Case No. FL-2022-00076

Dr. Sainath Suryanarayanan  
U.S. Right to Know  
4096 Piedmont Ave. #963  
Oakland, CA 94611

Dear Dr. Suryanarayanan:

As we noted in our letter dated December 31, 2025, we are processing your request for material under the Freedom of Information Act (“FOIA”), 5 U.S.C. § 552. The Department of State (“Department”) has identified an additional four responsive records subject to the FOIA. Upon review, we have determined four records may be released in part.

An enclosure explains the FOIA exemptions and other grounds for withholding material. Where we have made redactions, the applicable FOIA exemptions are marked on each record. Where applicable, the Department has considered the foreseeable harm standard when reviewing these records and applying FOIA exemptions. All non-exempt material that is reasonably segregable from the exempt material has been released and is enclosed.

We will keep you informed as your case progresses. If you have any questions, your attorney may contact Savith Iyengar, Assistant U.S. Attorney, at [savith.iyengar@usdoj.gov](mailto:savith.iyengar@usdoj.gov). Please refer to the case number, FL-2022-00076, and the civil action number, 22-cv-04359, in all correspondence about this case.

Sincerely,

A handwritten signature in cursive script that reads "Avery Bullard".

Avery Bullard  
Supervisory Government Information Specialist  
Litigation and Appeals Office

Enclosures: As stated.

(b)(6) passed the test in my mind for being a top drawer investigative scientist. Quite impressive actually. (b)(6) is a total genius. He may seem like an unintentional mad scientist for mentoring Baric but Lai is a good man. FYI- I'm confident that (b)(6) reported every word of my email to President Tsai and will do the same with (b)(6) meeting. (b)(5) DPP

Thanks for contacting me. It was a very productive meeting.

Highlights:

- It was scheduled for one hour but we ended up having a two hour meeting, 10 am to noon.
- (b)(6) from American Institute of Taiwan also attended. She is newly posted in Taiwan, coming from Pakistan previously, and seems to have a modest science background. (b)(6) (b)(6)@state.gov She took notes but said very little.
