Nick,

Attached is the latest version of the glyphosate manuscript which CanTox finally finished. It contains:

- a) all the text I sent you previously in the May 7 version - THIS HAS NOT BEEN changed from what you have already seen - it has just been physically reformatted by CanTox.
- b) The new integrated glyphosate/Roundup genetox section on pp. 41-65. THIS IS NEW TEXT.  
It was written by taking pieces of the previous, separate glyphosate and Roundup genetox sections and adding some new stuff.

Bill
