Travel Itinerary

Agency Booking Confirmation Number: **P0ST9R**

Passenger Names **MARTIN/DONNA SCHLEICHER**

Please review your itinerary and fare for accuracy. Airline fares are dynamic and can change without notice, even at time of ticketing. If you do not contact us within 24 hours, we will assume that the itinerary and fare are correct. After 24 hours, changes are subject to any difference in fare plus an airline-imposed fee.

Ticket exchanges must be corrected the same day the itinerary was changed.

Save a copy of your invoice now for proof of purchase.

Airlines may change schedules and flight numbers at any time. Confirm your flights 24 hours prior to departure.

Following are the details to access documents in the Academy portal for the Finance and Audit Committee call on Tuesday, March 29th, 2016 at 1 p.m. CDT.

<https://eal.webauthor.com/auth.cfm?logout=1&erase=true&msg=You%20have%20successfully%20signed%20out%2E>

Everything for the month of March conference call is loaded in the portal.

Items in the portal:

- Agenda
- February 23, 2016 minutes
- January final financial results

- February preliminary financial results

- April 27&28, 2016 FAC meeting - discussion tentative agenda and schedule

By now, you should have received a webinar invitation from “Academy IT Department”. If you don’t have the invitation, please let us know as soon as possible.

We look forward to talking to everyone on Tuesday

Donna,

Thank you for your continued leadership! What a great post! We are planning to share through our channels, eat right weekly, social media and to our policy leaders.

<http://www.farmtoschool.org/news-and-articles/we-agree-child-nutrition-programs-should-be-about-making-kids-healthier>

We agree: child nutrition programs should be about making kids healthier
www.farmtoschool.org

Those mired in the fight for better child nutrition support swift passage of this bill in the Senate, because decisions impacting the health of our future generation should not be delayed any further.

Many thanks for the collaboration!

Best

Jenn

On behalf of the Foundation Board, I would like to welcome you to the Academy of Nutrition and Dietetics Foundation Board of Directors. You're about to make a difference to the profession of dietetics by joining the Academy Foundation Board of Directors! We are fortunate to have your perspective, expertise and commitment to the Foundation's mission of advancing public health and nutrition utilizing the expertise of Registered Dietitian Nutritionists.

We hope you are able to audit our May 25 Foundation Budget Call and look forward to seeing you in person for our Board Meeting June 22 and 23 in Washington DC.

Thanks again and welcome!

Sincerely,

<image001.jpg>

Dear Donna,

I'm SO excited that you'll be there. The dress is business casual and is more a stand-up cocktail affair. There are some tables there but we've found that there is much more interaction when the majority of time is spent mingling. I'll be watching for you when you enter and you look for me as well. I think you'll know several of the folks there (and if not yet, you certainly will during your AND tenure). You can mingle with me and I'll introduce you to others there. It's really quite different from the former formal dinners we had. There will be a few minutes for presentations and some sit but most still remain standing.

Do you know if Mary Pat is coming? If not, I hope to be able to see her at some point while I'm in D.C. Maybe we can do dinner??

Really appreciate you coming and again I'm so excited that we'll have an opportunity to visit for a little while. Let me know if you have any other questions.

Janey and Penny, I am excited that the Academy is funding me to come to the Global Child Nutrition Gala. I have made my plane reservations, but wanted to see if I would be able to sit with one of you all that night at your table? Is the dress formal as in long dress or cocktail dress? Looking forward to seeing both of you!

Subject: RE: Finance and Audit Committee meeting on Tuesday, March 29th at 1 pm CDT
Attachment: [Narrative for february electronic.xlsx](#)

All,

We have a Finance and Audit Committee meeting will be on Tuesday, March 29th at 1:00 p.m. CDT. Maria has begun to put the information onto the portal and will let you know when everything is completed. Also, the webinar invitation has gone out to everyone from the Academy IT team. Please let me know if you did not receive the information. The meeting agenda will focus on the following;

1. January final financials
2. February preliminary financials
3. April FAC meeting

As we did last month, I will also invite the Academy Executive team to audit the call. I think it was valuable for everyone last time. If anyone disagrees, please let me know.

Now, onto the narrative.

I. January Adjustments

There were no changes made to the original January financials

II. Investments

-
The investment news is beginning to get better. In February, the combined portfolios lost approximately \$88K, all of which was in the Academy portfolio. This is a far cry from the previous losses we have experienced. We began to see the shift upwards in our portfolio near the end of February. In March, we have seen the portfolios jump ahead. Through yesterday, March 23rd, the combined portfolios were up nearly \$2.1 million for the month. That is great. Until yesterday, they were up even more. I can see that the markets are down today. However, at the moment, the markets really are not sure what to do. This was the case until late in the day yesterday. Then they dropped. So, who knows what will happen today. Since the markets are closed tomorrow, we will have four more trading days in the month. Hopefully, it will continue to climb from here.

III. Academy preliminary February Financials (A3 and A10)

The Academy results for January were short of expectations on the revenue front. However, it was nearly offset by lower expenses. In February, the Academy revenue was short of the budget target by \$97,759. On the expense front, the Academy expenses were under budget by \$71,707. If you combine these two numbers, you will see that the Academy missed its Operating Income target by \$26,052. As I mentioned above, the Academy investment portfolio lost money in February. The Academy's portion of the loss was \$45,160. This was \$149,327 short of the budget. So, after adding everything together, the Academy had a Net Deficit of \$368,621. This underperformed the budget by \$175,379.

Year to date, through February, the Operating Revenues are now down by \$557,708 while the Operating Expenses are under budget by \$157,987. This results in an Operating Deficit of

\$1,079,282 which is under-performing when compared to the budget by \$399,721. As was the case last month, the one bright spot on the “overall financials” is the Operating Deficit is much smaller than the Operating Deficit through February of last year. The Operating Deficit in FY15, through February, was -\$1,961,463. So, even though the Academy has not achieved the budget goals, it has improved on the Operating results by over \$882,000 or 45%. As you can see from the results on A10, most of this is coming from expenses which are lower by \$813,048 through February. This represents a 4.3% reduction. Great news on this front. As was the case last month, one of the “takeaways” from the financial results is the Academy is doing much better than last year, but, not as good as our budget.

The revenue in February continued to under-perform in some of the same areas as we have discussed previously. One bright spot is Membership Dues. This month, the Membership Dues revenue actually exceeded the budget by \$114. This is the second month in a row that the Membership Dues revenue has stayed above the budget. We are optimistic that this will continue for the remainder of the fiscal year. Also keep in mind that on a year to date basis, total revenue has grown by \$69,133. So, it is up, but, not up enough.

On the expense front, the Academy was under or near budget in all categories except Personnel (up \$8.8K), Bank and Trust Fees (up \$9.5K) and Expense Allocation (up \$7.9K). The Expense Allocation is due to the CDR funding gap that was created when CDR decided to not fund a few initiatives. Personnel is over budget due to the need for temporary help when we have our vacancies. Unfortunately, the work must get done. Bank and Trust fees is the credit card costs. This continues to climb at an accelerating pace. Even after renegotiating lower rates with our processor, the costs are going up. This is due to higher volume and increases from the credit card companies. Unfortunately, they have just announce another price increase!!! We will do what we can to help mitigate this problem, but, I believe it will continue.

On a year to date basis, we do have a few expense areas over-running the budget and quite a few under running the budget. So far, there have been a couple “misses” with Travel and Bank fees being the most obvious. I do think we will be over on both of these areas for the year. As you can see from February’s results, we did close the gap on our over-run for Travel. However, I don’t expect us to close it entirely. The Bank fees will continue to over-run the budgets. This is due to more members using credit cards. Some people might ask “why not charge a fee for the use of the cards?” In some cases, this might work. However, I don’t believe this would be a good strategy for the Academy. I think we may also continue to feel pressure on the Personnel front. I would factor into our budgets an amount of “open positions” throughout the year. Unfortunately, using Temporary help each time there is a vacancy clears that away. This is a new phenomena with the Academy. Given the work load, one that appears necessary. So, this could continue to over-run the budget going forward.

However, keep in mind the Academy is nearly \$158,000 under budget. This is also after considering the short fall generated by CDR's reduction in support. So, if we factor out the \$79,486 that is in the "expense allocation", the Academy is really \$237,473 under budget. That is a great number in this environment.

Overall, the Academy is holding expenses under-budget even with some of the over-runs. The major area of concern is revenue. It isn't meeting expectations. As always, I am including the variance grid for your review. The grid will provide a little more detail.

IV. Foundation Preliminary February Financials (A2, A8 and A9)

The month of February was a mixed month for the Foundation financially . Revenue for the month was under budget by \$169,498. However, expenses were \$110,840 under budget. It offset 2/3rds of the revenue shortfall. The Operating results for February reflect a deficit of \$117,959 which is \$58,658 larger (worse) than the budget. Some of the revenue shortfall can be a timing issue. Revenue was under budget on Grants and Donations by \$109,000. However, there is an ELANCO funding budgeted in February for \$150,000. Since we have recorded over \$75,000 for this previously, at least half of this is a timing issue. At this time, the Foundation does not expect to receive the other \$75,000. You will also see Sponsorships are under in February by \$27K. Since this is over budget for the year, this clearly is a timing issue. The major area that is under-budget in February on the expense front is Scholarships and Awards. This is under budget in February by \$78,669. This also could be a timing issue. In addition to the good news on expense under-runs, the Foundation also inched out a gain of \$4,475 from investments. Not great, but, a positive result! Given the last few months, positive results, regardless of how small, is good news.

Year to date, the Foundation's revenue is \$493,880 under budget while the expenses are \$331,214 under budget. This results in an Operating Deficit that is \$162,666 larger (worse) than the budget. Considering the loss of the General Mills Grant revenue in December and the return of the Monsanto money in January, the Foundation is performing well. The only negative at this time is the Investment income. Even with getting a slight positive from investment income in February, the Foundation is now \$2,246,937 below budget.

The overall financial results have now driven the Foundation's Net Assets to \$21.8M (A9). Smaller, but, still strong.

V. CDR preliminary February Financials (A4 and A11)

CDR, overall, had another good month in February with the exception of Investments. Revenue exceeded the budget by \$55.4K while expenses were under budget by \$36.9K. This combination resulted in an Operating deficit of \$17,753 which was \$92.3K smaller (better) than the budget. All are good signs. As was addressed above and in previous months, the only negative is the Investment income. Investment income fell short of budget by \$71,713 in February.

On a year to date basis, CDR is performing very well. Revenue is over budget by \$52.3K while Expenses are now \$1,155,979 under budget. Overall Operating Income is \$1,208,258 higher than the budget. The only negative for the year are investment results. The investments are down \$442,208 for the year. Even though CDR has a Net Deficit of \$182.7K, it is still \$345,204 smaller (better) than the budget.

VI. DPGs/MIGS/ACEND Preliminary February Financials (A5 and A12)

The combined DPGs/MIGS/ACEND financial results were better than expectations in February. Both revenue (up \$34.8K) and expense (down \$67.5K) performed better than the budget targets. The final results reflected Operating Income of \$118,378 which was \$102,350 larger (better) than the budget. It is always good to have a positive operating result. The only negative in February was the Investment results. These were down \$22,838 when compared to the budget.

On a year to date basis, the combined revenues are exceeding budget expectations by \$13,689 while the combined expenses are under-budget by \$663,432. The combined Operating Income/Deficit is nearly showing a “break-even” result (down \$3.4K) which is \$677,432 smaller (better) than the budget. The only bad news here is the investment results. They are under budget by \$409,742.

You will also see on page A16, we now have two DPGs/MIGs on the “watch list”; Dietitians in Business and Communications (71%) and Muslims in Dietetics and Nutrition (67%). The Management in Food and Nutrition Systems (76%) DPG has left the watch list. The Investment losses continue to have an impact on the DPG/MIG reserves. However, the Operating results are helping to offset the losses. We will continue to monitor this situation.

VII. ANDPAC Preliminary February Financials (A7 and A14)

ANDPAC had a mixed month in February. Revenue was over-budget (up \$2.2K) and expenses were over- budget (up \$3.5K). February saw an increase in Member contributions when

compared to both budget and last year. In addition, ANDPAC received corporate contributions that exceeded the budget. So, good news on the revenue front for February. Expenses were over budget due to higher contributions to candidates. On a year to date basis, ANDPAC's revenue is now below budget by \$16,856 (20.9%). However, it is still higher than last year at this time (up \$8.7K or up 15.8%). Regardless, the PAC's' year to date Operating Deficit is \$14,949 smaller (better) than the budget. In addition, the PAC now has \$175.4K in reserve (A18). The PAC is in still in good financial shape at the end of February.

I hope this helps a little when going through the February package. As I finish this up, I can see that the stock market has erased most of the losses (Dare I say starting to move positive!!!). Hopefully, this will continue and the day, the next week and the month will end on a positive note. If you have any questions, or can't make the call on Tuesday, please let me know. You should have received the webinar invitation from the Academy IT department today. Let us know if you have not. Also, Maria will let you know when everything is on the portal for you to review.

Have a great weekend.

Paul

Subject: RE: January Board Minutes

Hi Denise – the DPG and MIG elections did end on 2/22 just as the national elections. Our next process is to enter the names of the winners in our database for each group, which we do over the next month or so. We do not gather state information on any of the candidates for DPG/MIG offices, and they are entered into the database by the specific DPG or MIG, which does not generate a listing of the person's state affiliate.

I would have to look into whether or not there is a report that could be generated to indicate the state affiliation of our DPG/MIG leaders, however due to the fact that we have not yet entered the names into the database, at this time I do not have the information on state affiliations that you are requesting.

Hi Denice,

Thank you for your message. A list of the newly elected national leaders and their state affiliation follows.

Board of Directors

President-elect: Donna Martin, EdS, RDN, LD, SNS, FAND (GA)

Treasurer-elect: Jo Jo Dantone-DeBarbieris, MS, RDN, LDN, CDE (LA)

Director-at-Large: Hope Barkoukis, PhD, RDN, LD (OH)

House of Delegates

Speaker-elect: Dianne Polly, JD, RDN, LDN, FAND (TN)

Director: Susan Brantley, MS, RDN, LDN, CNSD (TN)

At-Large Delegate - 30 Years of Age or Under: Feon Cheng, MPH, RDN (PA)

At-Large Delegate - Retired: Sachiko St. Jeor, PhD, RDN, FADA, FAND (NV)

Nominating Committee

Leader with BOD Experience in the Past 10 Years

- Judith Rodriguez, PhD, RD, FADA, FAND (FL)

National Leader

- Molly Gee, MEd, RD, LD (TX)
- Bethany Thayer, MS, RDN, FAND (MI)

Commission on Dietetic Registration (CDR)

CDR Registered Dietitian Nutritionist

- Rebecca Brody, PhD, RD, LD, CNSC (OR)
- Linda Gigliotti, MS, RDN, CDE (CA)

CDR Board Certified Specialist in Pediatric Nutrition

- Linda Heller, MS, RD, CSP, FAND (CA)

I am asking Amy Biedenharn, Senior Manager of Affiliate Relations/MIG Relations, to respond regarding the affiliate election timeline and newly elected leaders, and Diane Juskelis, Director of DPG/MIG/Affiliate Relations to respond related to DPGs and MIGs.

The Leadership Directory is on the Academy website and can be viewed by clicking [here](#). I have asked our IT staff to run a list of the leaders by state, the file is attached.

Please let me know if you need anything else.

Best regards,

Joan

Subject: Re: January Board Minutes

Hi Joan - thanks for the copy on the minutes.

I have another question that I thought others may be interested in the answer.

From the recent election - including DPGs - can we obtain a list of newly elected leaders by state?

I was going to congratulate someone on the PA list serv and then thought - what if there are other newly elected leaders and I left them out...

Also, it would be interesting - at some point - to see a list of current leaders at the national level by state. To me, this type of real data is valuable. And, maybe it exists somewhere now - thank you!

ON THE PULSE OF PUBLIC POLICY

Older Americans Act Reauthorization Passes in House

The House of Representatives has passed the Older Americans Act Reauthorization Act of 2016, an amended version of the bill that passed the Senate in July 2015. The new House version must now be passed by the Senate, which is expected soon. The Academy supports the OAA Reauthorization and released a statement from President Dr. Evelyn F. Crayton, RDN, LDN, FAND, commending the House's action.

[Learn More](#)

Members Promote 'Food Is Medicine'

The Food Is Medicine Coalition recently held briefings in the Senate and the House, focusing on the importance of medically tailored meals for people with severe chronic disease. Speakers including Academy member Susan Daugherty, RD, LDN, from Philadelphia's Metropolitan Area Neighborhood Nutrition Alliance, highlighted the importance of the work of registered dietitian nutritionists.

Voice Your Support: Child Nutrition and Hunger Programs

New research conducted by Bridging the Gap shows elementary school lunches were healthier in 2013-2014 than in 2006-2007. The Senate needs to hear from registered dietitian nutritionists and nutrition and dietetic technicians, registered that this is a positive step. Take action to support beneficial changes to school meals programs that improve children's health.

[Learn More](#)

House Agriculture Committee Examines USDA Nutrition Programs

U.S. Department of Agriculture officials including Academy member Angela Tagtow, MS, RDN, LD, executive director of the Center for Nutrition Policy and Promotion, testified recently before the House Agriculture Committee on federal nutrition initiatives. Topics included the *Dietary Guidelines for Americans*, School Meal Programs and a newly proposed rule that would require stores receiving SNAP benefits to stock healthier items.

[Learn More](#)

New Funding Announcement: Food Safety Modernization Act Produce Rule

The Food and Drug Administration recently announced the allocation of \$19 million to help state agencies support implementation of the Food Safety Modernization Act, in particular the Produce Safety rule, which establishes enforceable safety standards for production and harvesting of produce on farms.

[Learn More](#)

For National Nutrition Month: USDA's 'MyPlate, MyWins Challenge'

The U.S. Department of Agriculture has launched an online MyPlate, MyWins Challenge that encourages people to make small changes to their eating and activity habits. The challenge is part of the USDA Center for Nutrition Policy and Promotion's new MyPlate, MyWins consumer education initiative, grounded in recommendations of the 2015 *Dietary Guidelines for Americans*.

April 1 Deadline: Future of Food Mini-Grants

To support the use of the new "Tossed Treasures" toolkit, 25 grants of \$200 are available. Recipients agree to give two presentations from the new toolkit between April 11 and June 10. The toolkit and mini-grant opportunity were made possible through an educational grant from National Dairy Council. The application deadline is April 1.

Donna,

Hope this finds you well!!!!

We were so pleased that Farm to School Network wanted to do this joint blog response on the politico piece.

Mary Pat and I took a look at the draft they presented, and had a few comments. Mary Pat suggested that I send this on to you at this stage in the review process to get your feedback.

Thank you for your leadership!

Very best,

JEnn

Good morning,

Alexis Pezzullo, a member of the Nutrition Services Payment Committee, and I are looking forward to providing you with an update tomorrow on the Academy's progress toward implementing the recommendations of the PCMH/ACO Workgroup. Attached to this email are the webinar slides as

well as a handout for your reference. We hope you will be able to join us live for the webinar so we can address your questions and engage in discussion, but also recognize your schedules are full after returning from the recent BOD meeting. For those of you unable to join us for the live webinar, it will be recorded and made available to you. The link for the webinar is <https://eatright.webex.com/eatright/j.php?MTID=m25cfa8cfe35008ea362c5a1fd4e4633b>. For the audio component we will be using VOIP, meaning you will join via your computer's sound system rather than dialing in through a conference call line.

Thank you for taking the time to listen to this important update. Please feel free to contact me with any questions. If you encounter any problems connecting to the webinar, please contact Erin Carpenter at ecarpenter@eatright.org or 1-800-877-1600 ext 4866.

Subject: Webinar: March 24 PCMH/ACO Update

Following is an email communication from Marsha Schofield.

Dear Board of Directors:

In the continuing series of webinars on topics of interest for the Board, we would like to invite you to join us for a webinar on Thursday, March 24, 2:00 – 3:00 pm Central time, for a progress report on implementation of the PCMH/Population Health Models Workgroup Report's recommendations. Understanding March is a busy month, this date was selected based upon your availability. Should you be unable to attend this webinar, it will be recorded and sent out after the call. The link for this webinar is
<https://eatright.webex.com/eatright/j.php?MTID=m25cfa8cfe35008ea362c5a1fd4e4633b>.

The webinar will provide an overview of progress to date by Academy organizational units as they implement recommendations from the report. Units across the Academy are actively engaged in efforts to achieve the workgroup's vision of positioning RDNs as essential members of person-centered health care delivery models. As we hit the mid-point of the 3-year window framed by the workgroup, now is a good time to assess progress and identify areas that may require attention in terms of resource allocation and/or prioritization by the Board. This progress report may also help us to "Get Smart" as we create our vision for the Second Century.

I look forward to the discussion and your feedback and ideas.

Sincerely,

Marsha

Mary Pat, I am on my way home from speaking about school nutrition for the Child and Adolescent Weight Management Certificate Course in Indianapolis. Just looking at my emails. My schedule is pretty clear for this event. Do you know if the Academy would fund me going? I know Penny McConnell is very active with this group and wanted to talk to me about what they do.

Wanted to discuss how they could partner with the second century vision. Is there not any programming other than the gala? If the Academy would fund it then I think I could work it out. What are your thoughts? Do you think it would be worthwhile?

Will work on the joint farm to school blog tomorrow for the Farm to School network. Jenn sent me the suggestions to be included. They look good to me. I did not know that Erin wanted to use the future President-elect tag. I have collaborated with them before. I had told her I was out of pocket for a few days, so this is the first I have seen of the rough draft. Leaving now for the last leg to get home. Talk to you tomorrow.

Mary Pat, I am on my way home from speaking about school nutrition for the Child and Adolescent Weight Management Certificate Course in Indianapolis. Just looking at my emails. My schedule is pretty clear for this event. Do you know if the Academy would fund me going? I know Penny McConnell is very active with this group and wanted to talk to me about what they do.

Wanted to discuss how they could partner with the second century vision. Is there not any programming other than the gala? If the Academy would fund it then I think I could work it out.

What are your thoughts? Do you think it would be worthwhile?

Will work on the joint farm to school blog tomorrow for the Farm to School network. Jenn sent me the suggestions to be included. They look good to me. I did not know that Erin wanted to use the future President-elect tag. I have collaborated with them before. I had told her I was out of pocket for a few days, so this is the first I have seen of the rough draft. Leaving now for the last leg to get home. Talk to you tomorrow.

Hello!

It was so great to see you this weekend.

Attached is an invitation from Janey Thornton sent as a BOD for the Global Child Nutrition Project. I know she would love to see you and wanted to see if you are able to attend. I am sure you are interested but I am totally aware it is the end of the school year for you among many other things on your plate. There is no pressure to attend!

Let me know your thoughts.

Many thanks,

Mary Pat

Older Americans Act Reauthorization Passes in the House of Representatives!

The House of Representatives passed the Older Americans Act (OAA) Reauthorization Act of 2016 on Monday, March 21, 2016. This bill is an **amended version** of the OAA reauthorization bill which passed the Senate in July 2015 (S.192). The bill was brought to the House floor by Rep. Suzanne Bonamici (Ore.) and Rep. Carlos Curbelo (Fla.) and it was passed without opposition.

Next Steps for OAA Reauthorization: Since the OAA reauthorization bill was changed by the House of Representatives, the House version **must now** be passed by the Senate. We expect this to happen soon. The Academy supports OAA Reauthorization and sent a statement from Academy President Dr. Evelyn Crayton, EdD, RDN, LDN, FAND commending the passage in the House.

Action Alert Reminder: Senate Bill -- Child Nutrition and Hunger Programs

Did you send your members **a reminder last week** about supporting the Senate Agriculture Committee's bipartisan reauthorization of child nutrition programs bill, titled the Improving Child Nutrition Integrity and Access Act of 2016?

The U. S. Senators need to know that their constituents strongly support this bill, which incorporates many of the Academy's recommendations to support healthy meals and promote nutrition education for our children. We expect a vote on this bill in the Senate later this spring. As of today, only 3.1% or 2,205 Academy members have responded to the action alert. We can do better!

Please send the following message to your membership, if you did not send it last week:

*Subject line: **Action Alert in the Senate: Child Nutrition and Hunger Programs***

Dear Colleague,

Your Senators need to know that their constituents strongly support the bi-partisan Child Nutrition Integrity and Access Act of 2016, which incorporates many of the Academy's recommendations to support healthy meals and promote nutrition education for our children.

Please take action today to support healthy meals for hungry children.

Thank you,

Your RDN friend,

Insert your name and title

Insert your affiliate or DPG name

Please encourage **all board members, committee members, colleagues and friends** to complete action alerts. Thank you for activating your membership today!

Action Alert Reports

The reports of the number of Academy members by state who have responded to the two action alerts that are open will be located in the participation topic file of the Public Policy Panel COI.

The reports will be posted tomorrow for public policy leaders.

Here is a chart identifying the action alert statistics:

Action Alert Title

Number of Academy Members Participating

Percentage Participation

Number of Legislators Contacted

Number of Letters Sent

Senate Child Nutrition Bill

2,205

3.1%

100

4,763

TROA

6,182

8.6%

538

27,346

The Affiliate Presidents and the PPCs will find the most current participant report posted their respective public policy community of interest tomorrow. We will continue to provide this type of information for you to use, but ask that you don't post names of members (yours or from another affiliate) for public viewing. PPCs should review the action alert participation list.

Here is a report with the current participation by key public policy leader position title for the two action alerts. A more detailed report will be posted to the respective public policy community of interest later today.

Webinar for Affiliate Consumer Protection Coordinators (CPC)

Join member leaders on the Academy's Consumer Protection and Licensure Subcommittee (CPLS) as they demonstrate the Academy's new nationwide tool for individuals to report instances of harm by both licensed and unlicensed practitioners of dietetics and nutrition. After the training, affiliate leaders and CPCs will have an opportunity to provide feedback for improving the current version of the tool. Affiliate CPCs and public policy leaders are invited to join Lisa Jones Skand, MA RDN LDN FAND; Debbie King, MS RDN LD FAND; and Meg Rowe, MS RD LDN FAND for this special policy training and demonstration on **Thursday, March 31, 2016 from 1-2 p.m. (Eastern Time)**.

Register today for the March Reporting Harm Tool Rollout & Training .

March Public Policy Forum Recording

The recording for the March Forum titled Federal Issues Update is now available in the **Public Policy Panel COI** . The recording can be found in the Public Policy Open Forum topic folder, 2016 Open Forums, March 2016. Once you have listened to the recording, please send an email to Paulina. The Code 175 CPEU certificate and an evaluation survey will be returned to you.

PPW 2016

2016 Public Policy Workshop is scheduled for **June 23 - 24, 2016**. The meeting location is the Marriott Marquis, Washington, D.C. The registration fees for PPW are:

\$130.00 Member

\$60.00 Student member

\$60.00 Retired member

\$200.00 Non-member

The PPW 2016 tentative schedule follows:

Thursday, June 23, 2016

2:00 – 3:00 p.m. PPC and PAL Only, Required Meeting

3:00 – 3:45 p.m. PPW Opening General Session

3:45 – 6:00 p.m. Preparing for “Act”ion: The Academy’s Big Three
6:00 – 6:30p.m. Ready, Set, CHARGE!
6:30 – 7:30 p.m. Evening Reception – Open to all Attendees

Friday, June 24, 2016

7:00 a.m. – 9:00 a.m. ANDPAC Fundraising Breakfast (Ticket required - \$125 Donation)
9:00 a.m. – 3:30 p.m. Hill Visits with Affiliate Team

We expect the information on registration, hotel and travel will be available later this week!

PPW 2016 – PPC and PAL Scholarship Recipient Information

PPC, PAL, alternate PPC and alternate PAL registration scholarship recipients **will be expected to attend a pre-PPW meeting on Thursday, June 23, 2016 from 2 p.m. - 3 p.m.** This session will prepare the PPC to lead the team through the workshop, onto Capitol Hill and in the affiliate.

Important Note: If the PPW registration scholarship is accepted and the **PPC/PAL doesn't attend the pre-PPW meeting on June 23, he/she will be billed for the registration fee.**

Academy DPG Experts Needed

The Academy is considering commenting on a number of proposed regulations, regulatory guidance and information/data collections in the next two months. If you are interested in contributing to the Academy’s responses to these regulatory initiatives, please work through your Dietetic Practice Groups (DPGs) to submit input on behalf of the DPG. Many of these information collections are seeking strategies and input for improving research and program structure on the listed topics.

To read more about the proposed rules, click on the links below. The dates noted are the deadline for DPGs to submit input to the Academy's Regulatory Affairs team.

Ensuring Safe and Effective Products

- Food Labeling; Gluten-Free Labeling of Fermented or Hydrolyzed Foods; Reopening of the Comment Period (04/04/2016)
- Food Labeling; Gluten-Free Labeling of Fermented or Hydrolyzed Foods (04/04/2016)
- Food Additive Petition (04/12/2016)
- Use of the Term “Natural” in the Labeling of Human Food Products; Request for Information and Comments (04/15/2016)

Hunger and Public Health Nutrition

- Enhancing Retailer Standards in the Supplemental Nutrition Assistance Program (SNAP) (04/04/2016)
- Generic Clearance to Conduct Formative Research for Development of Nutrition Education and Promotion Materials and Related Tools for FNS Population Groups (04/05/2016)

Alternate Payment Models, Reimbursement, Professional Opportunities

- Comment request National Institutes of Health (NIH) Loan Repayment Programs (04/05/2016)

Technology, Telehealth

- Making It Easier for Patients to Understand Health Information and Navigate Health Care Systems: Developing Quality Improvement Measures (03/28/2016)
- Request for Information on Updates to the ONC Voluntary Personal Health Record Model Privacy Notice (03/30/16)
- ONC Health IT Certification Program: Enhanced Oversight and Accountability (04/13/2016)

Research

- Comment request National Institutes of Health (NIH) Loan Repayment Programs (04/05/2016)
- Generic Clearance to Conduct Formative Research for Development of Nutrition Education and Promotion Materials and Related Tools for FNS Population Groups (04/05/2016)

Funding Bills Begin to Move in Congress

House and Senate Appropriators are moving forward with legislation to fund the government for Fiscal Year 2017, with the first bills expected to be considered in the House on March 23rd and in the Senate on April 14th. The Academy Policy and Advocacy Initiatives team has met with all members of the House & Senate appropriations committees, and provided information to support strong investments in nutrition programs, as requested by members of Congress. As this budget process continues, we will continue to update Academy members with breaking news.

Prevention Fund Update

While the Prevention Fund bill (H.R. 4725) passed the House Energy and Commerce Committee last week, we were pleased that members of the committee mounted a vigorous defense of the Prevention Fund (Fund). Rep. Schakowsky (Ill.) dispelled many of the myths surrounding the Fund and gave an overview of some of the good work it is doing in Illinois while Rep. Green (Texas) highlighted the Fund's role in combatting Zika through epidemiology and laboratory capacity grants. The Academy expressed gratitude for the growing support of the effectiveness of prevention programs, and continues to educate Members of Congress of the ways our members are working in these critical programs.

Success through Collaboration

The Coalition for Health Funding (Coalition), released its' 2015 Annual Report. Highlights include stopping the harmful cuts of sequestration, sponsoring two high-profile events with the Public Health Caucus on Capitol Hill, meeting with over 70 Congressional offices and 8 high-level Administration meetings. The Academy is a member of the Coalition, and co-hosted one of the Public Health Caucus events, and continues to represent our members and the critical role of nutrition across the health care spectrum.

Thumbs Up!

The Wyoming Public Policy Panel successfully lobbied for Wyoming Medicaid to recognize Licensed Registered Dietitians as direct health care providers. The bill amends Wyoming's Medical Assistance and Services Act to allow services rendered by licensed dietitians to qualify for Medicaid reimbursement starting July 1st 2016. This bill will improve access to care for Medicaid beneficiaries and provide the opportunity to better track the utilization and value of dietitian

services.

Please let me know if you have questions.

Best,

Teresa

Donna,

Hope this finds you well!!!!

We were so pleased that Farm to School Network wanted to do this joint blog response on the politico piece.

Mary Pat and I took a look at the draft they presented, and had a few comments. Mary Pat suggested that I send this on to you at this stage in the review process to get your feedback.

Thank you for your leadership!

Very best,

JEnn

Thanks, Kay. I thought we would have pushback about eliminating the House governs the profession vs the Board governs the organization, but we didn't. Working with Linda I believe we can begin a dialogue about new ways to engage delegates and all members, potentially eliminating a House face to face meeting. Frankly many of the "mega issues" are suited well as webinar topics. Not only will this allow for more member engagement but will save us a chunk of money!

Looking forward to seeing you!

Pat

Subject: March Board Meeting Attachments

A revised agenda and the remaining attachments for the March 20-21 Board meeting are now available on the Board of Directors' communication platform, and a PDF of the full packet is attached to this correspondence. These attachments are included in the paper meeting packet which will be delivered tomorrow, March 17 via UPS (no signature required) to those Board members who requested one. Please [click here](#) and enter your Academy website username and password to access the agenda and attachments on the Board portal.

Joining us on Sunday, March 20 for *The Future is Now: Establishing the Academy as a Healthcare Quality Leader and Empowering its Members to Lead the Charge into the 2nd Century*

discussion will be Kristi Mitchell, Senior Vice President, Evidence and Translation, Avalere Health; Danna Caller, Director, Health Policy, Quality & Strategic Initiatives-Government Affairs, Abbott Nutrition; and Mary Beth Arensberg, Director, Health Policy and Programs, Abbott Nutrition. Also joining us Sunday is Sylvia Escott-Stump, chair of the Nutrition and Dietetic Educators and Preceptors, for the *International Confederation of Dietetic Associations International Accreditation Proposal* dialogue. On Monday, March 21, John Whalen, CEO of Whalen Consulting, will join us for the Second Century Visioning discussion.

See you soon!

Pat,

Having spent quite a bit of time in developing graphics for quickly
and easily transmitting information and/or insight, I must say that
this one is REALLY good.

Clear. Concise. Simple.

It definitely needs to go up onto the website once the final touches
are made. Nicely done by the Academy team.

Pat

LOL!

I certainly hope I have that kind of spirit and spunk if I live to be 101!

Currently trying to navigate the streets of NYC without bumping into any of the hearty revelers. It's quite an adventure right now :)

Donna,

First, a belated congratulations on the election. You will be a fabulous President of the Academy and I look forward to working with you in that role. And yes, I totally understand the need for you to re-evaluate your commitments. Thank you for bringing it to my attention and suggesting Dayle Hayes. I'll get the process started for pursuing a replacement and will keep you posted.

Thanks again and look forward to seeing you at the upcoming BOD meeting.

Warm regards,

Marsha

Marsha, I am really excited, honored and humbled to have been elected President-elect of AND. Given that, I wanted to touch base with you about us appointing another Academy member to be on consortium in my place. It is a great group of people, but it is a very time consuming group and I know I will not be able to continue to serve on the committee. I am already having conflicts with dates they are proposing for conference calls. The only suggestion I have of someone who would be great on the consortium would be Dayle Hayes. I know you all have to go through channels to appoint someone, but I thought I would give you that one suggestion. I am not sure if she would do it, but she would be great. I look forward to continuing to work with you in the future.

ON THE PULSE OF PUBLIC POLICY

Members Highlight Nutrition Interventions in Cancer Care Continuum

Members of the Academy's Oncology Nutrition dietetic practice group and chief science officer Alison Steiber, PhD, RDN, participated in an Academy-sponsored workshop on March 14 by the Institute of Medicine's Food and Nutrition Board titled "Examining Access to Nutrition Care in Outpatient Cancer Centers." Panels examined nutrition in clinical settings; dangers of "prescribed" dietary supplements by unqualified "nutritionists"; models of care both nationally and internationally; costs and benefits of care; and best practices for implementing care across sectors. A summary of the workshop, including recordings and presentations, will be available soon.

President Urges Congress: Protect Prevention Fund

Academy President Dr. Evelyn Crayton, RDN, LDN, FAND, urged the House Energy & Commerce Committee to remove language from H.R. 4725, which would repeal the Prevention and Public Health Fund and eliminate a funding stream critical to ensuring that RDNs are able to help create healthy communities through successful nutrition interventions.

Academy Supports Study to Improve Child Nutrition Programs, Enhance Nutrition Education

The Academy has offered strong support for the U.S. Department of Agriculture's Food and Nutrition Services proposed Child Nutrition Programs Operations Study II, which will collect and

analyze data on policy, administrative and operational issues for the Child Nutrition Programs; provide input for new legislation; and provide pertinent training and technical assistance. Academy noted that school nutrition professionals, including many registered dietitian nutritionists, struggle with a "trilemma"; meeting nutritional requirements of the student; minimizing program costs (including maintaining outdated facilities); and maximizing student acceptability and participation. The Academy has offered assistance in improving these programs.

[Learn More](#)

FDA Warns of Dangers from Imported Dietary Supplements

The Food and Drug Administration has warned consumers of the dangers of purchasing imported products marketed as dietary supplements and nonprescription drug products from ethnic or international stores, flea markets, swap meets or online. Despite claims by anti-science groups funded by the supplement industry - that frequently and inaccurately criticize the work of the Academy - dangerous, ineffective and falsely labeled supplements abound. A recent PBS program highlighted issues of fraudulent supplements.

[Learn More](#)

Waiting for Senate Action: Child Nutrition Programs

Members' voices are needed to support the Senate Agriculture Committee's bipartisan reauthorization of the Improving Child Nutrition Integrity and Access Act of 2016. The Academy expects this bill to come up for a vote, and Senators need to know their constituents strongly support the bill, which incorporates many of the Academy's recommendations to support healthy meals (and thousands of members who work in child nutrition programs) and to promote nutrition education for children.

[Learn More](#)

USDA Grants to Reduce Child Food Insecurity in Rural Communities

The U.S. Department of Agriculture's Rural Child Poverty Nutrition Center at the University of Kentucky has awarded \$1.3 million in grants to help reduce child food insecurity in 17 rural communities. Projects include mobile meal delivery systems, expansion of summer meal program sites, summer meal backpack programs and development of food security stakeholder councils to recruit sponsors and increase nutrition program operating capacities.

[Learn More](#)

American Academy of Pediatrics Recommends Screening for Poverty

The American Academy of Pediatrics has released a landmark policy statement recommending that pediatricians screen patients for poverty risk factors during check-ups. AAP's statement supports the Academy's initiatives to strengthen child nutrition programs.

[Learn More](#)

Opportunities to Offer Input on Proposed Regulations and Government Initiatives

Federal agencies continue to be busy issuing multiple proposed regulations affecting everything

from food labeling (such as GMOs and use of the term "natural") to successes in the Indian Health Service and technology initiatives. Members are encouraged to work with your dietetic practice groups to submit input on these initiatives, which are detailed in the Public Policy Weekly News and on the Academys website.

Subject: March 22-24, 2016 Childhood Weight Management Program Information

Hi Donna,

We have 136 people registered for the March 22-24, 2016 Certificate of Training in Childhood and Adolescent Weight Management program. You can access the faculty PowerPoint files at <https://app.box.com/s/qg57r507qktz4wz794thwtcdy50vidcz>

I have attached an updated agenda and an expense report form. You can also use the online expense system at <http://www.eatright.org/expense>. You must use your Academy/CDR login information to access the online expense system.

The on-site program will be held in the Cosmopolitan AB Meeting Room of the Hyatt Regency Indianapolis, One S. Capitol Ave., Indianapolis, Indiana.

A light breakfast of yogurt and granola, oatmeal and fresh fruit along with coffee and tea will be available beginning at 7:30 am. Hot and cold beverages will be available only during scheduled breaks.

Hotel reservations is noted below. The hotel check-in time is 4:00 pm and check-out time is 11:00 am.

Hotel Confirmation Number: 12892902

Arrival Date: March 21, 2016

Departure Date: March 22, 2016

Here is a link to help you to plan your visit to Indianapolis.

Click here for information to help you prepare for and enjoy your stay in Indianapolis (hotel information; restaurant information; parking information; local attractions, etc.).

Roxanne Way and I will be staffing the program. If you need to reach me anytime during the on-site program, please contact me on my cell at 773/680-4836.

See you soon!

I am sharing the attached report, *The State of America's Wasted Food, and Opportunities to make a Difference*, which is available on both the Academy's and Foundation's websites. A version of the report is also available on the *Journal of the Academy of Nutrition and Dietetics* website, in advance of print publication later this year. An introduction to the report and manuscript is provided by Evelyn. As part of the Foundation's Future of Food initiative, the report was written by registered dietitian nutritionists Chris Vogliano, agriculture, health and nutrition research fellow at the Academy and Katie Brown, the Academy Foundation's chief global nutrition strategy officer. Many Academy groups and members are leading efforts to reduce wasted food, feed the hungry and positively impact the environment. The report highlights a few of our shining star members in this area. We will include a link to the report in this week's *Eat Right Weekly*.

Also attached is the press release, which is being distributed to the media later today. Please note that Donna's efforts to decrease food waste are spotlighted in the press release.

I thank Sonja for educating me on wasted food, which inspired me to include a performance goal to follow up on the challenge received by FNCE Keynote speaker Doug Rauch. We are identifying industry partners that we can collaborate with and challenge to improve their food waste reduction initiatives and also highlight the important role RDNs and NDTRs play in this effort.

Please let me know if you have any questions.

1. Senate Action Alert: Child Nutrition and Hunger Programs – **Take Action Today!**
2. Action Alert Reports
3. Academy President Urges Congress to Protect the Prevention Fund
4. CPC Webinar to Rollout the New Reporting Harm Tool – **Register today!**
5. PPW 2016
5. PPW 2016 PPC and PAL Scholarship Recipient Information
6. Academy DPG Experts Needed

Important Reminder:

When you register for a WebEx webinar, you will receive a personalized confirmation email. Be sure to save the confirmation email as this is your personal registration link. Use the personal link on the day of the event to log into the webinar. Participants will earn **1 FREE CPEU (\$19 value)**.

Action Alert in the Senate: Child Nutrition and Hunger Programs

We need your voice to support the Senate Agriculture Committee's bipartisan reauthorization of child nutrition programs, titled the Improving Child Nutrition Integrity and Access Act of 2016. We expect that this bill will come up for a vote, and your Senators need to know that their constituents strongly support this bill, which incorporates many of the Academy's recommendations to support healthy meals and promote nutrition education for our children.

Please send the following message to your Affiliate, DPG and MIG membership:

*Subject line: **Time-Sensitive Action Alert in the Senate: Child Nutrition and Hunger Programs***

Dear Colleague,

Your Senators need to know that their constituents strongly support the bi-partisan Child Nutrition Integrity and Access Act of 2016, which incorporates many of the Academy's recommendations to support healthy meals and promote nutrition education for our children.

Please take action today to support healthy meals for hungry children.

Thank you,

Your RDN friend,

Insert your name and title

Insert your affiliate or DPG name

Please encourage all board, committee, colleagues and friends to also complete action alerts. Thank you for activating your membership.

Action Alert Reports

With over 75,000 members, we can increase our action alert participation! The reports of the number of Academy members by state who have responded to the two action alerts are located in the participation topic file of the Public Policy Panel COI.

Here is a chart identifying the action alert statistics:

Action Alert Title

Number of Academy Members Participating

Percentage Participation

Number of Legislators Contacted

Number of Letters Sent

Senate Child Nutrition Bill

1829

2.5%

100

3882

TROA

6117

8.4%

538

26,902

The Affiliate Presidents and the PPCs will find the most current participant report posted their respective public policy community of interest. We will continue to provide this type of information for you to use, but ask that you don't post names of members (yours or from another affiliate) for public viewing. PPCs should review the action alert participation reports.

Academy President Urges Congress to Protect the Prevention Fund

Last week, Academy President Evelyn Crayton urged the House Energy & Commerce Committee to remove language from H.R. 4725, which would repeal the Prevention and Public Health Fund. This funding stream is critical to ensure that RDNs are able to help create healthy communities through successful nutrition interventions. Stay tuned for future actions to protect this important investment in the nation's health.

CPC Webinar to Rollout the New Reporting Harm Tool

Join member leaders on the Academy's Consumer Protection and Licensure Subcommittee (LPPC) as they demonstrate the Academy's new nationwide tool for individuals to report instances of harm by both licensed and unlicensed practitioners of dietetics and nutrition. After the training, affiliates and CPCs will have an opportunity to provide feedback for improving the current version of the tool. Once finalized, affiliates will include a prominent hyperlink to it on their website for both members and consumers to use. Please join Lisa Jones Skand, MA RDN LDN FAND; Debbie King, MS RDN LD FAND; and Meg Rowe, MS RD LDN FAND for this special policy training and demonstration on **Thursday, March 31, 2016 from 1-2 p.m. (Eastern Time)**.

Register today for the March Reporting Harm Tool Rollout & Training. All affiliate CPCs and all affiliates should attend; additional Public Policy Panel leaders are encouraged to join.

PPW 2016

2016 Public Policy Workshop is scheduled for **June 23 - 24, 2016**. The meeting location is the

Marriott Marquis, Washington, D.C. The registration fees for PPW are:

\$130.00 Member

\$60.00 Student member

\$60.00 Retired member

\$200.00 Non-member

The PPW 2016 tentative schedule follows:

Thursday, June 23, 2016

2:00 – 3:00 p.m. PPC and PAL Only, Required Meeting
3:00 – 3:45 p.m. PPW Opening General Session
3:45 – 6:00 p.m. Preparing for “Act”ion: The Academy’s Big Three
6:00 – 6:30p.m. Ready, Set, CHARGE!
6:30 – 7:30 p.m. Evening Reception – Open to all Attendees

Friday, June 24, 2016

7:00 a.m. – 9:00 a.m. ANDPAC Fundraising Breakfast (Ticket required - \$125 Donation)
9:00 a.m. – 3:30 p.m. Hill Visits with Affiliate Team

We expect the information on registration, hotel and travel will be available later this week!

PPW 2016 – PPC and PAL Scholarship Recipient Information

PPC, PAL, alternate PPC and alternate PAL registration scholarship recipients **will be expected to attend a pre-PPW meeting on Thursday, June 23, 2016 from 2 p.m. - 3 p.m.** This session will prepare the PPC to lead the team through the workshop, onto Capitol Hill and in the affiliate.

Important Note: If the PPW registration scholarship is accepted and the **PPC/PAL doesn't attend the pre-PPW meeting on June 23, he/she will be billed for the registration fee.**

Academy DPG Experts Needed

The Academy is considering commenting on a number of proposed regulations, regulatory guidance and information/data collections in the next two months. If you are interested in contributing to the Academy’s responses to these regulatory initiatives, please work through your Dietetic Practice Groups (DPGs) to submit input on behalf of the DPG. Many of these information collections are seeking strategies and input for improving research and program structure on the listed topics.

To read more about the proposed rules, click on the links below. The dates noted are the deadline for DPGs to submit input to the Academy's Regulatory Affairs team.

Ensuring Safe and Effective Products

- Food Labeling; Gluten-Free Labeling of Fermented or Hydrolyzed Foods; Reopening of the Comment Period (04/04/2016)

- Food Labeling; Gluten-Free Labeling of Fermented or Hydrolyzed Foods (04/04/2016)
- Food Additive Petition (04/12/2016)
- Use of the Term “Natural” in the Labeling of Human Food Products; Request for Information and Comments (04/15/2016)

Hunger and Public Health Nutrition

- Million Hearts Initiative Info request (03/21/2016)
- Preventive Health and Health Services Block Grant (03/22/2016)
- Enhancing Retailer Standards in the Supplemental Nutrition Assistance Program (SNAP) (04/04/2016)
- Generic Clearance to Conduct Formative Research for Development of Nutrition Education and Promotion Materials and Related Tools for FNS Population Groups (04/05/2016)

Alternate Payment Models, Reimbursement, Professional Opportunities

- Comment request National Institutes of Health (NIH) Loan Repayment Programs (04/05/2016)

Technology, Telehealth

- Making It Easier for Patients to Understand Health Information and Navigate Health Care Systems: Developing Quality Improvement Measures (03/28/2016)
- Request for Information on Updates to the ONC Voluntary Personal Health Record Model Privacy Notice (03/30/16)
- ONC Health IT Certification Program: Enhanced Oversight and Accountability (04/13/2016)

Research

- Comment request National Institutes of Health (NIH) Loan Repayment Programs (04/05/2016)
- Generic Clearance to Conduct Formative Research for Development of Nutrition Education and Promotion Materials and Related Tools for FNS Population Groups (04/05/2016)

Please let me know if you have questions.

Best,

Teresa

Coming Together to Communicate the 2015-2020 Dietary Guidelines for Americans

Date: Tuesday, March 22, 2016

Time: 12 p.m. 1:30 p.m. (Central Time)

CPE Hours: 1.5

Hear directly from staff of the U.S. Department of Health and Human Services, Office of Disease Prevention and Health Promotion, and U.S. Department of Agriculture, Center for Nutrition Policy and Promotion, about the *2015-2020 Dietary Guidelines for Americans* and what it means for you and your profession.

The presentation will cover a primary focus of the *2015-2020 Dietary Guidelines for Americans*: eating patterns and the totality of foods and beverages a person consumes over time. Also described will be what makes up healthy eating patterns, the shifts needed to more closely align with healthy eating patterns based on current consumption, and a call to action across sectors to support healthy eating patterns in the U.S.

Subject: Thank You for Taking Action Today!
Attachment:

Thank you for asking your Senators to support and to pass the Improving Child Nutrition Integrity and Access Act of 2016.

As a reminder, you can make a difference today by supporting ANDPAC.

Make a contribution to ANDPAC.

The ANDPAC funds help the Academy support decision makers who understand the importance of child nutrition programs. Because of relationships built through ANDPAC, the Academy successfully advocated for key provisions in the Child Nutrition bill language.

The Academy of Nutrition and Dietetics

The Academy of Nutrition and Dietetics Political Action Committee is a separate segregated fund of the Academy of Nutrition and Dietetics used to support candidates and elected officials. Academy members are not required to contribute to ANDPAC and there is no reprisal for not contributing. Amounts recommended for contribution in Academy publications are merely suggestions and there is no minimum contribution level.

Support Improving Child Nutrition Integrity and Access Act of 2016

Please add an update on membership (active), and student plus retirees as of Feb. 29th.

Report on the Election Process. Please inform us as to who receives the voting results and when? Also could we have a report made to the BOD by ACEND on the schools that are on probation and the number of those that are "Minority Serving Institutions". Also could we hear from them the strategies that are put in to place to help these universities meet the ACEND standards. How will these institutions meet the new standards?

Thank you so much. See you soon.

Tom, I know we are going to become close friends for a few years! Doris has already bragged to me about you, so I am truly excited to be working with someone with your credentials. What I lack in writing skills, I think I make up for in presentation skills! I think we will be a good fit! I just had one minor change to the bio below!

Hi, Donna:

Congratulations on your election as the Academy's President-Elect – we look forward to working closely with you!

We are updating the biographical paragraphs of 2016-2017 Board members for publication in the June *Journal*. Below is the text we prepared for you for last year (with your recent election added). Could you please review this and let us know if the information in it is OK, or if any edits are needed, which we are glad to make. Could you please get back to us by Monday, March 22?

Thank you very much! Please let us know if you have questions or need any more information.

Tom

Donna S. Martin, EdS, RDN, LD, SNS, FAND, Augusta, GA, President-elect

Martin is director of the Burke County (GA) school nutrition program, which has 4,500 students in five schools, serving breakfast, lunch, after-school snacks and supper. Four of the schools have been acknowledged as HealthierUS School Challenge Gold winners. Martin has received honors and awards including Recognized Young Dietitian of the Year and the Outstanding Dietitian of the Year from the Georgia Dietetic Association; the Excellence in Practice Award from the School Nutrition Services Dietetic Practice Group; and the Academy Foundation's 2007 Judy Ford Stokes Award for Innovation in Administrative Dietetics. An active member of the Academy's School Nutrition Services DPG, Martin was the group's electronic communications chair and newsletter editor. She represented the Georgia Dietetic Association in the Academy's House of Delegates; is a member of the School Nutrition Association Foundation's board of directors; and served on the Georgia Department of Education's Task Force on Nutrition Standards for School Nutrition Programs. She served as the Academy's treasurer-elect in 2012-2013 and the Academy's

Treasurer in 2013-2015. Martin will serve as the Academy's President in 2017-2018. Martin is a graduate of the University of Georgia and earned a master's degree from the University of Alabama – Birmingham and an education specialist degree from Augusta State University.

Hello Sandra—

So nice to chat with you at the Foundation meeting!

Here is the newsletter I mentioned. My article on competence and autonomy is at the end of the newsletter. Professional Autonomy is a subject that will be addressed at the ICDA meeting in Granada this fall. The US is far ahead of most countries in autonomy for dietitians; thus we are the model for other countries.

In your public member role for NDEP, any comments and contributions are welcome as we continue the evolution of NDEP to its new relationship with the BOD.

Subject: Board Self-Assessment
Attachment:

Each year the Board uses a self-assessment tool developed by BoardSource to evaluate and improve its effectiveness as a governing board. The assessment is utilized by the Board to evaluate our strengths and challenges and by the Executive Team to strengthen operational processes. The tool is also helpful in familiarizing Board members about expected responsibilities, in planning meeting agendas, and identifying topics for the Board orientation and retreat meetings.

On March 14 you will receive the online questionnaire **directly from BoardSource** from their e-mail address, assessments@boardsource.org. Your individual responses are tabulated by BoardSource and are kept confidential; only aggregate results are provided. Marla Bobowick, senior governance consultant with BoardSource, will again attend our Board meeting in May to facilitate the discussion about the results.

Please let me know if you have any questions. Thank you for your input!

Urgent: Support Child Nutrition and Hunger Programs
Having trouble viewing this e-mail? [View it in your browser.](#)

Connect with the Academy:

TAKE ACTION NOW:

Keep These Students Smiling

Support Child Nutrition and Hunger Programs!

I need your voice to take the next step in the Senate, to help support healthy meals and nutrition education for hungry children. Child Nutrition Programs provide nutrition to millions of children as well as providing thousands of jobs for Academy members.

Our members have been leading the way in providing healthy safe meals and engaging nutrition education to help these smiling children be successful members like the Academy's incoming president-elect, Donna Martin, EdS, RDN, LD, SNS, FAND, school nutrition director in Burke County, Ga.

So here is the next step:

1. Exercise your voice. Tell your Senators to support these by voting to pass the Improving Child Nutrition Integrity and Access Act of 2016. Two minutes of your time means a lifetime of health for these children.

TAKE ACTION TODAY!

2. Make a contribution to ANDPAC. The funds help the Academy support decision makers who understand the importance of child nutrition programs. Because of relationships built through ANDPAC, the Academy successfully advocated for key provisions in the Child Nutrition bill language.

[Click here to read more about the Senate bill.](#)

Questions? Contact Jennifer Folliard.

Thank you!

Dr. Evelyn F. Crayton, RDN, LDN, FAND
President, 2015-2016

The Academy of Nutrition and Dietetics Political Action Committee is a separate segregated fund of the Academy of Nutrition and Dietetics used to support candidates and elected officials. Academy members are not required to contribute to ANDPAC and there is no reprisal for not contributing. Amounts recommended for contribution in Academy publications are merely suggestions and there is no minimum contribution level.

Hi Donna,

Just checking on the status of your presentation for the Indianapolis program. If possible, please provide by Thursday, March 10, 2016. Here are the instructions to upload your presentation.

Thank you.

If possible, we are requesting that you send one PowerPoint for the participants to print and one to show on screen. The PowerPoint to print should only include text and not any unnecessary animations /graphics. We have received complaints regarding the fact that the animations/graphics often time cover up text. Here are the instructions to upload your files. However, if the file is not too large, you can email it to me. I will acknowledge receipt of the e-mail.

1. Go to www.cdrnet.org
2. To login choose the "Login" option on the upper right-hand side of the page.
 1. Sign-in using your Academy/CDR username and password.
 2. On the purple banner, hover over the "Portal" option on the right-hand side and choose the "Library" option from the drop-down menu.
 3. Click on the "2016 Childhood Faculty PowerPoint Files and Handouts" link located to the left.
 4. Click on the "Upload Multiple Files" link located in the gray menu bar.

5. Scroll down to the bottom of the grey area and click on “add files” button (lower left side)
6. Browse for your file.
7. Click open.
8. To add another file choose “Add Files” button again to add another file to the list.
9. When you have all the files that you would like to add, click on the “Start Upload” button (lower left side). When upload had finished press “Continue.”
10. Don’t pay attention to the list of folder. Just stroll down to the bottom of the page and click on “Complete Upload” bar.
11. When you are done, please logout (upper right hand corner).

Subject: New Academy Travel Company
Attachment: [Quick Reference Guide.docx](#)
[ATC Contact Directory - Academy 2016.pdf](#)
[Approved for Academy Travel_Template Email_MISC Travel.doc](#)

Good Evening,

To serve our members and volunteers, the Academy is moving to a new Travel Company starting March 10, 2016. The new Travel Company name is ATC Travel Management. If you have booked travel on American Express/Axiom and your flight is after March 17, your ticket is still valid. Please make sure that you have printed your travel itineraries for all of your flights after this date. If you should experience any travel related issues (for travel booked on American Express/Axiom after March 17) please contact Mary Wolski at 312/899-4855 (work) or 847/894-5736 (cell) and she will assist you. Please don't book any future travel on American Express as this site will be shut off on March 17th.

Today you should have received a email from Deem@work asking you to activate your new profile. This is from our new travel company. Please follow the instructions to create your profile and travel information. All information that was stored on the Axiom System will not be transferred to the new platform. You will need to input any emergency contacts, addresses, phone numbers, travel preferences, reward programs, TSA Pre-Check, etc. Once you have completed your profile,

you will be able to book your travel.

I have attached reference information for you as I am sure you will have questions. There are specific instructions for booking travel and you will need an authorization code as well as the GL code you are booking your travel to. Please do not book any travel before you receive your travel authorization from the Academy for Board Travel. This will contain all of your information pertaining to that trip. Also attached is the ATC Contact Directory (with agent information, phone numbers and hours of operation), a Quick Reference Guide and the Approved for Academy Travel Template Email MISC travel. This template includes information for travel that you are doing alone and not with a meeting. This will have the travel authorization code you will use for all travel outside of the Board Meetings (if you have any).

As always, don't hesitate to contact me if you have any questions or concerns.

All The Best,

Mary

Mary C. Wolski, CMP

On Mar 9, 2016, at 8:58 AM, Pearlie Johnson <PJohnson@eatright.org> wrote:

Hi Donna,

Just checking on the status of your presentation for the Indianapolis program. If possible, please provide by Thursday, March 10, 2016. Here are the instructions to upload your presentation.

Thank you.

If possible, we are requesting that you send one PowerPoint for the participants to print and one to show on screen. The PowerPoint to print should only include text and not any unnecessary animations /graphics. We have received complaints regarding the fact that the animations/graphics often time cover up text. Here are the instructions to upload your files. However, if the file is not too large, you can email it to me. I will acknowledge receipt of the e-mail.

1. Go to www.cdrnet.org
2. To login choose the "Login" option on the upper right-hand side of the page.
 1. Sign-in using your Academy/CDR username and password.
 2. On the purple banner, hover over the "Portal" option on the right-hand side and choose the "Library" option from the drop-down menu.
 3. Click on the "2016 Childhood Faculty PowerPoint Files and Handouts" link located to the left.

4. Click on the "Upload Multiple Files" link located in the gray menu bar.
5. Scroll down to the bottom of the grey area and click on "add files" button (lower left side)
6. Browse for your file.
7. Click open.
8. To add another file choose "Add Files" button again to add another file to the list.
9. When you have all the files that you would like to add, click on the "Start Upload" button (lower left side). When upload had finished press "Continue."
10. Don't pay attention to the list of folder. Just stroll down to the bottom of the page and click on "Complete Upload" bar.
11. When you are done, please logout (upper right hand corner).

ON THE PULSE OF PUBLIC POLICY

Time-Sensitive Action Alert: Senate to Vote on Child Nutrition and Hunger Programs

Make your voice heard tomorrow: Tell your Senators to support the Child Nutrition Integrity and Access Act of 2016, providing healthy meals for hungry children, and support your fellow Academy members who are working in child nutrition programs. Nearly all the Academy's legislative recommendations developed by member experts on the Academy's work group on child nutrition programs were included in the bill. The Academy strongly supports the bipartisan work that enabled the bill to unanimously pass the Senate Agriculture Committee.

CMS Urged to Develop Nutrition-Related Quality Measures and Enable RDN Accountability

The Academy has made recommendations to the Centers for Medicare and Medicaid Services as

CMS finalizes its Quality Measures Development Plan. The Academy urges CMS to make non-physician practitioners accountable for their practice and share in performance incentives, and encouraged adherence to clinical guidelines; recognition of the complexity of measures addressing multiple chronic diseases, which registered dietitian nutritionists frequently encounter; and the importance of quality measures that recognize economic and health benefits of referring a patient to an RDN for medical nutrition therapy.

New Opportunity for fully funded Leadership Training to Support Achieving a Culture of Health in the US from RWJF

The Robert Wood Johnson Foundation is seeking applications for participants in four new *fully funded* leadership development programs that provide training in health disparities, diversity and inclusion. All program related costs are supported and project funds are available to support project-based learning. The four new programs are:

-Clinical Scholars recruiting inter-professional teams of clinically active professionals working together to solve Wicked Problems in the culture of health in local communities. Acceptance into the program confers \$35,000 grant per fellow for each of three years plus extensive leadership development.

Visit www.clinical-scholars.org for more information

-Interdisciplinary Research Leaders recruiting mid-career professionals in academic institutions working in teams of two researchers from different disciplines partnering with a community member/organization, three year commitment, annual stipend of \$25,000 per person.

Visit www.interdisciplinaryresearch-leaders.org for more information.

-Health Policy Research Scholars recruiting 1st and 2nd year doctoral students in eligible disciplines from underrepresented populations or disadvantaged backgrounds, five year support with an annual stipend of up to \$30,000 plus opportunity for competitive research grant support.

Visit www.healthpolicyresearch-scholars.org for more information.

-Culture of Health Leaders recruiting teams and individuals from a broad cross-sector of areas who want to work on collaborative solutions to produce health and support a culture of health. Three-year program provides an annual stipend of \$20,000 per person.

Visit www.cultureofhealth-leaders.org for more information.

Importance: High

TO: Academy Board of Directors

FROM: Dr. Evelyn F. Crayton

One of our Board responsibilities is to annually evaluate the CEO's performance. As you know, we made a few edits to the CEO performance evaluation form this year. It is time for us Board members to complete section II of the evaluation - Competency Evaluation. It is available on survey monkey. Prior to doing the evaluation, take a look at Board agendas, general communications to the Board, CEO summary reports in Board meeting packets, executive session discussions with Pat as well as minutes from our Board meetings.

Please complete the questionnaire by Tuesday, March 1, 2016. The Compensation Committee will summarize the responses, provide you with a summary report and recommendation regarding the CEO base salary for 2016-17 that will be discussed and voted on during the Executive Session of the May Board meeting. Let me know if you have any questions.

Thank you for participating!

TO BEGIN THE SURVEY click or copy this link into your browser:
<https://www.surveymonkey.com/r/GP8MMK5>

The survey does not need to be completed in one sitting. If you wish to exit the survey and return to complete it later, please feel free to do so. Prior to the deadline, you will be able to log back in and resume the survey from where you left off by using the link above, which is unique to you.

If you have any questions about the evaluation, please contact me at evelyncrayton64@gmail.com

.

Thank you!

Evelyn

Attachment:

Hi Donna,

Just checking on the status of your presentation for the Indianapolis program. If possible, please provide by Thursday, March 10, 2016. Here are the instructions to upload your presentation.

Thank you.

If possible, we are requesting that you send one PowerPoint for the participants to print and one to show on screen. The PowerPoint to print should only include text and not any unnecessary animations /graphics. We have received complaints regarding the fact that the animations/graphics often time cover up text. Here are the instructions to upload your files. However, if the file is not too large, you can email it to me. I will acknowledge receipt of the e-mail.

1. Go to www.cdrnet.org
2. To login choose the "Login" option on the upper right-hand side of the page.
 1. Sign-in using your Academy/CDR username and password.
 2. On the purple banner, hover over the "Portal" option on the right-hand side and choose the "Library" option from the drop-down menu.
 3. Click on the "2016 Childhood Faculty PowerPoint Files and Handouts" link located to the left.
 4. Click on the "Upload Multiple Files" link located in the gray menu bar.
 5. Scroll down to the bottom of the grey area and click on "add files" button (lower left side)
 6. Browse for your file.
 7. Click open.
 8. To add another file choose "Add Files" button again to add another file to the list.
 9. When you have all the files that you would like to add, click on the "Start Upload" button (lower left side). When upload had finished press "Continue."

10. Don't pay attention to the list of folder. Just stroll down to the bottom of the page and click on "Complete Upload" bar.
11. When you are done, please logout (upper right hand corner).

Congratulations to our 2016 RDN Day Contest winner, Annelies Newman, RDN, CD, of Saint George, Utah. When asked What's the best way to help consumers Savor the Flavor of Eating Right? Annelies responded:

Imagine we are going to a beautiful National Park. But you are blindfolded and have ear plugs...how much would you enjoy the drive? Not much? Well, now start engaging your senses. Stop the car, walk around, smell the air, feel the breeze, see the beauty. Savor and enjoy. The same is true of healthy eating. Choose your favorite recipes for fruits, veggies or a healthy meal. Now sit down, relax, breathe, turn off distractions and engage as many senses into the experience as you can. Take in the colors, textures, flavors and aroma. Slow down, use your senses and enjoy!

Subject: Happy RDN Day!

To members of the Board of Directors of the Academy and its Foundation:

Happy Registered Dietitian Nutritionist Day 2016! Tomorrow marks the 11th consecutive year we celebrate RDN Day and the profession's many contributions to improving the health of patients and clients.

All RDNs are receiving this video greeting on Wednesday from the Academy <http://www.eatrightpro.org/resource/media/multimedia-news-center/videos/registered-dietitian-nutritionist-day> thanking them for their dedication to the profession. We will be promoting RDN Day throughout all of our social media channels, eatright.org and in ERW.

In celebration of Registered Dietitian Nutritionist Day members were asked "What's the best way to help consumers savor the flavor of eating right?" We received more than 160 thoughtful and

inspirational testimonials from members that confirm and support the value of RDNs' services.

The winner of the 2016 Registered Dietitian Nutritionist Day contest is Annelies Newman, RDN, CD:

"Imagine we are going to a beautiful National Park. But you are blindfolded and have ear plugs...how much would you enjoy the drive? Not much? Well, now start engaging your senses. Stop the car, walk around, smell the air, feel the breeze, see the beauty. Savor and enjoy. The same is true of healthy eating. Choose your favorite recipes for fruits, veggies or a healthy meal. Now sit down, relax, breathe, turn off distractions and engage as many senses into the experience as you can. Take in the colors, textures, flavors and aroma. Slow down, use your senses and enjoy!"

Annelies photograph will be featured in New York City's Times Square on an electronic banner throughout Registered Dietitian Nutritionist Day.

Annelies runs her own private practice in Saint George, Utah, and was previously a clinical and outpatient dietitian for Intermountain Healthcare. She became fascinated with nutrition and disease prevention at an early age and has always wanted to help prevent pain and suffering from chronic illness. As a Registered Dietitian Nutritionist, Annelies has helped people of all ages with complex chronic diseases, weight loss issues, family nutrition dynamics, sports nutrition and more in counseling and creating nutrition plans that fit. Today, she specializes in eating disorders and sports nutrition.

Special thank you to all volunteer leaders for your dedication to the Academy and the profession!

Best regards,

Pat

<image001.jpg>To members of the Board of Directors of the Academy and its Foundation:

Happy Registered Dietitian Nutritionist Day 2016! Tomorrow marks the 11th consecutive year we celebrate RDN Day and the profession's many contributions to improving the health of patients and clients.

All RDNs are receiving this video greeting on Wednesday from the Academy <http://www.eatrightpro.org/resource/media/multimedia-news-center/videos/registered-dietitian-nutritionist-day> thanking them for their dedication to the profession. We will be promoting RDN Day throughout all of our social media channels, eatright.org and in ERW.

In celebration of Registered Dietitian Nutritionist Day members were asked "What's the best way to help consumers savor the flavor of eating right?" We received more than 160 thoughtful and inspirational testimonials from members that confirm and support the value of RDNs' services.

The winner of the 2016 Registered Dietitian Nutritionist Day contest is Annelies Newman, RDN, CD:

<image002.jpg> *"Imagine we are going to a beautiful National Park. But you are blindfolded and have ear plugs...how much would you enjoy the drive? Not much? Well, now start engaging your senses. Stop the car, walk around, smell the air, feel the breeze, see the beauty. Savor and enjoy. The same is true of healthy eating. Choose your favorite recipes for fruits, veggies or a healthy meal. Now sit down, relax, breathe, turn off distractions and engage as many senses into the experience as you can. Take in the colors, textures, flavors and aroma. Slow down, use your senses and enjoy!"*

Annelies photograph will be featured in New York City's Times Square on an electronic banner throughout Registered Dietitian Nutritionist Day.

Annelies runs her own private practice in Saint George, Utah, and was previously a clinical and outpatient dietitian for Intermountain Healthcare. She became fascinated with nutrition and disease prevention at an early age and has always wanted to help prevent pain and suffering from chronic illness. As a Registered Dietitian Nutritionist, Annelies has helped people of all ages with complex chronic diseases, weight loss issues, family nutrition dynamics, sports nutrition and more in counseling and creating nutrition plans that fit. Today, she specializes in eating disorders and sports nutrition.

Special thank you to all volunteer leaders for your dedication to the Academy and the profession!

Best regards,

Pat

Hi Donna,

I hope this email finds you doing well. I am following up to see if you are experiencing trouble accessing the CEO Evaluation Survey. As of today, the system is showing two Board Members have not completed the survey and one has skipped the survey. Unfortunately, the system does not provide me with the name of the person who skipped the survey. If you have completed the survey, please double check to make sure it wasn't accidentally skipped.

Also, if you have not had a chance to complete the survey, can you provide me an estimated date as to when you will be able to do so. Please see the below email for the link to the CEO compensation survey.

Thanks,

Carrolyn

Subject: On Behalf of Dr. Evelyn Crayton: CEO Performance Evaluation

Importance: High

TO: Academy Board of Directors

FROM: Dr. Evelyn F. Crayton

One of our Board responsibilities is to annually evaluate the CEO's performance. As you know, we made a few edits to the CEO performance evaluation form this year. It is time for us Board members to complete section II of the evaluation - Competency Evaluation. It is available on survey monkey. Prior to doing the evaluation, take a look at Board agendas, general communications to the Board, CEO summary reports in Board meeting packets, executive session discussions with Pat as well as minutes from our Board meetings.

Please complete the questionnaire by Tuesday, March 1, 2016. The Compensation Committee will summarize the responses, provide you with a summary report and recommendation regarding the CEO base salary for 2016-17 that will be discussed and voted on during the Executive Session

of the May Board meeting. Let me know if you have any questions.

Thank you for participating!

TO BEGIN THE SURVEY click or copy this link into your browser:

<https://www.surveymonkey.com/r/GP8MMK5>

The survey does not need to be completed in one sitting. If you wish to exit the survey and return to complete it later, please feel free to do so. Prior to the deadline, you will be able to log back in and resume the survey from where you left off by using the link above, which is unique to you.

If you have any questions about the evaluation, please contact me at evelyncrayton64@gmail.com

.

Thank you!

Evelyn

Public Policy Weekly News:

1. Child Nutrition and Hunger Programs Action Alert – **Watch for More Information Later this Week**
2. March Public Policy Open Forum – **Register Today!**
3. CPC Webinar to Rollout the New Reporting Harm Tool – **Register today!**
4. PPW 2016 – **Registration Fees and Tentative Schedule Posted**
5. PPW 2016 PPC and PAL Scholarship Recipient Information
6. Academy DPG Experts Needed
7. March Message from Academy Foundation Chair, Jean Ragalie-Carr, RDN, LDN, FAND
8. CMS Promotes MNT Benefit during National Nutrition Month
9. Thumbs Up!

Important Reminder:

When you register for a WebEx webinar, you will receive a personalized confirmation email. Be sure to save the confirmation email as this is your personal registration link. Use the personal link on the day of the event to log into the webinar. Participants will earn **1 FREE CPEU (\$19 value)**.

Time-Sensitive Action Alert in the Senate: Child Nutrition and Hunger Programs

In late January, the Senate Agriculture Committee unanimously passed the Child Nutrition Integrity and Access Act of 2016. The Academy supports the bipartisan work done on this bill, and we will be asking you to tell your Senators to support this bill too.

Most of the Academy's recommendations, created by an expert work group on child nutrition programs, for these programs were included in this bill. We anticipate that the entire Senate will consider this bill soon.

We will be opening an action alert this week. Please **watch for a separate email** with instructions. An all member eblast message will also be sent later this week.

March Public Policy Forum

Join member leaders on the Academy's Legislative and Public Policy Committee (LPPC) leaders

provide an update on current federal public policy issues. Please join Nadine Braunstein PhD, RD, LDN, CDE, Lauren Au PhD, RD and Lorri Holzberg MA, RDN for the March Public Policy Forum on **Tuesday, March 15, 2016 from 2 – 3 p.m. (Eastern Time)**.

Register today for the March Public Policy Open Forum . All DPG, MIG and Public Policy Panel leaders should attend (*please make sure at least one person from your DPG or affiliate participates*).

Special CPC Webinar to Rollout the New Reporting Harm Tool

Join member leaders on the Academy's Consumer Protection and Licensure Subcommittee (LPPC) as they demonstrate the Academy's new nationwide tool for individuals to report instances of harm by both licensed and unlicensed practitioners of dietetics and nutrition. After the training, affiliates and CPCs will have an opportunity to provide feedback for improving the current version of the tool. Once finalized, affiliates will include a prominent hyperlink to it on their website for both members and consumers to use. Please join Lisa Jones Skand, MA RDN LDN FAND; Debbie King, MS RDN LD FAND; and Meg Rowe, MS RD LDN FAND for this special policy training and demonstration on **Thursday, March 31, 2016 from 1-2 p.m. (Eastern Time)**.

Register today for the March Reporting Harm Tool Rollout & Training. All affiliate CPCs should attend; additional Public Policy Panel leaders are encouraged to join.

PPW 2016

2016 Public Policy Workshop is scheduled for **June 23 - 24, 2016**. Exciting changes have been made to the format of the meeting to make attending easier for affiliates, DPGs, MIGs and member leaders. The meeting location is the Marriott Marquis, Washington, D.C.

The registration fees for PPW 2016 are:

\$ 130.00 Academy Member

\$ 60.00 Student member

\$ 60.00 Retired member

\$ 200.00 Non-member

The PPW 2016 tentative schedule follows:

Thursday, June 23, 2016

2:00 – 3:00 p.m. PPC and PAL Only, Required Meeting

3:00 – 3:45 p.m. PPW Opening General Session

3:45 – 6:00 p.m. Preparing for “Act”ion: The Academy’s Big Three

6:00 – 6:30p.m. Ready, Set, CHARGE!

6:30 – 7:30 p.m. Evening Reception – Open to all Attendees

Friday, June 24, 2016

7:00 a.m. – 9:00 a.m. ANDPAC Fundraising Breakfast (Ticket required - \$125 Donation)

9:00 a.m. – 3:30 p.m. Hill Visits with Affiliate Team

We expect the information on registration, hotel and travel will be available later this week! A separate email will be sent to you. We look forward to seeing you in Washington, D.C. in June!

PPW 2016 – PPC and PAL Scholarship Recipient Information

PPC, PAL, alternate PPC and alternate PAL registration scholarship recipients **will be expected to attend a pre-PPW meeting on Thursday, June 23, 2016 from 2 p.m. - 3 p.m.** This session will prepare the PPC to lead the team through the workshop, onto Capitol Hill and in the affiliate.

Important Note: If the PPW registration scholarship is accepted and the **PPC/PAL doesn't attend the pre-PPW meeting on June 23, he/she will be billed for the registration fee.**

Academy DPG Experts Needed

The Academy is considering commenting on a number of proposed regulations, regulatory guidance and information/data collections in the next two months. If you are interested in contributing to the Academy's responses to these regulatory initiatives, please work through your Dietetic Practice Groups (DPGs) to submit input on behalf of the DPG. Many of these information collections are seeking strategies and input for improving research and program structure on the listed topics.

To read more about the proposed rules, click on the links below. The dates noted are the deadline for DPGs to submit input to the Academy's Regulatory Affairs team.

Overarching/Broad Regulatory Changes

- Identifying and Reducing Regulatory Burdens in USDA Regulations (03/14/2016)

Ensuring Safe and Effective Products

- Comment Request; Substances Generally Recognized as Safe: Notification Procedure (03/21/2016)
- Food Labeling; Gluten-Free Labeling of Fermented or Hydrolyzed Foods; Reopening of the Comment Period (04/04/2016)
- Food Labeling; Gluten-Free Labeling of Fermented or Hydrolyzed Foods (04/04/2016)
- Food Additive Petition (04/12/2016)
- Use of the Term "Natural" in the Labeling of Human Food Products; Request for Information and Comments (04/15/2016)

Hunger and Public Health Nutrition

- Supplemental Nutrition Assistance Program (SNAP) Photo Electronic Benefit Transfer (EBT) Card Implementation Requirements (02/29/2016)
- Comment Request-Determining Eligibility for Free and Reduced Price Meals and Free Milk (03/01/2016)
- Child Nutrition Program Operations Study II (03/02/2016)
- SNAP Requirement for National Directory of New Hires Employment Verification and Annual Program Activity Reporting (03/14/2016)

- Community Eligibility Provision Characteristics Study (CEP) (03/14/2016)
- Million Hearts Initiative Info request (03/21/2016)
- Preventive Health and Health Services Block Grant (03/22/2016)
- Enhancing Retailer Standards in the Supplemental Nutrition Assistance Program (SNAP) (04/04/2016)
- Generic Clearance to Conduct Formative Research for Development of Nutrition Education and Promotion Materials and Related Tools for FNS Population Groups (04/05/2016)

Alternate Payment Models, Reimbursement, Professional Opportunities

- Medicare Shared Savings Program; Accountable Care Organizations-Revised Benchmark Rebased Methodology, Facilitating Transition to Performance-Based Risk, and Administrative Finality of Financial Calculations (03/14/2016)
- Comment request National Institutes of Health (NIH) Loan Repayment Programs (04/05/2016)

Technology, Telehealth

- Telehealth Resource Center Performance Measurement Tool (03/04/2016)
- Making It Easier for Patients to Understand Health Information and Navigate Health Care Systems: Developing Quality Improvement Measures (03/28/2016)
- Request for Information on Updates to the ONC Voluntary Personal Health Record Model Privacy Notice (03/30/16)
- ONC Health IT Certification Program: Enhanced Oversight and Accountability (04/13/2016)

Research

- Electronic Mailing List Subscription Form—Nutrition and Food Safety (02/29/2016)
- Solicitation of Nominations for Membership on the Secretary's Advisory Committee on Human Research Protections (03/14/2016)
- Comment request National Institutes of Health (NIH) Loan Repayment Programs (04/05/2016)
- Generic Clearance to Conduct Formative Research for Development of Nutrition Education and Promotion Materials and Related Tools for FNS Population Groups (04/05/2016)

March Message from Academy Foundation Chair, Jean Ragalie-Carr, RDN, LDN, FAND

Welcome to National Nutrition Month! Read more about this in the March Chair Message.

CMS Promotes MNT Benefit during National Nutrition Month

For the eighth consecutive year, the Centers for Medicare and Medicaid Services, in collaboration with the Academy, shared a message to providers during National Nutrition Month to promote the Medicare medical nutrition therapy benefit. The message encourages physicians to help Medicare patients live healthier lives in 2016 by encouraging the use of Medicare-covered nutrition-related services, including MNT. For additional information click, learn more.

Thumbs Up!

Congratulations to Sharon Buhr MPH, RD, LD and Karen Ehrens RD, LD! These two Academy members are running for seats in the North Dakota House of Representatives. Sharon is the director of the Young People's Healthy Heart Program at CHI Mercy Health and clinical dietitian at Sanford Health and has served for 21 years on the Valley City School Board. Karen is past chair of the Academy's Legislative and Public Policy Committee and a national leader on hunger and is

running in her first campaign.

Please let me know if you have questions.

Best,

Teresa

Happy Registered Dietitian Nutritionist Day 2016! Tomorrow marks the 11th consecutive year we celebrate RDN Day and the profession's many contributions to improving the health of patients and clients.

All RDNs are receiving this video greeting on Wednesday from the Academy <http://www.eatrightpro.org/resource/media/multimedia-news-center/videos/registered-dietitian-nutritionist-day> thanking them for their dedication to the profession. We will be promoting RDN Day throughout all of our social media channels, eatright.org and in ERW.

In celebration of Registered Dietitian Nutritionist Day members were asked "What's the best way to help consumers savor the flavor of eating right?" We received more than 160 thoughtful and inspirational testimonials from members that confirm and support the value of RDNs' services.

The winner of the 2016 Registered Dietitian Nutritionist Day contest is Annelies Newman, RDN, CD:

<image002.jpg> *"Imagine we are going to a beautiful National Park. But you are blindfolded and have ear plugs...how much would you enjoy the drive? Not much? Well, now start engaging your senses. Stop the car, walk around, smell the air, feel the breeze, see the beauty. Savor and enjoy. The same is true of healthy eating. Choose your favorite recipes for fruits, veggies or a healthy meal. Now sit down, relax, breathe, turn off distractions and engage as many senses into the experience as you can. Take in the colors, textures, flavors and aroma. Slow down, use your senses and enjoy!"*

Annelies photograph will be featured in New York City's Times Square on an electronic banner throughout Registered Dietitian Nutritionist Day.

Annelies runs her own private practice in Saint George, Utah, and was previously a clinical and outpatient dietitian for Intermountain Healthcare. She became fascinated with nutrition and disease prevention at an early age and has always wanted to help prevent pain and suffering from chronic illness. As a Registered Dietitian Nutritionist, Annelies has helped people of all ages with complex chronic diseases, weight loss issues, family nutrition dynamics, sports nutrition and more in counseling and creating nutrition plans that fit. Today, she specializes in eating disorders and sports nutrition.

Special thank you to all volunteer leaders for your dedication to the Academy and the profession!

Best regards,

Pat

[image002.jpg](#)

To members of the Board of Directors of the Academy and its Foundation:

Happy Registered Dietitian Nutritionist Day 2016! Tomorrow marks the 11th consecutive year we celebrate RDN Day and the profession's many contributions to improving the health of patients and clients.

All RDNs are receiving this video greeting on Wednesday from the Academy <http://www.eatrightpro.org/resource/media/multimedia-news-center/videos/registered-dietitian-nutritionist-day> thanking them for their dedication to the profession. We will be promoting RDN Day throughout all of our social media channels, eatright.org and in ERW.

In celebration of Registered Dietitian Nutritionist Day members were asked "What's the best way to help consumers savor the flavor of eating right?" We received more than 160 thoughtful and inspirational testimonials from members that confirm and support the value of RDNs' services.

The winner of the 2016 Registered Dietitian Nutritionist Day contest is Annelies Newman, RDN, CD:

"Imagine we are going to a beautiful National Park. But you are blindfolded and have ear plugs...how much would you enjoy the drive? Not much? Well, now start engaging your senses. Stop the car, walk around, smell the air, feel the breeze, see the beauty. Savor and enjoy. The same is true of healthy eating. Choose your favorite recipes for fruits, veggies or a healthy meal. Now sit down, relax, breathe, turn off distractions and engage as many senses into the experience as you can. Take in the colors, textures, flavors and aroma. Slow down, use your senses and enjoy!"

I am pleased to tell you that the sponsorship pilot evaluation is underway. A committee has been appointed for the duration of this one-year project and its work has begun. An introductory call took place last week to acquaint the group with the charge and to address any questions. The members are enthusiastic about the opportunity to serve and we are confident that they will provide us with the input we need to make the sponsorship program successful. Please see the attached for a list of committee members and a description of their charge. Special thanks to Cathy Christie for accepting the Chairmanship of this important group.

Best regards,

Pat

On Mon, Mar 7, 2016 at 1:27 PM, Donna Martin <DMartin@burke.k12.ga.us> wrote:

Sherry, Thanks for your note. I appreciate your helping get the vote out in the elections whether it was for me or another candidate. I must admit that I am not that familiar with the LEAP diet and the Mediator Release testing, but I do know where to send your concerns. I am copying Pat Babjak on this email so I can get an idea from her as to what direction we need to take. I will tell you that the Academy is extremely focused on evidence based practice. I am also committed to us helping more DPG's get established, as I think they are such a great membership recruitment tool. I will get back to you when I get a response from Pat. We are also committed to determine what keeps RDN's from maintaining their membership. Thanks for reaching out!

Sent from my iPad

On Mar 7, 2016, at 10:50 AM, Sherry Collins <dietitiasherry@gmail.com> wrote:

Good morning, Donna! Congratulations on your election as President-Elect for the Academy. In spite of my endorsement of Nancy Lewis, I'm so proud that you will be our President. As I mentioned to you in the past, we are incredibly blessed to have had two excellent candidates to choose from. I know you will do an outstanding job. If I can serve you and the Academy in any way, I hope you will keep me in mind.

Meanwhile, an issue has been on my radar for a long time and recently came up again. I hope you might have some advice and be interested in helping me and others concerned about it. As you know, one of my areas of emphasis and intense work is in food allergies. I work with a lot of internationally recognized experts - researchers, pediatric allergists, and dietitians. I'm at the AAAAI conference now, in fact. Among RDNs there are some who promote and use the LEAP Diet and Mediator Release Testing to diagnose and treat patients for food allergies. Are you familiar with this? It is sold to RDNs as a great way to make money and expand their practice (no real mention about helping patients on the website for the company that promotes it). It is NOT evidence-based and has specifically been identified as such in the literature and in professional guidelines for allergy management. Its use is damaging to the credibility of RDNs in the allergy and immunology community, yet CDR recognizes it for CEU. I know that there are hundreds (perhaps) of RDNs who do this. It may be a politically charged issue. However, it is an essential

issue to remedy if we are to claim our position as the food and nutrition experts within the food allergy community. I've been working on this for a few years. For a time, there was a moratorium on CEU for it, but I think that has now expired.

Over the last couple of days, while at AAAAI, I've spoken with several RDNs here at the conference. Some are not members of the Academy because they feel "we" are not open to (1) addressing this issue and (2) making proper education for dietitians on food allergies a priority. This is an emerging area of practice and will continue to grow. Some of these RDNs - especially those who are members - want to start at DPG and have set that in motion, which is very exciting. They are also willing and interested in helping address the issue of LEAP Diet/MRT. Interestingly, Milton Stokes recently reached out to me about it on Twitter and he suggested that I reach out to you. I am thinking perhaps of writing a formal letter/paper that addresses WHY it is not evidence-based practice, how it violates our code of ethics, and the potential for damage to clients/patients.

What do you think about this issue? Do you have any advice or thoughts on how to proceed?
Thank you in advance for your consideration.

Sincerely,
Sherry

Sherry, Thanks for your note. I appreciate your helping get the vote out in the elections whether it was for me or another candidate. I must admit that I am not that familiar with the LEAP diet and the Mediator Release testing, but I do know where to send your concerns. I am copying Pat Babjak on this email so I can get an idea from her as to what direction we need to take. I will tell you that the Academy is extremely focused on evidence based practice. I am also committed to us helping more DPG's get established, as I think they are such a great membership recruitment tool. I will get back to you when I get a response from Pat. We are also committed to determine what keeps RDN's from maintaining their membership. Thanks for reaching out!

On Mar 7, 2016, at 10:50 AM, Sherry Collins <dietitiansherry@gmail.com> wrote:

Good morning, Donna! Congratulations on your election as President-Elect for the Academy. In spite of my endorsement of Nancy Lewis, I'm so proud that you will be our President. As I mentioned to you in the past, we are incredibly blessed to have had two excellent candidates to choose from. I know you will do an outstanding job. If I can serve you and the Academy in any way, I hope you will keep me in mind.

Meanwhile, an issue has been on my radar for a long time and recently came up again. I hope you might have some advice and be interested in helping me and others concerned about it. As you know, one of my areas of emphasis and intense work is in food allergies. I work with a lot of internationally recognized experts - researchers, pediatric allergists, and dietitians. I'm at the AAAAI conference now, in fact. Among RDNs there are some who promote and use the LEAP Diet and Mediator Release Testing to diagnose and treat patients for food allergies. Are you familiar with this? It is sold to RDNs as a great way to make money and expand their practice (no real mention about helping patients on the website for the company that promotes it). It is NOT evidence-based and has specifically been identified as such in the literature and in professional guidelines for allergy management. Its use is damaging to the credibility of RDNs in the allergy and immunology community, yet CDR recognizes it for CEU. I know that there are hundreds (perhaps) of RDNs who do this. It may be a politically charged issue. However, it is an essential issue to remedy if we are to claim our position as the food and nutrition experts within the food allergy community. I've been working on this for a few years. For a time, there was a moratorium on CEU for it, but I think that has now expired.

Over the last couple of days, while at AAAAI, I've spoken with several RDNs here at the conference. Some are not members of the Academy because they feel "we" are not open to (1) addressing this issue and (2) making proper education for dietitians on food allergies a priority. This is an emerging area of practice and will continue to grow. Some of these RDNs - especially those who are members - want to start at DPG and have set that in motion, which is very exciting. They are also willing and interested in helping address the issue of LEAP Diet/MRT. Interestingly, Milton Stokes recently reached out to me about it on Twitter and he suggested that I reach out to you. I am thinking perhaps of writing a formal letter/paper that addresses WHY it is not evidence-based practice, how it violates our code of ethics, and the potential for damage to clients/patients.

What do you think about this issue? Do you have any advice or thoughts on how to proceed?
Thank you in advance for your consideration.

Sincerely,
Sherry

It's only March 4 and already National Nutrition Month 2016 is off to a great start. We are promoting NNM on the Academy's social media channels, highlighting coverage in Daily News, posting new items to EatRightPRO.org and including a roundup every week in *Eat Right Weekly*. The promotion will continue throughout the month, especially on RDN Day on Wednesday, March 9. I hope you are as excited as we are about the celebration that is taking place. Here are just a few highlights.

High Website Traffic and Social Media Outreach

On the first day of National Nutrition Month, we naturally expected a boost in traffic, but reality exceeded even our expectations. On March 1, nearly 30k unique users came to eatright.org (a 63 percent increase) for a total of 76,000 unique page views (up 87 percent). March 1-3, more than 73,000 unique users visited eatright.org. These visitors viewed more than 232,000 pages, of which

26 percent were specifically NNM articles and content. The National Nutrition Month direct email to members brought in more than 1,762 engaged users, who viewed an average of four pages and stayed on the website for more than four minutes (a long period of time for today's online audiences).

Our social media kit is a huge hit with members. It includes:

- Twitter Chat schedule (#NNMchat)
- Link to the Twibbon
- Animated GIFs in English and Spanish
- Static memes in English and Spanish
- Suggested social media messaging
- Facebook cover graphics
- Twitter background graphics

The official hashtag is #NationalNutritionMonth hashtag has been used more than 14,624 on social media by more than 10,358 unique authors for a reach of 19.3 million social media users and 69.3 million impressions made. The #NNMchat hashtag has been used 714 times by 270 unique authors for a reach of 566,000 users and 6.4 million impressions.

National Nutrition Month® Lit Up Times Square in New York City

For the sixth consecutive year, the Academy and National Nutrition Month shined brightly in the lights over Times Square. Kicking off the month-long celebration, on Tuesday, March 1, the image and message appeared on a seven story billboard at the corner of 7th Avenue and 43rd street in New York City – a location that welcomes 1.5 million people a day. In addition, this photo has received the most engagement across four social media channels (EatRight and EatRightPRO) for a total of 35 retweets and 54 favorites on Twitter (4,282 impressions) and 1,755 likes, 287 shares, 18 comments and 86,303 people reached on Facebook.

Blogging NNM

In a U.S. Department of Agriculture blog spotlighting National Nutrition Month, the Academy's President Dr. Evelyn Crayton, RDN, LDN, FAND, covered the importance of child nutrition programs and the need for nutrition education.

NNM Blog Roll

Food and nutrition bloggers are letting people know what it means to savor the flavor of eating right. We have over 40 bloggers who are writing about National Nutrition Month®. Check out the direct links here

<http://www.eatright.org/resource/food/resources/national-nutrition-month/blogroll>

CMS Promotes NNM

For the eighth consecutive year, the Centers for Medicare & Medicaid Services is sharing a message to providers during National Nutrition Month promoting the Medicare MNT benefit. The Provider e-newsletter, encouraged physicians to help their Medicare patients live healthier lives in 2016 by encouraging use of Medicare-covered nutrition-related services, including medical nutrition therapy. The full message has been posted on [EatRightPRO](#) and will be shared on all Academy communication channels.

NNM News Media Coverage (click on image to view broadcast news clip)

Next week look for ...

Coming Next Week

In celebration of Registered Dietitian Nutritionist Day and in honor of the 2016 National Nutrition Month® theme ***Savor the Flavor of Eating Right*** members were asked “What’s the best way to help consumers savor the flavor of eating right?” We received more than 160 thoughtful and inspirational testimonials from members that confirm and support the value of RDNs’ services.

The winner of the 2016 Registered Dietitian Nutritionist Day contest will be announced on Wednesday, March 9. The winner’s profile will be featured on social media, email campaigns and *Eat Right Weekly*, in addition to the big prize of seeing his/her name and photo on a billboard in Times Square.

Please visit www.eatright.org/NNM today and encourage members to log on for:

- National Nutrition Month celebration toolkit
- Event ideas for Registered Dietitian Nutritionist Day
- NNM 2016 PowerPoint presentation
- How to Request a NNM Proclamation from the governor or mayor
- Marketing toolkit

- Social media toolkit and messaging
- Press releases
- Public service announcements

As always, please let me know if you have any questions.

Hi Denise – the DPG and MIG elections did end on 2/22 just as the national elections. Our next process is to enter the names of the winners in our database for each group, which we do over the next month or so. We do not gather state information on any of the candidates for DPG/MIG offices, and they are entered into the database by the specific DPG or MIG, which does not generate a listing of the person's state affiliate.

I would have to look into whether or not there is a report that could be generated to indicate the state affiliation of our DPG/MIG leaders, however due to the fact that we have not yet entered the names into the database, at this time I do not have the information on state affiliations that you are requesting.

Subject: RE: January Board Minutes

Hi Denice,

Thank you for your message. A list of the newly elected national leaders and their state affiliation follows.

Board of Directors

President-elect: Donna Martin, EdS, RDN, LD, SNS, FAND (GA)

Treasurer-elect: Jo Jo Dantone-DeBarbieris, MS, RDN, LDN, CDE (LA)

Director-at-Large: Hope Barkoukis, PhD, RDN, LD (OH)

House of Delegates

Speaker-elect: Dianne Polly, JD, RDN, LDN, FAND (TN)

Director: Susan Brantley, MS, RDN, LDN, CNSD (TN)

At-Large Delegate - 30 Years of Age or Under: Feon Cheng, MPH, RDN (PA)

At-Large Delegate - Retired: Sachiko St. Jeor, PhD, RDN, FADA, FAND (NV)

Nominating Committee

Leader with BOD Experience in the Past 10 Years

- Judith Rodriguez, PhD, RD, FADA, FAND (FL)

National Leader

- Molly Gee, MEd, RD, LD (TX)
- Bethany Thayer, MS, RDN, FAND (MI)

Commission on Dietetic Registration (CDR)

CDR Registered Dietitian Nutritionist

- Rebecca Brody, PhD, RD, LD, CNSC (OR)
- Linda Gigliotti, MS, RDN, CDE (CA)

CDR Board Certified Specialist in Pediatric Nutrition

· Linda Heller, MS, RD, CSP, FAND (CA)

I am asking Amy Biedenharn, Senior Manager of Affiliate Relations/MIG Relations, to respond regarding the affiliate election timeline and newly elected leaders, and Diane Juskelis, Director of DPG/MIG/Affiliate Relations to respond related to DPGs and MIGs.

The Leadership Directory is on the Academy website and can be viewed by clicking [here](#). I have asked our IT staff to run a list of the leaders by state, the file is attached.

Please let me know if you need anything else.

Best regards,

Joan

Subject: Re: January Board Minutes

Hi Joan - thanks for the copy on the minutes.

I have another question that I thought others may be interested in the answer.

From the recent election - including DPGs - can we obtain a list of newly elected leaders by state?

I was going to congratulate someone on the PA list serv and then thought - what if there are other newly elected leaders and I left them out...

Also, it would be interesting - at some point - to see a list of current leaders at the national level by state. To me, this type of real data is valuable. And, maybe it exists somewhere now - thank you!

Hi Denice,

Many of the affiliates are still in the process of electing and appointing individuals. In April and May I will collect the leaders names in preparation for the new year. These leader names will be posted in the leader directory on www.eatrightpro.org that Joan mentioned below.

Let me know if you have additional questions.

Thanks,

Amy

Subject: RE: January Board Minutes

Hi Denice,

Thank you for your message. A list of the newly elected national leaders and their state affiliation follows.

Board of Directors

President-elect: Donna Martin, EdS, RDN, LD, SNS, FAND (GA)

Treasurer-elect: Jo Jo Dantone-DeBarbieris, MS, RDN, LDN, CDE (LA)

Director-at-Large: Hope Barkoukis, PhD, RDN, LD (OH)

House of Delegates

Speaker-elect: Dianne Polly, JD, RDN, LDN, FAND (TN)

Director: Susan Brantley, MS, RDN, LDN, CNSD (TN)

At-Large Delegate - 30 Years of Age or Under: Feon Cheng, MPH, RDN (PA)

At-Large Delegate - Retired: Sachiko St. Jeor, PhD, RDN, FADA, FAND (NV)

Nominating Committee

Leader with BOD Experience in the Past 10 Years

- Judith Rodriguez, PhD, RD, FADA, FAND (FL)

National Leader

- Molly Gee, MEd, RD, LD (TX)
- Bethany Thayer, MS, RDN, FAND (MI)

Commission on Dietetic Registration (CDR)

CDR Registered Dietitian Nutritionist

- Rebecca Brody, PhD, RD, LD, CNSC (OR)
- Linda Gigliotti, MS, RDN, CDE (CA)

CDR Board Certified Specialist in Pediatric Nutrition

- Linda Heller, MS, RD, CSP, FAND (CA)

I am asking Amy Biedenharn, Senior Manager of Affiliate Relations/MIG Relations, to respond regarding the affiliate election timeline and newly elected leaders, and Diane Juskelis, Director of DPG/MIG/Affiliate Relations to respond related to DPGs and MIGs.

The Leadership Directory is on the Academy website and can be viewed by clicking [here](#). I have asked our IT staff to run a list of the leaders by state, the file is attached.

Please let me know if you need anything else.

Best regards,

Joan

Subject: On Behalf of Dr. Evelyn Crayton: CEO Performance Evaluation

Importance: High

TO: Academy Board of Directors

FROM: Dr. Evelyn F. Crayton

One of our Board responsibilities is to annually evaluate the CEO's performance. As you know, we made a few edits to the CEO performance evaluation form this year. It is time for us Board members to complete section II of the evaluation - Competency Evaluation. It is available on survey monkey. Prior to doing the evaluation, take a look at Board agendas, general communications to the Board, CEO summary reports in Board meeting packets, executive session discussions with Pat as well as minutes from our Board meetings.

Please complete the questionnaire by Tuesday, March 1, 2016. The Compensation Committee will summarize the responses, provide you with a summary report and recommendation regarding the CEO base salary for 2016-17 that will be discussed and voted on during the Executive Session of the May Board meeting. Let me know if you have any questions.

Thank you for participating!

TO BEGIN THE SURVEY click or copy this link into your browser:

<https://www.surveymonkey.com/r/GP8MMK5>

The survey does not need to be completed in one sitting. If you wish to exit the survey and return to complete it later, please feel free to do so. Prior to the deadline, you will be able to log back in and resume the survey from where you left off by using the link above, which is unique to you.

If you have any questions about the evaluation, please contact me at evelyncrayton64@gmail.com

.

Thank you!

Evelyn

ON THE PULSE OF PUBLIC POLICY

FY 2017 Funding: What to Expect Next

Congressional appropriations subcommittees are holding hearings with high-level officials from every federal department to discuss Fiscal Year 2017 budget requests. Hearings include "outside witness testimony" providing recommendations on the agency's budget priorities. The Academy has been asked to provide expertise and input on allocating federal funding and will submit it in the coming weeks.

[Learn More](#)

Academy Presents at FRAC and Feeding America Anti-Hunger Conference

Anti-hunger and anti-poverty advocates came to Washington, D.C., recently for three days of training, networking and Capitol Hill advocacy. The Academy was invited to speak on state and local partnerships to support healthy meals and snacks for program providers. Presentations focused on the structure of affiliates and dietetic practice groups with expertise, materials and resources to support healthy, appealing meals and snacks in the Child and Adult Care Food Program and to increase participation; and ways to engage more dietetic interns with CACFP programs.

[Learn More](#)

Academy Joins Pew Charitable Trusts in School Nutrition Advocacy

The Kids Safe and Healthful Food Project at Pew Charitable Trusts, led by Academy member

Jessica Donze Black, MPH, RD, hosted more than 80 school nutrition leaders to advocate for healthy school meals. The Academy will join Pew to rally member leaders and grassroots to advocate for the Senate Agriculture Committee's Child Nutrition Reauthorization bill, which recently passed out of committee and awaits a vote in the full Senate.

[Learn More](#)

Academy Comments to USDA on Dietary Guidelines Process

The Academy presented oral comments to the U.S. Department of Agriculture's Center for Nutrition Policy and Promotion, addressing the efficacy and thoroughness of the process that developed the 2015 *Dietary Guidelines for Americans*. Academy member Angela Tagtow, MS, RD, LD, executive director of the USDA's Center for Nutrition Policy and Promotion, will testify this week on USDA's Fiscal Year 2017 budget request before the House Appropriations Subcommittee on Agriculture, Rural Development, Food and Drug Administration and Related Agencies.

Many Opportunities to Offer Input on Proposed Regulations and Government Initiatives

Make a difference by helping federal agencies refine and improve multiple proposed regulations affecting everything from food labeling (such as GMOs and use of the term "natural") to opportunities to reform any regulations that are burdensome or out of date to initiatives that touch on almost every area of dietetics practice. Members are encouraged to work with your dietetic practice groups to submit input on these initiatives, which are detailed in the Public Policy Weekly News and on the Academy's website.

Donna,

You have always been a diamond and I will do my very best to make you shine even more brilliant! We have a very talented writer on my team that will interview you and will scribe whatever you need written (speeches, presentations, president's pages, etc.). His name is Tom Ryan and he is one of the best.

I absolutely LOVE your new motto and will use it with my team. It will definitely resonate with members of all ages because no matter where we are in life, we can never stop dreaming and together, we can make the dream a reality.

Call me whenever you need ANYTHING J

Congrats, again!

Doris

Subject: Childhood Weight Management Program Competencies and Indicators
Attachment: [Childhood and Adolescent Weight Management Program - Competencies2015.docx](#)
[Self-Study Module - Childhood docx.docx](#)

Attached are the competencies and performance indicators for the on-site program and self-study module. We plan to distribute these documents to the program participants and include on the CDR website.

The full Essential Practice Competencies document is available on the CDR website at https://admin.cdrnet.org/vault/2459/web/files/FINAL-CDR_Competency.pdf.

Please review and let me know if you have any changes by Friday, March 11, 2016.

Thank you.

1776. RE: Update Bio and Handouts Request

From: Pearlie Johnson <PJohnson@eatright.org>
To: DMartin@Burke.k12.ga.us <DMartin@Burke.k12.ga.us>
Sent Date: Mar 02, 2016 12:45:38
Subject: RE: Update Bio and Handouts Request
Attachment:

Thank you. Here are the instructions to upload your presentation:

If possible, we are requesting that you send one PowerPoint for the participants to print and one to show on screen. The PowerPoint to print should only include text and not any unnecessary animations /graphics. We have received complaints regarding the fact that the animations/graphics often time cover up text. Here are the instructions to upload your files. However, if the file is not too large, you can email it to me. I will acknowledge receipt of the e-mail.

1. Go to www.cdrnet.org
2. To login choose the "Login" option on the upper right-hand side of the page.
 1. Sign-in using your Academy/CDR username and password.
 2. On the purple banner, hover over the "Portal" option on the right-hand side and choose the "Library" option from the drop-down menu.
 3. Click on the "2016 Childhood Faculty PowerPoint Files and Handouts" link located to the left.
 4. Click on the "Upload Multiple Files" link located in the gray menu bar.
 5. Scroll down to the bottom of the grey area and click on "add files" button (lower left side)
 6. Browse for your file.
 7. Click open.
 8. To add another file choose "Add Files" button again to add another file to the list.
 9. When you have all the files that you would like to add, click on the "Start Upload" button (lower left side). When upload had finished press "Continue."
 10. Don't pay attention to the list of folder. Just stroll down to the bottom of the page and click on "Complete Upload" bar.
 11. When you are done, please logout (upper right hand corner).

I will added faculty presentations to the box.net secured site as they become available for your review in order to eliminate any overlapping. The due date for your PowerPoint presentation and handouts is Monday, March 7, 2016.

Attachment:

I've updated the following questions (#34 &35) to make them slightly more challenging and more in sync with the content in the Environment and Policy presentation.

34. How has the changing environment lead to increased sedentary activity among children?

There has been leveling off of the amount of time children spend using entertainment media.

Families are living closer to school and workplace so they utilize less active transport methods. More parents are restricting children's access to televisions in their home.

Electronic media is now directed at the very youngest children in our society.

Performance: 100%

Source: Gerstein Kaiser Family Foundation Study Fall 2003/Kibbe

35. Making changes to public policies and programs can mitigate rising chronic disease rates in our pediatric population.

True

False

Performance: 99%

Susie, Thanks so much for reaching out. Yes, I have been inundated with emails, but my favorite emails of all have come from the Academy. It is extra special to get them from you all. It is so important that you all are as excited about working with me as I am working with you all! It could not be a better time to be president! Know that I will support you all and I know I can count on you all to support me so we get it right! My new motto is "teamwork makes the dream work" and we all definitely have a dream for the next century!

Hi Joan - thanks for the copy on the minutes.

I have another question that I thought others may be interested in the answer.

From the recent election - including DPGs - can we obtain a list of newly elected leaders by state?

I was going to congratulate someone on the PA list serv and then thought - what if there are other newly elected leaders and I left them out...

Also, it would be interesting - at some point - to see a list of current leaders at the national level by state. To me, this type of real data is valuable. And, maybe it exists somewhere now - thank you!

March 1 opens the month-long celebration of National Nutrition Month®, the Academy's nutrition education and information campaign. The campaign focuses attention on the importance of making informed food choices and developing sound eating and physical activity habits. In addition, National Nutrition Month® promotes the Academy and its members to the public and media as the most valuable and credible source of timely, scientific-based food and nutrition information.

The theme for 2016 is *Savor the Flavor of Eating Right*, which encourages everyone to take time to enjoy food traditions and appreciate the pleasures, great flavors and social experiences food can add to our lives. How, when, why and where we eat are just as important as what we eat. Develop a mindful eating pattern that includes nutritious and flavorful foods that's the best way to savor the flavor of eating right!

For merchandise, games, tip sheets and additional resources to use in your celebration, visit the National Nutrition Month® website.

Lets get our Savor the Flavor celebration trending! As you engage on social media, make sure you are using the hashtag: **#NationalNutritionMonth**

Now Open Renewal for Academy Membership 2016/2017!

Having trouble viewing this e-mail? View it in your browser.

Hi Donna:

Thank you for your membership with the Academy of Nutrition and Dietetics. Through your membership, the Academy is able to offer a range of benefits that help shape and guide the profession such as position and practice papers, the *2015 Compensation & Benefits Survey of the Dietetics Profession* and Scope of Practice resources for RDNs and NDTRs.

For your convenience, membership renewal for the 2016/2017 year is now open. You can renew:

- Online at www.eatrightPRO.org/renew.
- By phone through the Academys Member Service Center at 800/877-1600, ext. 5000. (Monday through Friday, 8:00 a.m. 5:00 p.m. Central Time). International callers can reach us at +1-312/899-0040, ext. 5000.

Feel free to e-mail membership@eatright.org if you have any questions.

Sincerely,

The Academy Membership Team

A communication from Mary Gregoire, PhD, RD, Executive Director of the Accreditation Council for Education in Nutrition and Dietetics follows below.

Best regards,

Joan
Joan Schwaba, MS, RDN, LDN
Director, Strategic Management
Academy of Nutrition and Dietetics
120 S. Riverside Plaza, Suite 2000
Chicago, Illinois 60606-6995
Phone: 312-899-4798

+++++

Greetings from ACEND,

The Accreditation Council for Education in Nutrition and Dietetics (ACEND[®]) is writing to keep

you informed of our standards development work. A copy of the **March update** is posted on the ACEND Standards webpage www.eatrightacend.org/ACEND/Standards.

The **Marchupdate** includes a brief discussion of supervised practice requirements in the 2017 Draft Accreditation Standards which were released for public comment in early February. The update also answers questions ACEND has received about the draft standards. The draft 2017 Standards are the result of a planned five-year review cycle of the current 2012 Accreditation Standards to ensure compliance with USDE regulations; and are different from the future education model associate's, bachelor's and master's degree standards that will be released for public comment later this year.

The draft standards and a **Webinar** providing an overview of the 2017 Standards development process and key changes from the 2012 Standards are posted on the [ACEND standards committee webpage](#). We value all stakeholder input and encourage you to provide input on the 2017 Standards at the following survey link.

•<https://www.surveymonkey.com/r/2017Std2>

We also invite all stakeholders who are interested in learning more about the 2017 Accreditation Standards and the proposed future education model to attend ACEND's virtual town hall meetings which are held the second Thursday of each month at 11:30 a.m. Central Time. The next meeting will occur **March 10**. Information for connecting to the virtual town hall is posted on the ACEND Standards webpage www.eatrightacend.org/ACEND/Standards.

Please share this information with your constituents/colleagues. If you or they have questions, please send them to acend@eatright.org or call 312-899-4872, so we can respond to them. Future editions of the monthly update will include these questions and an ACEND response.

Thank you so much.

Mary Gregoire, PhD, RD
ACEND, Executive Director

Subject: On Behalf of Dr. Evelyn Crayton: CEO Performance Evaluation

Importance: High

TO: Academy Board of Directors

FROM: Dr. Evelyn F. Crayton

One of our Board responsibilities is to annually evaluate the CEO's performance. As you know, we made a few edits to the CEO performance evaluation form this year. It is time for us Board members to complete section II of the evaluation - Competency Evaluation. It is available on survey monkey. Prior to doing the evaluation, take a look at Board agendas, general communications to the Board, CEO summary reports in Board meeting packets, executive session discussions with Pat as well as minutes from our Board meetings.

Please complete the questionnaire by Tuesday, March 1, 2016. The Compensation Committee will summarize the responses, provide you with a summary report and recommendation regarding the CEO base salary for 2016-17 that will be discussed and voted on during the Executive Session of the May Board meeting. Let me know if you have any questions.

Thank you for participating!

TO BEGIN THE SURVEY click or copy this link into your browser:

<https://www.surveymonkey.com/r/GP8MMK5>

The survey does not need to be completed in one sitting. If you wish to exit the survey and return to complete it later, please feel free to do so. Prior to the deadline, you will be able to log back in and resume the survey from where you left off by using the link above, which is unique to you.

If you have any questions about the evaluation, please contact me at evelyncrayton64@gmail.com.

Thank you!

Evelyn

Upcoming Weight Management Programs

Certificate of Training in Adult Weight Management Program

May 13-15, 2016 ~ Pittsburgh, Pennsylvania

June 10-12, 2016 ~ Salt Lake City, Utah

Registration Fee: \$370.00

CPE Hours Awarded: 35

For registration information and to view the certificate requirements, timeline, registration deadlines and agenda:

<http://cdrnet.org/weight-management-adult-program>

Certificate of Training in Childhood and Adolescent Weight Management Program

March 22-24, 2016 ~ Indianapolis, Indiana Registration Deadline March 7, 2016

Registration Fee: \$370.00

CPE Hours Awarded: 35

For registration information and to view the certificate requirements, timeline, registration deadlines and agenda:

<http://cdrnet.org/weight-management-childhood-adolescent-program>

Level 2 Certificate of Training in Adult Weight Management Program

April 1-3, 2016 ~ New Brunswick, New Jersey

Registration Fee: \$445.00

CPE Hours Awarded: 50

For registration information and to view the certificate requirements, timeline, registration deadlines and agenda:

<http://cdrnet.org/weight-management/level2>

Steps to earn certificate:

1. Register for a certificate program.

2. Read pre-work materials which include research articles, resources and activities.
3. Pass multiple choice pre-test with a minimum score of 80%. The questions are based on the pre-work readings.
4. Attend a 2 1/2 day on-site workshop where you can learn and network with peers.
5. Pass a take-home multiple choice post-test with a minimum score of 80%. The questions are based on the on-site presentations and pre-work readings.

What previous participants have to say about the programs:

I attended one of the first sessions. At the time it was excellent. It is more than excellent now. Excellent presentation, materials, quality for the future of obesity management. Well done!

J. Speer, RD

Los Osos, CA

Program confirmed that some of my current practices are aligned with best practices and gave me food for thought for new teaching techniques to engage children and their parents in weight management.

Ilaria St. Florian, MS RD

Clinical Dietitian

Stamford, Connecticut

As weight maintenance is an uphill battle, this training program provided hope via resources and knowledge to carry with me in my practice. The presenters were all charismatic and offered encouragement in spite of the weight of the information.

Caroline B Sanborn, RD

Ambulatory Care RD

Tampa, FL

If you are unable to attend an on-site program, you may wish to consider one of our self-study modules. The modules are now available in paper and on-line versions.

For Information:

Adult Weight Management Self-Study Module

<http://cdrnet.org/weight-management/adult-module>

Childhood and Adolescent Weight Management Self-Study Module

For information:

<http://cdrnet.org/weight-management/childhood-module>

Level 2 Adult Weight Management Self-Study Module

For information:

Subject: Re: Welcome Back!!!!

Mary Beth, Thanks so much for your sweet note. I cannot tell you how excited I am, but what makes me excited is that we have such great staff at headquarters to work with. I felt so much support from headquarters and that was one of the biggest reasons I was willing to run. Know that I will be there to support you all so you can do your job! I love Lucille and we will make a great team. I want to bring back the teamwork concept that we all should have. My new motto is teamwork makes the dream work! We have lots of dreams and I am excited to continue to move the great work the Academy has started forward! Please reach out to me and let me know what I need to do to support your efforts. Excited to be back on the foundation board!

Subject: Welcome Back!!!!

This has been a week full of good news! I could not be happier that you have been elected and because of your new role as President-elect you will be re-joining the Foundation Board of Directors! This is such an exciting time for the Foundation and you will be a welcome addition to a really great group of leaders. We just heard from General Mills Foundation that our request for support was approved. This \$250,000 grant is (hopefully) the first step toward taking our General Mills Champions grant model global. We will fill you in on all that you need to know in due time. Celebrate your victory. You earned it. You are a class act and you will continue to represent the Academy the Foundation and your profession so well!!!!

Subject: Good News

Good evening, Mary Beth, Katie and Susie,

I am pleased to confirm that our Foundation Board of Trustees unanimously approved this afternoon a project grant to ANDF in the amount of \$250,000.00 for the purposes of exploring and planning a Hunger-Free Communities grants platform.

We are incredibly excited about entering this new chapter with the ANDF, and look forward to coordinating next steps soon.

Kindly,

Nicola

On Feb 29, 2016, at 9:32 AM, Jim Weinland <jweinland@eatright.org> wrote:

Dear Donna,

First, I would like to congratulate you on your election to the office of President-elect. Secondly, I wanted to let you know that in the upcoming membership year (June 1, 2016 – May 31, 2017), as you begin your term as President-elect, the Academy will provide you with complimentary membership in all DPGs, MIGs and Academy Groups.

IMPORTANT: Due to the functionality of the Academy’s online renewal system, this year only, we ask that you use the hard copy dues form that will be mailed to you in April to submit your Academy membership dues and any donations to the Academy Foundation and/or ANDPAC you wish to make. Once your Academy membership has been renewed, we will take care of your complimentary DPG, MIG and Academy Group memberships.

You may also renew your membership over phone by contacting either myself, or Laura Soto, Lead Membership Representative, at 800/877-1600, ext. 4776 / lsoto@eatright.org. We would be happy to personally process your dues payment and any Foundation or ANDPAC donations.

More information on our dues renewal procedures for Academy Presidents can be found below. If you have any questions regarding your membership renewal, please feel free to contact us.

Academy dues renewal procedure for President, President-elect, Immediate Past President, and Former Presidents:

To clarify potential questions regarding why you received a 2016/2017 dues bill, the chart below summarizes the procedure for Academy dues bills (and “complimentary” dues) for Presidents (current, elect, past, and former). Dues bills are mailed to Academy Presidents so that they have the option to donate to the Academy Foundation or ANDPAC, or join DPGs, MIGs and/or Academy Groups (though DPGs, MIGs and Academy Groups are complimentary for the current President and President-elect). Once you move from President-elect to the office of President, your membership status will be transferred to the “Life” category and you will never again pay national dues. However, even when you become a “Life” member you may want to donate to the Foundation and ANDPAC or join a DPG, MIG or Academy Group:

Mary Beth, Thanks so much for your sweet note. I cannot tell you how excited I am, but what makes me excited is that we have such great staff at headquarters to work with. I felt so much support from headquarters and that was one of the biggest reasons I was willing to run. Know that I will be there to support you all so you can do your job! I love Lucille and we will make a great team. I want to bring back the teamwork concept that we all should have. My new motto is teamwork makes the dream work! We have lots of dreams and I am excited to continue to move the great work the Academy has started forward! Please reach out to me and let me know what I need to do to support your efforts. Excited to be back on the foundation board!

Subject: Welcome Back!!!!

This has been a week full of good news! I could not be happier that you have been elected and because of your new role as President-elect you will be re-joining the Foundation Board of Directors! This is such an exciting time for the Foundation and you will be a welcome addition to a really great group of leaders. We just heard from General Mills Foundation that our request for support was approved. This \$250,000 grant is (hopefully) the first step toward taking our General Mills Champions grant model global. We will fill you in on all that you need to know in due time. Celebrate your victory. You earned it. You are a class act and you will continue to represent the

Academy the Foundation and your profession so well!!!!

Subject: Good News

Good evening, Mary Beth, Katie and Susie,

I am pleased to confirm that our Foundation Board of Trustees unanimously approved this afternoon a project grant to ANDF in the amount of \$250,000.00 for the purposes of exploring and planning a Hunger-Free Communities grants platform.

We are incredibly excited about entering this new chapter with the ANDF, and look forward to coordinating next steps soon.

Kindly,

Nicola

Your print copy of *Food & Nutrition* is in the mail, but you can access the digital edition now via our @FoodNutriMag app or any common web browser!

Power on the Plate

Focusing on foods that promote healthy blood vessel function provides a positive approach to heart-healthy eating.

A Big Sodium Debate

Limiting sodium intake is important for managing high blood pressure, but are low-sodium recommendations safe for everyone? Disagreement over dietary sodium has the science community fired up over this complex controversy.

The Science of Savory Flavor-y

Salts traditional role as a flavor enhancer has competition from umami-rich foods. Learn why certain savory strategies are successful for low-sodium cooking.

Fast Food Goes Au Naturel

Higher quality and sustainable offerings in the fast casual restaurant sector are changing the way consumers think about fast food.

Garlic

As if we needed another reason to love garlic, new studies suggest sulfuric compounds from this aromatic may assist in the management of hypertension.

Say Cheese

Hard cheeses offer an array of flavors and textures that can add interest and umami to favorite foods or cheese plates.

Food & Nutrition Reader Survey

Take our 2016 reader survey and be entered to win a Mauviel Hammered Copper Jam Pan.

Please see communication to follow from Doris Acosta. Thank you.

Greetings! The March/April issue of *Food & Nutrition Magazine*® hits the mail today, and tomorrow Academy members will receive notification about the digital edition. This is the Hypertension Issue, with features including:

- Power on the Plate:** Focusing on foods that promote healthy blood vessel function provides a positive approach to heart-healthy eating.
- A Big Sodium Debate:** Limiting sodium intake is important for managing high blood pressure, but are low-sodium recommendations safe for everyone? Disagreement over dietary sodium has the science community fired up over this complex controversy.
- The Science of Savory Flavor-y:** Salt's traditional role as a flavor enhancer has competition from umami-rich foods. Learn why certain savory strategies are successful for low-sodium cooking.
- Fast Food Goes Au Naturel:** Higher quality and sustainable offerings in the fast casual restaurant sector are changing the way consumers think about fast food.

- Garlic:** As if we needed another reason to love garlic, new studies suggest sulfuric compounds from this aromatic may assist in the management of hypertension.
- Recipes to Celebrate Spring:** Shake off the winter chill and transition into spring with these fresh and flavorful recipes that incorporate pantry staples.
- Say Cheese!** Hard cheeses offer an array of flavors and textures that can add interest and umami to favorite foods or cheese plates.

We hope you will enjoy this issue of *Food & Nutrition!*

Thank you.

Dear Board of Directors,

Jenn Folliard of the PIA staff formalized a public policy track for interns and fellows in our Washington office. As a result of these efforts, we have seen cost savings of \$36,000 while stretching our reach. In addition, as you will see by the attached summary, these young members have gone on to start successful careers while maintaining contact with our PIA. This is a long-

range win/win for everyone.

Best regards,

Patricia M. Babjak

Hi Mary Beth and staff:

Oh we know well the frustration of having to deal with construction! Last year our office was under a foot of water that came from the ceiling destroying furniture, computers and files. All because a workman left a hose running in a utility closet above our suite. Hopefully our war stories make you feel better.

It will get better and thankfully you have a resourceful team! Thanks for keeping us updated.

Please see communication to follow from Mary Beth Whalen. Thank you.

The last two days at headquarters have been challenging. Around 7:30 CST yesterday morning we lost phone and network access for the south side of the building. After trouble shooting the problem, we determined that the building construction crew on the 19th floor cut the fiber optic cable that connected the south side of the office to the server room. The building management staff was called and immediately began the process of repairing the fiber optic cables.

Unfortunately, the cables were so severely damaged that new cables had to be installed. The repair was completed (or so we thought) at 3 p.m. CST. Since the cables went through our floor, there wasn't much we (staff) could do but wait and get creative in how we conduct business. Staff took advantage of all available technology on the north side of the building, used hotspots when possible and operated low-tech but we continued operations. We posted notifications on the website to make our members aware of the situation and hopefully minimize their frustration. There simply wasn't much we could do to alleviate the phone situation until the repairs were complete. The repair was completed, or so we thought, at 3PM CST on Thursday, only to drop off again this morning!

I wish I could provide a better explanation than someone on another floor wasn't paying attention to his job and cut our lines. All I can do is tell you that we are aware of the situation and we are working with the building to once again get the Academy firing on all cylinders. Thank you for your patience and thanks to our IT, Membership and Web Teams for stepping up to explore solutions and keep us as connected as possible.

Pat, Mary Beth and Academy Staff,

Frankly, hats off to you and your team for the resourcefulness and creativity with which they attacked this problem. Having been in similar situations several times (once, an unexpectedly bad cold spell broke the pipes over our server room), I can say with utmost conviction that you simply have to follow Teddy Roosevelt's quote: "Do what you can. With What you have. Where you are."

Again, nice work on rallying around and fixing the problem.

Going forward, it may be worth having a leadership team conversation regarding both large-scale and small-scale disaster recovery planning and how this incident might be used as a key "learning moment" for handling future events. It would be a shame if we lost all of the valuable insight (and emotion!) that came out of this challenge.

Hello all—

I had the privilege of participating in a session at work entitled “Philanthropic Practices for Academic Leaders in Health Professions.” The group, Advancement Resources, is chaired by Joe Golding who facilitated our session. Not only was he an excellent facilitator, but I learned a great deal about the research that goes into fundraising skills. If we (the Academy Foundation) have not previously engaged this group to work with us, I would highly recommend considering it. I came away with much more insight into the art and science of donor development.

I believe for our Second Century Campaign, we should take our own skill levels up a notch to really address the individual passions of donors. Learning to craft our messages to be inspirational seems to be a really big role.

Check out the website at <http://www.advancementresources.org/>. There are multiple workshops available for a variety of organizations, including non-profit organizations and health-care organizations.

Have a great weekend!

Sylvia

This has been a week full of good news! I could not be happier that you have been elected and because of your new role as President-elect you will be re-joining the Foundation Board of Directors! This is such an exciting time for the Foundation and you will be a welcome addition to a really great group of leaders. We just heard from General Mills Foundation that our request for support was approved. This \$250,000 grant is (hopefully) the first step toward taking our General Mills Champions grant model global. We will fill you in on all that you need to know in due time. Celebrate your victory. You earned it. You are a class act and you will continue to represent the Academy the Foundation and your profession so well!!!!

Subject: Good News

Good evening, Mary Beth, Katie and Susie,

I am pleased to confirm that our Foundation Board of Trustees unanimously approved this afternoon a project grant to ANDF in the amount of \$250,000.00 for the purposes of exploring and planning a Hunger-Free Communities grants platform.

We are incredibly excited about entering this new chapter with the ANDF, and look forward to coordinating next steps soon.

Kindly,

Nicola

Evelyn, Lucille and Donna,

First of all, Donna, congratulations on your nomination as Academy President-elect for 2016-2017! I am very excited to work with you!

Second, attached is the logistic sheet for our upcoming Nutrition News Forecast event, which takes place April 16-17 in Denver, Colorado. We welcome you all to join us, as we bring our Academy spokespeople together for our learning and networking event.

Please review the logistics and book your flights as soon as possible. Once your flights have been booked, please inform Irene Perconti (ipercon@eatright.org) and she will then work on your hotel rooms.

And please let us know if you have any questions or concerns along the way. We are looking forward to seeing you in Denver!

Sincerely,

Evelyn, Lucille and Donna,

First of all, Donna, congratulations on your nomination as Academy President-elect for 2016-2017! I am very excited to work with you!

Second, attached is the logistic sheet for our upcoming Nutrition News Forecast event, which takes place April 16-17 in Denver, Colorado. We welcome you all to join us, as we bring our Academy spokespeople together for our learning and networking event.

Please review the logistics and book your flights as soon as possible. Once your flights have been booked, please inform Irene Perconti (ipercon@eatright.org) and she will then work on your hotel rooms.

And please let us know if you have any questions or concerns along the way. We are looking forward to seeing you in Denver!

Sincerely,

Ryan O'Malley

Senior Manager, Strategic Communications

Academy of Nutrition and Dietetics

Ryan, I am excited to be working with you also. I have booked my flights into Denver and will be there.

Do you know if the Academy will be sending out any press announcements on the results of the ballots or who would be responsible for sending them out if they did?

ON THE PULSE OF PUBLIC POLICY

FDA Grant to Establish Food Safety Regional Centers

As part of the Food Safety and Modernization Act, the Food and Drug Administration recently announced grants to new regional centers for food safety training, outreach and technical assistance at Iowa State University and the University of Vermont and State Agricultural College. The regional centers will provide targeted training opportunities for businesses on compliance with new food safety rules. The Academy supports implementation of FSMA.

February 24, 2016

Dear Donna:

On behalf of the members of the Academy of Nutrition and Dietetics, it is my privilege to inform you that you have been elected to the position of President-elect. The election results are enclosed for your information and will be posted today on www.eatrightpro.org/elections at 3:00 pm Central Time.

It is with great personal pleasure that I congratulate you. Your vision will guide the profession and help shape the future of the Academy into its second century of progress.

You will officially assume office on June 1, 2016. Orientation materials, including information on upcoming meetings, will be forthcoming.

Sincerely,

Deanne S. Brandstetter, MBA, RD, CDN, FAND
2015-16 Nominating Committee Chair

Subject: March 20-21 BOD Meeting Time

Since we have still been experiencing schedule conflicts, we are moving the times for the meeting **to start at 2:00pm on Sunday, March 20 and will adjourn at 3:00pm on Monday, March 21.**

Hotel accommodations will be in downtown Chicago, reservations will be made for arrival on Sunday, March 20, unless requested otherwise. You are approved to make your travel arrangements for the meeting. Please go to <https://adatvl.axo20.com/> and select your flights, enter

1032430 for the approval code and indicate that the Academy is paying for travel from the drop down menu below the approval code box. If you have credit from the cost of an unused ticket, a prompt will display on your screen once you search for flights. If you have already booked your flight please call the Academy Travel Desk at 1-800-344-8212 to update your flight itinerary. The ticket change fee will be subtracted from the cost of the original flight and the remainder will be applied to the new reservation.

Thank you!

Subject: Upcoming Board Meetings

For various reasons several Board members are not able to attend the March 4-5 face to face Board meeting. Having reviewed multiple schedules we are changing the meeting to **Saturday**,

February 27 and Sunday, February 28. The timing format proved to be cost effective since a one-night hotel stay is eliminated. We will begin at 2:00pm on Saturday and adjourn at 3:00pm on Sunday, again staying at a hotel near O'Hare which adds to the cost efficiency.

Hotel reservations will be made for arrival on **February 27**, unless requested otherwise. You are approved to make your travel arrangements for the meeting. Please go to <https://adatvl.axo20.com/> and select your flights, enter 1032430 for the approval code and indicate that the Academy is paying for travel from the drop down menu below the approval code box.

After March, the next Board meeting is scheduled for May 12-13, 2016 and will take place at Academy headquarters. We will be inviting the newly elected incoming Board members to attend and observe, which assists in the transitioning. The Board retreat will follow on July 9-11, 2016 in Charleston, SC.

Evelyn, Lucille and Donna,

First of all, Donna, congratulations on your nomination as Academy President-elect for 2016-2017! I am very excited to work with you!

Second, attached is the logistic sheet for our upcoming Nutrition News Forecast event, which takes place April 16-17 in Denver, Colorado. We welcome you all to join us, as we bring our Academy spokespeople together for our learning and networking event.

Please review the logistics and book your flights as soon as possible. Once your flights have been booked, please inform Irene Perconti (ipercon@eatright.org) and she will then work on your hotel rooms.

And please let us know if you have any questions or concerns along the way. We are looking forward to seeing you in Denver!

Sincerely,

Ryan O'Malley

Subject: Upcoming Board Meetings

For various reasons several Board members are not able to attend the March 4-5 face to face Board meeting. Having reviewed multiple schedules we are changing the meeting to **Saturday, February 27 and Sunday, February 28**. The timing format proved to be cost effective since a one-night hotel stay is eliminated. We will begin at 2:00pm on Saturday and adjourn at 3:00pm on Sunday, again staying at a hotel near O'Hare which adds to the cost efficiency.

Hotel reservations will be made for arrival on **February 27**, unless requested otherwise. You are approved to make your travel arrangements for the meeting. Please go to <https://adatvl.axo20.com/> and select your flights, enter 1032430 for the approval code and indicate that the Academy is paying for travel from the drop down menu below the approval code box.

After March, the next Board meeting is scheduled for May 12-13, 2016 and will take place at Academy headquarters. We will be inviting the newly elected incoming Board members to attend and observe, which assists in the transitioning. The Board retreat will follow on July 9-11, 2016 in Charleston, SC.

Best regards,
Joan

Subject: 2016 Presidents' Lecture Selection
Attachment: [image002.jpg](#)
[image004.jpg](#)

At the October 2015 Board of Directors meeting, the topic of Advances in Brain Health and the Impact of Nutrition was selected for the 2016 Presidents' Lecture. Speaker names were submitted by the Committee for Lifelong Learning (Professional Development), Practice Group Leaders, Academy committee leadership, and appropriate internal Academy staff.

Please rank the proposed speakers by **Monday, February 29** using the following link: <https://www.surveymonkey.com/r/2016PresidentsLecture>. We have taken past Board feedback into account and changed the evaluation process, moving away from a forced ranking. This new format allows each speaker to be evaluated independently on four different criteria that will then be quantified during the analysis process.

Thank you for your feedback; we will share the results of the scoring with you before contacting the presenter.

Best regards,

Patricia M. Babjak

Subject: March 20-21 BOD Meeting Time

Since we have still been experiencing schedule conflicts, we are moving the times for the meeting **to start at 2:00pm on Sunday, March 20 and will adjourn at 3:00pm on Monday, March 21.** Hotel accommodations will be in downtown Chicago, reservations will be made for arrival on Sunday, March 20, unless requested otherwise. You are approved to make your travel arrangements for the meeting. Please go to <https://adatvl.axo20.com/> and select your flights, enter 1032430 for the approval code and indicate that the Academy is paying for travel from the drop down menu below the approval code box. If you have credit from the cost of an unused ticket, a prompt will display on your screen once you search for flights. If you have already booked your

flight please call the Academy Travel Desk at 1-800-344-8212 to update your flight itinerary. The ticket change fee will be subtracted from the cost of the original flight and the remainder will be applied to the new reservation.

Thank you!

Subject: March 20-21 BOD Meeting Time

Since we have still been experiencing schedule conflicts, we are moving the times for the meeting **to start at 2:00pm on Sunday, March 20 and will adjourn at 3:00pm on Monday, March 21.** Hotel accommodations will be in downtown Chicago, reservations will be made for arrival on Sunday, March 20, unless requested otherwise. You are approved to make your travel arrangements for the meeting. Please go to <https://adatvl.axo20.com/> and select your flights, enter 1032430 for the approval code and indicate that the Academy is paying for travel from the drop down menu below the approval code box. If you have credit from the cost of an unused ticket, a prompt will display on your screen once you search for flights. If you have already booked your flight please call the Academy Travel Desk at 1-800-344-8212 to update your flight itinerary. The ticket change fee will be subtracted from the cost of the original flight and the remainder will be applied to the new reservation.

Thank you!

Joan

Subject: Upcoming Board Meetings

For various reasons several Board members are not able to attend the March 4-5 face to face Board meeting. Having reviewed multiple schedules we are changing the meeting to **Saturday, February 27 and Sunday, February 28**. The timing format proved to be cost effective since a one-night hotel stay is eliminated. We will begin at 2:00pm on Saturday and adjourn at 3:00pm on Sunday, again staying at a hotel near O'Hare which adds to the cost efficiency.

Hotel reservations will be made for arrival on **February 27**, unless requested otherwise. You are approved to make your travel arrangements for the meeting. Please go to <https://adatvl.axo20.com/> and select your flights, enter 1032430 for the approval code and indicate that the Academy is paying for travel from the drop down menu below the approval code box.

After March, the next Board meeting is scheduled for May 12-13, 2016 and will take place at Academy headquarters. We will be inviting the newly elected incoming Board members to attend and observe, which assists in the transitioning. The Board retreat will follow on July 9-11, 2016 in Charleston, SC.

Best regards,
Joan

Subject: RE: Finance and Audit Committee meeting on Tuesday, February 23rd at 1 p.m. CST

All,

We have a Finance and Audit Committee meeting will be on Tuesday, February 23rd at 1:00 p.m. CST. Maria has begun to put the information onto the portal and will let you know when everything is completed. Also, the webinar invitation has gone out to everyone from the Academy IT team. Please let me know if you did not receive the information. The meeting agenda will focus on the following;

1. November final financials
2. December preliminary financials
3. April FAC meeting

I also have invited the Academy Executive team to audit our call. I thought it might be informative for the E-team to hear what is discussed. It is not mandatory. However, I thought it would be help to the team. In addition, if anyone can attend the call, and the committee has a question, they could answer it immediately. Hopefully, a win/win scenario.

Now, onto the narrative.

I. December Adjustments

There were no changes made to the original December financials

II. Investments

Unfortunately, the investment news continues to be the same; losses. In January, the combined portfolios lost nearly \$1.6M. This brings the year to date losses to just over \$2.6 million. The one bright spot is when I wrote this email in January, our portfolio was actually down \$3.4M for January. So, we did see a “rally” at the end of the month. I wish I could tell you we are experiencing a rebound in February. Through yesterday, the combined portfolios are down approximately \$335,000. This represents a 0.6% loss. The portfolios were down more earlier in the month, and unfortunately, are down this morning. That being said, 0.6% is not insurmountable. We still have the possibility of moving higher. I did talk to Al Bryant yesterday and he again reiterated that this will pass and he views this as just another market correction. I will keep you informed if this changes.

III. Academy preliminary January Financials (A3 and A10)

The Academy results for January were short of expectations. In January, the Academy revenue was short of the budget target by \$90,552. On the expense front, the Academy expenses were under budget by \$8,654. If you combine these two numbers, you will see that the Academy missed its Operating Income target by \$81,898. As I mentioned above, investments continued the poor performance and missed the budget target by \$573,568 in January. So, after adding everything together, the Academy had a Net Deficit of \$694,001. This underperformed the budget by \$655,465.

Year to date, through January, the Operating Revenues are now down by \$459,949 while the Operating Expenses are under budget by \$86,280. This results in an Operating Deficit of \$755,821 which is under-performing when compared to the budget by \$373,669. The one bright spot on the “overall financials” is the Operating Deficit is \$842,102 smaller (better) than the Operating Deficit through January of last year. This reflects a reduction of almost 53%. So, one of the “takeaways” from the financial results is the Academy is doing much better than last year, but, not as good as our budget.

The revenue in January continued to under-perform in some of the same areas as we have discussed previously; Publication (down \$53.1K) and Sponsorships (down \$22.1K). In January, we have missed out targets on Grants (down \$29.3K) and Other (down \$9.6K). In both cases, this could be a “timing” issue. One bit of good news for the month is Membership revenue beat the budget by \$2,766. This is mostly due to the Fellow revenue. However, the gap on Membership itself, at least for January, has closed. Since this is a “recurring “ revenue stream, hopefully, it won't be just for one month. We also saw higher revenue in Programs and Meetings (up \$20.3) and Higher Subscriptions (up \$0.5K). The attached variance grid will provide the details.

On the expense front, the Academy had a quite a few categories that were over budget in January. The largest of which continues to be travel (up \$21.7K). Most of the travel over-run is due to the January Academy Board meeting. As I mentioned last month, this is my largest concern. When you look at the year to date variances, Travel is now over budget by \$65,542. In January, we also saw over-runs in Personnel (up \$10.5K), Postage and Mailing (up \$8.1K), Advertising (up \$2.3K), Bank Fees (up \$7.4K), and Meeting Services (up \$16.7K). Postage and Mailing and Advertising appear to be timing issues. Personnel is due to higher temporary help to offset vacancies within the Academy. Bank fees could be a timing issue, but, we won't know for a month or two. Meeting Services is higher primarily due to the Academy Board Meeting.

On a year to date basis, we do have a few expense areas over-running the budget. The over-run in personnel for January now puts us slightly over budget. Even though we are at 99.98% of budget J, we will keep an eye on this one. Legal, Computer expenses and Advertising may be over on timing issues. For example, we are seeing lower Legal expenses in February which may help to recapture the over-run through January. We will continue to monitor this area. The big areas of concern are Travel and Meeting Services. On a positive front, we are under in a few categories as well; Publications (down \$64.8K), Professional Fees (down \$80.2K), Postage and Mailing (down \$57.4K) and Printing (down \$25.3K) are the largest of the bunch.

Overall, the Academy is holding expenses under-budget even with some of the over-runs. The major area of concern is revenue. It isn't meeting expectations. As a positive footnote; the revenue through January is \$88,188 higher than the revenue through January of last year. So, revenue is at least higher. Just not as high as we would like.

As I mentioned above, I am including the variance grid for your review.

IV. Foundation Preliminary January Financials (A2, A8 and A9)

The Foundation had an interesting month in January. You will see that the actual revenue for the month was as negative \$113,377. This was due to refunding money provided by Monsanto in a previous period. The Foundation Board approved returning the funds. So, you have a negative result. Naturally, this did have a large impact on the overall performance of the Foundation. In January, the Foundation had an Operating Deficit of \$274,981. This was \$129,155 larger (worse) than the budget. This was primarily driven by the under-run in revenue addressed previously. Expenses for the month were under budget by \$31,606. The only major category over budget is Scholarships and Awards (up \$13.5K). This is likely a timing issue. The investment income

continues to be drag on the performance of the Foundation. Investments lost \$636,727 in January. This is \$767,885 under budget.

Year to date, the Foundation's revenue is \$324,383 under budget while the expenses are \$220,374 under budget. This results in an Operating Deficit that is \$104,009 larger (worse) than the budget. Considering the loss of the General Mills Grant revenue in December and the return of the Monsanto money in January, the Foundation is performing well. The only negative at this time is the Investment income. Investment income is now \$2,120,254 below budget.

The overall financial results have now driven the Foundation's Net Assets to \$21.9M (A9). Smaller, but, still strong.

V. CDR preliminary January Financials (A4 and A11)

CDR, overall, had a another good month in January with the exception of Investments. Revenue exceeded the budget by \$15.1K while expenses were under budget by \$146.2K. This combination resulted in an Operating Profit of \$68,192 which was \$161.3K better than the budget. Higher revenue; lower expenses and an Operating Profit. All good signs. As was addressed above and in previous months, the only negative is the Investment Income. Investment Income fell short of budget by \$301,150 in January.

On a year to date basis, CDR is performing very well. Revenue is nearly on target for the year (down \$3.1K) at 99.95% of budget. Expenses are now \$1,119,049 under budget. Overall Operating Income is \$1,115,959 higher than the budget. As was the case with January, the only negative for the year are investment results. The investments are down \$417,255 for the year. Even with this loss, the Net Income is still better than the budget by \$324,618. So, the operational results are over-coming the shortfall from investments.

VI. DPGs/MIGS/ACEND Preliminary January Financials (A5 and A12)

The combined DPGs/MIGS/ACEND financial results were better than expectations in January. Both revenue (up \$10.0K) and expense (down \$109.5K) performed better than the budget targets. The final results reflected Operating Income of \$81,091. Again, it is always good to have a positive operating result. In this case, it was positive and it exceeded the budget by \$119,537. The only negative in January was the investment results. These were down \$232,120 when compared to the budget.

On a year to date basis, the combined revenues are under-performing by \$21,159 while the combined expenses are under-budget by \$595,929. As I mentioned last month, this is primarily due to the DPGS/MIGS overstating their expense budgets. The revenue continues to close the gap for the year. It is now down when compared to budget by \$21.2K (actually 99.3% of budget).

You will also see on page A16, we now have three DPGs/MIGs on the “watch list”; Dietitians in Business and Communications (71%), Management in Food and Nutrition Systems (75%) and Muslims in Dietetics and Nutrition (65%). The Muslims in Dietetics and Nutrition are new to our “watch list” this month. The Investment losses are having an impact on the DPG/MIG reserves. We will continue to monitor this situation.

VII. ANDPAC Preliminary January Financials (A7 and A14)

ANDPAC did not perform very well in January. Revenue was under-budget (down \$3.9K) while expenses were also under budget (down \$0.5K). Revenue continues to be the biggest concern. ANDPAC’s revenue is now below budget for the year by \$19,083 (24.4%). However, it is still higher than last year at this time (up \$5.9K or up 11.0%). Regardless, the PAC’s year to date Operating Deficit is \$16,220 smaller (better) than the budget. In addition, the PAC now has \$176.2K in reserve (A18). The PAC is in still in good financial shape at the end of January.

I hope this helps a little when going through the January package. As I finish this up, I can see that the stock market has erased most of the losses. In fact, the NASDAQ is actually higher. Maybe this will continue and we will end the week on a positive note. If you have any questions, or can’t make the call on Tuesday, please let me know. You should have received the webinar invitation from the Academy IT department today. Let us know if you have not. Also, Maria will let you know when everything is on the portal for you to review.

Have a great weekend.

Paul

Subject: RE: Finance and Audit Committee meeting on Tuesday, February 23rd at 1 p.m. CST

All,

We have a Finance and Audit Committee meeting will be on Tuesday, February 23rd at 1:00 p.m. CST. Maria has begun to put the information onto the portal and will let you know when

everything is completed. Also, the webinar invitation has gone out to everyone from the Academy IT team. Please let me know if you did not receive the information. The meeting agenda will focus on the following;

1. November final financials
2. December preliminary financials
3. April FAC meeting

I also have invited the Academy Executive team to audit our call. I thought it might be informative for the E-team to hear what is discussed. It is not mandatory. However, I thought it would be help to the team. In addition, if anyone can attend the call, and the committee has a question, they could answer it immediately. Hopefully, a win/win scenario.

Now, onto the narrative.

I. December Adjustments

There were no changes made to the original December financials

II. Investments

- Unfortunately, the investment news continues to be the same; losses. In January, the combined portfolios lost nearly \$1.6M. This brings the year to date losses to just over \$2.6 million. The one bright spot is when I wrote this email in January, our portfolio was actually down \$3.4M for January. So, we did see a “rally” at the end of the month. I wish I could tell you we are experiencing a rebound in February. Through yesterday, the combined portfolios are down approximately \$335,000. This represents a 0.6% loss. The portfolios were down more earlier in the month, and unfortunately, are down this morning. That being said, 0.6% is not insurmountable. We still have the possibility of moving higher. I did talk to Al Bryant yesterday and he again reiterated that this will pass and he views this as just another market correction. I

will keep you informed if this changes.

III. Academy preliminary January Financials (A3 and A10)

The Academy results for January were short of expectations. In January, the Academy revenue was short of the budget target by \$90,552. On the expense front, the Academy expenses were under budget by \$8,654. If you combine these two numbers, you will see that the Academy missed its Operating Income target by \$81,898. As I mentioned above, investments continued the poor performance and missed the budget target by \$573,568 in January. So, after adding everything together, the Academy had a Net Deficit of \$694,001. This underperformed the budget by \$655,465.

Year to date, through January, the Operating Revenues are now down by \$459,949 while the Operating Expenses are under budget by \$86,280. This results in an Operating Deficit of \$755,821 which is under-performing when compared to the budget by \$373,669. The one bright spot on the “overall financials” is the Operating Deficit is \$842,102 smaller (better) than the Operating Deficit through January of last year. This reflects a reduction of almost 53%. So, one of the “takeaways” from the financial results is the Academy is doing much better than last year, but, not as good as our budget.

The revenue in January continued to under-perform in some of the same areas as we have discussed previously; Publication (down \$53.1K) and Sponsorships (down \$22.1K). In January, we have missed out targets on Grants (down \$29.3K) and Other (down \$9.6K). In both cases, this could be a “timing” issue. One bit of good news for the month is Membership revenue beat the budget by \$2,766. This is mostly due to the Fellow revenue. However, the gap on Membership itself, at least for January, has closed. Since this is a “recurring “ revenue stream, hopefully, it won’t be just for one month. We also saw higher revenue in Programs and Meetings (up \$20.3) and Higher Subscriptions (up \$0.5K). The attached variance grid will provide the details.

On the expense front, the Academy had a quite a few categories that were over budget in January. The largest of which continues to be travel (up \$21.7K). Most of the travel over-run is due to the January Academy Board meeting. As I mentioned last month, this is my largest concern. When you look at the year to date variances, Travel is now over budget by \$65,542. In January, we also saw over-runs in Personnel (up \$10.5K), Postage and Mailing (up \$8.1K), Advertising (up \$2.3K), Bank Fees (up \$7.4K), and Meeting Services (up \$16.7K). Postage and Mailing and Advertising appear to be timing issues. Personnel is due to higher temporary help to offset vacancies within the Academy. Bank fees could be a timing issue, but, we won’t know for a month or two. Meeting Services is higher primarily due to the Academy Board Meeting.

On a year to date basis, we do have a few expense areas over-running the budget. The over-run in personnel for January now puts us slightly over budget. Even though we are at 99.98% of budget J, we will keep an eye on this one. Legal, Computer expenses and Advertising may be over on timing issues. For example, we are seeing lower Legal expenses in February which may help to recapture the over-run through January. We will continue to monitor this area. The big areas of concern are Travel and Meeting Services. On a positive front, we are under in a few categories as well; Publications (down \$64.8K), Professional Fees (down \$80.2K), Postage and Mailing (down \$57.4K) and Printing (down \$25.3K) are the largest of the bunch.

Overall, the Academy is holding expenses under-budget even with some of the over-runs. The major area of concern is revenue. It isn't meeting expectations. As a positive footnote; the revenue through January is \$88,188 higher than the revenue through January of last year. So, revenue is at least higher. Just not as high as we would like.

As I mentioned above, I am including the variance grid for your review.

IV. Foundation Preliminary January Financials (A2, A8 and A9)

The Foundation had an interesting month in January. You will see that the actual revenue for the month was as negative \$113,377. This was due to refunding money provided by Monsanto in a previous period. The Foundation Board approved returning the funds. So, you have a negative result. Naturally, this did have a large impact on the overall performance of the Foundation. In January, the Foundation had an Operating Deficit of \$274,981. This was \$129,155 larger (worse) than the budget. This was primarily driven by the under-run in revenue addressed previously. Expenses for the month were under budget by \$31,606. The only major category over budget is Scholarships and Awards (up \$13.5K). This is likely a timing issue. The investment income continues to be drag on the performance of the Foundation. Investments lost \$636,727 in January. This is \$767,885 under budget.

Year to date, the Foundation's revenue is \$324,383 under budget while the expenses are \$220,374 under budget. This results in an Operating Deficit that is \$104,009 larger (worse) than the budget. Considering the loss of the General Mills Grant revenue in December and the return of the Monsanto money in January, the Foundation is performing well. The only negative at this time is the Investment income. Investment income is now \$2,120,254 below budget.

The overall financial results have now driven the Foundation's Net Assets to \$21.9M (A9). Smaller, but, still strong.

V. CDR preliminary January Financials (A4 and A11)

CDR, overall, had a another good month in January with the exception of Investments. Revenue exceeded the budget by \$15.1K while expenses were under budget by \$146.2K. This combination resulted in an Operating Profit of \$68,192 which was \$161.3K better than the budget. Higher revenue; lower expenses and an Operating Profit. All good signs. As was addressed above and in previous months, the only negative is the Investment Income. Investment Income fell short of budget by \$301,150 in January.

On a year to date basis, CDR is performing very well. Revenue is nearly on target for the year (down \$3.1K) at 99.95% of budget. Expenses are now \$1,119,049 under budget. Overall Operating Income is \$1,115,959 higher than the budget. As was the case with January, the only negative for the year are investment results. The investments are down \$417,255 for the year. Even with this loss, the Net Income is still better than the budget by \$324,618. So, the operational results are over-coming the shortfall from investments.

VI. DPGs/MIGS/ACEND Preliminary January Financials (A5 and A12)

The combined DPGs/MIGS/ACEND financial results were better than expectations in January. Both revenue (up \$10.0K) and expense (down \$109.5K) performed better than the budget targets. The final results reflected Operating Income of \$81,091. Again, it is always good to have a positive operating result. In this case, it was positive and it exceeded the budget by \$119,537. The only negative in January was the investment results. These were down \$232,120 when compared to the budget.

On a year to date basis, the combined revenues are under-performing by \$21,159 while the combined expenses are under-budget by \$595,929. As I mentioned last month, this is primarily due to the DPGS/MIGS overstating their expense budgets. The revenue continues to close the gap for the year. It is now down when compared to budget by \$21.2K (actually 99.3% of budget).

You will also see on page A16, we now have three DPGs/MIGs on the "watch list"; Dietitians in Business and Communications (71%), Management in Food and Nutrition Systems (75%) and Muslims in Dietetics and Nutrition (65%). The Muslims in Dietetics and Nutrition are new to our "watch list" this month. The Investment losses are having an impact on the DPG/MIG reserves. We will continue to monitor this situation.

VII. ANDPAC Preliminary January Financials (A7 and A14)

ANDPAC did not perform very well in January. Revenue was under-budget (down \$3.9K) while expenses were also under budget (down \$0.5K). Revenue continues to be the biggest concern. ANDPAC's revenue is now below budget for the year by \$19,083 (24.4%). However, it is still higher than last year at this time (up \$5.9K or up 11.0%). Regardless, the PAC's' year to date Operating Deficit is \$16,220 smaller (better) than the budget. In addition, the PAC now has \$176.2K in reserve (A18). The PAC is in still in good financial shape at the end of January.

I hope this helps a little when going through the January package. As I finish this up, I can see that the stock market has erased most of the losses. In fact, the NASDAQ is actually higher. Maybe this will continue and we will end the week on a positive note. If you have any questions, or can't make the call on Tuesday, please let me know. You should have received the webinar invitation from the Academy IT department today. Let us know if you have not. Also, Maria will let you know when everything is on the portal for you to review.

Have a great weekend.

Paul

Paul, I am sorry I will not be on the call this afternoon. In DC with Jenn Folliard storming the Hill. I am anxious to get the call tomorrow to find out what the future holds. Glad the election part is over. Will you get notified or do I need to notify you? I am OK whatever the outcome. On baby watch with my daughter. She is due in 10 days. Fingers crossed! Talk to you soon.

2. December preliminary financials
3. April FAC meeting

I also have invited the Academy Executive team to audit our call. I thought it might be informative for the E-team to hear what is discussed. It is not mandatory. However, I thought it would be help to the team. In addition, if anyone can attend the call, and the committee has a question, they could answer it immediately. Hopefully, a win/win scenario.

Now, onto the narrative.

I. December Adjustments

There were no changes made to the original December financials

II. Investments

- Unfortunately, the investment news continues to be the same; losses. In January, the combined portfolios lost nearly \$1.6M. This brings the year to date losses to just over \$2.6 million. The one bright spot is when I wrote this email in January, our portfolio was actually down \$3.4M for January. So, we did see a “rally” at the end of the month. I wish I could tell you we are experiencing a rebound in February. Through yesterday, the combined portfolios are down approximately \$335,000. This represents a 0.6% loss. The portfolios were down more earlier in the month, and unfortunately, are down this morning. That being said, 0.6% is not insurmountable. We still have the possibility of moving higher. I did talk to Al Bryant yesterday and he again reiterated that this will pass and he views this as just another market correction. I will keep you informed if this changes.

III. Academy preliminary January Financials (A3 and A10)

The Academy results for January were short of expectations. In January, the Academy revenue was short of the budget target by \$90,552. On the expense front, the Academy expenses were under budget by \$8,654. If you combine these two numbers, you will see that the Academy missed its Operating Income target by \$81,898. As I mentioned above, investments continued the poor performance and missed the budget target by \$573,568 in January. So, after adding everything together, the Academy had a Net Deficit of \$694,001. This underperformed the budget by \$655,465.

Year to date, through January, the Operating Revenues are now down by \$459,949 while the Operating Expenses are under budget by \$86,280. This results in an Operating Deficit of \$755,821 which is under-performing when compared to the budget by \$373,669. The one bright spot on the “overall financials” is the Operating Deficit is \$842,102 smaller (better) than the Operating Deficit through January of last year. This reflects a reduction of almost 53%. So, one of the “takeaways” from the financial results is the Academy is doing much better than last year, but, not as good as our budget.

The revenue in January continued to under-perform in some of the same areas as we have discussed previously; Publication (down \$53.1K) and Sponsorships (down \$22.1K). In January, we have missed out targets on Grants (down \$29.3K) and Other (down \$9.6K). In both cases, this could be a “timing” issue. One bit of good news for the month is Membership revenue beat the budget by \$2,766. This is mostly due to the Fellow revenue. However, the gap on Membership itself, at least for January, has closed. Since this is a “recurring “ revenue stream, hopefully, it won’t be just for one month. We also saw higher revenue in Programs and Meetings (up \$20.3) and Higher Subscriptions (up \$0.5K). The attached variance grid will provide the details.

On the expense front, the Academy had a quite a few categories that were over budget in January. The largest of which continues to be travel (up \$21.7K). Most of the travel over-run is due to the January Academy Board meeting. As I mentioned last month, this is my largest concern. When you look at the year to date variances, Travel is now over budget by \$65,542. In January, we also saw over-runs in Personnel (up \$10.5K), Postage and Mailing (up \$8.1K), Advertising (up \$2.3K), Bank Fees (up \$7.4K), and Meeting Services (up \$16.7K). Postage and Mailing and Advertising appear to be timing issues. Personnel is due to higher temporary help to offset vacancies within the Academy. Bank fees could be a timing issue, but, we won’t know for a month or two. Meeting Services is higher primarily due to the Academy Board Meeting.

On a year to date basis, we do have a few expense areas over-running the budget. The over-run in personnel for January now puts us slightly over budget. Even though we are at 99.98% of budget J, we will keep an eye on this one. Legal, Computer expenses and Advertising may be over on timing issues. For example, we are seeing lower Legal expenses in February which may help to recapture the over-run through January. We will continue to monitor this area. The big areas of concern are Travel and Meeting Services. On a positive front, we are under in a few categories as well; Publications (down \$64.8K), Professional Fees (down \$80.2K), Postage and Mailing (down \$57.4K) and Printing (down \$25.3K) are the largest of the bunch.

Overall, the Academy is holding expenses under-budget even with some of the over-runs. The major area of concern is revenue. It isn’t meeting expectations. As a positive footnote; the revenue through January is \$88,188 higher than the revenue through January of last year. So, revenue is at least higher. Just not as high as we would like.

As I mentioned above, I am including the variance grid for your review.

IV. Foundation Preliminary January Financials (A2, A8 and A9)

The Foundation had an interesting month in January. You will see that the actual revenue for the month was as negative \$113,377. This was due to refunding money provided by Monsanto in a previous period. The Foundation Board approved returning the funds. So, you have a negative result. Naturally, this did have a large impact on the overall performance of the Foundation. In January, the Foundation had an Operating Deficit of \$274,981. This was \$129,155 larger (worse) than the budget. This was primarily driven by the under-run in revenue addressed previously. Expenses for the month were under budget by \$31,606. The only major category over budget is Scholarships and Awards (up \$13.5K). This is likely a timing issue. The investment income continues to be drag on the performance of the Foundation. Investments lost \$636,727 in January. This is \$767,885 under budget.

Year to date, the Foundation's revenue is \$324,383 under budget while the expenses are \$220,374 under budget. This results in an Operating Deficit that is \$104,009 larger (worse) than the budget. Considering the loss of the General Mills Grant revenue in December and the return of the Monsanto money in January, the Foundation is performing well. The only negative at this time is the Investment income. Investment income is now \$2,120,254 below budget.

The overall financial results have now driven the Foundation's Net Assets to \$21.9M (A9). Smaller, but, still strong.

V. CDR preliminary January Financials (A4 and A11)

CDR, overall, had a another good month in January with the exception of Investments. Revenue exceeded the budget by \$15.1K while expenses were under budget by \$146.2K. This combination resulted in an Operating Profit of \$68,192 which was \$161.3K better than the budget. Higher revenue; lower expenses and an Operating Profit. All good signs. As was addressed above and in previous months, the only negative is the Investment Income. Investment Income fell short of budget by \$301,150 in January.

On a year to date basis, CDR is performing very well. Revenue is nearly on target for the year (down \$3.1K) at 99.95% of budget. Expenses are now \$1,119,049 under budget. Overall Operating Income is \$1,115,959 higher than the budget. As was the case with January, the only negative for the year are investment results. The investments are down \$417,255 for the year. Even with this loss, the Net Income is still better than the budget by \$324,618. So, the operational results are over-coming the shortfall from investments.

VI. DPGs/MIGS/ACEND Preliminary January Financials (A5 and A12)

The combined DPGs/MIGS/ACEND financial results were better than expectations in January. Both revenue (up \$10.0K) and expense (down \$109.5K) performed better than the budget targets. The final results reflected Operating Income of \$81,091. Again, it is always good to have a positive operating result. In this case, it was positive and it exceeded the budget by \$119,537. The only negative in January was the investment results. These were down \$232,120 when compared to the budget.

On a year to date basis, the combined revenues are under-performing by \$21,159 while the combined expenses are under-budget by \$595,929. As I mentioned last month, this is primarily due to the DPGS/MIGS overstating their expense budgets. The revenue continues to close the gap for the year. It is now down when compared to budget by \$21.2K (actually 99.3% of budget).

You will also see on page A16, we now have three DPGs/MIGs on the “watch list”; Dietitians in Business and Communications (71%), Management in Food and Nutrition Systems (75%) and Muslims in Dietetics and Nutrition (65%). The Muslims in Dietetics and Nutrition are new to our “watch list” this month. The Investment losses are having an impact on the DPG/MIG reserves. We will continue to monitor this situation.

VII. ANDPAC Preliminary January Financials (A7 and A14)

ANDPAC did not perform very well in January. Revenue was under-budget (down \$3.9K) while expenses were also under budget (down \$0.5K). Revenue continues to be the biggest concern. ANDPAC’s revenue is now below budget for the year by \$19,083 (24.4%). However, it is still higher than last year at this time (up \$5.9K or up 11.0%). Regardless, the PAC’s year to date Operating Deficit is \$16,220 smaller (better) than the budget. In addition, the PAC now has \$176.2K in reserve (A18). The PAC is in still in good financial shape at the end of January.

I hope this helps a little when going through the January package. As I finish this up, I can see that the stock market has erased most of the losses. In fact, the NASDAQ is actually higher. Maybe this will continue and we will end the week on a positive note. If you have any questions, or can’t make the call on Tuesday, please let me know. You should have received the webinar invitation from the Academy IT department today. Let us know if you have not. Also, Maria will let you know when everything is on the portal for you to review.

Have a great weekend.

Paul

All,

Just in case you have printed out the agenda for today's meeting, it has changed. The agenda put onto the portal originally was a preliminary agenda. I am sorry for the confusion. Attached is the actual agenda for you.

All,

It would help if I provided the variance grid for the Academy!! Sorry about that. My fat fingers moved too fast.

Subject: RE: Finance and Audit Committee meeting on Tuesday, February 23rd at 1 p.m. CST

All,

We have a Finance and Audit Committee meeting will be on Tuesday, February 23rd at 1:00 p.m. CST. Maria has begun to put the information onto the portal and will let you know when everything is completed. Also, the webinar invitation has gone out to everyone from the Academy IT team. Please let me know if you did not receive the information. The meeting agenda will focus on the following;

1. November final financials
2. December preliminary financials
3. April FAC meeting

I also have invited the Academy Executive team to audit our call. I thought it might be informative for the E-team to hear what is discussed. It is not mandatory. However, I thought it would be help to the team. In addition, if anyone can attend the call, and the committee has a question, they

could answer it immediately. Hopefully, a win/win scenario.

Now, onto the narrative.

I. December Adjustments

There were no changes made to the original December financials

II. Investments

Unfortunately, the investment news continues to be the same; losses. In January, the combined portfolios lost nearly \$1.6M. This brings the year to date losses to just over \$2.6 million. The one bright spot is when I wrote this email in January, our portfolio was actually down \$3.4M for January. So, we did see a “rally” at the end of the month. I wish I could tell you we are experiencing a rebound in February. Through yesterday, the combined portfolios are down approximately \$335,000. This represents a 0.6% loss. The portfolios were down more earlier in the month, and unfortunately, are down this morning. That being said, 0.6% is not insurmountable. We still have the possibility of moving higher. I did talk to Al Bryant yesterday and he again reiterated that this will pass and he views this as just another market correction. I will keep you informed if this changes.

III. Academy preliminary January Financials (A3 and A10)

The Academy results for January were short of expectations. In January, the Academy revenue was short of the budget target by \$90,552. On the expense front, the Academy expenses were under budget by \$8,654. If you combine these two numbers, you will see that the Academy missed its Operating Income target by \$81,898. As I mentioned above, investments continued the poor performance and missed the budget target by \$573,568 in January. So, after adding everything together, the Academy had a Net Deficit of \$694,001. This underperformed the budget by \$655,465.

Year to date, through January, the Operating Revenues are now down by \$459,949 while the Operating Expenses are under budget by \$86,280. This results in an Operating Deficit of

\$755,821 which is under-performing when compared to the budget by \$373,669. The one bright spot on the “overall financials” is the Operating Deficit is \$842,102 smaller (better) than the Operating Deficit through January of last year. This reflects a reduction of almost 53%. So, one of the “takeaways” from the financial results is the Academy is doing much better than last year, but, not as good as our budget.

The revenue in January continued to under-perform in some of the same areas as we have discussed previously; Publication (down \$53.1K) and Sponsorships (down \$22.1K). In January, we have missed out targets on Grants (down \$29.3K) and Other (down \$9.6K). In both cases, this could be a “timing” issue. One bit of good news for the month is Membership revenue beat the budget by \$2,766. This is mostly due to the Fellow revenue. However, the gap on Membership itself, at least for January, has closed. Since this is a “recurring “ revenue stream, hopefully, it won’t be just for one month. We also saw higher revenue in Programs and Meetings (up \$20.3) and Higher Subscriptions (up \$0.5K). The attached variance grid will provide the details.

On the expense front, the Academy had a quite a few categories that were over budget in January. The largest of which continues to be travel (up \$21.7K). Most of the travel over-run is due to the January Academy Board meeting. As I mentioned last month, this is my largest concern. When you look at the year to date variances, Travel is now over budget by \$65,542. In January, we also saw over-runs in Personnel (up \$10.5K), Postage and Mailing (up \$8.1K), Advertising (up \$2.3K), Bank Fees (up \$7.4K), and Meeting Services (up \$16.7K). Postage and Mailing and Advertising appear to be timing issues. Personnel is due to higher temporary help to offset vacancies within the Academy. Bank fees could be a timing issue, but, we won’t know for a month or two. Meeting Services is higher primarily due to the Academy Board Meeting.

On a year to date basis, we do have a few expense areas over-running the budget. The over-run in personnel for January now puts us slightly over budget. Even though we are at 99.98% of budget J, we will keep an eye on this one. Legal, Computer expenses and Advertising may be over on timing issues. For example, we are seeing lower Legal expenses in February which may help to recapture the over-run through January. We will continue to monitor this area. The big areas of concern are Travel and Meeting Services. On a positive front, we are under in a few categories as well; Publications (down \$64.8K), Professional Fees (down \$80.2K), Postage and Mailing (down \$57.4K) and Printing (down \$25.3K) are the largest of the bunch.

Overall, the Academy is holding expenses under-budget even with some of the over-runs. The major area of concern is revenue. It isn’t meeting expectations. As a positive footnote; the revenue through January is \$88,188 higher than the revenue through January of last year. So, revenue is at least higher. Just not as high as we would like.

As I mentioned above, I am including the variance grid for your review.

IV. Foundation Preliminary January Financials (A2, A8 and A9)

The Foundation had an interesting month in January. You will see that the actual revenue for the month was as negative \$113,377. This was due to refunding money provided by Monsanto in a previous period. The Foundation Board approved returning the funds. So, you have a negative result. Naturally, this did have a large impact on the overall performance of the Foundation. In January, the Foundation had an Operating Deficit of \$274,981. This was \$129,155 larger (worse) than the budget. This was primarily driven by the under-run in revenue addressed previously. Expenses for the month were under budget by \$31,606. The only major category over budget is Scholarships and Awards (up \$13.5K). This is likely a timing issue. The investment income continues to be drag on the performance of the Foundation. Investments lost \$636,727 in January. This is \$767,885 under budget.

Year to date, the Foundation's revenue is \$324,383 under budget while the expenses are \$220,374 under budget. This results in an Operating Deficit that is \$104,009 larger (worse) than the budget. Considering the loss of the General Mills Grant revenue in December and the return of the Monsanto money in January, the Foundation is performing well. The only negative at this time is the Investment income. Investment income is now \$2,120,254 below budget.

The overall financial results have now driven the Foundation's Net Assets to \$21.9M (A9). Smaller, but, still strong.

V. CDR preliminary January Financials (A4 and A11)

CDR, overall, had a another good month in January with the exception of Investments. Revenue exceeded the budget by \$15.1K while expenses were under budget by \$146.2K. This combination resulted in an Operating Profit of \$68,192 which was \$161.3K better than the budget. Higher revenue; lower expenses and an Operating Profit. All good signs. As was addressed above and in previous months, the only negative is the Investment Income. Investment Income fell short of budget by \$301,150 in January.

On a year to date basis, CDR is performing very well. Revenue is nearly on target for the year (down \$3.1K) at 99.95% of budget. Expenses are now \$1,119,049 under budget. Overall Operating Income is \$1,115,959 higher than the budget. As was the case with January, the only negative for the year are investment results. The investments are down \$417,255 for the year.

Even with this loss, the Net Income is still better than the budget by \$324,618. So, the operational results are over-coming the shortfall from investments.

VI. DPGs/MIGS/ACEND Preliminary January Financials (A5 and A12)

The combined DPGs/MIGS/ACEND financial results were better than expectations in January. Both revenue (up \$10.0K) and expense (down \$109.5K) performed better than the budget targets. The final results reflected Operating Income of \$81,091. Again, it is always good to have a positive operating result. In this case, it was positive and it exceeded the budget by \$119,537. The only negative in January was the investment results. These were down \$232,120 when compared to the budget.

On a year to date basis, the combined revenues are under-performing by \$21,159 while the combined expenses are under-budget by \$595,929. As I mentioned last month, this is primarily due to the DPGS/MIGS overstating their expense budgets. The revenue continues to close the gap for the year. It is now down when compared to budget by \$21.2K (actually 99.3% of budget).

You will also see on page A16, we now have three DPGs/MIGs on the “watch list”; Dietitians in Business and Communications (71%), Management in Food and Nutrition Systems (75%) and Muslims in Dietetics and Nutrition (65%). The Muslims in Dietetics and Nutrition are new to our “watch list” this month. The Investment losses are having an impact on the DPG/MIG reserves. We will continue to monitor this situation.

VII. ANDPAC Preliminary January Financials (A7 and A14)

ANDPAC did not perform very well in January. Revenue was under-budget (down \$3.9K) while expenses were also under budget (down \$0.5K). Revenue continues to be the biggest concern. ANDPAC’s revenue is now below budget for the year by \$19,083 (24.4%). However, it is still higher than last year at this time (up \$5.9K or up 11.0%). Regardless, the PAC’s year to date Operating Deficit is \$16,220 smaller (better) than the budget. In addition, the PAC now has \$176.2K in reserve (A18). The PAC is still in good financial shape at the end of January.

I hope this helps a little when going through the January package. As I finish this up, I can see that the stock market has erased most of the losses. In fact, the NASDAQ is actually higher. Maybe this will continue and we will end the week on a positive note. If you have any questions, or can’t make the call on Tuesday, please let me know. You should have received the webinar

invitation from the Academy IT department today. Let us know if you have not. Also, Maria will let you know when everything is on the portal for you to review.

Have a great weekend.

The subject line above confused me. I think we are responding to Lucille's email below. I guess I don't know either why anyone beyond the board would/could be on the board distribution list this late in the year. One would naturally assume that the list is only the current board members and that board communications are confidential and internal to those on the board, both members and public members only. Confidential would be expected to mean limiting email dialog to those charged with decision-making. We need to clean this up, so that miscommunication/ incomplete communication and out of context communication does not lead to mistrust.

I apologize if I have “*replied to all*” before now without checking to see that our list is limited to those who should receive the communication. I feel confident that the list from HQ is changed each year because of both new and outgoing board members. Probably the rest of us need to be mindful that some communication from any of our own lists may leave someone out who is new to the board and/or include those no longer legitimately expecting to be included. I truly have not seen this before, and we should all try to be careful. I try to be careful, but it could have happened.

Subject: Re: Voting interrupted! Are we going to extend the time for members to vote?

Calls are coming in that members are unable to vote because the system is down. How will this be corrected to assure that our members who wish to are able to vote in this election.

Subject: Upcoming Board Meetings

For various reasons several Board members are not able to attend the March 4-5 face to face Board meeting. Having reviewed multiple schedules we are changing the meeting to **Saturday, February 27 and Sunday, February 28**. The timing format proved to be cost effective since a one-night hotel stay is eliminated. We will begin at 2:00pm on Saturday and adjourn at 3:00pm on Sunday, again staying at a hotel near O'Hare which adds to the cost efficiency.

Hotel reservations will be made for arrival on **February 27**, unless requested otherwise. You are approved to make your travel arrangements for the meeting. Please go to <https://adatvl.axo20.com/> and select your flights, enter 1032430 for the approval code and indicate that the Academy is paying for travel from the drop down menu below the approval code box.

After March, the next Board meeting is scheduled for May 12-13, 2016 and will take place at Academy headquarters. We will be inviting the newly elected incoming Board members to attend and observe, which assists in the transitioning. The Board retreat will follow on July 9-11, 2016 in Charleston, SC.

Please see the communication below sent yesterday by Lucille but the email did not go thru which we are working on.

- Joan

+++++

Is this for board members and Eteam. With all due respect to our past presidents, why is Glenna and Ethan receiving emails intended for the board? What about adding Sylvia and Judy then as recent past presidents?

Subject: Webinar: PCMH/ACO Update (2:00PM CT)
Attachment: [ATT58240 1.jpg](#)

Dear Board of Directors:

In the continuing series of webinars on topics of interest for the Board, we would like to invite you to join us for a webinar on Thursday, March 24, 2:00 – 3:00 pm Central time, for a progress report on implementation of the PCMH/Population Health Models Workgroup Report's recommendations. Understanding March is a busy month, this date was selected based upon your availability. Should you be unable to attend this webinar, it will be recorded and sent out after the call. The link for this webinar is <https://eatright.webex.com/eatright/j.php?MTID=m25cfa8cfe35008ea362c5a1fd4e4633b>.

The webinar will provide an overview of progress to date by Academy organizational units as they implement recommendations from the report. Units across the Academy are actively engaged in efforts to achieve the workgroup's vision of positioning RDNs as essential members of person-centered health care delivery models. As we hit the mid-point of the 3-year window framed by the workgroup, now is a good time to assess progress and identify areas that may require attention in terms of resource allocation and/or prioritization by the Board. This progress report may also help us to "Get Smart" as we create our vision for the Second Century.

I look forward to the discussion and your feedback and ideas.

Sincerely,

Marsha

Subject: Upcoming Board Meetings

For various reasons several Board members are not able to attend the March 4-5 face to face Board meeting. Having reviewed multiple schedules we are changing the meeting to **Saturday, February 27 and Sunday, February 28**. The timing format proved to be cost effective since a one-night hotel stay is eliminated. We will begin at 2:00pm on Saturday and adjourn at 3:00pm on Sunday, again staying at a hotel near O'Hare which adds to the cost efficiency.

Hotel reservations will be made for arrival on **February 27**, unless requested otherwise. You are approved to make your travel arrangements for the meeting. Please go to <https://adatvl.axo20.com/> and select your flights, enter 1032430 for the approval code and indicate that the Academy is paying for travel from the drop down menu below the approval code box.

After March, the next Board meeting is scheduled for May 12-13, 2016 and will take place at Academy headquarters. We will be inviting the newly elected incoming Board members to attend and observe, which assists in the transitioning. The Board retreat will follow on July 9-11, 2016 in Charleston, SC.

Date: February 5, 2016

To: Nominees for Council on Future Practice

From: Aida Miles, MMSC, RD, LD, FAND
Speaker, House of Delegates

Subject: Invitation to Apply for the Council on Future Practice

Your name was submitted for consideration to be appointed to the Council on Future Practice. This appointment would be either a 2-year (young practitioner position) or 3-year (any practitioner) term on the Council and would be effective on June 1, 2016.

In order for the HOD Leadership Team to select two new appointees for the Council, we need you to complete an application. Each application will be reviewed and scored by the HOD Leadership Team to identify the individuals who are best suited to serve in this capacity. If you wish to review background information on the work of the Council, please review the information found on its web

page at www.eatright.org/futurepractice.

Please complete your application by the end of day, Friday, February 26, 2016 in order to be considered for appointment. Due to the types of questions asked on the application, please allow 60 minutes to complete your responses. You will note on the application form the number of possible points assigned to each section. The HOD Leadership Team will convene via conference call in mid-April to select the three new members to serve on the Council, which is composed of ten members. You can anticipate being notified about the appointment results by the end of April 2016.

Please note that you will be receiving your own personal link via a Survey Monkey email to the Nominee Application for the Council on Future Practice. This is a unique link that tracks your response and allows you to re-enter the survey to modify or proofread your application responses. **Please remember you must use this link in order to get back into the application**. If you do not finish the application in one sitting, this link will allow you to re-enter the application and finish at a later time. This link will only work in this fashion as long as you do not click “done” at the end of the application. If you experience a problem using this link, please contact Dana Buelsing at dbuelsing@eatright.org.

If you should have any further questions or comments regarding the invitation to complete an application, please do not hesitate to contact myself (miles081@umn.edu) or Cecily Byrne (cbyrne@eatright.org or 800/877-1600, ext. 4819).

We appreciate your interest and desire to serve the Academy. Also, thanks for taking the time to complete your application form.

Following are the details to access documents in the Academy portal for the Finance and Audit Committee call on Tuesday, February 23, 2016 at 1 p.m. CDT.

<https://eal.webauthor.com/auth.cfm?logout=1&erase=true&msg=You%20have%20successfully%20signed%20out%2E>

Everything for the month of February is loaded in the portal.

Items in the portal:

- Agenda
- January 26, 2016 minutes

- President Stipend – information/discussion
- Paul narrative for January

- December final financial results

- January preliminary financial results
- December 2015 variance report
- April 2016 FAC meeting – information/discussion

By now, you should have received a webinar invitation from “Academy IT Department”. If you don’t have the invitation, please let us know as soon as possible.

We look forward to talking to everyone on Tuesday.

Hi, Donna: For your upcoming talk at ALDA, below is a link to download a version of the 2016 Academy Update, including information on the Council on Future Practice as well as the Academy's Second Century.

<https://www.hightail.com/download/ZWJVTkZqQ0MxUUNwSHNUQw>

Please review the PPT and let us know if you have edits. We estimate this presentation will take approximately 45-50 minutes to give.

As Joan noted below, Evelyn is reviewing the overall Academy Update 2016 PPT – the presentation this one is based on – so some of the information may change depending on whether Evelyn asks us to make edits. We will keep you posted on that.

This PPT (or a link to download it, since it is large – 140 MB including an embedded video in the second slide) can be provided to ALDA to meet their February 22 deadline... and between now and the presentation date we can make any needed revisions. The video is the same one that was shown during the FNCE Opening Session in Nashville. The decision on whether to show this video at ALDA is yours (if time is a factor, for example).

Hoping this is helpful, please let us know if you need anything else. Talk to you soon!

My name is Larry Vinson, Executive Director of the Alabama Dietetic Association. We are very pleased to have you as a speaker for our 2016 Annual Meeting, scheduled for Wednesday, March 9th – Friday, March 11th, at the Renaissance Hotel & Convention Center, located at 201 Tallapoosa Street, Montgomery, AL 36104, telephone 334.481.5000. This meeting typically draws around 225-250 dietitians and students.

ALDA provides all attendees with a CD containing PDF copies of the speaker's PowerPoint presentations. **We will need your presentation by February 22nd to have the CDs prepared.** You can continue to work on your presentation, but we will need your latest draft for CD by February 22nd.

I have attached an agenda for your review. Please check to make sure the title of your presentation is correct. We will have a laptop and projector for you to use for your presentation. However, if you have video in your presentation, please alert me so I can make sure it works properly on our equipment.

Our Annual Meeting is held in conjunction with the Alabama Food and Nutrition Exposition, a product show featuring over 120 booths with food items, equipment and services designed to help dietitians and other food service professionals working in clinical, school, nursing homes and other food service applications. We have also attached the Food EXPO brochure.

Again, we are excited to have you on our program. Please let me know if you have any questions or need anything from us.

Sincerely,

Larry Vinson

Subject: Addressing ALDA Annual Meeting

Alabama Dietetic Association

Post Office Box 240757 • Montgomery, Alabama 36124-0757

Telephone (334) 260-7970 • Fax (334) 272-7128 • Email ALDA@gmsal.com

My name is Larry Vinson, Executive Director of the Alabama Dietetic Association. We are very pleased to have you as a speaker for our 2016 Annual Meeting, scheduled for Wednesday, March 9th – Friday, March 11th, at the Renaissance Hotel & Convention Center, located at 201 Tallapoosa Street, Montgomery, AL 36104, telephone 334.481.5000. This meeting typically draws around 225-250 dietitians and students.

ALDA provides all attendees with a CD containing PDF copies of the speaker's PowerPoint presentations. **We will need your presentation by February 22nd to have the CDs prepared.** You can continue to work on your presentation, but we will need your latest draft for CD by February 22nd.

I have attached an agenda for your review. Please check to make sure the title of your presentation is correct. We will have a laptop and projector for you to use for your presentation. However, if you have video in your presentation, please alert me so I can make sure it works properly on our equipment.

Our Annual Meeting is held in conjunction with the Alabama Food and Nutrition Exposition, a product show featuring over 120 booths with food items, equipment and services designed to help dietitians and other food service professionals working in clinical, school, nursing homes and other food service applications. We have also attached the Food EXPO brochure.

Again, we are excited to have you on our program. Please let me know if you have any questions or need anything from us.

Sincerely,

Larry Vinson

Hi, Donna: For your upcoming talk at ALDA, below is a link to download a version of the 2016 Academy Update, including information on the Council on Future Practice as well as the Academy's Second Century.

<https://www.hightail.com/download/ZWJVTKzqQ0MxUUNwSHNUQw>

Please review the PPT and let us know if you have edits. We estimate this presentation will take approximately 45-50 minutes to give.

As Joan noted below, Evelyn is reviewing the overall Academy Update 2016 PPT – the presentation this one is based on – so some of the information may change depending on whether Evelyn asks us to make edits. We will keep you posted on that.

This PPT (or a link to download it, since it is large – 140 MB including an embedded video in the second slide) can be provided to ALDA to meet their February 22 deadline... and between now and the presentation date we can make any needed revisions. The video is the same one that was shown during the FNCE Opening Session in Nashville. The decision on whether to show this video at ALDA is yours (if time is a factor, for example).

Hoping this is helpful, please let us know if you need anything else. Talk to you soon!

Tom

Subject: RE: Finance and Audit Committee meeting on Tuesday, February 23rd at 1 p.m. CST

All,

We have a Finance and Audit Committee meeting will be on Tuesday, February 23rd at 1:00 p.m. CST. Maria has begun to put the information onto the portal and will let you know when everything is completed. Also, the webinar invitation has gone out to everyone from the Academy IT team. Please let me know if you did not receive the information. The meeting agenda will focus on the following;

1. November final financials
2. December preliminary financials
3. April FAC meeting

I also have invited the Academy Executive team to audit our call. I thought it might be informative for the E-team to hear what is discussed. It is not mandatory. However, I thought it would be help to the team. In addition, if anyone can attend the call, and the committee has a question, they could answer it immediately. Hopefully, a win/win scenario.

Now, onto the narrative.

I. December Adjustments

There were no changes made to the original December financials

II. Investments

- Unfortunately, the investment news continues to be the same; losses. In January, the combined portfolios lost nearly \$1.6M. This brings the year to date losses to just over \$2.6 million. The one

bright spot is when I wrote this email in January, our portfolio was actually down \$3.4M for January. So, we did see a “rally” at the end of the month. I wish I could tell you we are experiencing a rebound in February. Through yesterday, the combined portfolios are down approximately \$335,000. This represents a 0.6% loss. The portfolios were down more earlier in the month, and unfortunately, are down this morning. That being said, 0.6% is not insurmountable. We still have the possibility of moving higher. I did talk to Al Bryant yesterday and he again reiterated that this will pass and he views this as just another market correction. I will keep you informed if this changes.

III. Academy preliminary January Financials (A3 and A10)

The Academy results for January were short of expectations. In January, the Academy revenue was short of the budget target by \$90,552. On the expense front, the Academy expenses were under budget by \$8,654. If you combine these two numbers, you will see that the Academy missed its Operating Income target by \$81,898. As I mentioned above, investments continued the poor performance and missed the budget target by \$573,568 in January. So, after adding everything together, the Academy had a Net Deficit of \$694,001. This underperformed the budget by \$655,465.

Year to date, through January, the Operating Revenues are now down by \$459,949 while the Operating Expenses are under budget by \$86,280. This results in an Operating Deficit of \$755,821 which is under-performing when compared to the budget by \$373,669. The one bright spot on the “overall financials” is the Operating Deficit is \$842,102 smaller (better) than the Operating Deficit through January of last year. This reflects a reduction of almost 53%. So, one of the “takeaways” from the financial results is the Academy is doing much better than last year, but, not as good as our budget.

The revenue in January continued to under-perform in some of the same areas as we have discussed previously; Publication (down \$53.1K) and Sponsorships (down \$22.1K). In January, we have missed out targets on Grants (down \$29.3K) and Other (down \$9.6K). In both cases, this could be a “timing” issue. One bit of good news for the month is Membership revenue beat the budget by \$2,766. This is mostly due to the Fellow revenue. However, the gap on Membership itself, at least for January, has closed. Since this is a “recurring “ revenue stream, hopefully, it won’t be just for one month. We also saw higher revenue in Programs and Meetings (up \$20.3) and Higher Subscriptions (up \$0.5K). The attached variance grid will provide the details.

On the expense front, the Academy had a quite a few categories that were over budget in January. The largest of which continues to be travel (up \$21.7K). Most of the travel over-run is due to the January Academy Board meeting. As I mentioned last month, this is my largest

concern. When you look at the year to date variances, Travel is now over budget by \$65,542. In January, we also saw over-runs in Personnel (up \$10.5K), Postage and Mailing (up \$8.1K), Advertising (up \$2.3K), Bank Fees (up \$7.4K), and Meeting Services (up \$16.7K). Postage and Mailing and Advertising appear to be timing issues. Personnel is due to higher temporary help to offset vacancies within the Academy. Bank fees could be a timing issue, but, we won't know for a month or two. Meeting Services is higher primarily due to the Academy Board Meeting.

On a year to date basis, we do have a few expense areas over-running the budget. The over-run in personnel for January now puts us slightly over budget. Even though we are at 99.98% of budget J, we will keep an eye on this one. Legal, Computer expenses and Advertising may be over on timing issues. For example, we are seeing lower Legal expenses in February which may help to recapture the over-run through January. We will continue to monitor this area. The big areas of concern are Travel and Meeting Services. On a positive front, we are under in a few categories as well; Publications (down \$64.8K), Professional Fees (down \$80.2K), Postage and Mailing (down \$57.4K) and Printing (down \$25.3K) are the largest of the bunch.

Overall, the Academy is holding expenses under-budget even with some of the over-runs. The major area of concern is revenue. It isn't meeting expectations. As a positive footnote; the revenue through January is \$88,188 higher than the revenue through January of last year. So, revenue is at least higher. Just not as high as we would like.

As I mentioned above, I am including the variance grid for your review.

IV. Foundation Preliminary January Financials (A2, A8 and A9)

The Foundation had an interesting month in January. You will see that the actual revenue for the month was as negative \$113,377. This was due to refunding money provided by Monsanto in a previous period. The Foundation Board approved returning the funds. So, you have a negative result. Naturally, this did have a large impact on the overall performance of the Foundation. In January, the Foundation had an Operating Deficit of \$274,981. This was \$129,155 larger (worse) than the budget. This was primarily driven by the under-run in revenue addressed previously. Expenses for the month were under budget by \$31,606. The only major category over budget is Scholarships and Awards (up \$13.5K). This is likely a timing issue. The investment income continues to be drag on the performance of the Foundation. Investments lost \$636,727 in January. This is \$767,885 under budget.

Year to date, the Foundation's revenue is \$324,383 under budget while the expenses are \$220,374 under budget. This results in an Operating Deficit that is \$104,009 larger (worse) than the budget. Considering the loss of the General Mills Grant revenue in December and the return of the Monsanto money in January, the Foundation is performing well. The only negative at this time is the Investment income. Investment income is now \$2,120,254 below budget.

The overall financial results have now driven the Foundation's Net Assets to \$21.9M (A9). Smaller, but, still strong.

V. CDR preliminary January Financials (A4 and A11)

CDR, overall, had a another good month in January with the exception of Investments. Revenue exceeded the budget by \$15.1K while expenses were under budget by \$146.2K. This combination resulted in an Operating Profit of \$68,192 which was \$161.3K better than the budget. Higher revenue; lower expenses and an Operating Profit. All good signs. As was addressed above and in previous months, the only negative is the Investment Income. Investment Income fell short of budget by \$301,150 in January.

On a year to date basis, CDR is performing very well. Revenue is nearly on target for the year (down \$3.1K) at 99.95% of budget. Expenses are now \$1,119,049 under budget. Overall Operating Income is \$1,115,959 higher than the budget. As was the case with January, the only negative for the year are investment results. The investments are down \$417,255 for the year. Even with this loss, the Net Income is still better than the budget by \$324,618. So, the operational results are over-coming the shortfall from investments.

VI. DPGs/MIGS/ACEND Preliminary January Financials (A5 and A12)

The combined DPGs/MIGS/ACEND financial results were better than expectations in January. Both revenue (up \$10.0K) and expense (down \$109.5K) performed better than the budget targets. The final results reflected Operating Income of \$81,091. Again, it is always good to have a positive operating result. In this case, it was positive and it exceeded the budget by \$119,537. The only negative in January was the investment results. These were down \$232,120 when compared to the budget.

On a year to date basis, the combined revenues are under-performing by \$21,159 while the combined expenses are under-budget by \$595,929. As I mentioned last month, this is primarily due to the DPGS/MIGS overstating their expense budgets. The revenue continues to close the gap for the year. It is now down when compared to budget by \$21.2K (actually 99.3% of budget).

You will also see on page A16, we now have three DPGs/MIGs on the “watch list”; Dietitians in Business and Communications (71%), Management in Food and Nutrition Systems (75%) and Muslims in Dietetics and Nutrition (65%). The Muslims in Dietetics and Nutrition are new to our “watch list” this month. The Investment losses are having an impact on the DPG/MIG reserves. We will continue to monitor this situation.

VII. ANDPAC Preliminary January Financials (A7 and A14)

ANDPAC did not perform very well in January. Revenue was under-budget (down \$3.9K) while expenses were also under budget (down \$0.5K). Revenue continues to be the biggest concern. ANDPAC’s revenue is now below budget for the year by \$19,083 (24.4%). However, it is still higher than last year at this time (up \$5.9K or up 11.0%). Regardless, the PAC’s’ year to date Operating Deficit is \$16,220 smaller (better) than the budget. In addition, the PAC now has \$176.2K in reserve (A18). The PAC is in still in good financial shape at the end of January.

I hope this helps a little when going through the January package. As I finish this up, I can see that the stock market has erased most of the losses. In fact, the NASDAQ is actually higher. Maybe this will continue and we will end the week on a positive note. If you have any questions, or can’t make the call on Tuesday, please let me know. You should have received the webinar invitation from the Academy IT department today. Let us know if you have not. Also, Maria will let you know when everything is on the portal for you to review.

Have a great weekend.

Paul

All,

We have a Finance and Audit Committee meeting will be on Tuesday, February 23rd at 1:00 p.m. CST. Maria has begun to put the information onto the portal and will let you know when everything is completed. Also, the webinar invitation has gone out to everyone from the Academy IT team. Please let me know if you did not receive the information. The meeting agenda will focus on the following;

1. November final financials
2. December preliminary financials
3. April FAC meeting

I also have invited the Academy Executive team to audit our call. I thought it might be informative for the E-team to hear what is discussed. It is not mandatory. However, I thought it would be help

to the team. In addition, if anyone can attend the call, and the committee has a question, they could answer it immediately. Hopefully, a win/win scenario.

Now, onto the narrative.

I. December Adjustments

There were no changes made to the original December financials

II. Investments

- Unfortunately, the investment news continues to be the same; losses. In January, the combined portfolios lost nearly \$1.6M. This brings the year to date losses to just over \$2.6 million. The one bright spot is when I wrote this email in January, our portfolio was actually down \$3.4M for January. So, we did see a “rally” at the end of the month. I wish I could tell you we are experiencing a rebound in February. Through yesterday, the combined portfolios are down approximately \$335,000. This represents a 0.6% loss. The portfolios were down more earlier in the month, and unfortunately, are down this morning. That being said, 0.6% is not insurmountable. We still have the possibility of moving higher. I did talk to Al Bryant yesterday and he again reiterated that this will pass and he views this as just another market correction. I will keep you informed if this changes.

III. Academy preliminary January Financials (A3 and A10)

The Academy results for January were short of expectations. In January, the Academy revenue was short of the budget target by \$90,552. On the expense front, the Academy expenses were under budget by \$8,654. If you combine these two numbers, you will see that the Academy missed its Operating Income target by \$81,898. As I mentioned above, investments continued the poor performance and missed the budget target by \$573,568 in January. So, after adding everything together, the Academy had a Net Deficit of \$694,001. This underperformed the budget by \$655,465.

Year to date, through January, the Operating Revenues are now down by \$459,949 while the Operating Expenses are under budget by \$86,280. This results in an Operating Deficit of \$755,821 which is under-performing when compared to the budget by \$373,669. The one bright spot on the “overall financials” is the Operating Deficit is \$842,102 smaller (better) than the Operating Deficit through January of last year. This reflects a reduction of almost 53%. So, one of the “takeaways” from the financial results is the Academy is doing much better than last year, but, not as good as our budget.

The revenue in January continued to under-perform in some of the same areas as we have discussed previously; Publication (down \$53.1K) and Sponsorships (down \$22.1K). In January, we have missed out targets on Grants (down \$29.3K) and Other (down \$9.6K). In both cases, this could be a “timing” issue. One bit of good news for the month is Membership revenue beat the budget by \$2,766. This is mostly due to the Fellow revenue. However, the gap on Membership itself, at least for January, has closed. Since this is a “recurring “ revenue stream, hopefully, it won’t be just for one month. We also saw higher revenue in Programs and Meetings (up \$20.3) and Higher Subscriptions (up \$0.5K). The attached variance grid will provide the details.

On the expense front, the Academy had a quite a few categories that were over budget in January. The largest of which continues to be travel (up \$21.7K). Most of the travel over-run is due to the January Academy Board meeting. As I mentioned last month, this is my largest concern. When you look at the year to date variances, Travel is now over budget by \$65,542. In January, we also saw over-runs in Personnel (up \$10.5K), Postage and Mailing (up \$8.1K), Advertising (up \$2.3K), Bank Fees (up \$7.4K), and Meeting Services (up \$16.7K). Postage and Mailing and Advertising appear to be timing issues. Personnel is due to higher temporary help to offset vacancies within the Academy. Bank fees could be a timing issue, but, we won’t know for a month or two. Meeting Services is higher primarily due to the Academy Board Meeting.

On a year to date basis, we do have a few expense areas over-running the budget. The over-run in personnel for January now puts us slightly over budget. Even though we are at 99.98% of budget J, we will keep an eye on this one. Legal, Computer expenses and Advertising may be over on timing issues. For example, we are seeing lower Legal expenses in February which may help to recapture the over-run through January. We will continue to monitor this area. The big areas of concern are Travel and Meeting Services. On a positive front, we are under in a few categories as well; Publications (down \$64.8K), Professional Fees (down \$80.2K), Postage and Mailing (down \$57.4K) and Printing (down \$25.3K) are the largest of the bunch.

Overall, the Academy is holding expenses under-budget even with some of the over-runs. The major area of concern is revenue. It isn’t meeting expectations. As a positive footnote; the revenue through January is \$88,188 higher than the revenue through January of last year. So, revenue is at least higher. Just not as high as we would like.

As I mentioned above, I am including the variance grid for your review.

IV. Foundation Preliminary January Financials (A2, A8 and A9)

The Foundation had an interesting month in January. You will see that the actual revenue for the month was as negative \$113,377. This was due to refunding money provided by Monsanto in a previous period. The Foundation Board approved returning the funds. So, you have a negative result. Naturally, this did have a large impact on the overall performance of the Foundation. In January, the Foundation had an Operating Deficit of \$274,981. This was \$129,155 larger (worse) than the budget. This was primarily driven by the under-run in revenue addressed previously. Expenses for the month were under budget by \$31,606. The only major category over budget is Scholarships and Awards (up \$13.5K). This is likely a timing issue. The investment income continues to be drag on the performance of the Foundation. Investments lost \$636,727 in January. This is \$767,885 under budget.

Year to date, the Foundation's revenue is \$324,383 under budget while the expenses are \$220,374 under budget. This results in an Operating Deficit that is \$104,009 larger (worse) than the budget. Considering the loss of the General Mills Grant revenue in December and the return of the Monsanto money in January, the Foundation is performing well. The only negative at this time is the Investment income. Investment income is now \$2,120,254 below budget.

The overall financial results have now driven the Foundation's Net Assets to \$21.9M (A9). Smaller, but, still strong.

V. CDR preliminary January Financials (A4 and A11)

CDR, overall, had a another good month in January with the exception of Investments. Revenue exceeded the budget by \$15.1K while expenses were under budget by \$146.2K. This combination resulted in an Operating Profit of \$68,192 which was \$161.3K better than the budget. Higher revenue; lower expenses and an Operating Profit. All good signs. As was addressed above and in previous months, the only negative is the Investment Income. Investment Income fell short of budget by \$301,150 in January.

On a year to date basis, CDR is performing very well. Revenue is nearly on target for the year (down \$3.1K) at 99.95% of budget. Expenses are now \$1,119,049 under budget. Overall Operating Income is \$1,115,959 higher than the budget. As was the case with January, the only

negative for the year are investment results. The investments are down \$417,255 for the year. Even with this loss, the Net Income is still better than the budget by \$324,618. So, the operational results are over-coming the shortfall from investments.

VI. DPGs/MIGS/ACEND Preliminary January Financials (A5 and A12)

The combined DPGs/MIGS/ACEND financial results were better than expectations in January. Both revenue (up \$10.0K) and expense (down \$109.5K) performed better than the budget targets. The final results reflected Operating Income of \$81,091. Again, it is always good to have a positive operating result. In this case, it was positive and it exceeded the budget by \$119,537. The only negative in January was the investment results. These were down \$232,120 when compared to the budget.

On a year to date basis, the combined revenues are under-performing by \$21,159 while the combined expenses are under-budget by \$595,929. As I mentioned last month, this is primarily due to the DPGS/MIGS overstating their expense budgets. The revenue continues to close the gap for the year. It is now down when compared to budget by \$21.2K (actually 99.3% of budget).

You will also see on page A16, we now have three DPGs/MIGs on the “watch list”; Dietitians in Business and Communications (71%), Management in Food and Nutrition Systems (75%) and Muslims in Dietetics and Nutrition (65%). The Muslims in Dietetics and Nutrition are new to our “watch list” this month. The Investment losses are having an impact on the DPG/MIG reserves. We will continue to monitor this situation.

VII. ANDPAC Preliminary January Financials (A7 and A14)

ANDPAC did not perform very well in January. Revenue was under-budget (down \$3.9K) while expenses were also under budget (down \$0.5K). Revenue continues to be the biggest concern. ANDPAC’s revenue is now below budget for the year by \$19,083 (24.4%). However, it is still higher than last year at this time (up \$5.9K or up 11.0%). Regardless, the PAC’s’ year to date Operating Deficit is \$16,220 smaller (better) than the budget. In addition, the PAC now has \$176.2K in reserve (A18). The PAC is in still in good financial shape at the end of January.

I hope this helps a little when going through the January package. As I finish this up, I can see that the stock market has erased most of the losses. In fact, the NASDAQ is actually higher. Maybe this will continue and we will end the week on a positive note. If you have any questions,

or can't make the call on Tuesday, please let me know. You should have received the webinar invitation from the Academy IT department today. Let us know if you have not. Also, Maria will let you know when everything is on the portal for you to review.

Have a great weekend.

Paul

Hi Donna,

It is probably the about the same. The room rate is only \$139 and I'm not sure what airfare will be traveling on Sunday morning vs Saturday. Lucille and Linda will be staying in Chicago Saturday night so you would have companyJ

Please do what works best for you!

Subject: March 20-21 BOD Meeting Time

Since we have still been experiencing schedule conflicts, we are moving the times for the meeting **to start at 2:00pm on Sunday, March 20 and will adjourn at 3:00pm on Monday, March 21.** Hotel accommodations will be in downtown Chicago, reservations will be made for arrival on Sunday, March 20, unless requested otherwise. You are approved to make your travel arrangements for the meeting. Please go to <https://adatvl.axo20.com/> and select your flights, enter 1032430 for the approval code and indicate that the Academy is paying for travel from the drop down menu below the approval code box. If you have credit from the cost of an unused ticket, a prompt will display on your screen once you search for flights. If you have already booked your flight please call the Academy Travel Desk at 1-800-344-8212 to update your flight itinerary. The ticket change fee will be subtracted from the cost of the original flight and the remainder will be applied to the new reservation.

Thank you!

Subject: Upcoming Board Meetings

For various reasons several Board members are not able to attend the March 4-5 face to face Board meeting. Having reviewed multiple schedules we are changing the meeting to **Saturday, February 27 and Sunday, February 28**. The timing format proved to be cost effective since a one-night hotel stay is eliminated. We will begin at 2:00pm on Saturday and adjourn at 3:00pm on Sunday, again staying at a hotel near O'Hare which adds to the cost efficiency.

Hotel reservations will be made for arrival on **February 27**, unless requested otherwise. You are approved to make your travel arrangements for the meeting. Please go to <https://adatvl.axo20.com/> and select your flights, enter 1032430 for the approval code and indicate

that the Academy is paying for travel from the drop down menu below the approval code box.

After March, the next Board meeting is scheduled for May 12-13, 2016 and will take place at Academy headquarters. We will be inviting the newly elected incoming Board members to attend and observe, which assists in the transitioning. The Board retreat will follow on July 9-11, 2016 in Charleston, SC.

I made my reservations to come in on Saturday awhile back. Is it cheaper to pay the \$200 change fee on the ticket or stay in the hotel for Saturday night? It makes no difference to me.

Subject: March 20-21 BOD Meeting Time

Since we have still been experiencing schedule conflicts, we are moving the times for the meeting **to start at 2:00pm on Sunday, March 20 and will adjourn at 3:00pm on Monday, March 21.**

Hotel accommodations will be in downtown Chicago, reservations will be made for arrival on Sunday, March 20, unless requested otherwise. You are approved to make your travel arrangements for the meeting. Please go to <https://adatvl.axo20.com/> and select your flights, enter 1032430 for the approval code and indicate that the Academy is paying for travel from the drop

down menu below the approval code box. If you have credit from the cost of an unused ticket, a prompt will display on your screen once you search for flights. If you have already booked your flight please call the Academy Travel Desk at 1-800-344-8212 to update your flight itinerary. The ticket change fee will be subtracted from the cost of the original flight and the remainder will be applied to the new reservation.

Thank you!

Joan

Subject: Upcoming Board Meetings

For various reasons several Board members are not able to attend the March 4-5 face to face Board meeting. Having reviewed multiple schedules we are changing the meeting to **Saturday**,

February 27 and Sunday, February 28. The timing format proved to be cost effective since a one-night hotel stay is eliminated. We will begin at 2:00pm on Saturday and adjourn at 3:00pm on Sunday, again staying at a hotel near O'Hare which adds to the cost efficiency.

Hotel reservations will be made for arrival on **February 27**, unless requested otherwise. You are approved to make your travel arrangements for the meeting. Please go to <https://adatvl.axo20.com/> and select your flights, enter 1032430 for the approval code and indicate that the Academy is paying for travel from the drop down menu below the approval code box.

After March, the next Board meeting is scheduled for May 12-13, 2016 and will take place at Academy headquarters. We will be inviting the newly elected incoming Board members to attend and observe, which assists in the transitioning. The Board retreat will follow on July 9-11, 2016 in Charleston, SC.

>>> All,

>>>

>>> As I mentioned below, I am working on increasing the working capital loan for the Academy. The bank has agreed to increase the loan amount. Unfortunately, the line of credit policy attached has a hard cap of \$1,000,000. Since we are at this cap, I would like to change this policy to reflect the following;

>>>

>>> - The line of credit may not exceed \$2,000,000.

>>>

>>> In order to provide some leeway, I am requesting that this be increased to by \$1,000,000. For those of you who may be concerned about the loan, we are still constrained by the 90 day payback option. Also, any outstanding loan balance would be represented on the balance sheet provided each month. Timing, of course, is critical. I would prefer to go this route instead of taking money out of reserves. Therefore, I am respectfully requesting that the FAC respond For or Against this increase. In order to change the policy via e-mail, it must be a unanimous vote. So, I would like to hear back from all FAC members by noon on Monday. Simple say you are for or against the change.

>>>

>>> Once this is done and if you approve, I will move forward with using the some of the increased amount. Technically, it would not be official until the next Board meeting. However, since this is in late March, by that time I would hope to be deep in the process of paying down the loan amount. When you respond, please do so for the entire committee. Linda will tabulate the votes.

>>>

>>> Thank you and have a great weekend.

>>> Subject: RE: Academy cash requirements

>>>

>>> All,

>>>

>>> I want to update you on cash requirements for the Academy and related organizations. Right now, as I look at our cash balances, I sorry to tell you that I will need at least another \$500,000 taken out by next week. This may increase as we look at our bills and cash inflows. I know this is a broken record. However, this time of year, it is about balancing our cash inflows with cash

outflows. Since December, we are down about \$1.7 million in money coming into the bank. You may recall that the majority of that money is the General Mills grants which would go out in May. So, that is clearly a timing issue. To help offset most of this, we tapped into the working capital loan from the bank in December. Last year, we tapped into the loan in February.

>>> We do anticipate money coming in from our vendors. Over the next two weeks, we anticipate over \$500,000 in money coming in from our larger vendors. I would expect another \$300,000 - \$500,000 coming in from normal operational sales. Even though this could reach \$1 million, it will not be enough to handle the bills. In addition to the \$500,000 moved from reserves, I will also reach out to the bank to see if they would provide an increase of another \$500,000 in the working capital loan. At approximately 2.75% interest, this would amount to approximately \$1,150 in additional monthly interests. If there are no objections from the Committee, I will begin this process. This will provide to us additional flexibility.

>>> Of course, what makes this worse is the down turn in the stock market. Even though we won't be selling equities to make this work, we will be putting Al Bryant into a tight situation on his ratios for the reserves. I have let him know that we will be taking another \$500,000 out within the week and potentially another \$500,000 shortly after. He is verifying that the cash will be available. Regardless of how much is available, reducing our cash held with Segall, Bryant and Hamill will drive investment changes. Less cash means less ability to purchase new holdings and/or force the sale of existing equities are some point.

>>> I will keep you informed as we go forward. Please let me know if you have concerns about the working capital loan increase or any concerns about moving money from reserves. You can either send me an email or call me at 800-877-1600, ext. 4730

Subject: UPDATE: Upcoming Board Meetings

Several people have schedule conflicts for the revised dates of the next Board meeting. Please hold off on scheduling your travel. If any of you have booked your flight, we will place your ticket into the pool for reissue. A Doodle poll will be sent early next week to select a meeting date.

Best regards,
Joan

Joan Schwaba, MS, RDN, LDN

Subject: Upcoming Board Meetings

For various reasons several Board members are not able to attend the March 4-5 face to face Board meeting. Having reviewed multiple schedules we are changing the meeting to **Saturday, February 27 and Sunday, February 28**. The timing format proved to be cost effective since a one-night hotel stay is eliminated. We will begin at 2:00pm on Saturday and adjourn at 3:00pm on Sunday, again staying at a hotel near O'Hare which adds to the cost efficiency.

Hotel reservations will be made for arrival on **February 27**, unless requested otherwise. You are approved to make your travel arrangements for the meeting. Please go to <https://adatvl.axo20.com/> and select your flights, enter 1032430 for the approval code and indicate

that the Academy is paying for travel from the drop down menu below the approval code box.

After March, the next Board meeting is scheduled for May 12-13, 2016 and will take place at Academy headquarters. We will be inviting the newly elected incoming Board members to attend and observe, which assists in the transitioning. The Board retreat will follow on July 9-11, 2016 in Charleston, SC.

Best regards,
Joan

Unfortunately, the line of credit policy attached has a hard cap of \$1,000,000. Since we are at this cap, I would like to change this policy to reflect the following;

> >

> > - The line of credit may not exceed \$2,000,000.

> >

> > In order to provide some leeway, I am requesting that this be increased to by \$1,000,000. For those of you who may be concerned about the loan, we are still constrained by the 90 day payback option. Also, any outstanding loan balance would be represented on the balance sheet provided each month. Timing, of course, is critical. I would prefer to go this route instead of taking money out of reserves. Therefore, I am respectfully requesting that the FAC respond For or Against this increase. In order to change the policy via e-mail, it must be a unanimous vote. So, I would like to hear back from all FAC members by noon on Monday. Simple say you are for or against the change.

> >

> > Once this is done and if you approve, I will move forward with using the some of the increased amount. Technically, it would not be official until the next Board meeting. However, since this is in late March, by that time I would hope to be deep in the process of paying down the loan amount. When you respond, please do so for the entire committee. Linda will tabulate the votes.

> > Subject: RE: Academy cash requirements

> >

> > All,

> >

> > I want to update you on cash requirements for the Academy and related organizations. Right now, as I look at our cash balances, I sorry to tell you that I will need at least another \$500,000 taken out by next week. This may increase as we look at our bills and cash inflows. I know this is a broken record. However, this time of year, it is about balancing our cash inflows with cash outflows. Since December, we are down about \$1.7 million in money coming into the bank. You may recall that the majority of that money is the General Mills grants which would go out in May. So, that is clearly a timing issue. To help offset most of this, we tapped into the working capital loan from the bank in December. Last year, we tapped into the loan in February.

> > We do anticipate money coming in from our vendors. Over the next two weeks, we anticipate over \$500,000 in money coming in from our larger vendors. I would expect another \$300,000 -

\$500,000 coming in from normal operational sales. Even though this could reach \$1 million, it will not be enough to handle the bills. In addition to the \$500,000 moved from reserves, I will also reach out to the bank to see if they would provide an increase of another \$500,000 in the working capital loan. At approximately 2.75% interest, this would amount to approximately \$1,150 in additional monthly interests. If there are no objections from the Committee, I will begin this process. This will provide to us additional flexibility.

> > Of course, what makes this worse is the down turn in the stock market. Even though we won't be selling equities to make this work, we will be putting Al Bryant into a tight situation on his ratios for the reserves. I have let him know that we will be taking another \$500,000 out within the week and potentially another \$500,000 shortly after. He is verifying that the cash will be available. Regardless of how much is available, reducing our cash held with Segall, Bryant and Hamill will drive investment changes. Less cash means less ability to purchase new holdings and/or force the sale of existing equities at some point.

> > I will keep you informed as we go forward. Please let me know if you have concerns about the working capital loan increase or any concerns about moving money from reserves. You can either send me an email or call me at 800-877-1600, ext. 4730

Thanks Denice. As has been said many of us have been touched by cancer. I wish I were available for the webcast. I will share this information with my district.

On Friday, February 12, 2016, Denice Ferko-Adams <deniceferkoadams@gmail.com> wrote:
Hello BOD members,

At FNCE, I learned of the ON DPG project - Oncology Nutrition DPG - they worked very hard to raise funds to offer this FREE IOM WEBCAST with the goal of making sure that every cancer patient has a RDN. (I cannot recall - but thought it was \$100,000 had to be raised).

See the link below - but also please review the **PDF of the Agenda** - Examining Access to Nutrition Care in Outpatient Cancer Centers

As many of you know my personal story with my sister's rare cancer, it is unfortunate that cancer centers vary greatly in access and visibility of RDNs.

From talking with the DPG at FNCE, I know that the Academy did contribute something to this effort, but it was smaller financial amount than many of the other organizations. I would appreciate understanding the rationale as I see this as exactly the type of efforts we should be strongly supporting.

Please help promote this **FREE WEBCAST** and it would be great if some of the Academy BOD or staff could also attend.

Thank you!

PS - Joan - I think I fixed all the email addresses on this list...

Email: DeniceFerkoAdams@gmail.com

I am thrilled to announce that the Institute of Medicine Workshop on ***Assessing Nutrition Care in Outpatient Oncology*** is happening!

Join us in person or via webcast on Monday, March 14, 7:30 AM – 5:00 PM

National Academy of Sciences, Keck Center, 500 Fifth St, NW, Washington, DC or via webcast

The workshop is free and open to public. Continuing education credits for RDNs is pending.

Register here to attend in person or via webcast,

<http://iom.nationalacademies.org/Activities/Nutrition/AssessingNutritionCareinOutpatientOncology.aspx>

The Workshop will explore ways in which access to nutritional care in outpatient cancer centers impacts a variety of outcome measures, including morbidity, mortality and cost-effectiveness of oncology care.

Please encourage your colleagues, administrators, patients, and legislators to join in so that we can spread the word and improve access to nutritional care in cancer centers!

Telephone (334) 260-7970 • Fax (334) 272-7128 • Email ALDA@gmsal.com

My name is Larry Vinson, Executive Director of the Alabama Dietetic Association. We are very pleased to have you as a speaker for our 2016 Annual Meeting, scheduled for Wednesday, March 9th – Friday, March 11th, at the Renaissance Hotel & Convention Center, located at 201 Tallapoosa Street, Montgomery, AL 36104, telephone 334.481.5000. This meeting typically draws around 225-250 dietitians and students.

ALDA provides all attendees with a CD containing PDF copies of the speaker's PowerPoint presentations. **We will need your presentation by February 22nd to have the CDs prepared.** You can continue to work on your presentation, but we will need your latest draft for CD by February 22nd.

I have attached an agenda for your review. Please check to make sure the title of your presentation is correct. We will have a laptop and projector for you to use for your presentation. However, if you have video in your presentation, please alert me so I can make sure it works properly on our equipment.

Our Annual Meeting is held in conjunction with the Alabama Food and Nutrition Exposition, a product show featuring over 120 booths with food items, equipment and services designed to help dietitians and other food service professionals working in clinical, school, nursing homes and other food service applications. We have also attached the Food EXPO brochure.

Again, we are excited to have you on our program. Please let me know if you have any questions or need anything from us.

Sincerely,

Larry Vinson

Subject: Addressing ALDA Annual Meeting

Alabama Dietetic Association

Post Office Box 240757 • Montgomery, Alabama 36124-0757

Telephone (334) 260-7970 • Fax (334) 272-7128 • Email ALDA@gmsal.com

My name is Larry Vinson, Executive Director of the Alabama Dietetic Association. We are very pleased to have you as a speaker for our 2016 Annual Meeting, scheduled for Wednesday, March 9th – Friday, March 11th, at the Renaissance Hotel & Convention Center, located at 201 Tallapoosa Street, Montgomery, AL 36104, telephone 334.481.5000. This meeting typically draws around 225-250 dietitians and students.

ALDA provides all attendees with a CD containing PDF copies of the speaker's PowerPoint presentations. **We will need your presentation by February 22nd to have the CDs prepared.** You can continue to work on your presentation, but we will need your latest draft for CD by February 22nd.

I have attached an agenda for your review. Please check to make sure the title of your presentation is correct. We will have a laptop and projector for you to use for your presentation. However, if you have video in your presentation, please alert me so I can make sure it works

properly on our equipment.

Our Annual Meeting is held in conjunction with the Alabama Food and Nutrition Exposition, a product show featuring over 120 booths with food items, equipment and services designed to help dietitians and other food service professionals working in clinical, school, nursing homes and other food service applications. We have also attached the Food EXPO brochure.

Again, we are excited to have you on our program. Please let me know if you have any questions or need anything from us.

Sincerely,

Larry Vinson

All,

I want to thank everyone for voting. The change has been approved. It will be added to the Board Meeting agenda in March. I do think we will need to tap into this increased loan amount before the meeting. If anyone has any objections, please let me know.

Paul

Subject: RE: Academy cash requirements

All,

As I mentioned below, I am working on increasing the working capital loan for the Academy. The bank has agreed to increase the loan amount. Unfortunately, the line of credit policy attached has a hard cap of \$1,000,000. Since we are at this cap, I would like to change this policy to reflect the following;

- The line of credit may not exceed \$2,000,000.

In order to provide some leeway, I am requesting that this be increased to by \$1,000,000. For those of you who may be concerned about the loan, we are still constrained by the 90 day payback option. Also, any outstanding loan balance would be represented on the balance sheet provided each month. Timing, of course, is critical. I would prefer to go this route instead of taking money out of reserves. Therefore, I am respectfully requesting that the FAC respond **For or Against** this increase. In order to change the policy via e-mail, it must be a unanimous vote.

So, I would like to hear back from all FAC members by noon on Monday. Simple say you are for or against the change.

Once this is done and if you approve, I will move forward with using the some of the increased amount. Technically, it would not be official until the next Board meeting. However, since this is in late March, by that time I would hope to be deep in the process of paying down the loan amount.

When you respond, please do so for the entire committee. Linda will tabulate the votes.

Thank you and have a great weekend.

Paul

Subject: RE: Academy cash requirements

All,

I want to update you on cash requirements for the Academy and related organizations. Right now, as I look at our cash balances, I'm sorry to tell you that I will need at least another \$500,000 taken out by next week. This may increase as we look at our bills and cash inflows. I know this is a broken record. However, this time of year, it is about balancing our cash inflows with cash outflows. Since December, we are down about \$1.7 million in money coming into the bank. You may recall that the majority of that money is the General Mills grants which would go out in May. So, that is clearly a timing issue. To help offset most of this, we tapped into the working capital loan from the bank in December. Last year, we tapped into the loan in February.

We do anticipate money coming in from our vendors. Over the next two weeks, we anticipate over \$500,000 in money coming in from our larger vendors. I would expect another \$300,000 - \$500,000 coming in from normal operational sales. Even though this could reach \$1 million, it will not be enough to handle the bills. In addition to the \$500,000 moved from reserves, I will also reach out to the bank to see if they would provide an increase of another \$500,000 in the working capital loan. At approximately 2.75% interest, this would amount to approximately \$1,150 in additional monthly interests. If there are no objections from the Committee, I will begin this process. This will provide to us additional flexibility.

Of course, what makes this worse is the down turn in the stock market. Even though we won't be selling equities to make this work, we will be putting Al Bryant into a tight situation on his ratios for the reserves. I have let him know that we will be taking another \$500,000 out within the week and potentially another \$500,000 shortly after. He is verifying that the cash will be available. Regardless of how much is available, reducing our cash held with Segall, Bryant and Hamill will drive investment changes. Less cash means less ability to purchase new holdings and/or force the sale of existing equities at some point.

I will keep you informed as we go forward. Please let me know if you have concerns about the working capital loan increase or any concerns about moving money from reserves. You can either send me an email or call me at 800-877-1600, ext. 4730

Of course, what makes this worse is the down turn in the stock market. Even though we won't be selling equities to make this work, we will be putting Al Bryant into a tight situation on his ratios for the reserves. I have let him know that we will be taking another \$500,000 out within the week and potentially another \$500,000 shortly after. He is verifying that the cash will be available.

Regardless of how much is available, reducing our cash held with Segall, Bryant and Hamill will drive investment changes. Less cash means less ability to purchase new holdings and/or force the sale of existing equities at some point.

I will keep you informed as we go forward. Please let me know if you have concerns about the working capital loan increase or any concerns about moving money from reserves. You can either send me an email or call me at 800-877-1600, ext. 4730

ON THE PULSE OF PUBLIC POLICY

President's Budget Invests in Health and Nutrition

President Obama's Fiscal Year 2017 budget makes key investments in nutrition and public health programs for his administrations final year. Important information will be shared soon about opportunities to reach out to your members of Congress about funding critical nutrition programs. [Learn More](#)

Policy Leaders Advocate for Prediabetes Coverage

The Academy's Legislative and Public Policy Committee and board members of the Academy's political action committee ANDPAC met recently in Washington, D.C., to outline individual and collaborative initiatives for 2016. Members also met with approximately 20 congressional offices to advocate for coverage of medical nutrition therapy for prediabetes and other legislative priorities. [Learn More](#)

Offer Input: Proposed Regulations and Government Initiatives

Federal agencies continue to be busy issuing multiple proposed regulations affecting everything from food labeling (such as GMOs and use of the term "natural") to opportunities to reform any regulations that are burdensome or out of date to initiatives that touch on almost every area of dietetics practice. Members are encouraged to work with your dietetic practice groups to submit input on these initiatives, which are detailed in the Public Policy Weekly News and on the Academy's website.

New Proposed Rule to Improve Access to Healthy Foods for SNAP

The 2014 Farm Bill required the U.S. Department of Agriculture to make rules to ensure SNAP retailers provide greater varieties of healthy staple food items. The new rule requires SNAP retailers to stock seven varieties of qualifying foods in four groups on a continuous basis, with perishable foods in at least three of the four staple food groups: dairy products; breads and cereals; meats, poultry and fish; and fruits and vegetables. The rule calls for retailers to stock at least six units within each variety.

For March: National Nutrition Month Promotions Made Easy

The 2016 National Nutrition Month theme *Savor the Flavor of Eating Right* encourages everyone to take the time to enjoy food traditions and appreciate the pleasures, great flavors and social experiences food can add to people's lives. View the National Nutrition Month product catalog featuring promotional kits to help make your celebrations quick and easy.

[Learn More](#)

See Your Name in Lights: Enter the RDN Day Contest

In celebration of Registered Dietitian Nutritionist Day on March 9, and in thanks for all RDNs do to improve the nutritional health of Americans and people around the world, the Academy hosts a special annual contest to feature a member in Times Square in New York City during National Nutrition Month. The deadline to enter is February 21.

[Learn More](#)

February 19 Deadline: FNCE Poster Session Abstracts

Have you conducted research in nutrition and dietetics? Do you have a unique program or project you would like to feature? Consider presenting at the Academy's 2016 Food & Nutrition Conference & Expo. New research and innovations in a wide variety of topics will be presented during poster sessions. The submission deadline is February 19.

[Learn More](#)

March 31 Application Deadline: Are you a Quality Leader?

All credentialed dietetics practitioners are invited to apply to be a part of the Quality Leader

Alliance to network and develop resources for the Academy. The application deadline is March 31.
[Learn More](#)

Member Named to Diabetes Association Board

Academy member Jackie Boucher, MS, RD, LD, CDE, president of Children's HeartLink in Minneapolis, Minn., has been named to the 2016 American Diabetes Association's Board of Directors. Academy member Margaret Powers, PhD, RD, CDE, continues her service on ADA's board as president for health care and education.

[Learn More](#)

Member Helps Develop NRA Exams

Academy member Linda Lockett Brown, RDN, LDN, CLC, served recently on the development team for the National Restaurant Association's ServSafe Manager and Food Handler exams. Brown, president of Cinet Registered Dietitians, Wellness and ServSafe Trainers, of Orange Park, Fla., worked with food safety experts representing regulatory, academia and other segments of the foodservice industry.

Member Selected as Health Policy Fellow

Academy member Susie Nanney, PhD, MPH, MS, RD, associate professor at the University of Minnesota and the founder and director of the university's Health Equity in Policy Initiative, has been named a Robert Wood Johnson Foundation Health Policy Fellow for the class of 2016-2017. Academy member Nadine Braunstein, PhD, RD, chair of the Legislative and Public Policy Committee, was a Robert Wood Johnson Foundation Health Policy Fellow in the class of 2013-2014.

[Learn More](#)

PHILANTHROPY, AWARDS AND GRANTS

March 18 Deadline: Apply for Foundation Scholarships

The Foundation is committed to providing scholarships to dietetics students at all levels of study. Scholarships are funded by individuals, affiliates, dietetic practice groups and Academy partners including Colgate-Palmolive Company, Commission on Dietetic Registration, ConAgra Foods, ILSI North America and Mead Johnson Nutrition. The online scholarship application is available. The application deadline is March 18. Email scholarship@eatright.org with questions.

[Learn More](#)

April 1 Deadline: Apply for Foundation Research Grants

This grant will provide me with seed funding to start my research program focused on early life interventions for childhood obesity. Research generated through this funding will ultimately help practitioners to be better able to treat pediatric obesity among ethnic minority populations. - Sina Gallo, PhD, RD, recipient of the 2015 Ann A. Hertzler Memorial Research Grant. The Foundations named research funds are available annually to Academy members at all levels of practice, in

areas such as renal disease, childhood obesity, nutrition and oral health, diabetes medical nutrition therapy, diet and neurological disorders and nutritional epidemiology. The application deadline is April 1. Email adonatell@eatright.org with questions.

[Learn More](#)

April 1 Deadline: Herbert D. and Nylda Gemple Research Grant

This \$5,000 grant encourages development and excellence in innovative and unique models to study the correlation of diet and nutrition in treating neurological disorders. Email adonatell@eatright.org with questions. The application deadline is April 1.

[Learn More](#)

During National Nutrition Month: Honor a Mentor with a Tribute Gift

Honoring a mentor while making a gift to your Foundation is a great way to recognize the special people who make a difference in your life, while making an important investment in the future of the dietetics profession. Your friend, colleague or loved one's family will be notified of your thoughtfulness through a personalized acknowledgement card. Contact Martha Ontiveros at 312/899-4773 or montiveros@eatright.org.

Alabama Dietetic Association

Post Office Box 240757 • Montgomery, Alabama 36124-0757

Telephone (334) 260-7970 • Fax (334) 272-7128 • Email ALDA@gmsal.com

My name is Larry Vinson, Executive Director of the Alabama Dietetic Association. We are very pleased to have you as a speaker for our 2016 Annual Meeting, scheduled for Wednesday, March 9th – Friday, March 11th, at the Renaissance Hotel & Convention Center, located at 201

Tallapoosa Street, Montgomery, AL 36104, telephone 334.481.5000. This meeting typically draws around 225-250 dietitians and students.

ALDA provides all attendees with a CD containing PDF copies of the speaker's PowerPoint presentations. **We will need your presentation by February 22nd to have the CDs prepared.** You can continue to work on your presentation, but we will need your latest draft for CD by February 22nd.

I have attached an agenda for your review. Please check to make sure the title of your presentation is correct. We will have a laptop and projector for you to use for your presentation. However, if you have video in your presentation, please alert me so I can make sure it works properly on our equipment.

Our Annual Meeting is held in conjunction with the Alabama Food and Nutrition Exposition, a product show featuring over 120 booths with food items, equipment and services designed to help dietitians and other food service professionals working in clinical, school, nursing homes and other food service applications. We have also attached the Food EXPO brochure.

Again, we are excited to have you on our program. Please let me know if you have any questions or need anything from us.

Sincerely,

Larry Vinson

Subject: Webinar: March 24 PCMH/ACO Update

Following is an email communication from Marsha Schofield.

Dear Board of Directors:

In the continuing series of webinars on topics of interest for the Board, we would like to invite you to join us for a webinar on Thursday, March 24, 2:00 – 3:00 pm Central time, for a progress report on implementation of the PCMH/Population Health Models Workgroup Report's recommendations. Understanding March is a busy month, this date was selected based upon your availability. Should you be unable to attend this webinar, it will be recorded and sent out after the call. The link for this webinar is <https://eatright.webex.com/eatright/j.php?MTID=m25cfa8cfe35008ea362c5a1fd4e4633b>.

The webinar will provide an overview of progress to date by Academy organizational units as they implement recommendations from the report. Units across the Academy are actively engaged in efforts to achieve the workgroup's vision of positioning RDNs as essential members of person-centered health care delivery models. As we hit the mid-point of the 3-year window framed by the workgroup, now is a good time to assess progress and identify areas that may require attention in terms of resource allocation and/or prioritization by the Board. This progress report may also help us to "Get Smart" as we create our vision for the Second Century.

I look forward to the discussion and your feedback and ideas.

Sincerely,

Marsha

Hi Donna,
thanks for the heads up and for encouraging Dayle. She is so well known, her reputation truly precedes her. Twenty people received the invitation to apply, the HLT will review applications very closely and we will be sure to select the strongest people for sure. And Dayle doesn't even need an introduction, she is truly a revolutionary RD!

Date: February 5, 2016

To: Nominees for Council on Future Practice

From: Aida Miles, MMSC, RD, LD, FAND

Speaker, House of Delegates

Subject: Invitation to Apply for the Council on Future Practice

Your name was submitted for consideration to be appointed to the Council on Future Practice. This appointment would be either a 2-year (young practitioner position) or 3-year (any practitioner) term on the Council and would be effective on June 1, 2016.

In order for the HOD Leadership Team to select two new appointees for the Council, we need you to complete an application. Each application will be reviewed and scored by the HOD Leadership Team to identify the individuals who are best suited to serve in this capacity. If you wish to review background information on the work of the Council, please review the information found on its web page at www.eatright.org/futurepractice.

Please complete your application by the end of day, Friday, February 26, 2016 in order to be considered for appointment. Due to the types of questions asked on the application, please allow 60 minutes to complete your responses. You will note on the application form the number of possible points assigned to each section. The HOD Leadership Team will convene via conference call in mid-April to select the three new members to serve on the Council, which is composed of ten members. You can anticipate being notified about the appointment results by the end of April 2016.

Please note that you will be receiving your own personal link via a Survey Monkey email to the Nominee Application for the Council on Future Practice. This is a unique link that tracks

your response and allows you to re-enter the survey to modify or proofread your application responses. **Please remember you must use this link in order to get back into the application**. If you do not finish the application in one sitting, this link will allow you to re-enter the application and finish at a later time. This link will only work in this fashion as long as you do not click "done" at the end of the application. If you experience a problem using this link, please contact Dana Buelsing at dbuelsing@eatright.org.

If you should have any further questions or comments regarding the invitation to complete an application, please do not hesitate to contact myself (miles081@umn.edu) or Cecily Byrne (cbyrne@eatright.org or 800/877-1600, ext. 4819).

We appreciate your interest and desire to serve the Academy. Also, thanks for taking the time to complete your application form.

Subject: Re: Voting

Hi Pat,

The password reset function IS working, but that's not why people cannot sign into the elections portal. The problem (which is not related to eatrightPRO) is that the elections portal, run by Mario, uses a different login function than the eatrightPRO login, and it ONLY allows using a member's "web ID" (totally outdated practice). The web ID is *usually* the member's CDR/member # but some members changed their IDs to something else and then forgot them.

Joan talked to Gary last week about changing the login function to point to email address or CDR/member # but he said it would be too hard to do before elections end.

So long story short, the only thing that can be done is to make clearer directions on the elections portal, which has to be changed through web author's (Mario's) system.

I will talk with Joan in the morning to get this resolved with Mario ASAP. In the meantime, Liz is checking to see if we can post clear directions on the PRO website for members who are running into this problem. Also, we should look into possible bringing the voting in house for 2017 or having at the very least a single seamless login. We need to invest some money in the development stage but it will help alleviate the problems.

Donna forwarded an email and I am responding to her as well.

Subject: Re: Need help please for people trying to vote!

Hi Donna,

To eliminate any confusion, Liz and her team will also add this sentence above this VOTE HERE button: To vote, make sure you have your Web ID (not email address) and password.

Hi Donna,

I'm cc:ing Joan as she's been helping members through this issue and can reach out to Virginia and Sarah tomorrow.

The problem is either people are trying to use the temporary password provided during "reset" to sign into the elections portal (temporary passwords are not accepted), or they are not using their "Web ID." We will add some more instructions to the elections page now.

Thanks,

Liz

This is one more reason I want to be President-elect of the Academy, because we have a staff that really cares and is responsive and competent. Thanks for continuing to care so much about what you do.

Aida and Marsha, Dayle Hayes emailed me about this nomination for the CFP and asked my opinion about her applying for a position. I whole heartedly encouraged her to apply and I told her I was going to email you both with my strongest recommendations for you all to consider her. She has got exactly the right skills to serve on this task force. She has got the pulse on the future and her pulse on the Academy also. Please strongly consider her when making your selections. I promise you that you will not be disappointed. Please contact me if you need any more information on her nomination.

To: Nominees for Council on Future Practice

From: Aida Miles, MMSC, RD, LD, FAND

Speaker, House of Delegates

Subject: Invitation to Apply for the Council on Future Practice

Your name was submitted for consideration to be appointed to the Council on Future Practice. This appointment would be either a 2-year (young practitioner position) or 3-year (any practitioner) term on the Council and would be effective on June 1, 2016.

In order for the HOD Leadership Team to select two new appointees for the Council, we need you to complete an application. Each application will be reviewed and scored by the HOD Leadership Team to identify the individuals who are best suited to serve in this capacity. If you wish to review background information on the work of the Council, please review the information found on its web page at www.eatright.org/futurepractice.

Please complete your application by the end of day, Friday, February 26, 2016 in order to be considered for appointment. Due to the types of questions asked on the application, please allow 60 minutes to complete your responses. You will note on the application form the number of possible points assigned to each section. The HOD Leadership Team will convene via conference call in mid-April to select the three new members to serve on the Council, which is composed of ten members. You can anticipate being notified about the appointment results by the end of April 2016.

Please note that you will be receiving your own personal link via a Survey Monkey email to the Nominee Application for the Council on Future Practice. This is a unique link that tracks your response and allows you to re-enter the survey to modify or proofread your application responses. **Please remember you must use this link in order to get back into the application**. If you do not finish the application in one sitting, this link will allow you to re-enter the application and finish at a later time. This link will only work in this fashion as long as you do not click “done” at the end of the application. If you experience a problem using this link, please contact Dana Buelsing at dbuelsing@eatright.org.

If you should have any further questions or comments regarding the invitation to complete an application, please do not hesitate to contact myself (miles081@umn.edu) or Cecily Byrne (cbyrne@eatright.org or 800/877-1600, ext. 4819).

We appreciate your interest and desire to serve the Academy. Also, thanks for taking the time to complete your application form.

cc: HOD Leadership Team

>

> All,

>

> I want to update you on cash requirements for the Academy and related organizations. Right now, as I look at our cash balances, I sorry to tell you that I will need at least another \$500,000 taken out by next week. This may increase as we look at our bills and cash inflows. I know this is a broken record. However, this time of year, it is about balancing our cash inflows with cash outflows. Since December, we are down about \$1.7 million in money coming into the bank. You may recall that the majority of that money is the General Mills grants which would go out in May. So, that is clearly a timing issue. To help offset most of this, we tapped into the working capital loan from the bank in December. Last year, we tapped into the loan in February.

> We do anticipate money coming in from our vendors. Over the next two weeks, we anticipate over \$500,000 in money coming in from our larger vendors. I would expect another \$300,000 - \$500,000 coming in from normal operational sales. Even though this could reach \$1 million, it will not be enough to handle the bills. In addition to the \$500,000 moved from reserves, I will also reach out to the bank to see if they would provide an increase of another \$500,000 in the working capital loan. At approximately 2.75% interest, this would amount to approximately \$1,150 in additional monthly interests. If there are no objections from the Committee, I will begin this process. This will provide to us additional flexibility.

> Of course, what makes this worse is the down turn in the stock market. Even though we won't be selling equities to make this work, we will be putting Al Bryant into a tight situation on his ratios for the reserves. I have let him know that we will be taking another \$500,000 out within the week and potentially another \$500,000 shortly after. He is verifying that the cash will be available.

Regardless of how much is available, reducing our cash held with Segall, Bryant and Hamill will drive investment changes. Less cash means less ability to purchase new holdings and/or force the sale of existing equities at some point.

> I will keep you informed as we go forward. Please let me know if you have concerns about the working capital loan increase or any concerns about moving money from reserves. You can either send me an email or call me at 800-877-1600, ext. 4730

All,

As I mentioned below, I am working on increasing the working capital loan for the Academy. The bank has agreed to increase the loan amount. Unfortunately, the line of credit policy attached has a hard cap of \$1,000,000. Since we are at this cap, I would like to change this policy to reflect the following;

- The line of credit may not exceed \$2,000,000.

In order to provide some leeway, I am requesting that this be increased to by \$1,000,000. For those of you who may be concerned about the loan, we are still constrained by the 90 day payback option. Also, any outstanding loan balance would be represented on the balance sheet provided each month. Timing, of course, is critical. I would prefer to go this route instead of taking money out of reserves. Therefore, I am respectfully requesting that the FAC respond **For or Against** this increase. In order to change the policy via e-mail, it must be a unanimous vote.

So, I would like to hear back from all FAC members by noon on Monday. Simple say you are for or against the change.

Once this is done and if you approve, I will move forward with using the some of the increased amount. Technically, it would not be official until the next Board meeting. However, since this is in late March, by that time I would hope to be deep in the process of paying down the loan amount. When you respond, please do so for the entire committee. Linda will tabulate the votes.

Thank you and have a great weekend.

TO: Academy Board of Directors

FROM: Dr. Evelyn F. Crayton

One of our Board responsibilities is to annually evaluate the CEO's performance. As you know, we made a few edits to the CEO performance evaluation form this year. It is time for us Board members to complete section II of the evaluation - Competency Evaluation. It is available on survey monkey. Prior to doing the evaluation, take a look at Board agendas, general communications to the Board, CEO summary reports in Board meeting packets, executive session discussions with Pat as well as minutes from our Board meetings.

Please complete the questionnaire by Tuesday, March 1, 2016. The Compensation Committee will summarize the responses, provide you with a summary report and recommendation regarding the CEO base salary for 2016-17 that will be discussed and voted on during the Executive Session of the May Board meeting. Let me know if you have any questions.

Thank you for participating!

Hi Denice,

Thank you so much for forwarding this to all of us. Cancer has touched most (or maybe all) of our lives in one way or another, this is meaningful in so many ways.

I do not know anything about the funding. I did want to tell you all that during FNCE there was a meeting with all the DPG leaders, in which exemplary DPG efforts were highlighted. The Oncology DPG presented on this effort. They received great accolades and they inspired other DPGs to be innovative, creative, go-getters, and to not give up on efforts no matter how far-fetched they seemed. I personally talked to them at the end of the presentations and congratulated them on behalf of the Board and the House.

Sadly I can't register to attend as I will be at NDEP 1, but we can share this announcement with our delegates for them to also distribute widely.

Hello BOD members,

At FNCE, I learned of the ON DPG project - Oncology Nutrition DPG - they worked very hard to raise funds to offer this FREE IOM WEBCAST with the goal of making sure that every cancer patient has a RDN. (I cannot recall - but thought it was \$100,000 had to be raised).

See the link below - but also please review the **PDF of the Agenda** - Examining Access to Nutrition Care in Outpatient Cancer Centers

As many of you know my personal story with my sister's rare cancer, it is unfortunate that cancer centers vary greatly in access and visibility of RDNs.

From talking with the DPG at FNCE, I know that the Academy did contribute something to this effort, but it was smaller financial amount than many of the other organizations. I would appreciate understanding the rationale as I see this as exactly the type of efforts we should be strongly supporting.

Please help promote this **FREE WEBCAST** and it would be great if some of the Academy BOD or staff could also attend.

Thank you!

PS - Joan - I think I fixed all the email addresses on this list...

I am thrilled to announce that the Institute of Medicine Workshop on **Assessing Nutrition Care in Outpatient Oncology** is happening!

Join us in person or via webcast on Monday, March 14, 7:30 AM – 5:00 PM

National Academy of Sciences, Keck Center, 500 Fifth St, NW, Washington, DC or via webcast

The workshop is free and open to public. Continuing education credits for RDNs is pending.

Register here to attend in person or via webcast,

<http://iom.nationalacademies.org/Activities/Nutrition/AssessingNutritionCareinOutpatientOncology.aspx>

The Workshop will explore ways in which access to nutritional care in outpatient cancer centers impacts a variety of outcome measures, including morbidity, mortality and cost-effectiveness of oncology care.

Please encourage your colleagues, administrators, patients, and legislators to join in so that we can spread the word and improve access to nutritional care in cancer centers!

Subject: RE: Academy cash requirements

All,

As I mentioned below, I am working on increasing the working capital loan for the Academy. The bank has agreed to increase the loan amount. Unfortunately, the line of credit policy attached has a hard cap of \$1,000,000. Since we are at this cap, I would like to change this policy to reflect the following;

- The line of credit may not exceed \$2,000,000.

In order to provide some leeway, I am requesting that this be increased to by \$1,000,000. For those of you who may be concerned about the loan, we are still constrained by the 90 day payback option. Also, any outstanding loan balance would be represented on the balance sheet provided each month. Timing, of course, is critical. I would prefer to go this route instead of taking money out of reserves. Therefore, I am respectfully requesting that the FAC respond **For or Against** this increase. In order to change the policy via e-mail, it must be a unanimous vote.

So, I would like to hear back from all FAC members by noon on Monday. Simple say you are for or against the change.

Once this is done and if you approve, I will move forward with using the some of the increased amount. Technically, it would not be official until the next Board meeting. However, since this is in late March, by that time I would hope to be deep in the process of paying down the loan amount.

When you respond, please do so for the entire committee. Linda will tabulate the votes.

Thank you and have a great weekend.

Paul

Subject: RE: Academy cash requirements

All,

I want to update you on cash requirements for the Academy and related organizations. Right now, as I look at our cash balances, I sorry to tell you that I will need at least another \$500,000 taken out by next week. This may increase as we look at our bills and cash inflows. I know this is a broken record. However, this time of year, it is about balancing our cash inflows with cash outflows. Since December, we are down about \$1.7 million in money coming into the bank. You may recall that the majority of that money is the General Mills grants which would go out in May. So, that is clearly a timing issue. To help offset most of this, we tapped into the working capital loan from the bank in December. Last year, we tapped into the loan in February.

We do anticipate money coming in from our vendors. Over the next two weeks, we anticipate over \$500,000 in money coming in from our larger vendors. I would expect another \$300,000 - \$500,000 coming in from normal operational sales. Even though this could reach \$1 million, it will not be enough to handle the bills. In addition to the \$500,000 moved from reserves, I will also reach out to the bank to see if they would provide an increase of another \$500,000 in the working capital loan. At approximately 2.75% interest, this would amount to approximately \$1,150 in additional monthly interests. If there are no objections from the Committee, I will begin this process. This will provide to us additional flexibility.

Of course, what makes this worse is the down turn in the stock market. Even though we won't be selling equities to make this work, we will be putting Al Bryant into a tight situation on his ratios for the reserves. I have let him know that we will be taking another \$500,000 out within the week and potentially another \$500,000 shortly after. He is verifying that the cash will be available. Regardless of how much is available, reducing our cash held with Segall, Bryant and Hamill will

drive investment changes. Less cash means less ability to purchase new holdings and/or force the sale of existing equities at some point.

I will keep you informed as we go forward. Please let me know if you have concerns about the working capital loan increase or any concerns about moving money from reserves. You can either send me an email or call me at 800-877-1600, ext. 4730

All,

As I mentioned below, I am working on increasing the working capital loan for the Academy. The bank has agreed to increase the loan amount. Unfortunately, the line of credit policy attached has a hard cap of \$1,000,000. Since we are at this cap, I would like to change this policy to reflect the following;

- The line of credit may not exceed \$2,000,000.

In order to provide some leeway, I am requesting that this be increased to by \$1,000,000. For those of you who may be concerned about the loan, we are still constrained by the 90 day payback option. Also, any outstanding loan balance would be represented on the balance sheet provided each month. Timing, of course, is critical. I would prefer to go this route instead of taking money out of reserves. Therefore, I am respectfully requesting that the FAC respond **For or Against** this increase. In order to change the policy via e-mail, it must be a unanimous vote.

So, I would like to hear back from all FAC members by noon on Monday. Simple say you are for or against the change.

Once this is done and if you approve, I will move forward with using the some of the increased amount. Technically, it would not be official until the next Board meeting. However, since this is in late March, by that time I would hope to be deep in the process of paying down the loan amount.

When you respond, please do so for the entire committee. Linda will tabulate the votes.

Thank you and have a great weekend.

Paul

Subject: RE: Academy cash requirements

All,

I want to update you on cash requirements for the Academy and related organizations. Right now, as I look at our cash balances, I sorry to tell you that I will need at least another \$500,000 taken out by next week. This may increase as we look at our bills and cash inflows. I know this is a broken record. However, this time of year, it is about balancing our cash inflows with cash outflows. Since December, we are down about \$1.7 million in money coming into the bank. You may recall that the majority of that money is the General Mills grants which would go out in May. So, that is clearly a timing issue. To help offset most of this, we tapped into the working capital loan from the bank in December. Last year, we tapped into the loan in February.

We do anticipate money coming in from our vendors. Over the next two weeks, we anticipate over \$500,000 in money coming in from our larger vendors. I would expect another \$300,000 - \$500,000 coming in from normal operational sales. Even though this could reach \$1 million, it will not be enough to handle the bills. In addition to the \$500,000 moved from reserves, I will also reach out to the bank to see if they would provide an increase of another \$500,000 in the working capital loan. At approximately 2.75% interest, this would amount to approximately \$1,150 in additional monthly interests. If there are no objections from the Committee, I will begin this process. This will provide to us additional flexibility.

Of course, what makes this worse is the down turn in the stock market. Even though we won't be selling equities to make this work, we will be putting Al Bryant into a tight situation on his ratios for the reserves. I have let him know that we will be taking another \$500,000 out within the week and potentially another \$500,000 shortly after. He is verifying that the cash will be available. Regardless of how much is available, reducing our cash held with Segall, Bryant and Hamill will drive investment changes. Less cash means less ability to purchase new holdings and/or force

the sale of existing equities are some point.

I will keep you informed as we go forward. Please let me know if you have concerns about the working capital loan increase or any concerns about moving money from reserves. You can either send me an email or call me at 800-877-1600, ext. 4730

Paul

Hi Ms. Martin:

As a licensed health professional concerned about our professions image and public reputation, what are your thoughts about the ideals and concerns voiced by the organization "Dietitians for Professional Integrity" (<http://integritydietitians.org/>)? Do you have any specific plans or ideas to improve our professions visibility, public image and reputation as the nations trusted nutrition experts? Also, do you have any specific plans about how to increase reimbursement for our services from insurance companies and Medicare/Medicaid? What do you see are the 5 biggest

barriers facing our profession today and in the next 5-10 years, and how would you help in overcoming them?

Thank you,

Sandy R. Wyers, MS, RD

Sent Date: Feb 12, 2016 13:01:24
Subject: DRAFT 2017 Accreditation Standards
Attachment:

DRAFT 2017 Accreditation Standards

Having trouble viewing this e-mail? View it in your browser.

Greetings from ACEND,

The Accreditation Council for Education in Nutrition and Dietetics (ACEND®) is pleased to announce the release of the **DRAFT 2017 Accreditation Standards** for public comment. The draft 2017 Standards are the result of a planned five-year review cycle of the current 2012 Accreditation Standards to ensure compliance with USDE regulations. Please note that the 2017 standards are different from the future education model associates, bachelors and masters degree standards that will be released for public comment later this year.

The draft standards, the **February Standards Update**, and a **Webinar**, which provides an overview of the 2017 Standards development process and key changes from the 2012 Standards, are posted on the ACEND standards committee webpage. We value all stakeholder input and encourage you to provide input on the 2017 Standards at the following survey link.

<https://www.surveymonkey.com/r/2017Std2>

The **February Standards Update** also addresses questions received at the January 14 Virtual Town Hall Meeting. The virtual town hall meetings are open to all stakeholders and are held the second Thursday of each month at 11:30 a.m. Central Time. The next meeting will occur February 11. Information for connecting to the virtual town hall is posted on the ACEND standards committee webpage.

Please share this information with your constituents/colleagues. If you or they have questions, please send them to acend@eatright.org or call 312-899-4872, so we can respond to them. Future editions of the monthly update will include these questions and an ACEND response.

Thank you.

Maxine McElligott, MA, RD, LMNT, CDE
ACEND Chair

> I want to update you on cash requirements for the Academy and related organizations. Right now, as I look at our cash balances, I sorry to tell you that I will need at least another \$500,000 taken out by next week. This may increase as we look at our bills and cash inflows. I know this is a broken record. However, this time of year, it is about balancing our cash inflows with cash outflows. Since December, we are down about \$1.7 million in money coming into the bank. You may recall that the majority of that money is the General Mills grants which would go out in May. So, that is clearly a timing issue. To help offset most of this, we tapped into the working capital loan from the bank in December. Last year, we tapped into the loan in February.

> We do anticipate money coming in from our vendors. Over the next two weeks, we anticipate over \$500,000 in money coming in from our larger vendors. I would expect another \$300,000 - \$500,000 coming in from normal operational sales. Even though this could reach \$1 million, it will not be enough to handle the bills. In addition to the \$500,000 moved from reserves, I will also reach out to the bank to see if they would provide an increase of another \$500,000 in the working capital loan. At approximately 2.75% interest, this would amount to approximately \$1,150 in additional monthly interests. If there are no objections from the Committee, I will begin this process. This will provide to us additional flexibility.

> Of course, what makes this worse is the down turn in the stock market. Even though we won't be selling equities to make this work, we will be putting Al Bryant into a tight situation on his ratios for the reserves. I have let him know that we will be taking another \$500,000 out within the week and potentially another \$500,000 shortly after. He is verifying that the cash will be available. Regardless of how much is available, reducing our cash held with Segall, Bryant and Hamill will drive investment changes. Less cash means less ability to purchase new holdings and/or force the sale of existing equities at some point.

> I will keep you informed as we go forward. Please let me know if you have concerns about the working capital loan increase or any concerns about moving money from reserves. You can either send me an email or call me at 800-877-1600, ext. 4730

Subject: Celebrating the First International Day of Women and Girls in Science

As you recall, Susan Finn represented the Academy last February at the first World Women's Health and Development Forum held at the United Nations headquarters. The forum was sponsored by the Programme of the Royal Academy of Science International Trust, an independent international NGO that promotes excellence in education and science and playing an influential role in regional and international women and girls' health, research and policy and supporting women's development.

As a follow-up Princess Nisreen El-Hashemite, executive director of the Royal Academy of Science International Trust, invited Susan to represent the Academy and the nutrition and dietetics profession at the first International Day of Women and Girls in Science on Thursday, February 11 at the UN headquarters. For information regarding the summit see the communication below from Princess Nisreen. Although we don't know the exact time Susan will be presenting, if it is recorded we will share the link with you.

Best regards,

Pat

Dear Dr. Finn

I would like to take this opportunity to wish you peace and prosperity in this holiday season.

On December 22nd 2015, the 70th Session of the United Nations General Assembly adopted a groundbreaking resolution to establish an annual International Day of Women and Girls in Science. This resolution demonstrates the commitment of Member States to achieving gender equality for women in science which remains a major challenge. Inequality hinders the capacity of nations to unlock the full transformative contribution which women in science can make to our world.

As you may recall, the dream was an idea that originated at the Inaugural World Women's Health and Development held at the UNHQ in February of 2015. Indeed, your participation and international perspective were essential and directly influenced the perception of women's development. During the Forum, a call was sounded for the General Assembly to adopt a

resolution that would be commemorated annually and placed on the official UN Calendar of Observances that would support women who have careers in science and girls who may not be certain about such a career but who are interested in thinking about such a career.

Inclusion of an International Day of Women and Girls in Science annually on 11 February during the annual session of the Commission on Social Development would bring the issue of advanced education in all scientific fields to wide public attention and help to popularize many of the SDGs in the mind of the greater public. It would also add prestige to the scientific achievements within the UN system, in national contexts, in universities and non-governmental organizations, and the private sector. Women in Science talents, perspectives, work methods and skills could be recognized worldwide on such a day for wide impact. Promotion of education for women in science and for their entry into scientific careers will also serve to build inclusive institutional climates within all countries, and allow policies and procedures to be crafted for gender equality, leadership training, and mentoring.

In partnership and collaboration with the United Nations Department of Economic and Social Affairs and other UN entities, RASIT is taking the lead in organizing the commemoration of the First International Day of Women and Girls in Science.

Therefore, it is an honor and a privilege to extend to you a cordial invitation to be a distinguished guest and keynote speaker at the first commemoration of the International Day of Women and Girls in Science, to be held at the United Nations Headquarters, New York City on February 11th 2016.

Indeed, the partnership with the Government of Malta truly is one of global partnership, that elusive SDG 17. And I very much hope that Agenda 2030 will be marked by true representation and recognition of Women in Science worldwide that will bloom in abundance.

Please accept my best regards

Yours Sincerely

nisreen

Princess Nisreen El-Hashemite, BSc MSc MD PhD
Executive Director
Royal Academy of Science International Trust (RASIT)

ACADEMY MEMBER UPDATES

Member to Deliver Keynote at International Day of Women and Girls in Science

Academy member Susan Finn, PhD, RDN, FAND, will represent the Academy and the profession on Thursday, February 11, as a keynote speaker at the first International Day of Women and Girls in Science, to be held at the United Nations headquarters in New York City. The conference is sponsored by the Royal Academy of Science International Trust, an independent, international nongovernmental organization that promotes excellence in education and science. In remarks prepared for the program, Finn said: "The empowerment of women - especially women scientists - is a noble ambition and arguably one of the most important pursuits of our time. I believe the contributions of women - from the smallholder farm to the university research laboratory - are essential to the overall health of all nations."

Paul, thanks for the thorough explanation.

Sent from my iPhone

On Feb 8, 2016, at 12:50 PM, Paul Mifsud <PMifsud@eatright.org> wrote:

All,

I want to update you on cash requirements for the Academy and related organizations. Right now, as I look at our cash balances, I sorry to tell you that I will need at least another \$500,000 taken out by next week. This may increase as we look at our bills and cash inflows. I know this is a broken record. However, this time of year, it is about balancing our cash inflows with cash outflows. Since December, we are down about \$1.7 million in money coming into the bank. You may recall that the majority of that money is the General Mills grants which would go out in May. So, that is clearly a timing issue. To help offset most of this, we tapped into the working capital loan from the bank in December. Last year, we tapped into the loan in February.

We do anticipate money coming in from our vendors. Over the next two weeks, we anticipate over \$500,000 in money coming in from our larger vendors. I would expect another \$300,000 - \$500,000 coming in from normal operational sales. Even though this could reach \$1 million, it will not be enough to handle the bills. In addition to the \$500,000 moved from reserves, I will also reach out to the bank to see if they would provide an increase of another \$500,000 in the working capital loan. At approximately 2.75% interest, this would amount to approximately \$1,150 in additional monthly interests. If there are no objections from the Committee, I will begin this process. This will provide to us additional flexibility.

Of course, what makes this worse is the down turn in the stock market. Even though we won't be selling equities to make this work, we will be putting Al Bryant into a tight situation on his ratios for the reserves. I have let him know that we will be taking another \$500,000 out within the week and potentially another \$500,000 shortly after. He is verifying that the cash will be available. Regardless of how much is available, reducing our cash held with Segall, Bryant and Hamill will drive investment changes. Less cash means less ability to purchase new holdings and/or force the sale of existing equities at some point.

I will keep you informed as we go forward. Please let me know if you have concerns about the working capital loan increase or any concerns about moving money from reserves. You can either send me an email or call me at 800-877-1600, ext. 4730

Paul

Register today for the National Kidney Foundations 2016 Spring Clinical Meetings!
UnsubscribeHaving trouble viewing this e-mail? View it in your browser.

Connect with the Academy:

You are receiving this message on behalf of our Marketing Partners at the National Kidney Foundation.

Receive CPEUs and network with fellow healthcare professionals at the National Kidney Foundations 2016 Spring Clinical Meetings (SCM)! Past attendees say this conference was by far the most useful I have ever attended and wonderful () with a lot of food for thought. SCM covers the latest developments in the field of renal nutrition while uniquely targeting the entire healthcare team.

If you are new to renal nutrition, plan to attend the preconference Foundations of Nutritional Practice for Kidney Disease: Strategies I. This full-day course is designed for dietitians who wish to strengthen their overall knowledge of the complex nutritional requirements of people with Chronic Kidney Disease and CKD 5 in particular. Or, are you an advanced practice professional who wants to go beyond the basics? Attending the day-long preconference course, Advanced Practice in Renal Nutrition: Update 2016: Strategies II will provide the much more in-depth look at renal nutrition research and practice that you are looking for. Please note that pre-conference courses require a separate fee/registration.

Cant make it for a pre-conference course? The general sessions for SCM16 will cover an array of topics with world-renowned faculty.

Sessions Include:

- Are Western Diets Killing Our Patients? This session by Dr. Holly Kramer will allow attendees to assess current renal diet recommendations, consider potential harmful effects of animal based protein, and evaluate how we educate our patients to prevent or minimize undesirable effects of the diet.

- Calciophylaxis: Roles of Vitamin K Deficiency and Supplementation** by Dr. Sagar Nigwekar will cover the development, progression and treatment options for Calciophylaxis in CKD. The role of vitamin K deficiency in soft tissue and vascular calcification will be identified, and recent research on the effects of oral supplementation of vitamin K presented.
- What are the latest Controversies in Anemia Management?** Dr. Daniel Coyne will talk about evaluating the recommended dosing of IV iron in dialysis and if safety concerns could affect our patients adversely.

Other Hot Topics:

- Neurological Issues Associated with CKD and DM**
- Potassium From Baths To Binders: How Does This Change Our Practice?**
- Whats New in Diabetes Management?**
- Protein Nitrogen Balance and Adequacy**
- Use of Biomarkers in MNT**
- The Role of Exercise for Dialysis Patients**

Register by February 19, 2016 to receive a \$50 discount! For a complete course listing as well as registration and housing information, visit www.nkfclinicalmeetings.org

Subject: Spring Workshop

Donna,

Any chance you can present at the ADDA Spring Workshop this year?

The Workshop is going to be Thursday April 14 at the Harrison Education Commons (Medical College of GA building) on Augusta University Health Sciences campus. The plan at this time is to

have the interns' research posters, lunch and a tour of the simulation labs from 11:30am to 12:55pm. Then 3 speakers.

Our theme this year is the future of our profession.

So far, I have Dr. Pam Shiao presenting on Personalized Nutrition (her area is folate metabolism) at 1pm. The new Internship director, Dr. Judith Anglin, will give a presentation on the direction of education/credentialing.

And WOW! what would be more impressive than having the candidate for the AND President Elect speak?

I have no idea if you even have any idea what your commitments or schedule will be like yet for April, but I wanted to ask. Let me know what you think.

Thanks,

Pam

All,

I want to update you on cash requirements for the Academy and related organizations. Right now, as I look at our cash balances, I sorry to tell you that I will need at least another \$500,000 taken out by next week. This may increase as we look at our bills and cash inflows. I know this is a broken record. However, this time of year, it is about balancing our cash inflows with cash outflows. Since December, we are down about \$1.7 million in money coming into the bank. You may recall that the majority of that money is the General Mills grants which would go out in May. So, that is clearly a timing issue. To help offset most of this, we tapped into the working capital loan from the bank in December. Last year, we tapped into the loan in February.

We do anticipate money coming in from our vendors. Over the next two weeks, we anticipate over \$500,000 in money coming in from our larger vendors. I would expect another \$300,000 - \$500,000 coming in from normal operational sales. Even though this could reach \$1 million, it will not be enough to handle the bills. In addition to the \$500,000 moved from reserves, I will also reach out to the bank to see if they would provide an increase of another \$500,000 in the working capital loan. At approximately 2.75% interest, this would amount to approximately \$1,150 in additional monthly interests. If there are no objections from the Committee, I will begin this process. This will provide to us additional flexibility.

Of course, what makes this worse is the down turn in the stock market. Even though we won't be selling equities to make this work, we will be putting Al Bryant into a tight situation on his ratios for the reserves. I have let him know that we will be taking another \$500,000 out within the week and potentially another \$500,000 shortly after. He is verifying that the cash will be available.

Regardless of how much is available, reducing our cash held with Segall, Bryant and Hamill will drive investment changes. Less cash means less ability to purchase new holdings and/or force the sale of existing equities are some point.

I will keep you informed as we go forward. Please let me know if you have concerns about the working capital loan increase or any concerns about moving money from reserves. You can either send me an email or call me at 800-877-1600, ext. 4730

[Academy Update 2016 presentation description.docx](#)

Hi Donna,

The Strategic Communications team is awaiting final approval of the slides and script and hope to have it completed in the coming week. Due to the size of the presentation I will post the PPT on the BOD portal and provide you the link. The slide deck is created with the flexibility to remove and add slides as necessary for the different needs of the presentations. I have attached a copy of the objectives if the conference organizers may need that now. Hope this helps.

If you want to provide the dates of the Augusta Area Dietetic Association meeting I will be happy to add it to the affiliate matrix and calendar of meeting and events.

Best regards,

Joan

Joan, Do you know if the staff has had a chance to update the affiliate presentation for 2016 yet? I have about a week before I have to get the presentation into the Alabama affiliate. I only have 30 minutes to present for them, but in April I will be doing an hour long one for the Augusta Area Dietetic Association. Thanks for your help!

Public Policy Weekly News:

1. February Public Policy Forum – **Register Today!**
2. 2016 Elections: Own Tomorrow, Vote Today
3. PPW 2016 Save the Date!
4. Strategic Measures Affiliate, DPG and MIG Webinar Recordings – **View Webinar Today!**
5. Free Webinar! How to Integrate RDN Services in the New Primary Care
6. Academy DPG Experts Needed
7. Message from ACEND Chair, Maxine McElligott, MA, RD, LMNT, CDE
8. Message from Academy Foundation Chair, Jean Ragalie-Carr, RDN, LDN, FAND

Important Reminder:

When you register for a WebEx webinar, you will receive a personalized confirmation email. Be sure to save the confirmation email as this is your personal registration link. Use the personal link on the day of the event to log into the webinar. Participants will earn **1 FREE CPEU (\$19 value)**.

February Public Policy Forum

Join member leaders on the Academy's Legislative and Public Policy Committee (LPPC) leaders provide an update on current federal public policy issues. Please join Nadine Braunstein PhD, RD, LDN, CDE, Lauren Au PhD, RD and Patty Keane MS, RD for the February Public Policy Forum on **Tuesday, February 16, 2016 from 2 – 3 p.m. (Eastern Time)**.

Register today for the February Public Policy Open Forum. All DPG, MIG and Public Policy Panel leaders should attend (*please make sure at least one person from your DPG or affiliate participates*).

2016 Elections: Own Tomorrow, Vote Today

Participate in the Academy's national election through February 22. Vote now and be entered to win free registration to the 2016 Food & Nutrition Conference & Expo™.

Election results will be announced in late February and elected individuals will take office June 1. Hear the viewpoints and perspectives of the candidates for president-elect and speaker-elect in recorded Meet the Candidates webinars. Learn more about the candidates and choose the Academy's next leaders

PPW 2016 Save the Date

We know you have been waiting for information about the **2016 Public Policy Workshop** – please save **June 23 - 24, 2016** for this exclusive event! Exciting changes have been made to the format of the meeting to make attending easier for affiliates, DPGs, MIGs and member leaders.

The Academy is pleased to continue to offer scholarships for the Public Policy Coordinator (PPC) in each affiliate and the Policy and Advocacy Leader (PAL) for each DPG/MIG. More information will be provided regarding the PPC and PAL scholarship. We look forward to seeing you in Washington, D.C. in June!

Strategic Measures Webinar Recordings for Affiliates, DPGs and MIGs

The Strategic Measures webinar recordings and handouts for public policy leaders are available on the **Public Policy Panel COI**. Once you have listened to the recording, please send an email to Paulina. The Code 175 CPEU certificate and an evaluation survey will be returned to you.

All affiliate, DPG and MIG public policy leaders should listen to the recording of the Strategic Measures webinar. If you have questions, let me know.

Free Webinar! How to Integrate RDN Services in the New Primary Care

Payment models are rapidly changing in health care and require a team of healthcare professionals working collaboratively within the primary care practice. This webinar, at 1:00 p.m. Central time on Tuesday, February 23, will describe some of these new payment models and discuss the opportunities to integrate RDNs and nutrition counseling into primary care practices. Learn about the new Academy toolkit that will help you get started. 1.5 CPEUs pending. Click [here](#) to register.

Academy DPG Experts Needed

The Academy is considering commenting on a number of proposed regulations, regulatory guidance and information/data collections in the next two months. If you are interested in contributing to the Academy's responses to these regulatory initiatives, please work through your Dietetic Practice Groups (DPGs) to submit input on behalf of the DPG. Many of these information collections are seeking strategies and input for improving research and program structure on the listed topics.

To read more about the proposed rules, click on the links below. The dates noted are the deadline for DPGs to submit input to the Academy's Regulatory Affairs team.

Message from ACEND Chair, Maxine McElligott, MA, RD, LMNT, CDE

The Accreditation Council for Education in Nutrition and Dietetics (ACEND[®]) is pleased to announce the release of the **DRAFT 2017 Accreditation Standards** for public comment. The draft 2017 Standards are the result of a planned five-year review cycle of the current 2012 Accreditation Standards to ensure compliance with USDE regulations. Please note that the 2017 standards are different from the future education model associate's, bachelor's and master's degree standards that will be released for public comment later this year.

The draft standards, the **February Standards Update**, and a **Webinar**, which provides an overview of the 2017 Standards development process and key changes from the 2012 Standards, are posted on the ACEND standards committee webpage. We value all stakeholder input and encourage you to provide input on the 2017 Standards at the following survey link:

<https://www.surveymonkey.com/r/2017Std2>The **February Standards Update** also addresses questions received at the January 14 Virtual Town Hall Meeting. The virtual town hall meetings are open to all stakeholders and are held the second Thursday of each month at 11:30 a.m. Central Time. The next meeting will occur February 11. Information for connecting to the virtual town hall

is posted on the ACEND standards committee webpage.

If you or they have questions, please send them to acend@eatright.org or call 312-899-4872, so we can respond to them. Future editions of the monthly update will include these questions and an ACEND response.

Message from Academy Foundation Chair, Jean Ragalie-Carr, RDN, LDN, FAND

February is American Heart Month. Read more about this in the February Chair Message.

Please let me know if you have questions.

Best,

Teresa

Subject: Celebrating the First International Day of Women and Girls in Science

As you recall, Susan Finn represented the Academy last February at the first World Women's Health and Development Forum held at the United Nations headquarters. The forum was sponsored by the Programme of the Royal Academy of Science International Trust, an independent international NGO that promotes excellence in education and science and playing an influential role in regional and international women and girls' health, research and policy and supporting women's development.

As a follow-up Princess Nisreen El-Hashemite, executive director of the Royal Academy of Science International Trust, invited Susan to represent the Academy and the nutrition and dietetics profession at the first International Day of Women and Girls in Science on Thursday, February 11 at the UN headquarters. For information regarding the summit see the communication below from Princess Nisreen. Although we don't know the exact time Susan will be presenting, if it is recorded we will share the link with you.

Best regards,

Pat

Dear Dr. Finn

I would like to take this opportunity to wish you peace and prosperity in this holiday season.

On December 22nd 2015, the 70th Session of the United Nations General Assembly adopted a groundbreaking resolution to establish an annual International Day of Women and Girls in Science. This resolution demonstrates the commitment of Member States to achieving gender equality for women in science which remains a major challenge. Inequality hinders the capacity of nations to unlock the full transformative contribution which women in science can make to our world.

As you may recall, the dream was an idea that originated at the Inaugural World Women's Health and Development held at the UNHQ in February of 2015. Indeed, your participation and international perspective were essential and directly influenced the perception of women's development. During the Forum, a call was sounded for the General Assembly to adopt a resolution that would be commemorated annually and placed on the official UN Calendar of Observances that would support women who have careers in science and girls who may not be certain about such a career but who are interested in thinking about such a career.

Inclusion of an International Day of Women and Girls in Science annually on 11 February during the annual session of the Commission on Social Development would bring the issue of advanced education in all scientific fields to wide public attention and help to popularize many of the SDGs in the mind of the greater public. It would also add prestige to the scientific achievements within the UN system, in national contexts, in universities and non-governmental organizations, and the private sector. Women in Science talents, perspectives, work methods and skills could be recognized worldwide on such a day for wide impact. Promotion of education for women in science and for their entry into scientific careers will also serve to build inclusive institutional climates within all countries, and allow policies and procedures to be crafted for gender equality, leadership training, and mentoring.

In partnership and collaboration with the United Nations Department of Economic and Social Affairs and other UN entities, RASIT is taking the lead in organizing the commemoration of the First International Day of Women and Girls in Science.

Therefore, it is an honor and a privilege to extend to you a cordial invitation to be a distinguished guest and keynote speaker at the first commemoration of the International Day of Women and Girls in Science, to be held at the United Nations Headquarters, New York City on February 11th 2016.

Indeed, the partnership with the Government of Malta truly is one of global partnership, that

elusive SDG 17. And I very much hope that Agenda 2030 will be marked by true representation and recognition of Women in Science worldwide that will bloom in abundance.

Please accept my best regards

Yours Sincerely
nisreen

Dear Dr. Finn

I would like to take this opportunity to wish you peace and prosperity in this holiday season.

On December 22nd 2015, the 70th Session of the United Nations General Assembly adopted a groundbreaking resolution to establish an annual International Day of Women and Girls in Science. This resolution demonstrates the commitment of Member States to achieving gender equality for women in science which remains a major challenge. Inequality hinders the capacity of nations to unlock the full transformative contribution which women in science can make to our world.

As you may recall, the dream was an idea that originated at the Inaugural World Women's Health and Development held at the UNHQ in February of 2015. Indeed, your participation and international perspective were essential and directly influenced the perception of women's development. During the Forum, a call was sounded for the General Assembly to adopt a resolution that would be commemorated annually and placed on the official UN Calendar of Observances that would support women who have careers in science and girls who may not be certain about such a career but who are interested in thinking about such a career.

Inclusion of an International Day of Women and Girls in Science annually on 11 February during the annual session of the Commission on Social Development would bring the issue of advanced

education in all scientific fields to wide public attention and help to popularize many of the SDGs in the mind of the greater public. It would also add prestige to the scientific achievements within the UN system, in national contexts, in universities and non-governmental organizations, and the private sector. Women in Science talents, perspectives, work methods and skills could be recognized worldwide on such a day for wide impact. Promotion of education for women in science and for their entry into scientific careers will also serve to build inclusive institutional climates within all countries, and allow policies and procedures to be crafted for gender equality, leadership training, and mentoring.

In partnership and collaboration with the United Nations Department of Economic and Social Affairs and other UN entities, RASIT is taking the lead in organizing the commemoration of the First International Day of Women and Girls in Science.

Therefore, it is an honor and a privilege to extend to you a cordial invitation to be a distinguished guest and keynote speaker at the first commemoration of the International Day of Women and Girls in Science, to be held at the United Nations Headquarters, New York City on February 11th 2016.

Indeed, the partnership with the Government of Malta truly is one of global partnership, that elusive SDG 17. And I very much hope that Agenda 2030 will be marked by true representation and recognition of Women in Science worldwide that will bloom in abundance.

Please accept my best regards

Yours Sincerely

nisreen

Hello everyone,

The Academy websites have been experiencing significant instability today due to tens of thousands of search requests coming from over 60 different IP addresses. These are non-human and likely script-driven search requests. Our vendors are working to both block these IP addresses and disable search, and have all hands on deck trying to resolve the issues.

In the meantime, please know that our extended team is working hard and we appreciate your patience during this frustrating situation.

Subject: website update

Hello everyone,

The Academy websites have been experiencing significant instability today due to tens of thousands of search requests coming from over 60 different IP addresses. These are non-human and likely script-driven search requests. Our vendors are working to both block these IP addresses and disable search, and have all hands on deck trying to resolve the issues.

In the meantime, please know that our extended team is working hard and we appreciate your patience during this frustrating situation.

Liz Spittler
Director, Creative Media

All,

I want to update you on cash requirements for the Academy and related organizations. Right now, as I look at our cash balances, I sorry to tell you that I will need at least another \$500,000 taken out by next week. This may increase as we look at our bills and cash inflows. I know this is a broken record. However, this time of year, it is about balancing our cash inflows with cash outflows. Since December, we are down about \$1.7 million in money coming into the bank. You may recall that the majority of that money is the General Mills grants which would go out in May. So, that is clearly a timing issue. To help offset most of this, we tapped into the working capital loan from the bank in December. Last year, we tapped into the loan in February.

We do anticipate money coming in from our vendors. Over the next two weeks, we anticipate over \$500,000 in money coming in from our larger vendors. I would expect another \$300,000 - \$500,000 coming in from normal operational sales. Even though this could reach \$1 million, it will not be enough to handle the bills. In addition to the \$500,000 moved from reserves, I will also reach out to the bank to see if they would provide an increase of another \$500,000 in the working capital loan. At approximately 2.75% interest, this would amount to approximately \$1,150 in additional monthly interests. If there are no objections from the Committee, I will begin this process. This will provide to us additional flexibility.

Of course, what makes this worse is the down turn in the stock market. Even though we won't be selling equities to make this work, we will be putting Al Bryant into a tight situation on his ratios for the reserves. I have let him know that we will be taking another \$500,000 out within the week and potentially another \$500,000 shortly after. He is verifying that the cash will be available. Regardless of how much is available, reducing our cash held with Segall, Bryant and Hamill will drive investment changes. Less cash means less ability to purchase new holdings and/or force the sale of existing equities at some point.

I will keep you informed as we go forward. Please let me know if you have concerns about the working capital loan increase or any concerns about moving money from reserves. You can either send me an email or call me at 800-877-1600, ext. 4730

www.eatright.org | www.eatrightPRO.org | www.eatrightSTORE.org

Greetings from ACEND,

The Accreditation Council for Education in Nutrition and Dietetics (ACEND[®]) is pleased to announce the release of the **DRAFT 2017 Accreditation Standards** for public comment. The draft 2017 Standards are the result of a planned five-year review cycle of the current 2012 Accreditation Standards to ensure compliance with USDE regulations. Please note that the 2017 standards are different from the future education model associate's, bachelor's and master's degree standards that will be released for public comment later this year.

The draft standards, the **February Standards Update**, and a **Webinar**, which provides an overview of the 2017 Standards development process and key changes from the 2012 Standards, are posted on the [ACEND standards committee webpage](#). We value all stakeholder input and encourage you to provide input on the 2017 Standards at the following survey link.

•<https://www.surveymonkey.com/r/2017Std2>

The **February Standards Update** also addresses questions received at the January 14 Virtual Town Hall Meeting. The virtual town hall meetings are open to all stakeholders and are held the second Thursday of each month at 11:30 a.m. Central Time. The next meeting will occur February 11. Information for connecting to the virtual town hall is posted on the [ACEND standards committee webpage](#).

Please share this information with your constituents/colleagues. If you or they have questions, please send them to acend@eatright.org or call 312-899-4872, so we can respond to them. Future editions of the monthly update will include these questions and an ACEND response.

Thank you.

Maxine McElligott, MA, RD, LMNT, CDE
ACEND Chair

1965. Academy Membership Renewal for 2016/2017 is Now Open!

Academy Membership Renewal for 2016/2017 is Now Open!

Having trouble viewing this e-mail? View it in your browser.

Hi Donna:

Thank you for your membership with the Academy of Nutrition and Dietetics. As an Academy member you have access to a variety of career enhancing benefits such as the expanded member-only website, our dietetic practice groups (DPGs) and member interest groups (MIGs), the Evidence Analysis Library®, *Food & Nutrition Magazine*®, *Journal of the Academy of Nutrition and Dietetics*, and many more.

For your convenience, membership renewal for the 2016/2017 year is now open. You can renew:

- Online at www.eatrightPRO.org/renew.
- By phone through the Academys Member Service Center at 800/877-1600, ext. 5000. (Weekdays, 8:00 a.m. 5:00 p.m. Central Time). International callers can reach us at +1-312/899-0040, ext. 5000.

Feel free to e-mail membership@eatright.org if you have any questions.

Sincerely,
The Academy Membership Team

Subject: Executive Committee

During executive session at the January Board meeting we talked about reactivation of the Executive Committee to deal with action items between Board meetings. The action items which would have appeared on the consent agenda have been forwarded to the Executive Committee for consideration and vote.

As a reminder, the committee consists of:

- President
- President-elect
- Treasurer
- Speaker
- Speaker-elect
- Foundation Chair

We will communicate the results of the electronic vote to the full Board once the votes are tallied.

Best regards,

Pat

Subject: Vote: Action Items

During Executive Session at the January Board meeting we talked about reactivation of the executive committee to deal with action items between Board meetings. The items listed below would have appeared on the consent agenda and fall within the committee's decision making authority.

The attached seven proposed policy changes have been submitted for the executive committee's consideration. **Please vote electronically by Thursday, February 4 using the form which follows and "reply to all."** Illinois law requires that everyone participate in the vote and we have a unanimous decision. The Board will be informed of the decision within 48 hours. Thank you!

Subject: Upcoming Board Meetings

For various reasons several Board members are not able to attend the March 4-5 face to face Board meeting. Having reviewed multiple schedules we are changing the meeting to **Saturday, February 27 and Sunday, February 28**. The timing format proved to be cost effective since a one-night hotel stay is eliminated. We will begin at 2:00pm on Saturday and adjourn at 3:00pm on Sunday, again staying at a hotel near O'Hare which adds to the cost efficiency.

Hotel reservations will be made for arrival on **February 27**, unless requested otherwise. You are approved to make your travel arrangements for the meeting. Please go to <https://adatvl.axo20.com/> and select your flights, enter 1032430 for the approval code and indicate that the Academy is paying for travel from the drop down menu below the approval code box.

After March, the next Board meeting is scheduled for May 12-13, 2016 and will take place at Academy headquarters. We will be inviting the newly elected incoming Board members to attend

and observe, which assists in the transitioning. The Board retreat will follow on July 9-11, 2016 in Charleston, SC.

Subject: Upcoming Board Meetings

For various reasons several Board members are not able to attend the March 4-5 face to face Board meeting. Having reviewed multiple schedules we are changing the meeting to **Saturday, February 27 and Sunday, February 28**. The timing format proved to be cost effective since a one-night hotel stay is eliminated. We will begin at 2:00pm on Saturday and adjourn at 3:00pm on Sunday, again staying at a hotel near O'Hare which adds to the cost efficiency.

Hotel reservations will be made for arrival on **February 27**, unless requested otherwise. You are approved to make your travel arrangements for the meeting. Please go to <https://adatvl.axo20.com/> and select your flights, enter 1032430 for the approval code and indicate that the Academy is paying for travel from the drop down menu below the approval code box.

After March, the next Board meeting is scheduled for May 12-13, 2016 and will take place at Academy headquarters. We will be inviting the newly elected incoming Board members to attend and observe, which assists in the transitioning. The Board retreat will follow on July 9-11, 2016 in

Charleston, SC.

Subject: FW: a question from HEN

Hi, Donna. Hope all is well and you are enjoying better weather than we are here in Chicago! I wanted to share with you some information regarding the Foundation and the work that we have done related to the Future of Food Initiative that began in 2012. Some of this work was underway during your tenure on the Foundation Board as treasurer so it probably will serve as a nice refresher for you. I don't know what kind of questions you are dealing with out on the campaign trail but it's always good to be prepared. The response drafted below is something Katie prepared for me in the event we are ever challenged as to the nature of these efforts. If you have any questions don't hesitate to ask.

Hi. Suggested response below. The last sentence may be too snarky, but...

I'm attaching the articles referenced in the response here.

The Academy Foundation's Future of Food Initiative began in 2012, and is aimed at raising awareness of food insecurity as a public health issue and addresses global food security as well as the unique intersection of agriculture, nutrition, and health. Two manuscripts on these topics were published in the Journal of the Academy of Nutrition and Dietetics in 2015 from Future of Food initiative: 1) Plentiful, Nutrient Dense Food for the World: A Guide for RDNs; and 2) Linking Agriculture, Nutrition, and Health: The Role of the Registered Dietitian Nutritionist.

Like the United Nation's Sustainable Development Goals, the Foundation manuscripts recognize that one of the greatest challenges in the 21st century is to sustainably feed the growing world population in a manner that respects the earth's environment and limited resources. The manuscripts also recognize that malnutrition exists in some form in every country in the world—undernutrition, micronutrient malnutrition, and/or overweight and obesity, and advocate for more RDNs and dietetic associations to contribute and lead nutrition and agriculture interventions that promote sustainable agriculture while improving global health.

It is estimated that 1.2 billion people on the planet survive on less than an adjusted \$1.25 per day, and 2 billion people suffer from micronutrient deficiencies. With increased income and movement into middle class status, comes greater opportunity to consume a more diverse and nutrient-dense diet, which may include animal source proteins as well as a greater variety of grains, vegetables and fruits. Contrast that with the fact that in 2012, 68% of all deaths were related to noncommunicable diseases (NCDs), such as cardiovascular disease, cancer, diabetes, and chronic lung disease. Diet recommendations for those with NCDs will be different from those suffering from chronic undernutrition and micronutrient deficiencies. This represents one of the most important roles for RDNs in global nutrition, and are key messages from the Foundation and Future of Food initiative educational resources and publications.

Academy members, the food and nutrition experts, should be prepared to accurately interpret, contextualize, and represent information from many sources, including from the Academy and it's Foundation.

Hi Donna -

The 4Ps just confirmed the Sunday, March 20 - Monday, March 21 dates. You may call the Travel Desk staff at Travelink (phone # 1/800-344-8212) to change the flight. The cost of your ticket will be credited and then there is the change fee. A communication regarding the new dates will be sent shortly.

Thanks for your flexibility!!

Subject: Childhood Weight Management Program - March 22-24, 2016

Attached is your contract for the March 22-24, 2016 Certificate of Training in Childhood and Adolescent Weight Management program. Please sign and return the contract to me by fax (312/899-4772) or e-mail by Friday, February 19, 2015. I have also attached a tentative agenda.

You can make your flight arrangements to Indianapolis through the Academy's travel service, American Express Travel. You may contact the Travel Desk at 800/238-9049 or www.eatright.org/traveldeskt to book your flight. The hotel is eight (8) miles from the Indianapolis International Airport (IND).

You will need to create an account to use the Travel Desk. The system will require you to enter a security code and a 7 character GL code to finalize your ticket. The security code is 524392 and the GL Code is 1041790. Please forward me a copy of your itinerary once your flight has been finalized so I can make sure that you have proper hotel accommodations.

Your presentations times are:

School Nutrition

Tuesday, March 22, 2016

1:45 – 2:45 pm

Q&A 2:45 – 3:00 pm

Programs Location:

The on-site program will be held at the Hyatt Regency Indianapolis Hotel located at One S. Capitol Ave, Indianapolis, Indiana.

If possible, we are requesting that you send one PowerPoint for the participants to print and one to show on screen. The PowerPoint to print should only include text and not any unnecessary animations /graphics. We have received complaints regarding the fact that the animations/graphics often time cover up text. Here are the instructions to upload your files. However, if the file is not too large, you can email it to me. I will acknowledge receipt of the e-mail.

1. Go to www.cdrnet.org
2. To login choose the “Login” option on the upper right-hand side of the page.
 1. Sign-in using your Academy/CDR username and password.
 2. On the purple banner, hover over the “Portal” option on the right-hand side and choose the “Library” option from the drop-down menu.
 3. Click on the “2016 Childhood Faculty PowerPoint Files and Handouts” link located to the left.
 4. Click on the “Upload Multiple Files” link located in the gray menu bar.
 5. Scroll down to the bottom of the grey area and click on “add files” button (lower left side)
 6. Browse for your file.
 7. Click open.
 8. To add another file choose “Add Files” button again to add another file to the list.
 9. When you have all the files that you would like to add, click on the “Start Upload” button (lower left side). When upload had finished press “Continue.”
 10. Don’t pay attention to the list of folder. Just stroll down to the bottom of the page and click on “Complete Upload” bar.
 11. When you are done, please logout (upper right hand corner).

I will added faculty presentations to the box.net secured site as they become available for your review in order to eliminate any overlapping. The due date for your PowerPoint presentation and handouts is Monday, March 7, 2016.

Subject: Upcoming Board Meetings

For various reasons several Board members are not able to attend the March 4-5 face to face Board meeting. Having reviewed multiple schedules we are changing the meeting to **Saturday, February 27 and Sunday, February 28**. The timing format proved to be cost effective since a one-night hotel stay is eliminated. We will begin at 2:00pm on Saturday and adjourn at 3:00pm on Sunday, again staying at a hotel near O'Hare which adds to the cost efficiency.

Hotel reservations will be made for arrival on **February 27**, unless requested otherwise. You are approved to make your travel arrangements for the meeting. Please go to <https://adatvl.axo20.com/> and select your flights, enter 1032430 for the approval code and indicate that the Academy is paying for travel from the drop down menu below the approval code box.

After March, the next Board meeting is scheduled for May 12-13, 2016 and will take place at Academy headquarters. We will be inviting the newly elected incoming Board members to attend and observe, which assists in the transitioning. The Board retreat will follow on July 9-11, 2016 in Charleston, SC.

Dear Board members,

Significant changes in the healthcare landscape continue to take shape as seen by the IMPACT Act. The "**Improving Medicare Post-Acute Care Transformation Act**" or the "**IMPACT Act of 2014**" requires submission and reporting of standardized specific clinical assessment and outcomes data by PACs (post-acute care settings) such as Home Health Agencies (HHA), Skilled Nursing Facilities (SNF), Inpatient Rehabilitation Facilities (IRF), and Long-Term Care Hospitals (LTCH). RDNs and NDTRs must remain relevant and vital members of the health care team and play an integral part in achieving positive clinical outcomes, quality measure improvement, cost savings and improved quality of life for the patient/resident. RDNs will use their unique knowledge, skills, and abilities to play a significant role in improvement through evidenced-based research, nutrition specific interventions, education, coordination of care and monitoring and evaluation. Valuable resources, including a fact sheet, domain measure descriptions, and case studies, located at www.eatrightpro.com/IMPACT, developed by the IMPACT task force of the Academy's Quality Management Committee can assist in navigating the IMPACT Law.

IMPACT Taskforce Members:

Lisa Eckstein, MS, RD, LD - Co-Chair

Gretchen Y. Robinson, MS RDN LD FADA FAND - Co-Chair

Marla P. Carlson – Observer - DHCC DPG Staff

Margery Gann MBA, RDN, LDN, FAND

Candace Johnson, RD, CSG

Sharon M. McCauley, MS, MBA, RDN, LDN, FADA, FAND

Brenda Richardson, MA, RDN, LD, CD, FAND

Jamie Ritchie, MS, RDN, CSG, LDN

Kathy A. Weigand, RD, LD

Congratulations to the IMPACT task force members, whose work elevates RDNs practicing in these settings!

Dear Colleagues,

In my role on the Nominating Committee, I have been assigned to contact the Academy Board of Directors to ask you to help promote members voting in the Academy election.

Your support in “getting out the vote” is essential to ensure that members take an active role in selecting the leaders who will shape the future of the Academy and the profession.

The 2016 ballot and information about the candidates are available on the Academy website <http://www.eatrightpro.org/elections/>. Electronic voting runs from Monday, February 1, 2016 to Sunday, February 22, 2016. Voters are automatically entered to win one free registration to FNCE® 2016.

Thank you so much for reaching out to members!

Subject: UPDATE: Upcoming Board Meetings

Several people have schedule conflicts for the revised dates of the next Board meeting. Please hold off on scheduling your travel. If any of you have booked your flight, we will place your ticket into the pool for reissue. A Doodle poll will be sent early next week to select a meeting date.

Best regards,

Joan

Subject: Upcoming Board Meetings

For various reasons several Board members are not able to attend the March 4-5 face to face Board meeting. Having reviewed multiple schedules we are changing the meeting to **Saturday, February 27 and Sunday, February 28**. The timing format proved to be cost effective since a one-night hotel stay is eliminated. We will begin at 2:00pm on Saturday and adjourn at 3:00pm on Sunday, again staying at a hotel near O'Hare which adds to the cost efficiency.

Hotel reservations will be made for arrival on **February 27**, unless requested otherwise. You are approved to make your travel arrangements for the meeting. Please go to <https://adatvl.axo20.com/> and select your flights, enter 1032430 for the approval code and indicate that the Academy is paying for travel from the drop down menu below the approval code box.

After March, the next Board meeting is scheduled for May 12-13, 2016 and will take place at Academy headquarters. We will be inviting the newly elected incoming Board members to attend and observe, which assists in the transitioning. The Board retreat will follow on July 9-11, 2016 in Charleston, SC.

Best regards,

Joan

Subject: IMPACT Announcement

Dear Board members,

Significant changes in the healthcare landscape continue to take shape as seen by the IMPACT Act. The **"Improving Medicare Post-Acute Care Transformation Act"** or the **"IMPACT Act of 2014"** requires submission and reporting of standardized specific clinical assessment and outcomes data by PACs (post-acute care settings) such as Home Health Agencies (HHA), Skilled Nursing Facilities (SNF), Inpatient Rehabilitation Facilities (IRF), and Long-Term Care Hospitals

(LTCH). RDNs and NDTRs must remain relevant and vital members of the health care team and play an integral part in achieving positive clinical outcomes, quality measure improvement, cost savings and improved quality of life for the patient/resident. RDNs will use their unique knowledge, skills, and abilities to play a significant role in improvement through evidenced-based research, nutrition specific interventions, education, coordination of care and monitoring and evaluation. Valuable resources, including a fact sheet, domain measure descriptions, and case studies, located at www.eatrightpro.com/IMPACT, developed by the IMPACT task force of the Academy's Quality Management Committee can assist in navigating the IMPACT Law.

IMPACT Taskforce Members:

Lisa Eckstein, MS, RD, LD - Co-Chair

Gretchen Y. Robinson, MS RDN LD FADA FAND - Co-Chair

Marla P. Carlson – Observer - DHCC DPG Staff

Margery Gann MBA, RDN, LDN, FAND

Candace Johnson, RD, CSG

Sharon M. McCauley, MS, MBA, RDN, LDN, FADA, FAND

Brenda Richardson, MA, RDN, LD, CD, FAND

Jamie Ritchie, MS, RDN, CSG, LDN

Kathy A. Weigand, RD, LD

Congratulations to the IMPACT task force members, whose work elevates RDNs practicing in these settings!

ON THE PULSE OF PUBLIC POLICY

President Proposes Policies to Reduce Child Hunger

The Academy was well-represented at a recent event to share the Obama administration's commitment to ending domestic childhood hunger and to introduce new programs to help increase access to healthy food, reducing food insecurity among children and families. The Academy has commended the administration and Congress for a bipartisan bill to reauthorize child nutrition programs, highlighting children's health and the problem of child hunger.

Academy Urges Senate: Pursue Effective Chronic Care Policy Solutions

Quality measures, enhanced access to medical nutrition therapy, removing barriers to telehealth practice and other initiatives that promote the value of registered dietitian nutritionists and nutrition and dietetic technicians, registered - all these are among the evidence-based solutions to America's chronic care crises. As the U.S. Senate's Chronic Care Working Group looks at policy proposals to address chronic care among the Medicare population, the Academy is committed to pushing for cost- and clinically effective prevention and treatment provided by members.

Updated Member Handbook: 'Working with the Media'

The revised and expanded edition of the Academy's public relations handbook, *Working with the Media: A Handbook for Members of the Academy of Nutrition and Dietetics*, is packed with hundreds of useful and practical tips for media rookies, experienced veterans and all Academy members.

[Learn More](#)

New Issue: *MNT Provider*

The salary outlook is good for registered dietitian nutritionists, but what trends will affect future payment and delivery of nutrition services? How can RDNs integrate services in the new primary care? Resources for integrating RDNs into primary care are available in the new issue of *MNT Provider*.

[Learn More](#)

New: Enhanced Healthy Schools Teacher Workshop

The Kids Eat Right "Healthy Schools. It's a Team Effort." toolkit now includes an enhanced two-hour teacher workshop with PowerPoint with notes pages. The workshop engages teachers with activities and ideas for incorporating more nutrition education and physical activity opportunities within the school day. The toolkit was developed with the Iowa Department of Education through a USDA Team Nutrition grant.

[Learn More](#)

RDNs Making an IMPACT

The Improving Medicare Post-Acute Care Transformation Act of 2014, or IMPACT Act, requires submission and reporting of standardized specific clinical assessment and outcomes data by home health agencies, skilled nursing facilities, inpatient rehabilitation facilities, long-term hospitals and hospice care - settings in which registered dietitian nutritionists play an integral role on the health care team. The Academy has developed resources including a fact sheet, case studies and domain measure descriptions to assist members in better understanding IMPACT and its requirements.

The Academy is actively supporting our members' efforts related to the lead exposure crisis in Flint, Michigan and we are continuing to raise the issue to a national level. Please note the link on the www.eatright.org landing page which has information about how to fight lead exposure with nutrition. The Michigan affiliate membership total is 2,174 and of that, five Michigan affiliate members reside in Flint, one member resides in Burton and four members reside in Flushing (both of which are next to Flint).

The Academy co-led a meeting last week with Senator Debbie Stabenow bringing together key stakeholders to share information about efforts highlighting the work of the state affiliate with Bethany Thayer, MS, RDN, FAND, Michigan Academy President. Academy and Michigan affiliate member, Marci Scott, PhD, RD, Vice President of Health Programs, Michigan Fitness Foundation who leads SNAP Nutrition Education, shared how her group is working directly with schools and other community centers to educate residents on the need for good nutrition. Marci and Bethany have participated in conversations with Mary Pat Raimondi and Senator Stabenow. Members of this working group are identifying short term and long term solutions to help Flint's residents have access to healthy foods and to develop a plan to help other communities when the problem arises.

Examples include:

- Erin Powell, RD, and Lori Yelton, MS, RDN, Academy and Michigan affiliate members, also are participating on a state task force which Governor Snyder pulled together during this crisis.
- The Michigan Academy drafted a letter to legislators and asked their public policy panel, BOD, and Michigan affiliate members to send letters to their state representatives and senators reminding them of the role RDNs can play and are playing.
- Bethany drafted a press release for the affiliate's media representatives to distribute to their contacts.
- Bethany just recently participated in an Detroit Free Press event to spread knowledge and awareness.
- The Michigan affiliate posted information on their website's "For the Public" section.
- United Dairy Industry of Michigan is donating milk, organized by member Kathi Eckler, RD.
- Local RDNs in Flint are assisting with relief efforts and education.
- Katie Wilson, USDA Deputy Under Secretary for Food, Nutrition and Consumer Services, has initiated several solutions in school meals and WIC with RDNs.

The Academy will continue to support our members' efforts related to lead exposure crisis by posting timely information on our website.

Best regards,

Pat

Subject: Upcoming Board Meetings

For various reasons several Board members are not able to attend the March 4-5 face to face Board meeting. Having reviewed multiple schedules we are changing the meeting to **Saturday, February 27 and Sunday, February 28**. The timing format proved to be cost effective since a one-night hotel stay is eliminated. We will begin at 2:00pm on Saturday and adjourn at 3:00pm on

Sunday, again staying at a hotel near O'Hare which adds to the cost efficiency.

Hotel reservations will be made for arrival on **February 27**, unless requested otherwise. You are approved to make your travel arrangements for the meeting. Please go to <https://adatvl.axo20.com/> and select your flights, enter 1032430 for the approval code and indicate that the Academy is paying for travel from the drop down menu below the approval code box.

After March, the next Board meeting is scheduled for May 12-13, 2016 and will take place at Academy headquarters. We will be inviting the newly elected incoming Board members to attend and observe, which assists in the transitioning. The Board retreat will follow on July 9-11, 2016 in Charleston, SC.

Subject: Upcoming Board Meetings

For various reasons several Board members are not able to attend the March 4-5 face to face Board meeting. Having reviewed multiple schedules we are changing the meeting to **Saturday, February 27 and Sunday, February 28**. The timing format proved to be cost effective since a one-night hotel stay is eliminated. We will begin at 2:00pm on Saturday and adjourn at 3:00pm on Sunday, again staying at a hotel near O'Hare which adds to the cost efficiency.

Hotel reservations will be made for arrival on **February 27**, unless requested otherwise. You are approved to make your travel arrangements for the meeting. Please go to <https://adatvl.axo20.com/> and select your flights, enter 1032430 for the approval code and indicate that the Academy is paying for travel from the drop down menu below the approval code box.

After March, the next Board meeting is scheduled for May 12-13, 2016 and will take place at Academy headquarters. We will be inviting the newly elected incoming Board members to attend and observe, which assists in the transitioning. The Board retreat will follow on July 9-11, 2016 in Charleston, SC.

Best regards,

Joan

Subject: Upcoming Board Meetings

For various reasons several Board members are not able to attend the March 4-5 face to face Board meeting. Having reviewed multiple schedules we are changing the meeting to **Saturday**,

February 27 and Sunday, February 28. The timing format proved to be cost effective since a one-night hotel stay is eliminated. We will begin at 2:00pm on Saturday and adjourn at 3:00pm on Sunday, again staying at a hotel near O'Hare which adds to the cost efficiency.

Hotel reservations will be made for arrival on **February 27**, unless requested otherwise. You are approved to make your travel arrangements for the meeting. Please go to <https://adatvl.axo20.com/> and select your flights, enter 1032430 for the approval code and indicate that the Academy is paying for travel from the drop down menu below the approval code box.

After March, the next Board meeting is scheduled for May 12-13, 2016 and will take place at Academy headquarters. We will be inviting the newly elected incoming Board members to attend and observe, which assists in the transitioning. The Board retreat will follow on July 9-11, 2016 in Charleston, SC.

Good afternoon,

Thank you for registering for the recent Academy of Nutrition and Dietetics webinar: **President-elect: Meet the Candidates Forum**. The CPE certificate is attached along with the handout packet. The recording of this webinar is now available for online viewing by clicking the link below:

<https://eatright.webex.com/eatright/ldr.php?RCID=b370aea3b3794298c35d54e64a07b40f>

Note: The webinar recording/viewing will require a live internet connection to play as it will stream directly via the WebEx system.

If you were unable to attend the live event, you are welcome to view the program as an individual or group and use the attached CODE 175 CPE Certificate for your professional development purposes. If you have questions on how to record this event in your PDP, please visit <http://www.cdrnet.org/new-recorded-preapproved-CPE-activity-type>.

Sent: Tuesday, February 2, 2016 11:59 AM
To: Donna Martin
Subject: Childhood Weight Management Program - March 22-24, 2016

Attached is your contract for the March 22-24, 2016 Certificate of Training in Childhood and Adolescent Weight Management program. Please sign and return the contract to me by fax (312/899-4772) or e-mail by Friday, February 19, 2015. I have also attached a tentative agenda.

You can make your flight arrangements to Indianapolis through the Academy's travel service, American Express Travel. You may contact the Travel Desk at 800/238-9049 or www.eatright.org/traveldeskt to book your flight. The hotel is eight (8) miles from the Indianapolis International Airport (IND).

You will need to create an account to use the Travel Desk. The system will require you to enter a security code and a 7 character GL code to finalize your ticket. The security code is 524392 and

the GL Code is 1041790. Please forward me a copy of your itinerary once your flight has been finalized so I can make sure that you have proper hotel accommodations.

Your presentations times are:

School Nutrition

Tuesday, March 22, 2016

1:45 – 2:45 pm

Q&A 2:45 – 3:00 pm

Programs Location:

The on-site program will be held at the Hyatt Regency Indianapolis Hotel located at One S. Capitol Ave, Indianapolis, Indiana.

If possible, we are requesting that you send one PowerPoint for the participants to print and one to show on screen. The PowerPoint to print should only include text and not any unnecessary animations /graphics. We have received complaints regarding the fact that the animations/graphics often time cover up text. Here are the instructions to upload your files. However, if the file is not too large, you can email it to me. I will acknowledge receipt of the e-mail.

1. Go to www.cdrnet.org
2. To login choose the “Login” option on the upper right-hand side of the page.
 1. Sign-in using your Academy/CDR username and password.
 2. On the purple banner, hover over the “Portal” option on the right-hand side and choose the “Library” option from the drop-down menu.
 3. Click on the “2016 Childhood Faculty PowerPoint Files and Handouts” link located to the left.
 4. Click on the “Upload Multiple Files” link located in the gray menu bar.
 5. Scroll down to the bottom of the grey area and click on “add files” button (lower left side)
 6. Browse for your file.
 7. Click open.
 8. To add another file choose “Add Files” button again to add another file to the list.
 9. When you have all the files that you would like to add, click on the “Start Upload” button (lower left side). When upload had finished press “Continue.”

10. Don't pay attention to the list of folder. Just stroll down to the bottom of the page and click on "Complete Upload" bar.
11. When you are done, please logout (upper right hand corner).

I will added faculty presentations to the box.net secured site as they become available for your review in order to eliminate any overlapping. The due date for your PowerPoint presentation and handouts is Monday, March 7, 2016.

During executive session at the January Board meeting we talked about reactivation of the Executive Committee to deal with action items between Board meetings. The action items which would have appeared on the consent agenda have been forwarded to the Executive Committee for consideration and vote.

As a reminder, the committee consists of:

- President
- President-elect
- Treasurer
- Speaker
- Speaker-elect
- Foundation Chair

We will communicate the results of the electronic vote to the full Board once the votes are tallied.

Best regards,

Pat

Subject: Vote: Action Items

During Executive Session at the January Board meeting we talked about reactivation of the executive committee to deal with action items between Board meetings. The items listed below would have appeared on the consent agenda and fall within the committee's decision making authority.

The attached seven proposed policy changes have been submitted for the executive committee's consideration. **Please vote electronically by Thursday, February 4 using the form which follows and "reply to all."** Illinois law requires that everyone participate in the vote and we have a unanimous decision. The Board will be informed of the decision within 48 hours. Thank you!

Sent Date: Feb 02, 2016 12:00:02
Subject: Childhood Weight Management Program - March 22-24, 2016
Attachment: [March 2016 Program Agenda.pdf](#)
[Donna Martin.pdf](#)

Attached is your contract for the March 22-24, 2016 Certificate of Training in Childhood and Adolescent Weight Management program. Please sign and return the contract to me by fax (312/899-4772) or e-mail by Friday, February 19, 2015. I have also attached a tentative agenda.

You can make your flight arrangements to Indianapolis through the Academy's travel service, American Express Travel. You may contact the Travel Desk at 800/238-9049 or www.eatright.org/traveldesks to book your flight. The hotel is eight (8) miles from the Indianapolis International Airport (IND).

You will need to create an account to use the Travel Desk. The system will require you to enter a security code and a 7 character GL code to finalize your ticket. The security code is 524392 and the GL Code is 1041790. Please forward me a copy of your itinerary once your flight has been finalized so I can make sure that you have proper hotel accommodations.

Your presentations times are:

School Nutrition

Tuesday, March 22, 2016

1:45 – 2:45 pm

Q&A 2:45 – 3:00 pm

Programs Location:

The on-site program will be held at the Hyatt Regency Indianapolis Hotel located at One S. Capitol Ave, Indianapolis, Indiana.

If possible, we are requesting that you send one PowerPoint for the participants to print and one to show on screen. The PowerPoint to print should only include text and not any unnecessary animations /graphics. We have received complaints regarding the fact that the animations/graphics often time cover up text. Here are the instructions to upload your files. However, if the file is not too large, you can email it to me. I will acknowledge receipt of the e-mail.

1. Go to www.cdrnet.org
2. To login choose the "Login" option on the upper right-hand side of the page.
1. Sign-in using your Academy/CDR username and password.
2. On the purple banner, hover over the "Portal" option on the right-hand side and choose the "Library" option from the drop-down menu.
3. Click on the "2016 Childhood Faculty PowerPoint Files and Handouts" link located to the left.
4. Click on the "Upload Multiple Files" link located in the gray menu bar.
5. Scroll down to the bottom of the grey area and click on "add files" button (lower left side)
6. Browse for your file.
7. Click open.
8. To add another file choose "Add Files" button again to add another file to the list.
9. When you have all the files that you would like to add, click on the "Start Upload" button (lower left side). When upload had finished press "Continue."
10. Don't pay attention to the list of folder. Just stroll down to the bottom of the page and click on "Complete Upload" bar.
11. When you are done, please logout (upper right hand corner).

I will added faculty presentations to the box.net secured site as they become available for your review in order to eliminate any overlapping. The due date for your PowerPoint presentation and handouts is Monday, March 7, 2016.

Speaker-elect: Meet the Candidates Forum

Tuesday, February 2nd, 2016

1:00 pm Central

(2:00 pm Eastern/11:00 am Pacific)

Thank you for registering for webinar on February 2, 2016. The handouts and CPE certificate will be sent to all participants post-event.

As a confirmed registrant, you should have already received an email from WebEx with a unique link to the live webinar event. This link is valid for ONE computer connection and should not be shared. An additional reminder will be sent to your email approximately 30 minutes prior to the meeting. Please review the following information to ensure a seamless connection and listening process:

NOTE: If you are unable to join the live webinar, you will have access to the CPE and event recording online sent via email

Audio for the Webinar:

- The audio/sound for this webinar is available through VoIP which will play through the speakers on your computer. You need a live internet connection to participate in the webinar.
- There is no dial-in phone number for this event.

- In order to minimize background noise, all computers are MUTED upon entry. **Please leave your computer microphone muted** as it will not affect your ability to hear the speakers.

- If you have not connected to a WebEx event before, we highly recommend you review the WebEx connection tips included with this email to assist you with any advanced set up and audio testing for the event. Each computer is different and it is best to determine if your computer has any firewall issues that need to be addressed prior to the live event.

***MAC Users: In order for WebEx audio to correctly stream on your computer, please click the following link and follow the steps to install the update. This must be done PRIOR to connecting for the live event.*

http://www.intercall.com/downloads/rpvoip_mac.pkg

Alternative Connection Option:

Since we realize that some email servers may block, or spam, the messages from WebEx, as a registered user for the event, you can connect 15 minutes prior to the event via an alternative pathway:

1. Go to <https://eatright.webex.com/eatright>
2. Under Meeting Center tab (upper left), browse meetings to find Speaker-elect: Meet the Candidates Forum
3. Select Join on the far right
4. It will have you enter your name, email and the event password. This password is case sensitive so you would enter the word **CPD1**
5. Agree to allow it to connect to the audio conference and it will pull you into the event.

Mobile Device Users:

You are welcome to connect via the free iTunes App Store or Google Play Store Cisco WebEx App. Be sure to download and install the free app prior to the event. To connect, simply open the app on your device and join the event via Meeting Number by entering the following:

- Meeting Number: 744 005 204

· Meeting Password: **CPD1**

Important Reminder:

When you register for a WebEx webinar, you will receive a personalized confirmation email. Be sure to save the confirmation email as this is your personal registration link. Use the personal link on the day of the event to log into the webinar. Participants will earn **1 FREE CPEU (\$19 value)**.

February Public Policy Forum

Join member leaders on the Academy's Legislative and Public Policy Committee (LPPC) leaders provide an update on current federal public policy issues. Please join Nadine Braunstein PhD, RD, LDN, CDE, Lauren Au PhD, RD and Patty Keane MS, RD for the February Public Policy Forum on **Tuesday, February 16, 2016 from 2 – 3 p.m. (Eastern Time)**.

Register today for the February Public Policy Open Forum. All DPG, MIG and Public Policy Panel leaders should attend (*please make sure at least one person from your DPG or affiliate participates*).

Voting Open for the 201 Academy Elections!

Help shape the future of the Academy by exercising your member privilege to vote. Visit www.eatright.org/elections to view the slate of candidates and to cast your vote electronically. Remember, every vote counts! Attached is a 1/2 page ad promoting the 2016 election.

PPW 2016 Save the Date

We know you have been waiting for information about the **2016 Public Policy Workshop** – please save **June 23 - 24, 2016** for this exclusive event! Exciting changes have been made to the format of the meeting to make attending easier for affiliates, DPGs, MIGs and member leaders.

The Academy is pleased to continue to offer scholarships for the Public Policy Coordinator (PPC) in each affiliate and the Policy and Advocacy Leader (PAL) for each DPG/MIG. More information will be provided regarding the PPC and PAL scholarship. We look forward to seeing you in Washington, D.C. in June!

New Fellowship Opportunity: USDA for Future Agricultural and Nutrition Scientists

USDA's National Institute of Food and Agriculture, Agriculture and Food Research Initiative (AFRI) will fund projects in childhood obesity prevention, food safety, food security, and other areas. Nearly \$19 million dollars is now available for fellowships and training opportunities in food, agriculture, and natural resources for current and recent students and education professionals. Applications are due in the coming months, and the Academy encourages members to apply. Learn more [here](#).

Register Now for Free Brown Bag Webinar on Hand Hygiene Best Practices

On February 11, the Partnership for Food Safety Education will host a webinar to discuss the effects of different hand hygiene interventions. Attendees will also learn about foodborne disease outbreaks where improper handwashing was a factor. Finally, attendees will learn about available free consumer education tools and where to find them. The Academy is on the Board of Directors for the Partnership, and Academy members can register [here](#) today.

Academy Members on the Front Lines Fighting Lead in Flint

Lead poisoning continues to be a threat in the community of Flint, Michigan. Bethany Thayer MS, RDN, FAND, Michigan Academy President and Marci Scott PhD, RDN, Vice President of Health Programs, Michigan Fitness Foundation leading SNAP Nutrition Education, are among the many Academy members providing education on ways through diet to decrease the impact of lead exposure. These efforts have been noted by the Michigan delegation to Congress, specifically Senator Debbie Stabenow. The Academy will continue to support our member's efforts in Michigan and continue to raise the issue to a national level. Thank you for your continued advocacy work in this area! We are very pleased with the Senate bill and very proud of our Academy members working in child nutrition programs. We hope that this bi-partisan bill continues to move forward and we commend Congress for putting children's health first.

Strategic Measures Webinar Recordings for Affiliates, DPGs and MIGs

The Strategic Measures webinar recordings and handouts for public policy leaders are available on the **Public Policy Panel COI**. Once you have listened to the recording, please send an email to Paulina. The Code 175 CPEU certificate and an evaluation survey will be returned to you.

All affiliate, DPG and MIG public policy leaders should listen to the recording of the Strategic Measures webinar. If you have questions, let me know.

Free Webinar! How to Integrate RDN Services in the New Primary Care

Payment models are rapidly changing in health care and require a team of healthcare

professionals working collaboratively within the primary care practice. This webinar, at 1:00 p.m. Central time on Tuesday, February 23, will describe some of these new payment models and discuss the opportunities to integrate RDNs and nutrition counseling into primary care practices. Learn about the new Academy toolkit that will help you get started. 1.5 CPEUs pending. [Click here to register.](#)

Academy DPG Experts Needed

The Academy is considering commenting on a number of proposed regulations, regulatory guidance and information/data collections in the next two months. If you are interested in contributing to the Academy's responses to these regulatory initiatives, please work through your Dietetic Practice Groups (DPGs) to submit input on behalf of the DPG. Many of these information collections are seeking strategies and input for improving research and program structure on the listed topics.

To read more about the proposed rules, click on the links below. The dates noted are the deadline for DPGs to submit input to the Academy's Regulatory Affairs team.

This was posted this AM ...

- Given the metrics on #SocialMedia ... and lack of anything forum-related, I found this a bit ironic
- I will monitor and tailor a "I-voted-for-Donna" response as appropriate.

Enjoy your forum-free day!

Doris, thanks so much for reaching out to me. That was by far the hardest thing I have ever done. If you think I did a good job, that is enough for me, since you are the communication guru! I told Pat that I hope that is the last thing I have to write. I can speak, but not good at writing. You will have your hands full if I win! Thanks again. It really meant a lot to hear from you!

Dear Pat:

I apologize I realized that I never sent out this critique of the OrgCentric report. Here are my comments.

OrgCentric Report

Recommendation #1

Second bullet – will this be shared with the BOD?

Recommendation #2

How will we choose our collaborators?

Recommendation #5

Under cost containment and limitations on complimentary access, travel, and lodging that are more consistent with nonprofit terms– Yes it maybe controversial but it is necessary. It maybe interesting to know how many RDN attend only because they are funded.

I very much like the idea of a newsletter Career Advances.

Food and Nutrition Magazines:

We should explore bulk prices. I received three cases to my office because of an article that I did for the magazine. Our clients loved the magazines and especially when we gave it to them to take home. Highlights our profession in a positive way.

I have attached a copy of the Convene AND Business Development Evaluation team with comments. thanks. It is a great report. Thanks, Lucille

Subject: OrgCentric Update

Due to the change in the Board's Executive Session agenda in Nashville, I was unable to provide a report on implementing recommendations from OrgCentric, the consulting firm that was hired to assess the Academy's product and services portfolio to enhance top-line growth. I have over the last few months shared with you the reorganization plan, which includes changes supported by business practice recommendations from OrgCentric. Harold Holler's retirement also creates an opportunity to support these adjustments. All decisions were made in the context of our continuing commitment to excellence in serving Academy members. With staff realignments in place or in process, I am sharing with you a written report on the steps being taken to implement the

recommendations.

Best regards,

Patricia M. Babjak

Dear Colleagues,

In my role on the Nominating Committee, I have been assigned to contact the Academy Board of Directors to ask you to help promote members voting in the Academy election.

Your support in “getting out the vote” is essential to ensure that members take an active role in selecting the leaders who will shape the future of the Academy and the profession.

The 2016 ballot and information about the candidates are available on the Academy website <http://www.eatrightpro.org/elections/>. Electronic voting runs from Monday, February 1, 2016 to Sunday, February 22, 2016. Voters are automatically entered to win one free registration to FNCE® 2016.

Thank you so much for reaching out to members!

Sonja

President-elect: Meet the Candidates Forum

Monday, February 1st, 2016

1:00 pm Central

(2:00 pm Eastern/11:00 am Pacific)

Thank you for registering for webinar on February 1, 2016. The handouts and CPE certificate will be sent to all participants post-event.

As a confirmed registrant, you should have already received an email from WebEx with a unique link to the live webinar event. This link is valid for ONE computer connection and should not be shared. An additional reminder will be sent to your email approximately 30 minutes prior to the meeting. Please review the following information to ensure a seamless connection and listening process:

NOTE: If you are unable to join the live webinar, you will have access to the CPE and event recording online sent via email

Audio for the Webinar:

- The audio/sound for this webinar is available through VoIP which will play through the speakers on your computer. You need a live internet connection to participate in the webinar.
- There is no dial-in phone number for this event.

- In order to minimize background noise, all computers are MUTED upon entry. **Please leave your computer microphone muted** as it will not affect your ability to hear the speakers.

- If you have not connected to a WebEx event before, we highly recommend you review the WebEx connection tips included with this email to assist you with any advanced set up and audio testing for the event. Each computer is different and it is best to determine if your computer has any firewall issues that need to be addressed prior to the live event.

***MAC Users: In order for WebEx audio to correctly stream on your computer, please click the following link and follow the steps to install the update. This must be done PRIOR to connecting for the live event.*

http://www.intercall.com/downloads/rpvoip_mac.pkg

Alternative Connection Option:

Since we realize that some email servers may block, or spam, the messages from WebEx, as a registered user for the event, you can connect 15 minutes prior to the event via an alternative pathway:

1. Go to <https://eatright.webex.com/eatright>
2. Under Meeting Center tab (upper left), browse meetings to find President-elect: Meet the Candidates Forum
3. Select Join on the far right
4. It will have you enter your name, email and the event password. This password is case sensitive so you would enter the word **CPD1**
5. Agree to allow it to connect to the audio conference and it will pull you into the event.

Mobile Device Users:

You are welcome to connect via the free iTunes App Store or Google Play Store Cisco WebEx App. Be sure to download and install the free app prior to the event. To connect, simply open the app on your device and join the event via Meeting Number by entering the following:

- Meeting Number: 745 940 979

· Meeting Password: **CPD1**

Subject: Fw: Speaker at 2016 IFT Annual Conference

Joan, Dr. Uruakpa has invited me to present at the IFT conference in Chicago this July. Please see her email below. I told her I would have to ask you all if there was anything on the BOD

schedule that would interfere with this meeting. I told her that "if" I were to be elected President-elect that the Academy meetings would be my first priority. I told her I would try and get some guidance from you today. She did say they would pay my way to go. I know you are like me and getting ready for the Candidate Forum, but I thought I would reach out to see what your thoughts were?

Subject: Speaker at 2016 IFT Annual Conference

Dear Ms. Martin,

Allow me to introduce myself; my name is Florence Uruakpa and I met you at Buffalo NY at the CDR/AND certificate of training in childhood and adolescent weight management program held Sept 10-12, 2015. You were one of the speakers at the session (you presented on Day 3. You were the last speaker).

Also, we met at the airport when we were leaving Buffalo.

I am writing to ask if you'll find time (in your very busy schedule) to speak at one of the Symposia at the 2016 IFT Annual Meeting and Food Expo to be held in Chicago, IL in July 16-19, 2016.

I am the Chair of one of IFT's conference Symposia, and I'd like to invite you to speak at the symposium on "Obesity/weight management". It will be an honor to have you as a speaker for that symposium.

I have already submitted the proposal and preliminary update on the submitted proposal from IFT shows that it will be approved. I will know the status of the proposal by next week. If you'll be interested in serving as one of the speakers, I'll need more details on your accomplishments to include in my revised proposal to be submitted in 3 days (I'm assuming you'll be willing to accept my invitation to give a talk at the session).

Kindly respond back to me by Sunday Jan 31, 2016.

I look forward to hearing from you at your earliest convenience.

Regards,

Dr. Florence Uruakpa, PhD, RD/LD

Also, we met at the airport when we were leaving Buffalo.

I am writing to ask if you'll find time (in your very busy schedule) to speak at one of the Symposia at the 2016 IFT Annual Meeting and Food Expo to be held in Chicago, IL in July 16-19, 2016.

I am the Chair of one of IFT's conference Symposia, and I'd like to invite you to speak at the symposium on "Obesity/weight management". It will be an honor to have you as a speaker for that symposium.

I have already submitted the proposal and preliminary update on the submitted proposal from IFT shows that it will be approved. I will know the status of the proposal by next week. If you'll be interested in serving as one of the speakers, I'll need more details on your accomplishments to include in my revised proposal to be submitted in 3 days (I'm assuming you'll be willing to accept my invitation to give a talk at the session).

Kindly respond back to me by Sunday Jan 31, 2016.

I look forward to hearing from you at your earliest convenience.

Regards,

Dayle and Brianna, I worked on incorporating both of your ideas, as you both come from two different great perspectives. I am taking a break to go see my parents as I do every Sunday. One or two of the questions are pretty close on the three minute time limit, so I will work on shortened them some more. I have three minutes for the questions and two minutes for my summary. Two minutes on the questions the listeners send in. I will be very happy when 3pm comes tomorrow!! Thanks for all your help. It is a shame you all are giving up your time on this beautiful weekend! Team work makes the dream work! My new motto!!!!

I hope this helps. I like Dayles comments-- the ones I didnt agree with, I made sure to mention. I also put in a lot of real life examples for your topics... things you could draw on.

Feel free to send back if need be!

OK everyone, Here is a draft for the candidates forum. Please send all suggestions and comments you have. None will be taken personally as this is never my strong point. The first five areas are topics that we know they will ask questions on. The next areas are things I think they might ask and some are areas I hope they ask about. I know they will ask about sponsorship, so any help in that area would be great.

Donna:

I think that this is good ... very good in fact!

- I did do some wordsmithing ... but only to illustrate my points. The words should be yours not mine.
 - I made some general comments at the top ... and at a few other key places.
 - Overall ... shorten this as much as you can.
 - Think about writing the abstract rather than the whole position paper.
 - Talk about what YOU have seen, what is important to YOU and what YOU want to you.
 - Long lists will get completely lost in this format. FOCUS on one or two examples.
- Speak from your heart and your experience ... and everything will be good.

Practice, practice, practice ... once you like the wording, read it out aloud several times so you are comfortable with the words on your tongue.

During the forum, speak to people you know ... the interns in the room, special colleagues, etc.

GO DONNA GO ... :-) ... send me the final copy so that I can TWEET the heck out of this!

Dayle

Happy to share this great news ... RDN, Science-Based Nutrition Come Out On Top in National Network Reality Show *My Diet is Better Than Yours*

The ABC Television Network's reality series "My Diet Is Better Than Yours" concluded this evening with resounding triumph for smart, science-based nutrition and healthful lifestyle changes. Registered dietitian nutritionist and former Academy Spokesperson Dawn Jackson Blatner joined 37-year-old Jasmin to compete against four teams for a \$50,000 cash prize, \$20,000 in free groceries and a feature article in *People Magazine*. After eight episodes of mini-challenges, weigh-ins and details of each weight loss and fitness plan — all leading up to a half-marathon race and final weigh-in — Jasmin emerged victorious on Blatner's "Superfood Swap Diet."

"I met this woman, and she was a confident, beautiful woman," said Blatner in the season finale. "Over these 14 weeks, I have seen emerge an even more confident, more beautiful woman. Someone who just shines when she walks into a room."

A private practice RDN based in Chicago, Blatner leads cooking workshops, writes for several national publications and is author of *Counseling Overweight Adults: The Lifestyle Patterns Approach and Toolkit* (American Dietetic Association 2009) and *The Flexitarian Diet* (McGraw Hill 2009).

"From the very first day, [Jasmin] has been doing this on her own with just me cheering her on," said Blatner, whose nutrition plan was the only one based on simple ingredient substitutions without fasting or elimination dieting. "The Superfood Swap is the plan to beat because it literally is

the most realistic plan to do for life."

While Blatner is not the first RDN to appear on a reality television show, she is the first former Academy media spokesperson (serving 2002 to 2011) to star in such a show and the only registered dietitian nutritionist to compete on "My Diet Is Better Than Yours." Her contestant Jasmin, who is described as having high cholesterol and prediabetes at the beginning of the season, won the most milestone challenges (including the final half-marathon race at 2:48:06), reduced her body fat by 26.5 percent, lost 10 inches in her waist circumference and, according to the show, lowered her cholesterol, blood sugar and blood pressure to "perfect" levels.

We promoted Dawn's appearance on the show on our social media PRO channels. This evening, RDNs took to Twitter and Facebook to congratulate Dawn for a job well done. We will include this information in tomorrow's Daily News and promote it on EatRightPRO website.

Please let me know if you have any questions.

Happy to share this great news ... RDN, Science-Based Nutrition Come Out On Top in National Network Reality Show *My Diet is Better Than Yours*

The ABC Television Network's reality series "My Diet Is Better Than Yours" concluded this evening with resounding triumph for smart, science-based nutrition and healthful lifestyle changes. Registered dietitian nutritionist and former Academy Spokesperson Dawn Jackson Blatner joined 37-year-old Jasmin to compete against four teams for a \$50,000 cash prize, \$20,000 in free groceries and a feature article in *People Magazine*. After eight episodes of mini-challenges, weigh-ins and details of each weight loss and fitness plan — all leading up to a half-marathon race and final weigh-in — Jasmin emerged victorious on Blatner's "Superfood Swap Diet."

"I met this woman, and she was a confident, beautiful woman," said Blatner in the season finale. "Over these 14 weeks, I have seen emerge an even more confident, more beautiful woman. Someone who just shines when she walks into a room."

A private practice RDN based in Chicago, Blatner leads cooking workshops, writes for several national publications and is author of *Counseling Overweight Adults: The Lifestyle Patterns Approach and Toolkit* (American Dietetic Association 2009) and *The Flexitarian Diet* (McGraw Hill 2009).

"From the very first day, [Jasmin] has been doing this on her own with just me cheering her on," said Blatner, whose nutrition plan was the only one based on simple ingredient substitutions without fasting or elimination dieting. "The Superfood Swap is the plan to beat because it literally is the most realistic plan to do for life."

While Blatner is not the first RDN to appear on a reality television show, she is the first former Academy media spokesperson (serving 2002 to 2011) to star in such a show and the only registered dietitian nutritionist to compete on "My Diet Is Better Than Yours." Her contestant Jasmin, who is described as having high cholesterol and prediabetes at the beginning of the season, won the most milestone challenges (including the final half-marathon race at 2:48:06), reduced her body fat by 26.5 percent, lost 10 inches in her waist circumference and, according to the show, lowered her cholesterol, blood sugar and blood pressure to "perfect" levels.

We promoted Dawn's appearance on the show on our social media PRO channels. This evening, RDNs took to Twitter and Facebook to congratulate Dawn for a job well done. We will include this information in tomorrow's Daily News and promote it on EatRightPRO website.

Please let me know if you have any questions.

Subject: Question about Campaign Guidelines

Hello Joan,

As you may already know, some of us on the ballot for certain positions have received the request which I have copied below from the Dietitians for Professional Integrity group. From my review of the Academy's Campaign Guidelines, I don't see that their request for our responses to their questions is in conflict with what is allowed, but I wanted to check with you on your perspective just to be sure. Thank you for your consideration of my question.

Jana

Dear Ms. Kicklighter,

With Academy of Nutrition and Dietetics elections a few weeks away, Dietitians For Professional Integrity wants to help increase voter turnout and engage more dietitians in the election process.

As a result, we are sending candidates running for president-elect, director-at-large, House of Delegates speaker-elect, House of Delegates director, and House of Delegates at-large delegate the following three questions that touch on issues that many dietitians consider highly important.

If and when received, we will publish responses on our public Facebook page (www.facebook.com/DietitiansForProfessionalIntegrity).
Dietitians for Professional Integrity - facebook.com

www.facebook.com

Dietitians for Professional Integrity. 15,900 likes · 382 talking about this. Advancing the dietetic profession and credential through advocating for...

In order to help dietitians make informed voting decisions, we would appreciate a response to the questions posed below no later than February 5, 2016, though answers are welcomed after the date as well.

- 1) Some AND partners/sponsors primarily profit from products that contradict our mission and vision of improving the nation's health. What are your thoughts on this conflict?
- 2) Some AND partners/sponsors actively lobby against public health initiatives. How do you reconcile this with their public proclamations to be part of the solution?
- 3) Health experts agree that the 2015 Dietary Guidelines are vague, and that the American public would benefit from more forceful messaging (i.e.: "limit sugary drinks", "eat less red and processed meat", "cut back on processed and junk food"). With that in mind, would you suggest AND revise its 'total diet approach' position paper?

We appreciate your time and cooperation in advance.

Sincerely,

Dietitians For Professional Integrity Core Team

Subject: Question about Campaign Guidelines

Hello Joan,

As you may already know, some of us on the ballot for certain positions have received the request which I have copied below from the Dietitians for Professional Integrity group. From my review of the Academy's Campaign Guidelines, I don't see that their request for our responses to their questions is in conflict with what is allowed, but I wanted to check with you on your perspective just to be sure. Thank you for your consideration of my question.

Jana

Dear Ms. Kicklighter,

With Academy of Nutrition and Dietetics elections a few weeks away, Dietitians For Professional Integrity wants to help increase voter turnout and engage more dietitians in the election process.

As a result, we are sending candidates running for president-elect, director-at-large, House of Delegates speaker-elect, House of Delegates director, and House of Delegates at-large delegate the following three questions that touch on issues that many dietitians consider highly important.

If and when received, we will publish responses on our public Facebook page (www.facebook.com/DietitiansForProfessionalIntegrity).

Dietitians for Professional Integrity - facebook.com

www.facebook.com

Dietitians for Professional Integrity. 15,900 likes · 382 talking about this. Advancing the dietetic profession and credential through advocating for...

In order to help dietitians make informed voting decisions, we would appreciate a response to the questions posed below no later than February 5, 2016, though answers are welcomed after the date as well.

- 1) Some AND partners/sponsors primarily profit from products that contradict our mission and vision of improving the nation's health. What are your thoughts on this conflict?
- 2) Some AND partners/sponsors actively lobby against public health initiatives. How do you reconcile this with their public proclamations to be part of the solution?
- 3) Health experts agree that the 2015 Dietary Guidelines are vague, and that the American public would benefit from more forceful messaging (i.e.: "limit sugary drinks", "eat less red and processed meat", "cut back on processed and junk food"). With that in mind, would you suggest AND revise its 'total diet approach' position paper?

We appreciate your time and cooperation in advance.

Sincerely,

Dietitians For Professional Integrity Core Team

Subject: DFPI Questions
Attachment: [The Academy's sponsorship program.eml](#)

We have been made aware of a communication you may have received from the Dietitians For Professional Integrity asking for your response to three questions they pose. It is your choice whether to answer these or not. However, please note that only four out of the seven individuals who signed the letter are Academy members. As you know, the Academy is hosting a the Meet the Candidates Forums next week. The Candidate Forum webinars provide opportunity to Affiliates, MIGs and DPGs to pose questions. If members of DFPI submit these questions, out of fairness and respect to other webinar participants, the committee would not select all of them. I have attached the letter from Evelyn Crayton sent to all member regarding sponsorship for your reference.

Best regards,

Joan

Academy of Nutrition and Dietetics

Exercise your member privilege to vote and help shape the future of the Academy. Participate in the 2016 Academy national election February 1 to February 22, 2016 at www.eatrightPRO.org/elections.

President-elect Candidates

Donna Martin, EdS, RDN, LD, SNS, FAND

Are you as excited and proud to be a member of the Academy as I am? I just get so fired up when I see where we can go when we work together. I hope you can see the vision I see, where we get increased medical reimbursement for dietitians, more recognition as the go-to professionals for information on nutrition, more dietetic programs for the increased demand there will be for dietitians, more dietitians getting involved in the legislative process, an increase in evidence-based nutrition related research and educating members about the relationship between agriculture, food and nutrition. What is your vision for the Academy? I would love to hear it and if elected your President-elect, I promise to help make your vision become a reality. Lets build on the success of the past 100 years and develop a bold vision for the next 100 years!

Nancy Lewis, PhD, RDN, FAND

A primary focus of my campaign is connecting members internally and externally. While working my way through college, I learned the necessity of multitasking and staying on target to make the most of every minute. My career has included challenging and fulfilling experiences in clinical and community nutrition, and later as a university faculty member in teaching and research. Our profession is changing significantly, and we continue to have challenges to address. Every member has much to contribute to the direction of our organization as we work in new and exciting

areas of nutrition and dietetics. Together, we can provide the best evidence-based nutrition care, effective nutrition communications and promote meaningful behavior change to support a healthy nation. I believe my years of leadership experience in the Academy have prepared me to serve as President-elect. Please vote in the upcoming elections.

To learn more about the candidates, visit www.eatright.org/elections.

Subject: Upcoming Board Meetings

For various reasons several Board members are not able to attend the March 4-5 face to face Board meeting. Having reviewed multiple schedules we are changing the meeting to **Saturday, February 27 and Sunday, February 28**. The timing format proved to be cost effective since a one-night hotel stay is eliminated. We will begin at 2:00pm on Saturday and adjourn at 3:00pm on

Sunday, again staying at a hotel near O'Hare which adds to the cost efficiency.

Hotel reservations will be made for arrival on **February 27**, unless requested otherwise. You are approved to make your travel arrangements for the meeting. Please go to <https://adatvl.axo20.com/> and select your flights, enter 1032430 for the approval code and indicate that the Academy is paying for travel from the drop down menu below the approval code box.

After March, the next Board meeting is scheduled for May 12-13, 2016 and will take place at Academy headquarters. We will be inviting the newly elected incoming Board members to attend and observe, which assists in the transitioning. The Board retreat will follow on July 9-11, 2016 in Charleston, SC.

ON THE PULSE OF PUBLIC POLICY

Obesity Care Providers Examine Obesity Quality Measures

Representatives of the Academy met recently with stakeholders, provider and advocacy groups at the Danish Embassy in Washington, D.C., to examine existing and proposed quality measures for obesity care and to identify gaps. Development and adoption of process and performance measures is a critical part of future alternative payment models; the groups at the meeting agreed to continue working together on this project.

Academy Meets with NIDDK on Research Activities

The Academy joined with 30 organizations to meet with Griffin P. Rodgers, MD, MACP, director of the National Institute of Diabetes and Digestive and Kidney Diseases, and several NIDDK division directors to discuss current and potential research activities. The Academy is a member of Friends of NIDDK, a coalition that supports the Institutes mission, funding and research.

Subject: Upcoming Board Meetings

For various reasons several Board members are not able to attend the March 4-5 face to face Board meeting. Having reviewed multiple schedules we are changing the meeting to **Saturday, February 27 and Sunday, February 28**. The timing format proved to be cost effective since a one-night hotel stay is eliminated. We will begin at 2:00pm on Saturday and adjourn at 3:00pm on Sunday, again staying at a hotel near O'Hare which adds to the cost efficiency.

Hotel reservations will be made for arrival on **February 27**, unless requested otherwise. You are approved to make your travel arrangements for the meeting. Please go to <https://adatvl.axo20.com/> and select your flights, enter 1032430 for the approval code and indicate that the Academy is paying for travel from the drop down menu below the approval code box.

After March, the next Board meeting is scheduled for May 12-13, 2016 and will take place at Academy headquarters. We will be inviting the newly elected incoming Board members to attend and observe, which assists in the transitioning. The Board retreat will follow on July 9-11, 2016 in Charleston, SC.

Subject: RE: Updated 2015-2016 Board of Directors List as of 1/27/2016

I am sorry Darchele and everyone. Please accept my apologies.

But my titles have changed to those below, where my administrative role is permanent to the Exec Dir and no longer serving as an Asst Dean in the College since they moved Student Health out as a direct report to the Provost.

The fax number has changed to 205-348-8611.

And the address of the Student Health Center &Pharmacy is: 750 5th Ave. East, Tuscaloosa, Al 35401

My email will still come to what is there.....but the new one is mgarner@ua.edu and will be preferred in the near future; itis working now..... So I suggest the change.

Mary Beth, I cannot thank you enough for sending me this email about the Future of Food Initiative. I have been getting interesting questions and I will say this has been much more time consuming (campaigning) than I ever dreamed! I have learned so much and have interacted with some amazing people who have become "new friends". This will help me so much as I prepare for the candidate forum on Monday. Excellent information. I will owe you and Katie one for this! :)

Subject: FW: a question from HEN

Hi, Donna. Hope all is well and you are enjoying better weather than we are here in Chicago! I wanted to share with you some information regarding the Foundation and the work that we have done related to the Future of Food Initiative that began in 2012. Some of this work was underway during your tenure on the Foundation Board as treasurer so it probably will serve as a nice refresher for you. I don't know what kind of questions you are dealing with out on the campaign trail but it's always good to be prepared. The response drafted below is something Katie prepared for me in the event we are ever challenged as to the nature of these efforts. If you have any questions don't hesitate to ask.

From: Katie Brown

Sent: Tuesday, January 26, 2016 1:24 PM

To: Mary Beth Whalen <Mwhalen@eatright.org>

Hi. Suggested response below. The last sentence may be too snarky, but...

I'm attaching the articles referenced in the response here.

The Academy Foundation's Future of Food Initiative began in 2012, and is aimed at raising awareness of food insecurity as a public health issue and addresses global food security as well as the unique intersection of agriculture, nutrition, and health. Two manuscripts on these topics were published in the Journal of the Academy of Nutrition and Dietetics in 2015 from Future of Food initiative: 1) Plentiful, Nutrient Dense Food for the World: A Guide for RDNs; and 2) Linking Agriculture, Nutrition, and Health: The Role of the Registered Dietitian Nutritionist.

Like the United Nation's Sustainable Development Goals, the Foundation manuscripts recognize that one of the greatest challenges in the 21st century is to sustainably feed the growing world population in a manner that respects the earth's environment and limited resources. The manuscripts also recognize that malnutrition exists in some form in every country in the world—undernutrition, micronutrient malnutrition, and/or overweight and obesity, and advocate for more RDNs and dietetic associations to contribute and lead nutrition and agriculture interventions that promote sustainable agriculture while improving global health.

It is estimated that 1.2 billion people on the planet survive on less than an adjusted \$1.25 per day, and 2 billion people suffer from micronutrient deficiencies. With increased income and movement into middle class status, comes greater opportunity to consume a more diverse and nutrient-dense diet, which may include animal source proteins as well as a greater variety of grains, vegetables and fruits. Contrast that with the fact that in 2012, 68% of all deaths were related to noncommunicable diseases (NCDs), such as cardiovascular disease, cancer, diabetes, and chronic lung disease. Diet recommendations for those with NCDs will be different from those suffering from chronic undernutrition and micronutrient deficiencies. This represents one of the most important roles for RDNs in global nutrition, and are key messages from the Foundation and Future of Food initiative educational resources and publications.

Academy members, the food and nutrition experts, should be prepared to accurately interpret, contextualize, and represent information from many sources, including from the Academy and it's Foundation.

Joan, here is Eblast #3! I continue to be amazed at all you have to do!

Are you as excited and proud to be a member of the Academy as I am? I just get so fired up when I see where we can go when we work together. I hope you can see the vision I see, where we get increased medical reimbursement for dietitians, more recognition as the “go to professionals” for information on nutrition, more dietetic programs for the increased demand there will be for dietitians, more dietitians getting involved in the legislative process, an increase in evidenced based nutrition related research and educating members about the relationship between agriculture, food and nutrition. What is your vision for the Academy? I would love to hear it and if elected your President-elect, I promise to help make your vision become a reality. Let’s build on the success of the past 100 years and develop a bold vision for the next 100 years!

Subject: All Member Blast Campaign Emails

Dear Nancy and Donna,

In order to create a fair, meaningful environment for the Academy's elections, according to the National Campaign and Social Media Guidelines, candidates may not send blast emails to the Academy's entire membership, other than emails that are provided by the Academy. The Academy will publicize the president-elect candidates via three blast emails to voting eligible members. The first eblast is scheduled for Thursday, January 7, the second for Thursday, January 14 and the final on Thursday, January 28. The personal campaign content of three blast emails is of your choice – with a 150 word count. I have attached a mock-up of what the email would look like. The January 14 email will have content of your choice, along with promotion for the Meet the Candidates Forum.

Please save the dates for the Meet the President-elect Candidates Forum which will take place at 1:00pm CST on Wednesday, January 26. Details for the Forum regarding the format and schedule will be sent in late December.

Attached is a basic template which will contain your photo and link to the elections website and candidate biographical information. Please design and draft wording for a brief promotional campaign statement with a maximum of 150 words and provide to me by the following schedule. Please know the content supplied is subject to approval by Academy staff. The final copy will be sent to you prior to publication for review and approval.

Date of E-blast

Deadline for Copy

Thursday, January 7

Wednesday, December 23

Thursday, January 14

Wednesday, December 30

Thursday, January 28

Wednesday, January 20

Please let me know if you have any questions.

Best regards,

Joan

Joan, here is Eblast #3! I continue to be amazed at all you have to do!

Are you as excited and proud to be a member of the Academy as I am? I just get so fired up when I see where we can go when we work together. I hope you can see the vision I see, where we get increased medical reimbursement for dietitians, more recognition as the “go to professionals” for information on nutrition, more dietetic programs for the increased demand there will be for dietitians, more dietitians getting involved in the legislative process, an increase in evidenced based nutrition related research and educating members about the relationship between agriculture, food and nutrition. What is your vision for the Academy? I would love to hear it and if elected your President-elect, I promise to help make your vision become a reality. Let’s build on the success of the past 100 years and develop a bold vision for the next 100 years!

Subject: All Member Blast Campaign Emails

Dear Nancy and Donna,

In order to create a fair, meaningful environment for the Academy's elections, according to the National Campaign and Social Media Guidelines, candidates may not send blast emails to the Academy's entire membership, other than emails that are provided by the Academy. The Academy will publicize the president-elect candidates via three blast emails to voting eligible members. The first eblast is scheduled for Thursday, January 7, the second for Thursday, January 14 and the final on Thursday, January 28. The personal campaign content of three blast emails is of your choice – with a 150 word count. I have attached a mock-up of what the email would look like. The January 14 email will have content of your choice, along with promotion for the Meet the Candidates Forum.

Please save the dates for the Meet the President-elect Candidates Forum which will take place at 1:00pm CST on Wednesday, January 26. Details for the Forum regarding the format and schedule will be sent in late December.

Attached is a basic template which will contain your photo and link to the elections website and candidate biographical information. Please design and draft wording for a brief promotional campaign statement with a maximum of 150 words and provide to me by the following schedule. Please know the content supplied is subject to approval by Academy staff. The final copy will be sent to you prior to publication for review and approval.

Roberta,

Thanks for moderating our webinar on Monday.
I'm looking forward to it.

I was ask on the practice today if I wanted to be referred to as Dr.
I believe it would be respectful when doing initial introductions to introduce me as Dr. Nancy Lewis.

After that as we go to each question it is fine to use Nancy.
Does this make sense to you?
Would this be comfortable for you?

Thanks for asking.

Nancy

Subject: Meet the Candidates Forum Format and Practice Session
Importance: High

Thank you for agreeing to participating in the *Meet the Candidates Forum*. The president-elect candidate forum will be held on Monday, February 1 at 1:00-pm – 2:00pm CST and the speaker-elect candidate forum will be held on Tuesday, February 2 at 1:00pm - 2:00pm CST.

A practice session will be scheduled for a tech run through. **To select a date/time for the 30 min practice webinar, please click on the president-elect of speaker-elect practice session link below.** Please confirm that you have a USB headset that hooks into the computer (not the phone), e.g., USB Logitech headset, for use on the webinars.

President-elect Practice Session Doodle Poll <http://doodle.com/poll/acnwr6aq2ataxh6z>

Speaker-elect Practice Session Doodle Poll <http://doodle.com/poll/iwf9zv4di3i95cwh>

The webinar format is outlined below. The webinar will be audiotaped not videotaped, we will be displaying a photo of the candidate as a placeholder as they respond to the questions. The flow of the webinar will be to pose one question to candidate A then switch to candidate B (and then candidate C for speaker-elect) for an opportunity to respond. The subsequent question will then be posed to candidate B then switch to candidate A (and then candidate C for speaker-elect) for an opportunity to respond. There is a three minute time limit for each question, however questions from the audience and the final closing statement have a two minute response limit.

Format

Introduction – Moderator – 2 min

Question and Response - Moderator and Candidates – 5 questions for president-elect/3 questions for speaker-elect with three minute responses from each candidate, and 1 minute in-between to ask the questions and transition – 36-40 min

Questions from Audience and Closing Statements – Candidates have opportunity to each make a two minute response to 2 questions from the audience and a two minute closing statement – 15-21 min

Closing Remarks – Moderator – 2 min

Total time – approx. 60 min

Roberta, next week I will send you a copy of the slides and sample script for you to use as you wish to moderate the webinar.

We look forward to this exciting event! Please let me know if you have any questions.

Attachment: [Linking Agriculture, Nutrition, and Health_The Role of the RDN_JAND_October_2015.pdf](#)
[Plentiful, Nutrient-Dense Food for the World_A Guide for RDNs_JAND_July_2015.pdf](#)

Hi, Donna. Hope all is well and you are enjoying better weather than we are here in Chicago! I wanted to share with you some information regarding the Foundation and the work that we have done related to the Future of Food Initiative that began in 2012. Some of this work was underway during your tenure on the Foundation Board as treasurer so it probably will serve as a nice refresher for you. I don't know what kind of questions you are dealing with out on the campaign trail but it's always good to be prepared. The response drafted below is something Katie prepared for me in the event we are ever challenged as to the nature of these efforts. If you have any questions don't hesitate to ask.

From: Katie Brown
Sent: Tuesday, January 26, 2016 1:24 PM
To: Mary Beth Whalen <Mwhalen@eatright.org>

Hi. Suggested response below. The last sentence may be too snarky, but...

I'm attaching the articles referenced in the response here.

The Academy Foundation's Future of Food Initiative began in 2012, and is aimed at raising awareness of food insecurity as a public health issue and addresses global food security as well as the unique intersection of agriculture, nutrition, and health. Two manuscripts on these topics were published in the Journal of the Academy of Nutrition and Dietetics in 2015 from Future of Food initiative: 1) Plentiful, Nutrient Dense Food for the World: A Guide for RDNs; and 2) Linking Agriculture, Nutrition, and Health: The Role of the Registered Dietitian Nutritionist.

Like the United Nation's Sustainable Development Goals, the Foundation manuscripts recognize that one of the greatest challenges in the 21st century is to sustainably feed the growing world population in a manner that respects the earth's environment and limited resources. The manuscripts also recognize that malnutrition exists in some form in every country in the

world—undernutrition, micronutrient malnutrition, and/or overweight and obesity, and advocate for more RDNs and dietetic associations to contribute and lead nutrition and agriculture interventions that promote sustainable agriculture while improving global health.

It is estimated that 1.2 billion people on the planet survive on less than an adjusted \$1.25 per day, and 2 billion people suffer from micronutrient deficiencies. With increased income and movement into middle class status, comes greater opportunity to consume a more diverse and nutrient-dense diet, which may include animal source proteins as well as a greater variety of grains, vegetables and fruits. Contrast that with the fact that in 2012, 68% of all deaths were related to noncommunicable diseases (NCDs), such as cardiovascular disease, cancer, diabetes, and chronic lung disease. Diet recommendations for those with NCDs will be different from those suffering from chronic undernutrition and micronutrient deficiencies. This represents one of the most important roles for RDNs in global nutrition, and are key messages from the Foundation and Future of Food initiative educational resources and publications.

Academy members, the food and nutrition experts, should be prepared to accurately interpret, contextualize, and represent information from many sources, including from the Academy and it's Foundation.

Subject: All Member Blast Campaign Emails

Dear Nancy and Donna,

In order to create a fair, meaningful environment for the Academy's elections, according to the National Campaign and Social Media Guidelines, candidates may not send blast emails to the Academy's entire membership, other than emails that are provided by the Academy. The Academy will publicize the president-elect candidates via three blast emails to voting eligible members. The first eblast is scheduled for Thursday, January 7, the second for Thursday, January 14 and the final on Thursday, January 28. The personal campaign content of three blast emails is of your choice – with a 150 word count. I have attached a mock-up of what the email would look like. The January 14 email will have content of your choice, along with promotion for the Meet the Candidates Forum.

Please save the dates for the Meet the President-elect Candidates Forum which will take place at 1:00pm CST on Wednesday, January 26. Details for the Forum regarding the format and schedule will be sent in late December.

Attached is a basic template which will contain your photo and link to the elections website and candidate biographical information. Please design and draft wording for a brief promotional campaign statement with a maximum of 150 words and provide to me by the following schedule. Please know the content supplied is subject to approval by Academy staff. The final copy will be sent to you prior to publication for review and approval.

Date of E-blast

Deadline for Copy

Thursday, January 7

Wednesday, December 23

Thursday, January 14

Wednesday, December 30

Thursday, January 28

Wednesday, January 20

Please let me know if you have any questions.

Subject: Meet the Candidates Forum Format and Practice Session

Importance: High

Thank you for agreeing to participating in the *Meet the Candidates Forum*. The president-elect candidate forum will be held on Monday, February 1 at 1:00pm – 2:00pm CST and the speaker-elect candidate forum will be held on Tuesday, February 2 at 1:00pm - 2:00pm CST.

A practice session will be scheduled for a tech run through. **To select a date/time for the 30 min practice webinar, please click on the president-elect or speaker-elect practice session link below.** Please confirm that you have a USB headset that hooks into the computer (not the phone), e.g., USB Logitech headset, for use on the webinars.

President-elect Practice Session Doodle Poll <http://doodle.com/poll/acnwr6aq2ataxh6z>

Speaker-elect Practice Session Doodle Poll <http://doodle.com/poll/iwf9zv4di3i95cwh>

The webinar format is outlined below. The webinar will be audiotaped not videotaped, we will be displaying a photo of the candidate as a placeholder as they respond to the questions. The flow of the webinar will be to pose one question to candidate A then switch to candidate B (and then candidate C for speaker-elect) for an opportunity to respond. The subsequent question will then be posed to candidate B then switch to candidate A (and then candidate C for speaker-elect) for an opportunity to respond. There is a three minute time limit for each question, however questions from the audience and the final closing statement have a two minute response limit.

Format

Introduction – Moderator – 2 min

Question and Response - Moderator and Candidates – 5 questions for president-elect/3 questions for speaker-elect with three minute responses from each candidate, and 1 minute in-between to ask the questions and transition – 36-40 min

Questions from Audience and Closing Statements – Candidates have opportunity to each make a two minute response to 2 questions from the audience and a two minute closing statement – 15-21 min

Closing Remarks – Moderator – 2 min

Total time – approx. 60 min

Roberta, next week I will send you a copy of the slides and sample script for you to use as you wish to moderate the webinar.

We look forward to this exciting event! Please let me know if you have any questions.

Subject: All Member Blast Campaign Emails

Dear Nancy and Donna,

In order to create a fair, meaningful environment for the Academy's elections, according to the National Campaign and Social Media Guidelines, candidates may not send blast emails to the

Academy's entire membership, other than emails that are provided by the Academy. The Academy will publicize the president-elect candidates via three blast emails to voting eligible members. The first eblast is scheduled for Thursday, January 7, the second for Thursday, January 14 and the final on Thursday, January 28. The personal campaign content of three blast emails is of your choice – with a 150 word count. I have attached a mock-up of what the email would look like. The January 14 email will have content of your choice, along with promotion for the Meet the Candidates Forum.

Please save the dates for the Meet the President-elect Candidates Forum which will take place at 1:00pm CST on Wednesday, January 26. Details for the Forum regarding the format and schedule will be sent in late December.

Attached is a basic template which will contain your photo and link to the elections website and candidate biographical information. Please design and draft wording for a brief promotional campaign statement with a maximum of 150 words and provide to me by the following schedule. Please know the content supplied is subject to approval by Academy staff. The final copy will be sent to you prior to publication for review and approval.

Date of E-blast

Deadline for Copy

Thursday, January 7

Wednesday, December 23

Thursday, January 14

Wednesday, December 30

Thursday, January 28

Wednesday, January 20

Please let me know if you have any questions.

Best regards,

Joan

Public Policy Weekly News :

1. February Public Policy Forum – **Register Today!**
2. Senate Agriculture Committee Passes Child Nutrition Bill
3. PPW 2016 Save the Date
4. January Public Policy Open Form Recording - **Available on the COI!**
5. Strategic Measures Affiliate, DPG and MIG Webinar Recordings – **Available on COI!**
6. Free Webinar! How to Integrate RDN Services in the New Primary Care
7. Academy DPG Experts Needed
8. Thumbs Up!

Important Reminder:

When you register for a WebEx webinar, you will receive a personalized confirmation email. Be sure to save the confirmation email as this is your personal registration link. Use the personal link on the day of the event to log into the webinar. Participants will earn **1 FREE CPEU (\$19 value)** .

February Public Policy Forum

Join member leaders on the Academy's Legislative and Public Policy Committee (LPPC) leaders provide an update on current federal public policy issues. Please join Nadine Braunstein PhD, RD, LDN, CDE, Lauren Au PhD, RD and Patty Keane MS, RD for the February Public Policy Forum on **Tuesday, February 16, 2016 from 2 – 3 p.m. (Eastern Time)**.

Register today for the February Public Policy Open Forum.

All DPG, MIG and Public Policy Panel leaders should attend (*please make sure at least one person from your DPG or affiliate participates*).

Senate Agriculture Committee Passes Child Nutrition Bill

The Senate Agriculture Committee, unanimously passed, a bi-partisan bill that addresses the administration, scope and funding of child nutrition programs like School Meals, WIC, Child and Adult Care Food Programs, Summer Meals Program, Farm to School and Fresh Fruit and Vegetable Program.

Many of the Academy's Child Nutrition Reauthorization recommendations were incorporated into the Senate bill. The Academy supports the bill and in the coming weeks hope to see the bill being passed by the Senate. The Academy will open an action alert in support of the Senate bill in the near future. We plan to send an eblast message to all Academy members asking for their participation in the action alert. Please watch for additional information in next week's Public Policy Weekly News.

We are unclear when the House of Representatives will address child nutrition programs reauthorization. We will continue to share information when it is available.

Thank you for your continued advocacy work in this area! We are very pleased with the Senate bill and very proud of our Academy members working in child nutrition programs. We hope that this bipartisan bill continues to move forward and we commend Congress for putting children's health first.

Public Policy Workshop 2016 Save the Date

We know you have been waiting for information about the **2016 Public Policy Workshop** – please save **June 23 - 24, 2016** for this exclusive event! Exciting changes have been made to the format of the meeting to make attending easier for affiliates, DPGs, MIGs and member leaders.

The Academy is pleased to continue to offer scholarships for the Public Policy Coordinator (PPC) in each affiliate and the Policy and Advocacy Leader (PAL) for each DPG/MIG. More information will be provided regarding the PPC and PAL scholarship.

We look forward to seeing you in Washington, D.C. in June!

January Public Policy Forum Recording

The recording for the January Forum, Working Together to Improve Nutrition Services Coverage, is now available in the **Public Policy Panel COI**. The recording can be found in the Public Policy Open Forum topic folder, 2016 Open Forums, January 2016.

Once you have listened to the recording, please send an email to Paulina . The Code 175 CPEU certificate and an evaluation survey will be returned to you.

Strategic Measures Webinar Recordings for Affiliates, DPGs and MIGs

The Strategic Measures webinar recordings and handouts for public policy leaders are available on the **Public Policy Panel COI**. Once you have listened to the recording, please send an email to Paulina . The Code 175 CPEU certificate and an evaluation survey will be returned to you.

All affiliate, DPG and MIG public policy leaders should listen to the recording of the Strategic Measures webinar. If you have questions, let me know.

Free Webinar! How to Integrate RDN Services in the New Primary Care

Payment models are rapidly changing in health care and require a team of healthcare professionals working collaboratively within the primary care practice. This webinar, at 1:00 p.m. Central time on Tuesday, February 23, will describe some of these new payment models and

discuss the opportunities to integrate RDNs and nutrition counseling into primary care practices. Learn about the new Academy toolkit that will help you get started. 1.5 CPEUs pending. [Click here](#) to register.

Academy DPG Experts Needed

The Academy is considering commenting on a number of proposed regulations, regulatory guidance and information/data collections in the next two months. If you are interested in contributing to the Academy's responses to these regulatory initiatives, please work through your Dietetic Practice Groups (DPGs) to submit input on behalf of the DPG. Many of these information collections are seeking strategies and input for improving research and program structure on the listed topics.

To read more about the proposed rules, click on the links below. The dates noted are the deadline for DPGs to submit input to the Academy's Regulatory Affairs team .

[Att 9.0 Membership Retention and Recruitment and Marketing.pdf](#)

As we reflect back to the Membership Recruitment and Retention presentation at the last Board meeting, it is important to remember that 91% of all non-members have been an Academy member at one time or another. To add to that challenge, 18% of those non-members state that they are not currently practicing in dietetics. Anecdotally we know that some employers say that they will pay for only 1 RDN on staff to become an Academy member, with all of the other RDNs instructed to share that membership.

We can all agree that we have challenges but with leaders and staff working together it is certainly not insurmountable.

I have included the attachment you all received for the January Board meeting. As you review the current recruitment and retention activities, please reflect on the 2 questions that were part of that membership Board presentation:

- What can the Board of Directors do to assist with recruitment and retention efforts?
- In the vein of Margaret's creative suggestion, are there other strategies and/or targeted recruitment efforts we should try?

Best regards,

Patricia M. Babjak

Subject: RE: CDR reaches 100,000 credentialed practitioners!

A great conversation starter. We have the largest pool to draw from through our affiliates –who have members working with non-members- and DPGs who also have this same opportunity in their workplace and community. So 70,000 + can do more than our small staff and small BOD alone. But, together we could make a huge difference.

I think there will always be some who are wanting to retain their RD, while they are working in non-dietetics careers.....but it probably is not the majority of that number. Maybe challenging all the DPG and affiliate officers to consider a campaign: “Find one, Reach One, Bring One In” .

Doris, I am not creative, but many of you there are. (: -)

On Jan 22, 2016, at 3:19 PM, Patricia Babjak <PBABJAK@eatright.org> wrote:

The Commission on Dietetic Registration — the credentialing agency for the Academy of Nutrition and Dietetics — has 100,000 credentialed practitioners in its registry.

CDR — which awards seven separate credentials in the field of nutrition and dietetics — stands by its mission of administering “rigorous valid and reliable credentialing processes to protect the public and meet the needs of CDR credentialed practitioners, employers and consumers.”

At its inception in 1969, CDR established the continuing education requirements for RDNs and listed 19,457 registered dietitians. By its 25th anniversary in 1994, CDR administered the first Fellow of the American Dietetic Association program and recognized 159 charter fellows. A year later, the agency's registry contained 57,766 registered dietitians and 4,652 dietetic technicians, registered.

As a major organizational unit of the Academy, CDR maintains “sole and independent authority in all matters pertaining to certification,” and continues to expand its certification in specialty areas of nutrition and dietetics for the now 100,000 credentialed practitioners.

Congratulations to Academy member Sam Kramer, MS, RD!!! Academy member Sam Kramer, MS, RD, passed the Registration Examination for Dietitians on December 21 and became the 100,000th credentialed practitioner! He will receive a \$500 gift certificate for Academy publications.

Here is what Sam had to say about becoming an RD:

“It is quite an honor to become a Registered Dietitian. The 'RD' letters not only represent being a member of a dynamic and evolving field, but also the countless hours of time, determination, and effort spent to attain the title. It is even more of an honor to be the **100,000th** person in the history of the profession to achieve the RD status. I cannot thank the Academy of Nutrition and Dietetics and the Commission on Dietetic Registration enough for their support and guidance throughout this process and the opportunities they have offered to allow me to achieve my goals.”

We are happy for Sam and wish him the best!

This announcement has been posted to the homepage on eatrightPRO. We will also promote this in next week's issue of *Eat Right Weekly*. Sam is also being featured on CDR's website. In addition, we will spotlight Sam on our social media PRO channels and include a special thanks to the 99,000 credentialed practitioners who made reaching 100,000 possible!

The Commission on Dietetic Registration — the credentialing agency for the Academy of Nutrition and Dietetics — has 100,000 credentialed practitioners in its registry.

CDR — which awards seven separate credentials in the field of nutrition and dietetics — stands by its mission of administering “rigorous valid and reliable credentialing processes to protect the public and meet the needs of CDR credentialed practitioners, employers and consumers.”

At its inception in 1969, CDR established the continuing education requirements for RDNs and listed 19,457 registered dietitians. By its 25th anniversary in 1994, CDR administered the first Fellow of the American Dietetic Association program and recognized 159 charter fellows. A year later, the agency's registry contained 57,766 registered dietitians and 4,652 dietetic technicians, registered.

As a major organizational unit of the Academy, CDR maintains “sole and independent authority in all matters pertaining to certification,” and continues to expand its certification in specialty areas of nutrition and dietetics for the now 100,000 credentialed practitioners.

Congratulations to Academy member Sam Kramer, MS, RD!!! Academy member Sam Kramer, MS, RD, passed the Registration Examination for Dietitians on December 21 and became the 100,000th credentialed practitioner! He will receive a \$500 gift certificate for Academy publications.

Here is what Sam had to say about becoming an RD:

“It is quite an honor to become a Registered Dietitian. The 'RD' letters not only represent being a member of a dynamic and evolving field, but also the countless hours of time, determination, and effort spent to attain the title. It is even more of an honor to be the **100,000th** person in the history of the profession to achieve the RD status. I cannot thank the Academy of Nutrition and Dietetics and the Commission on Dietetic Registration enough for their support and guidance throughout this process and the opportunities they have offered to allow me to achieve my goals.”

We are happy for Sam and wish him the best!

This announcement has been posted to the homepage on eatrightPRO. We will also promote this in next week's issue of *Eat Right Weekly*. Sam is also being featured on CDR's website. In addition, we will spotlight Sam on our social media PRO channels and include a special thanks to the 99,000 credentialed practitioners who made reaching 100,000 possible!

Dear Dietitians for Professional Integrity,

I want to thank you for your invitation to answer some questions that you think the members of the Academy think are very important at this time for the Academy. I also appreciate your interest in wanting to increase member interest in the election process and voting.

However, as this time I am going to have to decline your invitation to answer your questions. The candidates for president-elect and speaker-elect are already participating in a candidate's forum where will be answering questions posed to all of us by the nominating committee and questions from the membership. I think this would be the perfect opportunity for you all to get your questions asked and answered by us, so that the entire membership would have access to our

answers. The President-elect forum will be held on Feb 1 and the speaker-elect forum on Feb 2. If you cannot listen live, they will be taped for you to listen to later on. Thanks again for your support of the election process.

Subject: Questions for 2016 AND Candidates

Dear Ms. Martin,

With Academy of Nutrition and Dietetics elections a few weeks away, Dietitians For Professional Integrity wants to help increase voter turnout and engage more dietitians in the election process.

As a result, we are sending candidates running for president-elect, director-at-large, House of Delegates speaker-elect, House of Delegates director, and House of Delegates at-large delegate the following three questions that touch on issues that many dietitians consider highly important.

If and when received, we will publish responses on our public Facebook page (www.facebook.com/DietitiansForProfessionalIntegrity).

In order to help dietitians make informed voting decisions, we would appreciate a response to the questions posed below no later than February 5, 2016, though answers are welcomed after the date as well.

1) Some AND partners/sponsors primarily profit from products that contradict our mission and vision of improving the nation's health. What are your thoughts on this conflict?

2) Some AND partners/sponsors actively lobby against public health initiatives. How do you reconcile this with their public proclamations to be part of the solution?

3) Health experts agree that the 2015 Dietary Guidelines are vague, and that the American public would benefit from more forceful messaging (i.e.: "limit sugary drinks", "eat less red and processed meat", "cut back on processed and junk food"). With that in mind, would you suggest AND revise its 'total diet approach' position paper?

We appreciate your time and cooperation in advance.

Sincerely,

Dietitians For Professional Integrity Core Team

Ms. Martin,

Thank you for your prompt response.

We would like to inform our supporters about the candidate forums. Is there a specific website link/URL members can access to participate and/or listen later on?

Best,

Subject: Questions for 2016 AND Candidates

Dear Ms. Martin,

With Academy of Nutrition and Dietetics elections a few weeks away, Dietitians For Professional Integrity wants to help increase voter turnout and engage more dietitians in the election process.

As a result, we are sending candidates running for president-elect, director-at-large, House of Delegates speaker-elect, House of Delegates director, and House of Delegates at-large delegate the following three questions that touch on issues that many dietitians consider highly important.

If and when received, we will publish responses on our public Facebook page (www.facebook.com/DietitiansForProfessionalIntegrity).

In order to help dietitians make informed voting decisions, we would appreciate a response to the questions posed below no later than February 5, 2016, though answers are welcomed after the date as well.

- 1) Some AND partners/sponsors primarily profit from products that contradict our mission and vision of improving the nation's health. What are your thoughts on this conflict?
- 2) Some AND partners/sponsors actively lobby against public health initiatives. How do you reconcile this with their public proclamations to be part of the solution?
- 3) Health experts agree that the 2015 Dietary Guidelines are vague, and that the American public would benefit from more forceful messaging (i.e.: "limit sugary drinks", "eat less red and processed meat", "cut back on processed and junk food"). With that in mind, would you suggest AND revise its 'total diet approach' position paper?

We appreciate your time and cooperation in advance.

Sincerely,

Dietitians For Professional Integrity Core Team

Subject: Meet the Candidates Forum Format and Practice Session

Importance: High

Thank you for agreeing to participating in the *Meet the Candidates Forum*. The president-elect candidate forum will be held on Monday, February 1 at 1:00-pm – 2:00pm CST and the speaker-elect candidate forum will be held on Tuesday, February 2 at 1:00pm - 2:00pm CST.

A practice session will be scheduled for a tech run through. **To select a date/time for the 30 min practice webinar, please click on the president-elect of speaker-elect practice session link below.** Please confirm that you have a USB headset that hooks into the computer (not the phone), e.g., USB Logitech headset, for use on the webinars.

President-elect Practice Session Doodle Poll <http://doodle.com/poll/acnwr6aq2ataxh6z>

Speaker-elect Practice Session Doodle Poll <http://doodle.com/poll/iwf9zv4di3i95cwh>

The webinar format is outlined below. The webinar will be audiotaped not videotaped, we will be displaying a photo of the candidate as a placeholder as they respond to the questions. The flow of the webinar will be to pose one question to candidate A then switch to candidate B (and then candidate C for speaker-elect) for an opportunity to respond. The subsequent question will then be posed to candidate B then switch to candidate A (and then candidate C for speaker-elect) for an opportunity to respond. There is a three minute time limit for each question, however questions from the audience and the final closing statement have a two minute response limit.

Format

Introduction – Moderator – 2 min

Question and Response - Moderator and Candidates – 5 questions for president-elect/3 questions for speaker-elect with three minute responses from each candidate, and 1 minute in-between to ask the questions and transition – 36-40 min

Questions from Audience and Closing Statements – Candidates have opportunity to each make a two minute response to 2 questions from the audience and a two minute closing statement – 15-21 min

Closing Remarks – Moderator – 2 min

Total time – approx. 60 min

Roberta, next week I will send you a copy of the slides and sample script for you to use as you wish to moderate the webinar.

We look forward to this exciting event! Please let me know if you have any questions.

I LOVE THIS!!!!!!!!!!!!!!

Just talked to our student health center dietetic interns this morning-----we have 3 at a time and they were **all Academy members**. I was so excited and said I wasn't going to embarrass them by asking them to tell, but if not they could join right away. They seemed surprised that I would encourage this when they already were! How cool was that???

Had great fun telling them some of the things we have now that were not available when I was starting out.....and how fortunate they are. And---they must stay connected with the professional organization that is leading the world in our field!

Have a great weekend all, and stay warm.

Subject: CDR reaches 100,000 credentialed practitioners!

Importance: High

The Commission on Dietetic Registration — the credentialing agency for the Academy of Nutrition and Dietetics — has 100,000 credentialed practitioners in its registry.

CDR — which awards seven separate credentials in the field of nutrition and dietetics — stands by its mission of administering “rigorous valid and reliable credentialing processes to protect the public and meet the needs of CDR credentialed practitioners, employers and consumers.”

At its inception in 1969, CDR established the continuing education requirements for RDNs and listed 19,457 registered dietitians. By its 25th anniversary in 1994, CDR administered the first Fellow of the American Dietetic Association program and recognized 159 charter fellows. A year later, the agency's registry contained 57,766 registered dietitians and 4,652 dietetic technicians, registered.

As a major organizational unit of the Academy, CDR maintains “sole and independent authority in all matters pertaining to certification,” and continues to expand its certification in specialty areas of nutrition and dietetics for the now 100,000 credentialed practitioners.

Congratulations to Academy member Sam Kramer, MS, RD!!! Academy member Sam Kramer, MS, RD, passed the Registration Examination for Dietitians on December 21 and became the 100,000th credentialed practitioner! He will receive a \$500 gift certificate for Academy publications.

Here is what Sam had to say about becoming an RD:

“It is quite an honor to become a Registered Dietitian. The 'RD' letters not only represent being a member of a dynamic and evolving field, but also the countless hours of time, determination, and effort spent to attain the title. It is even more of an honor to be the **100,000th** person in the history of the profession to achieve the RD status. I cannot thank the Academy of Nutrition and Dietetics and the Commission on Dietetic Registration enough for their support and guidance throughout this process and the opportunities they have offered to allow me to achieve my goals.”

We are happy for Sam and wish him the best!

This announcement has been posted to the homepage on eatrightPRO. We will also promote this in next week's issue of *Eat Right Weekly*. Sam is also being featured on CDR's website. In addition, we will spotlight Sam on our social media PRO channels and include a special thanks to the 99,000 credentialed practitioners who made reaching 100,000 possible!

Lisa, Thanks for your email response to the DFPI. Just so everyone knows I asked to see how many of the 7 on the core committee were members of the Academy and the answer was 4 were and 3 were not. Below is my answer to them. How can they encourage voting if they cannot vote themselves?

Dear Dietitians for Professional Integrity,

I want to thank you for your invitation to answer some questions that you think the members of the Academy think are very important at this time for the Academy. I also appreciate your interest in wanting to increase member interest in the election process and voting.

However, as this time I am going to have to decline your invitation to answer your questions. The candidates for president-elect and speaker-elect are already participating in a candidate's forum where will be answering questions posed to all of us by the nominating committee and questions from the membership. I think this would be the perfect opportunity for you all to get your questions asked and answered by us, so that the entire membership would have access to our answers. The President-elect forum will be held on Feb 1 and the speaker-elect forum on Feb 2. If you cannot listen live, they will be taped for you to listen to later on. Thanks again for your support of the election process.

Apologies for using this email thread to respond to all, but I have copied and pasted below an email I received from DFPI as well as my response.

Lisa Dierks RDN, LD

Message sent from iPhone

Thank you for your interest. I will be participating in a webinar on Feb 2 where members of AND can ask speaker-elect candidates questions. The President-elect candidate webinar is Feb 1. It may be beneficial for all members for your questions to be asked on that platform. Thank you for reaching out and for encouraging member voting.

Subject: Meet the Candidates Forum
Importance: High

Dear Candidate -

The Academy is hosting the Meet the Candidates Forum again this year. The webinars offer an opportunity for Academy members to meet the president-elect and speaker-elect candidates on the 2016 ballot. A moderator will pose questions to you to help members gain insight to your perspectives and views. The webinars were tentatively scheduled for January 26 and 27 however due to unexpected conflicts with the moderator, instead we are asking if speaker-elect candidates are available to participate on **Monday February 1** at 1:00pm CT and president-elect candidates are available to participate on **Tuesday, February 2** at 1:00pm CT? A tech run through will be scheduled prior to the live event.

The Forum question/answer format will be similar to last year's, however based on feedback, members requested the webinar be made more engaging. Therefore, specific topics will be provided in advance of the webinar instead of actual questions. The questions, collected from Academy members, that will be posed to the candidates during the webinar are related to the topical areas listed below.

President-elect Topics (one question will be asked from each of the following five topics and two questions will be asked from the audience)

- Visioning
- Competition in the Workplace
- DPG/MIG Support
- Global Climate Change
- Transparency/Communication

Speaker-elect Topics (one question will be asked from each of the following three topics and two questions will be asked from the audience)

- Visioning
- Competition in the Workplace
- Transparency/Communication

Media tips provided by Nominating Committee member and former Academy Spokesperson Marisa Moore to help prepare you to answer questions for the webinar are attached. The committee hopes you find these helpful.

Please let me know your availability for the dates listed above.

Thank you!

Joan

Attachment:

The Commission on Dietetic Registration — the credentialing agency for the Academy of Nutrition and Dietetics — has 100,000 credentialed practitioners in its registry.

CDR — which awards seven separate credentials in the field of nutrition and dietetics — stands by its mission of administering “rigorous valid and reliable credentialing processes to protect the public and meet the needs of CDR credentialed practitioners, employers and consumers.”

At its inception in 1969, CDR established the continuing education requirements for RDNs and listed 19,457 registered dietitians. By its 25th anniversary in 1994, CDR administered the first Fellow of the American Dietetic Association program and recognized 159 charter fellows. A year later, the agency's registry contained 57,766 registered dietitians and 4,652 dietetic technicians, registered.

As a major organizational unit of the Academy, CDR maintains “sole and independent authority in all matters pertaining to certification,” and continues to expand its certification in specialty areas of nutrition and dietetics for the now 100,000 credentialed practitioners.

Congratulations to Academy member Sam Kramer, MS, RD!!! Academy member Sam Kramer, MS, RD, passed the Registration Examination for Dietitians on December 21 and became the 100,000th credentialed practitioner! He will receive a \$500 gift certificate for Academy publications.

Here is what Sam had to say about becoming an RD:

“It is quite an honor to become a Registered Dietitian. The 'RD' letters not only represent being a member of a dynamic and evolving field, but also the countless hours of time, determination, and effort spent to attain the title. It is even more of an honor to be the **100,000th** person in the history of the profession to achieve the RD status. I cannot thank the Academy of Nutrition and Dietetics and the Commission on Dietetic Registration enough for their support and guidance throughout this process and the opportunities they have offered to allow me to achieve my goals.”

We are happy for Sam and wish him the best!

This announcement has been posted to the homepage on eatrightPRO. We will also promote this in next week's issue of *Eat Right Weekly*. Sam is also being featured on CDR's website. In addition, we will spotlight Sam on our social media PRO channels and include a special thanks to the 99,000 credentialed practitioners who made reaching 100,000 possible!

Congratulations to the Academy of Nutrition and Dietetics' for its new sponsorship policy

Posted: 20 Jan 2016 12:55 PM PST

Several members of the Academy of Nutrition and Dietetics (AND—formerly the American Dietetic Association) sent me **a letter from the Academy's president, Evelyn Crayton, announcing its new policy** on sponsorship.

AND's previous policy, which encouraged sponsorship by food companies selling fast food, salty snacks, and sugary drinks, has been the subject of **a critical investigative report** and induced members of the Academy to create **Dietitians for Professional Integrity** to get the policy changed.

This advocacy worked. It induced AND's leadership to appoint a Sponsorship Advisory Task Force (SATF) to recommend a less conflicted policy to AND's Board of Directors.

The SATF delivered its report to the Board on January 13. As Evelyn Crayton explains,

The Board voted to implement a pilot program encompassing many of the SATF's recommendations. The one-year pilot program includes appointing a Sponsorship Committee to review national-level sponsor opportunities and to develop assessment tools that will support the sponsorship process.

The Board of Directors approved the following newly revised sponsorship guidelines, which take effect immediately for all Academy organizational units. Dietetic Practice Groups and Member Interest Groups will be required to adhere to these guidelines and Affiliates are encouraged to adopt them.

Sponsorship approval requires that:

§ The sponsor's vision and mission align with the Academy's Vision, Mission and Strategic Goals.

§ The sponsor's product portfolio is broadly aligned with the Academy's Vision: *Optimizing health through food and nutrition*.

§ The sponsor relationship and sponsor product portfolio are broadly aligned with official Academy positions.

§ All aspects of the sponsorship (such as research, consumer messaging or professional education for members) align with the Academy's Scientific Integrity Principles.

§ The Academy does not endorse any company, brand or company products, nor does the Academy's name or logo appear on any product. Such endorsement is neither actual nor implied.

§ The Academy maintains final editorial control and approval of all content in materials bearing the Academy name or logo.

§ There is clear separation of Academy messages and content from brand information or promotion.

§ Relevant facts and important information are included.

§ The Board is confident that these revised guidelines and the new Sponsorship Committee pilot program will enable the Academy to better serve the organization and our members.

This looks impressive and deserves congratulations. The policy calls for transparency, separation, and alignment—all laudable goals.

I have only two concerns:

§ What did the SATF report actually say? How about making it available? [If anyone has a copy and can send, please do.]

§ What is the definition of “alignment with the Academy’s goals and principles?”

As always, the devil is in the details. As **Andy Bellatti explains**,

Some of these guidelines (i.e.: “the sponsor’s mission and vision align with AND’s”) already exist in the current policy — the same policy that considered PepsiCo (and former sponsors Coca-Cola, Kellogg’s, and General Mills) an appropriate sponsor.

The Academy’s Board can start the process by making the SATF report public (at least to members) and then explaining its process for setting the policy.*

It also needs to explain how “alignment” will be defined. What are the actual criteria for deciding whether AND will accept food-industry sponsorship.

But this is a great first step and deserves much praise.

***Update:** the Academy **released the report**.

Introducing the Academy's Board of Directors Candidates!

The Nominating Committee is pleased to introduce the candidates for the offices of treasurer-elect, director-at-large, House of Delegates speaker-elect and House of Delegates director on the Academy's 2016 national ballot. Read about them in the campaign statements below. Voting will take place February 1 to 22, 2016.

Treasurer-elect

Jo Jo Dantone-DeBarbieris, MS, RDN, LDN, CDE (La.)

We are stronger, when we are strong together. Embracing inclusivity and taking action will accomplish this. As the owner of a nutrition practice for 40 years, I have developed skills to benefit the Academy.

- Developing/managing budget for 80 RDNs in 16 states
- Strategic planning and budget management for two states and dietetic practice groups
- Budgeting for a 1,000-member church
- Ethical and fair conflict resolution.

I appreciate your support in making the Academy even stronger.

Manju Karkare, MS, RDN, LDN, FAND (N.C.)

A detail-oriented, focused leader with a broad financial, governance and leadership experience at district, affiliate and national level with the Academy and community nonprofits. My consensus-building leadership style and seeking input from diverse participants is proven to bring successful outcomes. Keen observation and attention to detail are my strengths. I'm empowered by my values, our profession's mission and vision. I will serve with fiduciary responsibility as Treasurer-

elect for all members.

Director-at-Large

Hope Barkoukis, PhD, RDN, LD (Ohio)

Hope Barkoukis, PhD, RDN, LD, understands our challenges and opportunities because her diverse career has included public health, corporate consulting, private practice, clinical research and teaching. She believes the BOD should prioritize optimizing professional RDN empowerment and maintain closer communications via regularly scheduled Q&A webinars for members. Hope is a member of nine DPGs because she is passionate about the role of DPGs in shaping the future landscape of our profession.

Helene Kent, MPH, RDN (Colo.)

Change is inevitable - so let's meet it with optimism, strategy, action and vision! I would be proud to represent you and our profession. If elected, I will be a responsive and effective Director-at-Large. I am a seasoned, reasonable leader who is guided by common sense and is not afraid to tackle tough issues and ask important questions. Thank you! Helene: the right person for the right reasons!

House of Delegates Speaker-elect

Lisa Dierks, RDN, LD (Minn.)

Change is our future! If you are seeking a candidate who can lead the dietetics profession by digging into issues, planting sensible ideas and mentoring growth of the members of the Academy of Nutrition and Dietetics, vote Lisa Dierks for House of Delegates Speaker-elect! A strategic thinker, she is able to break complex problems into smaller pieces and execute tactically to find solutions that will empower our members to be leaders of food and nutrition.

Diane W. Heller, MMSc, RDN, LD, FAND (Ga.)

I am a dedicated, visionary leader with a proven track record on the local, state and national levels. The last three years as House of Delegates Director has prepared me for the critical position of Speaker. My reputation as an excellent communicator and intent listener allows members to freely contact me with ideas and concerns. I would be honored to represent Academy members as we help lead change in nutrition and health both domestically and internationally.

Dianne Polly, JD, RDN, LDN, FAND (Tenn.)

I am passionate about the importance of diet in improving the health of our country and believe the Academy and our members must position ourselves as the nation's leaders on nutrition. I will work hard to assure that member issues/concerns are considered and all sides are heard at meetings. My leadership experiences at local, state and national levels and those acquired as a licensed mediator and attorney have prepared me for this role. VOTE!

House of Delegates Director

Susan Brantley, MS, RDN, LDN, CNSD (Tenn.)

Through my experiences as a clinical dietitian, I know that recognition of the abilities of a well-educated dietitian can lead to respect in the workplace. This is a personal responsibility. My vision as an educator is recruitment of new professionals and retention of currently practicing dietitians, which must be a high priority for our profession. I will support efforts that lead to national recognition of the dietetics profession and recruitment and retention of quality dietitians.

Jana Kicklighter, PhD, RDN, LD, FAND (Ga.)

Vote for KICKLIGHTER for HOD Director, an experienced, passionate, proactive leader and change agent who will advocate for and support initiatives to move the Academy and profession forward. A vote for KICKLIGHTER is a vote for the following leadership qualities where: K= knowledgeable; I = inclusive; C = collaborative; K = kind; L = listener; I = innovator; G = global thinker; H = humble; T = transparent; E = ethical; R = results-oriented.

Pearlie, I changed my appointment on Tuesday so I should be able to do the presentation. Is there anyway to do it a little earlier in the day? If not, I will try and fly home that night. I think I can get a flight that would get in at midnight.

Barbara, Thanks so much for the quick turnaround on this. This is very helpful information. I am copying Pat on this for her information. Love that they want to increase voting, but they can't vote themselves.

Subject: Questions for 2016 AND Candidates

Dear Ms. Martin,

With Academy of Nutrition and Dietetics elections a few weeks away, Dietitians For Professional Integrity wants to help increase voter turnout and engage more dietitians in the election process.

As a result, we are sending candidates running for president-elect, director-at-large, House of Delegates speaker-elect, House of Delegates director, and House of Delegates at-large delegate the following three questions that touch on issues that many dietitians consider highly important.

If and when received, we will publish responses on our public Facebook page (www.facebook.com/DietitiansForProfessionalIntegrity).

In order to help dietitians make informed voting decisions, we would appreciate a response to the questions posed below no later than February 5, 2016, though answers are welcomed after the date as well.

1) Some AND partners/sponsors primarily profit from products that contradict our mission and vision of improving the nation's health. What are your thoughts on this conflict?

2) Some AND partners/sponsors actively lobby against public health initiatives. How do you reconcile this with their public proclamations to be part of the solution?

3) Health experts agree that the 2015 Dietary Guidelines are vague, and that the American public would benefit from more forceful messaging (i.e.: "limit sugary drinks", "eat less red and processed meat", "cut back on processed and junk food"). With that in mind, would you suggest AND revise its 'total diet approach' position paper?

We appreciate your time and cooperation in advance.

Sincerely,

Dietitians For Professional Integrity Core Team

Following are the details to access documents in the Academy portal for the Finance and Audit Committee call on Tuesday, January 26, 2016 at 1 p.m. CDT.

<https://eal.webauthor.com/auth.cfm?logout=1&erase=true&msg=You%20have%20successfully%20signed%20out%2E>

Everything for the month of January is loaded in the portal.

Items in the portal:

- Agenda
- Investment Markets – discussion with Al Bryant
- December 22, 2015 minutes
- Paul narrative for December
- November final financial results

- December preliminary financial results
- November 2015 variance report – will be loaded in the portal later today.
- April 2016 FAC meeting – discussion only

By now, you should have received a webinar invitation from “Academy IT Department”. If you don’t have the invitation, please let us know as soon as possible.

Talk to you soon

Having trouble viewing this e-mail? View it in your browser.

Connect with the Academy:

The Academy of Nutrition and Dietetics Ethics Committee recently asked for your help with a very important survey regarding ethical concerns facing dietetics practitioners. The results will provide vital information to support the Committees goal of developing new educational tools, including *Journal* articles, Food & Nutrition Conference & Expo sessions, toolkits and other resources.

If you have already completed the survey, thank you. If not, please consider responding today. Your input is valuable and the survey should take less than 10 minutes of your time.
TAKE SURVEY

The survey will close on January 28, 2016.

Thank you for your participation.

We never delved into the discussion of the moratorium or enrollment limits related to ACEND at the meeting and the impact on capacity, but we'll be sure to include time on the next agenda. We also need to discuss plans to assess the impact of the proposed ACEND and Council on Future Practice recommended changes to professional qualifications given current licensure laws and regulations.

Subject: RE: Membership Presentation

Hi everyone,

I agree with Margaret that we are and will continue to be the champions of membership in the Academy. Another thought I had was that ACEND asked DPD programs to limit enrollment through an "enrollment monitoring policy" a few years ago due to the limitations in internship slots. The DPD programs have complied and in Florida, the universities with DPD programs are actively trying to limit enrollment. That may be one reason why our student numbers have declined. As a university administrator, it is a problem for DPD programs as funding is often based on FTE numbers. We review daily reports on FTE for all our programs and make decisions accordingly.

Now that we have a credential for 4 year grads (NDTR) and nutrition has never been more popular, I wondered if ACEND is considering the enrollment monitoring policy or messaging to DPD programs and what the federal DOE view of that might be if we have increased jobs for community health workers. I am so sorry to have missed this discussion. My original flight was cancelled and I was rebooked on an earlier one. Looking forward to more discussion on this important topic!

Subject: RE: Membership Presentation

Hey everyone,

This is disheartening to hear, but I understand students who leave our dietetic educational pathway will continue to make decisions based on their academic goals—we all get that. I am confident that we all appreciate the update and explanation about the student numbers from Mary and the disappointment to those of our staff who work so hard for membership. We are all champions to our members and non-members that AND membership is a bargain and is so worthy of our urging active support at all levels even through the times when we face crises together. Our educators are the first line with our students and our practitioner leaders the first line with their staff and colleagues, our business and industry dietetic leaders similarly so. Maybe we should wear a smile and frequently ask, are you a member? If yes, ask them to join us and encourage others who are not. If no, respond with: “tell me what prevents your joining or might change your perspective.....I care about your reasons.”

I don't know any group to which I am involved--- including church, ladies--- where everyone is in agreement. Truly, I believe that we should never aspire to be only one voice, because we would cease to be critical thinkers; that we should aspire to be committed to our values and evidenced based practice; that we recognize that tough decisions are not easy (hence the “tough”), but that does not mean we should avoid making decisions; that we will have peaks and likewise valleys in our journey, but those make us stronger; and that *when we make decisions, we move with a united voice until collectively and courageously we find that another direction is warranted*. Anyone can make a better decision or better predictions with the benefit of hindsight (that's an oxymoron for sure); we have to depend on our foresight, trends, professional commitment and judgment. Just want you all to know that I am proud of our progress, I believe we have had some valleys together, but we are up for the challenges and opportunities ahead---volunteers and staff together! Smile with my run-on sentences.....sometimes it's the way I think!

Well, enough said. Enjoy your evening and weekend!

Subject: Membership Presentation

We were sorry to see that due to flight scheduling more than half of the Board was not in attendance to hear the membership discussion last Wednesday at the January Board meeting. Those of you who were able to stay, heard that we experienced the unexpected loss of nearly 900 student Academy members this year. Since then, Mary Gregoire, Executive Director of ACEND, informed us that student enrollment from ACEND's annual report shows enrollment is down by 839 students, most in DPD programs. We think that maybe this is impacting student membership numbers. Please see the email from Mary which follows below with further enrollment details.

Best regards,

Pat

Subject: RE: student membership

Hi Mary Beth

To help clarify enrollment decreased in didactic programs in dietetics (down 851 students, -4.8%) and dietetic technician programs (down 191, -22%) and increased for dietetic internships (up 90, +2.1%) and coordinated programs (up 113, +2.4%), which resulted in an overall decline of 836 students (-1.9%). This is comparable to the overall college enrollment decline of 2% last year and better than the past four years in which colleges have seen drops in enrollment each year and this is the first we have had declining enrollment. The articles below detail information on college enrolment decline. I think similar factors are impacting our enrollment. We also placed a moratorium on new DPD programs several years ago and put an enrollment monitoring policy in place two years ago to help control numbers of students graduating from DPD programs to try to better match numbers of DPD graduates to internship slots. Unfortunately the college enrollment figures from Fall 2015 show a continued decline so our numbers next year may be down further.

Attachment: [image001.jpg](#)

Hi everyone,

I agree with Margaret that we are and will continue to be the champions of membership in the Academy. Another thought I had was that ACEND asked DPD programs to limit enrollment through an "enrollment monitoring policy" a few years ago due to the limitations in internship slots. The DPD programs have complied and in Florida, the universities with DPD programs are actively trying to limit enrollment. That may be one reason why our student numbers have declined. As a university administrator, it is a problem for DPD programs as funding is often based on FTE numbers. We review daily reports on FTE for all our programs and make decisions accordingly. Now that we have a credential for 4 year grads (NDTR) and nutrition has never been more popular, I wondered if ACEND is considering the enrollment monitoring policy or messaging to DPD programs and what the federal DOE view of that might be if we have increased jobs for community health workers. I am so sorry to have missed this discussion. My original flight was cancelled and I was rebooked on an earlier one. Looking forward to more discussion on this

important topic!

Subject: RE: Membership Presentation

Hey everyone,

This is disheartening to hear, but I understand students who leave our dietetic educational pathway will continue to make decisions based on their academic goals—we all get that. I am confident that we all appreciate the update and explanation about the student numbers from Mary and the disappointment to those of our staff who work so hard for membership. We are all

champions to our members and non-members that AND membership is a bargain and is so worthy of our urging active support at all levels even through the times when we face crises together. Our educators are the first line with our students and our practitioner leaders the first line with their staff and colleagues, our business and industry dietetic leaders similarly so. Maybe we should wear a smile and frequently ask, are you a member? If yes, ask them to join us and encourage others who are not. If no, respond with: “tell me what prevents your joining or might change your perspective.....I care about your reasons.”

I don't know any group to which I am involved--- including church, ladies--- where everyone is in agreement. Truly, I believe that we should never aspire to be only one voice, because we would cease to be critical thinkers; that we should aspire to be committed to our values and evidenced based practice; that we recognize that tough decisions are not easy (hence the “tough”), but that does not mean we should avoid making decisions; that we will have peaks and likewise valleys in our journey, but those make us stronger; and that *when we make decisions, we move with a united voice until collectively and courageously we find that another direction is warranted.* Anyone can make a better decision or better predictions with the benefit of hindsight (that's an oxymoron for sure); we have to depend on our foresight, trends, professional commitment and judgment. Just want you all to know that I am proud of our progress, I believe we have had some valleys together, but we are up for the challenges and opportunities ahead---volunteers and staff together! Smile with my run-on sentences.....sometimes it's the way I think!

Well, enough said. Enjoy your evening and weekend!

Subject: Membership Presentation

We were sorry to see that due to flight scheduling more than half of the Board was not in attendance to hear the membership discussion last Wednesday at the January Board meeting. Those of you who were able to stay, heard that we experienced the unexpected loss of nearly 900 student Academy members this year. Since then, Mary Gregoire, Executive Director of ACEND, informed us that student enrollment from ACEND's annual report shows enrollment is down by 839 students, most in DPD programs. We think that maybe this is impacting student membership numbers. Please see the email from Mary which follows below with further enrollment details.

Best regards,

Pat

Really wise words! We all care so deeply for this profession and truly want what is best. That is why we get involved and encourage others to do the same.

On another note, as Chair of Foundation I'm proud to tell you that the ag presentation the Foundation hosted at 30 affiliate meetings last year is being offered as a webinar next week. Katie Brown just told me that we reached the maximum 1,000 registrants for it! That's never happened! Still a topic of interest to our members. Very aligned with learnings and insights from Second Century work!

Storms hitting a lot of East coast from Florida to Maine. Thinking of everyone in wake of storms.

Have a safe and enjoyable weekend.

Subject: Questions for 2016 AND Candidates

Dear Ms. Martin,

With Academy of Nutrition and Dietetics elections a few weeks away, Dietitians For Professional Integrity wants to help increase voter turnout and engage more dietitians in the election process.

As a result, we are sending candidates running for president-elect, director-at-large, House of

Delegates speaker-elect, House of Delegates director, and House of Delegates at-large delegate the following three questions that touch on issues that many dietitians consider highly important.

If and when received, we will publish responses on our public Facebook page (www.facebook.com/DietitiansForProfessionalIntegrity).

In order to help dietitians make informed voting decisions, we would appreciate a response to the questions posed below no later than February 5, 2016, though answers are welcomed after the date as well.

- 1) Some AND partners/sponsors primarily profit from products that contradict our mission and vision of improving the nation's health. What are your thoughts on this conflict?
- 2) Some AND partners/sponsors actively lobby against public health initiatives. How do you reconcile this with their public proclamations to be part of the solution?
- 3) Health experts agree that the 2015 Dietary Guidelines are vague, and that the American public would benefit from more forceful messaging (i.e.: "limit sugary drinks", "eat less red and processed meat", "cut back on processed and junk food"). With that in mind, would you suggest AND revise its 'total diet approach' position paper?

We appreciate your time and cooperation in advance.

Sincerely,

Dietitians For Professional Integrity Core Team

Apologies for using this email thread to respond to all, but I have copied and pasted below an email I received from DFPI as well as my response.

Lisa Dierks RDN, LD
Message sent from iPhone

Thank you for your interest. I will be participating in a webinar on Feb 2 where members of AND can ask speaker-elect candidates questions. The President-elect candidate webinar is Feb 1. It may be beneficial for all members for your questions to be asked on that platform. Thank you for reaching out and for encouraging member voting.

On Jan 21, 2016, at 6:44 PM, DFPI <integritydietitians@gmail.com> wrote:

Dear Ms. Dierks,

With Academy of Nutrition and Dietetics elections a few weeks away, Dietitians For Professional Integrity wants to help increase voter turnout and engage more dietitians in the election process.

As a result, we are sending candidates running for president-elect, director-at-large, House of Delegates speaker-elect, House of Delegates director, and House of Delegates at-large delegate the following three questions that touch on issues that many dietitians consider highly important.

If and when received, we will publish responses on our public Facebook page (www.facebook.com/DietitiansForProfessionalIntegrity).

In order to help dietitians make informed voting decisions, we would appreciate a response to the questions posed below no later than February 5, 2016, though answers are welcomed after the date as well.

- 1) Some AND partners/sponsors primarily profit from products that contradict our mission and vision of improving the nation's health. What are your thoughts on this conflict?
- 2) Some AND partners/sponsors actively lobby against public health initiatives. How do you reconcile this with their public proclamations to be part of the solution?
- 3) Health experts agree that the 2015 Dietary Guidelines are vague, and that the American public would benefit from more forceful messaging (i.e.: "limit sugary drinks", "eat less red and processed meat", "cut back on processed and junk food"). With that in mind, would you suggest AND revise its 'total diet approach' position paper?

We appreciate your time and cooperation in advance.

Sincerely,

Dietitians For Professional Integrity Core Team

Subject: Meet the Candidates Forum

Importance: High

Dear Candidate -

The Academy is hosting the Meet the Candidates Forum again this year. The webinars offer an opportunity for Academy members to meet the president-elect and speaker-elect candidates on the 2016 ballot. A moderator will pose questions to you to help members gain insight to your perspectives and views. The webinars were tentatively scheduled for January 26 and 27 however due to unexpected conflicts with the moderator, instead we are asking if speaker-elect candidates are available to participate on **Monday February 1** at 1:00pm CT and president-elect candidates are available to participate on **Tuesday, February 2** at 1:00pm CT? A tech run through will be scheduled prior to the live event.

The Forum question/answer format will be similar to last year's, however based on feedback, members requested the webinar be made more engaging. Therefore, specific topics will be provided in advance of the webinar instead of actual questions. The questions, collected from

Academy members, that will be posed to the candidates during the webinar are related to the topical areas listed below.

President-elect Topics (one question will be asked from each of the following five topics and two questions will be asked from the audience)

- Visioning
- Competition in the Workplace
- DPG/MIG Support
- Global Climate Change
- Transparency/Communication

Speaker-elect Topics (one question will be asked from each of the following three topics and two questions will be asked from the audience)

- Visioning
- Competition in the Workplace
- Transparency/Communication

Media tips provided by Nominating Committee member and former Academy Spokesperson Marisa Moore to help prepare you to answer questions for the webinar are attached. The committee hopes you find these helpful.

Please let me know your availability for the dates listed above.

Thank you!

Hey everyone,

This is disheartening to hear, but I understand students who leave our dietetic educational pathway will continue to make decisions based on their academic goals—we all get that. I am confident that we all appreciate the update and explanation about the student numbers from Mary and the disappointment to those of our staff who work so hard for membership. We are all champions to our members and non-members that AND membership is a bargain and is so worthy of our urging active support at all levels even through the times when we face crises together. Our educators are the first line with our students and our practitioner leaders the first line with their staff and colleagues, our business and industry dietetic leaders similarly so. Maybe we should wear a smile and frequently ask, are you a member? If yes, ask them to join us and encourage others who are not. If no, respond with: “tell me what prevents your joining or might change your perspective.....I care about your reasons.”

I don't know any group to which I am involved--- including church, ladies--- where everyone is in agreement. Truly, I believe that we should never aspire to be only one voice, because we would cease to be critical thinkers; that we should aspire to be committed to our values and evidenced based practice; that we recognize that tough decisions are not easy (hence the "tough"), but that does not mean we should avoid making decisions; that we will have peaks and likewise valleys in our journey, but those make us stronger; and that *when we make decisions, we move with a united voice until collectively and courageously we find that another direction is warranted*. Anyone can make a better decision or better predictions with the benefit of hindsight (that's an oxymoron for sure); we have to depend on our foresight, trends, professional commitment and judgment. Just want you all to know that I am proud of our progress, I believe we have had some valleys together, but we are up for the challenges and opportunities ahead---volunteers and staff together! Smile with my run-on sentences.....sometimes it's the way I think!

Well, enough said. Enjoy your evening and weekend!

Subject: Membership Presentation

We were sorry to see that due to flight scheduling more than half of the Board was not in attendance to hear the membership discussion last Wednesday at the January Board meeting. Those of you who were able to stay, heard that we experienced the unexpected loss of nearly 900 student Academy members this year. Since then, Mary Gregoire, Executive Director of ACEND, informed us that student enrollment from ACEND's annual report shows enrollment is down by 839 students, most in DPD programs. We think that maybe this is impacting student membership numbers. Please see the email from Mary which follows below with further enrollment details.

Best regards,

Pat

Subject: RE: student membership

Hi Mary Beth

To help clarify enrollment decreased in didactic programs in dietetics (down 851 students, -4.8%) and dietetic technician programs (down 191, -22%) and increased for dietetic internships (up 90, +2.1%) and coordinated programs (up 113, +2.4%), which resulted in an overall decline of 836 students (-1.9%). This is comparable to the overall college enrollment decline of 2% last year and better than the past four years in which colleges have seen drops in enrollment each year and this is the first we have had declining enrollment. The articles below detail information on college enrolment decline. I think similar factors are impacting our enrollment. We also placed a moratorium on new DPD programs several years ago and put an enrollment monitoring policy in place two years ago to help control numbers of students graduating from DPD programs to try to better match numbers of DPD graduates to internship slots. Unfortunately the college enrollment figures from Fall 2015 show a continued decline so our numbers next year may be down further.

Subject: Upcoming Board Meetings

For various reasons several Board members are not able to attend the March 4-5 face to face Board meeting. Having reviewed multiple schedules we are changing the meeting to **Saturday, February 27 and Sunday, February 28**. The timing format proved to be cost effective since a one-night hotel stay is eliminated. We will begin at 2:00pm on Saturday and adjourn at 3:00pm on Sunday, again staying at a hotel near O'Hare which adds to the cost efficiency.

Hotel reservations will be made for arrival on **February 27**, unless requested otherwise. You are approved to make your travel arrangements for the meeting. Please go to <https://adatvl.axo20.com/> and select your flights, enter 1032430 for the approval code and indicate that the Academy is paying for travel from the drop down menu below the approval code box.

After March, the next Board meeting is scheduled for May 12-13, 2016 and will take place at Academy headquarters. We will be inviting the newly elected incoming Board members to attend and observe, which assists in the transitioning. The Board retreat will follow on July 9-11, 2016 in Charleston, SC.

Joan, Thanks for the heads up. I much prefer the Mar 10-11 dates as my daughters 2nd baby is due March 3. I agreed to do the Alabama talk because it was after her due date and I felt like she would not go past her due date. This would definitely be a help to me to come March 10-11 instead of March 3-4.

Hi Donna,

Just as a heads up - there are several conflicts with the dates of March 3-4 for the upcoming BOD meeting. We are looking at the possibility of changing it to March 10-11 (a similar 1 ½ day agenda like the January meeting) pending hotel availability, etc. I noted you are scheduled to present at the Alabama AND during those days. I reached out to the Alabama meeting organizer Tammy Beasley to see what day had been scheduled for your presentation and she said although it would be either of those days they would be willing to have their president share the Academy Update PPT should the BOD meeting conflict. Please let me know your thoughts.

Thank you,

Joan

We were sorry to see that due to flight scheduling more than half of the Board was not in attendance to hear the membership discussion last Wednesday at the January Board meeting. Those of you who were able to stay, heard that we experienced the unexpected loss of nearly 900

student Academy members this year. Since then, Mary Gregoire, Executive Director of ACEND, informed us that student enrollment from ACEND's annual report shows enrollment is down by 839 students, most in DPD programs. We think that maybe this is impacting student membership numbers. Please see the email from Mary which follows below with further enrollment details.

Subject: RE: student membership

Hi Mary Beth

To help clarify enrollment decreased in didactic programs in dietetics (down 851 students, -4.8%) and dietetic technician programs (down 191, -22%) and increased for dietetic internships (up 90, +2.1%) and coordinated programs (up 113, +2.4%), which resulted in an overall decline of 836 students (-1.9%). This is comparable to the overall college enrollment decline of 2% last year and better than the past four years in which colleges have seen drops in enrollment each year and this is the first we have had declining enrollment. The articles below detail information on college enrolment decline. I think similar factors are impacting our enrollment. We also placed a moratorium on new DPD programs several years ago and put an enrollment monitoring policy in place two years ago to help control numbers of students graduating from DPD programs to try to better match numbers of DPD graduates to internship slots. Unfortunately the college enrollment

figures from Fall 2015 show a continued decline so our numbers next year may be down further.

Subject: Membership Presentation
Attachment:

We were sorry to see that due to flight scheduling more than half of the Board was not in attendance to hear the membership discussion last Wednesday at the January Board meeting. Those of you who were able to stay, heard that we experienced the unexpected loss of nearly 900 student Academy members this year. Since then, Mary Gregoire, Executive Director of ACEND, informed us that student enrollment from ACEND's annual report shows enrollment is down by 839 students, most in DPD programs. We think that maybe this is impacting student membership numbers. Please see the email from Mary which follows below with further enrollment details.

Best regards,

Pat

Subject: RE: student membership

Hi Mary Beth

To help clarify enrollment decreased in didactic programs in dietetics (down 851 students, -4.8%) and dietetic technician programs (down 191, -22%) and increased for dietetic internships (up 90, +2.1%) and coordinated programs (up 113, +2.4%), which resulted in an overall decline of 836 students (-1.9%). This is comparable to the overall college enrollment decline of 2% last year and better than the past four years in which colleges have seen drops in enrollment each year and this is the first we have had declining enrollment. The articles below detail information on college enrolment decline. I think similar factors are impacting our enrollment. We also placed a moratorium on new DPD programs several years ago and put an enrollment monitoring policy in place two years ago to help control numbers of students graduating from DPD programs to try to better match numbers of DPD graduates to internship slots. Unfortunately the college enrollment figures from Fall 2015 show a continued decline so our numbers next year may be down further.

Subject: Grassroots Advocacy Update -- Webinar January 29

Dear Board of Directors:

Pat mentioned to you this past week that staff would schedule webinars on topics of interest in between Board meetings. She asked that we begin first with a webinar on the Academy's grassroots advocacy program. Darchele will be sending you a poll to determine your availability for January 29th.

The webinar will provide an overview of the Academy's grassroots advocacy program and highlight important changes in the professional development component of the program. Notably, the Public Policy Workshop (PPW) will be realigned to better meet the needs of attendees and to further advance the policy and advocacy goals of the Academy. Exciting changes have been made to the format of the meeting to make attending easier for affiliates, DPGs/MIGs and member leaders. An update on the implementation efforts related to strategic measures for grassroots advocacy will also be included in the presentation.

I look forward to the discussion and your feedback and ideas.

Best Regards,

Jeanne

Joan, Thanks for the heads up. I much prefer the Mar 10-11 dates as my daughters 2nd baby is due March 3. I agreed to do the Alabama talk because it was after her due date and I felt like she would not go past her due date. This would definitely be a help to me to come March 10-11 instead of March 3-4.

Hi Donna,

Just as a heads up - there are several conflicts with the dates of March 3-4 for the upcoming BOD meeting. We are looking at the possibility of changing it to March 10-11 (a similar 1 ½ day agenda like the January meeting) pending hotel availability, etc. I noted you are scheduled to present at the Alabama AND during those days. I reached out to the Alabama meeting organizer Tammy Beasley to see what day had been scheduled for your presentation and she said although it would be either of those days they would be willing to have their president share the Academy Update PPT should the BOD meeting conflict. Please let me know your thoughts.

Thank you,

Joan

Subject: SATF Communication from President Evelyn Crayton to DPG and MIG Chairs and Affiliate Presidents

Importance: High

The attached communication will be going out from Evelyn to DPG and MIG Chairs and Affiliate President's today. This information will also be posted to the HOD community this afternoon.

As part of the pilot program and over the course of the next nine months, Dietetic Practice Groups and Member Interest Groups are asked to use the Sponsorship Advisory Task Force's recommended assessment tools to review potential sponsors and provide input to the Board of Directors.

To achieve our common purpose and in accordance with the Principles of Affiliation agreements between the Academy and its Affiliates, we also ask that the Affiliates participate in the pilot program by using the guidelines and the SATF recommended assessment tools.

Please visit www.eatrightPRO.org/transparency to view SATF's report.

Please let me know if you have any questions.

Subject: RE: Finance and Audit Committee meeting on Tuesday, January 26th, at 1 p.m. CST
Attachment: [Narrative for december electronic.xlsx](#)

All,

We have a Finance and Audit Committee meeting will be on Tuesday, January 26th at 1:00 p.m. CST. Maria has begun to put the information onto the portal and will let you know when everything is completed. The meeting agenda will focus on the following;

1. Investment markets
2. November final financials
3. December preliminary financials
4. April FAC meeting

I have added the Investment markets and asked Al Bryant, our investment manager at Segall, Bryant and Hamill, to provide an overview of the current Investment Markets and address any of your questions or concerns. Given today's market sell-off, I thought it would be appropriate.

Now, onto the narrative.

I. November Adjustments

There were no changes made to the original November financials.

II. Investments

It has been a long time since I had any good news on investments. Unfortunately, this will not be the time to shift that curve. It is easy to see the correction in the stock market. In December, the combined portfolios lost nearly \$717,000. In January, the news just continues to get worse. Through January 19th the combined investment funds have lost \$3.4 million or approximately 6.2%. We are faring a little better than the standard benchmarks (S&P is down 8.0%, Dow is down 8.1% and the Nasdaq is down 10.6%). That may not provide much comfort, but, at least we are beating the markets. Keep in mind, we have experienced this many times over the last 15 years. Some corrections have been worse than others. Just as we have weathered the storm in the past, I think we can weather this storm as well. Corrections will happen. I wish I could tell you when it will stop. As I mentioned above, I have asked Al to join us on Tuesday to provide his thoughts on what is happening and where it might go. Today's market continues the trend. Al and the investing team at Segall, Bryant and Hamill have provided their investment acumen over the years to help us through these situations. I would expect they will be able to guide us through this turbulence and come out strong on the other end.

III. Academy preliminary December Financials (A3 and A10)

The Academy results for December were short of expectations. However, unlike previous months, the revenue beat the budget while expenses were over budget. In December, the Academy exceeded the revenue target by \$11,965. On the expense front, the Academy was over budget by \$42,567. If you combine these two numbers, you will see that the Academy missed its

operating income target by \$30,602. As I mentioned above, investments continued the poor performance and missed the budget target by \$336,411 in December. So, after adding everything together, the Academy had a Net Deficit of \$659,502. This underperformed the budget by \$368,212.

Through December, the Operating Revenues are now down by \$369,397 while the Operating Expenses are under budget by \$77,626. This results in an Operating Deficit of \$531,221 which is under-performing when compared to the budget by \$291,771. As I mentioned last month, this isn't a great number. However, it is still \$774,387 better than the Operating Deficit through December of 2015. The Operating Deficit is actually 59.3% smaller than last year.

The revenue in December continued to under-perform in some of the same areas as we have discussed previously; Membership (down \$9.0K) and Sponsorships (down \$27.1K). The good news is Publication's saw a large jump in December (up \$56.6K). We also saw higher revenue in Programs and Meetings (up \$13.4) and Higher in Other (up \$9.8K). The attached variance grid will provide the details.

On the expense front, the Academy had a quite a few categories that were up in December. The largest of which is travel (up \$16.9K). This seems to be the largest concern. When you look at the year to date variances, Travel is over budget by \$43,847. The only other areas that are over budget for the year are Meeting Services (up \$31,957), Legal (up \$11.6K), Bank and Trust fees (up \$12.1K) and Computer Expenses (up \$8.4K). The other areas are at or below budget. The Meeting Services over-run is due to FNCE. However, the under-run in Other for the year of \$36,427 is the offset. A few expenses were budgeted in the wrong area, but, have to be recorded in the correct one. Legal is due to the Ethics case. If the Ethics cases does not continue, then we may be able to make up the over-run. Bank and Trust fees is another area that may "smooth" itself out over the coming months. I can't guarantee that it will happen since the volume of credit cards and their fees are going up. The Computer Expense over-run is due to over-runs in December. I don't believe this will continue at this level. However, it may continue to over-run as we move forward. We are upgrading the network. Unfortunately, changes that would have been capital in the past and, therefore, depreciated, are now monthly licensing fees. So, the shift may not look good on the Profit and Loss statement.

I am attaching the variance grid for you to review. It should provide to you the detail that you may be looking to review.

IV. Foundation Preliminary December Financials (A2, A8 and A9)

The Foundation had a operating profit in the month of December. However, it did not achieve the overall operating budget. Revenue was under budget by \$524,368 while expense were under budget by \$38,071. The revenue under run was due to not receiving the General Mills Grants. Over the last few years, the Foundation has received \$1,100,000 from General Mills for the grants. The money would come in during December and \$1,000,000 would be distributed at the end of May. This year, General Mills is working with the Foundation to see if there might be other opportunities. Therefore, they held off committing to the General Mills grants at this time. There is still a possibility the Foundation will receive the funding, or more funding in the 2017 calendar year. The Foundation generally budgets conservatively and put in only \$600,000 for the Grants. Therefore, if you pull out the General Mills Grants, the Foundation would be over budget by \$75,632 (\$525,368 shortfall add back in the \$600,000).

On the expense front, the Foundation was down across all areas in December with the exception of personnel. The increase in this area is due to higher benefits and increase in salaries above the original budgets.

Year to date, the Foundation's revenue is \$163,622 under budget while the expenses are \$188,768 under budget. This results in an operating deficit that is \$25,146 smaller (better) than the budget. Considering the loss of the General Mills Grant revenue, the Foundation is performing well. The only negative at this time is the Investment income. Investment income is now \$1,352,369 below budget.

Even with the under-runs in investment income, the Foundation reserves are at nearly \$22.9 million (A9).

V. CDR preliminary December Financials (A4 and A11)

CDR, overall, had a good month in December. Revenue exceeded the budget by \$16.7K while expenses were under budget by \$124.0K. In addition, the Operating Results for December reflected income of \$119.6K which was nearly \$140.7K over budget. All good numbers. The only negative is the Investment Income. Investment Income fell short of budget by \$159,837 in December. Even after the investment losses, CDR had Net Income of \$6,517. Anytime you can have a profit, with investments declining, you had a good month.

On a year to date basis, CDR is performing very well. Even though revenue is short of budget by \$18.2K (primarily due to Weight Management education programs), overall Operating Income is \$954,664 higher than the budget. So, the expense under-runs are winning the day. CDR is under the expense budget by nearly \$1 million. Even after you factor in the investment income shortfall,

CDR is still showing Net Income of \$46,195. This is \$464,474 higher than the budget. CDR is doing very well.

VI. DPGs/MIGS/ACEND Preliminary December Financials (A5 and A12)

The combined DPGs/MIGS/ACEND financial results were better than expectations in December. Both revenue (up \$23.4K) and expense (down \$53.2K) performed better than the budget targets. The final results reflected Operating Income of \$70,819. Again, it is always good to have a positive operating result. In this case, it was positive and it exceeded the budget by \$76,586. The only negative in December was the investment results. These were down \$104,083.

On a year to date basis, the combined revenues are under-performing by \$31,186 while the combined expenses are under-budget by \$486,419. So, the issue of the DPGs/MIGs overstating their expense budgets continues. The revenue shortfall seems to be closing the gap which is great news. You will see on page A16, we now have two DPGs/MIGs on the “watch list”; Dietitians in Business and Communications (72%) and Management in Food and Nutrition Systems (75%). Since the investment dollars are beginning to move lower, we will keep an eye on these two DPGs.

VII. ANDPAC Preliminary December Financials (A7 and A14)

ANDPAC had a “mixed” month in December. Revenue was under-budget (down \$2,732) while expenses were also under budget (down \$1,950). Revenue is still the biggest concern. ANDPAC’s revenue is now below budget for the year by \$15,169 (20.7%). This could be a budget timing issue. When compared to the 2015 Fiscal Year, ANDPAC revenue is actually up \$9.1K (18.4%). As was the case last month, most of the under-run is due to lower revenue than budgeted from the DPGs/MIGs and Affiliates. The PAC has made up for this shortfall by under-running their expense budget by \$34,782 for the year. So, even though the PAC has an Operating Deficit of \$17.7K, it is still \$19.6K better than the budget. In addition, the PAC now has \$177.3K in reserve (A18). The PAC is in good financial shape at the end of December.

I hope this helps a little when going through the December package. As I finish this up, I can see that the stock market continues to be down. However, it is off of the lows for the day. Lets hope it will turn around and AI can provide a ray of sunshine on Tuesday. If you have any questions, or can’t make the call on Tuesday, please let me know. You should receive the webinar invitation

from the Academy IT department today. Let us know if you have not. Also, Maria will let you know when everything is on the portal for you to review.

Have a great weekend.

Paul

Save the Date for Public Policy Workshop: June 23 to 24

Exciting changes are being made for the Academy's 2016 Public Policy Workshop, to be held June 23 to 24 in Washington, D.C., that will make attendance easier for Affiliates, dietetic practice groups, member interest groups and member leaders. A new format will feature a half-day focus on current issues and a full day of Capitol Hill visits, and an emphasis on pre-meeting, web-based preparation. PPW will have a reduced registration rate and deep discounts for students. More information will come, so save the dates now.

Academy Urges Medicaid to Improve Methods Ensuring Access to Medicaid Services

Covered Medicaid services vary widely across the country. The Academy has urged the Centers for Medicare and Medicaid Services to work with states to improve data collection and provide greater clarity on the nature and scope of covered services. Adequate access to coverage should be measured, the Academy wrote, "by the presence of definitively robust (rather than perfunctory) coverage of services, consideration of the availability of qualified and effective providers, the actual utilization of covered services and the experiences of beneficiaries."

[Learn More](#)

New: 'Healthy Students, Promising Futures' Toolkit

Comments provided by the Academy to the Early Learning Interagency Policy Board were incorporated into a new policy statement by the departments of Education and Health and Human Services on health promotion in early learning. A new interagency toolkit and letter identify nutrition education, nutritious school meals and the provision of certain health care services free of charge in schools as "high impact opportunities."

[Learn More](#)

USDA Releases Guide to Professional Standards for School Nutrition Programs

The U.S. Department of Agriculture has released information for state agencies, school food authorities and school nutrition professionals about the Final Rule on Professional Standards for School Nutrition Programs Personnel. The Healthy, Hunger-Free Kids Act included provisions setting professional standards for school nutrition professionals in schools and for state administration of programs. The Academy supports this provision, which highlights the professionalism of members working in school nutrition.

[Learn More](#)

Opportunities to Offer Input on Proposed Regulations and Government Initiatives

Federal agencies continue to be busy issuing multiple proposed regulations affecting everything from food labeling (such as GMOs and use of the term "natural") to successes in the Indian Health Service and technology initiatives. Members are encouraged to work with your dietetic practice groups to submit input on these initiatives, which are detailed in the Public Policy Weekly News and on the Academy's website.

Thank you for agreeing to participating in the *Meet the Candidates Forum*. The president-elect candidate forum will be held on Monday, February 1 at 1:00-pm – 2:00pm CST and the speaker-elect candidate forum will be held on Tuesday, February 2 at 1:00pm - 2:00pm CST.

A practice session will be scheduled for a tech run through. **To select a date/time for the 30 min practice webinar, please click on the president-elect or speaker-elect practice session link below.** Please confirm that you have a USB headset that hooks into the computer (not the phone), e.g., USB Logitech headset, for use on the webinars.

President-elect Practice Session Doodle Poll <http://doodle.com/poll/acnwr6aq2ataxh6z>

Speaker-elect Practice Session Doodle Poll <http://doodle.com/poll/iwf9zv4di3i95cwh>

The webinar format is outlined below. The webinar will be audiotaped not videotaped, we will be displaying a photo of the candidate as a placeholder as they respond to the questions. The flow of the webinar will be to pose one question to candidate A then switch to candidate B (and then candidate C for speaker-elect) for an opportunity to respond. The subsequent question will then be posed to candidate B then switch to candidate A (and then candidate C for speaker-elect) for an opportunity to respond. There is a three minute time limit for each question, however questions from the audience and the final closing statement have a two minute response limit.

Format

Introduction – Moderator – 2 min

Question and Response - Moderator and Candidates – 5 questions for president-elect/3 questions for speaker-elect with three minute responses from each candidate, and 1 minute in-between to ask the questions and transition – 36-40 min

Questions from Audience and Closing Statements – Candidates have opportunity to each make a two minute response to 2 questions from the audience and a two minute closing statement – 15-21 min

Closing Remarks – Moderator – 2 min

Total time – approx. 60 min
