Dear Khue,

I asked Dan about emailing the pre-publication of the peer reviewed paper to you. We can't do that because it will make it public property before its publication. We are therefore going to burn a CD this afternoon and Natalie will deliver it for your attention. Trust this is OK.

Once it's published I will send the link to you and Anna.

Thanks for the chat today.

Best wishes,

Amelia

We use Outlook calendar and it is not possible to add people outside the agency to our calendar invites. You might put something on your calendar as a reminder to yourself. We do not need to be invited. The call is on our calendar.

Thanks,
