Honorable Vince Chhabria

United States District Court, Northern District of California

Vccrd@cand.uscourts.gov

Re. *Roundup Status Conference - Opportunity to be Heard*

Judge Chhabria,

I am respectfully requesting an opportunity to be heard at the upcoming November 9, 2020, status conference. I just finished listening to the September 24, 2020, status conference. My Roundup MDL settlement related experiences (or lack thereof) have been markedly different than the experiences expressed by leadership.

For background, I represent 423 Roundup clients. 345 have cases pending before you in the MDL. Two of my clients have Wave 1 cases. One client has a Wave 2 case. One of the Wave 1 cases (Alvarez Calderon) is a Northern District of California case.

Leadership's representations regarding settlement do not represent my clients' settlement related experiences, interests or position. My clients respectfully request that the Court rule on the pending Wave 1 motions, and move their cases forward towards trial. Should the Court request, I will be happy to further brief the Court on the matter, or if granted an opportunity to speak at the next hearing, address the issue then.

Sincerely,
