

# CORPORATE PROFILE

*Established in 2006*

**African-led, Africa-based institution** transforming **smallholder agriculture** from a solitary struggle to survive into farming as a **business that thrives**.

“We need a “uniquely”  
**African green revolution**  
tailored to the needs and  
aspirations of the diverse  
continent recognizing the  
importance of sustainability.”

*-Kofi Annan*

AGRA, Founding Chair

# Our Aim

Putting the smallholder farmer at the center of the continent's growing economy.

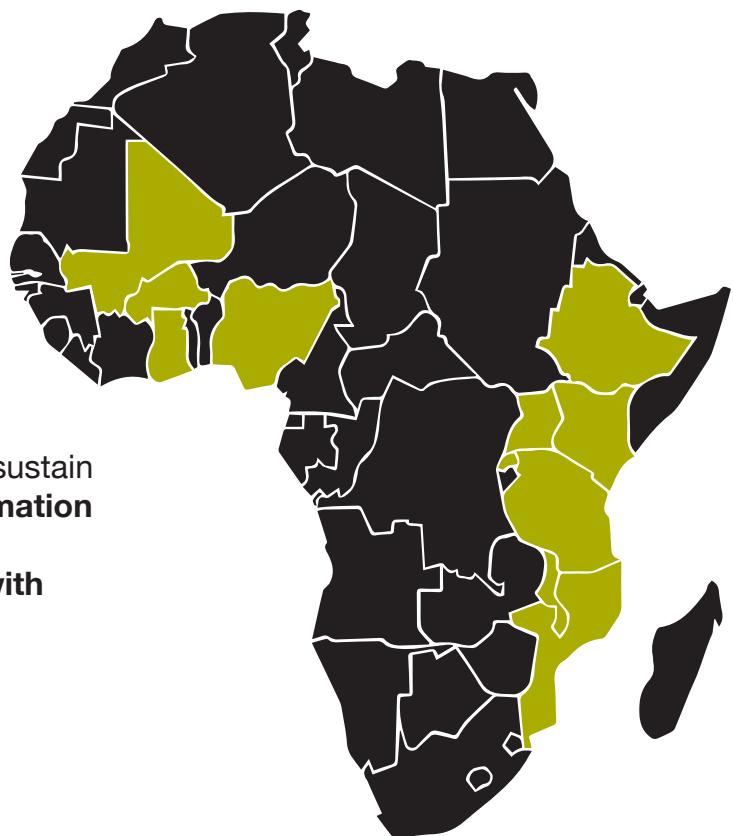

## Headline Strategic Goals

- 01** Increase the incomes and improve food security for **9 million farm households through the direct** result of activities of AGRA, grantees, and partners to increase productivity and access to markets and finance.
- 02** Contribute to increasing the incomes and improving food security of another **21 million farm households through support to strengthen capacities of governments and private sector** and through the contributions of AGRA, grantees, and partners to policies, programs, and partnerships that increase productivity and access to markets and finance.
- 03** Support **11** focus countries on a pathway to attain and sustain an agricultural transformation.

## Our Strategy

Our new 5-year strategy, **2017 - 2021**, aims to catalyze and sustain an **inclusive agricultural transformation** through integrated, country-based investment plans in **11 countries with high potential for success**.

# Our Approach

## 01 State Capacity

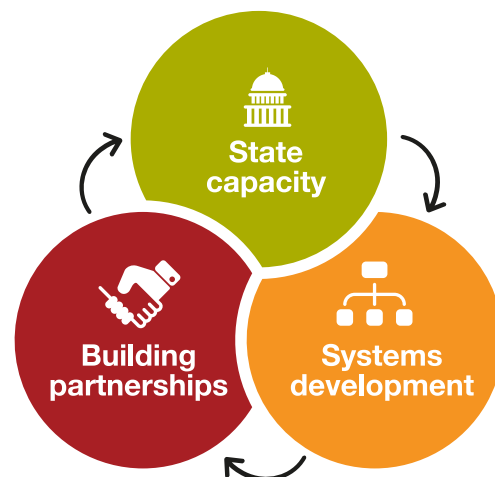

Recognise the centrality of governments in driving transformation and work to strengthen country planning, coordination, implementation and accountability while supporting the development of an effective private sector enabling and regulatory environment.

## 02 Systems Development

Invest in building systems closer to the farm in order to drive productivity, access to markets, boost resilience and strengthen country and local private sector capability to scale systems and technologies.

## 03 Partnerships

Align government priorities and private sector interest, improve integration and coordination of investments and mobilise private sector investment to scale efforts

### Cross-cutting Themes

Resilience

Women Empowerment

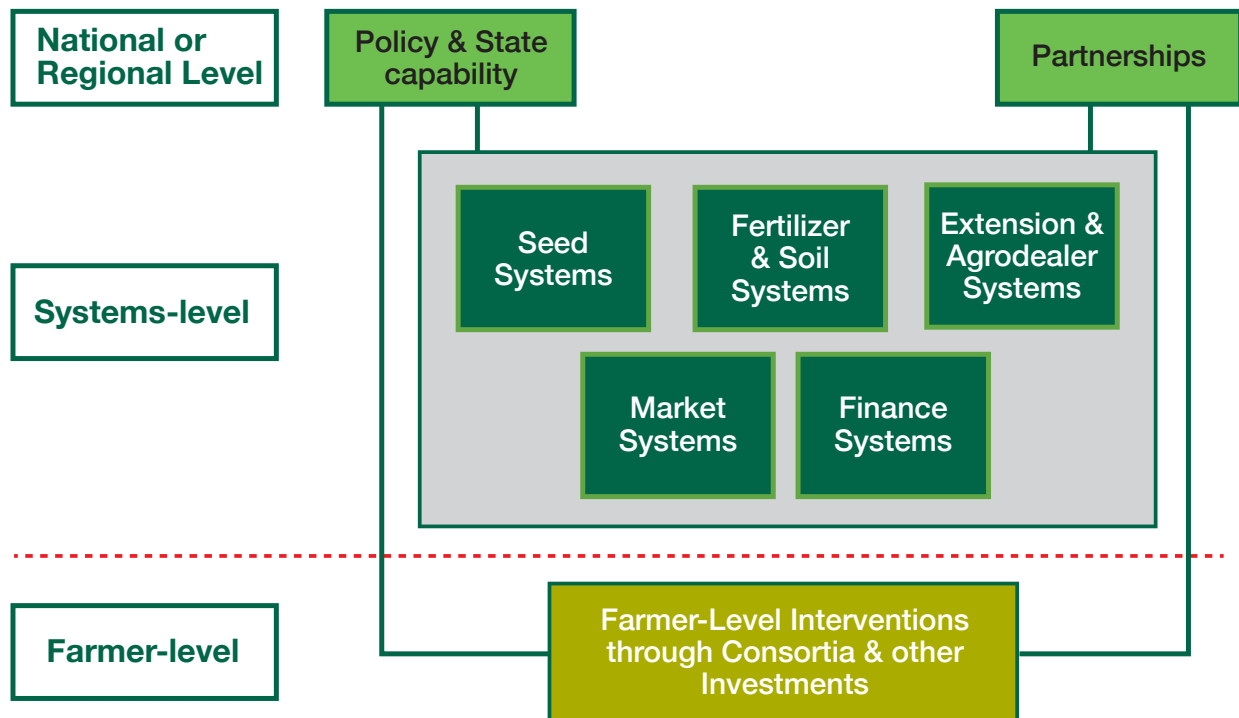

Youth Empowerment

Capacity Development

Employment Creation

## Levels of Intervention

## Cumulative Achievements From 2007

**874**

Projects funded

**US\$461.5M**

Value of grants given

**15Million**

African farmers reached
