To the EpiWG,

As I wait in the Detroit airport to go home, I thank all of you for your active participation today. Thank you, Angelina for ordering food and hosting us. Charles, we missed you and hope you can make the next meeting in NC. Attached is the spreadsheet of project ideas. Also attached is the list of questions that were proposed to be raised at the AHS SAP meeting. Also attached are the final minutes from our November meeting for your records.

I look forward to a busy year! See you in March, chez Abe.

Carol
