering patient diets.

1. Examples of harm include negative outcomes on patients' health, such as choking on food, allergic reactions, inappropriate surgery preparation or malnutrition.
2. Examples of incurred costs may be due to delay, wrong orders, or other causes that affect providers and hospitals.

3. **Collaboration with Affiliates &DPGs:** Members are encouraged to work through their DPGs and affiliates with any thoughts or suggestions for additional elements to include in the comments for the proposed rule, such as other regulations in the Conditions of Participation for any facility type that are redundant or overly burdensome and in need of revision.

Please let me know if you have any questions.

I am wondering if another option to the ones listed could include a letter with multiple signatures from an institution that has a place to sign, printed name below. The letterhead would indicate their business address. Thinking particularly of MDs, we dietitians may be able to get more that way and then send to you by snail mail as well as a scanned copy. I worry that we would lose some if they have to email themselves, hate to say that, but I do fear that.

Jeanne, what do you think?

2817. PPW Special Events - Important Info on COI

From: jlarson@eatright.org
To: DMartin@Burke.k12.ga.us
Sent Date: Feb 27, 2013 16:51:24
Subject: PPW Special Events - Important Info on COI
Attachment:

Dear PPW Attendee,

Check out the PPW Community of Interest (COI) to learn about the exciting events happening at PPW this year!

PPW Free Film Festival – Sunday Night:

Thanks to the Hunger and Environmental Nutrition (HEN) DPG, PPW will host its first ever film festival on Sunday at 7:30 p.m. immediately following the PPW reception. This year HEN will showcase a riveting film about hunger in America entitled, “A Place at the Table.” After the viewing a panel of hunger experts will discuss food insecurity and its impact on the American way of life. Enjoy popcorn and feel free to BYOB!

ANDPAC Signature Event – Monday Night:

This year the Academy’s Political Action Committee (ANDPAC) will hold its annual Signature Event at the elegant Darlington House on Monday night at 6:30 p.m. Mingle with special guest Representative Elijah Cummings (Md.) and other politically savvy professionals like yourself! Entrance to the event can be secured with a contribution of \$125* per ticket to ANDPAC. Please plan to pay and pick up your ticket at either the ANDPAC booth or the event. To RSVP please email Charmaine at cjones@eatright.org.

Representatives Braley and McGovern Scheduled to Speak – Tuesday Morning:

Two pro-nutrition members of Congress will be speaking on Tuesday morning at PPW!

Representative Bruce Braley from Iowa and Representative Jim McGovern from Massachusetts will discuss critical issues that affect RDs and the health of our nation. Be sure to attend one of the most exciting sessions of PPW.

For more information about these events check out the COI message board.

Please note: This year the Academy is going green at PPW. Therefore, all attendees must download handouts and presentations *before* arriving to PPW. All materials will be up on the COI by noon on Friday, March 1.

See you in the COI!
Jessica

PS: If you haven't already done so, please update your bio.

PPS: If this is your first email regarding the PPW COI please see below for log on instructions:

What is a Community of Interest (COI)? It is an online forum that will help all PPW attendees get up-to-date information about the conference, download handouts and presentations and link up with other PPW registrants!

Want to find a roommate for PPW? How about read up on the Affordable Care Act? Or maybe find out who is going to be speaking at PPW? Then tap into your community and check out PPW's COI!

You can access this new community at <https://pia.webauthor.com>

To log on enter your Academy username and your Academy password (which you use to log into the member area of Eatright.org). Your Academy membership will be verified and then you will be granted access to all the features of the community. You can complete your profile, post your photo, and join or start a variety of discussions! We look forward to connecting with you!

*Federal law requires political committees to report to Federal Election Commission the name, mailing address, occupation and name of employer for each individual whose contributions aggregate in excess of \$200.00 in a calendar year. Corporate contributions are prohibited by law. Individuals can not contribute more than \$2000 per calendar year to the same political action committee. Donations to ANDPAC are not tax deductible.

Quote of the Week

Cuisine is both an art and a science: it is an art when it strives to bring about the realization of the true and the beautiful, called le bon (the good) in the order of culinary ideas. As a science, it respects chemistry, physics and natural history. Its axioms are called aphorisms, its theorems recipes, and its philosophy gastronomy.

Greetings,

In reviewing the registrations for the upcoming Public Policy Workshop, we noticed that information regarding any dietary restrictions was missing from your registration profile. In order to ensure that we are able to accommodate everybody during the course of the meeting, please respond to this email as soon as possible and state if you do or do not have any dietary restrictions. If you do have any restrictions, please list them in your email and we will try our best to accommodate your needs.

Please contact me if you have any questions.

Have a good day!

Subject: March 8-9, 2013 Board Meeting
Attachment:

The agenda and corresponding attachments for the March 8-9 Board meeting are now available on the Board of Directors' communication platform. A paper packet will be delivered via UPS on Wednesday, February 27 to all of you who requested one. Agenda item attachment -- 9.1 Program/Product Assessment -- will appear on the platform Friday, March 1.

Please login to the communications platform using the link <http://academybod.webauthor.com> and enter your Academy website username and password. The agenda and attachments are located under the *Library* tab, 2013 Board Meetings, March 8-9 Board Meeting.

Reservations have been made at the Omni Shoreham Hotel, 2500 Calvert Street, NW, for arrival on March 7, unless you requested otherwise. Your hotel room will be master-billed, but you will be asked to pay for incidentals.

Joining us for the meeting are Annalynn Skipper, Chair of CDR, Barbara Grant, CDR member and Leanne Worsfold, Director, Quality Programs at iComp Consulting, who will present the Practice

Competencies Initiative supporting the Professional Development Portfolio recertification process.

The Board dinner is scheduled for Friday evening, March 8, from 6:00 – 9:00 pm at New Heights Restaurant, 2317 Calvert Street, NW. Please contact Joan Schwaba at jschwaba@eatright.org if you are planning to bring a guest to dinner. Please meet in the lobby of the Omni Shoreham at 5:45 pm to walk as a group to the restaurant, a short distance from the hotel.

Please contact me if you have any questions. I look forward to seeing you soon!

Mary Pat,

Thanks for sharing the outline of the program, it looks great - we want to feature the award on the SNS website and in the newsletter, so hopefully there will be some wonderful pictures! On behalf of the entire practice group we certainly want to thank the Academy for this wonderful acknowledge of the work of our members to improve the nutrition of all children. I know for those working in schools, it is a passion of love.

Thanks so much,

Diane

CONFIDENTIAL

I am excited to share with you that ANFP's Board of Directors met this week and is interested in moving forward with a joint task force to discuss "collaborative opportunities" between the Academy and ANFP. Please use this term until we are ready to make a final announcement. Please read the e-mail below. A press release regarding the new ANFP CEO is expected this Friday, February 15, which we will forward to you.

Subject: Task Force

Hi Pat. Finally back from Florida and I wanted to bring you up to speed on the discussion that took place.

The board is in favor of moving forward with discussion on collaborative opportunities between ANFP and AND.

However, since the newly appointed President &CEO will not be starting until mid May, they would prefer to delay any task force meetings and have her be the ANFP staff representative instead of me. Makes sense, I think. I would like to discuss all of this with you by phone as soon as I return to the office, which will be Monday February 18. Are you available to talk next week?

Bill

All,

As you can see from the subject line, we have a Finance and Audit Committee meeting on Wednesday, February 27th at 1 p.m. CST. Maria will have the information on the Portal this afternoon. In addition, you should receive the webinar invitations this morning from Rich Newman. This month, we will focus on the December final results, January preliminary results and a request for funding from the Informatics team. Jeanne Blankenship will be joining us to address the funding request.

I. December Changes

- We did not have any changes to the preliminary December financials.

II. Investments

- Our two investment portfolios continued to grow in January, increasing by approximately \$1,165,500. This brings our combined, fiscal year to date increase to over \$4,223,100. In February, we were doing very well until the last few days. However, through February 21st, we still have a combined gains of \$181,000. Hopefully, today and the rest of the month will result in the market moving higher.

III. Academy January Financials (A10)

January, overall, was a good month for the Academy. Even though revenues were \$23,964 short of budget, expenses were \$217,829 lower than budget. The combination resulted in the Academy having an operating deficit of \$224,285 which was \$193,865 better (smaller) than the budget.

Adding into the equation the investments returns, which exceeded the budget by nearly \$342K, showed that Academy had net income of \$226,873. This was \$535,647 better (higher) than the budget.

Taking a look at the year to date numbers, the Academy currently has an operating surplus of \$99,928. This is \$82,632 lower (worse) than the budget. We have closed the operating income gap in January. Investment returns have done very well for the year. Through January, the Academy has received \$1,603,739 in returns. This is 83% higher than the budget.

After factoring in the investments, the Academy has a net income of \$1,703,667. This is \$646,108 better than the budget and nearly \$1.5M better than FY 2012 through the same period.

The following is breakdown of the various categories

A. Revenues

- a. **Membership Dues** - This area **under budget** by \$31,659 in January and is now **under budget** by \$215,766 for the year.
- b. **Programs and Meetings** - This area is **under budget** by \$8,649 in January and is **under budget** by \$877,633 for the year. The under run is all due to lower professional development.
- c. **Publications** - This area is **over budget** by \$12,324 in January and **over budget** by \$117,224 for the year. The over run for January is primarily due List Rental (up \$8.3K), Traditional publications (up \$19.0K) and Marketing sales (up \$3.3K). These were offset by lower Research publications (down \$18.8K).
- d. **Subscriptions** - This area was **over budget** by \$9,623 in January and is **over budget** by \$133,475 for the year. The over run for January is primarily due to NCM and related products (up \$9.0K)
- e. **Advertising** – This is on target for January. No money budgeted and no money received.
- f. **All grants** - This area was **under budget** by \$16,990 in January and is **over budget** by \$12,063 for the year. The January under run is primarily due to ConAgra Home Food Safety (down \$13.1K) and Carry the Flame project (down \$2.6K) and Research (down \$1.3K). All could be timing issues.
- g. **Sponsorships** – This area is on target for the month of January.
- h. **Other** – This area was **over budget** by \$11,386 in January and is **under budget** by \$15,349 for the year. The overrun is primarily due to higher revenues for our member benefit program (up \$6.0K), higher licensing fees (up \$7.1K) offset by lower misc revenues (down \$1.8K).

B. Expenses

- a. **Personnel** – This area is **under budget** by \$270 for January and **under budget** by \$2,614 for the year. The under run in January is due to lower salaries and wages.
- b. **Publications** – This area is **under budget** by \$6,666 for January and **over budget** by \$24,510 for the year. The under run in January is primarily driven by the timing of costs from Quality Management (down \$22.0K), offset by higher costs in Traditional publications (up \$5.7K), higher Journal costs (up \$4.9K), National Nutrition month merchandise (up \$2.5K) and all other (up \$2.2K)
- c. **Travel** – This area was **under budget** by \$31,467 for January and **under budget** by \$138,593 for the year. The under run in January is primarily driven by lower Governance (down \$10.1K), lower Member Services (down \$5.7K), lower Public Policy (down \$4.6K), and lower

Research (down \$11.1K)

- d. **Professional Fees** - This area was **under budget** by \$99,257 for January and is **under budget** by \$321,145 for the year. For the month, this is being driven by under runs in Governance (down \$25.0K), Member Services (down \$27.8K), Marketing (down \$13.0K), Research (down \$31.0K), Public Policy (down \$5.4K) offset by higher List rental (up \$2.6K).
- e. **Postage and Mailing Service** – This area is **under budget** by \$19,034 in January and **under budget** by \$55,535 for the year. This under run in January is primarily due to lower Member Services (down \$20.2K) offset by higher across all other (up \$1.2K).
- f. **Office Supplies and Equipment** – This area is **under budget** by \$5,359 in January and **over budget** by \$9,397 for the year. The under run in January is primarily due to Marketing (down \$2.7K), Administration (down \$1.1K) and all other (down \$1.6K).
- g. **Rent and Utilities** – This area is **over budget** by \$594 in January and **over budget** by \$3,446 for the year. The overrun is due to higher utility costs and maintenance.
- h. **Telephone and communications** – This is **over budget** by \$2,525 in January and **over budget** by \$18,503 for the year. The over run for January is due to higher Washington and Chicago basic phone costs.
- i. **Commissions** – This area is on target for January. No budget and no expenses.
- j. **Computer Expenses** – This area is **over budget** by \$1,787 for January and **over budget** by \$6,713 for the year. The over run in January is due to higher IT maintenance costs (up \$1.7K).
- k. **Advertising and Promotion** – This area is **under budget** by \$422 for January and **under budget** by \$12,020 for the year. The under run in January is primarily due to lower Traditional Publication's costs.
- l. **Insurance** – This area is on target for January.
- m. **Depreciation** – This area is over budget by \$1,000 for January and over budget by \$1,000 for the year. This is due to anticipated higher capital for the web.
- n. **Bank and trust fees** – This area is **under budget** by \$6,346 for January and **under budget** by \$8,032 for the year. The under run in January is primarily due to additional credit card fees.
- o. **Other** – This area is **under budget** by \$42,330 for January and **under budget** \$53,580 for the year. The under run in January is primarily due to lower Informatics (down \$4.1K), lower Traditional publications (down \$8.1K), Lower Marketing (down \$16.3K), lower Public Policy (down \$2.3K) and lower Administrative costs (down \$10.0K).

- p. **Expense allocation** – This area is **under budget** by \$1,050 for the month of January because a project supported by CDR under ran its budget. The result is the charge back to CDR was lower this month.
- q. **Meeting services** – This area is **under budget** by \$22,968 for January and is **under budget** for the year by \$217,914. The under run for January is primarily due to lower Governance (down \$11.9K), lower Public Policy (down \$2.0K), lower Research (down \$4.1K), lower Marketing (down \$1.5K) and lower across all other (down \$3.5K).
- r. **Legal and Audit** – This area is **over budget** by \$5,682 for January and **over budget** by \$14,231 for the year. The over run in January is all due to higher legal fees.
- s. **Printing** – This area is **over budget** by \$3,661 in January and is **under budget** by \$47,987 for the year. The over run in January is primarily due to Member Services (down \$4.2K) offset by higher across all other (up \$0.5K).

In summary, the Academy did very well operationally in January. Adding in the investment returns makes the story better. The Academy has 73.8% in reserve (A15).

IV. Foundation January results (A8 and A9)

The Foundation, overall, had a very good month in January. Revenues were \$121,021 higher than the budget while expenses were lower than the budget by \$51,006. Overall, the Foundation had an operating surplus of \$48,146. This was \$172,026 higher than the budgeted operating deficit. Investment returns of \$414,684 in January were very good. The bottom line for the month is the Foundation had \$462,831 in Net Income. A good month by any standards.

On a year to date basis, there are two key numbers for the Foundation; Net Income of \$1,871,821 and Net Assets of over \$20.3M. The Net Income is \$623,575 better than the budget. The Net Assets, seen on A9, is again approaching an all time high. The Foundation is in very good financial shape.

V. CDR January results (A11)

CDR had a very good month in January. Revenues were over budget by \$47,364 while expenses were under budget by \$133,699. Looking at the year to date numbers, Even though CDR has an operating deficit of \$819,322 it is \$955,080 lower than the budget. Once you factor in the

investment returns, CDR's has a deficit of \$172,049. This may sound bad, however, this is \$1,602,352 better than the budget. CDR is doing well.

VI. DPGS/MIGs January results (A12 and A16)

The combined DPGs/MIGs overall also had a very good month in January. Revenues were up by \$169,452 while expenses were lower by \$33,612. Both are good numbers. Overall the DPGs/MIGs are reflecting a positive Operating Income in January of \$232,921 which is \$203,064 better than the budget. Year to date, the DPGs/MIGs have a combined Operating Income of \$278,142. This is well above the budget. After factoring in the investment returns, you can see that the DPGs/MIGS have a Net income of over \$770,000. Again, this is well above the budget. All of the DPGs/MIGs have strong reserves with only one on the "watch" list with 71% in reserve.

VII. ACEND January results (A13)

ACEND also had a very good month in January. Revenues were over budget by \$6,555 while expenses were \$11,468 below budget. So, ACEND performed well. Through January, ACEND has an operating deficit of \$24,585. This is over \$127,000 better than their budget. So, this business is doing great.

VIII. ANDPAC January results (A14)

ANDPAC had a good month in January. Revenues were over budget by \$7,601. However expenses were over budget by \$7,093. The PAC had an operating deficit of nearly \$1.4K. The PAC is benefiting on the revenue front from the early dues renewal for the 2014 fiscal year. The expenses are over budget due to candidate contributions. The PAC's reserves are now at nearly \$240K. So, overall, the PAC is in very good financial shape.

IX. Summary

In summary, January was a very good month for everyone. There really isn't any more to say J.

You will receive a notification from Maria later today letting you know the information is on the portal. If you have any problems getting the information from the portal, please let me, Linda, Maria or Christian know. We will handle it right away. Also, if you have a conflict with our

meeting on Wednesday and have not informed us, please do so. Finally, if you have any questions or concerns about any of the information above or anything put onto the portal, please feel free to call me at 800-877-1600 ext. 4730., or send me an e-mail.

Mary,

Donna,

I updated the financial overview from January to reflect the current numbers. Please let me know your thoughts.

Paul

2848. Important Information for PPW Registrants

From: jlarson@eatright.org
To: DMartin@Burke.k12.ga.us
Sent Date: Feb 21, 2013 16:19:51
Subject: Important Information for PPW Registrants
Attachment:

Hello PPW Attendee!

We hope you have had a chance to take a look at the PPW Community of Interest (COI), an online forum for the Academy's Public Policy Workshop. (If this is your first PPW COI email please scroll to the bottom for instructions on how to sign in.)

PLEASE NOTE: The Academy is going green for PPW 2013. Therefore, we encourage you to download and review all handouts, presentations and backgrounders before arriving to PPW. All materials will be up on the site in the "Library" section by March 1st.

But wait – there's more!

Check out the PPW COI message board: We have posted two very important documents that every registrant will need in order to visit their members of Congress. One includes directions to the House and Senate and a directory of every Congressional office and the other includes a map of the House and Senate. (Look for posts from Ben.)

Join the PPW COI discussions:

- "Arriving early to PPW and want to get together?"
- "Looking for a PPW roommate?"
- "How to schedule a meeting with your congressional members"

See you in the COI!

Jessica

PS: If you haven't already done so please update your bio!

Welcome to the Academy's Public Policy Workshop Community of Interest!

What is a Community of Interest (COI)? It is an online forum that will help all PPW attendees get up-to-date information about the conference, download handouts and presentations and link up with other PPW registrants!

Want to find a roommate for PPW? How about read up on the Affordable Care Act? Or maybe

find out who is going to be speaking at PPW? Then tap into your community and check out PPW's COI!

You can access this new community at <https://pia.webauthor.com>

To log on enter your Academy username and your Academy password (which you use to log into the member area of Eatright.org). Your Academy membership will be verified and then you will be granted access to all the features of the community. You can complete your profile, post your photo, and join or start a variety of discussions! We look forward to connecting with you!

Please check back weekly for updates about PPW, new materials and join the chatter!

2850. Implementation of the 2010 Healthy Hunger-Free Kids Act - Survey

From: jfolliard@eatright.org via surveymonkey.com <member@surveymonkey.com>
To: dmartin@burke.k12.ga.us
Sent Date: Feb 21, 2013 12:03:39
Subject: Implementation of the 2010 Healthy Hunger-Free Kids Act - Survey
Attachment:

Dear SNS DPG member,

We would like your input about the implementation of the 2010 Healthy Hunger-Free Kids Act. Could you take time and complete this survey?

The survey should take no more than 10-15 minutes and will help shape the Academy's efforts at USDA and in Congress related to school nutrition. We want to share your successes and hard work while gathering information on potential barriers. The survey has focused questions directed towards those SNS members currently working in school nutrition programs to implement the Healthy Hunger-Free Kids Act, as a part of the National School Lunch Program.

The link will direct you to the survey. We will be glad to share the results when available if you like. Please feel free to ask your questions to the Policy Initiatives and Advocacy staff leading this effort, Jennifer Folliard MPH, RD at jfolliard@eatright.org

http://www.surveymonkey.com/s.aspx?sm=d2_2fwt1xLhifGloLf_2fLhZVA_3d_3d

Thank you, in advance, for your time and for your willingness to share your experiences.

Very best,
Diane Duncan-Goldsmith, MS, RD, LD
Chair SNS DPG

Jennifer Noll Folliard MPH, RD
Director, USDA Legislation and Policy
Academy of Nutrition and Dietetics

Subject: Meeting with President Obama tomorrow

Pat has asked that I update you on our meeting tomorrow at the White House on sequestration. This will be the first of two meetings this week at the White House. Tomorrow's meeting will with be our partners in the Coalition for Health Care Funding and President Obama. The discussion will be focused on the proposed cuts of nondefense discretionary spending which is the source of many of our programs funding. Some of you might have remembered Emily Holubowich, ED of the Coalition for Healthcare Funding who was a well received speaker at last year's PPW. Emily has become a true champion for us. We are newer members of this coalition which has turned out to be great investment to leverage our resources and promote our message through our public health stakeholders.

Congress has only six days to take action on stopping sequestration taking place. Although we can all agree that we need to reduce spending, we have taken the position that it needs to be a fair and thoughtful process. We are glad that President recognizes the value of the services and programs our members provide. Nutrition does offer evidenced based and cost effective solutions to reduce chronic disease.

Wednesday we will meet with members of HHS and the White House to continue to identify strategies.

We will keep you updated.

Have a great President Day evening!

Mary Pat Raimondi, MS RD

Importance: High

February 20, 2013

Dear Donna:

We look forward to seeing you at the 2013 Public Policy Workshop that is being held at the Omni Shoreham Hotel, March 10 – 12, 2013. Below is the hotel address, phone, fax as well as your hotel confirmation number with your arrival and departure dates. If you should have any changes to your reservation, please contact me at 312-899-4855 or e-mail me at mwolski@eatright.org. DO NOT contact the hotel.

As the Academy has made your hotel reservations, we wanted you to know you could sign up to be a member of the Omni Select Guests Program to get rewarded on your very first stay. Members enjoy complimentary perks including in-room Wi-Fi, pressings, shoe shine, morning beverage delivery and so much more. Plus, you'll earn a free night after staying just 20 nights. To enroll, please visit their website at <http://www.omnihotels.com/SelectGuestProgram.aspx>. On another note, if you have not made your airline reservations for the meeting, please do so immediately by calling the travel store at 800/238-9049 or booking on-line at <https://adatvl.axo20.com/>

Registration Hours

Stop by the Registration Desk to pick up your badge and meeting materials.

Saturday, March 9: 4:00 pm-6:00 pm at the East Registration Desk

Sunday, March 10: 7am-10am in the Regency Gallery

Omni Shoreham Hotel

2500 Calvert Street NW

Washington, DC 20008

Phone: 202/234-0700

Fax: 202/265-7972

Arrival Date: Thursday, March 7, 2012

Departure Date: Tuesday, March 12, 2012

Confirmation Number: 40010687593

Have a safe trip!

CONFIDENTIAL

I am excited to share with you that ANFP's Board of Directors met this week and is interested in moving forward with a joint task force to discuss "collaborative opportunities" between the Academy and ANFP. Please use this term until we are ready to make a final announcement. Please read the e-mail below. A press release regarding the new ANFP CEO is expected this Friday, February 15, which we will forward to you.

Subject: Task Force

Hi Pat. Finally back from Florida and I wanted to bring you up to speed on the discussion that took place.

The board is in favor of moving forward with discussion on collaborative opportunities between ANFP and AND.

However, since the newly appointed President &CEO will not be starting until mid May, they would prefer to delay any task force meetings and have her be the ANFP staff representative instead of me. Makes sense, I think. I would like to discuss all of this with you by phone as soon as I return to the office, which will be Monday February 18. Are you available to talk next week?

Bill

William St. John, CAE

2860. Check Out PPW's Online Forum

From: jlarson@eatright.org
To: DMartin@Burke.k12.ga.us
Sent Date: Feb 19, 2013 09:30:15
Subject: Check Out PPW's Online Forum
Attachment: [Community Frequently Asked Questions1.docx](#)

Welcome to the Academy's Public Policy Workshop Community of Interest!

What is a Community of Interest (COI)? It is an online forum that will help all PPW attendees get up-to-date information about the conference, download handouts and presentations and link up with other PPW registrants!

Want to find a roommate for PPW? How about read up on the Affordable Care Act? Or maybe find out who is going to be speaking at PPW? Then tap into your community and check out PPW's COI!

You can access this new community at <https://pia.webauthor.com>

To log on enter your Academy username and your Academy password (which you use to log into the member area of Eatright.org). Your Academy membership will be verified and then you will be granted access to all the features of the community. You can complete your profile, post your photo, and join or start a variety of discussions! We look forward to connecting with you!

Please check back weekly for updates about PPW, new materials and join the chatter!

See you in the COI!

Jessica

PS: Check out the attachment to read up on COI FAQs.

Subject: Meeting with President Obama tomorrow

Pat has asked that I update you on our meeting tomorrow at the White House on sequestration. This will be the first of two meetings this week at the White House. Tomorrow's meeting will with be our partners in the Coalition for Health Care Funding and President Obama. The discussion will be focused on the proposed cuts of nondefense discretionary spending which is the source of many of our programs funding. Some of you might have remembered Emily Holubowich, ED of the Coalition for Healthcare Funding who was a well received speaker at last year's PPW. Emily has become a true champion for us. We are newer members of this coalition which has turned out to be great investment to leverage our resources and promote our message through our public health stakeholders.

Congress has only six days to take action on stopping sequestration taking place. Although we can all agree that we need to reduce spending, we have taken the position that it needs to be a fair and thoughtful process. We are glad that President recognizes the value of the services and programs our members provide. Nutrition does offer evidenced based and cost effective solutions to reduce chronic disease.

Wednesday we will meet with members of HHS and the White House to continue to identify strategies.

We will keep you updated.
Have a great President Day evening!

Subject: Meeting with President Obama tomorrow

Pat has asked that I update you on our meeting tomorrow at the White House on sequestration. This will be the first of two meetings this week at the White House. Tomorrow's meeting will with be our partners in the Coalition for Health Care Funding and President Obama. The discussion will be focused on the proposed cuts of nondefense discretionary spending which is the source of many of our programs funding. Some of you might have remembered Emily Holubowich, ED of the Coalition for Healthcare Funding who was a well received speaker at last year's PPW. Emily has become a true champion for us. We are newer members of this coalition which has turned out to be great investment to leverage our resources and promote our message through our public health stakeholders.

Congress has only six days to take action on stopping sequestration taking place. Although we can all agree that we need to reduce spending, we have taken the position that it needs to be a fair and thoughtful process. We are glad that President recognizes the value of the services and programs our members provide. Nutrition does offer evidenced based and cost effective solutions to reduce chronic disease.

Wednesday we will meet with members of HHS and the White House to continue to identify strategies.

We will keep you updated.

Have a great President Day evening!

CONFIDENTIAL

I am excited to share with you that ANFP's Board of Directors met this week and is interested in moving forward with a joint task force to discuss "collaborative opportunities" between the Academy and ANFP. Please use this term until we are ready to make a final announcement. Please read the e-mail below. A press release regarding the new ANFP CEO is expected this Friday, February 15, which we will forward to you.

Subject: Task Force

Hi Pat. Finally back from Florida and I wanted to bring you up to speed on the discussion that took place.

The board is in favor of moving forward with discussion on collaborative opportunities between ANFP and AND.

However, since the newly appointed President &CEO will not be starting until mid May, they would prefer to delay any task force meetings and have her be the ANFP staff representative instead of me. Makes sense, I think. I would like to discuss all of this with you by phone as soon as I return to the office, which will be Monday February 18. Are you available to talk next week?

CONFIDENTIAL

I am excited to share with you that ANFP's Board of Directors met this week and is interested in moving forward with a joint task force to discuss "collaborative opportunities" between the Academy and ANFP. Please use this term until we are ready to make a final announcement. Please read the e-mail below. A press release regarding the new ANFP CEO is expected this Friday, February 15, which we will forward to you.

Subject: Task Force

Hi Pat. Finally back from Florida and I wanted to bring you up to speed on the discussion that took place.

The board is in favor of moving forward with discussion on collaborative opportunities between ANFP and AND.

However, since the newly appointed President &CEO will not be starting until mid May, they would prefer to delay any task force meetings and have her be the ANFP staff representative instead of me. Makes sense, I think. I would like to discuss all of this with you by phone as soon as I return to the office, which will be Monday February 18. Are you available to talk next week?

CONFIDENTIAL

I am excited to share with you that ANFP's Board of Directors met this week and is interested in moving forward with a joint task force to discuss "collaborative opportunities" between the Academy and ANFP. Please use this term until we are ready to make a final announcement. Please read the e-mail below. A press release regarding the new ANFP CEO is expected this Friday, February 15, which we will forward to you.

Subject: Task Force

Hi Pat. Finally back from Florida and I wanted to bring you up to speed on the discussion that took place.

The board is in favor of moving forward with discussion on collaborative opportunities between ANFP and AND.

However, since the newly appointed President &CEO will not be starting until mid May, they would prefer to delay any task force meetings and have her be the ANFP staff representative instead of me. Makes sense, I think. I would like to discuss all of this with you by phone as soon as I return to the office, which will be Monday February 18. Are you available to talk next week?

2881. PPW Hotel Discounted Rate Ends TOMORROW!

From: jlarson@eatright.org
To: DMartin@Burke.k12.ga.us
Sent Date: Feb 14, 2013 18:11:48
Subject: PPW Hotel Discounted Rate Ends TOMORROW!
Attachment:

Hello PPWer!

This is your friendly reminder to book your hotel room by TOMORROW 5PM EST in order to get the PPW discounted room rate! For your convenience I have provided hotel information below. If this is your first time receiving an email of this nature, please scroll to the bottom of this email to learn about PPW's COI!

Hotel Information:

Omni Shoreham Hotel
2500 Calvert Street NW
Washington, District of Columbia 20008

Negotiated meeting rate of \$249 per night (plus applicable taxes) for Single or Double rooms.

Housing accommodations at the Omni Shoreham in Washington, DC can be made online by clicking on the link below or by phone - call: Central Reservations at 1-800 THE OMNI or **202/234-0700**. If making reservations by phone, please be sure to mention "Academy of Nutrition and Dietetics 2013 Public Policy Workshop" to receive the discounted room rate. You must reserve your room no later than 5 p.m. CST ET on **February 15, 2013**. Sleeping rooms are based on availability and may sellout prior to the deadline.

Book room online: OMNI SHOREHAM RESERVATIONS (link:

<http://www.omnihotels.com/FindAHotel/WashingtonDCShoreham/MeetingFacilities/AcademyofNutritionandDieteticsPublicPolicyWorkshop2013.aspx>)

If this is your first time receiving an email from me then ...

Welcome to the Academy's Public Policy Workshop Community of Interest!

What is a Community of Interest (COI)? It is an online forum that will help all PPW attendees get up-to-date information about the conference, download handouts and presentations and link up with other PPW registrants!

Want to find a roommate for PPW? How about read up on the Affordable Care Act? Or maybe find out who is going to be speaking at PPW? Then tap into your community and check out

PPW's COI!

You can access this new community at <https://pia.webauthor.com>

To log on enter your Academy username and your Academy password (which you use to log into the member area of Eatright.org). Your Academy membership will be verified and then you will be granted access to all the features of the community. You can complete your profile, post your photo, and join or start a variety of discussions! We look forward to connecting with you!

Please check back weekly for updates about PPW, new materials and join the chatter!

See you in the COI!

Jessica

CONFIDENTIAL

I am excited to share with you that ANFP's Board of Directors met this week and is interested in moving forward with a joint task force to discuss "collaborative opportunities" between the Academy and ANFP. Please use this term until we are ready to make a final announcement. Please read the e-mail below. A press release regarding the new ANFP CEO is expected this Friday, February 15, which we will forward to you.

Subject: Task Force

Hi Pat. Finally back from Florida and I wanted to bring you up to speed on the discussion that took place.

The board is in favor of moving forward with discussion on collaborative opportunities between ANFP and AND.

However, since the newly appointed President &CEO will not be starting until mid May, they would prefer to delay any task force meetings and have her be the ANFP staff representative instead of me. Makes sense, I think. I would like to discuss all of this with you by phone as soon as I return to the office, which will be Monday February 18. Are you available to talk next week?

[Registration Ends Soon for Academy's Public Policy Workshop](#)

Time is running out to register for one of the nation's largest nutrition policy and advocacy conferences, the Academy's Public Policy Workshop.

[Learn More >>](#)

[Want to Independently Order Diets for Your Hospital Patients?](#)

Thanks to the hard work of Academy members and staff, the Centers for Medicare and Medicaid Services issued a **proposed rule** that, if finalized in the summer, would permit registered dietitians working in and privileged by hospitals to order patient diets independently without requiring the supervision or approval of a physician or other practitioner. CMS said its proposed rule change would, among other provisions, "save hospitals significant resources by permitting registered dietitians to order patient diets independently, which they are trained to do, without requiring the supervision or approval of a physician or other practitioner. This frees up time for physicians and other practitioners to care for patients."

Subject: Representation at Meetings
Attachment: [image001.jpg](#)

In June we shared with you the Board Representation at Meetings form to report your presentations at affiliate, DPG, MIG and/or other organization meetings. We track face-to-face presentations and remind you to please communicate to us any meetings you have attended this program year on behalf of the Academy by submitting the activity form. This electronic form can be completed by accessing the following link

http://academybod.webauthor.com/modules/portal/complete_form.cfm?xm_form_id=192 and is found on the Board Communications Platform.

If you are requested to present on a topic representing your expertise/practice area, you may want to suggest to the meeting organizers that you are also available to provide a separate Academy Update presentation. This update covers the Academy's initiatives and accomplishments on behalf of members and is updated frequently. You can access and download the presentation from the Board Communications Platform by clicking on the link here - Academy Update. Please contact me if you have any questions.

Subject: ACTION REQUIRED Academy of Nutrition and Dietetics "Travel Authorization Notification"
Attachment:

You have been approved to travel for the Committee Vice Chair Orientation. Please plan to arrive on Thursday, April 18 and depart on Saturday, April 20. The meeting will occur on Friday, April 19 (all day)-Saturday, April 20 (1/2 day-AM).

Meeting Name: **Committee Vice Chair Orientation**

Meeting Location: **Chicago, IL**

Meeting Dates: **April 19-20, 2013**

Approval Code: **1032335**

Book your travel whenever possible Monday through Friday between the hours of 7 a.m. and 3 p.m. CT. (\$13 service fee)

1) <https://adatvl.axo20.com/>

- 2) *Log in to your account using the User ID and Password you created when setting up your profile.*
- 3) *Search for and select your flights (book “non-refundable” fares only)*
 - a. *You have the option of searching by “Price” or “Schedule”.*
 - b. *Click on your preferred airline if you only want to view their fares.*
- 4) *When asked to “Name your trip”, you are required to enter the Meeting Name as it appears above.*
- 5) *When you reach the **Purchase Trip** page, enter 1032335 into the **Approval Code** box in the **Reporting Information** section.*
- 6) *When you reach the Payment Options section, be sure to choose the “**Use a Stored Card**” option to ensure your Academy paid travel is billed correctly.*
- 7) *If you need assistance, call the support team at 800/238-9049, press “1” when prompted. There is no additional charge for technical assistance.*

Booking Your Travel with an Agent (\$23 service fee)

- 1) *Book your travel whenever possible Monday through Friday between the hours of 7 a.m. and 3 p.m. CT.*
- 2) *For agent assisted booking, call the Academy Travel Desk at 800/238-9049, press “2” when prompted. Please reserve the use of this option to complex domestic or international travel.*
- 3) *Provide the agent with your Approval Code when requested so that the airfare is charged to the Academy credit card.*

Booking Outside of the Academy Travel Policy

In the event your airfare or rail fees exceed the Academy Travel Policy limits and there is a lower logical fare available (similar itinerary to your selection), your proposed travel may be declined. In the event that the trip you selected is declined, you will receive an email instructing you to go back to <https://adatvl.axo20.com/> and rebook at a lower fare.

The traveler will receive an ELECTRONIC TICKET from the Academy Travel Desk as final confirmation that the trip has been approved and ticketed. If the traveler does not receive this document within 72 hours of booking, he/she needs to call the Academy Travel Desk at 800/238-

9049 (press “1” when prompted) for assistance).

Good Morning Everyone:

As on your FAC calendar, the AND Finance and Audit Committee is scheduled to hold a face-to-face meeting at the Chicago Headquarters Office on Wednesday and Thursday, April 24th and 25th, 2013, respectively.

Directly following this email, you will receive your individual travel form. Please follow the procedures.

Also I need to know if you will be attending the meeting, and if you will need 2 nights at the hotel, which would be April 23 and April 24. I will make your room reservations and send you your confirmation, as the meeting gets closer.

If you have any problems or if you have any questions, PLEASE do not hesitate to contact me. If I don't know the answer, I will find out for you.

Thanks,

This is to clarify that the check for the PAC Signature Event and Fundraiser on Monday, March 11 should be payable to the Academy of Nutrition and Dietetics Political Action Committee or ANDPAC, not to the Academy of Nutrition and Dietetics. Your expenses for your attendance at PPW, however, are covered in the Board budget.

Subject: RE: March Board Meeting/Public Policy Workshop

On January 17 we sent you an email clarifying that your expenses for attending PPW are covered. If your schedule permits, we especially encourage those of you who have not participated in PPW to attend. If you have not done so already, please let us know if you will be staying for PPW, and we will make your hotel reservations and register you for the events.

You are invited to attend the Academy PAC Signature Event and Fundraiser on Monday, March 11 from 6:30 - 8:00 pm where the Honorable Jim McGovern will be presented with the Public Policy Leadership Award. The additional registration fee/ticket of \$125 is required for the event and must be paid by you personally per Federal Election Commission (FEC) rules. Your contribution is for this special event, and not your yearly ANDPAC contribution. If you will be attending the Signature Event and Fundraiser or wish to make a contribution, please mail your payment payable to the Academy of Nutrition and Dietetics and send to Joan Schwaba's attention.

Please let me, Jeanne or Joan know if you have any questions.

The Board of Directors meeting precedes the Public Policy Workshop (PPW) and is scheduled to convene at 8:00 am on Friday, March 8 and is expected to adjourn at 3:00 pm on Saturday, March 9. PPW is scheduled for March 10-12, concluding with Hill Visits the morning of the 12th. We encourage those of you who have not participated in PPW to attend. All other Board members are welcome to attend PPW as your schedule permits. The president, president-elect, immediate past president, speaker, speaker-elect, immediate past speaker and CEO are staying. We know some of you have schedule conflicts so please let us know if you will be attending PPW and your

departure information so we can secure hotel rooms and register you for the workshop.

Housing accommodations for the Board meeting and PPW are at the Omni Shoreham Hotel, 2500 Calvert Street, NW, and reservations will be made for your arrival on March 7 and departure on March 9 for the Board meeting and for those staying for PPW for departure on March 12. Your hotel room will be master-billed. You are now approved to make your travel arrangements for the meeting(s).

To book your travel for the March Board Meeting and PPW, please use the information that follows.

Booking Your Travel Online - click on this link: <https://adatvl.axo20.com/>

Karen,

Thank you for your email. Questions arise about the Academy of Nutrition and Dietetics' corporate sponsorship program, including its purpose and whether sponsorship exerts influence on the healthful-eating advice and nutrition services provided by Academy members. The Academy is happy to provide detailed facts (as opposed to opinion or speculation) about our sponsorship program. Please visit www.eatright.org/truth for comprehensive information on the Academy's corporate sponsorship guidelines, the annual report, and highlights some of the inaccuracies in the Simon report.

Our *Truth and Transparency: Facts about Corporate Sponsorships* webpage shows the Academy is transparent about our sponsorship program. On the contrary: To date, the author of the "And Now a Word from Our Sponsors" report has never disclosed who funded her report. On February 6, 2013, the author participated in a tweet chat on Twitter and was asked several times to disclose the funding of her report. She tweeted a link to her website which states "some of our clients and funders prefer to remain anonymous for various reasons and we respect those wishes." As noted, the report about the Academy of Nutrition and Dietetics' corporate sponsorship program contains a number of factual inaccuracies and the Academy has provided facts to enable all readers to accurately evaluate the report.

The Academy's consumer messages are based on the latest and most authoritative science, including the *Dietary Guidelines for Americans* and other authoritative sources. The Academy does not tailor messages or programs in any way due to corporate sponsors. We will continue to encourage Academy members to show our leadership in disseminating accurate information to the public. The Academy builds and maintains our reputation by scrupulous attention to facts, science

and honesty. We are certain that the information presented on www.eatright.org/truth will clearly demonstrate this to be true.

Thank you very much.

Subject: Re: NYTimes bombshell

Thanks for your understanding, Karen. I wonder whether in your position you can find out from AND leadership what is motivating their responses, if not the sponsors. I would think they would have specific reasoning since those responses don't seem to be what most people would think was a norm for an organization of nutrition professionals, and that they would be willing to share these with their constituency.

Certainly you may pass my comments along, with or without attribution.

On 2/8/13 2:32 PM, "Karen Bellesky" <KBellesky@chasebrexton.org> wrote:

thank you for your responses, Elaine. The more I hear about this, the worse I think the Academy is reflected, not necessarily for the partnerships, but for the lack of public comment about the issues re: nutrition. I do harm reduction with my patients until I can get them off soda, so I guess I am in the "all foods fit". But what doesn't come across with the Academy is that many foods/beverages need to be consumed in moderation.

Thanks, again, Elaine. May I pass this along, anonymously?

Karen,

Please pardon me for taking such a long time to answer you: some unexpected events in the last several weeks have messed up my schedule.

To answer your questions:

1. I do think the Academy is not endorsing some initiatives, and if not due to their sponsors then why? Why would THE organization of nutrition professionals not be shouting out in favor of the Sugary Drinks Challenge and the IOM report's recommendations for reining in food manufacture and advertising? The report in the link below makes the point that sugary drinks don't have ANY nutritional benefit (heck, even Twinkies are better). At last, sweetened beverages are getting their due, and the Academy merely says "All foods fit."

<http://thehorizonfoundation.org/ht/a/GetDocumentAction/i/30981>

-
2. Ethan's message begs the question, as did the Academy's response to the IOM report. It criticizes the Simon report for citing ADA publications! (I found it ironic that ADA's responses to the sugary beverage question belied research published in its own journal.) He refuses to counter any of the specific accusations and appears to boast about not doing so. Exactly what purposes did he accomplish with this statement?

I am not saying the Simon report is blameless; for example, it implies the survey on corporate sponsorship was representative of all of ADA membership, which it certainly was not.

But at least that report appears to be motivated by concern for the nation's nutritional status: what is motivating AND?

My response here echoes Kelly's Jan. 12 message, which I think is well-said.

When the AND leadership refuses to take sides in these issues, whose opinions do they think they are representing? If it is the membership as a whole this is not the association I joined.

Elaine. Hi! Here are my PERSONAL comments about the report and the article. I am concerned about the report and the public image that is being portrayed of the profession I love. However, I am also concerned that many feel that my professional ethics and values would be or could be swayed by sponsorships. Many of the educational programs sponsored by AND's corporate partners are actually very educational and appropriate. Have you ever attended one? I have and they are very good. MAND has speakers sponsored by the Beef Council and the Dairy Council annually. I have not heard comment that these sessions were skewed.

And what ever happened to all foods fit? As an RD, I tend to work with the patient from where they are, and what is available, rather than suggesting the best nutrition. Sometimes better is better than current.

As far as the Academy is concerned, I do not know whether a response is forthcoming.

Sometimes the Academy has taken the stand that saying nothing is better than keeping the controversy in the press.

<http://www.nytimes.com/2013/01/23/business/report-questions-nutrition-groups-use-of-corporate-sponsors.html?emc=eta1&_r=2&>

Report:

- <http://www.appetiteforprofit.com/>

AND Response:

http://www.eatdrinkpolitics.com/wp-content/uploads/AND_Corporate_Sponsorship_Report.pdf

HEN's proposed corporate sponsorship policy

<http://www.hendpg.org/docs/sponsors/HEN%20External%20Relationship%20Prospectus%20and%20Sponsorship%20Criteria%2020>

I have just joined HEN's newly-formed Corporate Sponsorship Task Force, under the leadership of Kelly Moltzen. Needless to say we are too new to have developed a plan of action. Of course on HEN's chat line there is much discussion, but I wonder how much of the general AND population knows. AND's response made much of the fact that a large percentage of Simon's facts are public information found on AND's web site or in its publications, but in my eyes that strengthened the report rather than weakening it. I myself was shocked at some of the facts presented, concerning among other things the "educational" programs for RDs that corporate sponsors are allowed to present.

Karen, can you find out what AND plans to do about this report? Are you all concerned yourselves? I'm wondering whether the upcoming state Legislative Day on Feb. 13 would be an appropriate venue to introduce the subject, impartially, to those present, or whether you think it might be appropriate to acquaint the membership-at-large via the links above. I don't think it's fair to our membership not to inform them about this issue.

Elaine

Karen,

Thank you for your email. Questions arise about the Academy of Nutrition and Dietetics' corporate sponsorship program, including its purpose and whether sponsorship exerts influence on the healthful-eating advice and nutrition services provided by Academy members. The Academy is happy to provide detailed facts (as opposed to opinion or speculation) about our sponsorship program. Please visit www.eatright.org/truth for comprehensive information on the Academy's corporate sponsorship guidelines, the annual report, and highlights some of the inaccuracies in the Simon report.

Our *Truth and Transparency: Facts about Corporate Sponsorships* webpage shows the Academy is transparent about our sponsorship program. On the contrary: To date, the author of the "And Now a Word from Our Sponsors" report has never disclosed who funded her report. On February 6, 2013, the author participated in a tweet chat on Twitter and was asked several times to disclose the funding of her report. She tweeted a link to her website which states "some of our clients and funders prefer to remain anonymous for various reasons and we respect those wishes." As noted, the report about the Academy of Nutrition and Dietetics' corporate sponsorship program contains a number of factual inaccuracies and the Academy has provided facts to enable all readers to accurately evaluate the report.

The Academy's consumer messages are based on the latest and most authoritative science, including the *Dietary Guidelines for Americans* and other authoritative sources. The Academy does not tailor messages or programs in any way due to corporate sponsors. We will continue to encourage Academy members to show our leadership in disseminating accurate information to the public. The Academy builds and maintains our reputation by scrupulous attention to facts, science and honesty. We are certain that the information presented on www.eatright.org/truth will clearly demonstrate this to be true.

Thank you very much.

Pat

<http://www.nytimes.com/2013/01/23/business/report-questions-nutrition-groups-use-of-corporate-sponsors.html?emc=eta1&_r=2&>

Report:

- <http://www.appetiteforprofit.com/>

AND Response:

-

http://www.eatdrinkpolitics.com/wp-content/uploads/AND_Corporate_Sponsorship_Report.pdf

HEN's proposed corporate sponsorship policy

-
<http://www.hendpg.org/docs/sponsors/HEN%20External%20Relationship%20Prospectus%20and%20Sponsorship%20Criteria%2020>

I have just joined HEN's newly-formed Corporate Sponsorship Task Force, under the leadership of Kelly Moltzen. Needless to say we are too new to have developed a plan of action. Of course on HEN's chat line there is much discussion, but I wonder how much of the general AND population knows. AND's response made much of the fact that a large percentage of Simon's facts are public information found on AND's web site or in its publications, but in my eyes that strengthened the report rather than weakening it. I myself was shocked at some of the facts presented, concerning among other things the “educational” programs for RDs that corporate sponsors are allowed to present.

Karen, can you find out what AND plans to do about this report? Are you all concerned yourselves? I'm wondering whether the upcoming state Legislative Day on Feb. 13 would be an appropriate venue to introduce the subject, impartially, to those present, or whether you think it might be appropriate to acquaint the membership-at-large via the links above. I don't think it's fair to our membership not to inform them about this issue.

Elaine

Evelyn,

Unfortunately the chats are not recorded and some conversations are nested and difficult to follow. Pat recommended that we share the confidential information that we prepared for spokespeople. Attached are the pre-chat emails, talking points and Twitter tips.

Spokespeople used the talking points and tips during the chat to keep the conversation positive and on track. We ask that these documents be kept strictly confidential.

Please do not hesitate to contact me with any questions or if you need additional information. Thank you very much.

Best regards,
Doris Acosta

Subject: FW: #RDChat Recap

Last week we gave you a heads up that Academy RD member and Michele Simon supporter Andy Bellatti recently hijacked #RDChat hashtag by announcing that Michele Simon will host a “discussion” (yesterday) about our corporate sponsorship program. He conveniently scheduled his chat to occur right after the regular monthly RD Chat on “heart health.”

I am very pleased to inform you that the hijacking worked to our benefit! Please see the summary from Doris which follows.

We expect the debate on this issue will continue, and we will plan and be ready for the next time it arises. I believe we can safely say this Twitter chat did not spark an uprising of RDs that Mr. Bellatti and Ms. Simon may have thought it would. For that, we owe enormous thanks to our current and past spokespeople, as well as the Strategic Communication and Corporate Relations teams who worked very hard behind the scenes putting together a comprehensive webpage, *Truth and Transparency: Facts about Corporate Sponsorships*, that includes corporate sponsorship guidelines, our annual report, and highlights some of the inaccuracies in the Simon report. This information can be found at www.eatright.org/truth.

Subject: #RDChat Recap

Pat,

I wanted to update you on the #RDChat that was held last night. First and foremost, please know that our spokespeople did a fantastic job in participating in the chat. With civility and respect, they provided facts – not opinions – about the sponsorship program and cleared up a lot of the misinformation that is being spread. They represented the Academy and all RDs very well with their intelligence, their insight and their commitment.

In particular, several spokespeople really led the charge, and we have thanked each of them for their exemplary professionalism and representation of the Academy. Special congratulations to:

- Debbi Beauvais
- Judy Caplan
- Jessica Crandall
- Melissa Joy Dobbins
- Melinda Johnson
- Kristi King

- Angela Lemond
- Heather Mangieri
- Jennifer McDaniel
- Marisa Moore
- Vandana Sheth
- Toby Smithson

In addition, past spokespeople and other Academy members took part in the chat and each made incisive comments, for which we're also grateful. These members include Roberta Anding, Neva Cochran, David Grotto and Leah McGrath.

The conversation at times was heated but remained respectful. Our opponents seemed to run out of things to complain about (fruit juice and oatmeal were also targets), and fell back to repeating themselves, linking to the report and not answering questions posed to them by our spokespeople. For example, Michele Simon continually ignored repeated requests to divulge the source of her funding for her report. She has since told one of our spokespeople that her funding source prefers to remain anonymous...! We do not yet know who provided her funding, but we do know that the Alliance for Natural Health, the group that is against licensure, participated in the chat.

We will continue to keep our finger on the pulse of this topic and will keep you posted.

Please let me know if you have any questions.

Subject: VICE CHAIR SURVEY -Respond by February 25, 2013
Attachment:

Dear Academy Committee Vice Chairs,

As we prepare for your orientation in April 2013, we would like to get some input from you on the topics to be covered. Please take 15-20 minutes to respond to our survey. Your input will be useful so that we meet all the various needs to ensure success as the next committee chair.

The link to the short survey is <http://www.surveymonkey.com/s/Vice-Chair2-8-13>. **Please respond by Monday, February 25, 2013.**

In advance, thanks for your assistance!! Have a great weekend.

Harold Holler, RD

Vice President, Governance and Practice

Academy for Nutrition and Dietetics

Subject: AND Finance and Audit Committee Meeting
Attachment: [image001.png](#)

Good Morning Everyone:

As on your FAC calendar, the AND Finance and Audit Committee is scheduled to hold a face-to-face meeting at the Chicago Headquarters Office on Wednesday and Thursday, April 24th and 25th, 2013, respectively.

Directly following this email, you will receive your individual travel form. Please follow the procedures.

Also I need to know if you will be attending the meeting, and if you will need 2 nights at the hotel, which would be April 23 and April 24. I will make your room reservations and send you your confirmation, as the meeting gets closer.

If you have any problems or if you have any questions, PLEASE do not hesitate to contact me. If I don't know the answer, I will find out for you.

Thanks,

Linda

Evelyn,

Unfortunately the chats are not recorded and some conversations are nested and difficult to follow. Pat recommended that we share the confidential information that we prepared for spokespeople. Attached are the pre-chat emails, talking points and Twitter tips.

Spokespeople used the talking points and tips during the chat to keep the conversation positive and on track. We ask that these documents be kept strictly confidential.

Please do not hesitate to contact me with any questions or if you need additional information. Thank you very much.

Best regards,
Doris Acosta

This is good news that is worth sharing with all members again and again. Is it recorded? I would love to hear the discussion in that we are faced with these questions as candidates for the office of President-Elect. Not only that it will help me as a Board Member to hear the discussion.

Subject: FW: #RDChat Recap

Last week we gave you a heads up that Academy RD member and Michele Simon supporter Andy Bellatti recently hijacked #RDChat hashtag by announcing that Michele Simon will host a “discussion” (yesterday) about our corporate sponsorship program. He conveniently scheduled his chat to occur right after the regular monthly RD Chat on “heart health.”

I am very pleased to inform you that the hijacking worked to our benefit! Please see the summary from Doris which follows.

We expect the debate on this issue will continue, and we will plan and be ready for the next time it arises. I believe we can safely say this Twitter chat did not spark an uprising of RDs that Mr. Bellatti and Ms. Simon may have thought it would. For that, we owe enormous thanks to our current and past spokespeople, as well as the Strategic Communication and Corporate Relations teams who worked very hard behind the scenes putting together a comprehensive webpage, *Truth and Transparency: Facts about Corporate Sponsorships*, that includes corporate sponsorship guidelines, our annual report, and highlights some of the inaccuracies in the Simon report. This information can be found at www.eatright.org/truth.

Subject: #RDChat Recap

Pat,

I wanted to update you on the #RDChat that was held last night. First and foremost, please know that our spokespeople did a fantastic job in participating in the chat. With civility and respect, they provided facts – not opinions – about the sponsorship program and cleared up a lot of the misinformation that is being spread. They represented the Academy and all RDs very well with their intelligence, their insight and their commitment.

In particular, several spokespeople really led the charge, and we have thanked each of them for their exemplary professionalism and representation of the Academy. Special congratulations to:

- Debbi Beauvais

- Judy Caplan

- Jessica Crandall

- Melissa Joy Dobbins

- Melinda Johnson

- Kristi King

- Angela Lemond

- Heather Mangieri

- Jennifer McDaniel

- Marisa Moore

- Vandana Sheth

- Toby Smithson

In addition, past spokespeople and other Academy members took part in the chat and each made incisive comments, for which we're also grateful. These members include Roberta Anding, Neva Cochran, David Grotto and Leah McGrath.

The conversation at times was heated but remained respectful. Our opponents seemed to run out of things to complain about (fruit juice and oatmeal were also targets), and fell back to repeating themselves, linking to the report and not answering questions posed to them by our spokespeople. For example, Michele Simon continually ignored repeated requests to divulge the source of her funding for her report. She has since told one of our spokespeople that her funding source prefers to remain anonymous...! We do not yet know who provided her funding, but we do know that the Alliance for Natural Health, the group that is against licensure, participated in the chat.

We will continue to keep our finger on the pulse of this topic and will keep you posted.

Please let me know if you have any questions.

Last week we gave you a heads up that Academy RD member and Michele Simon supporter Andy Bellatti recently hijacked #RDChat hashtag by announcing that Michele Simon will host a “discussion” (yesterday) about our corporate sponsorship program. He conveniently scheduled his chat to occur right after the regular monthly RD Chat on “heart health.”

I am very pleased to inform you that the hijacking worked to our benefit! Please see the summary from Doris which follows.

We expect the debate on this issue will continue, and we will plan and be ready for the next time it arises. I believe we can safely say this Twitter chat did not spark an uprising of RDs that Mr. Bellatti and Ms. Simon may have thought it would. For that, we owe enormous thanks to our current and past spokespeople, as well as the Strategic Communication and Corporate Relations teams who worked very hard behind the scenes putting together a comprehensive webpage, *Truth and Transparency: Facts about Corporate Sponsorships*, that includes corporate sponsorship guidelines, our annual report, and highlights some of the inaccuracies in the Simon report. This information can be found at www.eatright.org/truth.

Pat,

I wanted to update you on the #RDChat that was held last night. First and foremost, please know that our spokespeople did a fantastic job in participating in the chat. With civility and respect, they provided facts – not opinions – about the sponsorship program and cleared up a lot of the misinformation that is being spread. They represented the Academy and all RDs very well with their intelligence, their insight and their commitment.

In particular, several spokespeople really led the charge, and we have thanked each of them for their exemplary professionalism and representation of the Academy. Special congratulations to:

- Debbi Beauvais
- Judy Caplan
- Jessica Crandall

- Melissa Joy Dobbins
- Melinda Johnson
- Kristi King
- Angela Lemond
- Heather Mangieri
- Jennifer McDaniel
- Marisa Moore
- Vandana Sheth
- Toby Smithson

In addition, past spokespeople and other Academy members took part in the chat and each made incisive comments, for which we're also grateful. These members include Roberta Anding, Neva Cochran, David Grotto and Leah McGrath.

The conversation at times was heated but remained respectful. Our opponents seemed to run out of things to complain about (fruit juice and oatmeal were also targets), and fell back to repeating themselves, linking to the report and not answering questions posed to them by our spokespeople. For example, Michele Simon continually ignored repeated requests to divulge the source of her funding for her report. She has since told one of our spokespeople that her funding source prefers to remain anonymous...! We do not yet know who provided her funding, but we do know that the Alliance for Natural Health, the group that is against licensure, participated in the chat.

We will continue to keep our finger on the pulse of this topic and will keep you posted.

Please let me know if you have any questions.

Good afternoon

Attached you will find a fact sheet on the outcomes of the Joint Leaders Meeting of ACEND, CDR, CFP, Education Committee and NDEP DPG on January 17-19, 2013. This fact sheet provides members with a sense of the thinking of the representatives to this meeting and future direction. We will be sharing it this afternoon with all organizational units. A more comprehensive report will be shared with the membership in March 2013.

Subject: Re: CMS announcement

This is the first step since it is a proposed rule. Until it is adopted, we won't celebrate outside of Academy leadership. It is a very promising development and CMS traditionally comes to these rules after considerable deliberation. However, it isn't a final rule so we don't want to put the cart before the horse.

We can start to anticipate the impact should the rule be finalized. Since this is a federal rule, it would supersede language of state licensure laws. Some states do have language that supports this level of independence for dietitians.

Once we get through the comment period we will determine the next steps. We are hoping to schedule some high level meetings with CMS and other agencies on March 12th. There will be several opportunities for board members to participate in these conversations. We will be sharing these opportunities for your consideration in the near future.

Thanks for the feedback, and for your support of our advocacy efforts.

Jeanne

On Feb 4, 2013, at 7:15 PM, "Escott-Stump, Sylvia" <ESCOTTSTUMPS@ecu.edu> wrote:

Will this be shared with licensure boards and efforts? The discussion of preparation to write/change diet orders might help those states still struggling.

Subject: CMS announcement

An exciting communication from Jeanne Blankenship and Harold Holler follows.

As you know, we have been engaged in conversation with the Centers for Medicare and Medicaid Services (CMS) for approximately two years regarding therapeutic diet order regulation. In addition to meeting with CMS several times, we have offered letters that outline the Academy's rationale for allowing registered dietitians to be able to independently change diet prescriptions.

Today, CMS announced in the attached press release that it is proposing a rule change that would, among other things, *"Save hospitals significant resources by permitting registered dietitians to order patient diets independently, which they are trained to do, without requiring the supervision or approval of a physician or other practitioner. This frees up time for physicians and other practitioners to care for patients."*

The proposed rule is open for public comment until April 8, 2013. Our teams will work together to prepare comments in support of this rule change which would be significant for Academy members and for the patients they serve. You can be assured that we will provide all relevant data, information and experiences resulting from the current rule in our communication.

In 2010, the Quality Management Committee (QMC) asked the Legislative and Public Policy Committee (LPPC) to address 42 CFR 482.28(b)(1) on therapeutic diet orders. The regulation was implemented in 1986, and it has not since been changed. It currently reads:

§482.28 (b)(1) Therapeutic diets must be prescribed by the practitioner or practitioners responsible for the care of the patients

In the October 2008 *Medicare State Operations Manual Appendix A - Survey Protocol, Regulations and Interpretive Guidelines for Hospitals*, it is noted that in accordance with state law and hospital policy, a dietitian may assess a patient's nutritional needs and provide recommendations or consultations for patients, but the patient's diet must be prescribed by the practitioner responsible for the patient's care, which means a Licensed Independent Practitioner. There are four kinds of LIPs: medical doctors, doctors of osteopathic medicine, advanced practice registered nurses and physician assistants.

Please contact us if you need additional information regarding this proposed rule.

Making an Impact

February 6, 2013

Working closely with our dietetic practice groups, the Academy of Nutrition and Dietetics Foundation is making an impact in the dietetics field. Join other Academy members who have helped the Foundation accomplish the following achievements:

- Reached** over **1.5 million** visitors to the Kids Eat Right website for the public with tips, articles, recipes, and videos to help busy families shop smart, cook healthy and eat right.
- Helped** children and their families create healthier lifestyles through our Kids Eat Right initiative by granting **\$220,000** to RDs to deliver nutrition education programs, including Energy Balance for Kids and the RD Parent Empowerment program.
- Developed** toolkits with ready-made presentations and other resources for Kids Eat Right members to access, download and utilize.
- Awarded \$70,000** in mini-grants to Kids Eat Right members delivering hundreds of presentations in communities across the country.
- Enhanced** the validated Family Nutrition and Physical Activity online screening tool (<http://healthyfam.eatright-fnpa.org/public/partner.cfm>).
- Created** a CPEU webinar series, toolkit, actions and resources on the Kids Eat Right member site addressing food insecurity.
- Collaborated** with **nine** DPGs to develop Kids Eat Right resources including: DBC, FCP, HEN, NEP, PNPG, PHCN, SCAN, SNS and WM.

You can make a difference, by donating today to the Foundation of your profession.

Tax-return time, donate now and ensure your tax-deductible donations are made for next year.

Charity Navigator, Americas largest and most-utilized independent evaluator of charities, has bestowed the Academy of Nutrition and Dietetics Foundation with the coveted 4-star rating for sound fiscal management and commitment to accountability and transparency.

This is to clarify that the check for the PAC Signature Event and Fundraiser on Monday, March 11 should be payable to the Academy of Nutrition and Dietetics Political Action Committee or ANDPAC, not to the Academy of Nutrition and Dietetics. Your expenses for your attendance at PPW, however, are covered in the Board budget.

Subject: RE: March Board Meeting/Public Policy Workshop

On January 17 we sent you an email clarifying that your expenses for attending PPW are covered. If your schedule permits, we especially encourage those of you who have not participated in PPW to attend. If you have not done so already, please let us know if you will be staying for PPW, and we will make your hotel reservations and register you for the events.

You are invited to attend the Academy PAC Signature Event and Fundraiser on Monday, March 11 from 6:30 – 8:00 pm where the Honorable Jim McGovern will be presented with the Public Policy Leadership Award. The additional registration fee/ticket of \$125 is required for the event and must be paid by you personally per Federal Election Commission (FEC) rules. Your contribution is for this special event, and not your yearly ANDPAC contribution. If you will be attending the Signature Event and Fundraiser or wish to make a contribution, please mail your payment payable to the Academy of Nutrition and Dietetics and send to Joan Schwaba's attention.

Please let me, Jeanne or Joan know if you have any questions.

Hi Pat,

I'm wondering if we need to send a message to board to clarify this information. Linda is not the only person who has asked. We may get more people to stay if they know the Academy is willing to cover expenses. This is such a wonderful opportunity for our board. Thank you so much!

Looking forward to talking with you later today;)

Warmest regards,

Becky

The Board of Directors meeting precedes the Public Policy Workshop (PPW) and is scheduled to convene at 8:00 am on Friday, March 8 and is expected to adjourn at 3:00 pm on Saturday, March 9. PPW is scheduled for March 10-12, concluding with Hill Visits the morning of the 12th. We encourage those of you who have not participated in PPW to attend. All other Board members are welcome to attend PPW as your schedule permits. The president, president-elect, immediate past president, speaker, speaker-elect, immediate past speaker and CEO are staying. We know some of you have schedule conflicts so please let us know if you will be attending PPW and your departure information so we can secure hotel rooms and register you for the workshop.

Housing accommodations for the Board meeting and PPW are at the Omni Shoreham Hotel, 2500 Calvert Street, NW, and reservations will be made for your arrival on March 7 and departure on March 9 for the Board meeting and for those staying for PPW for departure on March 12. Your hotel room will be master-billed. You are now approved to make your travel arrangements for the meeting(s).

To book your travel for the March Board Meeting and PPW, please use the information that follows.

Booking Your Travel Online - click on this link: <https://adatvl.axo20.com/>

- 1) *Book your travel whenever possible Monday through Friday between the hours of 7 a.m. and 3 p.m. CT.*
- 2) *Log in to your account using the User ID and Password you created when setting up your profile.*
- 3) *Search for and select your flights (book “non-refundable” fares only)*
 - a. *You have the option of searching by “Price” or “Schedule”.*
 - b. *Click on your preferred airline if you only want to view their fares.*
- 4) *When asked to “Name your trip”, you are required to enter the Meeting Name – **March Board Meeting***

- 5) When you reach the **Purchase Trip** page, enter **103-2430** into the **Approval Code** box in the **Reporting Information** section.
- 6) When you reach the **Payment Options** section, be sure to choose the **“Use a Stored Card”** option to ensure your Academy paid travel is billed correctly.
- 7) If you need assistance, call the support team at 800/238-9049, press “1” when prompted.

Thank you!

Harold,

Thanks for the fact sheet on the outcomes of the Joint Leaders Meeting of ACEND, CDR, CFP, Education Committee and NDEP DPG. The concise fact sheet is important to get out to the organizational units to assure transparency along the way.

An amazing amount of work was accomplished since the fall HOD meeting!

Hi Pat

Thanks for sharing this wonderful news! It is indeed a giant step! Thanks to Jeanne, Harold and all who worked on this.

Take care,
Ethan

>>> Patricia Babjak <PBABJAK@eatright.org> 2/4/2013 2:54 PM >>>

An exciting communication from Jeanne Blankenship and Harold Holler follows.

As you know, we have been engaged in conversation with the Centers for Medicare and Medicaid Services (CMS) for approximately two years regarding therapeutic diet order regulation. In addition to meeting with CMS several times, we have offered letters that outline the Academy's rationale for allowing registered dietitians to be able to independently change diet prescriptions.

Today, CMS announced in the attached press release that it is proposing a rule change that would, among other things, *"Save hospitals significant resources by permitting registered dietitians to order patient diets independently, which they are trained to do, without requiring the supervision or approval of a physician or other practitioner. This frees up time for physicians and other practitioners to care for patients. "*

The proposed rule is open for public comment until April 8, 2013. Our teams will work together to prepare comments in support of this rule change which would be significant for Academy members and for the patients they serve. You can be assured that we will provide all relevant data, information and experiences resulting from the current rule in our communication.

In 2010, the Quality Management Committee (QMC) asked the Legislative and Public Policy Committee (LPPC) to address 42 CFR 482.28(b)(1)) on therapeutic diet orders. The regulation was implemented in 1986, and it has not since been changed. It currently reads:

§482.28 (b)(1) Therapeutic diets must be prescribed by the practitioner or practitioners responsible for the care of the patients

In the October 2008 *Medicare State Operations Manual Appendix A - Survey Protocol, Regulations and Interpretive Guidelines for Hospitals*, it is noted that in accordance with state law and hospital policy, a dietitian may assess a patient's nutritional needs and provide recommendations or consultations for patients, but the patient's diet must be prescribed by the practitioner responsible for the patient's care, which means a Licensed Independent Practitioner. There are four kinds of LIPs: medical doctors, doctors of osteopathic medicine, advanced practice registered nurses and physician assistants.

Please contact us if you need additional information regarding this proposed rule.

Subject: Re: CMS announcement

This is the first step since it is a proposed rule. Until it is adopted, we won't celebrate outside of Academy leadership. It is a very promising development and CMS traditionally comes to these rules after considerable deliberation. However, it isn't a final rule so we don't want to put the cart before the horse.

We can start to anticipate the impact should the rule be finalized. Since this is a federal rule, it would supersede language of state licensure laws. Some states do have language that supports this level of independence for dietitians.

Once we get through the comment period we will determine the next steps. We are hoping to schedule some high level meetings with CMS and other agencies on March 12th. There will be several opportunities for board members to participate in these conversations. We will be sharing these opportunities for your consideration in the near future.

Thanks for the feedback, and for your support of our advocacy efforts.

Jeanne

On January 17 we sent you an email clarifying that your expenses for attending PPW are covered. If your schedule permits, we especially encourage those of you who have not participated in PPW to attend. If you have not done so already, please let us know if you will be staying for PPW, and we will make your hotel reservations and register you for the events.

You are invited to attend the Academy PAC Signature Event and Fundraiser on Monday, March 11 from 6:30 – 8:00 pm where the Honorable Jim McGovern will be presented with the Public Policy Leadership Award. The additional registration fee/ticket of \$125 is required for the event and must be paid by you personally per Federal Election Commission (FEC) rules. Your contribution is for this special event, and not your yearly ANDPAC contribution. If you will be attending the Signature Event and Fundraiser or wish to make a contribution, please mail your payment payable to the Academy of Nutrition and Dietetics and send to Joan Schwaba's attention.

Please let me, Jeanne or Joan know if you have any questions.

Hi Pat,

I'm wondering if we need to send a message to board to clarify this information. Linda is not the only person who has asked. We may get more people to stay if they know the Academy is willing to cover expenses. This is such a wonderful opportunity for our board. Thank you so much!

Looking forward to talking with you later today;)

Warmest regards,

Becky

The Board of Directors meeting precedes the Public Policy Workshop (PPW) and is scheduled to convene at 8:00 am on Friday, March 8 and is expected to adjourn at 3:00 pm on Saturday, March 9. PPW is scheduled for March 10-12, concluding with Hill Visits the morning of the 12th. We encourage those of you who have not participated in PPW to attend. All other Board members are welcome to attend PPW as your schedule permits. The president, president-elect, immediate past president, speaker, speaker-elect, immediate past speaker and CEO are staying. We know some of you have schedule conflicts so please let us know if you will be attending PPW and your departure information so we can secure hotel rooms and register you for the workshop.

Housing accommodations for the Board meeting and PPW are at the Omni Shoreham Hotel, 2500 Calvert Street, NW, and reservations will be made for your arrival on March 7 and departure on March 9 for the Board meeting and for those staying for PPW for departure on March 12. Your hotel room will be master-billed. You are now approved to make your travel arrangements for the meeting(s).

To book your travel for the March Board Meeting and PPW, please use the information that follows.

Booking Your Travel Online - click on this link: <https://adatvl.axo20.com/>

- 1) *Book your travel whenever possible Monday through Friday between the hours of 7 a.m. and 3 p.m. CT.*
- 2) *Log in to your account using the User ID and Password you created when setting up your profile.*
- 3) *Search for and select your flights (book “non-refundable” fares only)*
 - a. *You have the option of searching by “Price” or “Schedule”.*
 - b. *Click on your preferred airline if you only want to view their fares.*

- 4) *When asked to “Name your trip”, you are required to enter the Meeting Name – **March Board Meeting***
- 5) *When you reach the **Purchase Trip** page, enter **103-2430** into the **Approval Code** box in the **Reporting Information** section.*
- 6) *When you reach the Payment Options section, be sure to choose the “**Use a Stored Card**” option to ensure your Academy paid travel is billed correctly.*
- 7) *If you need assistance, call the support team at 800/238-9049, press “1” when prompted.*

Thank you!

Joan

Exciting news. It has been a long time coming. Now we need to be sure that facility policies are changed and MDs accept and follow CMS guidelines. I have the same question as Lucille about licensure laws. Will we need to revise them (opens up the door to competitors to comment) or will it be understood per CMS?

Linda

On Feb 4, 2013, at 4:54 PM, Patricia Babjak <PBABJAK@eatright.org> wrote:

An exciting communication from Jeanne Blankenship and Harold Holler follows.

As you know, we have been engaged in conversation with the Centers for Medicare and Medicaid Services (CMS) for approximately two years regarding therapeutic diet order regulation. In addition to meeting with CMS several times, we have offered letters that outline the Academy's rationale for allowing registered dietitians to be able to independently change diet prescriptions.

Today, CMS announced in the attached press release that it is proposing a rule change that would, among other things, "*Save hospitals significant resources by permitting registered*

dietitians to order patient diets independently, which they are trained to do, without requiring the supervision or approval of a physician or other practitioner. This frees up time for physicians and other practitioners to care for patients. “

The proposed rule is open for public comment until April 8, 2013. Our teams will work together to prepare comments in support of this rule change which would be significant for Academy members and for the patients they serve. You can be assured that we will provide all relevant data, information and experiences resulting from the current rule in our communication.

In 2010, the Quality Management Committee (QMC) asked the Legislative and Public Policy Committee (LPPC) to address 42 CFR 482.28(b)(1)) on therapeutic diet orders. The regulation was implemented in 1986, and it has not since been changed. It currently reads:

§482.28 (b)(1) Therapeutic diets must be prescribed by the practitioner or practitioners responsible for the care of the patients

In the October 2008 *Medicare State Operations Manual Appendix A - Survey Protocol, Regulations and Interpretive Guidelines for Hospitals*, it is noted that in accordance with state law and hospital policy, a dietitian may assess a patient's nutritional needs and provide recommendations or consultations for patients, but the patient's diet must be prescribed by the practitioner responsible for the patient's care, which means a Licensed Independent Practitioner. There are four kinds of LIPs: medical doctors, doctors of osteopathic medicine, advanced practice registered nurses and physician assistants.

Please contact us if you need additional information regarding this proposed rule.

Subject: Re: CMS announcement

This is the first step since it is a proposed rule. Until it is adopted, we won't celebrate outside of Academy leadership. It is a very promising development and CMS traditionally comes to these rules after considerable deliberation. However, it isn't a final rule so we don't want to put the cart

before the horse.

We can start to anticipate the impact should the rule be finalized. Since this is a federal rule, it would supersede language of state licensure laws. Some states do have language that supports this level of independence for dietitians.

Once we get through the comment period we will determine the next steps. We are hoping to schedule some high level meetings with CMS and other agencies on March 12th. There will be several opportunities for board members to participate in these conversations. We will be sharing these opportunities for your consideration in the near future.

Thanks for the feedback, and for your support of our advocacy efforts.

Jeanne

Having trouble viewing this e-mail? View it in your browser.

Have you ever wondered how the Affordable Care Act is impacting your profession? Do you want to fight to make sure you are adequately compensated for your services? Join me at the Academys Public Policy Workshop (PPW) to learn how to effectively impact pivotal legislation and regulations that will affect you personally and professionally.

PPW is a hands-on, interactive workshop led by nutrition policy thought leaders, decision makers and other experts. At PPW you will gain the skills, knowledge and confidence to speak with members of Congress and other influential leaders to convey the importance of nutrition programs and services. This experience will not only serve our profession now, but also provide you with invaluable leadership and communication skills to catapult your career upon your return home.

This year the Academy is going local at **PPW 2013 from March 10 to 12 in Washington, D.C.** The advocacy summit will focus on Policy from the Ground Up, leveraging grassroots efforts to make a local and sustainable impact on the dietetics profession. Participants will identify policy changes necessary to increase Americans access to food and nutrition. Learn from other dietitians about their successful grassroots advocacy efforts to expand coverage for nutrition services in both private and public markets.

Get all of your critical policy and advocacy questions answered -- register for PPW 2013! Its time to get our hands dirty!

See you in Washington!

Ethan A. Bergman, PhD, RD, CD, FADA
President, Academy of Nutrition and Dietetics

Subject: CMS announcement

An exciting communication from Jeanne Blankenship and Harold Holler follows.

As you know, we have been engaged in conversation with the Centers for Medicare and Medicaid Services (CMS) for approximately two years regarding therapeutic diet order regulation. In

addition to meeting with CMS several times, we have offered letters that outline the Academy's rationale for allowing registered dietitians to be able to independently change diet prescriptions.

Today, CMS announced in the attached press release that it is proposing a rule change that would, among other things, *"Save hospitals significant resources by permitting registered dietitians to order patient diets independently, which they are trained to do, without requiring the supervision or approval of a physician or other practitioner. This frees up time for physicians and other practitioners to care for patients. "*

The proposed rule is open for public comment until April 8, 2013. Our teams will work together to prepare comments in support of this rule change which would be significant for Academy members and for the patients they serve. You can be assured that we will provide all relevant data, information and experiences resulting from the current rule in our communication.

In 2010, the Quality Management Committee (QMC) asked the Legislative and Public Policy Committee (LPPC) to address 42 CFR 482.28(b)(1)) on therapeutic diet orders. The regulation was implemented in 1986, and it has not since been changed. It currently reads:

§482.28 (b)(1) Therapeutic diets must be prescribed by the practitioner or practitioners responsible for the care of the patients

In the October 2008 *Medicare State Operations Manual Appendix A - Survey Protocol, Regulations and Interpretive Guidelines for Hospitals*, it is noted that in accordance with state law and hospital policy, a dietitian may assess a patient's nutritional needs and provide recommendations or consultations for patients, but the patient's diet must be prescribed by the practitioner responsible for the patient's care, which means a Licensed Independent Practitioner. There are four kinds of LIPs: medical doctors, doctors of osteopathic medicine, advanced practice registered nurses and physician assistants.

Please contact us if you need additional information regarding this proposed rule.

This is the first step since it is a proposed rule. Until it is adopted, we won't celebrate outside of Academy leadership. It is a very promising development and CMS traditionally comes to these rules after considerable deliberation. However, it isn't a final rule so we don't want to put the cart before the horse.

We can start to anticipate the impact should the rule be finalized. Since this is a federal rule, it would supersede language of state licensure laws. Some states do have language that supports this level of independence for dietitians.

Once we get through the comment period we will determine the next steps. We are hoping to schedule some high level meetings with CMS and other agencies on March 12th. There will be several opportunities for board members to participate in these conversations. We will be sharing these opportunities for your consideration in the near future.

Thanks for the feedback, and for your support of our advocacy efforts.
Jeanne

This is a huge accomplishment! I agree with Lucille that there may be licensure implications. It also means that RDs in the appropriate settings may have to consider coverage in "shifts" or other creative ways of meeting the expectations this privilege entails.

Fabulous news for practitioners in clinical settings! Nurses and doctors will likely rejoice if this passes. What a time savings for all involved – and the best part is that the patient/resident gets what they need in a timely fashion! And isn't that what we all want? It may require some work at the state level with our licensure boards though. Ohio BOD has been very clear about how we should practice due to the current regulations. Thanks to all for your diligent work on our behalf! This is indeed good news;)

Warmest regards,

Becky

Hi Pat

Thanks for sharing this wonderful news! It is indeed a giant step! Thanks to Jeanne, Harold and all who worked on this.

Take care,
Ethan

>>> Patricia Babjak <PBABJAK@eatright.org> 2/4/2013 2:54 PM >>>
An exciting communication from Jeanne Blankenship and Harold Holler follows.

As you know, we have been engaged in conversation with the Centers for Medicare and Medicaid Services (CMS) for approximately two years regarding therapeutic diet order regulation. In addition to meeting with CMS several times, we have offered letters that outline the Academy's rationale for allowing registered dietitians to be able to independently change diet prescriptions.

Today, CMS announced in the attached press release that it is proposing a rule change that would, among other things, *“Save hospitals significant resources by permitting registered dietitians to order patient diets independently, which they are trained to do, without requiring the supervision or approval of a physician or other practitioner. This frees up time for physicians and other practitioners to care for patients. “*

The proposed rule is open for public comment until April 8, 2013. Our teams will work together to prepare comments in support of this rule change which would be significant for Academy members and for the patients they serve. You can be assured that we will provide all relevant data, information and experiences resulting from the current rule in our communication.

In 2010, the Quality Management Committee (QMC) asked the Legislative and Public Policy Committee (LPPC) to address 42 CFR 482.28(b)(1)) on therapeutic diet orders. The regulation was implemented in 1986, and it has not since been changed. It currently reads:

§482.28 (b)(1) Therapeutic diets must be prescribed by the practitioner or practitioners responsible for the care of the patients

In the October 2008 *Medicare State Operations Manual Appendix A - Survey Protocol, Regulations and Interpretive Guidelines for Hospitals*, it is noted that in accordance with state law and hospital policy, a dietitian may assess a patient's nutritional needs and provide recommendations or consultations for patients, but the patient's diet must be prescribed by the practitioner responsible for the patient's care, which means a Licensed Independent Practitioner. There are four kinds of LIPs: medical doctors, doctors of osteopathic medicine, advanced practice registered nurses and physician assistants.

Please contact us if you need additional information regarding this proposed rule.

Subject: Update on Sponsorship Report

Although the message from Ethan was positively received by our members and many of our funders, the negativity seems to continue and members are telling us we should take a more aggressive stand.

Here is an update on the sponsorship report that was released last week. No major media outlets covered the report this week. Some of the bloggers are repurposing their posts on other blogs however, the social media activity seems to have died down. In the last few days, Academy social media channels have had few posts surrounding the report and/or corporate sponsorship. The conversation has continued slightly on the #RDChat hashtag with the same individuals repeating the same negative messages.

We do want to give you a heads up that Academy RD member and Michele Simon supporter Andy Belliatti has recently hijacked #RDChat hashtag by announcing that on Wednesday, February 6, 2012, at 9 p.m. Eastern time, Michele Simon will host a “discussion” about our corporate sponsorship program. He conveniently scheduled his chat to occur right after the regular monthly RD Chat on “heart health” that was already slated as the February topic. Hashtag hijacking is considered extremely poor Twitter etiquette. We anticipate that Simon, et al will continue along the same negative messages. In anticipation of this chat, we are developing an aggressive communication plan. We are launching a public page on our website that will have factual resources for members, including a list of inaccuracies in the report, sponsorship guidelines, examples of our consumer messages. These facts will show the Academy is completely transparent and does not tailor our messages or programs in any way due corporate sponsors. We will be disseminate this information across the organization’s social media channels.

At the March Board meeting we will include an agenda item about having a “fierce conversation” with members who initiate and celebrate the spreading of misinformation which adversely impact our brand. Members need to be reminded of the ethics principle: *the dietetics practitioner presents reliable and substantiated information and interprets controversial information without personal bias, recognizing that legitimate differences of opinion exist.* As Joe Quinn of Walmart told us, “People are entitled to their own opinions, but not their own facts.”

We continue to closely monitor the dialogue and will keep you posted. Please let me know if you have any questions.

What inspiring news!

As a member of the House Leadership Team, I want to recognize the efforts of the ConAgra and the A.N.D Foundation in their plan to include HOD leaders in the development of a message map on the connection between hunger and obesity for a FNCE Foundation session. I also look forward to touring a local food bank in Houston thanks to Wal-Mart's financial support to help the Foundation underwrite the trip.

These initiatives support our efforts ***to mobilize Academy members as leaders and partners to reduce and/or eliminate food and nutrition insecurity***, our Spring Virtual HOD Meeting goal.

Thanks to all those that worked to build such strong partnerships.

Subject:

I quickly shared with those of you who were there for the e-team discussion yesterday information about some activities with ConAgra. For the benefit of all I want to repeat the news. ConAgra has renewed their three-year commitment (initial agreement expires July '13) and increased the support to the \$350,000 level. In addition, the ConAgra Foundation has provided a grant to the A.N.D. Foundation to support the development of a validated tool to evaluate nutrition education

programs (\$175,000). The Foundation will work with Alison, Katie and the Research and Scientific Affairs (RSA) team to deliver this product that will be of use to any and all agencies, organizations, etc. that evaluate nutrition education programs for funding. It will also help guide prospective grant recipients in developing the most effective programs. Katie has already made our friends at USDA (Cindy Hormel) aware of this new initiative. Because of the ConAgra Foundation's generous support of this project (\$175,000), the Foundation will be able to work with RSA to identify a Research Fellow to take a leadership role on this one-year project (RD graduate student). And in addition, ConAgra Foundation is supporting a Foundation session in cooperation with Feeding America, Cooking Matters and including representation from select HOD leaders to develop a message map to aid our members in communicating and elevating awareness of the connection between hunger and obesity.

I am also pleased to share with you the news that WalMart is now working with the Foundation to help underwrite a trip to a local food bank during the Houston FNCE meeting. Mary Pat helped to make the connection and Susie Burns worked with Diane Enos to make this happen. This will be one of the off-site excursions that would normally have required a \$125-\$150 registration fee to cover expenses, with WalMart's grant our members will pay a significantly reduced amount \$25 that will go entirely to support the Foundation's Feeding America partnership.

I hope you will agree with me that these are industry funded projects that are helping us move our agenda forward, optimizing the health of the public and positioning the RD as the leader in this effort.

Happy Friday!

I quickly shared with those of you who were there for the e-team discussion yesterday information about some activities with ConAgra. For the benefit of all I want to repeat the news. ConAgra has renewed their three-year commitment (initial agreement expires July '13) and increased the support to the \$350,000 level. In addition, the ConAgra Foundation has provided a grant to the A.N.D. Foundation to support the development of a validated tool to evaluate nutrition education programs (\$175,000). The Foundation will work with Alison, Katie and the Research and Scientific Affairs (RSA) team to deliver this product that will be of use to any and all agencies, organizations, etc. that evaluate nutrition education programs for funding. It will also help guide prospective grant recipients in developing the most effective programs. Katie has already made our friends at USDA (Cindy Hormel) aware of this new initiative. Because of the ConAgra Foundation's generous support of this project (\$175,000), the Foundation will be able to work with RSA to identify a Research Fellow to take a leadership role on this one-year project (RD graduate

student). And in addition, ConAgra Foundation is supporting a Foundation session in cooperation with Feeding America, Cooking Matters and including representation from select HOD leaders to develop a message map to aid our members in communicating and elevating awareness of the connection between hunger and obesity.

I am also pleased to share with you the news that WalMart is now working with the Foundation to help underwrite a trip to a local food bank during the Houston FNCE meeting. Mary Pat helped to make the connection and Susie Burns worked with Diane Enos to make this happen. This will be one of the off-site excursions that would normally have required a \$125-\$150 registration fee to cover expenses, with WalMart's grant our members will pay a significantly reduced amount \$25 that will go entirely to support the Foundation's Feeding America partnership.

I hope you will agree with me that these are industry funded projects that are helping us move our agenda forward, optimizing the health of the public and positioning the RD as the leader in this effort.

Happy Friday!

Sent Date: Feb 01, 2013 18:08:53
Subject: Update on Sponsorship Report
Attachment: [image002.jpg](#)

Although the message from Ethan was positively received by our members and many of our funders, the negativity seems to continue and members are telling us we should take a more aggressive stand.

Here is an update on the sponsorship report that was released last week. No major media outlets covered the report this week. Some of the bloggers are repurposing their posts on other blogs however, the social media activity seems to have died down. In the last few days, Academy social media channels have had few posts surrounding the report and/or corporate sponsorship. The conversation has continued slightly on the #RDChat hashtag with the same individuals repeating the same negative messages.

We do want to give you a heads up that Academy RD member and Michele Simon supporter Andy Belliatti has recently hijacked #RDChat hashtag by announcing that on Wednesday, February 6, 2012, at 9 p.m. Eastern time, Michele Simon will host a “discussion” about our corporate sponsorship program. He conveniently scheduled his chat to occur right after the regular monthly RD Chat on “heart health” that was already slated as the February topic. Hashtag hijacking is considered extremely poor Twitter etiquette. We anticipate that Simon, et al will continue along the same negative messages. In anticipation of this chat, we are developing an aggressive

communication plan. We are launching a public page on our website that will have factual resources for members, including a list of inaccuracies in the report, sponsorship guidelines, examples of our consumer messages. These facts will show the Academy is completely transparent and does not tailor our messages or programs in any way due corporate sponsors. We will be disseminate this information across the organization's social media channels.

At the March Board meeting we will include an agenda item about having a "fierce conversation" with members who initiate and celebrate the spreading of misinformation which adversely impact our brand. Members need to be reminded of the ethics principle: *the dietetics practitioner presents reliable and substantiated information and interprets controversial information without personal bias, recognizing that legitimate differences of opinion exist.* As Joe Quinn of Walmart told us, "People are entitled to their own opinions, but not their own facts."

We continue to closely monitor the dialogue and will keep you posted. Please let me know if you have any questions.

2952. RE: Update

From: Donna Martin <dmartin@burke.k12.ga.us>
To: Jennifer Folliard <JFolliard@eatright.org>
Sent Date: Feb 01, 2013 15:16:47
Subject: RE: Update
Attachment: [TEXT.htm](#)

Jennifer, One concern I am thinking about is that they did not address food being given away at school and not sold. For example, we have issues with Title 1 rewarding students with pizza parties, coke products at lunch, candy for good behavior, etc. These items are not sold, but they still interfere with meal service and students wanting to eat the School Lunch. So will those items be regulated????

In terms of the fundraiser language, it is hard to comment on it unless we have some idea of how many fundraisers we could be talking about. With absolutely no guidance, states could say 1 a week or 1 a day or whatever. I guess I would prefer the one where states set it and USDA approves it. Otherwise, if I know some states, they will never get around to it or they will set it very loosely, so they do not have to monitor it or deal with complaints. I think it is tougher than I anticipated, but I still see some issues.

Hi Donna,

I hope that this email finds you well!

I am gathering information regarding the upcoming rules on competitive foods and professional standards, and I was hoping we could set up a time to talk. Penny McConnell recommended you!

All I would need is a half an hour of your time. Let me know if this will work for you!

Thank you for considering.

Very best,

Jenn

Hello!

I hope that this email finds you all well!

We wanted to send an update on how the member survey is progressing and new information received last week regarding upcoming regulations on competitive foods. In addition there is information on professional standards for school food service and state child nutrition program directors.

The SNSDPG survey that Mary Pat mentioned below is being developed, and we will send a draft for your review soon. The purpose of the survey is to highlight your successes while obtaining feedback on some of the challenges. We plan to share this information with USDA that would provide some important input on the real world of school nutrition.

As you all know, competitive foods and professional standards regulations, authorized under the Healthy Hunger-Free Kids Act, were scheduled to be released in 2012. For a variety of reasons these regulations were postponed. The semiannual regulatory agenda, which was released earlier this month, indicates that these proposed rules are scheduled to be released sometime in March or early April. The public comment period is estimated to be the typical 90 days. We plan on soliciting SNS members' input in order to craft the Academy's comments on each of the proposed rules.

Please feel free to send your thoughts to myself or the group!

Very best,

Jenn

Subject: Update

Just a note that the meeting with Janey Thornton and Dan Christenson at USDA went very well. It is so apparent Janey has walked the trail of a School Nutrition Director. USDA continues to want to make these changes realistic so are open and listening.

I was thinking it might be good to get some feedback from the SNS DPG members that would be useful for USDA and highlight your work. We could develop a survey tool and field it from the Academy. Your input for questions would be crucial as would approval.

After leaving the meeting, Jenn and I discussed what a huge undertaking this is for schools.

These are monumental changes, many that SNS DPG members identified and have been in the forefront. We need to make sure all our members know of these efforts and the impact it has with children's health.

We will continue to promote your work in 2013. For the holidays, enjoy and have some well deserved rest.

Subject:

I quickly shared with those of you who were there for the e-team discussion yesterday information about some activities with ConAgra. For the benefit of all I want to repeat the news. ConAgra has renewed their three-year commitment (initial agreement expires July '13) and increased the support to the \$350,000 level. In addition, the ConAgra Foundation has provided a grant to the A.N.D. Foundation to support the development of a validated tool to evaluate nutrition education programs (\$175,000). The Foundation will work with Alison, Katie and the Research and Scientific Affairs (RSA) team to deliver this product that will be of use to any and all agencies, organizations, etc. that evaluate nutrition education programs for funding. It will also help guide prospective grant recipients in developing the most effective programs. Katie has already made our friends at USDA (Cindy Hormel) aware of this new initiative. Because of the ConAgra Foundation's generous support of this project (\$175,000), the Foundation will be able to work with RSA to identify a Research Fellow to take a leadership role on this one-year project (RD graduate student). And in addition, ConAgra Foundation is supporting a Foundation session in cooperation with Feeding America, Cooking Matters and including representation from select HOD leaders to develop a message map to aid our members in communicating and elevating awareness of the connection between hunger and obesity.

I am also pleased to share with you the news that WalMart is now working with the Foundation to help underwrite a trip to a local food bank during the Houston FNCE meeting. Mary Pat helped to make the connection and Susie Burns worked with Diane Enos to make this happen. This will be one of the off-site excursions that would normally have required a \$125-\$150 registration fee to cover expenses, with WalMart's grant our members will pay a significantly reduced amount \$25 that will go entirely to support the Foundation's Feeding America partnership.

I hope you will agree with me that these are industry funded projects that are helping us move our agenda forward, optimizing the health of the public and positioning the RD as the leader in this effort.

Happy Friday!

Hi Donna,

I hope that this email finds you well!

I am gathering information regarding the upcoming rules on competitive foods and professional standards, and I was hoping we could set up a time to talk. Penny McConnell recommended you! All I would need is a half an hour of your time. Let me know if this will work for you!

Thank you for considering.

Very best,

Jenn

Hello!

I hope that this email finds you all well!

We wanted to send an update on how the member survey is progressing and new information received last week regarding upcoming regulations on competitive foods. In addition there is information on professional standards for school food service and state child nutrition program directors.

The SNSDPG survey that Mary Pat mentioned below is being developed, and we will send a draft for your review soon. The purpose of the survey is to highlight your successes while obtaining feedback on some of the challenges. We plan to share this information with USDA that would provide some important input on the real world of school nutrition.

As you all know, competitive foods and professional standards regulations, authorized under the Healthy Hunger-Free Kids Act, were scheduled to be released in 2012. For a variety of reasons these regulations were postponed. The semiannual regulatory agenda, which was released earlier this month, indicates that these proposed rules are scheduled to be released sometime in March or early April. The public comment period is estimated to be the typical 90 days. We plan on soliciting SNS members' input in order to craft the Academy's comments on each of the proposed rules.

Please feel free to send your thoughts to myself or the group!

Very best,

Jenn

Subject: Update

Just a note that the meeting with Janey Thornton and Dan Christenson at USDA went very well. It is so apparent Janey has walked the trail of a School Nutrition Director. USDA continues to want to make these changes realistic so are open and listening.

I was thinking it might be good to get some feedback from the SNS DPG members that would be useful for USDA and highlight your work. We could develop a survey tool and field it from the Academy. Your input for questions would be crucial as would approval.

After leaving the meeting, Jenn and I discussed what a huge undertaking this is for schools. These are monumental changes, many that SNS DPG members identified and have been in the forefront. We need to make sure all our members know of these efforts and the impact it has with children's health.

We will continue to promote your work in 2013. For the holidays.enjoy and have some well deserved rest.

Jennifer, It was great talking to you. Attached are some documents that will help you and the web site below will give you insight into the program at the University of Georgia that certifies people to be School Nutrition Directors. The attachments are the Georgia Department of Education Requirements for School Nutrition Program Directors. Call me if you need me. We are glad to have you there for us!

Hello!

I hope that this email finds you all well!

We wanted to send an update on how the member survey is progressing and new information received last week regarding upcoming regulations on competitive foods. In addition there is information on professional standards for school food service and state child nutrition program directors.

The SNSDPG survey that Mary Pat mentioned below is being developed, and we will send a draft for your review soon. The purpose of the survey is to highlight your successes while obtaining feedback on some of the challenges. We plan to share this information with USDA that would provide some important input on the real world of school nutrition.

As you all know, competitive foods and professional standards regulations, authorized under the Healthy Hunger-Free Kids Act, were scheduled to be released in 2012. For a variety of reasons these regulations were postponed. The semiannual regulatory agenda, which was released earlier this month, indicates that these proposed rules are scheduled to be released sometime in March or early April. The public comment period is estimated to be the typical 90 days. We plan on soliciting SNS members' input in order to craft the Academy's comments on each of the proposed rules.

Please feel free to send your thoughts to myself or the group!

Very best,

Jenn

Subject: Update

Just a note that the meeting with Janey Thornton and Dan Christenson at USDA went very well. It is so apparent Janey has walked the trail of a School Nutrition Director. USDA continues to want to make these changes realistic so are open and listening.

I was thinking it might be good to get some feedback from the SNS DPG members that would be useful for USDA and highlight your work. We could develop a survey tool and field it from the Academy. Your input for questions would be crucial as would approval.

After leaving the meeting, Jenn and I discussed what a huge undertaking this is for schools. These are monumental changes, many that SNS DPG members identified and have been in the forefront. We need to make sure all our members know of these efforts and the impact it has with children's health.

We will continue to promote your work in 2013. For the holidays.enjoy and have some well deserved rest.

Hi Donna

I talked with Paul M and we thought we would make the following orientation available to you, if you felt it would be useful. We know you have years of experience in managing committees, DPGs, etc, but, we thought you should decide what is useful for you as begin the transition to Treasurer and chair of FAC. Let me know what you think and we will proceed as appropriate. Thanks in advance. Hope all is well with you.

See memo below.

Date:

January 29, 2013

Harold Holler, Vice President, Governance & Practice

Subject:

Orientation Meeting for Committee Vice Chairs

Happy New Year! We would like to invite you to participate in an orientation meeting designated for Academy committee vice chairs. As the current vice chair, you will assume the chairmanship in the next program year. The date for the orientation is **April 19 - 20, 2013** (all day Friday and ½ Saturday). The orientation will be conducted at Academy Headquarters in Chicago and will include your committee staff partner. Please mark your calendar with these dates.

The costs for the orientation will be assumed by the Academy and will include transportation, lodging, and per diem. We hope this orientation will assist you to assume your role as committee chair. And, more importantly, it will ensure successful outcomes for your committee under your leadership!

The following set of objectives has been developed for the orientation.

The committee vice chairs will:

- Be prepared to lead and serve successfully as chair in the next program year.
- Understand the Academy's governance structure and roles of committees.
- Understand the roles of the committee chair, vice chair, member, liaisons and staff.
- Be knowledgeable of Academy policies/procedures (i.e., lodging, transportation, meeting location, foodservice, activities).

- Understand the role of committee management.
- Engage in communications between committee chairs for possible joint projects and liaison work.

We hope you will be able to participate in this orientation opportunity. We will be providing more information about the schedule, lodging and transportation in early February 2013. If you should have any questions or concerns related to this orientation program, please feel free to contact me (hholler@eatright.org or 800/877-1600, ext. 4896). Have a great weekend!

Shopping the Perimeter

(Consumers have gravitated away from the center of the store, drawn to perishables like produce, seafood, dairy, refrigerated meals, and fresh bakery and deli products, which translates to strong opportunities in these categories)

<http://www.ift.org/food-technology/past-issues/2013/january/features/shopping-the-perimeter.aspx>

Understanding and Combating Food Fraud

(The goal of food fraud is economic gain. It differs from intentional contamination but could pose a public health risk. The behavioral sciences and criminology offer tools to deter food fraud)

>>>Joan Schwaba <JSchwaba@eatright.org> 1/24/2013 10:59 AM >>>

Attached is the e-mail sent on January 17 asking if you will be attending PPW. As Ethan mentioned during the conference call, we are combining the Board meeting with PPW to facilitate your attendance at PPW. We encourage those of you who have not participated in PPW to do so, if your schedule permits. Expenses are of course covered. Please also note in the e-mail that your hotel room will be master-billed; booking information for your air transportation is also included in the e-mail.

Thank you!

Joan

Subject: March Board Meeting/Public Policy Workshop

The Board of Directors meeting precedes the Public Policy Workshop (PPW) and is scheduled to convene at 8:00 am on Friday, March 8 and is expected to adjourn at 3:00 pm on Saturday, March 9. PPW is scheduled for March 10-12, concluding with Hill Visits the morning of the 12th. We encourage those of you who have not participated in PPW to attend. All other Board members are welcome to attend PPW as your schedule permits. The president, president-elect, immediate past president, speaker, speaker-elect, immediate past speaker and CEO are staying. We know some of you have schedule conflicts so please let us know if you will be attending PPW and your departure information so we can secure hotel rooms and register you for the workshop.

Housing accommodations for the Board meeting and PPW are at the Omni Shoreham Hotel, 2500 Calvert Street, NW, and reservations will be made for your arrival on March 7 and departure on March 9 for the Board meeting and for those staying for PPW for departure on March 12. Your hotel room will be master-billed. You are now approved to make your travel arrangements for the meeting(s).

To book your travel for the March Board Meeting and PPW, please use the information that follows.

Booking Your Travel Online - click on this link: <https://adatvl.axo20.com/>

- 1) *Book your travel whenever possible Monday through Friday between the hours of 7 a.m. and 3 p.m. CT.*
- 2) *Log in to your account using the User ID and Password you created when setting up your profile.*
- 3) *Search for and select your flights (book "non-refundable" fares only)*
 - a. *You have the option of searching by "Price" or "Schedule".*
 - b. *Click on your preferred airline if you only want to view their fares.*
- 4) *When asked to "Name your trip", you are required to enter the Meeting Name - **March Board Meeting***
- 5) *When you reach the **Purchase Trip** page, enter **103-2430** into the **Approval Code** box in the **Reporting Information** section.*
- 6) *When you reach the Payment Options section, be sure to choose the "**Use a Stored Card**" option to ensure your Academy paid travel is billed correctly.*
- 7) *If you need assistance, call the support team at 800/238-9049, press "1" when prompted.*

Thank you!

Subject: RE: Finance and Audit Committee Meeting on Wednesday, January 30th at 1 p.m. CST
Attachment:

All,

It is amazing to me how fast quickly time appears to move. We are almost at the end of January and Spring is right around the corner. At least those of us in Chicago hope it is right around the corner. We are experiencing the coldest period in years. In any event, as you can see from above, our call is scheduled for Wednesday, January 30th at 1 p.m. CST. Rich Newman has sent out the webinar invitation. If you have not received it, please let us know. This month, we will focus on the November final results, December preliminary results and the Academy's 2012 tax returns. The tax returns will be filed after our call. We will not focus on the Foundation's tax returns since they are the purview of the Foundation Finance Committee and Board. David Lowenthal, Tax Senior Manager, from Plante Moran, will be joining us to provide a high level overview of the tax returns.

I. November Changes

-
The month of November had two changes; one that impacted the financials and one that did not. The change to financials impacted the Academy, Foundation, CDR and ACEND. The Foundation, CDR and ACEND are charged for any complementary FNCE registrations they provide to their leadership. Unfortunately, we discovered that the registrations were not recorded in October. Therefore, they were in November. This change increased the revenue for the Academy by \$15,639. This also increased the expenses for the Foundation (up \$1,077), CDR (up by \$8,437) and ACEND (up by \$6,125). This change flowed through to the Balance Sheets (A18 and A20) and to the Investment summary page (A15). The second change that was made affected the percent of budget the Academy has in reserve on page A15. I did not realize that we did not have the additional money for the web project approved by the Board at FNCE in November in our calculation. It should have been included in the denominator. As all of you know, to get the percentage of budget in reserve, we take the Academy's investment reserve and divide it by the total expense budget. If the expense budget goes up, the percentage in reserve goes down. In this case, adding the web project to the budget decreased the percent of budget in reserve for the Academy from 74.4% to 73.1%. Still a very robust number.

II. ADA Tax Returns

Even though we are a tax exempt organization, we do have to file our income taxes. The report you have is for the Academy only. As I mentioned above, I will forward the Foundation's tax returns to the Foundation to review. I will also have the Academy's tax returns forwarded to the full Academy Board. Once the return is reviewed, it will be filled. The tax returns are just another "representation" of the audited financial statements. In some cases the audited financial statements will have more information than the tax returns. In other cases, the tax returns will have more information. It depends on the various requirements. Please take a moment to review the returns. David will be able to answer your questions. However, you can also send any questions you have to me and I will get answers for you. The Academy tax returns include the Academy, CDR, ACEND, DPGs and MIGs. All are under the 501 c(6) tax umbrella of the Academy. The Foundation is a separate 501 c(3) organization.

This year there will be at tax liability. We will owe \$1,313 for tax on our unrelated business income. The tax is actually for list rental sales performed by CDR. Therefore CDR will be charged for the taxes. This is the first year since I have been here that we have not been able to

offset the income generated by CDR on their list sales. It is unfortunate, but, really means that CDR made a great deal of money this year on list rental sales. So, I guess you can't complain about paying taxes if you are making more money. We do use losses incurred by the Academy to reduce CDR's tax liability. In the past we have been able to cover the full amount. This year, we were not able too. You wonder why CDR's list rental sales are handled differently than the Academy's list rental sales? This is a decision CDR made a long time ago. CDR actually handles and processes its list rental sales directly. The Academy has a royalty relationship with Infocus to handle list rental sales. Tax laws handle direct sales differently than royalty arrangements.

III. Investments

- Our two investment portfolios continued to grow in December, increasing by \$241,400. Since we all were concerned about the potential "fiscal cliff" impact, it was good to see a gain for the month. It was also good to see that the government was able to come to a solution for the tax issues that were helping drive the concerns associated with the "fiscal cliff". As we all know, there still are a few more hurdles ahead of us. However, this hasn't hurt the market returns for January. Through Wednesday, the combined portfolios added another \$1,077,405 in gains. We hope this holds and continues to grow. However, many of you may know that Apple did not meet expectations yesterday and is down significantly today. So, I expected to give some of these gains back today. Apple is about 3.5% of our portfolio. If Apple drops 10% in value, we would reflect a reduction of 0.35% in our portfolio. Hopefully, the other stocks and bonds will pick up Apple. Overall, factoring in the increase through yesterday, our fiscal year to date gains are over \$4.1M. In addition, the combined portfolios now stand at over \$51,416,236. I believe this is a record high!!!! Lets hope the government continues to find equitable solutions for the coming Sequestration, Debt Ceiling and Budgets! If they do, the returns should continue to grow.

IV. Academy December Financials (A10)

December was not a great month for the Academy. Revenues were short of budget by \$87,152. In addition, expenses were \$25,122 higher than budget. The combination resulted in the Academy having an operating deficit of \$422,875 which was \$112,274 worse than the budget. The expense over runs appear to be timing issues; some from FNCE. On the revenue front, we continue to see some softness in the same areas that we have addressed previously and will address below.

Taking a look at the year to date numbers, the Academy currently has an operating surplus of \$324,213. This is \$276,496 lower than the budget. As you can see from page A10, we are slightly ahead of FY2012's operating results through December. We can't guarantee this will hold. However, last year the Academy ended the year with an operating deficit of \$520,705.

Currently, with the additions to the original budget, our FY 2013 operating deficit is \$1,104,713. So, since we are performing better than FY2012 through 7 months, it is possible that we can still achieve an operating result better than our budgeted numbers.

Of course, we can't forget the investment returns. They were a little lighter than the budget for the month (\$91K versus \$109K). However, year to date, we now have \$1,152,582 in returns which is \$386,957 better than the budget. Since it looks good for January, we should increase this number further.

After factoring in the investments, the Academy has a net income of \$1,476,794. This is \$110,460 better than the budget and nearly \$1.7M better than FY 2012 through the same period. There is good news to be found in this report!!

The following is breakdown of the various categories

A. Revenues

a. **Membership Dues** - This area **under budget** by \$28,220 in December and is now **under budget** by \$184,107 for the year. Barbara and her team continue to pursue membership renewals. They have been very successful with the early dues/electronic due renewal program and with their recent campaign. From December 1st through January 22nd, we have received \$523,241 in dues revenue. If you compare this to FY2012 through the same period, we received \$114,342. This is a remarkable 4.57 times higher!!! Some of this will be for FY 2013. However, a great deal will be for FY 2014. I don't have the breakdown at the moment. Regardless of where it goes, it is clear the Membership team is getting a great response from their programs.

b. **Programs and Meetings** - This area is **over budget** by \$1,145 in December and is **under budget** by \$868,983 for the year. The over-run is all due to increased professional development.

c. **Publications** - This area is **under budget** by \$33,066 in December and **over budget** by \$104,900 for the year. The largest driver of the under-run is from List Rental (down \$27,000), Research publications (down \$9,178) and Traditional publications (down \$1,069). These were offset by higher Marketing (up \$4,500).

d. **Subscriptions** - This area was **over budget** by \$7,695 in December and is **over budget** by \$123,853 for the year. The over run for December is due to both NCM (up \$4.2K) and EAL (up \$3.5K).

- e. **Advertising** – This area was under budget by \$15,000 in December and is under budget by \$24,520 for the year. The under run for December is due to selling one less classified advertisement than originally budgeted for the Food and Nutrition Magazine.
- f. **All grants** - This area was **under budget** by \$11,389 in December and is **over budget** by \$29,053 for the year. This December under run is primarily due to Research Grants (down \$4.8K), ConAgra Home Food Safety (down \$4.0K) and Carry the Flame project (down \$2.6K). All could be timing issues.
- g. **Sponsorships** – This area is on target for the month of December.
- h. **Other** – This area was **under budget** by \$8,315 in December and is **under budget** by \$26,735 for the year. The under run is primarily due to lower revenues for our member benefit program (-\$15.0K). This is offset by higher misc revenues (+\$7K).

B. Expenses

- a. **Personnel** – This area is **under budget** by \$1,855 for December and **under budget** by \$2,344 for the year. The under run in December is due to lower salaries and wages.
- b. **Publications** – This area is **under budget** by \$3,009 for December and **over budget** by \$31,177 for the year. The under run in December is primarily driven by the lower costs associated with the Food and Nutrition Magazine (under by \$10.5K). This is offset by higher costs for Traditional Publications (over by \$1.9K), Journal costs (over by \$2.5K) and National Nutrition month merchandise from FNCE (over by \$2.6K).
- c. **Travel** – This area was **over budget** by \$226 for December and **under budget** by \$107,125 for the year. The over run in December is primarily driven by expense reimbursements for FNCE (up \$6.3K) and Administration travel (up \$1.8K). This was offset by lower costs for Research (down \$5.0K), Member Services (down \$1.4K), and Governance (down \$1.6K).
- d. **Professional Fees** - This area was **under budget** by \$842 for December and is **under budget** by \$221,888 for the year. For the month, this is being driven by higher costs for Web/IT (over by \$17K) and higher costs associated with our efforts on Licensure (over by \$26K). This is offset by under runs in HR (under by \$2.5K), Governance (under by \$2.6K), Member Services (under by \$5.4K), Traditional Publications (under by \$3.1K), Marketing (under by \$17K), Research (under by \$6.3K) and List rental (under by \$6.6K).
- e. **Postage and Mailing Service** – This area is **under budget** by \$2,682 in December and **under budget** by \$36,492 for the year. This under run in December is primarily due to lower Member Services (under by \$3.4K) and lower Research (under by \$2.3K). This is offset by higher Traditional Publications (over by \$1.8K) and all other (over by \$1.2K).

- f. **Office Supplies and Equipment** – This area is **over budget** by \$5,057 in December and **over budget** by \$14,730 for the year. The over run in December is primarily due to Office Services (over by \$2.8K), Public Policy (over by \$1.7K) and all other (over by \$0.6K).
- g. **Rent and Utilities** – This area is **over budget** by \$2,002 in December and **over budget** by \$2,853 for the year. The overrun is due to higher utility costs and maintenance.
- h. **Telephone and communications** – This is **over budget** by \$1,907 in December and **over budget** by \$15,978 for the year. The over run for December is due to higher Washington and Chicago basic phone costs (over by \$1.9K).
- i. **Commissions** – This area is under budget by \$3,000 in December and under budget by \$6,782 for the year. The under run in December is due to lower Food and Nutrition Magazine advertising sales.
- j. **Computer Expenses** – This area is **over budget** by \$2,241 for December and **over budget** by \$4,925 for the year. The under run in December is due to higher web hosting (\$0.5K) and higher IT maintenance costs (\$1.7K).
- k. **Advertising and Promotion** – This area is **under budget** by \$847 for December and **under budget** by \$11,599 for the year. The under run in December is primarily due to lower Traditional Publication's costs.
- l. **Insurance** – This area is on target for December. We have added Cyber insurance to protect our organization in December. So, the under runs we have experience each month will be offset by the new Cyber insurance cost.
- m. **Depreciation** – This area is **on target** for December and for the year.
- n. **Bank and trust fees** – This area is **over budget** by \$1,363 for December and **under budget** by \$1,686 for the year. The over run in December is primarily due to additional credit card fees.
- o. **Other** – This area is **over budget** by \$12,345 for December and **under budget** \$11,250 for the year. The overrun is due to additional bills for FNCE.
- p. **Expense allocation** – This area is **under budget** by \$10,031 for the month of December because a project supported by CDR under ran its budget. The result is the charge back to CDR was lower this month.
- q. **Meeting services** – This area is **over budget** by \$413 for December and is **under budget** for the year by \$194,946. This under run has many pluses and minuses for the month of December. On the under run front; Administration (under by \$8.0K), Marketing (under by \$6.9K) and FNCE related (under by \$2.5K). These were offset by higher costs from Public Policy (over

by \$11.9K), Governance (over by \$4.9K), Research (over by \$1K)

r. **Legal and Audit** – This area is **over budget** by \$2,452 for December and **over budget** by \$8,549 for the year. The over run in December is all due to higher legal fees.

s. **Printing** – This area is **under budget** by \$682 in December and is **under budget** by \$51,648 for the year. The over run in December is primarily due to lower Marketing (under by \$1.4K) and all other (under by \$0.4K) offset by higher Members Services (over by \$1.4K).

So, in summary, the Academy didn't have a great month operationally. However, looking at the total income for the business, after the investments, should give us a feeling that the Academy is in a good position financially. The Academy has 73% in reserve (A15) which I hope will increase with the investment returns January is currently providing. Keep in mind, as I mentioned at December's meeting, I have "artificially" reduced the number to account for reserves we may need to fund operations between now and the end of March. This is done only on paper. I have done this so you can look at the 73% number as a worst case scenario. If I did not make the paper adjustment, the Academy would be at 75.8% in reserve. We are monitoring the cash needs and are getting close to when some might be needed. If we do need some funds, I will notify the Committee. You can also take some comfort that if we do need funds from reserves, it should not reduce the 73% level represented because I have taken into consideration what think we might need. If it is less, the number will go up. I hope this makes sense. We can discuss it further on the call.

V. Foundation December results (A8 and A9)

The Foundation, overall, had a very good month in December. Revenues were \$84,079 higher than the budget, driven by both Member Contributions (over by \$40,318) and Grants and Donations (over by \$35,559). It is nice to see the Member Contributions do so well in December. On the expense front, the Foundation was under budget by \$2,565. Even though there are pluses and minuses, none appear to be more than timing issues. Overall, the Foundation had an operating deficit of \$15,389. This was \$86,643 lower than the budgeted operating deficit. This is very good news for the Foundation. Investment returns for December did not meet the budget, but as we mentioned above with the Academy, were positive.

On a year to date basis, the key number for the Foundation is the \$1,408,991 in net income. This is \$146,931 better than the budget. Both these numbers are very good for the Foundation. As you can see on A9, the Net Assets are now over \$19.8M. It is possible they could reach beyond \$20M when January is finished.

VI. CDR December results (A11)

CDR had a very good month in December. Revenues were over budget by \$14,355 while expenses were under budget by \$115,519. I will not get into the details, but, everything seems to be fine. Looking at the year to date numbers, Even though CDR has an operating deficit of \$812,375 it is \$774,017 lower than the budget. Once you factor in the investment returns, CDR's net income is \$1,254,502 better than the budget. These are very good numbers.

VII. DPGS/MIGs December results (A12 and A16)

The combined DPGs/MIGs overall also had a very good month in December. Revenues were up by \$62,989 (nearly recovering the under run from November). Even though expenses were higher by \$2.4K, I would say this is pretty good. Most of the over runs are in travel which is being driven by FNCE expenses. Overall the DPGs/MIGs are reflecting a positive operating income of \$129,077 which is \$60,546 better than the budget. Year to date, the DPGS/MIGs have a combined operating income of \$45,221. This is well above the budget. After factoring in the investment returns, you can see that the DPGS/MIGS have a net income of nearly \$405,000. Again, this is well above the budget. Last month we had a couple of DPGs/MIGS slip below the 50% reserve level (A16). At the time, I mentioned this could be an anomaly due to timing. Well, this month only one remains and it is at 74%. So, none of the DPGS or MIGS really are in any financial distress. They are doing a great job.

VIII. ACEND December results (A13)

ACEND also had a very good month in December. Revenues were below budget by \$4,504. However, expenses were \$8,524 below budget. So, ACEND performed well. Each month this is a broken record. ACEND continues to perform better than its budget. Through December, ACEND has an operating deficit of \$30,204. This is over \$109,000 better than their budget. So, this business is doing great.

IX. ANDPAC December results (A14)

ANDPAC had a very good month in December. Revenues were over budget by \$328 while expenses were under budget by \$2,000. The PAC had an operating surplus of over \$2K, adding

to its reserve levels. The PAC is in very good financial shape.

X. Summary

In summary, December was a very good month for everyone except the Academy. However, the Academy is a net income of nearly \$1.5M for the year above both the budget and where the Academy was last year at this time. In addition, the Academy has 73% in reserve. We are 7 months into the year and can begin to see the finish line. We still have a lot of uncertainty and we will continue to manage to help mitigate whatever we can.

You will receive a notification from Maria later today letting you know the information is on the portal. If you have any problems getting the information from the portal, please let me, Linda, Maria or Christian know. We will handle it right away. Also, if you have a conflict with our meeting on Wednesday and have not informed us, please do so. Finally, if you have any questions or concerns about any of the information above or anything put onto the portal, please feel free to call me at 800-877-1600 ext. 4730., or send me an e-mail.

On Jan 23, 2013, at 4:20 PM, Harold Holler <HHOLLER@eatright.org> wrote:

Good afternoon

I want to take the opportunity to respond about the role that the HEN DPG may have played in report released today. I want you to know that the Executive Committee of HEN DPG has been working behind the scenes to dissuade their members from interacting with Michele Simon in formal and informal communications. This effort has been done in consultation with the DPG/MIG/Affiliate Relations Team and with assistance from Strategic Communications. They have defended the Academy in various situations in the past and continue to do so-they do not wish harm to their professional organization.

The relationship with HEN DPG has improved significantly over the last several years and we have discussed issues such as corporate sponsorship. It has always been done in a respectful and meaningful manner as they care about the profession and Academy. So, while HEN DPG may not all agree on the approach to corporate sponsorship, it is important to keep an open dialogue and to be supportive to one another. I want you to know that the HEN leadership is behind the Academy.

In such a situation, it is helpful to maintain a balance in our thinking.

Subject: Report on Sponsorship

Importance: High

You have probably seen that Michele Simon this morning released her report on the Academy's corporate sponsorship program and an article on the program has appeared in today's *New York Times*. Copies of the report and the *Times* article are attached to this email. This is the report and article that we discussed in our January 18 email to you.

As we anticipated, the report is a mixture of facts – most of which were obtained from publicly accessible pages on the Academy's website – and opinion and speculation on Ms. Simon's part.

There is one indisputable fact in the report about the Academy's sponsorship program: We have one. The majority of the report consists of these publicly available facts filtered through Ms. Simon's opinions, many of which she has previously written about. She is of course entitled to her opinions.

While the Academy will not engage in point-by-point rebuttals to the report, we will make it clear that the Academy does not tailor its messages or programs in any way due to influence by corporate sponsors and that Ms. Simon's report does not provide evidence to the contrary.

The "recommendations" in the report consist mainly of things that we are already doing. For example, we are transparent. We post our Annual Report to the website, after the financial statements are approved by independent auditors.

A great deal of Ms. Simon's report is based on HEN's 2011 survey, which was not statistically representative of our entire membership. This is misleading. The fact is, each year the Academy utilizes Performance Research, an independent, third-party research company, to examine a random selection of members that is a statistically sound representation of the Academy membership as a whole. The results from these representative surveys have shown an increased awareness and continued support of the sponsorship program.

The callout to HEN in the recommendations and references sections also indicates HEN members were sources.

Much of the report is drawn from the Academy's own public materials – a testament to our commitment to transparency in candor in all our actions, including corporate sponsorship. Of the 67 references at the end of Ms. Simon's report, at least 24 (more than one-third) are information from the Academy and the Foundation's websites; the Commission on Dietetic Registration's website; and research articles published by Academy members. Many of the references are to

previous blog postings by Ms. Simon herself.

We understand that members will have questions about this report and the Academy's reaction to it. It is important that we remind members to not take all information they see at face value, but to consider the source (in this case, an advocate who is predisposed to find fault with the Academy) and seek out the facts.

This afternoon, we will post a statement to our website that will include excerpts from Ethan Bergman's March *Journal* President's Page, which is on an especially timely topic: the need for members and the entire Academy to be leaders in disseminating accurate information to the public. To quote one paragraph from President Bergman's column:

The Academy's Media Spokesperson Policy requires those who speak on the Academy's behalf to "provide – and when necessary, seek out – accurate information when acting as a source for the media, the public and Academy members or any other audience." This is good advice for us all. Another pertinent old saying comes from the field of journalism: "If your mother says she loves you – check it out!"

We have planned and will implement a social media strategy incorporating Facebook, Twitter and other platforms to encourage all members to "check it out" and draw their own conclusions, separating fact from opinion. Spokespeople will be front and center on the outreach. As a note, we have already seen online comments in which RDs are taking issue with the opinions expressed by Ms. Simon and her supporters. We anticipate more of this fact-checking and support for the Academy to continue. We will also send a link to the statement to the affiliates, DPGs and MIGs.

Finally, if you are contacted by anyone from the news media for comment on this report, please politely decline to comment and refer the caller to the Academy's Strategic Communications Team at media@eatright.org.

Thank you and please let me know if you have any questions or comments.

Attached is the e-mail sent on January 17 asking if you will be attending PPW. As Ethan mentioned during the conference call, we are combining the Board meeting with PPW to facilitate your attendance at PPW. We encourage those of you who have not participated in PPW to do so, if your schedule permits. Expenses are of course covered. Please also note in the e-mail that your hotel room will be master-billed; booking information for your air transportation is also included in the e-mail.

Thank you!

Subject: March Board Meeting/Public Policy Workshop

The Board of Directors meeting precedes the Public Policy Workshop (PPW) and is scheduled to convene at 8:00 am on Friday, March 8 and is expected to adjourn at 3:00 pm on Saturday, March 9. PPW is scheduled for March 10-12, concluding with Hill Visits the morning of the 12th. We encourage those of you who have not participated in PPW to attend. All other Board members are welcome to attend PPW as your schedule permits. The president, president-elect, immediate past president, speaker, speaker-elect, immediate past speaker and CEO are staying. We know some of you have schedule conflicts so please let us know if you will be attending PPW and your departure information so we can secure hotel rooms and register you for the workshop.

Housing accommodations for the Board meeting and PPW are at the Omni Shoreham Hotel, 2500 Calvert Street, NW, and reservations will be made for your arrival on March 7 and departure on March 9 for the Board meeting and for those staying for PPW for departure on March 12. Your hotel room will be master-billed. You are now approved to make your travel arrangements for the meeting(s).

To book your travel for the March Board Meeting and PPW, please use the information that follows.

Booking Your Travel Online - click on this link: <https://adatvl.axo20.com/>

- 1) *Book your travel whenever possible Monday through Friday between the hours of 7 a.m. and 3 p.m. CT.*
- 2) *Log in to your account using the User ID and Password you created when setting up your profile.*
- 3) *Search for and select your flights (book “non-refundable” fares only)*
 - a. *You have the option of searching by “Price” or “Schedule”.*
 - b. *Click on your preferred airline if you only want to view their fares.*
- 4) *When asked to “Name your trip”, you are required to enter the Meeting Name – **March Board Meeting***
- 5) *When you reach the **Purchase Trip** page, enter **103-2430** into the **Approval Code** box in the **Reporting Information** section.*
- 6) *When you reach the Payment Options section, be sure to choose the “**Use a Stored Card**” option to ensure your Academy paid travel is billed correctly.*
- 7) *If you need assistance, call the support team at 800/238-9049, press “1” when prompted.*

Thank you!

I was saddened by Simon's report about sponsorship. Thanks to Pat, Ethan and Harold for their positive reflections on this issue. It is so helpful to have their talking points ready when members read spinoff articles in publications like the NYT.

Subject: RE: Report on Sponsorship

Good afternoon

I want to take the opportunity to respond about the role that the HEN DPG may have played in report released today. I want you to know that the Executive Committee of HEN DPG has been working behind the scenes to dissuade their members from interacting with Michele Simon in formal and informal communications. This effort has been done in consultation with the DPG/MIG/Affiliate Relations Team and with assistance from Strategic Communications. They have defended the Academy in various situations in the past and continue to do so-they do not wish harm to their professional organization.

The relationship with HEN DPG has improved significantly over the last several years and we have discussed issues such as corporate sponsorship. It has always been done in a respectful and meaningful manner as they care about the profession and Academy. So, while HEN DPG may not all agree on the approach to corporate sponsorship, it is important to keep an open dialogue and to be supportive to one another. I want you to know that the HEN leadership is behind the Academy.

In such a situation, it is helpful to maintain a balance in our thinking.

Subject: Report on Sponsorship

Importance: High

You have probably seen that Michele Simon this morning released her report on the Academy's corporate sponsorship program and an article on the program has appeared in today's *New York Times*. Copies of the report and the *Times* article are attached to this email. This is the report and article that we discussed in our January 18 email to you.

As we anticipated, the report is a mixture of facts – most of which were obtained from publicly accessible pages on the Academy's website – and opinion and speculation on Ms. Simon's part.

There is one indisputable fact in the report about the Academy's sponsorship program: We have one. The majority of the report consists of these publicly available facts filtered through Ms. Simon's opinions, many of which she has previously written about. She is of course entitled to her opinions.

While the Academy will not engage in point-by-point rebuttals to the report, we will make it clear that the Academy does not tailor its messages or programs in any way due to influence by corporate sponsors and that Ms. Simon's report does not provide evidence to the contrary.

The "recommendations" in the report consist mainly of things that we are already doing. For example, we are transparent. We post our Annual Report to the website, after the financial

statements are approved by independent auditors.

A great deal of Ms. Simon's report is based on HEN's 2011 survey, which was not statistically representative of our entire membership. This is misleading. The fact is, each year the Academy utilizes Performance Research, an independent, third-party research company, to examine a random selection of members that is a statistically sound representation of the Academy membership as a whole. The results from these representative surveys have shown an increased awareness and continued support of the sponsorship program.

The callout to HEN in the recommendations and references sections also indicates HEN members were sources.

Much of the report is drawn from the Academy's own public materials – a testament to our commitment to transparency in candor in all our actions, including corporate sponsorship. Of the 67 references at the end of Ms. Simon's report, at least 24 (more than one-third) are information from the Academy and the Foundation's websites; the Commission on Dietetic Registration's website; and research articles published by Academy members. Many of the references are to previous blog postings by Ms. Simon herself.

We understand that members will have questions about this report and the Academy's reaction to it. It is important that we remind members to not take all information they see at face value, but to consider the source (in this case, an advocate who is predisposed to find fault with the Academy) and seek out the facts.

This afternoon, we will post a statement to our website that will include excerpts from Ethan Bergman's March *Journal* President's Page, which is on an especially timely topic: the need for members and the entire Academy to be leaders in disseminating accurate information to the public. To quote one paragraph from President Bergman's column:

The Academy's Media Spokesperson Policy requires those who speak on the Academy's behalf to "provide – and when necessary, seek out – accurate information when acting as a source for the media, the public and Academy members or any other audience." This is good advice for us all. Another pertinent old saying comes from the field of journalism: "If your mother says she loves you – check it out!"

We have planned and will implement a social media strategy incorporating Facebook, Twitter and other platforms to encourage all members to "check it out" and draw their own conclusions, separating fact from opinion. Spokespeople will be front and center on the outreach. As a note, we have already seen online comments in which RDs are taking issue with the opinions expressed by Ms. Simon and her supporters. We anticipate more of this fact-checking and support for the Academy to continue. We will also send a link to the statement to the affiliates, DPGs and MIGs.

Finally, if you are contacted by anyone from the news media for comment on this report, please politely decline to comment and refer the caller to the Academy's Strategic Communications Team at media@eatright.org.

Thank you and please let me know if you have any questions or comments.

We wanted to give you an update on the report released this morning. Attached is the message to members from Ethan that will be posted on eatright.org and the link will be distributed to the HOD, affiliates, DPGS, and MIGS. Spokespeople will be involved in our social media efforts.

To date, we have received only two media requests on the report. One from a freelancer writing for *The Atlantic*, who had previously contacted us, and the other from a writer with *Food Business News*. On the social media front, there have been approximately 80 mentions via Twitter. Among a social media community that is 6,100 (@eatrightpro) and 15,616 (@eatright) strong, this engagement is quite minimal and the postings are limited to about a dozen of the usual suspects.

We will continue to keep you posted. Please let me know if you have any questions.

Good afternoon

I want to take the opportunity to respond about the role that the HEN DPG may have played in report released today. I want you to know that the Executive Committee of HEN DPG has been working behind the scenes to dissuade their members from interacting with Michele Simon in formal and informal communications. This effort has been done in consultation with the DPG/MIG/Affiliate Relations Team and with assistance from Strategic Communications. They have defended the Academy in various situations in the past and continue to do so-they do not wish harm to their professional organization.

The relationship with HEN DPG has improved significantly over the last several years and we have discussed issues such as corporate sponsorship. It has always been done in a respectful

and meaningful manner as they care about the profession and Academy. So, while HEN DPG may not all agree on the approach to corporate sponsorship, it is important to keep an open dialogue and to be supportive to one another. I want you to know that the HEN leadership is behind the Academy.

In such a situation, it is helpful to maintain a balance in our thinking.

Subject: Report on Sponsorship

Importance: High

You have probably seen that Michele Simon this morning released her report on the Academy's corporate sponsorship program and an article on the program has appeared in today's *New York Times*. Copies of the report and the *Times* article are attached to this email. This is the report and article that we discussed in our January 18 email to you.

As we anticipated, the report is a mixture of facts – most of which were obtained from publicly accessible pages on the Academy's website – and opinion and speculation on Ms. Simon's part.

There is one indisputable fact in the report about the Academy's sponsorship program: We have one. The majority of the report consists of these publicly available facts filtered through Ms. Simon's opinions, many of which she has previously written about. She is of course entitled to her opinions.

While the Academy will not engage in point-by-point rebuttals to the report, we will make it clear that the Academy does not tailor its messages or programs in any way due to influence by corporate sponsors and that Ms. Simon's report does not provide evidence to the contrary.

The “recommendations” in the report consist mainly of things that we are already doing. For example, we are transparent. We post our Annual Report to the website, after the financial statements are approved by independent auditors.

A great deal of Ms. Simon's report is based on HEN's 2011 survey, which was not statistically representative of our entire membership. This is misleading. The fact is, each year the Academy utilizes Performance Research, an independent, third-party research company, to examine a random selection of members that is a statistically sound representation of the Academy membership as a whole. The results from these representative surveys have shown an increased awareness and continued support of the sponsorship program.

The callout to HEN in the recommendations and references sections also indicates HEN members were sources.

Much of the report is drawn from the Academy's own public materials – a testament to our commitment to transparency in candor in all our actions, including corporate sponsorship. Of the 67 references at the end of Ms. Simon's report, at least 24 (more than one-third) are information from the Academy and the Foundation's websites; the Commission on Dietetic Registration's website; and research articles published by Academy members. Many of the references are to previous blog postings by Ms. Simon herself.

We understand that members will have questions about this report and the Academy's reaction to it. It is important that we remind members to not take all information they see at face value, but to consider the source (in this case, an advocate who is predisposed to find fault with the Academy) and seek out the facts.

This afternoon, we will post a statement to our website that will include excerpts from Ethan Bergman's March *Journal* President's Page, which is on an especially timely topic: the need for members and the entire Academy to be leaders in disseminating accurate information to the public. To quote one paragraph from President Bergman's column:

The Academy's Media Spokesperson Policy requires those who speak on the Academy's behalf to “provide – and when necessary, seek out – accurate information when acting as a source for the media, the public and Academy members or any other audience.” This is good advice for us all. Another pertinent old saying comes from the field of journalism: “If your mother says she loves you – check it out!”

We have planned and will implement a social media strategy incorporating Facebook, Twitter and other platforms to encourage all members to “check it out” and draw their own conclusions, separating fact from opinion. Spokespeople will be front and center on the outreach. As a note, we have already seen online comments in which RDs are taking issue with the opinions expressed by Ms. Simon and her supporters. We anticipate more of this fact-checking and support for the Academy to continue. We will also send a link to the statement to the affiliates, DPGs and MIGs.

Finally, if you are contacted by anyone from the news media for comment on this report, please politely decline to comment and refer the caller to the Academy’s Strategic Communications Team at media@eatright.org.

Thank you and please let me know if you have any questions or comments.

Copies of the report and the *Times* article are attached to this email. This is the report and article that we discussed in our January 18 email to you.

As we anticipated, the report is a mixture of facts – most of which were obtained from publicly accessible pages on the Academy's website – and opinion and speculation on Ms. Simon's part.

There is one indisputable fact in the report about the Academy's sponsorship program: We have one. The majority of the report consists of these publicly available facts filtered through Ms. Simon's opinions, many of which she has previously written about. She is of course entitled to her opinions.

While the Academy will not engage in point-by-point rebuttals to the report, we will make it clear that the Academy does not tailor its messages or programs in any way due to influence by corporate sponsors and that Ms. Simon's report does not provide evidence to the contrary.

The "recommendations" in the report consist mainly of things that we are already doing. For example, we are transparent. We post our Annual Report to the website, after the financial statements are approved by independent auditors.

A great deal of Ms. Simon's report is based on HEN's 2011 survey, which was not statistically representative of our entire membership. This is misleading. The fact is, each year the Academy utilizes Performance Research, an independent, third-party research company, to examine a random selection of members that is a statistically sound representation of the Academy membership as a whole. The results from these representative surveys have shown an increased awareness and continued support of the sponsorship program.

The callout to HEN in the recommendations and references sections also indicates HEN members were sources.

Much of the report is drawn from the Academy's own public materials – a testament to our commitment to transparency in candor in all our actions, including corporate sponsorship. Of the 67 references at the end of Ms. Simon's report, at least 24 (more than one-third) are information from the Academy and the Foundation's websites; the Commission on Dietetic Registration's website; and research articles published by Academy members. Many of the references are to previous blog postings by Ms. Simon herself.

We understand that members will have questions about this report and the Academy's reaction to it. It is important that we remind members to not take all information they see at face value, but to consider the source (in this case, an advocate who is predisposed to find fault with the Academy) and seek out the facts.

This afternoon, we will post a statement to our website that will include excerpts from Ethan Bergman's March *Journal* President's Page, which is on an especially timely topic: the need for members and the entire Academy to be leaders in disseminating accurate information to the public. To quote one paragraph from President Bergman's column:

The Academy's Media Spokesperson Policy requires those who speak on the Academy's behalf to "provide – and when necessary, seek out – accurate information when acting as a source for the media, the public and Academy members or any other audience." This is good advice for us all. Another pertinent old saying comes from the field of journalism: "If your mother says she loves you – check it out!"

We have planned and will implement a social media strategy incorporating Facebook, Twitter and other platforms to encourage all members to "check it out" and draw their own conclusions, separating fact from opinion. Spokespeople will be front and center on the outreach. As a note, we have already seen online comments in which RDs are taking issue with the opinions expressed by Ms. Simon and her supporters. We anticipate more of this fact-checking and support for the Academy to continue. We will also send a link to the statement to the affiliates, DPGs and MIGs.

Finally, if you are contacted by anyone from the news media for comment on this report, please politely decline to comment and refer the caller to the Academy's Strategic Communications Team at media@eatright.org.

Thank you and please let me know if you have any questions or comments.

Attachment: [Seek out the Facts.pdf](#)

We wanted to give you an update on the report released this morning. Attached is the message to members from Ethan that will be posted on eatright.org and the link will be distributed to the HOD, affiliates, DPGS, and MIGS. Spokespeople will be involved in our social media efforts.

To date, we have received only two media requests on the report. One from a freelancer writing for *The Atlantic*, who had previously contacted us, and the other from a writer with *Food Business News*. On the social media front, there have been approximately 80 mentions via Twitter. Among a social media community that is 6,100 (@eatrightpro) and 15,616 (@eatright) strong, this engagement is quite minimal and the postings are limited to about a dozen of the usual suspects.

We will continue to keep you posted. Please let me know if you have any questions.

Hello!

I hope that this email finds you all well!

We wanted to send an update on how the member survey is progressing and new information received last week regarding upcoming regulations on competitive foods. In addition there is

information on professional standards for school food service and state child nutrition program directors.

The SNSDPG survey that Mary Pat mentioned below is being developed, and we will send a draft for your review soon. The purpose of the survey is to highlight your successes while obtaining feedback on some of the challenges. We plan to share this information with USDA that would provide some important input on the real world of school nutrition.

As you all know, competitive foods and professional standards regulations, authorized under the Healthy Hunger-Free Kids Act, were scheduled to be released in 2012. For a variety of reasons these regulations were postponed. The semiannual regulatory agenda, which was released earlier this month, indicates that these proposed rules are scheduled to be released sometime in March or early April. The public comment period is estimated to be the typical 90 days. We plan on soliciting SNS members' input in order to craft the Academy's comments on each of the proposed rules.

Please feel free to send your thoughts to myself or the group!

Very best,

Jenn

Subject: Update

Just a note that the meeting with Janey Thornton and Dan Christenson at USDA went very well. It is so apparent Janey has walked the trail of a School Nutrition Director. USDA continues to want to make these changes realistic so are open and listening.

I was thinking it might be good to get some feedback from the SNS DPG members that would be useful for USDA and highlight your work. We could develop a survey tool and field it from the Academy. Your input for questions would be crucial as would approval.

After leaving the meeting, Jenn and I discussed what a huge undertaking this is for schools. These are monumental changes, many that SNS DPG members identified and have been in the forefront. We need to make sure all our members know of these efforts and the impact it has with children's health.

We will continue to promote your work in 2013. For the holidays.enjoy and have some well deserved rest.

Jenn and All,

We are definitely looking forward to working with you on surveying and gathering information from SNS members which will hopefully capture school nutrition operator and state director successes and challenges with the new meal patterns. Just let us know how we can assist.

Thanks,

Diane Duncan-Goldsmith

Subject: Update

Just a note that the meeting with Janey Thornton and Dan Christenson at USDA went very well. It is so apparent Janey has walked the trail of a School Nutrition Director. USDA continues to want to make these changes realistic so are open and listening.

I was thinking it might be good to get some feedback from the SNS DPG members that would be useful for USDA and highlight your work. We could develop a survey tool and field it from the Academy. Your input for questions would be crucial as would approval.

After leaving the meeting, Jenn and I discussed what a huge undertaking this is for schools. These are monumental changes, many that SNS DPG members identified and have been in the forefront. We need to make sure all our members know of these efforts and the impact it has with children's health.

We will continue to promote your work in 2013. For the holidays...enjoy and have some well deserved rest.

Attachment: [image001.jpg](#)

Hello!

I hope that this email finds you all well!

We wanted to send an update on how the member survey is progressing and new information received last week regarding upcoming regulations on competitive foods. In addition there is information on professional standards for school food service and state child nutrition program directors.

The SNSDPG survey that Mary Pat mentioned below is being developed, and we will send a draft for your review soon. The purpose of the survey is to highlight your successes while obtaining feedback on some of the challenges. We plan to share this information with USDA that would provide some important input on the real world of school nutrition.

As you all know, competitive foods and professional standards regulations, authorized under the Healthy Hunger-Free Kids Act, were scheduled to be released in 2012. For a variety of reasons these regulations were postponed. The semiannual regulatory agenda, which was released earlier this month, indicates that these proposed rules are scheduled to be released sometime in March or early April. The public comment period is estimated to be the typical 90 days. We plan on soliciting SNS members' input in order to craft the Academy's comments on each of the proposed

rules.

Please feel free to send your thoughts to myself or the group!

Very best,

Jenn

Hi Linda,

Thank you for your email. HEN is definitely encouraging members to respond to media but not as a HEN member. I have attached the email they forwarded to their members on Friday. We are closely monitoring the dialogue. Spokespeople have been alerted and if the interaction starts to get negative, we will ask them to get involved. We will definitely keep you posted.

Please let me know if you have any questions. Thank you very much.

Importance: High

Thanks for the heads up Doris. Are the HEN members "crossing the ethical line" so to speak? Are there ways to insert messages to counteract what they are saying through social media channels?

Linda

On Jan 18, 2013, at 4:24 PM, Doris Acosta <dacosta@eatright.org> wrote:

To the Academy's Board of Directors:

This is to alert you that the Academy's Strategic Communications Team has had several contacts in the past week with Stephanie Strom, a reporter for the *New York Times*, on an article she is writing for their online newspaper. It appears to be based on a report on the Academy's corporate sponsorship program being prepared by Michele Simon, who as you know has been critical of the program and the Academy in numerous articles and blog postings. We have every reason to believe her new "report" will be critical of the Academy as well.

The reporter's questions were based on Ms. Simon's report and they are working closely together on the story. Despite our request, the reporter has declined to provide us with a copy of the report. Since the report has not been shared with us, we cannot comment on a document we have not seen and we have declined her request for an interview at this time. However, we also emphasized that we would be happy to answer any questions after the report is published and we have had the opportunity to review it.

We anticipate that Ms. Simon will continue to share inaccurate and misleading information in the report. We know that she has been providing the reporter with names and contact information for Academy members and staff. We also know that Michele is in regular communication via social media channels with the reporter and HEN DPG members have also been sharing information in the exchange. If you are contacted by either Ms. Simon or Ms. Strom, please politely decline to comment and direct them to Strategic Communications at media@eatright.org.

We will closely monitor this situation and keep you updated. Please let me know if you have any questions or concerns. Thank you very much.

To the Academy's Board of Directors:

This is to alert you that the Academy's Strategic Communications Team has had several contacts in the past week with Stephanie Strom, a reporter for the *New York Times*, on an article she is writing for their online newspaper. It appears to be based on a report on the Academy's corporate sponsorship program being prepared by Michele Simon, who as you know has been critical of the program and the Academy in numerous articles and blog postings. We have every reason to believe her new "report" will be critical of the Academy as well.

The reporter's questions were based on Ms. Simon's report and they are working closely together on the story. Despite our request, the reporter has declined to provide us with a copy of the report. Since the report has not been shared with us, we cannot comment on a document we have not seen and we have declined her request for an interview at this time. However, we also emphasized that we would be happy to answer any questions after the report is published and we have had the opportunity to review it.

We anticipate that Ms. Simon will continue to share inaccurate and misleading information in the report. We know that she has been providing the reporter with names and contact information for Academy members and staff. We also know that Michele is in regular communication via social media channels with the reporter and HEN DPG members have also been sharing information in the exchange. If you are contacted by either Ms. Simon or Ms. Strom, please politely decline to comment and direct them to Strategic Communications at media@eatright.org.

We will closely monitor this situation and keep you updated. Please let me know if you have any questions or concerns. Thank you very much.

Subject: March Board Meeting/Public Policy Workshop
Attachment: [image001.jpg](#)

The Board of Directors meeting precedes the Public Policy Workshop (PPW) and is scheduled to convene at 8:00 am on Friday, March 8 and is expected to adjourn at 3:00 pm on Saturday, March 9. PPW is scheduled for March 10-12, concluding with Hill Visits the morning of the 12th. We encourage those of you who have not participated in PPW to attend. All other Board members are welcome to attend PPW as your schedule permits. The president, president-elect, immediate past president, speaker, speaker-elect, immediate past speaker and CEO are staying. We know some of you have schedule conflicts so please let us know if you will be attending PPW and your departure information so we can secure hotel rooms and register you for the workshop.

Housing accommodations for the Board meeting and PPW are at the Omni Shoreham Hotel, 2500 Calvert Street, NW, and reservations will be made for your arrival on March 7 and departure on March 9 for the Board meeting and for those staying for PPW for departure on March 12. Your hotel room will be master-billed. You are now approved to make your travel arrangements for the meeting(s).

To book your travel for the March Board Meeting and PPW, please use the information that follows.

Booking Your Travel Online - click on this link: <https://adatvl.axo20.com/>

- 1) *Book your travel whenever possible Monday through Friday between the hours of 7 a.m. and 3 p.m. CT.*
- 2) *Log in to your account using the User ID and Password you created when setting up your profile.*
- 3) *Search for and select your flights (book “non-refundable” fares only)*
 - a. *You have the option of searching by “Price” or “Schedule”.*
 - b. *Click on your preferred airline if you only want to view their fares.*
- 4) *When asked to “Name your trip”, you are required to enter the Meeting Name – **March Board Meeting***
- 5) *When you reach the **Purchase Trip** page, enter **103-2430** into the **Approval Code** box in the **Reporting Information** section.*
- 6) *When you reach the Payment Options section, be sure to choose the “**Use a Stored Card**” option to ensure your Academy paid travel is billed correctly.*
- 7) *If you need assistance, call the support team at 800/238-9049, press “1” when prompted.*

Thank you!

See below from Tiffany at DevBridge. I am SO excited. We still have a lot of work to do. Much of our information needs updating -- including upcoming webinars, PPW 2013. Please let me know what you can help me with! We hope to have this up and running by the end of the month. I am thrilled with the bright colors. Please give me your feedback, but understand that all links are not up and running -- they are working on that as I write. Happy Monday! Connie

Status Update

New comment:

Tiffany Tay Dear Team,

Here is the link to the new website:

<http://snsdpg.devbridge.com/>

Please keep in mind, things are very raw and unfinished. The testing phase has just started and we have some bugs. We will definitely get things cleaned up (adding proper background images, new content, etc.)

As for the homepage slide images, right now we are using placeholder ones. We'll correct the background image content to align with the prototype website along the way.

At the same time, a lot of the information from the current website has been implemented, along with new items (member spotlights, how to join SNS DPG's linkedin group, etc.) Feel free to look

around. If there are any critical items you see, please let us know.

Thanks,

Tiff

Hi, just a reminder that you're receiving this email because you are a member or have a relationship with The Academy of Nutrition and Dietetics.

You may unsubscribe if you no longer wish to receive our emails.

I would appreciate your support in February's Academy of Nutrition and Dietetics Leadership Election

A special hello!

I hope this new year finds you well. I wanted to send you a quick note to make sure that you are aware of the elections for positions within the Academy of Nutrition and Dietetics. I'm proud to be running for Speaker of the House of Delegates.

I have always been passionate about being a servant leader in many roles for The Academy over the past 35 years. However, while I am proud of any positive impact I may have had, I must admit, that I have received so much more back from these experiences. I have met friends and other industry professionals that have had a wonderful impact on my life and career.

As I continue this journey with The Academy, **I would appreciate your support as I run for Speaker of the House of Delegates.** I promise to continue to concern myself with what benefits us all as members, and it is a responsibility that I take to heart.

More than voting specifically for me, I hope that you will take the opportunity to be involved by voting, and let your voice be heard. Every member of The Academy has a role that they can play that adds so much, and puts us in the best position to make an impact on the world around us.

You can find information on nominees, and the election in general at
<http://www.eatright.org/elections>.

I would be honored to have your vote, and look forward to serving you and our membership.

Sincerely,

Elise Smith

Very exciting - Connie E. and I are working on confirming webinars and will hopefully have some confirmation by the end of the week. Our goal is Cobani for February and National Cattlemans's for late March early April. Will try for perhaps Kellogg's in May. Any other suggestions appreciated.

Diane

Project: SNS DPG

Status Update

New comment:

Tiffany Tay Dear Team,

Here is the link to the new website:

<http://snsdpg.devbridge.com/>

Please keep in mind, things are very raw and unfinished. The testing phase has just started and we have some bugs. We will definitely get things cleaned up (adding proper background images, new content, etc.)

As for the homepage slide images, right now we are using placeholder ones. We'll correct the background image content to align with the prototype website along the way.

At the same time, a lot of the information from the current website has been implemented, along with new items (member spotlights, how to join SNS DPG's linkedin group, etc.) Feel free to look around. If there are any critical items you see, please let us know.

Thanks,

Tiff

Please read the "Hold the Butter" article about Rouge Tomate restaurant appearing in the *New York Times* http://www.nytimes.com/2013/01/09/dining/hold-the-butter-healthy-food-served-here.html?pagewanted=all&_r=2&. It says, "The Manhattan restaurant (like its older sibling in Brussels) must have one of the few kitchens in the world where the chef, Jeremy Bearman, works in tandem with an in-house nutritionist, Kristy Lambrou, a registered dietitian who has veto power over any recipe that falls short of SPE standards."

Thanks go to Mary Pat for sharing this.

Americans Suffer Worse Health Than Peers in Other Countries

Even younger adults don't fare as well as counterparts elsewhere, report says

(A number of reasons account for the miserable statistics, the report authors said.

Among them: various lifestyle factors such as poor eating and lack of physical activity, disparities in health care, lack of health insurance)

On Jan 8, 2013, at 5:03 PM, Patricia Babjak <PBABJAK@eatright.org> wrote:

CONFIDENTIAL

In October the Finance and Audit Committee and the Board of Directors approved resources to move forward with a major web enhancement project. The work has begun and you will receive an update on the web project during the Board meeting this Friday, January 11.

A key component to the success of this project is to ensure that we have the infrastructure in place to support our business. The problems surrounding technology for the delivery of the virtual HOD meeting last spring signaled major problems in this area. Subsequent and frequent failures with telephone, e-communications, web and the continuing challenges to deliver a flexible and responsive e-commerce system have escalated in recent months, emphasizing the need to take a serious and thorough look at the processes and people in place managing these systems. Please see the recent **confidential** email below addressing some of the issues that continue to plague us.

In order to deliver a successful web re-launch, it is critical that we have the technology and personnel in place. To this end, a portion of the resources allocated to support web enhancement included an IT audit. It was a fraction of the overall budget, a total of approximately \$23,000. This is a much-needed first step and I am confident that it will lead to resolution of the ongoing information technology issues.

Gary Czubak, President of the Chicago Chapter of the Association of Information Technology Professionals, is leading the assessment. Gary is a principal in the company that is spearheading the audit and has an extensive background in all aspects of technology service, delivery and strategy. I have been overseeing this effort and will share some preliminary findings from Gary's work with you during the executive session of the Board meeting on Friday.

Importance: High

Paul,

On Friday, I inquired about the issue of *Eat Right Weekly* that should have gone out this past Wednesday, November 14, because Board members asked me why they didn't receive it. This is the first time in the more than two years that *Eat Right Weekly* has been published that an issue has failed to go out. I was surprised to hear that not only was it delayed, the issue will not go out at all this week due to failed "syncs."

Eat Right Weekly is hardly the only casualty of these failed syncs. I was extremely disappointed to learn this situation will also delay other crucial and high-profile website projects and objectives:

- The Quality Management Team has received dozens of calls and complaints from practitioners, members and committee volunteers who cannot access Scope of Practice and Standards of Practice PDFs. IT promised on Wednesday that these problems would be resolved in no more than 48 hours.
- The Academy election information from the Nominating Committee, who worked hard over the weekend, needed to go live on Monday.
- Holiday content scheduled for days leading up to Thanksgiving—which included food safety information linking to HomeFoodSafety.org—did not publish. (We are currently in talks with ConAgra about renewing our contract for this important program, and failing to post timely content hardly helps our negotiating position.)

Who is responsible for this failure, and why was the urgency and importance of these projects apparently not communicated to them, so that the situation could be addressed with the speed and seriousness it warrants?

All this reflects poorly, to say the least, on the Academy, especially with member leaders who work diligently to have important information available to their colleagues. It makes us look incompetent when we must constantly be reassuring members that we are working on the latest technical issue: the website is down or not functioning properly, email is not working, phones are not working, voicemail is not working, etc. And still we fail to permanently resolve these issues.

Recent discussions have demonstrated excuses at every turn, and I am continually doing damage control. This situation cannot continue any longer. The Academy must gain a better understanding of our staff infrastructure and critical resources to ensure we have the appropriate tools, individuals and support to effectively serve our members, work productively and achieve our organization's goals.

The events of the past week – only the latest in a long series and must be addressed as soon as possible. This week, you will receive two contracts: one for the strategy consultant chosen to manage the website RFP process; and another company to conduct an IT audit, which will be integrated into the next steps of the web redesign. This report will identify and include

recommendations for resolving the ongoing issues that are threatening our performance, our operations and our credibility with all those who look to us for leadership and information – particularly our members. These ongoing technical issues must and will be addressed as quickly and thoroughly as possible.

Happy New Year!

The agenda and corresponding attachments for the Friday, January 11 Board webinar are now available on the Board of Directors' communication platform. The size of the meeting packet is

reduced, therefore paper copies will not be provided; please contact Joan (jschwaba@eatright.org) or Jeri (jpalmer@eatright.org) by Monday if you want us to mail you a paper packet.

Since some decisions are still awaiting committee approval, the attachments for agenda items 1.6a, 1.6d, 7.1, 7.2 and 7.3 will be e-mailed and placed on the communications platform on Tuesday, January 8. Attachments for the executive session will not be placed on the communication platform but will be e-mailed to you on Tuesday.

Please login to the communications platform using the link <http://academybod.webauthor.com> and enter your Academy website username and password. The agenda and attachments are located under the *Library* tab, 2013 Board Meetings, January 11 Board Meeting.

On Friday, please log on to the webinar and dial into the conference call by using the information below.

DIAL IN NUMBER: 1-866/477-4564

CONFERENCE CODE: 75 48 12 89 82

Log on: <https://www1.gotomeeting.com/join/625170401>

Member ID: 625-170-401

Joining us for this meeting will be Al Bryant, Managing Director of Segall, Bryant and Hamill, to provide an update on our investments. Deborah Canter, chair of the Education Committee, and Patti Landers, chair of the Nutrition and Dietetics Educators and Preceptors DPG, will present the NDEP DPG and Education Committee merger structure and timeline.

Please contact me if you have any questions.

Subject: IT

Importance: High

Paul,

On Friday, I inquired about the issue of *Eat Right Weekly* that should have gone out this past Wednesday, November 14, because Board members asked me why they didn't receive it. This is the first time in the more than two years that *Eat Right Weekly* has been published that an issue has failed to go out. I was surprised to hear that not only was it delayed, the issue will not go out at all this week due to failed "syncs."

Eat Right Weekly is hardly the only casualty of these failed syncs. I was extremely disappointed to learn this situation will also delay other crucial and high-profile website projects and objectives:

- The Quality Management Team has received dozens of calls and complaints from practitioners, members and committee volunteers who cannot access Scope of Practice and Standards of Practice PDFs. IT promised on Wednesday that these problems would be resolved in no more than 48 hours.
- The Academy election information from the Nominating Committee, who worked hard over the weekend, needed to go live on Monday.
- Holiday content scheduled for days leading up to Thanksgiving—which included food safety information linking to HomeFoodSafety.org—did not publish. (We are currently in talks with ConAgra about renewing our contract for this important program, and failing to post timely content hardly helps our negotiating position.)

Who is responsible for this failure, and why was the urgency and importance of these projects apparently not communicated to them, so that the situation could be addressed with the speed and seriousness it warrants?

All this reflects poorly, to say the least, on the Academy, especially with member leaders who work diligently to have important information available to their colleagues. It makes us look incompetent when we must constantly be reassuring members that we are working on the latest technical issue: the website is down or not functioning properly, email is not working, phones are not working, voicemail is not working, etc. And still we fail to permanently resolve these issues.

Recent discussions have demonstrated excuses at every turn, and I am continually doing damage control. This situation cannot continue any longer. The Academy must gain a better understanding of our staff infrastructure and critical resources to ensure we have the appropriate tools,

individuals and support to effectively serve our members, work productively and achieve our organization's goals.

The events of the past week – only the latest in a long series and must be addressed as soon as possible. This week, you will receive two contracts: one for the strategy consultant chosen to manage the website RFP process; and another company to conduct an IT audit, which will be integrated into the next steps of the web redesign. This report will identify and include recommendations for resolving the ongoing issues that are threatening our performance, our operations and our credibility with all those who look to us for leadership and information – particularly our members. These ongoing technical issues must and will be addressed as quickly and thoroughly as possible.

In October the Finance and Audit Committee and the Board of Directors approved resources to move forward with a major web enhancement project. The work has begun and you will receive an update on the web project during the Board meeting this Friday, January 11.

A key component to the success of this project is to ensure that we have the infrastructure in place to support our business. The problems surrounding technology for the delivery of the virtual HOD meeting last spring signaled major problems in this area. Subsequent and frequent failures with telephone, e-communications, web and the continuing challenges to deliver a flexible and responsive e-commerce system have escalated in recent months, emphasizing the need to take a serious and thorough look at the processes and people in place managing these systems. Please see the recent **confidential** email below addressing some of the issues that continue to plague us.

In order to deliver a successful web re-launch, it is critical that we have the technology and personnel in place. To this end, a portion of the resources allocated to support web enhancement included an IT audit. It was a fraction of the overall budget, a total of approximately \$23,000. This is a much-needed first step and I am confident that it will lead to resolution of the ongoing information technology issues.

Gary Czubak, President of the Chicago Chapter of the Association of Information Technology Professionals, is leading the assessment. Gary is a principal in the company that is spearheading the audit and has an extensive background in all aspects of technology service, delivery and strategy. I have been overseeing this effort and will share some preliminary findings from Gary's work with you during the executive session of the Board meeting on Friday.

Paul,

On Friday, I inquired about the issue of *Eat Right Weekly* that should have gone out this past Wednesday, November 14, because Board members asked me why they didn't receive it. This is the first time in the more than two years that *Eat Right Weekly* has been published that an issue has failed to go out. I was surprised to hear that not only was it delayed, the issue will not go out at all this week due to failed "syncs."

Eat Right Weekly is hardly the only casualty of these failed syncs. I was extremely disappointed to learn this situation will also delay other crucial and high-profile website projects and objectives:

- The Quality Management Team has received dozens of calls and complaints from practitioners, members and committee volunteers who cannot access Scope of Practice and Standards of Practice PDFs. IT promised on Wednesday that these problems would be resolved in no more than 48 hours.
- The Academy election information from the Nominating Committee, who worked hard over the weekend, needed to go live on Monday.
- Holiday content scheduled for days leading up to Thanksgiving—which included food safety information linking to HomeFoodSafety.org—did not publish. (We are currently in talks with ConAgra about renewing our contract for this important program, and failing to post timely content hardly helps our negotiating position.)

Who is responsible for this failure, and why was the urgency and importance of these projects apparently not communicated to them, so that the situation could be addressed with the speed and seriousness it warrants?

All this reflects poorly, to say the least, on the Academy, especially with member leaders who work diligently to have important information available to their colleagues. It makes us look incompetent when we must constantly be reassuring members that we are working on the latest technical

issue: the website is down or not functioning properly, email is not working, phones are not working, voicemail is not working, etc. And still we fail to permanently resolve these issues.

Recent discussions have demonstrated excuses at every turn, and I am continually doing damage control. This situation cannot continue any longer. The Academy must gain a better understanding of our staff infrastructure and critical resources to ensure we have the appropriate tools, individuals and support to effectively serve our members, work productively and achieve our organization's goals.

Dear Academy Member,

Are you wondering how events in Washington, D.C., like Sequestration will impact you? Your career? There have been significant changes in the political landscape and more are anticipated in the new Congress as the controversy over the debt crisis continues. Several landmark pieces of legislation have been passed, which will affect the dietetics profession in clinics, community centers, schools and businesses.

The Academy needs you now more than ever to stand up and advocate for your profession and the health of Americans. Its time to activate the Academys grassroots advocacy to make a local and sustainable impact on Policy from the Ground Up. At the Academys 2013 Public Policy Workshop (PPW), to be held in Washington, D.C., March 10 to 12, you will gain skills necessary to be an influential Academy member in Congress, in your community and in your job.

Advocacy starts with every member, including me. This year, I have traveled around the world promoting the registered dietitian and dietetic technician, registered. I have been to the White House to attend meetings for the First Ladys Lets Move! program and to India to discuss child nutrition, hunger and obesity. I have lent my voice as the President of the Academy because together we must be the nations food and nutrition leaders as we work to optimize the publics health.

Every aspect of food, nutrition and dietetics is influenced by policy, which is why the Academy offers its annual **Public Policy Workshop**. At PPW, attendees gain the skills, knowledge and confidence to speak with members of Congress and other influential leaders to convey the importance of nutrition programs and services. These invaluable communication and leadership skills contribute to your own professional development and can take you to the next level in conversations and discussions in both your personal and professional endeavors long after the meeting concludes.

This year at PPW, we will examine the challenges of creating a local and sustainable food system and identify policy changes necessary to increase Americans access to food and nutrition. Learn to grow Policy from the Ground Up while making an impact on your career. Register today to show the nation we are the food and nutrition leaders.

If dietetics is your profession, then policy should be your passion.

See you in Washington!

Sincerely,

Ethan A. Bergman, PhD, RD, CD, FADA

President of the Academy of Nutrition and Dietetics

P.S. There are some great reasons to register *today* an early bird discount, chance to win an iPad mini and more. Dont miss these opportunities!

This e-mail is a benefit for members of the Academy of Nutrition and Dietetics.

Amy,

Britt Trulock has been monitoring the electronic mail list. At this time, Donna Martin has been assisting since Britt just had a baby. I just talked to Donna and she will go in and delete.

Thanks for letting us know,

Diane

Sent Date: Jan 04, 2013 18:58:26
Subject: January 11 Board Meeting
Attachment:

Happy New Year!

The agenda and corresponding attachments for the Friday, January 11 Board webinar are now available on the Board of Directors' communication platform. The size of the meeting packet is reduced, therefore paper copies will not be provided; please contact Joan (jschwaba@eatright.org) or Jeri (jpalmer@eatright.org) by Monday if you want us to mail you a paper packet.

Since some decisions are still awaiting committee approval, the attachments for agenda items 1.6a, 1.6d, 7.1, 7.2 and 7.3 will be e-mailed and placed on the communications platform on Tuesday, January 8. Attachments for the executive session will not be placed on the communication platform but will be e-mailed to you on Tuesday.

Please login to the communications platform using the link <http://academybod.webauthor.com> and enter your Academy website username and password. The agenda and attachments are located under the *Library* tab, 2013 Board Meetings, January 11 Board Meeting.

On Friday, please log on to the webinar and dial into the conference call by using the information below.

DIAL IN NUMBER: 1-866/477-4564

CONFERENCE CODE: 75 48 12 89 82

Log on: <https://www1.gotomeeting.com/join/625170401>

Member ID: 625-170-401

Joining us for this meeting will be Al Bryant, Managing Director of Segall, Bryant and Hamill, to provide an update on our investments. Deborah Canter, chair of the Education Committee, and Patti Landers, chair of the Nutrition and Dietetics Educators and Preceptors DPG, will present the NDEP DPG and Education Committee merger structure and timeline.

Please contact me if you have any questions.

•**www.npr.org/2013/01/03/168543174/for-many-kids-winter-break-means-hungry-holidays**

Hoping that the new year brings good news and more flexibility for America's school nutrition professionals!

Dayle

On Thu, Jan 3, 2013 at 9:46 AM, Mary Pat Raimondi <mraimondi@eatright.org> wrote:
Happy New Year!

Thanks Diane for your email. Our plan is to have Jennifer draft a survey sometime next week. The purpose will be to offer insight to USDA on the success and challenges. We also would use it to showcase members' innovative changes.

Jenn will sent the draft to the SNS DPG leaders for suggestions and comments. We will then field it through the SNSDPG email list via survey monkey.

I think the findings will be useful in many ways for both the DPG and policy makers.

On another note, FYI, SNAP-Ed was reduced 28% in the most recent fiscal cliff action. I know this will effect many of your schools and students who have been recipients of the nutrition education.

Dear Mary Pat and All,

I believe the suggestion of a survey sent to SNS DPG members would hopefully be a very helpful tool to access what is happening in schools from across the country. What would be the next steps needed to start creating the survey and get it sent out to members?

Thanks,

Diane Duncan-Goldsmith

On Fri, Dec 21, 2012 at 10:47 AM, Mary Pat Raimondi <mraimondi@eatright.org> wrote:

Just a note that the meeting with Janey Thornton and Dan Christenson at USDA went very well. It is so apparent Janey has walked the trail of a School Nutrition Director. USDA continues to want to make these changes realistic so are open and listening.

I was thinking it might be good to get some feedback from the SNS DPG members that would be useful for USDA and highlight your work. We could develop a survey tool and field it from the Academy. Your input for questions would be crucial as would approval.

After leaving the meeting, Jenn and I discussed what a huge undertaking this is for schools. These are monumental changes, many that SNS DPG members identified and have been in the forefront. We need to make sure all our members know of these efforts and the impact it has with children's health.

We will continue to promote your work in 2013. For the holidays...enjoy and have some well deserved rest.

Save Some Green!

Dear Donna,

Time is running out for you to participate in the Academy of Nutrition and Dietetics early renewal program.

We are offering you a special opportunity to save 3% off the Academys upcoming dues increase. If you act now and **renew your 2013-2014 Academy membership** youll avoid that increase and continue your membership at the current 2012-2013 rate.

You can also opt into receiving your future Academy dues invoices electronically, and by renewing online, youll be saving some trees while youre at it! This offer will expire on January 31, 2013.

If you want more information, download a copy our **2013-2014 Member Benefits Guide** to explore the many benefits of membership.

Thank you for your support!

Ethan Bergman, PhD, RD, FADA, CD

2012-2013 President

Academy of Nutrition and Dietetics

Membership announcements are sent to you as member of the Academy of Nutrition and Dietetics.

Mary Pat,

Definitely looking forward to working with you and Jennifer on this project. Yes, I saw the update on the reduction of funding for SNAP-Ed. This is certainly a very valuable program which will negatively impact many, many children and those professionals involved with providing the education.

Take care,
Diane

Hi Donna!

Thank you for your review and comments regarding the survey document, and for your very prompt reply.

In answer to your question, Readex will be comparing the target population against current registration status. If an individual recently became an RD their name will be purged and they will not receive the survey.

Best wishes and Happy New Year!

Kay

Subject: Re: FW: BS / DPD Graduate Dietetic Practice Audit - Draft Survey Review

Kay, Could some of the people who get this practice audit actually already be RD'S? If so, question 4a needs to have already an RD as an answer as to why they do not want to pursue the DTR credential. Other than that it is extremely thorough. Nice job.

Subject: BS / DPD Graduate Dietetic Practice Audit - Draft Survey Review

Dear Sirs/Madams:

As you are likely aware, the Commission on Dietetic Registration (CDR) has undertaken a dietetics practice audit survey to investigate dietetics practice of individuals who have completed a bachelors degree and didactic program in dietetics curriculum requirements. The results of this survey will be used as the basis for the development of a new credential targeted to this baccalaureate graduate population. A copy of this survey is attached.

We invite you to review and comment on the attached instrument. Please complete your review, and forward your comments to Kay Manger-Hague (khague@eatright.org), no later than January 16, 2013. Once we receive your comments, revisions to the instrument can be considered and finalized. After the final revisions are made, the questionnaire can be sent to the appropriate respondents in early February 2013.

We thank you for your consideration and review of this survey document, and look forward to a successful study.

Sincerely,

Kevin Sauer, PhD, RD, LD

Chair, Commission on Dietetic Registration -BS/DPD Task Force

On the Pulse of Public Policy

Current Situation: Getting Off the Cliff

The American Taxpayer Relief Act of 2012 passed both chambers of Congress this week and is expected to be signed by President Obama. Although the "cliff" was avoided, this bill does not include entitlement reform or sequestration (funding cuts), which will need to be addressed by Congress before the end of March 2013.

Happy New Year!

Thanks Diane for your email. Our plan is to have Jennifer draft a survey sometime next week. The purpose will be to offer insight to USDA on the success and challenges. We also would use it to showcase members' innovative changes.

Jenn will sent the draft to the SNS DPG leaders for suggestions and comments. We will then field it through the SNSDPG email list via survey monkey.

I think the findings will be useful in many ways for both the DPG and policy makers.

On another note, FYI, SNAP-Ed was reduced 28% in the most recent fiscal cliff action. I know this will effect many of your schools and students who have been recipients of the nutrition education.

Subject: Re: Update

Dear Mary Pat and All,

I believe the suggestion of a survey sent to SNS DPG members would hopefully be a very helpful tool to access what is happening in schools from across the country. What would be the next steps needed to start creating the survey and get it sent out to members?

Thanks,

Diane Duncan-Goldsmith

On Fri, Dec 21, 2012 at 10:47 AM, Mary Pat Raimondi <mraimondi@eatright.org> wrote:

Just a note that the meeting with Janey Thornton and Dan Christenson at USDA went very well. It is so apparent Janey has walked the trail of a School Nutrition Director. USDA continues to want to make these changes realistic so are open and listening.

I was thinking it might be good to get some feedback from the SNS DPG members that would be useful for USDA and highlight your work. We could develop a survey tool and field it from the Academy. Your input for questions would be crucial as would approval.

After leaving the meeting, Jenn and I discussed what a huge undertaking this is for schools. These are monumental changes, many that SNS DPG members identified and have been in the forefront. We need to make sure all our members know of these efforts and the impact it has with children's health.

We will continue to promote your work in 2013. For the holidays...enjoy and have some well deserved rest.

Just a note that the meeting with Janey Thornton and Dan Christenson at USDA went very well. It is so apparent Janey has walked the trail of a School Nutrition Director. USDA continues to want to make these changes realistic so are open and listening.

I was thinking it might be good to get some feedback from the SNS DPG members that would be useful for USDA and highlight your work. We could develop a survey tool and field it from the Academy. Your input for questions would be crucial as would approval.

After leaving the meeting, Jenn and I discussed what a huge undertaking this is for schools. These are monumental changes, many that SNS DPG members identified and have been in the forefront. We need to make sure all our members know of these efforts and the impact it has with children's health.

We will continue to promote your work in 2013. For the holidays...enjoy and have some well deserved rest.

Hi, Donna. Happy New Year!

As part of the Academy's Future of Food project to increase access to adequate amounts of healthy foods and reduce food insecurity in the U.S., we are developing a Kids Eat Right CPEU webinar series to run monthly from February through July 2013.

With your experience in school foodservice, I'm wondering if you'd be interested in participating as the main topic presenter in the April webinar. The CPEU webinar would be live in late April (we'll work with you and Professional Development to determine the exact date). We have a detailed timeline of activities throughout which I'll share with you if/when you confirm that you are interested/available to participate. My colleague, Lisa Medrow, is cc'd here, and would be working closely with you throughout the process.

We can offer a \$750 stipend for your participation in the development and presentation of the webinar, and will include the SNS DPG logo on the materials.

April Webinar Suggested Outline

School Meals and Community Partnerships: Creative Solutions against Food Insecurity

Introduction-housekeeping Future of Food project update (Lisa Medrow) 5 minutes

Main topic content (Panelist 1-this would be you) 30 minutes

Suggested outline:

School Meals Fight against Hunger-15 minutes

School meals nutrition requirements

School meal opportunities (breakfast, lunch, dinner, summer, etc.)

Community Partnerships to Feed Children and Families-15 minutes

Model programs and partnerships

Call to action content (Panelist 2) 10 minutes

Suggested outline:

Creative Solutions against Food Insecurity-5 minutes (e.g., school food pantry)

Call to Action-5 minutes

KER actions and resources

Feeding America resources

15 minutes-Q &A (Lisa Medrow reads questions, content experts answer questions together)

Please let me know if you are interested in this opportunity and we will schedule a conference call to review details of the project in February.

Thanks for considering participating in this webinar.

Thank-you DC staff for clarifying implications of the American Taxpayer Relief Act for the short term and support your efforts to position us for the long term.

Glad to see the Extension of Special Diabetes Program. The personal stories of those touched by diabetes illustrates the importance of our advocacy efforts and responding to action alerts.

Sincerely,
Marcy Kyle

Subject: Fiscal Cliff Update

An insightful update prepared by our DC staff on the Fiscal Cliff situation follows.

Current Situation-Getting Off the Cliff

The American Taxpayer Relief Act of 2012 passed both chambers of Congress this week and is expected to be signed by President Obama. There still is no entitlement reform or sequestration (funding cuts) included in this bill. These will need to be addressed by end of March. The Bill that passed has some wins and losses for us. The biggest loss is the Farm Bill Extension that was included. Bowing to the media focus on milk prices, Senator McConnell chose to provide only dairy support and a few other changes rather than using the Farm Bill passed by the full Senate and the House Agriculture Committee. The Farm Bill provided long term solutions to dairy farmers and other needed agricultural changes. The language in the Act is viewed very short term by the bipartisan House and Senate Agriculture Committee leaders and thought to be unfair to dairy farmers and consumers.

Changes Ahead for Our Members

Funding for programs important to our members in the Farm Bill Extension section is reduced. Most notable is the 30% reduction of SNAP-Ed, an effective nutrition education program that employs many of our members. Funding for the Specialty Crops and Seniors Farmers Market is uncertain with the changes in the bill and could impact our members and the clients they serve.

On the HHS side, the 26.5% cut in Medicare reimbursement (doc fix) mandated by the sustainable growth rate (SGR) formula was averted. This will be viewed as good news for our members receiving Medicare reimbursement. However there still needs to be a long term solution. We will need to continue our efforts on providing outcomes to assure fair coverage when this is finally resolved. Evidence on the effectiveness of our services will be key to our coverage efforts. There will be offsets that will be made in reductions to hospitals and dialysis centers.

The Extension of Special Diabetes Program for Type 1 diabetes and for Indians which funds research for these targeted groups has been maintained. Many of our members work in this program and success stories are reported at: <http://www.diabetes.org/assets/pdfs/advocacy/the-special-diabetes-program.pdf>.

Congregate dining and home delivered meals programs will retain funding for the next two months which is good news. Our efforts for passing an effective Older Americans Act become more crucial in this Congress.

WIC is still uncertain but will probably be a focus in sequestration.

There is an opportunity for us with the establishment of the Commission on Long-Term Care included in the bill. We are already working with leaders in the aging communities on selection of members to this high level and influential committee.

Next steps

Although we are off the cliff for today, we know we will have several areas of focus in the next few months. Sequestration will mean reductions for our members' programs and services. We need to advocate that reductions are done fairly and with vision. It is important that our members understand the impact of this situation and respond to action alerts. We anticipate that the 113th Congress will have some serious work ahead and we will support their work.

In the next few weeks we will:

1. Digest and communicate with our members the full impact of the Tax Act for them.
2. Identify our strategies for policy efforts with the 113th Congress.
3. Build relationships with our Congressional champions.
4. Work with our internal partners to identify reachable legislative and public policy goals to expand opportunities for our members.

Congregate dining and home delivered meals programs will retain funding for the next two months which is good news. Our efforts for passing an effective Older Americans Act become more crucial in this Congress.

WIC is still uncertain but will probably be a focus in sequestration.

There is an opportunity for us with the establishment of the Commission on Long-Term Care included in the bill. We are already working with leaders in the aging communities on selection of members to this high level and influential committee.

Next steps

Although we are off the cliff for today, we know we will have several areas of focus in the next few months. Sequestration will mean reductions for our members' programs and services. We need to advocate that reductions are done fairly and with vision. It is important that our members understand the impact of this situation and respond to action alerts. We anticipate that the 113th Congress will have some serious work ahead and we will support their work.

In the next few weeks we will:

1. Digest and communicate with our members the full impact of the Tax Act for them.
2. Identify our strategies for policy efforts with the 113th Congress.
3. Build relationships with our Congressional champions.
4. Work with our internal partners to identify reachable legislative and public policy goals to expand opportunities for our members.

Subject: Fiscal Cliff Update
Attachment:

An insightful update prepared by our DC staff on the Fiscal Cliff situation follows.

Current Situation-Getting Off the Cliff

The American Taxpayer Relief Act of 2012 passed both chambers of Congress this week and is expected to be signed by President Obama. There still is no entitlement reform or sequestration (funding cuts) included in this bill. These will need to be addressed by end of March. The Bill that passed has some wins and losses for us. The biggest loss is the Farm Bill Extension that was included. Bowing to the media focus on milk prices, Senator McConnell chose to provide only dairy support and a few other changes rather than using the Farm Bill passed by the full Senate and the House Agriculture Committee. The Farm Bill provided long term solutions to dairy farmers and other needed agricultural changes. The language in the Act is viewed very short term by the bipartisan House and Senate Agriculture Committee leaders and thought to be unfair to dairy farmers and consumers.

Changes Ahead for Our Members

Funding for programs important to our members in the Farm Bill Extension section is reduced. Most notable is the 30% reduction of SNAP-Ed, an effective nutrition education program that employs many of our members. Funding for the Specialty Crops and Seniors Farmers Market is uncertain with the changes in the bill and could impact our members and the clients they serve.

On the HHS side, the 26.5% cut in Medicare reimbursement (doc fix) mandated by the sustainable growth rate (SGR) formula was averted. This will be viewed as good news for our members receiving Medicare reimbursement. However there still needs to be a long term solution. We will need to continue our efforts on providing outcomes to assure fair coverage when this is finally resolved. Evidence on the effectiveness of our services will be key to our coverage efforts. There will be offsets that will be made in reductions to hospitals and dialysis centers.

The Extension of Special Diabetes Program for Type 1 diabetes and for Indians which funds research for these targeted groups has been maintained. Many of our members work in this program and success stories are reported at: <http://www.diabetes.org/assets/pdfs/advocacy/the-special-diabetes-program.pdf>.

Congregate dining and home delivered meals programs will retain funding for the next two months which is good news. Our efforts for passing an effective Older Americans Act become more crucial in this Congress.

WIC is still uncertain but will probably be a focus in sequestration.

There is an opportunity for us with the establishment of the Commission on Long-Term Care included in the bill. We are already working with leaders in the aging communities on selection of members to this high level and influential committee.

Next steps

Although we are off the cliff for today, we know we will have several areas of focus in the next few months. Sequestration will mean reductions for our members' programs and services. We need to advocate that reductions are done fairly and with vision. It is important that our members understand the impact of this situation and respond to action alerts. We anticipate that the 113th Congress will have some serious work ahead and we will support their work.

In the next few weeks we will:

1. Digest and communicate with our members the full impact of the Tax Act for them.
