DEFENSE INTELLIGENCE AGENCY

WASHINGTON, D.C. 20340-5100

U-24-4015/IMO-2 (FOIA)
Ms. Emily Kopp
U.S. Right to Know
4096 Piedmont Ave., Suite 963
Oakland, CA 94611-5221

November 22, 2024

Dear Ms. Kopp:

This responds to the Freedom of Information Act (FOIA) request dated June 6, 2023 that you submitted to the Defense Intelligence Agency (DIA) requesting records pertaining to activity at health facilities in Wuhan, China; an unidentified illness in Wuhan; communications intercepts that mention Wuhan. You also requested e-mail correspondence to or from four senior officials containing key terms. The time frame requested was November 1, 2019 – December 31, 2019.

As you are aware, this case is currently the subject of litigation in the United States District Court for the District of Columbia, case number 23-cv-03771. A search of DIA's systems of records located 21 records (147 pages) identified as responsive to the request above.

Upon review, it has been determined that some portions of 20 records (88 pages) must be withheld from disclosure pursuant to the FOIA. The withheld portions are exempt from release pursuant to Exemptions 1, 3, 5 and 6 of the FOIA, 5 U.S.C. § 552 (b)(1), (b)(3), (b)(5) and (b)(6). Exemption 1 applies to information properly classified under the criteria of Executive Order 13526. Exemption 3 applies to information specifically exempted by a statute establishing particular criteria for withholding. The applicable statutes are 10 U.S.C. § 424 and 50 U.S.C. § 3024(i). Statute 10 U.S.C. § 424 protects the identity of DIA employees, the organizational structure of the agency, and any function of DIA. Statute 50 U.S.C. § 3024(i) protects intelligence sources and methods. Exemption 5 applies to information that falls within one of the civil discovery privileges. In this instance, DIA has asserted the deliberative process privilege. Exemption 6 applies to information which if released would constitute an unwarranted invasion of the personal privacy of other individuals.

One document (59 pages) was referred to another government agency for review and direct response to you. This referral was necessary because the document did not originate with DIA.

DIA has not withheld any reasonably segregable non-exempt portions of the records.

Sincerely,

C. C. Davison
Chief, Records Management and Open Government

The OIG forwarded the below request to CFO for response. Attached is the updated DoD Financial Management Regulation (effective October 2019); relevant changes begin on page 24-14. This is only a financial reporting issue, and the OSD Comptroller has identified MILDEP FM representatives to facilitate the transfers.

This change just moves financial reporting responsibility from the Agencies to the MILDEPS. Specifically [redacted] costs will now be reported on the MILDEP Agency Financial Report (AFR) versus the DIA

Here are the due-outs I captured during the meeting with LTG Ashley on the FY 2019 Financial Statement Audit.

- 1) Please send the document on regulations for property transfer to the military departments. LTG Ashley wants to understand how responsive Department of Navy or others would be if DIA doesn't own the property.
- 2) Since [redacted] has asked for exemptions, should DIA? LTG Ashley wants a better understanding of the pros and cons for exemptions.
- 3) The issues of DIA internal controls was raised. Please delineate the specific issues that aren't tight enough for DIA. LTG Ashley would like to flag these for CIO.
