[CLA-HARC] draft Letter to the  
Editor for your review

Dear HARC,

Please find attached a draft Letter to the Editor for your review. As you may recall, in the introduction to the recent article, "Glyphosate-Based Herbicides Produce Teratogenic Effects on Vertebrates by Impairing Retinoic Acid Signaling," (in Chem. Res. Toxicol., 2010, 23 (10), pp 1586-1595) the authors opine and directly challenge the integrity of research of conducted by industry.

Please let me know if you have any specific suggestions or edits.

Best Regards,  
Wendelyn
